PROXY STATEMENT -----

GENERAL INFORMATION

This Proxy Statement and the accompanying proxy card or voting instruction form are being furnished in connection with the solicitation of proxies by and on behalf of the Board of Directors (the "Board of Directors") of Titanium Metals Corporation, a Delaware corporation ("TIMET" or the "Company"), for use at the 2002 Annual Meeting of Stockholders of the Company to be held on Tuesday, May 7, 2002, at 11:30 a.m. (local time), at the offices of Valhi, Inc. located at Three Lincoln Centre, 5430 LBJ Freeway, Suite 1700, Dallas, Texas, and at any adjournment or postponement thereof (the "Annual Meeting"). This Proxy Statement and the accompanying proxy card or voting instruction form will first be mailed to the holders of TIMET's common stock, \$.01 par value per share ("TIMET Common Stock"), on or about April 5, 2002.

PURPOSE OF THE ANNUAL MEETING

Stockholders of the Company represented at the Annual Meeting will consider and vote upon (i) the election of six directors to serve until the 2003 Annual Meeting of Stockholders of the Company and until their successors are duly elected and qualified and (ii) such other business as may properly come before the Annual Meeting. The Company is not aware of any business to be presented for consideration at the Annual Meeting other than the election of directors.

VOTING RIGHTS AND QUORUM

The presence, in person or by proxy, of the holders of a majority of the shares of TIMET Common Stock entitled to vote at the Annual Meeting is necessary to constitute a quorum for the conduct of business at the Annual Meeting. Shares of TIMET Common Stock that are voted to abstain from any business coming before the Annual Meeting and broker/nominee non-votes will be counted as being in attendance at the Annual Meeting for purposes of determining whether a quorum is present.

At the Annual Meeting, directors of the Company will be elected by a plurality of the affirmative vote of the outstanding shares of TIMET Common Stock present (in person or by proxy) and entitled to vote. The accompanying proxy card or

Edgar Filing: TITANIUM METALS CORP - Form DEF 14A

voting instruction form provides space for a stockholder to withhold authority to vote for any or all nominees for the Board of Directors. Neither shares as to which authority to vote on the election of directors has been withheld nor broker/nominee non-votes will be counted as affirmative votes to elect nominees for the Board of Directors. However, since director nominees need only receive the vote of a plurality of the shares represented (in person or by proxy) at the Annual Meeting and entitled to vote, a vote withheld from a particular nominee will not affect the election of such nominee.

Except as otherwise required by the Company's Restated Certificate of Incorporation, any other matter that may be submitted to a stockholder vote will require the affirmative vote of a majority of the shares represented at the Annual Meeting (in person or by proxy) and entitled to vote. Shares of TIMET Common Stock that are voted to abstain from any business coming before the Annual Meeting and

1

broker/nominee non-votes will not be counted as votes for or against the approval of any such other matter.

EquiServe Trust Company, N.A. ("EquiServe"), the transfer agent and registrar for TIMET Common Stock, has been appointed by the Board of Directors to ascertain the number of shares represented, receive proxies and ballots, tabulate the vote and serve as Inspector of Election at the Annual Meeting. All proxies and ballots delivered to EquiServe will be kept confidential by EquiServe in accordance with the Company's Bylaws.

The record date set by the Board of Directors for the determination of stockholders entitled to notice of, and to vote at, the Annual Meeting was the close of business on March 18, 2002 (the "Record Date"). Only holders of shares of TIMET Common Stock at the close of business on the Record Date are entitled to vote at the Annual Meeting. As of the Record Date, there were 31,861,338 shares of TIMET Common Stock issued and outstanding, each of which will be entitled to one vote on each matter that comes before the Annual Meeting.

