Jacobsen and Kapor have agreed to vote all shares of stock of RealNetworks owned by them to elect Mr. Glaser to the Board of Directors of RealNetworks in each election in which he is a nominee. Pursuant to the terms of an agreement entered into in September 1997 between RealNetworks and Mr. Glaser, RealNetworks has agreed to use its best efforts to nominate, elect and not remove Mr. Glaser from the Board of Directors so long as Mr. Glaser owns a specified number of shares of our common stock.

Executive officers, directors and greater

than ten percent shareholders are required by SEC regulation to furnish us with copies of all such reports they file. Specific due dates have been established by the SEC, and we are required to disclose any failure to file by those dates. Based solely on our review of the copies of such reports received by us, and on written representations by our executive officers and directors, we believe that during fiscal 2013, all of our executive officers and directors and all of the persons known to us to own more than ten percent of our common stock, complied with all Section 16(a) filing requirements applicable to them.

Item 11. Executive Compensation

COMPENSATION DISCUSSION AND ANALYSIS

This compensation discussion and analysis describes the principles underlying our executive compensation program and discusses how those principles affected our policies and decisions regarding the compensation of our named executive officers.

EXECUTIVE SUMMARY FOR 2013

Overview. We made solid progress on our transition strategy during fiscal 2013, launching a new product in each of our three business units, completing a significant portion of our restructuring efforts, and building a solid foundation for future growth and profitability. Our founder and Chairman, Rob Glaser, continued to lead the company as interim chief executive officer, and our management team remained committed to propelling the company forward through the transition that was set in motion in August of 2012. Our plans for growth called for the launch of at least one major new product in each of our three business units. In line with this goal, our Mobile Entertainment business launched LISTEN, a new app and service for music lovers that reinvents the ringback tone experience for smartphone users, in the fourth quarter; our RealPlayer group introduced RealPlayer Cloud, the first integrated video player and cloud service, in the third quarter; and our Games division announced

GameHouse Casino Plus, the first social game to use a sweepstakes offering life-changing cash prizes, in late July. Furthering our efforts to streamline our operations and reduce expenses, we moved our corporate headquarters within Seattle in August and more closely aligned our cost structure with our operations. We continue to look for opportunities to operate in a more lean and efficient manner. The transitional actions are intended to create sustainable growth and profitability for RealNetworks. Our go-forward compensation program, which is substantially pay-for-performance based, aims to encourage the performance necessary to drive toward these goals.

Financial Results. Our financial results for 2013 were reflective of our focus on building new products and driving down costs. Consolidated revenue declined 20% from 2012, as our efforts were diverted away from certain legacy products and toward the development of innovative, new products, and gross profit declined by 18%. Although operating expenses improved over 2012, our net income suffered due to restructuring costs, lease exit costs, and settlement costs necessary to resolve all of our outstanding litigation matters. Adjusted EBITDA fell from a loss of \$16.7 million in 2012 to a loss of \$23.7 million in 2013, primarily as we increased our spending on new product development. As a result of these financial results, annual cash incentives paid to our named executive officers were well below target levels.

Management Team. After experiencing significant turnover in our management team during 2011 and 2012, there was some year-over-year variation in our standard approach to executive compensation as different incentives have been required for recruitment and retention purposes. Since Mr. Glaser's return as our interim chief executive officer in July 2012, he and our Compensation Committee developed a more consistent 2013 compensation program designed to aggressively drive company performance by successfully executing our growth plan, strategic initiatives and restructuring efforts. There are still differences between officers, particularly between recent hires and those running divisions.

Our named executive officers for 2013 include the following executive officers:

Robert Glaser Founder, Chairman and Interim Chief Executive Officer

Michael Parham SVP, General Counsel and Corporate Secretary

Max Pellegrini President, Mobile Entertainment (commenced employment with RealNetworks in February 2013)

Tim Wan SVP, Chief Financial Officer and Treasurer

Scott Uomoto SVP, RealPlayer Group

Pay for Performance. Consistent with our pay-for-performance philosophy, a substantial part of our executive compensation program consists of performance-based compensation.

During 2013, our named executive officers who participated in our annual performance-based cash incentive plan, which we also refer to as our MBO plan, were eligible to receive cash bonuses only upon achieving pre-established performance objectives, all of which were weighted toward financial and strategic objectives of our businesses.

We also relied more on performance-related equity awards, and granted a performance-based stock option to our newest executive officer. These awards would become eligible to vest only upon achievement of significant growth in our revenue and adjusted EBITDA over multiple years (subject to continued service with us).

Accordingly, actual compensation paid to our named executive officers varies with the company's performance in achieving financial and strategic objectives and the executive's individual performance. We believe that our emphasis on pay for performance provides appropriate incentive to our executives to achieve important business objectives of the company and better aligns the interests of our executives with that of our shareholders.

Please note that we define "adjusted EBITDA" as operating income (loss) including other income (expense) net, but excluding the impact of the following: depreciation and amortization; acquisitions-related intangible asset amortization; stock-based compensation; impairment of deferred costs; restructuring and other charges; gain on sale of patents and other technology assets, net of costs; loss on litigation settlements; and lease exit and related charges.

EXECUTIVE COMPENSATION PROGRAM PHILOSOPHY AND ELEMENTS

The overall objectives of our executive compensation program are to provide compensation at competitive levels in order to recruit and retain talented executives, motivate our executives to achieve our strategic and financial objectives, and provide incentives to help align the interests of our executives with the interests of our shareholders. Our executive compensation program provides the following three primary elements of compensation:

• **Base salary.** Our named executive officers receive base salary so that we can recognize them for their day-to-day contributions and provide competitive pay that encourages retention and recruitment.

• **Annual performance-based cash bonus.** We establish an MBO plan on an annual basis, under which our named executive officers (other than our interim chief executive officer) each have an opportunity to receive a cash bonus upon achievement of certain performance objectives derived from the internal strategic plan we establish for the company each year. The cash bonuses are intended to motivate our executives to achieve our financial and strategic objectives. Cash bonuses are not guaranteed (other than as negotiated with Mr. Pellegrini in connection with his hire in 2013, as discussed below) and bonuses in 2013 were below the target opportunity provided to each named executive officer.

• **Long-term equity compensation.** We provide equity-based compensation to our named executive officers to better align their interests with the interests of our shareholders as well as to motivate our officers to enhance the long-term performance of RealNetworks. Equity awards also are an important retention tool for us because the awards typically vest over a multi-year period.

These elements provide incentives to encourage our executives to appropriately balance their focus between our short-term and long-term strategic goals.

We believe that there are multiple, dynamic factors that contribute to the success of our businesses and the individuals that lead those businesses. Moreover, we recognize that our business and the industry in which we operate are constantly evolving and highly competitive in nature. Our approach to executive compensation, therefore, has been to avoid adopting a strict, formulaic structure and to instead allow for a more nuanced and customized system. Under our executive compensation program, we consider the needs of our businesses and our company as a whole; design various elements of compensation to drive our executives and their teams to meet or exceed company goals and objectives; and take into account competitive practices in order to achieve our recruiting and retention needs.

