FINANCING AGREEMENTS WITH RELATED PARTIES

Summary of Financing Agreements.

At December 31, 2001 and 2000, the Company had \$3.829 million outstanding under a financing agreement with eBanker.

At December 31, 2001 and 2000, the accrued interest balances on the loans from eBanker were \$0 and \$54 thousand, respectively. The accrued interest balance is included in accrued expenses in the balance sheet.

Effective July 4, 2002, eBanker transferred all of its interests in the Company to GMIHL, a wholly-owned subsidiary of eBanker, and GMIHL transferred such interests to GMIL, a wholly-owned subsidiary of GMIHL.

1998 Financing Agreements.

In April 1998, Global Med entered into financing agreements with Online Credit and Fronteer Capital, a subsidiary of eVision. Online Credit committed to extend a line of credit in the amount of \$1.5 million and Fronteer Capital committed to extend \$1.65 million under separate agreements. The interest rate under both agreements was 12% per annum. In consideration for the commitments, Global Med issued Online Credit and Fronteer Capital warrants to purchase 6 million and 1 million shares, respectively, of Global Med common stock exercisable at \$0.25 per share. Fronteer Capital would be granted an additional warrant to acquire 5 million shares of Global Med common stock at \$0.25 per share upon the initial borrowing under the financing agreement. Additionally, Online Credit was granted the right to appoint five members to the board of directors of Global Med so long as there are any amounts outstanding under its original agreement. Online Credit has appointed such members to the Board of Directors of Global Med. In the event of default, amounts due under these commitments were convertible into common shares of Global Med at \$0.05 per share.

In October 1998, eBanker and Global Med agreed to an assignment of the loan commitment from Fronteer Capital, excluding the warrant to purchase 1 million shares of common stock issued in connection with the commitment. Global Med issued eBanker a warrant to purchase 5 million shares of Global Med common stock at \$0.25 per share upon initial borrowing under the financing agreement in October 1998. Additionally, in October 1998, eBanker purchased from Online Credit \$1 million of its \$1.5 million total notes receivable from Global Med and a warrant to purchase 4 million shares of common stock of Global Med at \$0.25 per share for a total purchase price of \$1.1 million.

As of December 31, 1998, Global Med owed eBanker the \$1.65 million under Fronteer Capital's original financing agreement plus the \$1 million under Online Credit's original financing agreement for a total of \$2.65 million. Additionally, at December 31, 1998 Global Med owed

Edgar Filing: GLOBAL MED TECHNOLOGIES INC - Form DEF 14A

Online Credit \$500 thousand under its financing agreement. Amounts borrowed under these agreements were initially due in April 1999.

1999 Financing Agreements.

In March 1999, Online Credit exercised its remaining 2 million warrants in cancellation of the remaining \$500 thousand it had extended to Global Med. Additionally, eBanker extended the due date for the \$2.65 million outstanding under its financing agreements with Global Med until April 15, 2000. In consideration for the extension, Global Med paid eBanker a 2% fee in the form of 42.4 thousand shares of Global Med common stock and the default conversion feature of the loans was increased from \$0.05 per share to \$0.25 per share.

In March 1999, eBanker extended a \$750 thousand bridge loan to Global Med due in December 1999. The outstanding bridge loan balance was convertible into common shares of Global Med at the rate of \$1.13 per share. The bridge loan bears interest at 12% and eBanker was paid a 2% commitment fee in the form of approximately 13 thousand shares of Global Med's common stock.

In April 1999, Online Credit entered into a bridge loan commitment with Global Med for \$2 million due in April 2000. The outstanding bridge loan balance was convertible into shares of Global Med at the rate of \$1.15 per share. The bridge loan bears interest at 12% and Online Credit was paid a 5% commitment fee in the form of approximately 87 thousand shares of Global Med's common stock.

In October 1999, Online Credit, as agreed to by Global Med, assigned to eBanker its \$2 million bridge loan commitment to Global Med and transferred to eBanker approximately 87 thousand shares of Global Med common stock issued in consideration for the loan commitment to eBanker. Also in October 1999, eVision and eBanker entered into a lock up agreement whereby Global Med issued 50 thousand and 450 thousand shares of its common stock to eVision and eBanker, respectively, in consideration for eVision and eBanker agreeing to restrict sales of their holdings of Global Med common stock and warrants for a period of one year.