AS OF THE RECORD DATE, TREMONT CORPORATION ("TREMONT") AND OTHER ENTITIES RELATED TO HAROLD C. SIMMONS HELD, IN THE AGGREGATE, APPROXIMATELY 41.6% OF THE OUTSTANDING SHARES OF TIMET COMMON STOCK. TREMONT AND SUCH OTHER ENTITIES HAVE INDICATED THEIR INTENTION TO HAVE SUCH SHARES REPRESENTED AT THE ANNUAL MEETING AND TO VOTE SUCH SHARES "FOR" THE ELECTION OF ALL OF THE NOMINEES FOR DIRECTOR SET FORTH IN THIS PROXY STATEMENT. IF ALL OF SUCH SHARES ARE VOTED AS INDICATED AND ALL OTHER OUTSTANDING SHARES OF TIMET COMMON STOCK ARE REPRESENTED AND VOTED AT THE ANNUAL MEETING, THE ADDITIONAL AFFIRMATIVE VOTE OF APPROXIMATELY 8.5% OR MORE OF THE TIMET COMMON STOCK ENTITLED TO VOTE WILL ASSURE THE ELECTION OF EACH OF THE DIRECTOR NOMINEES SET FORTH BELOW. IN ADDITION, ALL OF SUCH NOMINEES FOR DIRECTOR WILL BE ELECTED IF NO OTHER PERSON RECEIVES THE VOTE OF MORE SHARES THAN THE NUMBER OF SHARES VOTED BY TREMONT AND SUCH OTHER ENTITIES.

PROXY SOLICITATION

This proxy solicitation is being made by and on behalf of the Board of Directors of the Company. The Company will pay all expenses of this proxy solicitation, including charges for preparing, printing, assembling and distributing all materials delivered to stockholders. In addition to solicitation by mail, directors, officers and regular employees of the Company may solicit proxies by telephone or personal contact for which such persons will receive no additional compensation. The Company has retained D.F. King & Co., Inc. to aid in the distribution of this Proxy Statement, at a cost that the Company estimates will be approximately \$3,000. In addition, upon request, the Company will reimburse banking institutions, brokerage firms, custodians, trustees, nominees and

Edgar Filing: TITANIUM METALS CORP - Form DEF 14A

fiduciaries for their reasonable out-of-pocket expenses incurred in distributing proxy materials and voting instructions to the beneficial owners of TIMET Common Stock held of record by such entities.

All shares of TIMET Common Stock represented by properly executed proxies will, unless such proxies have previously been revoked, be voted in accordance with the instructions indicated in such proxies. If no instructions are indicated, such shares will be voted (a) "FOR" the election of each of the six nominees set forth below as directors and (b) to the extent allowed by federal securities laws, in the discretion of the proxy holders on any other matter that may properly come before the Annual Meeting. Each holder of record of TIMET Common Stock giving the proxy enclosed with this Proxy Statement

2

may revoke it at any time, prior to the voting thereof at the Annual Meeting, by (i) delivering to EquiServe a written revocation of the proxy, (ii) delivering to EquiServe a duly executed proxy bearing a later date, or (iii) voting in person at the Annual Meeting. Attendance by a stockholder at the Annual Meeting will not in itself constitute the revocation of a proxy previously given.

ELECTION OF DIRECTORS

The Bylaws of the Company currently provide that the Board of Directors shall consist of a minimum of three and a maximum of seventeen persons, as determined from time to time by the Board of Directors in its discretion. The number of directors is currently set at seven and will be set at six effective as of the Annual Meeting. The six directors elected at the Annual Meeting will hold office until the 2003 Annual Meeting of Stockholders of the Company and until their successors are duly elected and qualified.

Each nominee other than Norman N. Green is currently a director of the Company whose term will expire at the Annual Meeting. Mr. Edward C. Hutcheson, Jr., 56, a director of the Company since 1996 and Mr. Patrick M. Murray, 59, a director of the Company since June 2001, have indicated their intention not to stand for re-election. All nominees have agreed to serve if elected. If any nominee is not available for election at the Annual Meeting, the proxy will be voted for an alternate nominee to be selected by the Board of Directors, unless the stockholder executing such proxy withholds authority to vote for the election of directors. The Board of Directors believes that all of its present nominees will be available for election at the Annual Meeting and will serve if elected.

The Board of Directors recommends a vote "FOR" each of the nominees identified below.

Any shares as to which restrictions have not lapsed are subject to forfeiture in the event of the termination of the individual's employment with TIMET (for reasons other than death, disability or retirement). Holders of restricted stock are entitled to vote and receive dividends with respect to such shares prior to the date restrictions lapse thereon.