Consistent with our desire to maintain competitive practices and achieve our recruiting and retention goals, in addition to our three primary elements of compensation, our 2013 executive compensation packages also contained certain severance and change in control arrangements; some targeted, one-time bonuses; and retirement and other generally available benefits. In general, we provide very limited executive perquisites, and we do not provide our executives with tax gross ups or supplemental retirement plans.

EXECUTIVE COMPENSATION DECISION-MAKING PROCESS

The Roles of our Board, Compensation Committee and Chief Executive. Our Compensation Committee's purpose is to discharge the Board of Director's responsibilities relating to the compensation of our executive officers and the adoption of policies that govern our compensation and benefit programs, other than with respect to our chief executive officer's compensation. Our Compensation Committee reviews and recommends the chief executive officer's compensation, which is subject to the approval of the Board. The Board is able to make any adjustments that it may determine are appropriate with respect to our chief executive officer's compensation. The Compensation Committee determines all compensation for our other named executive officers. At the invitation of our Compensation Committee, our chief executive officer provides input regarding the performance and appropriate compensation of the other named executive officers. The Compensation Committee gives considerable weight to the chief executive officer's assessment of the other named executive officers because of his direct knowledge of each executive's performance and contributions. During 2013, our interim chief executive officer attended all Compensation Committee meetings at the request of the Committee. However, no executive officer was present for the portion of a Compensation Committee meeting during which his own compensation was discussed or determined.

The Role of the Compensation Consultant. Our Compensation Committee has selected and directly retains the services of Frederic W. Cook & Co., Inc., an independent executive compensation consulting firm. F.W. Cook does not provide any

other services to RealNetworks and works with our management only on matters for which the Compensation Committee is responsible. The Compensation Committee has assessed the independence of F.W. Cook pursuant to SEC rules and concluded that no conflict of interest exists that would prevent F.W. Cook from serving as an independent consultant to the Compensation Committee. The Compensation Committee periodically seeks input from F.W. Cook on a range of external market factors, including evolving compensation trends, appropriate peer companies and market survey data. F.W. Cook also provides general observations on our compensation programs, but it does not determine or recommend the amount or form of compensation for our named executive officers. A representative of F.W. Cook attends Compensation Committee meetings when requested to do so by the Compensation Committee.

The Role of Peer Groups, Surveys and Benchmarking. Peer data have been referenced periodically for context, but were not used for benchmarking purposes for 2013 compensation decisions. The companies in the peer group used as a reference are listed below. During the summer of 2012, with the oversight of our Compensation Committee, F.W. Cook developed a peer group of companies for use in determining compensation arrangements for our interim chief executive officer, Rob Glaser, appointed in July 2012 (the “iCEO Peer Group”). The iCEO Peer Group included all but three of our peer group of companies that had been identified in a previous F.W. Cook compensation study, and included six additional companies. Specifically, Sonic Solutions was omitted because it was merged into another company in 2010 and THQ was omitted as it filed for bankruptcy in 2012. Monster Worldwide was omitted because it was deemed too much larger than our size at the time. The companies added to the iCEO Peer Group were Constant Contact, Limelight Networks, LogMeIn, OpenTable, Stamps.com, and XO Group. These companies were added because they were consumer-facing internet services companies with revenue and market cap between 0.25x and 4x our size at the time. Some of these companies have grown and may be larger today, but the pay data referenced was from a time period when they were within the similar revenue and market cap size range above. Further, the pay data referenced were only used for limited context in 2013, as there was an updated benchmark study completed in the fourth quarter for more up-to-date reference.

In October 2013, again with the oversight of our Compensation Committee, F.W. Cook performed an executive compensation review that included identifying a peer group of companies (the “October 2013 Peer Group”) to be used by us for the purpose of comparing our executive compensation to the market. The 17 peer group companies were publicly traded, U.S.-based internet and software companies, and were selected to reflect our smaller size following recent organizational changes and, in our view, were competitors of ours for purposes of recruiting executive talent. The companies comprising the October 2013 Peer Group are:

Avid Technology, Inc. Harmonic Inc. Shutterfly Inc.
 Blucora, Inc. Limelight Networks, Inc. Take-Two Interactive, Inc.
 Blue Nile, Inc. LogMeIn Inc. Travelzoo Inc.
 Constant Contact, Inc. Move Inc. ValueClick, Inc.
 Dice Holdings, Inc. OpenTable Inc. Vocus, Inc.
 Digital River, Inc. Rosetta Stone Inc.

We consider multiple data sources for assessing our compensation practices. Although we consider competitive market data regarding compensation in order to achieve our goals to recruit and retain our executives, we do not attempt to maintain a certain target percentile within a peer group, nor do we rely solely on such market data. Our management and the Compensation Committee strive to incorporate flexibility into our compensation programs and the assessment process so that we are able to respond to and adjust for the evolving business environment and the value delivered by our named executive officers. In addition to competitive data, we may take into account a variety of other factors, for example, general market conditions, internal equity, an individual’s level of responsibilities, as well as an individual’s recent or future expected contributions.

Consideration of Say-on-Pay Vote Results. We provide our shareholders with the opportunity to cast an annual advisory vote on executive compensation. At our 2013 annual meeting of shareholders, which took place in our fourth fiscal quarter, our shareholders approved the compensation of our named executive officers as disclosed in our 2013 proxy statement by a vote of

approximately 92% of the votes cast on the proposal. By the time that this vote was conducted, most of the decisions relating to the 2013 compensation of our executive officers had been made. However, we highly value the input of our shareholders and the Compensation Committee, with input from F.W. Cook, has carefully considered the results of the 2013 say-on-pay vote and has engaged in discussions regarding shareholder outreach efforts. The Compensation Committee will continue to consider the results of the annual say-on-pay vote in determining 2014 and future compensation programs for our executive officers.

2013 COMPENSATION

Interim Chief Executive Officer Compensation

When Mr. Glaser accepted the role of interim chief executive officer in July 2012, the Compensation Committee engaged F.W. Cook to assist in the design of a compensation package for Mr. Glaser. In connection with this engagement, F.W. Cook compiled the iCEO Peer Group, as described above, and presented to the Compensation Committee its analysis and recommendations regarding the compensation arrangements for Mr. Glaser, which included base salary, annual performance-based cash bonus, and long-term, performance-based equity compensation. Based upon the F.W. Cook analysis, the Compensation Committee recommended, and the full Board of Directors approved, certain current components of the compensation package.