In December 1999, the \$750 thousand bridge loan was extended to September 2000. In consideration for the extension, eBanker received a 2% fee in the form of approximately 13 thousand shares of Global Med common stock and the conversion rate was reduced from \$1.15 per share to \$0.50 per share.

At December 31, 1999, \$4.4 million was outstanding under eBanker's financing agreements with Global Med and \$1 million remained available under the bridge loan commitment of eBanker.

2000 Financing Agreements.

In April 2000, the \$2.65 million loans and the \$2 million bridge loan were extended to January 2001. Under the terms of the extension, if the loans were not repaid by January 2001, they would automatically extend to April 2001, the conversion features would be eliminated and eBanker would be granted warrants to acquire Global Med common stock at \$0.50 per share. The number of warrants to be issued would be based on the total principal and interest outstanding divided by the exercise price of \$0.50 per share. A conversion feature was added to the \$2.65 million loan that entitled eBanker to convert the loan into shares of Global Med common stock at a rate of \$1.68 per share. Additionally, the \$750 thousand bridge loan was extended to January 2001. In consideration for these extensions, eBanker was paid a 2% fee in the form of 160 thousand shares of Global Med common stock.

In November 2000, eBanker agreed to exercise warrants to purchase 8 million shares of common stock of Global Med at \$0.25 per share in exchange for canceling \$2 million of its notes receivable from Global Med. The remaining \$3.4 million outstanding under the various financing agreements and accrued interest of \$428.7 thousand were combined into one agreement and the due date was extended to July 1, 2001. Med agreed to pay interest of 12% per annum on a semi-annual basis, with the first interest payment due May 19, 2001. The 8 million shares of common stock were issued on February 28, 2001 and are considered outstanding as of November 19, 2000. In consideration for the extension of the remaining principal and interest, eBanker received a fee of 5% payable in 197.6 thousand shares of common stock of Global Med. Additionally, upon the occurrence of certain events related to a certain contract Global Med is negotiating, Global Med will have the right, in its discretion, to put its shares of common stock worth up to \$1.5 million to eBanker at \$0.50 per share in the form of exchanging debt for common stock. The outstanding loan balance is convertible into the common stock of Global Med at eBanker's option at a rate of \$1.00 per share. The default conversion rate under this extension was increased to \$1.00 per share. As consideration for this provision, eBanker was issued 500 thousand restricted shares of Global Med common stock. As a result of these transactions, eBanker obtained control of Global Med and Global Med was reflected in eBanker's consolidated financial statements as a consolidated subsidiary effective November 19, 2000.

The loan with eBanker is secured by all of Global Med's assets including its shares in PeopleMed and the assets of PeopleMed and Global Med, including intellectual property. As part of the November 19, 2000 Loan Agreement, the Personal Guarantee of Dr. Michael I. Ruxin, as dated August 12, 1998, and assigned to eBanker, was reduced from \$1.5 million to \$650 thousand plus pro rata accrued interest. The personal guarantee is limited to certain of Dr. Ruxin's assets. As part of the November 19, 2000 Financing Agreement, Global Med agreed to register and maintain registration for all present and future shares including underlying warrants, belonging to eBanker.

If Global Med defaults on the repayment of any amount borrowed under the combined note issued to eBanker, all existing members of the board of directors of Global Med will be required to resign and eBanker will have the right to appoint all new members.

At December 31, 2000, principal of \$3.829 million and accrued interest of \$54 thousand were outstanding under the financing agreements between eBanker and Global Med and there were no remaining amounts available under the commitment agreement.

2001 Financing Agreements.

On March 22, 2001, Global Med and eBanker entered into an interest payment option agreement that provides that Global Med may have the option, with five days prior written notice, to elect and pay to eBanker, before July 1, 2001, Global Med's entire interest payment calculated for the life of loan agreement dated November 19, 2000, in the form of 1.747 million shares of Global Med common stock (calculated at \$0.6875 per share, which was the prevailing market price on March 22, 2001). In the event that Global Med pays down any principal on the loan prior to July 1, 2003, eBanker will return a number of shares determined by calculating the pro-rata interest avoided due to early repayment of principal divided by \$0.6875 per share. eBanker will make this calculation on July 1, 2001, July 1, 2002 and July 1, 2003.