(1) Pursuant to an agreement with Tremont in 2001, Mr. Martin's remaining vested Tremont stock options were cancelled for a deferred cash payment equal to the difference between the market price of Tremont common stock on that date and respective exercise prices of the options cancelled, multiplied by the respective number of such options cancelled. Amounts owing to Mr. Martin under this agreement are payable on such dates and in such amounts as directed by Tremont's Management Development & Compensation Committee, but in any event no later than December 19, 2006; provided, however, that if the payment of any such amount would not be deductible by Tremont for tax purposes under the provisions of Section 162(m) of the Internal Revenue Code of 1986, as amended, or any successor provision, Tremont may, in its sole discretion, defer such payment until the earliest time at which the payment of such amount would be deductible by it. Unpaid amounts accrue interest at seven percent (7%) per annum, compounded quarterly (\$2,740 in interest accrued at December 31, 2001).

Severance Arrangements

In 1999, the Company adopted a policy applicable to certain executive officers of the Company, including Mr. Martin, Mr. Musgraves and Mr. Wallace, providing that the following payments will be made to each such individual in the event his or her employment is terminated by TIMET without cause (as defined in the policy) or such individual terminates his or her employment with TIMET for good reason (as defined in the policy): (i) one times such individual's annual TIMET base salary paid in the form of salary continuation, (ii) prorated bonus for the year of termination and (iii) certain other benefits.

Dr. Entrekin is party to an agreement with THT providing for payment of one times Dr. Entrekin's salary as a lump sum and certain other benefits in the event his employment is terminated without cause (as defined in the agreement) or Dr. Entrekin terminates his employment for good reason (as defined in the agreement).

Edgar Filing: TITANIUM METALS CORP - Form DEF 14A

Mr. Leonhard is party to an agreement with TIMET Savoie and is eligible for benefits under the statutory French indemnity scheme, pursuant to which he would receive certain severance benefits if his employment were terminated without cause, including: (i) six months' advance notice or payment of salary in lieu thereof by TIMET Savoie and (ii) other severance payments that would be computed based upon his age, seniority with the Company and his salary plus bonus at the time of employment termination, a portion of which would be paid by TIMET Savoie and a portion by the French government.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Company's Board of Directors presents the following report on executive compensation.

The Compensation Committee is composed of directors who are neither officers nor employees of the Company, its subsidiaries or affiliates and who are not eligible to participate in any of the employee benefit plans administered by it. The Compensation Committee reviews and recommends compensation policies and is responsible for approving all compensation paid directly by the Company to the Company's executive officers other than compensation matters involving the Chief Executive Officer (the "CEO"). Any action regarding compensation matters involving the CEO is reviewed and approved by the Board after recommendation by the Compensation Committee.

Compensation Program Objectives

The Compensation Committee believes that the Company's primary goal is to increase stockholder value, as measured by dividends paid on and appreciation in the value of the Company's equity securities. It is the Compensation Committee's policy that compensation programs be designed to attract, retain, motivate and reward employees, including executive officers, who can lead the Company in accomplishing this goal. It is also the Compensation Committee's policy that compensation programs tie a large component of cash compensation to the Company's financial results, creating a performance-oriented environment that rewards employees for achieving pre-set financial performance levels and increasing stockholder value, thereby contributing to the long-term success of the Company.

During 2001, the Company's compensation program with respect to its executive officers, including the CEO, consisted of two primary components: base salary and variable compensation based upon Company and, in certain cases, individual performance.

Base Salaries

The Compensation Committee, in consultation with the CEO, reviews base salaries for the executive officers other than the CEO generally no more frequently than annually. The CEO's recommendation and the Compensation Committee's actions in 2001 regarding base salaries were based primarily upon a subjective evaluation of past and potential future individual performance and contributions, changes in individual responsibilities, and alternative opportunities that might be available to the executives in question. Also reviewed was compensation data from companies employing executives in positions similar to those whose salaries were being reviewed, as well as market conditions for executives in general with similar skills, background and performance, both inside and outside of the metals industry (including companies contained in the peer group index plotted on the Performance Graph following this report), and other companies with similar financial and business characteristics as the Company or where the executive in question has similar responsibilities. No changes to the base salary of the CEO or of any of the persons identified in the Summary Compensation Table were made or proposed in 2001.