Mr. Glaser's compensation for 2013 was consistent for the most part with his 2012 compensation arrangement as approved by the Board, upon the recommendation of the Compensation Committee, in late 2012 when he became interim chief executive officer. Specifically, his 2013 compensation included (i) an annualized base salary at a rate of \$450,000, which was supplemented with \$150,000 worth of stock options, (ii) a stock option award covering 500,000 shares, which vests at a rate of 12.5% every successive six months to be fully vested after 4 years and having an exercise price equal to \$7.90 per share, which was the closing price of our common stock on the date of grant, and (iii) a discretionary cash bonus of \$244,492, which was based on company performance for 2013 as discussed in more detail below. Although the intended base salary was a total of \$600,000, consistent with 2012, the Compensation Committee determined that part of Mr. Glaser's base salary would be provided as a stock option because the Compensation Committee believed that a higher proportion of his compensation should be related to the company's performance. The stock option in lieu of salary that he received was fully vested at the time of grant, since it was in lieu of vested cash salary, and covered 37,025 shares of our common stock with an exercise price equal to \$7.73 per share, which was the closing price of our common stock on the date of grant. The equity awards were granted pursuant to the 2005 Plan. The annualized total compensation value targeted by the Compensation Committee for Mr. Glaser, assuming all bonus goals were achieved, was slightly above the median for peer chief executives in F.W. Cook's October 2013 review (+7%), and Mr. Glaser's actual 2013 compensation, after including the bonus paid, was 5% below the 25th percentile of the take-home total compensation for chief executive officers in the October 2013 Peer Group companies.

Due to the interim nature of Mr. Glaser's role during 2013, he was not included in the 2013 MBO Plan (discussed below) and no formal cash incentive plan was adopted for him. The determination of his 2013 cash bonus was formulaic, however, in that it was calculated based on the corporate revenue objectives (at 50%) and corporate adjusted EBITDA objectives (at 50%), measured for the first half and second half of 2013, that were applicable to the other executives pursuant to the 2013 MBO Plan. See table below in the section entitled, "Annual Performance-Based Cash Bonuses." Accordingly, although the bonus is disclosed as discretionary, that discretion was applied using pre-established corporate goals and formulae in place for our other named executive officers.

Mr. Glaser was awarded a performance-based RSU covering 132,275 shares of our common stock in December of 2012. This award will be earned and vested, if at all, based on the achievement of pre-established adjusted EBITDA goals for fiscal years 2013 and 2014. The performance goals for the award were deemed by the Compensation Committee to be very challenging such that potential achievement was possible but significantly uncertain. The Compensation Committee determined that the 2013 goal was not attained, therefore no portion of this award was earned or vested in 2013.

Our Board of Directors and our Compensation Committee believe that the 2013 compensation arrangements for Mr. Glaser were appropriate, given that a significant portion of the value of his 2013 compensation is equity based requiring

positive performance in our stock price in order for Mr. Glaser to realize any value. The 2013 compensation package for Mr. Glaser resulted in a total direct compensation opportunity within 10% of the median for the October 2013 Peer Group.

Base Salaries

Base salaries for our named executive officers are determined for each executive based on position, responsibility, experience and competitive market data. Base salaries are adjusted from time to time to recognize various levels of responsibility, promotions, individual performance, market conditions and internal equity issues.

Rather than applying a formulaic approach, the Compensation Committee awards base salaries for our named executive officers within the context of our overall merit increase system considering level of responsibility, individual performance, market competitive factors, and the critical role of the executive in our future growth and strategy. The annual base salaries of our executive officers, other than Mr. Glaser, were last reviewed in October 2013, at which time the Compensation Committee determined that, based on competitive market data from the October 2013 Peer Group, the salaries for Messrs. Parham and Wan were at approximately the 25th percentile, the salary for Mr. Uomoto was within 10% of the median, and the salary for Mr. Pellegrini was in the top quartile. No adjustments to salary were made following the review, as Mr. Pellegrini's salary was determined in connection with his hire earlier in the year, and Messrs. Parham, Uomoto and Wan each received salary adjustments in connection with his promotion, which occurred within the last year or two.

Annual Performance-Based Cash Bonuses

In March 2013, the Compensation Committee established our 2013 MBO Plan, which is our performance-based cash bonus program, in order to motivate and reward an individual's annual contribution to company performance. The MBO Plan is administered pursuant to the 2005 Plan. The MBO Plan pays an annual cash bonus to executives based on the achievement of pre-established financial and strategic objectives. The Compensation Committee determined that implementing an annual measurement period under the 2013 MBO Plan was ideal for aligning the plan's performance measurement period with our financial planning and budgeting period.

Messrs. Parham, Pellegrini, Uomoto and Wan were eligible to participate in the 2013 MBO Plan, each with a target bonus equal to 75% of his annual base salary, although Mr. Parham's target bonus was 45% of his annual base salary for the first part of 2013 until his designation as an executive officer in late April of 2013. The Compensation Committee reviewed the targets and deemed them appropriate based on internal equity considerations and the desire to emphasize teamwork to achieve the company's performance objectives. Mr. Pellegrini's target bonus opportunity was prorated based on his joining the company in February 2013. As discussed above, Mr. Glaser did not participate in the 2013 MBO Plan due to the interim nature of his position.

•Performance Criteria - The performance criteria used to determine the annual bonuses for the named executive officers were revenue and adjusted EBITDA for either divisional results or corporate results, or both, depending upon whether the executive had divisional responsibility. The Compensation Committee's philosophy is to establish performance goals for executives that reflect our strategy of producing financial results that (a) are in the interests of our company and shareholders, (b) have a degree of difficulty that the Compensation Committee considers to be challenging but achievable with significant effort and skill, and (c) require a high level of financial performance in the context of the present state of our business and the annual budget. Consistent with this strategy, the Compensation Committee established revenue as a performance metric under the 2013 MBO Plan because it was a key element of our 2013 business plan and we consider revenue to be a key driver of our growth and success. The Compensation Committee also established adjusted EBITDA as a performance metric under the 2013 MBO Plan in order to reward our executives for maintaining fiscal responsibility, implementing our cost reduction program, and achieving short-term profitability and therefore, like revenue, aligning the interests of plan participants with those of the company and its shareholders. Performance criteria for all of our named executive officers also included individualized non-financial strategic goals intended to specifically motivate each executive to accomplish specific goals that would drive our growth and strong financial performance. The following table indicates the performance goals for each named executive officer in 2013 as well as the weightings of the goals, pursuant to which the amount of the bonus payouts (if any) was determined:

Name	Revenue Goals	Adjusted EBITDA Goals	Individual Strategic Goals
Rob Glaser	Company Revenue (weighted at 50%)	Company Adjusted EBITDA (weighted at 50%)	(1)
Tim Wan	Company Revenue (weighted at 50%)	Company Adjusted EBITDA (weighted at 25%)	Develop plans regarding operating expense savings and support strategic goals relating to the businesses (weighted at 25%)
Michael Parham	Company Revenue (weighted at 50%)	Company Adjusted EBITDA (weighted at 25%)	Develop plans regarding operating expense savings and support strategic goals relating to the businesses (weighted at 25%)
Max Pellegrini	Mobile Entertainment Group Revenue (3) (weighted at 26.67%) Company Revenue (weighted at 40%) RealPlayer Group Revenue (weighted at 33.33%)	Mobile Entertainment Group Adjusted EBITDA (3) (weighted at 13.33%) Company Adjusted EBITDA (weighted at 20%) RealPlayer Group Adjusted EBITDA (3) (weighted at 25%)	(2)
Scott Uomoto	Company Revenue (weighted at 16.67%)	RealPlayer Group Adjusted EBITDA (3) (weighted at 25%)	Develop plans regarding operating expense savings; product launch and KPI goals relating to the business (weighted at 25%)

As discussed above, Mr. Glaser's cash incentive bonus was based on the corporate revenue and adjusted EBITDA (1) objectives that applied to the other named executive officers even though he did not formally participate in the 2013 MBO Plan due to the interim nature of his position.