On June 20, 2001, the Company elected to exercise the interest payment option. As a result, eBanker was issued 1.747 million shares of the Company's common stock in May of 2002 as payment for the interest expense on the Company's outstanding loan balance with eBanker of \$3.829 million through the loan's maturity date of July 1, 2003. The 1.747 million shares are considered outstanding as of June 20, 2001, the date the interest option was exercised. These shares were valued at \$1.188 million based on the market value of the stock on June 20, 2001. The Company recorded \$681 thousand in a contra-equity account associated with the issuance of these shares as of December 31, 2001. In addition, \$277 thousand in accrued interest related to the eBanker loan was reclassified from the Company's accrued expenses balance to equity as of June 30, 2001, as a result of this transaction. After this transaction, the effective interest rate on the loan remained at 12% per annum.

On July 1, 2001, in accordance with the terms of the existing financing agreement, eBanker received the right to receive warrants to acquire up to 10.186 million shares of Global Med common stock with an exercise price of \$0.50 per share. These warrants were valued at \$510 thousand. On July 1, 2001 the maturity date of the note payable was automatically extended to July 1, 2003; and as of that date, the outstanding debt is no longer convertible into the common stock of the Company at \$1.00 per share. If Global Med defaults on repayment of any amount borrowed under the existing financing agreement, all existing members of the Board of Directors of Global Med will be required to resign and eBanker will have the right to appoint all new members. The warrants expire on July 1, 2011. Under the November 19, 2000 financing agreement between the Company and eBanker, the Company is obligated to register and maintain registration on the shares, underlying the warrants, for resale under the Securities Act of 1933, as amended ("1933 Act"). The Company used independent, third party consultants for estimating the fair value of the warrants to purchase 10.186 million shares of the Company's common stock. The warrants were valued at \$510 thousand. The Company recorded \$510 thousand in deferred financing costs associated with the issuance of these warrants as of July 1, 2001. The Company is ratably amortizing the costs associated with these warrants over 24 months, the remaining life of the note payable as of July 1, 2001. The Company recognized approximately \$128 thousand in financing costs related to the issuance of these warrants through December 31, 2001.

2000 Financing Agreements.

At December 31, 2001, principal of \$3.829 million and \$0 accrued interest were outstanding under the financing agreements between eBanker and Global Med.

2002 Financing Agreements

In June, 2002, the Company entered into a agreement whereby GMIHL, a wholly-owned subsidiary of eBanker, advanced \$200 thousand to the Company in the form of a note payable (the "Note"). The Note is due on July 1, 2003 and bears no interest. In lieu of interest, the Note holder will receive the following consideration:

- The Company commits to obtain GMIHL written approval before committing to issue the Company common shares either directly, or through derivative instrument, in transaction pursuant to which the Company will receive net proceeds per share of less than \$1 after expenses fees and expenditures commitments (except pursuant to employee and consulting options, warrants and/or stock bonuses approved by the Company's Board of Directors and/or pursuant to any existing contractual commitment, including, but not limited to any currently outstanding stock options and warrants). GMIHL will have full authority in providing or withholding this approval.
- GMIHL will receive exclusive marketing rights for a period of 36 months to certain Asian Countries. These rights will survive the repayment of the Note. These rights will continue for an additional 36 months if certain revenue commitments are received during the initial 36- month period. For each 36-month period thereafter, these commitments will be extended for an additional 36 months if certain additional commitments are received.

In the absence of a stated interest rate on this note, an interest rate of 12% has been imputed to this Note. In addition, the value of the exclusivity agreement is deemed to be \$24 thousand, the same amount of the imputed interest over the life of the loan. The value of the exclusivity agreement is being amortized ratably over the 36-month exclusivity period.

Effective July 4, 2002, eBanker transferred all of its interests in the Company to GMIHL, and GMIHL transferred such interests to GMIL, a wholly-owned subsidiary of GMIHL.

Compensation Committee - Report on Executive Compensation.