Cash Incentive Plans

Awards under TIMET's Employee Cash Incentive Plan represent a significant portion of the potential annual cash compensation to employees of TIMET (from 0% to 85% of base salary, depending upon the position held by such employee) and consist of a combination of awards based on the financial performance of TIMET and, in some cases, on individual performance. All of the company's executive officers, other than Mr. Martin, were eligible to receive benefits under the Employee Cash Incentive Plan for 2001.

Potential awards under the Employee Cash Incentive Plan attributable solely to the performance of TIMET in 2001 were based on TIMET's achieving certain pre-set return on equity (ROE) goals, which the Company believes should increase stockholder value over time if they are met. Performance levels are tied to the Company's corporate-wide ROE as follows:

ROE	Performance Level

less than 3%	--
3%-6%	A
6%-12%	B
12%-24%	C
over 24%	D

In 2001, the Company achieved a return on equity of less than 3%, as calculated under the Employee Cash Incentive Plan, resulting in no Company-performance based payout.

In February 2002, the Compensation Committee and the Board approved a discretionary bonus program payable in 2002 with respect to service in 2001 covering all of those employees who participate in either the TIMET Employee Cash Incentive Plan or the Senior Executive Cash Incentive Plan, including senior executives, all other U.S. salaried personnel, certain U.S. hourly personnel, and certain European salaried personnel. This step was taken in part out of recognition that the Company's existing cash incentive plans have not made Company-performance based payments since 1998. The Committee and the Board felt that adopting the discretionary program was critical to their goal of retaining and attracting talented personnel, particularly higher level employees for whom variable compensation tends to represent a significant portion of total compensation in the market generally. Payments made to the Company's executive officers under this discretionary program for services rendered in 2001 are included under the "Bonus" column of the Summary Compensation Table and are described in note (3) thereto. No payment was made to Mr. Martin under this program.

In 1996, the Board established the Senior Executive Cash Incentive Plan, which was approved by the Company's stockholders in 1997 and remained effective through 2001. This plan was applicable only to Mr. Martin in 2001. The Senior Executive Cash Incentive Plan provided for payments based solely upon Company performance ranging between 0% for corporate returns on equity of less than 10% up to 150% of base salary for corporate returns on equity at 30% or greater. No payments were made to Mr. Martin for 2001 under this plan based upon the Company's return on equity of less than 10%.

Edgar Filing: TITANIUM METALS CORP - Form DEF 14A

Apart from the foregoing plans, the Compensation Committee or the Board may from time to time award such other bonuses as the Compensation Committee or Board deems appropriate from time to time under its general authority or under a separate discretionary plan. In 2001, the Board approved special bonuses of \$1,000,000 for Mr. Martin (\$550,000 of which was paid in 2001, with the balance paid in 2002 with interest) and \$360,000 for Mr. Musgraves (\$200,000 of which was paid in 2001, and the balance of which may be payable in 2002 and 2003 subject to Mr. Musgraves' satisfaction of certain

19

conditions) relating to the favorable settlement of certain litigation involving the Company. These amounts are reflected in the Summary Compensation Table and are described in note (6) thereto.

Long-Term Incentive Compensation

The Compensation Committee recognizes the value of long-term incentive compensation that provides a benefit over an extended period of time. The Compensation Committee has, from time to time, utilized the TIMET Stock Incentive Plan to provide long-term incentives in the form of grants of stock options and restricted stock. No grants of stock options or restricted stock were made in 2001. In the future, the Compensation Committee may also consider using long-term cash incentives tied to performance or other criteria.