Because Mr. Pellegrini commenced employment with RealNetworks subsequent to the start of fiscal 2013 and (2) required some time to refine his strategic plan, no individual strategic goals were set for him. 100% of his 2013 cash incentive bonus was based on pre-established corporate and business unit financial goals.

(3) Excludes the results of certain corporate-directed product initiatives not within the purview of Messrs. Pellegrini and Uomoto.

•Performance Goals - Performance goals for the financial criteria were set at threshold, target and maximum levels based on objectives in our internal strategic plan for 2013. Performance against financial goals was measured for the first half of 2013 and for the second half of 2013.

Revenue Goals:	Target	2013 Actual
	1st half/2nd half	1st half/2nd half
Company Revenue	\$103.07M/\$114.17M	\$106.64M/\$99.55M
Mobile Entertainment Revenue (Mr. Pellegrini only)	\$35.39M/\$40.92M	\$36.27M/\$39.23M
RealPlayer Group Revenue (Mr. Uomoto only)	\$36.74M/\$36.0M	\$40.77M/\$34.44M
Adjusted EBITDA Goals:		
Company Adjusted EBITDA (not applicable to Mr. Uomoto)	(\$13.96M)/(\$4.2M)	(\$8.76M)/(\$14.98M)
Mobile Entertainment Adjusted EBITDA (Mr. Pellegrini only)	\$3.47M/\$3.04M	\$3.73M/\$1.82M
RealPlayer Group Adjusted EBITDA (Mr. Uomoto only)	\$3.35M/\$6.94M	\$3.87M/\$0.41M

For the individual strategic goals, Mr. Wan was determined to have achieved his three goals at a combined rate of 67% (two out of three goals were achieved at 100%, the third at 0%); Mr. Parham was determined to have achieved his three goals at a combined rate of 67% (two out of three goals were achieved at 100%, the third at 0%); and Mr. Uomoto was determined to have achieved his four goals at a combined rate of 50% (one goal at 100%, one at 75%, one at 25%, and the fourth goal at 0%). As discussed above, Messrs. Glaser and Pellegrini were not subject to individual strategic goals for 2013.

•Payout Structure - The overall payout structure ensured that there was no ability for participants to earn awards greater than target for adjusted EBITDA or revenue performance unless revenue or adjusted EBITDA performance, respectively, was at least at target, the rationale for which was to emphasize the need for both growth and operational discipline.

Edgar Filing: REALNETWORKS INC - Form 10-K/A

The payout mechanics of the 2013 MBO Plan based on financial metrics were as follows:

Revenue		Incentive Payout(1)	
Attainment			
<90%		No payout	
90% - 100%		50 - 100%	
100% - 120%+		100% - 200%	
Adjusted EBITDA (Up to \$3M)		Adjusted EBITDA (Above \$3M)	
Attainment	Incentive Payout(2)	Attainment	Incentive Payout(3)
<80%	No payout	<80%	No payout
80% - 100%	50 - 100%	80% - 100%	50 - 100%
100% - 120%+	100% - 120%	100% - 140%+	100% - 160%

(1) Payout based on revenue goals was capped at 100% unless the adjusted EBITDA attainment reached 100%.

(2) Payout based on adjusted EBITDA goals was capped at 100% unless the revenue attainment reached 100% or if adjusted EBITDA was negative.

(3) Payout based on adjusted EBITDA goals was capped at 100% unless the revenue attainment reached 100%.

The 2013 MBO Plan included a discretionary modifier to adjust the calculated payout for an individual executive officer upward or downward by up to 25%, based on such factors as shareholder value creation, revenue growth, cash flow generation, use of capital, or other considerations that the Compensation Committee deemed relevant.

Notwithstanding the performance and payout targets established under the 2013 MBO Plan, the Compensation Committee reserved the right to adjust performance and payout targets based on acquisitions or dispositions of assets and also decrease or eliminate an executive officer's award before it was paid. However, under the 2013 MBO Plan, no upward adjustments in bonus payouts were permitted with respect to certain participants, including the company's chief financial officer or any president. The Compensation Committee made no adjustments to performance or payout targets in 2013 because it believed that the bonus amounts were appropriate based on the level of achievement of the performance goals. Executive officers were required to be employed on the date award payments were made in order to be eligible to receive payment under the 2013 MBO Plan, except in the case of death or disability.

Under the 2013 MBO Plan, the actual payouts as a percentage of target and of base salary for each of our named executive officers, except the interim chief executive officer, was made pursuant to the formula based on goal achievement. The payments earned for performance under the 2013 MBO Plan were as follows:

Name and Title	Target Payout under 2013 MBO Plan (as a percentage of base salary)	Actual Payout under 2013 MBO Plan (as a percentage of base salary)	Actual Payout Amount under 2013 MBO Plan (1)
Rob Glaser	100% (2)	54%	\$244,492
Tim Wan	75%	43.9%	\$125,047
Michael Parham	45% / 75% (3)	38.0%	\$98,868
Max Pellegrini	75%	48.1% (4)	\$166,067
Scott Uomoto	75%	57.4%	\$178,004

(1) Although bonuses were determined based on financial results for the first half and second half of 2013, the individual strategic goals were assessed for the full year only. Accordingly, the bonus achievement determination

was made after the completion of the full year and the full 2013 bonus amounts were paid during the first quarter of 2014.

As discussed above, Mr. Glaser was not part of the 2013 MBO Plan. The Compensation Committee did, however, (2) assume a target payout of 100% of his cash base salary of \$450,000 (i.e., excluding his \$150,000 worth of option salary).

As discussed above, Mr. Parham's target was 45% from January through April (as he was designated as an executive officer in late April), and was increased to 75% for May through December, resulting in a blended target of 65%.

Based on base salary annualized from March 1, 2013 commencement of employment with RealNetworks. Pursuant to the terms of his offer letter, as negotiated at the time of his hire, Mr. Pellegrini was guaranteed at least 30% of his prorated target bonus amount. Based on actual performance, Mr. Pellegrini achieved a bonus at 48.1% of his prorated target bonus opportunity.

Special Cash Bonus Awards

From time to time, we utilize discretionary signing, promotion, retention or other bonus awards as compensation tools that provide incentives for executives to accept employment offers, to reward outstanding performance by executives and to retain key executives. We believe that these bonus awards are consistent with our overall executive compensation philosophy to achieve our recruiting and retention objectives as well as to allow discretion to address the needs of our businesses, which operate in a constantly evolving and highly competitive environment.