Overview and Policies. The Compensation Committee consists of Dr. Ruxin and Mr. Busch and is responsible for developing and making recommendations to the Board with respect to the Company's executive compensation policies. The Compensation Committee reviews salaries, bonuses, and other forms of compensation for officers and key employees of our Company and our subsidiaries, and establishes salaries, benefits, and other forms of compensation for new employees. The Compensation Committee then submits its recommendations to the full Board for final review and approval. Included in the Compensation Committee's responsibility is the issuance of stock bonuses and stock options under our stock option/bonus plans. In addition, the Compensation Committee reviews other matters concerning compensation and personnel as our Board of Directors may request. The Compensation Committee did not hold any formal meetings during the fiscal year ended December 31,

2001.

The objectives and policies of the Compensation Committee include:

- (i) designing our compensation to enable us to attract, retain, and reward highly qualified executives in a highly competitive industry;
- (ii) supporting the achievement of desired Company performance and total stockholder return; and
- (iii) aligning the executive officers' interests with the success of the Company through the granting of stock options.

Executive Officer Compensation Program. Our executive officer compensation program provides an overall level of compensation opportunity that is competitive with companies of comparable size and complexity. The Compensation Committee uses its discretion to set executive compensation where, in its judgment, external, internal or an individual's circumstances warrant it. The Company's executive officer compensation program is comprised of base salary, including deferred compensation based on cash flow, long-term incentive compensation in the form of stock options, and various benefits generally available to employees of the Company. The Compensation Committee believes that the executive officers and certain other employees should have a significant stake in our stock price performance under stock option and stock bonus programs which link executive compensation to stockholder return.

Chief Executive Officer. Dr. Ruxin has served as the Company's President, and subsequently as its Chief Executive Officer, since 1989. Dr. Ruxin's annual base salary for 2000 of \$194,750 was increased by the Board of Directors to \$250,000 commencing in July 2001. In addition, the Board of Directors resolved to pay Dr. Ruxin \$50,000 of his accrued 1999 salary increase, payable at the rate of \$4,166 per month commencing in July 2001 for twelve months. No bonus was paid to Dr. Ruxin for 2001. The factors and criteria for the increase in salary and payment of deferred salary include: recognition of the exemplary work and meritorious services provided to the Company by Dr. Ruxin, and the Company's performance in fiscal year 2000.

17

Compensation Committee Interlocks and Insider Participation. Dr. Ruxin is the Chief Executive Officer of the Company and, as a member of the Compensation Committee, participates in deliberations with the Company's Board of Directors concerning executive officer compensation. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Board of Directors of the Company has adopted resolutions that no business transaction, loan or advance will be made by the Company to any officer, director or holder of more than 5% of the Company's common stock, or any affiliate thereof, unless it has been established that a bona fide business purpose exists, that all future transactions between the Company and its officers, directors, or principal shareholders, or any affiliate of any of such person, must be approved or ratified by a majority of the disinterested directors of the Company, and the terms of such transaction must be no less favorable to the Company than could have been realized by the Company in an arms-length transaction with an unaffiliated person. The Company believes that all ongoing transactions with the Company's affiliates are on terms no less favorable than could be obtained from unaffiliated third parties.

The Board of Directors of the Company adopted a resolution in July 1996 that provides that the areas of business in which the Company shall be interested for the purpose of the doctrine of corporate opportunities shall be the business of information management software products and services. Any business opportunity which falls within such areas of interest must be brought to the attention of the Company for acceptance or rejection prior to any officer or director of the Company taking advantage of such opportunity. Any business opportunity outside such areas of interest may be entered into by any officer or director of the Company without the officer or director first offering the business opportunity to the Company.

Dr. Ruxin has personally guaranteed \$650 thousand plus pro rata interest of the outstanding loan balance with eBanker associated with the November 19, 2000 Loan Agreement. The personal guarantee is limited to certain of Dr. Ruxin's assets.

In May 2002, the Company received \$50 thousand from a Gordon Segal, a director, related to the sale of approximately 111 thousand shares of the Company's common stock. In conjunction with the sale of the common shares, the related party received the right to approximately 27 thousand warrants to purchase the same number of common shares of the Company's stock at \$1.25 per share. These warrants are exercisable immediately and expire in May of 2007. These shares were sold and warrants issued on the same terms as those sold to a third party.

