### NOTES TO UNAUDITED FINANCIAL STATEMENTS

#### NOTE 1 - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

##### Description to Business

The Company was incorporated under the laws of the State of Delaware on June 11, 1992, the for purpose of seeking out business opportunities, including acquisitions. The Company is in the development stage and will be very dependent on the skills, talents, and abilities of management to successfully implement its business plan. Due to the Company's lack of capital, it is likely that the Company will not be able to compete with larger and more experienced entities for business opportunities in which the Company may participate will likely be highly risky and speculative. Since inception, the Company's activities have been limited to organizational matters. Organizational costs have been fully amortized.

On May 28, 1998, the Company changed its name from Plasmatronic Technologies, Inc. to Ecological Services, Inc. and on January 3, 2003 changed its name to Stanford Capital Corporation.

##### Interim Financial Information

The Company, without audit, has prepared the accompanying financial statements. In the opinion of management, all adjustments (which include only normal recurring adjustments) necessary to present fairly the financial position, results of operation and cash flow at September 30, 2003 and 2002 and for all periods presented have been made.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principals have been condensed or omitted. It is suggested that these condensed financial statements be read in conjunction with the financial statements and notes thereto for the year ended March 31, 2003 included in the Company's 10-KSB. The results of operations for the periods ended September 30, 2003 and 2002 are not necessarily indicative of the operating results for the full year.

##### Basis of Accounting

The financial statements of the Company have been prepared on the accrual basis of accounting.

##### Cash and Cash Equivalents

The Company considers all short-term investments with an original maturity of three months or less to be cash equivalents.

##### Use of Estimates

## Edgar Filing: ECOLOGICAL SERVICES INC - Form 10QSB

The preparation of financial statements in conformity with generally accepted accounting principals requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

6

STANFORD CAPITAL CORPORATION  
(formerly Ecological Services, Inc.)  
(A Development Stage Company)

### NOTES TO UNAUDITED FINANCIAL STATEMENTS

#### NOTE 1 - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (continued)

##### Income Taxes

The fiscal year end of the Company is March 31, and an income tax return has not been filed. However, if an income tax return had been filed, the Company would have a net operating loss carry forward of \$54,723 that would begin expiring in the year 2010.

7

#### ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

##### General

Stanford Capital Corporation, (formerly Ecological Services, Inc.) a Delaware corporation, (the "Company") was incorporated under the laws of the State of Delaware on June 11, 1992. Since the Company's incorporation, it has had limited activity and currently has no operations.

The Company is currently looking for a business opportunity. The Company intends to take advantage of any reasonable business proposal presented which management believes will provide the Company and its stockholders with a viable business opportunity. The board of directors will make the final approval in determining whether to complete any acquisition, and unless required by applicable law, the articles of incorporation, bylaws or by contract, stockholders' approval may not be sought.

The investigation of specific business opportunities and the negotiation, drafting, and execution of relevant agreements, disclosure documents, and other instruments will require management time and attention and will require the Company to incur costs for payment of accountants, attorneys, and others. If a decision is made not to participate in or complete the acquisition of a specific business opportunity the costs incurred in a related investigation will not be recoverable. Further, even if agreement is reached for the participation in a specific business opportunity by way of investment or otherwise, the failure to consummate the particular transaction may result in the loss to the Company of all related costs incurred.

Currently management is not able to determine the time or resources that will be necessary to complete the participation in or acquisition of any future business prospect. There is no assurance that the Company will be able to acquire an interest in any such prospects, products or opportunities that may exist or that any activity of the Company, regardless of the completion of any

## Edgar Filing: ECOLOGICAL SERVICES INC - Form 10QSB

participation in or the acquisition of any business prospect, will be profitable.

For the six months ended September 30, 2003 the Company incurred \$2,275 of professional fees related to its SEC filings. For the corresponding period of the prior years, the Company incurred professional fees \$26,459 as it completed a number of delinquent SEC filings. The Company had no revenue for either period.