Signing Bonus. In February 2013 and pursuant to his offer letter from the company, Mr. Pellegrini was provided a signing bonus in the amount of \$275,000 intended to compensate for the forfeiture of an incentive bonus at his prior employer. The bonus was subject to repayment (i) in full if Mr. Pellegrini chose to leave his employment with RealNetworks within the first six months of his employment with us, and (ii) at 50% if Mr. Pellegrini chose to leave his employment with RealNetworks within the second six months of his employment with us. The Compensation Committee believed that the signing bonus was appropriate as part of the compensation package necessary to recruit Mr. Pellegrini to join the company.

The Role of Long-Term Equity Awards

Because the value of an equity award is dependent on our stock price, our equity compensation program is designed to align executive compensation with the interests of our shareholders and also with the long-term performance of RealNetworks. Equity compensation awards are also an important employee retention tool as they generally vest over a multi-year period, subject to continued service by the award recipient.

In August 2012, following a review of our equity compensation program and practices in light of our overall compensation program objectives and upon the recommendation of management, the Compensation Committee determined that, going forward, awards of stock options would serve as our primary equity vehicle. The rationale for this decision was to motivate executives to focus on increasing shareholder value. In addition, having approved significant performance-based equity awards to Mr. Glaser in late 2012 and to Mr. Pellegrini upon his hire in early 2013, the Compensation Committee has emphasized performance-based awards in order to focus our executives on improving company performance.

In April 2012, the Compensation Committee approved the implementation of an equity program that would provide named executive officers with a combination of time-based restricted stock units and performance-based restricted stock units. The performance-based restricted stock units, or PRSUs, awarded pursuant to this program were intended to continue to support and promote the key objective of the company for 2012, namely the return to growth, by motivating executives to create a revenue growth profile for the company for fiscal 2013 and beyond. The Compensation Committee believed that the time-based restricted stock units were appropriate in order to promote our retention goals during the period of transition for the company's leadership.

2012 Performance-Based Restricted Stock Units. PRSUs awarded under this program were scheduled to vest to the extent that certain revenue growth goals were achieved. The baseline for measurement was actual revenue for 2012, normalized for any divestitures, mergers or acquisitions, with the growth rate measured after the close of fiscal 2013. At the measurement date, the PRSUs could have vested at 50% if minimum growth, or 0%, was attained; at 100% if target growth, or 5%, was attained; and at 150% if maximum growth, or 10%, was attained. Of our 2013 named executive officers, only Messrs. Uomoto and Wan were awarded 2012 PRSUs as they were the only current named executive officers who were also officers at the time that the awards were approved. The performance goals for the program were deemed by the Compensation Committee to be very challenging such that potential achievement was possible but significantly uncertain. Each of these individuals was awarded a target of 50,000 and a maximum of 75,000 PRSUs. On January 16, 2014, the Compensation Committee determined that the minimum target growth was

not achieved and, consistent with our pay-for-performance philosophy, none of the 2012 PRSUs were earned and all were forfeited as of December 31, 2013.

2013 Option Awards. In February 2013, in connection with the commencement of his employment with us, the Compensation Committee granted a time-based stock option to Mr. Pellegrini to acquire 350,000 shares of common stock with an exercise price equal to \$7.76, the closing price of our common stock on the grant date. The option vests 25% on the one-year anniversary, then vests an additional 12.5% at the expiration of each successive six months of employment.

In July 2013, upon Mr. Glaser's recommendation, the Compensation Committee approved the award of stock options to several executives, including certain of our named executive officers. These options were awarded primarily to encourage and reward future share price improvement, and to ensure the competitiveness of our equity award program in light of our recruiting needs. In connection with this grant, Messrs. Parham, Uomoto and Wan were awarded options to acquire 120,000, 150,000 and 200,000 shares of common stock, respectively, pursuant to the 2005 Plan and subject to our standard four-year vesting of 12.5% on each of the successive six-month periods following the grant date, subject to the executive's continued employment with the company. Mr. Pellegrini did not receive an award because he received both a time-based option (discussed above) and a performance-based option (discussed below) in connection with his hire earlier in the year. In determining the size of these option awards, the Compensation Committee considered the existing equity holdings of these executives, specifically including the unvested value, and the opportunity to benefit from future equity appreciation, as well as individual performance. The exercise price of each of the stock options is equal to \$7.79, the closing price of our common stock on the grant date.

2013 Performance-Based Option Award. Pursuant to the terms of our offer letter to Mr. Pellegrini, the Compensation Committee approved the award to him of a performance-based option. Due to the time required to establish the performance criteria after his February start date, the option was not approved until July 2013. The option is for the purchase of 350,000 shares of common stock and will be earned and vested, if at all, upon the achievement of pre-established goals relating to fiscal years 2013, 2014, 2015 and 2016. These goals are based on revenue, adjusted EBITDA, and key performance indicators relating to the company's Mobile Entertainment business. The Compensation Committee deemed the achievement of these goals to be very challenging such that significant effort would be required for attainment. This performance-based option award allows for the acceleration of the vesting of a limited number of awards each year in the event of earlier achievement. On February 7, 2014, the Compensation Committee determined that the revenue and adjusted EBITDA goals for 2013 had been achieved (revenue of \$81.2 million compared to a target of \$74.7 million; adjusted EBITDA of \$5.8 million compared to a target of \$5.3 million), although the subscriber goal had not. As a result, the Compensation Committee determined that 43,750 shares subject to Mr. Pellegrini's performance-based option award had vested and been earned as of December 31, 2013. The exercise price relating to those vested shares is equal to \$7.79, the closing price of our common stock on the vesting date. This award was negotiated with Mr. Pellegrini in connection with his hire and the Compensation Committee believed that it was appropriate and necessary in order to recruit him to join the company.

Benefits, Perquisites, Severance and Certain Benefits in Connection with a Change in Control

Benefits. Benefits are part of a competitive compensation package to attract and retain employees, including executives. Our executive officers are eligible to participate in all of the benefit programs offered to employees in the geographic region in which their customary employment is based. These programs include medical, dental, vision, group life and disability insurance, a medical reimbursement plan, a transportation subsidy and an employee stock purchase plan that permits employees to purchase our common stock at a 15% discount from the closing sale price of our common stock as reported on the Nasdaq Stock Market on the last trading day of each offering period.

Our employees, including our named executive officers, are also eligible to participate in our 401(k) savings plan, a tax-qualified retirement savings plan pursuant to which all U.S.-based employees are able to contribute the lesser of up to 50% of their cash compensation (including base salary, bonuses, commissions and overtime pay) or the limit prescribed by the Internal Revenue Service to the plan on a before-tax basis. RealNetworks will match 50% of the first 3% of pay that is contributed to the 401(k) savings plan. All employee contributions to the 401(k) savings plan are fully vested upon contribution. Matching contributions by RealNetworks become fully vested after three years. Our executive officers are eligible to participate in the benefit programs described above on the same basis as our other employees.