During the seven months ended July 31, 2002, the Company's Notes Receivable, related party balance increased \$210 thousand as a result of funds advanced in the form of a promissory note to an entity controlled by a director of the Company, Jeff Busch. In addition, the Company's CEO and Chairman, Michael I. Ruxin, also is on the board of directors of the entity controlled by Jeff Busch. As of July 31, 2002, the Company's Board of Directors has independently approved borrowings to this entity totaling \$370 thousand of which \$290 thousand had been advanced as of July 31, 2002. The notes bear interest at 12% per year and mature in 2006.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Based on information provided to the Company, it is believed that all of the Company's directors, executive officers and persons who own more than 10% of the Company's common stock were in compliance with Section 16(a) of the Exchange Act of 1934 during the last fiscal year, except as follows: (i) Fai H. Chan, Heng Fung and eCredit each failed to timely file two Forms 4 and one Form 5 with respect to six transactions involving securities of which they are indirect/beneficial owners; however, one of the transactions was disclosed on a timely filed Form 4 by the direct owner of the securities at issue; (ii) Online Credit, eVision and eBanker each failed to timely file one Form 4 and one Form 5 with respect to five transactions; and (iii) Gordon E. Segal failed to timely file two Forms 4 with respect to two transactions. It also has come to the Company's attention that in addition to the Section 16(a) disclosures contained in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 1999, Fai H. Chan, Heng Fung and eCredit each failed to timely file two Forms 4 and one Form 5 with respect to four transactions involving securities of which they are indirect/beneficial owners during fiscal year 1999; however, these transactions were disclosed on timely filed Forms 4 by the direct owners of the securities at issue. No Forms 5 were filed by any of the officers, directors or 10% or more beneficial owners of the Company's common stock during the last fiscal year. However, to the best of the Company's knowledge, other than as set forth above, all transactions by such persons otherwise required to be filed on a form 5 were previously reported on a Form 4 and, therefore, no Form 5 was required to be filed.

20

In May 1998, in connection with the April 1998 Financing Agreements, Fai H. Chan, Heng Fung and certain affiliated persons and entities filed a Schedule 13D with the SEC to disclose their beneficial ownership of the Company's common stock. Pursuant to the SEC Rule 13d-2(a), if there is a 1% or greater increase or decrease in the percentage of the class of securities beneficially owned by the reporting persons, an amendment to the Schedule 13D is required to be filed with the SEC. Since May 1998, Fai H. Chan, Heng Fung and their affiliates have periodically increased their beneficial ownership of the Company's common stock by more than 1%. Although no amendments to the Schedule 13D have been filed, the transactions were disclosed on Forms 4 filed by Fai H. Chan, Online Credit and their affiliates. In addition, by virtue of eBanker's exercise of warrants to purchase 8 million shares of the Company's common stock in November 2000, Fai H. Chan, Online Credit and their affiliates now own over 50% of the Company's common stock. Forms 4 have been filed with respect to this transaction and an amendment to the Schedule 13D with respect to all of the above-referenced transactions has been filed.

Compensation of Directors.

Standard Arrangements. Members of the Company's Board of Directors are not compensated in their capacities as Board members. However, the Company reimburses all of its officers, directors and employees for accountable expenses incurred on behalf of the Company. Currently, the Company does not pay any directors fees for attendance at Board meetings.

Other Arrangements. During 2001, the Company issued 300 thousand shares of unregistered common stock to a director for services as a consultant. The Company recognized \$203 thousand in compensation expense associated with these sales as the stock was issued for performance of services not associated with being a director. During 2000, the Company also authorized the issuance of 35 thousand common shares to a director in his capacity as Acting Principal Financial and Accounting Officer. Of the 35 thousand authorized shares, 7 thousand had been issued as of December 31, 2001. These shares will be issued at a rate of 7 thousand a year as they are earned. These shares were valued at \$37 thousand, and \$15 thousand in compensation expense was recognized during 2001 related to these shares. The Company has no other arrangements pursuant to which any director of the Company was compensated during the year ended December 31, 2001 for services as a director.

Employment Contracts and Termination of Employment and Change in Control Arrangements and Related Matters.