### Liquidity and Capital Resources

As of September 30, 2003 the Company had no assets and no liabilities. The Company has only incidental ongoing expenses primarily associated with maintaining its corporate status and professional fees for the filing of its SEC reports. The Company will continue to incur cost associated with maintaining its filing obligations with the SEC.

8

Management anticipates that the Company will incur more cost including legal and accounting fees to locate and complete a merger or acquisition. The Company will have to rely on management and principal shareholders to assist in paying for any major expenses. Presently, no one is obligated to provide any further funds to the Company.

Since inception the Company has not generated revenue and it is unlikely that any revenue will be generated until the Company locates a business opportunity with which to acquire or merge. Management of the Company will be investigating various business opportunities with which to acquire or merge. These efforts may cost the Company not only out of pocket expenses for its management but also expenses associated with legal and accounting cost. There can be no guarantee that the Company will receive any benefits from the efforts of management to locate business opportunities.

If and when the Company locates a business opportunity, management of the Company will give consideration to the dollar amount of that entity's profitable operations and the adequacy of its working capital in determining the terms and conditions under which the Company would consummate such an acquisition. Potential business opportunities, no matter which form they may take, will most likely result in substantial dilution for the Company's shareholders as it has only limited capital and no operations.

The Company has had no employees since its inception and does not intend to employ anyone in the future, unless its present business operations were to change. The president of the Company is providing the Company with a location for its offices on a "rent free basis" and no cash salaries or other form of cash compensation are being paid by the Company for the time and effort required by management to run the Company. The Company does intend to reimburse its officers and directors for out of pocket cost.

### Item 3. Controls and Procedures

(a) Evaluation of disclosure controls and procedures. Our chief executive officer and our chief financial officer, after evaluating the effectiveness of the Company's "disclosure controls and procedures" (as defined in the Securities Exchange Act of 1934 Rule 13a-14(c) and 15-d-14(c) as of a date (the "Evaluation Date") within 90 days before the filing date of this quarterly report, have concluded that as of the Evaluation Date, our disclosure controls and procedures were adequate and designed to ensure that material information relating to us and our consolidated subsidiaries would be made known to them by others within those entities.

Edgar Filing: ECOLOGICAL SERVICES INC - Form 10QSB

(b) Changes in internal controls. There were no significant changes in our internal controls or to our knowledge, in other factors that could significantly affect our disclosure controls and procedures subsequent to the Evaluation Date.

### CERTIFICATIONS

I, Charles Camorata, certify that:

1. I have reviewed this quarterly report on Form 10-QSB of Stanford Capital Corporation;

2. Based on my knowledge, this annual report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this annual report;

3. Based on my knowledge, the financial statements, and other financial information included in this annual report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this annual report;

4. The registrant's other certifying officers and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-14 and 15d-14) for the registrant and we have:

a) designed such disclosure controls and procedures to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this annual report is being prepared;

b) evaluated the effectiveness of the registrant's disclosure controls and procedures as of a date within 90 days prior to the filing date of this annual report (the "Evaluation Date"); and

c) presented in this annual report our conclusions about the effectiveness of the disclosure controls and procedures based on our evaluation as of the Evaluation Date;

5. The registrant's other certifying officers and I have disclosed, based on our most recent evaluation, to the registrant's auditors and the audit committee of registrant's board of directors (or persons performing the equivalent function):

a) all significant deficiencies in the design or operation of internal controls which could adversely affect the registrant's ability to record, process, summarize and report financial data and have identified for the registrant's auditors any material weaknesses in internal controls; and

b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal controls; and

6. The registrant's other certifying officers and I have indicated in this annual report whether or not there were significant changes in internal controls or in other factors that could significantly affect internal controls subsequent to the date of our most recent evaluation, including any corrective actions with regard to significant deficiencies and material weaknesses.