Perquisites. We may offer other benefits to our employees and executive officers from time to time, including relocation packages, which benefits are typically offered to help us compete more effectively in to attract or retain an

executive officer. In 2013, we reimbursed each of Mr. Glaser and Mr. Pellegrini for legal fees that he incurred in connection with the

negotiation of his employment arrangement with us. These amounts have been reported as taxable income to Messrs. Glaser and Pellegrini. In addition, the imputed costs associated with the occupancy of office space and parking in our headquarters building by Mr. Glaser's personal assistant have been reported as taxable income to Mr. Glaser. As negotiated at the time of his hire and reflected in his offer letter, Mr. Pellegrini is entitled to receive an annual allowance of up to 25,000 Euros for one family trip from New York to Italy. There were no other special benefits or perquisites provided to any other named executive officer in 2013.

Severance Benefits. Pursuant to offer letters, each of Messrs. Parham, Uomoto and Wan is eligible to receive 12 months of base salary plus 12 months of COBRA coverage in the event that we terminate his employment without cause. In the event that Mr. Pellegrini is terminated without cause or he resigns for good reason at any time (a) before the third anniversary of the commencement of his employment with us, he is eligible to receive 18 months of his base salary and prorated bonus, plus 12 months of COBRA coverage; or (b) after the third anniversary of the commencement of his employment with us, he is eligible to receive 12 months of his base salary and prorated bonus, plus 12 months of COBRA coverage. Mr. Pellegrini's prorated bonus severance would be based on actual performance but in any case not less than 37.5% of his base salary. His severance also includes one year of accelerated vesting of any unvested, non-performance-based stock options. In each case, severance benefits are conditioned upon the individual entering into a customary agreement providing a release of claims in favor of the company. The Compensation Committee believes that these severance benefits are appropriate in order to provide competitive compensation and enable the company to recruit and retain talented executives.

Historically our practice was to pay modest severance upon a voluntary termination, if an executive provided notice to us of at least 90 days, in order to encourage our executives to provide us with sufficient notice in advance of a departure to allow for an orderly transition period. In August 2012, the Compensation Committee, upon recommendation of Mr. Glaser, ended this practice going forward.

Two of our named executive officers, however, have severance arrangements that were entered into before this practice was ended. Specifically, upon three months' notice of a voluntary termination, the company is obligated to pay Mr. Wan three months of his base salary; upon six months' notice of a voluntary termination, the company is obligated to pay Mr. Uomoto six months of his base salary.

Under our equity incentive plans, for awards granted prior to November 30, 2012, if we terminate the employment of a named executive officer for any reason other than for cause, or in the event of the disability of the named executive officer, and any of such named executive officer's outstanding stock options or restricted stock units (including PRSUs) are not fully vested, the individual award agreements entered into with such named executive officer provide that the next vesting installment of such stock options or restricted stock units will vest on a pro rata basis for the portion of the year elapsed since the date on which the vesting of the options or restricted stock units commenced or the last anniversary thereof, expressed in full months, provided that in the event the employment of the named executive officer is terminated without cause, the named executive officer executes and delivers a settlement agreement and release satisfactory to us on or before the date of such termination. If the employment of a named executive officer terminates due to such executive officer's death, any stock options or restricted stock units that are unvested as of the date of such executive officer's death will fully vest on such date and may be exercised by the estate or legal representative of such executive officer for a period of one year following such date. Messrs. Parham, Uomoto and Wan held awards during 2013 that were subject to these provisions. For purposes of the award agreements, "cause" includes, for example, the substantial and continuing failure of the award holder after written notice to render services to the company in accordance with the terms or requirements of the award holder's employment for reasons other than illness or incapacity, willful violation by the award holder of a policy or procedure of the company, resulting in any case in significant harm to the company, and the award holder's violation of any confidentiality or non-competition agreements with the company or its subsidiaries.

Severance and Change in Control Benefits. With all of our named executive officers other than Mr. Glaser, we have agreed to "double-trigger" change in control and severance arrangements (the "CIC Agreements") in order to encourage the retention and commitment of these executives during times of leadership transition and restructuring activities. In August 2012, management led the Compensation Committee in a review of our change in control severance practices as compared to our peers, including the results of a study of peer practices compiled by F.W. Cook. The Compensation Committee determined that our practices in this regard were in line with those of our peers, but that

certain adjustments would be considered.

20

Our current CIC Agreements provide that in the event of a “change in control” of RealNetworks, if the employment of the executive is terminated without “cause” or such executive resigns for “good reason” (as such terms are defined in the Amended CIC Agreement) within three months prior to or 24 months following such change in control, the executive is entitled to receive (i) a lump sum payment equal to 125% (for Messrs. Parham, Uomoto and Wan) or 150% (for Mr. Pellegrini) of the sum of his base salary and target bonus (the bonus is applicable only to Messrs. Parham, Uomoto and Wan), (ii) 100% (for Messrs. Parham, Uomoto and Wan) or 150% (for Mr. Pellegrini) of his prorated target bonus for any partial annual incentive bonus period, (iii) 100% accelerated vesting of his equity awards granted on or after February 1, 2010 (for Messrs. Parham, Uomoto and Wan) or accelerated vesting of those equity awards that would have vested within the 12 months following termination (for Mr. Pellegrini), (iv) extension of the post-termination exercisability of all vested nonqualified stock options that are outstanding as of the date of the executive’s termination of employment for up to 12 months, and (v) reimbursements for up to 18 months of COBRA health insurance premiums. In order for the executive to receive such severance benefits, he must (i) execute a release of claims in favor of RealNetworks, (ii) agree to a nondisparagement obligation, and (iii) agree to non-solicitation and no-hire obligations for a period of 12 months (for Messrs. Parham, Uomoto and Wan) or 18 months (for Mr. Pellegrini) following termination. For purposes this agreement, “cause” includes, for example, the substantial and continuing failure of the executive, after written notice thereof, to render services to RealNetworks in accordance with the terms or requirements of his employment for reasons other than illness or incapacity, and his violation of any confidentiality or non-competition agreements with RealNetworks or its subsidiaries that results in material harm to RealNetworks. The term “good reason” includes, for example, a material reduction (of more than 10%) in the executive’s annual base compensation as in effect immediately prior to such reduction, a material reduction in his annual target bonus opportunity (of more than 10%) and a material change (of more than 50 miles) in the geographic location where he is required to perform his work.

Under our equity incentive plans, our executive officers may be eligible to receive certain benefits with respect to outstanding awards granted under our equity incentive plans in the event of a change in control of RealNetworks. A change in control of a corporation is often accompanied by changes in the corporate culture and job losses due to redundancy, especially at the executive levels. If a change in control of RealNetworks were under consideration, we expect that our executives could be faced with personal uncertainties and distractions about how the transaction may affect their continued employment with us. By granting awards under our equity incentive plans that include change in control benefits before any such transaction is contemplated, we hope to focus our executive’s full attention and dedication to our shareholders’ best interests in the event of a threatened or pending change in control, and to encourage the executive to remain employed by RealNetworks through the completion of any such transaction.

