AEROSONIC CORPORATION

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

JULY 31, 2001

NOTE A - BASIS OF PRESENTATION

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with generally accepted accounting principles for interim financial reporting and with the instructions to form 10-Q of regulation S-X. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the three- and six-month periods ended July 31, 2001 are not necessarily indicative of the results that may be expected for the year ended January 31, 2002. For further information, refer to the consolidated financial statements and footnotes thereto included in the Company's annual report on form 10-K for the year ended January 31, 2001.

Edgar Filing: AEROSONIC CORP /DE/ - Form 10-Q

NOTE B - ENVIRONMENTAL MATTERS

As reported in the annual report on form 10-K for the fiscal year ended January 31, 2001, in accordance with a consent agreement signed by the Company in 1993, the Company's environmental consultant has developed an interim remedial action plan to contain and remediate certain contamination on and underlying the Company's property. During 1997 the Company recorded a provision of approximately \$175,000 related to the estimated costs to be incurred under this plan. As of January 31, 2000 the company had utilized all amounts originally recorded in Other accrued expenses, and phase-one remediation had been completed.

During the third quarter of 2001, management assessed the post-remediation monitoring expense related to the environmental cleanup of 1993 would cost approximately \$125,000. This amount was accrued and expensed during the third quarter of FY 2001. Approximately \$26,000 remains accrued in Other accrued expenses at July 31, 2001. Management believes that any additional liability for any further remediation will not have a material affect on the financial position of the company.

PART 1. FINANCIAL INFORMATION

Item 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULT OF OPERATIONS

Company wide net sales for the second quarter ended July 31, 2001 were \$7,431,000 as compared to \$5,632,000 for the same period in the preceding year. Year-to-date net sales for the period ended July 31, 2001 were \$13,953,000 as compared to \$12,116,000 in the prior year period. Gross profit as a percentage of net sales equaled 39% in the second quarter of FY2002 versus 35% during the same period in the prior year. Gross profit margin, year-to-date, through the period ended July 31, 2001 equaled 37% versus 33% during the prior year period. The increase in sales and gross profit margin are primarily the result of an increased focus on sales of higher margin products.

Selling, General and Administrative (SG&A) expenses increased during the second quarter ended July 31, 2001 to \$2,160,000 as compared to \$1,620,000 during the same period in the prior fiscal year. As a percentage of net sales SG&A remained stable at 29% as compared to the prior year period. SG & A year-to-date through the period ended July 31, 2001 increased to \$4,036,000 from \$3,462,000 in the prior year period. However, as a percentage of net sales, SG & A remained constant at 29% of net sales from period to period. The increase in costs represents the additional effort by management to grow the Company's sales while controlling other SG&A costs.

Interest expense dropped to \$86,000 for the three months ended July 31, 2001 from \$113,000 during the same period in the preceding year. Interest expense year-to-date through the period ended July 31, 2001 dropped to \$228,000 versus \$231,000 during the prior year period. This reduction is due primarily to reduced outstanding debt and lower interest rates.

For the second quarter ended July 31, 2001 the Company recorded a net profit of \$376,000 or \$0.10 per share, compared to a net profit of \$120,000, or \$0.03 per share during the same period in the preceding year. Earnings year-to-date through the period ended July 31, 2001 increased to \$556,000, or \$0.14 per share from \$211,000, or \$0.05 per share.

Working capital equaled \$12,764,000 at July 31, 2001 and the Company's current ratio approximated 3.92:1. Cash flow provided by operations was \$338,000 through

Edgar Filing: AEROSONIC CORP /DE/ - Form 10-Q

the second quarter ended July 31, 2001. Company management anticipates that cash flow from operations, existing cash balances and the availability under the Company's line of credit arrangement will be sufficient to fund future growth.

The primary market risks exposure for the Company is interest rate risk. The Company does not currently utilize any financial instruments to manage interest rate risk.

The Company is exposed to changes in interest rates primarily as a result of its variable rate short and long term borrowings. A hypothetical 10% increase in the Company's weighted average interest rate would have increased the Company's interest expense for the second quarter by approximately \$9,000 based on the balance of variable rate debt outstanding at July 31, 2001.

FORWARD LOOKING STATEMENTS

This document contains statements that constitute "forward-looking" statements within the meaning of the Securities Act of 1933 and the Securities Act of 1934, as amended by the Private Securities Litigation Reform Act of 1995.

"Forward-looking" statements contained in this document include the intent, belief or current expectations of the Company and its senior management team with respect to the future prospects of the Company's operations, and belief concerning profits from future operations and the Company's overall future business prospects, as well as the assumptions upon which such statements are based. Investors are cautioned that any such forward-looking statements are not guarantees of future performance, and that actual results may differ materially from those contemplated by such forward-looking statements. Important factors currently known to management that could cause actual results to differ materially from those contemplated by the forward-looking statements in this document include, but are not limited to, adverse developments with respect to the operations of the Company's business units, failure to meet operating objectives or to execute the business plan, and the failure to reach revenue or profit projections. The Company undertakes no obligation to update or revise the forward-looking statements contained in this document to reflect changed assumptions, the occurrence of unanticipated events or changes to future operating results over time.

PART II. OTHER INFORMATION

AEROSONIC CORPORATION

Item 1. LEGAL PROCEEDINGS

David S. Goldman, former President and Chief Executive Officer of Aerosonic Corporation sued the Company in September 1996, for an alleged breach of a consulting agreement between Mr. Goldman and the Company. The suit seeks damages in excess of \$15,000. During fiscal year 1997, the Company sued Mr. Goldman and Mil-Spec Finishers, Inc., a former subcontractor to Aerosonic Corporation controlled by Mr. Goldman, seeking damages in excess of \$15,000, for alleged fraud and misappropriation of funds, appropriation of corporate opportunity, breach of fiduciary duty and conversion. The Company filed an amended complaint, adding claims for civil theft against both defendants, in October of 1997. Management believes that the ultimate resolution of this matter will not have a material, negative effect on the financial position of the Company.