On August 1, 1998, the Company entered into an employment agreement with Dr. Ruxin for a period of three years commencing August 1, 1998. The initial term of this agreement was extended for an additional two years beyond the initial term (creating a term of five years from August 1, 1998). Under the agreement, Dr. Ruxin receives a salary of \$190 thousand per year and certain other fringe benefits. Dr. Ruxin's employment agreement includes a cost-of-living increase, plus any other increase which may be determined from time to time at the discretion of the Company's Board of Directors. In July 2001, the Board of Directors authorized an increase in Dr. Ruxin's salary to \$250 thousand per year. Dr. Ruxin's employment under the employment agreement may be terminated by Dr. Ruxin upon the sale by the Company of substantially all of its assets, a decision by merger or consolidation of the Company to terminate its business and liquidate its assets, the Company with another entity or an agreement to such a merger or consolidation or any other type of reorganization, or if the Company makes a general assignment for the benefit of creditors, files for voluntary bankruptcy or if a petition for the involuntary bankruptcy of the Company is filed in which an order for relief is entered and remains in effect for a period of thirty days or more, or if the Company seeks, consents to, or acquiesces in the appointment of a trustee, receiver or liquidator of the Company or any material part of its assets. Dr. Ruxin's employment under the employment agreement also may be terminated by reason of Dr. Ruxin's death or disability or for cause as set forth in the employment agreement. If the Company for any reason other than cause or permanent disability terminates the agreement, the Company must pay Dr. Ruxin compensation, benefits and incentives at the rate in effect at termination for twenty-four months following the date of termination. Pursuant to Dr. Ruxin's Employment Agreement, the Company authorized the issuance to Dr. Ruxin of a nonqualified stock option to purchase 1 million shares of the Company's common stock at \$0.75 per share, exercisable when the Corporation's annual audited financial statements reflect earnings of \$0.01 per share, or after a vesting period of sixty months. The options expire 10 years from the date of grant.

On August 1, 1998, the Company also entered into an employment agreement with Thomas F. Marcinek for a period of three years commencing August 1, 1998. The initial term of this agreement was extended for an additional two years beyond the initial term (creating a term of five years from August 1, 1998). Under the agreement, Mr. Marcinek receives a salary of \$125 thousand per year and certain other fringe benefits. Mr. Marcinek's employment agreement includes an annual cost-of-living increase, plus any other increase which may be determined from time to time at the discretion of the Company's Board of Directors. In January 2002, Mr. Marcinek's salary was increased to \$175 thousand per year. The agreement also contains non-solicitation and annual incentive compensation provisions, subject to Board of Directors approval.

Pursuant to the agreement in 1998, Mr. Marcinek received incentive stock options under the Company's Stock Option Plan, as amended, to purchase an aggregate of 350 thousand shares of the Company's common stock. The options vest at the rate of 20% per year over a period of five years. If the Company (i) sells substantially all its assets, or (ii) merges or consolidates with another entity or otherwise reorganizes or (iii) terminates Mr. Marcinek for any reason other than for cause prior to the expiration of the agreement, then the entire 350 thousand in options shall become 100% vested and immediately exercisable.

Mr. Marcinek may terminate his employment under the employment agreement under the same circumstances as set forth in Dr. Ruxin's employment agreement. If the Company for any reason other than cause or permanent disability terminates Mr. Marcinek's employment agreement, the Company must pay Mr. Marcinek compensation, benefits and incentives at the rate in effect at termination for twelve months following the date of termination.

During 1999, the Board of Directors approved salary increases for Ruxin and Marcinek. The increases range from 15% to 20% and are payable effective August 1, 1999, when the Company has achieved positive cash flow from operations. The Board of Directors also approved bonuses in amounts of \$50 thousand and \$25 thousand for Ruxin and Marcinek, respectively, payable when the Company has achieved positive cash flow from operations and approval of the Board of Directors. In July 2001, the Board of Directors authorized payment of a portion of the accrued salary increases to Dr. Ruxin and Mr. Marcinek. The Board of Directors authorized that \$50 thousand be paid to Dr. Ruxin and \$25 thousand be paid to Mr. Marcinek of the accrued salaries due them. During 2001, Dr. Ruxin was paid approximately \$27 thousand of the accrued salary increase due him and Mr. Marcinek was paid approximately \$14 thousand of the accrued salary due him. The remaining \$34 thousand unpaid balance of the accrued salary increase payments authorized by the Board of Directors in July 2001 will be paid during 2002.