Tax Code Limitation on Executive Compensation Deductions

In 1993, Congress amended the Internal Revenue Code to impose a \$1 million deduction limit on compensation paid to the CEO and the four other most highly compensated executive officers of public companies, subject to certain transition rules and exceptions for compensation received pursuant to non-discretionary performance-based plans approved by such company's stockholders. The Company's stockholders have previously approved the TIMET Stock Incentive Plan and the Senior Executive Cash Incentive Plan. Therefore, the Compensation Committee believes that payments made pursuant to these two plans currently qualify for exemption from the deductibility limit as "performance-based compensation" (although re-approval by stockholders of the Senior Executive Cash Incentive Plan will be required to continue that plan's tax qualification in the future). The Compensation Committee does not currently believe that any other existing compensation program of the Company could give rise to a deductibility limitation at current executive compensation levels. The Compensation Committee intends to periodically review the compensation plans of the Company to determine whether further action in respect of this limitation is warranted.

Chief Executive Officer Compensation

No changes to the compensation of Mr. Martin, as Chairman and CEO, were made or proposed for 2001.

The foregoing report on executive compensation has been furnished by the Company's Compensation Committee of the Board of Directors.

INDEPENDENT AUDITOR MATTERS

Independent Auditors

The firm of PricewaterhouseCoopers LLP served as TIMET's independent auditors for the year ended December 31, 2001, has been appointed to review TIMET's quarterly unaudited consolidated financial statements to be included in its Quarterly Reports on Form 10-Q for the first three quarters of 2002 and is expected to be considered for appointment to audit TIMET's annual consolidated financial statements for the year ending December 31, 2002. Representatives of PricewaterhouseCoopers LLP are not expected to attend the Annual Meeting.

Audit Committee Report

TIMET's Management is responsible for the financial reporting process, including the system of internal controls, and for the preparation of consolidated financial statements in accordance with generally accepted accounting principles. TIMET's independent auditors are responsible for auditing those financial statements and expressing an opinion as to their conformity with generally accepted accounting principles. The Audit Committee's responsibility is to monitor and review these processes on behalf of the Board of Directors. However, the members of the Audit Committee are not professionally engaged in the practice of accounting or auditing and are not experts in the fields of accounting or auditing. The Audit Committee relies, without independent verification, on the information provided to us and on the representations made by management and the independent auditors.

The Audit Committee has reviewed and discussed TIMET's audited consolidated financial statements for the year ended December 31, 2001 with TIMET's management and independent auditors. In fulfilling its oversight responsibilities, the Audit Committee also discussed with the independent auditors the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements, as required by Statement on Auditing Standards No. 61. The Audit Committee also received written disclosures from the independent auditors required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and discussed with the independent auditors their independence from management and the Company. The Audit Committee also considered whether the independent auditors' provision of non-audit services to TIMET and its subsidiaries is compatible with such auditors' independence. Additionally, the Audit Committee discussed with TIMET's management and the independent auditors such other matters as the Audit Committee deemed appropriate. Based on the Audit Committee's review of TIMET's audited consolidated financial statements and the Audit Committee's discussions with TIMET's management and independent auditors of the matters identified above, the Audit Committee recommended to the Board of Directors that TIMET's audited consolidated financial statements for the year ended December 31, 2001 be included in TIMET's Annual Report on Form 10-K for the year ended December 31, 2001, which has been filed with the Commission.

compensation studies and \$21,000 for evaluation of potential investments). TIMET did not incur fees for financial information systems design and implementation services during 2001. The Audit Fees include (a) fees for the audit of TIMET's consolidated financial statements for the year ended December 31, 2001, (b) reviews of the unaudited quarterly financial statements appearing in TIMET's Forms 10-Q for each of the first three quarters of 2001 and (c) estimated out-of-pocket costs PricewaterhouseCoopers LLP incurred in such audits and reviews for which TIMET reimburses PricewaterhouseCoopers LLP.

