(1) All options were granted under the Company's 1996 Stock Incentive Plan.

(2) Potential realizable value is presented net of the option exercise price but before any federal or state income taxes associated with exercise. These amounts represent certain assumed rates of appreciation prescribed by the SEC. Actual gains are dependent on the future performance of the common stock and the option holders' continued employment over the vesting period. The potential realizable values do not reflect the Company's prediction of its stock price performance. The amounts reflected in the table may not be achieved.

(3) The options become exercisable each year, in equal annual installments on the first four anniversaries of the grant date, unless accelerated vesting criteria are met. If the Company reports a pre-tax profit for the year ended December 31, 2003, these options will vest as to 50% of the remaining unvested shares on the date the profit is reported. If the Company reports a net profit of a \$2,000,000 for the year ended December 31, 2004, these options will vest as to all remaining unvested shares on the date the profit is reported.

Director Compensation

Non-employee directors do not receive an annual retainer or any other fees for their service as directors. Under the Non-Employee Directors Stock Option Plan (the "1998 Director Option Plan"), each non-employee director, upon initial election or appointment to serve on the Board of Directors, receives a grant of an option to purchase 1,500 shares of Common Stock at an exercise price per share of 100% of the fair market value of a share on the date of the grant. Of the 1,500 shares of Common Stock subject to such an option, the option becomes exercisable with respect to: (1) 500 shares on the day prior to the first anniversary of the date of the grant and (2) 125 shares on the last day of each of the eight calendar quarters commencing on the last day of the calendar quarter ending on or after the

6

first anniversary of the date of the grant. Each option has a term of ten years beginning on the date of the grant.

In addition, the 1998 Director Option Plan provides for each non-employee director, immediately following each annual meeting of stockholders of the Company, to be granted an option to purchase 450 shares of Common Stock at an exercise price per share of 100% of the fair market value of a share of Common Stock on the date of the grant. Of the 450 shares of Common Stock subject to such an option, the option becomes exercisable with respect to 113 shares on the last day of each of the four calendar quarters beginning with the calendar quarter ending on or after the date of the grant. Each option has a term of ten years beginning on the date of the grant. Each of the non-employee directors, Messrs. Baumel, Chisholm, Drislane, Gerdes (who resigned on September 16, 2002) and Rich, received an option to purchase 450 shares of Common Stock, at an exercise price of \$4.64 per share, following the Company's Annual Meeting on May 31, 2002. On August 23, 2002, Messrs. Chisholm, Drislane, Gerdes and Rich each received an option to purchase 1,250 shares of Common Stock, at an exercise price of \$5.60 per share.

Employment and Severance Agreements

Mr. Baum became the Chief Financial Officer of the Company pursuant to an agreement dated July 15, 1999 among the Company, Mr. Baum, and Tatum CFO Partners, LLP ("Tatum"). Tatum, of which Mr. Baum was a partner until March 16, 2002, furnishes chief financial officers to businesses. The agreement, which by its terms was terminable by any of the parties on 30 days notice, provided that the Company paid Mr. Baum, as an officer and employee of the Company, a monthly salary of \$15,833.33, and paid Tatum monthly fees of \$3,166.67, for making certain of its resources available to Mr. Baum in his performance of his services to the Company. Under the agreement, the Company also granted options on 12,500 shares of Common Stock to Mr. Baum and options on 4,167 shares of Common Stock to Tatum, each with an exercise price of \$6.66 per share and vesting as the stock price rises. The vesting is 25% at \$72, 25% at \$96 and 50% at \$120. The agreement provided for semi-annual bonuses to Mr. Baum (who receives 75% of any such bonus) and Tatum (which receives 25% of any such bonus) based on Mr. Baum's performance, and also provided for certain Company indemnification of Tatum. The agreement with Tatum was terminated on April 15, 2002, after notice of the termination was given on March 16, 2002.

Edgar Filing: EBIX COM INC - Form 10-K/A

Mr. Baum has entered into an Executive Severance Agreement with the Company, dated October 4, 2000, which provides for a severance payment if a change of control of the Company occurs and, within 12 months thereafter, either Mr. Baum's employment is terminated without cause or he resigns due to a demotion or other new and onerous requirement being placed on him. Under the Agreement, the severance payment is equal to one year's salary (based on the highest monthly salary earned by Mr. Baum during the 12 months preceding his termination) plus a bonus equal to the fraction of the calendar year worked up to the termination multiplied by the bonus paid to him in the prior calendar year. Under certain circumstances, the Agreement also provides medical insurance subsidies for a period of 12 months and indemnification. Under the Agreement, Mr. Baum agrees to hold the Company's proprietary information confidential and, for a period of 12 months following his termination, cooperate with the Company with respect to corporate administrative affairs arising during his employment. If his termination results in payment of the Agreement's severance benefits, he will be subject to a non-competition agreement for a period of one year following his termination. When used in the foregoing summary the terms "cause," "change of control" and "demotion" have the meanings given to them in the Agreement.