PROPOSAL 2**RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS**

The Board of Directors has selected Ehrhardt Keefe Steiner & Hottman PC to serve as independent accountants and auditors for the fiscal year ending December 31, 2002. Ehrhardt Keefe Steiner & Hottman PC examined the financial statements of the Company for the fiscal year ended 2001. The Board of Directors considers Ehrhardt Keefe Steiner & Hottman PC to be well qualified.

Although it is not required to do so, the Board of Directors is submitting its selection of the Company's independent accountants and auditors for ratification at the Annual Meeting in order to ascertain the views of shareholders regarding such selection. If the selection is not ratified, the Board of Directors may reconsider its selection.

THE BOARD OF DIRECTORS RECOMMENDS THAT THE COMPANY'S SHAREHOLDERS VOTE FOR RATIFICATION OF THE SELECTION OF EHRHARDT KEEFE STEINER & HOTTMAN PC TO EXAMINE THE CONSOLIDATED FINANCIAL STATEMENTS OF THE COMPANY FOR THE FISCAL YEAR ENDING DECEMBER 31, 2002.

It is the intention of the persons named in the accompanying form of Proxy to vote the shares represented thereby in favor of such ratification unless otherwise instructed in such Proxy.

The Company does not anticipate having a representative of Ehrhardt Keefe Steiner & Hottman PC at the Annual Meeting or that such representative will be available to answer any questions or make a presentation.

CHANGES IN REGISTRANT'S INDEPENDENT ACCOUNTANTS

On May 31, 2001, Deloitte & Touche LLP, upon being informed by the Company of their eventual dismissal, resigned as independent accountants to the Company. Deloitte & Touche LLP acted as the independent accountants for the Company for the years ended December 31, 2000 and 1999. Deloitte & Touche LLP was appointed as independent accountants on September 13, 1999. The Company appointed Ehrhardt Keefe Steiner & Hottman PC (EKS&H) as its independent accountants, effective June 6, 2001. Prior to engaging EKS&H, the Company had not consulted with EKS&H with regard to any matter concerning the application of accounting principles to any specific transactions, either completed or proposed, or the type of audit opinion that might be rendered with respect to the Company's financial statements. Deloitte & Touche LLP's reports on the Company's financial statements for the fiscal years ended December 31, 2000 and 1999 did not contain an adverse opinion or disclaimer of opinion, and were not qualified or modified as to uncertainty, audit scope or accounting principles. The decision to

change accountants was recommended by the Audit Committee and approved by the Company's Board of Directors. It was the opinion of the Audit Committee and the Board of Directors that the fee structure and service of EKS&H, a regional firm located in Denver, Colorado, would be more conducive to the needs of the Company.

During the Company's fiscal years ended December 31, 2000 and 1999, and the subsequent interim period up to the date of the change in independent accountants, there were no disagreements with Deloitte & Touche LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreement(s), if not resolved to the satisfaction of Deloitte & Touche LLP, would have caused Deloitte & Touche LLP to make a reference to the subject matter of the disagreement(s) in connection with its reports.

ACCOUNTING FEES AND RELATED MATTERS

Audit Fees.

The aggregate fees billed by Deloitte & Touche LLP and EKS&H for professional services rendered for the audit of the Company's annual financial statements for fiscal year ended December 31, 2001, including auditor consents and the reviews of the financial statements included in the Company's Forms 10-Q for that fiscal year, were \$53,294.

Financial Information System Design.

During fiscal year end December 31, 2001, EKS&H did not bill any fees for (i) directly or indirectly operating, or supervising the operation of, the Company's information system or managing the Company's local area network or (ii) designing or implementing a hardware or software system that aggregates source data underlying the financial statements or generates information that is significant to the Company's financial statements taken as a whole.

All Other Fees.

During fiscal year ended December 31, 2001, no fees were billed by EKS&H for services other than as set forth above.

Audit Committee Consideration.

The Audit Committee has not considered whether the provision of services other than in connection with the audit of the Company's financial statements is compatible with maintaining EKS&H's independence because no services other than in connection with the audit of the Company's financial statements are performed by EKS&H.