PERFORMANCE GRAPH

Set forth below is a line graph comparing, for the period December 31, 1996 through December 31, 2001, the cumulative total stockholder return on TIMET Common Stock against the cumulative total return of (a) the S&P Composite 500 Stock Index and (b) a self-selected peer group, comprised solely of RTI International Metals, Inc. (NYSE: RTI) (formerly RMI Titanium Company), the principal U.S. competitor of TIMET in the titanium metals industry for which meaningful, same-period stockholder return information is available. CERTAIN RELATIONSHIPS AND TRANSACTIONS

Relationships with Related Parties

As set forth under the heading "Security Ownership" above, TIMET may be deemed to be controlled by Harold C. Simmons. Tremont and other entities that may be deemed to be controlled by or related to Mr. Simmons sometimes engage in (a) intercorporate transactions with related companies such as guarantees, management and expense sharing arrangements, shared fee arrangements, tax sharing agreements, joint ventures, partnerships, loans, options, advances of funds on open account, and sales, leases and exchanges of assets, including securities issued by both related and unrelated parties, and (b) common investment and acquisition strategies, business combinations, reorganizations, recapitalizations, securities repurchases, and purchases and sales (and other acquisitions and dispositions) of subsidiaries, divisions or other business units, which transactions have involved both related and unrelated parties and have included transactions that resulted in the acquisition by one related party of a publicly held, minority equity interest in another related party. TIMET continuously considers, reviews and evaluates, and understands that Contran, Valhi, NL, Tremont and related entities also consider, review and evaluate, such transactions. Depending upon the business, tax and other objectives then relevant, it is possible that TIMET might be a party to one or more of such transactions in the future. It is the policy of TIMET to engage in transactions with related parties on terms that are, in the opinion of TIMET, no less favorable to TIMET than could be obtained from unrelated parties.

J. Landis Martin, Chairman of the Board, President and Chief Executive Officer of TIMET, is also Chairman of the Board, President and Chief Executive Officer of Tremont. Mr. Martin also serves as a director and President and Chief Executive Officer of NL. Glenn R. Simmons, a director of TIMET, is also Chairman

Edgar Filing: TITANIUM METALS CORP - Form DEF 14A

of the Board of Keystone and CompX, Vice Chairman of the Board of Contran and Valhi and a director of Tremont and NL. General Thomas P. Stafford, a director of TIMET, is also a director of Tremont and NL. Steven L. Watson, a director of TIMET, is also an executive officer of Contran and Valhi, and a director of Contran, CompX, Keystone, Valhi, NL and Tremont and an Assistant Secretary of Tremont. Robert E. Musgraves, Executive Vice President and General Counsel of TIMET, is also Vice President, General Counsel and Secretary of Tremont. Mark A. Wallace, Executive Vice President, Chief Financial Officer and Treasurer of TIMET, is also Vice President, Chief Financial Officer and Treasurer of Tremont. Joan H. Prusse, Vice President, Deputy General Counsel and Secretary of TIMET, is also Assistant General Counsel and Assistant Secretary of Tremont. Robert D. Hardy is an Assistant Treasurer of both TIMET and Tremont and is also Vice President, Chief Financial Officer, Controller, Treasurer and Assistant Secretary of NL. Sandra K. Goebel is an Assistant Secretary of both TIMET and Tremont. Elizabeth Maercklein is an Assistant Treasurer of both TIMET and Tremont. TIMET understands that all such persons are expected to continue to serve in such capacities in 2002. Such individuals divide their time among the companies for which they serve as officers. Such management interrelationships and intercorporate relationships may lead to possible conflicts of interest. These possible conflicts of interest may arise from the duties of loyalty owed by persons acting as corporate fiduciaries to two or more companies under circumstances in which such companies may have conflicts of interest.

Although no specific procedures are in place that govern the treatment of transactions among TIMET, Tremont, Contran, Valhi, and NL, the board of directors of each of these companies (with the exception of Contran) includes one or more members who are not officers or directors of any entity that may be deemed to be related to TIMET. Additionally, under applicable principles of law, in the absence of stockholder ratification or approval by directors who may be deemed disinterested, transactions involving contracts among companies under common control must be fair to all companies involved. Furthermore, directors and officers owe fiduciary duties of good faith and fair dealing to stockholders of all the companies for which they serve.

23

Contractual Relationships

Tremont Intercorporate Services Agreement

TIMET and Tremont are parties to an intercorporate services agreement (the "Tremont ISA") that provides that TIMET will render certain management, financial, tax and administrative services to Tremont, including provision for the reimbursement by Tremont to TIMET of a portion of the salary, regular bonus and overhead expense for the executive officers of Tremont. The Tremont ISA is subject to automatic renewal and may be terminated by either party pursuant to written notice delivered at least 30 days prior to a quarter-end. During 2001, fees for services provided by TIMET to Tremont were approximately \$0.4 million. TIMET expects to enter into a similar agreement for 2002 providing for comparable services and payments.