Tax and Accounting Implications

Deductibility of Executive Compensation. Section 162(m) of the Internal Revenue Code of 1986, as amended, generally limits the federal corporate income tax deduction for compensation paid by a public company to its chief executive officer and certain other executive officers to \$1 million in the year the compensation becomes taxable to the executive, unless the compensation is “performance-based compensation” or qualifies under certain other exceptions. Our Compensation Committee seeks to balance its objective of ensuring an effective compensation package with the need to maximize the deductibility of executive compensation, and intends to seek to qualify executive compensation for deductibility under Section 162(m) to the extent consistent with the best interests of RealNetworks. Since corporate objectives may not always be consistent with the requirements for full deductibility, it is conceivable that we may enter into compensation arrangements in the future under which payments are not deductible under Section 162(m). Deductibility will not be the sole factor used by the Compensation Committee in ascertaining appropriate levels or modes of compensation.

Accounting for Stock-Based Compensation. We account for stock-based compensation in accordance with the requirements of Accounting Standards Codification Topic 718, Compensation - Stock Compensation. Under the fair value provisions of this statement, stock-based compensation cost is measured at the grant date based on the fair value of the award.

The amounts reported in these columns represent the threshold, target and maximum amounts of annual performance-based cash incentive compensation that might have been paid to each named executive officer for (1) 2013 performance. The actual amounts paid for 2013 are shown in the “Non-Equity Incentive Plan Compensation” column of the “Summary Compensation Table.” These awards are described in further detail in the Compensation Discussion and Analysis in the section titled “2013 Compensation — Annual Performance-Based Cash Bonuses.” The amounts reported in these columns represent the threshold, target and maximum amounts of performance-based restricted stock units that were granted to the named executive officers in 2013. These awards will vest, if at all, upon the attainment of certain performance goals for 2013, 2014, 2015 and 2016. 43,750 of these (2) awards were earned, and vested, in 2013. These awards are described in further detail in the Compensation Discussion and Analysis in the section titled “2013 Compensation — The Role of Long-Term Equity Awards — 2013 Performance-Based Option Award.” (3)

The numbers of securities reported in this column represent non-qualified stock options granted under the 2005 Plan and are described in further detail above in the “Compensation Discussion and Analysis” and below in the “Outstanding Equity Awards at December 31, 2013” table. The exercise price of the stock options is equal to the closing price of RealNetworks’ common stock on the date of grant. If a named executive officer’s employment terminates for any reason other than death, disability, upon a change of control, or upon the termination of employment by RealNetworks without cause (provided that the named executive officer delivers a settlement agreement and release upon such termination), the unvested portion of the stock options will not vest and all rights to the unvested portion will terminate.

The amounts reported in this column reflect the aggregate grant date fair value, excluding the effect of estimated forfeitures, of the awards granted in 2013 pursuant to the 2005 Plan, determined in accordance with financial (4) accounting rules rather than an amount paid to or realized by the executive officer. For a discussion of valuation assumptions, see Note 1 and Note 13 to our Notes to Consolidated Financial Statements included in our annual report on Form 10-K for the year ended December 31, 2013.

The option exercise price has not been deducted from the amounts indicated above. Regardless of the value placed on a stock option on the grant date, the actual value of the option will depend on the market value of RealNetworks' common stock at such date in the future when the option is exercised. The proceeds to be paid to the individual following the exercise of the option do not include the option exercise price.

(1) Assumes that Mr. Wan has provided a notice period of 3 months and that Mr. Uomoto has provided a notice period of 6 months prior to voluntarily terminating his employment with RealNetworks.

Benefits Not In Connection With A Change in Control

Pursuant to offer letters, Messrs. Parham, Uomoto and Wan are each eligible to receive 12 months of salary plus 12 months of COBRA coverage in the event that his employment is terminated without cause other than in connection with a change in control event. Pursuant to his offer letter, Mr. Pellegrini is eligible to receive 18 months of salary and prorated bonus, plus 18 months of COBRA coverage in the event that, prior to the three-year anniversary of his start date, his employment is terminated without cause other than in connection with a change in control event; in the event that, after the three-year anniversary of his start date, his employment is terminated without cause other than in connection with a change in control event, Mr. Pellegrini is eligible to receive 12 months of salary and prorated bonus, plus 12 months of COBRA coverage. Mr. Pellegrini's prorated bonus in a severance scenario would be based on actual performance but in any case not less than 37.5% of base salary. In addition, his offer letter provides that upon a termination without cause other than in connection with a change in control, he will receive 1 year of accelerated vesting of any unvested, non performance based stock options. The severance benefits for these named executive officers described above are subject to the individual entering into a customary separation agreement and release of claims in favor of the company.

Certain equity awards held by Messrs. Parham, Uomoto and Wan provide for partial vesting acceleration upon his termination by us without cause. Specifically, for awards granted prior to November 30, 2012, if we terminate the employment of the named executive officer for any reason other than for cause, and any of his outstanding stock options or RSUs are not fully vested, the next vesting installment of such stock options or RSUs will vest on a pro rata basis for the portion of the year elapsed since the date on which the vesting of the options or RSUs commenced or the last anniversary thereof, expressed in full months, provided that the executive executes and delivers a settlement agreement and release satisfactory to us on or before the date of such termination.

Benefits In Connection With A Change in Control

The Amended CIC Agreements between RealNetworks and each of our named executive officers, except Mr. Glaser, provide that the executive would receive certain payments in the event of his termination of employment under certain circumstances. Specifically, if any of Messrs. Parham, Uomoto or Wan's employment is terminated without cause or he resigns for good reason and the termination occurs within three months prior to or 24 months following our change in control, then he is entitled to receive 125% of his base salary, 125% of his target bonus, his prorated target bonus for any partial bonus period, full acceleration of equity awards granted after February 1, 2010, extension of post-termination exercisability period of outstanding vested options for up to 12 months, and up to 18 months of reimbursement of COBRA coverage. In the case of performance-based RSUs, the termination without cause or resignation for good reason of a named executive officer would result in full acceleration of such award. If Mr. Pellegrini's employment is terminated without cause or he resigns for good reason and the termination occurs within three months prior to or 24 months following our change in control, then he is entitled to receive 150% of his base salary, 150% of his target bonus, 12 months of acceleration of equity awards, extension of post-termination exercisability period of outstanding vested options for up to 12 months, and up to 18 months of reimbursement of COBRA coverage

Benefits Upon Voluntary Termination, Death and Disability

Upon Voluntary Termination. It has been our practice to pay a modest severance upon a voluntary termination if the executive provides advance notice to us of at least 90 days. This practice is intended to allow for a more orderly transition period. Pursuant to agreements in effect at December 31, 2013, Mr. Wan is eligible for severance equal to three months of his base salary if he provides at least three months' advance notice, and Mr. Uomoto is eligible for severance equal to six months of his base salary if he provides at least six months' advance notice. Severance amounts shown in the above table under the caption "Voluntary Termination" assume that each named executive officer has provided the required advance notice prior to voluntarily terminating his employment on December 31, 2013.