LEGAL PROCEEDINGS

The Company is not a party to any legal proceedings which management believes to be material, and there are no such proceedings which are known to be contemplated. The foregoing notwithstanding, on September 8, 2000, a law suit was filed in the United States District Court for the Southern District of New York, Case No. 00 CIV. 6769, against certain shareholders and directors of the Company, including, eVision, eBanker, AFFC, Fai H. Chan, Tony T.W. Chan, Robert Trapp, Kwok Jen Fong, Jeffrey M. Busch, Gary L. Cook and other officers and directors of these entities for alleged misrepresentations and/or omissions of material facts in private offering memoranda, communications with shareholders, and in eVision's Annual Report on Form 10-K, in violation of Sections 10(b) and Rule 10b-5 of the 1934 Act. Among other items,

Edgar Filing: GLOBAL MED TECHNOLOGIES INC - Form DEF 14A

the plaintiffs were seeking compensatory damages of no less than \$70 million. On March 19, 2001, the United States District Court dismissed the lawsuit in response to a motion to dismiss filed by the defendants on December 7, 2000. The plaintiffs filed an appeal of the dismissal with the United States Court of Appeals for the Second Circuit which was dismissed on July 9, 2002. The defendants intend to vigorously defend any additional appeal, if filed.

SHAREHOLDER PROPOSALS TO BE PRESENTED

AT THE NEXT ANNUAL MEETING

Shareholders interested in presenting a proposal for consideration at the Company's Annual Meeting of Shareholders to be held on or about July 23, 2003 (the "2003 Annual Meeting") may do so by following the procedures prescribed in Rule 14a-8 under the 1934 Act. Shareholder proposals for the 2003 Annual Meeting must be received by the Company's Secretary within a reasonable time prior to the mailing of the proxy statement for the 2003 Annual Meeting, but no later than February 10, 2003. Further, proxies that confer discretionary authority will not be able to be voted on shareholder proposals which shareholders do not request be included in the Company's proxy statement to be used in connection with the Company's 2003 Annual Meeting if, by April 25, 2003, the stockholder provides the Company with advance written notice of such proposal. Therefore, if a stockholder fails to so notify the Company of such a stockholder proposal by April 25, 2003, proxies that confer discretionary authority will be able to be voted when the proposal is presented at the 2003 Annual Meeting.

28

A shareholder submitting a proposal is required to have continuously held at least \$2,000 in market value, or 1% of the company's common stock entitled to be voted on the proposal at the 2003 Annual Meeting for at least one year by the date the proposal is submitted to the Company. Further, such shareholder must continue to own at least that amount of the Company's common stock through the date on which the 2003 Annual Meeting is held.

2001 ANNUAL REPORT TO SHAREHOLDERS

A copy of the Company's 2001 Annual Report to Shareholders is included with this Proxy Statement. The Company will provide without charge to each person who receives a copy of this Proxy Statement, but does not receive a copy of the Company's Annual Report to Shareholders, a copy of the Company's Annual Report on Form 10-K, including financial statements and the financial statement schedules for the fiscal year ended December 31, 2001. A request for a copy of such Annual Report should be sent to Kim Geist, Secretary, Global Med Technologies, Inc., 12600 West Colfax, Suite C-420, Lakewood, Colorado 80215, and must set forth a good faith representation that, as of September 6, 2002, the record date for the Annual Meeting, the person making such request was a beneficial owner of shares of the Company's common stock. The exhibits to the Annual Report on Form 10-K for the fiscal year ended December 31, 2001 also may be obtained by any shareholder by written request to Kim Geist. Each person making any such request will be required to pay a fee of \$0.25 per page to cover the Company's expenses in furnishing such exhibits.

TRANSACTION OF OTHER BUSINESS

At the date of this Proxy Statement, the only business which the Board of Directors intends to present or knows that others will present at the Annual Meeting is as set forth above. If any other matter or matters are properly brought before the Annual Meeting, or any continuation, postponement or adjournment thereof, it is the intention of the persons named in the accompanying form of Proxy to vote the Proxy on such matters in accordance with their best judgment.

By Order of the Board of Directors

Chairman of the Board
and Chief Executive Officer