NL Intercorporate Services Agreement

TIMET and NL are parties to an intercorporate services agreement (the "NL ISA") whereby NL makes available to TIMET certain services with respect to TIMET's tax compliance and consulting needs and use of NL's corporate aircraft. TIMET paid NL fees of approximately \$0.4 million for services pursuant to the NL ISA during 2001. The NL ISA is subject to automatic renewal and may be terminated by either party pursuant to written notice delivered at least 30 days prior to a quarter-end. TIMET expects to enter into a similar agreement for 2002 providing for comparable services and payments.

Utility Services

Edgar Filing: TITANIUM METALS CORP - Form DEF 14A

In connection with the operations of TIMET's Henderson, Nevada facility, TIMET purchases certain utility services from Basic Management, Inc. and its subsidiaries (collectively, "BMI") pursuant to various agreements. A wholly owned subsidiary of Tremont owns approximately 32% of the outstanding equity securities of BMI (representing 26% of the voting securities of BMI). During 2001, fees for such utility services provided by BMI to TIMET were approximately \$1.5 million.

Shareholders' Agreement

In connection with the acquisition by TIMET in 1996 of IMI Titanium, TIMET, Tremont, IMI, plc ("IMI") and two of IMI's affiliates, IMI Kynoch Ltd. and IMI Americas Inc., entered into an agreement dated February 15, 1996, as amended March 29, 1996 (the "Shareholders' Agreement"). The Shareholders' Agreement contains provisions that regulate certain matters relating to the governance of TIMET originally as among TIMET, Tremont and its affiliates and IMI and its affiliates. TIMET agreed in the Shareholders' Agreement that, among other things, so long as Tremont (as the only remaining shareholder party) continues to hold at least 10% of the outstanding shares of TIMET Common Stock, TIMET will not, without the approval of Tremont, cause or permit the dissolution or liquidation of itself or any of its subsidiaries or the filing by itself of a petition in bankruptcy, or the commencement by TIMET of any other proceeding seeking relief from its creditors. TIMET also agreed to provide Tremont certain periodic information about TIMET and its subsidiaries, which right is subject to confidentiality restrictions.

Registration Rights

Under the Shareholders' Agreement, Tremont is entitled to certain rights with respect to the registration under the Securities Act of the shares of TIMET Common Stock that Tremont holds. The Shareholders' Agreement generally provides, subject to certain limitations, that (i) Tremont has two rights, only one of which can be on Form S-1, to require TIMET to register under the Securities Act an amount of not less than \$25 million of registrable securities, and (ii) if TIMET proposes to register any securities under the Securities Act (other than a registration on Form S-4 or Form S-8, or any successor or similar form), whether or not pursuant to registration rights granted to other holders of its securities and whether or not

24

for sale for its own account, Tremont has the right to require TIMET to include in such registration the registrable securities held by Tremont or its permitted transferees so long as Tremont holds in excess of 5% of the outstanding shares of TIMET Common Stock (or to sell the entire balance of any such registrable securities even though less than 5%). TIMET is obligated to pay all registration expenses in connection with a registration under the Shareholders' Agreement. Under certain circumstances, the number of shares included in such a registration may be limited. TIMET has agreed to indemnify the holders of any registrable securities to be covered by a registration statement pursuant to the Shareholders' Agreement, as well as the holders' directors and officers and any underwriters and selling agents, against certain liabilities, including liabilities under the Securities Act.

Option Reimbursement Agreement

Prior to the commencement of public trading of TIMET Common Stock in 1996, TIMET employees were from time to time granted stock options by Tremont with respect to their TIMET service. With respect to such Tremont stock options, TIMET has previously agreed to reimburse Tremont for the difference between the market price of Tremont Common Stock on the date of exercise of such Tremont stock options (up to \$16.625 per share) and the exercise price of such options. During 2001, TIMET reimbursed Tremont approximately \$379,000 with respect to the exercise of such Tremont stock options by TIMET employees.

