Letter to Key Vendors/Suppliers

Dear _____ :

As I expect you have heard by now, we recently announced that Biogen and IDEC have agreed to a merger of our two companies. This is an enormously positive development for both companies and all who are associated with us.

Biogen and IDEC are two remarkably complementary companies. IDEC is a world leader in oncology, with a growing focus on autoimmune and inflammatory diseases. And Biogen is the mirror image, with leadership in core therapeutic areas of neurology, dermatology and rheumatology. When we bring our research, manufacturing and marketing resources together, we'll have something much greater than the sum of the parts.

Indeed, we estimate that the merger will enable both companies to accelerate their strategic plans significantly.

This will create tremendously exciting opportunities to advance our research and development projects and get new therapies into the market.

As we go through the merger process, we want to continue to work with you without interruption. We value our relationship with you, and look forward to continuing to work together in a mutually beneficial way.

We expect the merger will be completed by [date], after receipt of all necessary approvals. Additional information on the merger is available on our website, and we will keep you informed of key developments. In the meantime, if you have any questions, please don't hesitate to ask.

Sincerely,

NAME