Upon Death or Disability. If the employment of a named executive officer had terminated on December 31, 2013 due to death or disability, the executive or his beneficiary would have been entitled to receive the portion of the performance-based cash incentive or discretionary bonus compensation earned in 2013 but not paid as of December 31, 2013.

If the employment of a named executive officer terminates due to his death, any stock options or RSUs that are unvested as of the date of his death will fully vest on such date and any options may be exercised by his estate or legal

representative for a period of one year following such date, but not later than the expiration date of such stock options. If the employment of a named executive officer terminates due to disability, and any of his outstanding stock options or RSUs are not fully vested, the next vesting installment of such stock options or RSUs will vest on a pro rata basis for the portion of the year elapsed since the date on which the vesting of the options or RSUs commenced or the last anniversary thereof, expressed in full months. In the case of performance-based RSUs, the death or disability of a named executive officer would result in full acceleration of such award.

Compensation Committee Interlocks and Insider Participation

From January 1, 2013 to October 23, 2013, the Compensation Committee was composed of Ms. Roberts and Messrs. Galgon and Trempont. Ms. Lepore was appointed to the Board on September 27, 2013 and as a member of the Compensation Committee on October 23, 2013. In 2013, no executive officer of RealNetworks served as a member of the board of directors or compensation committee of any entity that had one or more executive officers serving as a member of RealNetworks' Board of Directors or Compensation Committee. In addition, no interlocking relationship existed between any member of our Compensation Committee and any member of the compensation committee of any other company.

Compensation of Non-Employee Directors

In 2013, each director who was not an employee of RealNetworks was paid \$8,750 per quarter for his or her services as a director. Non-employee directors were also paid (i) \$1,000 for participation in each meeting of the Board, (ii) \$1,000 for participation in each meeting of a Board committee, including our standing committees and certain special committees, and (iii) \$5,000 per quarter for serving as chairperson of the Audit Committee, \$3,125 per quarter for serving as chairperson of the Compensation Committee and \$2,500 per quarter for serving as chairperson of the Nominating and Corporate Governance Committee. In addition, the lead independent director was paid an additional retainer of \$5,000 per quarter. Directors were also reimbursed for their reasonable expenses incurred in attending Board of Directors or Committee meetings.

Pursuant to the RealNetworks, Inc. 2007 Director Compensation Stock Plan, a sub-plan administered under our 2005 Plan, a non-employee director may make an irrevocable election prior to the commencement of each plan year to receive all or a portion of the cash compensation payable to such director for the coming year in shares of our common stock. No director elected to receive shares in lieu of cash compensation in 2013.

Non-employee directors other than our Chairman receive equity awards under the 2005 Plan on the third business day following each annual meeting of shareholders. The 2013 equity awards consisted of (i) nonqualified stock options to purchase 15,000 shares of our common stock that, once vested, will remain exercisable for three years following the director's separation from the Board or until the option's earlier expiration, and (ii) RSUs valued at \$45,000 on the grant date. These options and RSUs vest monthly in equal increments over a 12-month period following the award's grant date assuming continued service as a director, with the RSU share distribution date occurring on the first anniversary of the grant date. Non-employee directors may make an annual irrevocable election to defer the RSU share distribution date to a date that is (i) five years following the RSU grant date, or (ii) concurrent with the Director's separation from the Board. Our Board has adopted stock ownership guidelines applicable to non-employee directors designed to achieve long-term alignment between non-employee directors and our shareholders. Under these guidelines, each non-employee director is required to own a number of shares of our common stock equal to three times such director's annual retainer fee within five years of service on the Board.

On November 15, 2013, Messrs. Cunningham, Galgon, Slade and Trempont, Ms. Lepore and Ms. Roberts were each granted RSUs for 6,147 shares and an option to acquire 15,000 shares of our common stock having an exercise price of \$7.32 per share, which RSUs and options vest as described above. Ms. Lepore was appointed as a director on September 27, 2013, and therefore received a partial equity award for her service prior to the 2013 annual meeting of shareholders. On September 27, 2013, Ms. Lepore was awarded RSUs for 439 shares and, on November 4, 2013, was awarded an option to acquire 520 shares of our common stock having an exercise price of \$7.47, which RSUs and option were fully vested as of the date of our 2013 annual meeting of shareholders, November 12, 2013.

While Mr. Glaser is serving as our interim Chief Executive Officer, he will not receive compensation as a director. See the “Summary Compensation Table” for Mr. Glaser’s compensation for services provided as interim Chief Executive Officer in 2013.

In reviewing and approving any related person transaction, the Audit Committee will satisfy itself that it has been fully informed as to the related person's relationship and interest including all material facts of the proposed transaction, and determine that the transaction is fair to RealNetworks.

All related person transactions of which RealNetworks' management is aware will be disclosed to the Audit Committee. At least annually, management will elicit information from our executive officers and directors as to existing and potential related person transactions, and will seek to obtain such information from 5% shareholders who do not file reports with the SEC on Schedule 13G. An executive officer or director will promptly inform the Chair of the Audit Committee when the officer or director becomes aware of a potential related person transaction in which the officer or director would be a related person.

Certain Relationships and Related Transactions

Under a voting agreement entered into in September 1997 among RealNetworks, Accel IV, L.P., Mitchell Kapor, Bruce Jacobsen and Robert Glaser, each of Accel IV and Messrs. Jacobsen and Kapor have agreed to vote all shares of stock of RealNetworks owned by them to elect Mr. Glaser to the Board of Directors of RealNetworks in each election in which he is a nominee. The obligations under the voting agreement terminate with respect to shares transferred by the parties when such shares are transferred. The voting agreement terminates on the death of Mr. Glaser.

Pursuant to the terms of an agreement entered into in September 1997 between RealNetworks and Mr. Glaser, RealNetworks has agreed to use its best efforts to nominate, elect and not remove Mr. Glaser from the Board of Directors so long as Mr. Glaser owns a specified number of shares of common stock.

In August 2012, we entered into a strategic advisory agreement with Michael Slade, a director, whereby Mr. Slade would provide consulting services relating to strategic initiatives of the company and our business units. During 2013, Mr. Slade was paid \$20,000 per month for his services rendered pursuant to this agreement. Effective January 23, 2014, the scope of services provided by Mr. Slade pursuant to this agreement was expanded and the related fee was increased to \$30,000 per month. The agreement provides for the automatic renewal of the engagement for one year following each December 31-expiration date so long as the engagement is approved by the Audit Committee pursuant to the RealNetworks, Inc. Policy Regarding Related Party Transactions.

Director Independence

Our Board of Directors has determined that all of our directors other than Messrs. Glaser and Slade are independent under the Nasdaq listing standards and the applicable rules promulgated by the SEC. Applying these same rules, our Board has determined that all members of the Audit Committee, the Compensation Committee, and the Nominating and Corporate Governance Committee are independent.