Insurance Matters

Tall Pines Insurance Company ("Tall Pines"), Valmont, and EWI RE, Inc. ("EWI, Inc.") provide for or broker certain of TIMET's and Tremont's insurance policies. Tall Pines is a wholly owned captive insurance company of Tremont. Valmont is a wholly owned captive insurance company of Valhi. During 2001, one of the daughters of Harold C. Simmons and a wholly owned subsidiary of Contran owned, directly or indirectly, 57.8% and 42.2%, respectively, of the outstanding common stock of EWI, Inc. and of the membership interests of EWI, Inc.'s management company, EWI RE, Ltd. (collectively with EWI, Inc., "EWI"). Through December 31, 2000, a son-in-law of Harold C. Simmons managed the operations of EWI. Subsequent to December 31, 2000, pursuant to an agreement that terminates on December 31, 2002, such son-in-law provides advisory services to EWI as requested by EWI, for which the son-in-law is paid \$11,875 per month and receives certain other benefits under EWI's benefit plans. Consistent with insurance industry practices, Tall Pines, Valmont and EWI, Inc. receive commissions from the insurance and reinsurance underwriters for the policies that they provide or broker. During 2001, TIMET and Tremont paid approximately \$2.8 million and \$0.04 million, respectively, for policies provided or brokered by Tall Pines, Valmont and/or EWI, Inc. These amounts principally included payments for reinsurance and insurance premiums paid to unrelated third parties, but also included commissions paid to Tall Pines, Valmont and EW, Inc. In TIMET's opinion, the amounts that TIMET paid for these insurance policies are reasonable and similar to those it could have obtained through unrelated insurance companies and/or brokers. TIMET understands that Tremont takes the same view with respect to the amounts paid by Tremont. TIMET expects that these relationships with Tall Pines, Valmont, and EWI will continue in 2002.

In January 2002, NL purchased EWI from its previous owners for an aggregate cash purchase price of approximately \$9 million, and EWI became a wholly owned subsidiary of NL. The purchase was approved by a special committee of NL's Board of Directors consisting of two of its independent directors, and the purchase price was negotiated by the special committee based upon its consideration of relevant factors, including but not limited to due diligence performed by independent consultants and an appraisal of EWI conducted by an independent third party selected by the special committee.

TIMET Executive Stock Ownership Loan Plan

Under TIMET's Executive Stock Ownership Loan Plan, approved by the TIMET Board of Directors in 1998 and the TIMET stockholders in 2000, TIMET's executive officers may borrow funds to purchase TIMET Common Stock or to pay taxes payable with respect to vesting shares of restricted stock. Each executive may borrow up to 50% of his or her base salary per calendar year and 200% of such base salary in the aggregate. Interest accrues at a rate equal to .0625% per annum above TIMET's effective borrowing rate at the time of the loan, subject to annual adjustment, and is payable quarterly. The effective interest rate in 2001 was 8.22625% (4.025% for 2002). Principal is repayable in five equal annual installments commencing on the sixth anniversary of the loan. Repayment of the loans is secured by the stock purchased with the loan proceeds or the stock for which loan proceeds were used to pay taxes. The loans are "full recourse" to the executive personally, except that in the case of a sale of all of the collateral by TIMET upon an event of default or upon the termination of the executive's employment, whether for cause or otherwise, the borrower's personal liability for repayment of the loan is limited to 70% of the principal amount remaining after sale and application of the proceeds from the sale of the stock. The following table identifies the executive officers of TIMET who were indebted to TIMET under this program during 2001 and as of the Record Date:

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires TIMET's executive officers, directors, and persons who own beneficially more than 10% of a registered class of TIMET's equity securities to file reports of ownership and changes in ownership with the Commission and TIMET. Based solely on a review of copies of the Section 16(a) reports furnished to TIMET and written representations by certain reporting persons, TIMET believes that all of TIMET's executive officers, directors and greater than 10% beneficial owners filed on a timely basis all reports required during and with respect to the fiscal year ended December 31, 2001, except for a late report on Form 4 by each of Christian Leonhard and Mark A. Wallace.
