TCW CONVERTIBLE SECURITIES FUND, INC.  
The President's Letter  
-----

DEAR SHAREHOLDER:

Early in the second quarter we saw a quick resolution of the war in Iraq, a pacification of the crisis with North Korea, a drop in energy prices and President Bush lay the groundwork for higher than expected tax relief for equity investors. These factors resulted in the stock market having the best quarter since the fourth quarter of 1998. During this second quarter, the Fund outpaced the CSFB benchmark by more than 100 basis points ("bps") largely due to the Fund's investments in the Pharmaceutical, Media and Financial Services industries.

PERFORMANCE OF THE FUND'S SHARES

For the six months ended June 30, 2003, the TCW Convertible Securities Fund, Inc., (the "Fund") return on Net Asset Value (NAV) was 13.2%. The Fund's shareholders realized a return of 17.4% from an increase in the market price of the Fund from \$4.16 on December 31, 2002, to \$4.74 on June 30, 2003 (with dividends reinvested). The total distribution for the period was \$0.14. The Fund's market price per share on June 30, 2003 represents a discount of 6.88% to the Fund's NAV of \$5.09.

FUND STRATEGY AND OUTLOOK

For the second quarter of 2003 the Fund's NAV return was 12.0% (1.1% for the first quarter) outpacing the CSFB benchmark, which returned 10.6%, by more than 100 bps. Performance was largely due to investments in the Pharmaceutical, Media and Financial Services industries. The economic news was mixed in the second quarter. The economy experienced, on one hand, higher jobless claims, lower mortgage rates, an ISM manufacturing index hovering just below 50 (contracting) and weaker overall retail sales, but it also showed very positive indications for ISM non-manufacturing and higher auto sales. Economic data has started to show more material improvements in the late second and early third quarters.

The Federal Reserve Board (the "Fed") cut the Federal Funds rate an additional 25 basis points--making this the twelfth cut in the last two and a half years--and they still maintain an easing bias, making it clear to the investment community that the Fed is determined to create an interest rate environment which fosters economic growth. Clearly they are becoming more aggressive with their approach to monetary policy by discussing "non-conventional" ways to stimulate the economy. The President's fiscal package was better than the market anticipated, providing greater growth forecasts for

third quarter of 2003. The past quarter saw a strong rally in the bond market, which started to fizzle late in the quarter. The 10-year Treasury made a 45-year low, giving the mortgage market another shot in the arm from an already elevated level. Mortgage refinancing has reached record highs and could result in potential cash-outs of over \$100 billion in 2003 to homeowners. Spreads on investment grade corporate bonds have tightened by 40 basis points, signaling an improved economic recovery scenario. The strength of the equity markets has added over \$2 trillion of wealth to the economy since the middle of March. With interest rates at 40-year lows combined with a cut in the capital gains rate to 15%, it appears money is moving from low yielding fixed

income securities to equities, especially with improved prospects for taxation on dividend and capital gains.

Convertible new issuance in the second quarter surpassed even the most optimistic expectations. 113 new deals with proceeds totaling \$54.3 billion were priced during the quarter. The onslaught of deals was accompanied with "irrationally exuberant" pricing for a majority of the deals, though that has been correcting rapidly for the last month. The new issues priced approximately 2% cheap in June, up from 0.4% rich in May.

NORMAN BARKER, JR.

During the first half of 2003, one of the Fund's directors, Norman Barker, Jr., announced his retirement from the board. Norm has served the Fund and its shareholders since the Fund's inception in 1987. On behalf of the Fund and its shareholders, we thank him for his exemplary service and wish him well in his future endeavors.

### DIVIDEND REINVESTMENT PLAN

Shareholders who wish to add to their investment may do so through the Dividend Reinvestment Plan (the "Plan"). Under the Plan, your dividend is used to purchase shares on the open market whenever shares and the related sales commission are selling below the Fund's Net Asset Value per share. If the market price, including commission, is selling above the Net Asset Value, you will receive shares at a price equal to the higher of the Net Asset Value per share on the payment date or 95% of the closing market price on the payment date.

To enroll in the Plan, if your shares are registered in your name, write to The Bank of New York, Church Street Station, P.O. Box #11002, New York, New York 10277-0770 or call their toll free number (800) 524-4458. If your shares are held by a brokerage firm, please call your broker. If, however, you need assistance, please call our investor relations department at (877) TCW-MKTS (829-6587). As always, we would be pleased to accommodate your investment needs.

 Notes to Financial Statements (Unaudited)

NOTE 1--SIGNIFICANT ACCOUNTING POLICIES:

TCW Convertible Securities Fund, Inc. (the "Fund") was incorporated in Maryland on January 13, 1987 as a diversified, closed-end investment management company and is registered under the Investment Company Act of 1940, as amended. The Fund commenced operations on March 5, 1987. The Fund's investment objective is to seek a total investment return, comprised of current income and capital appreciation through investment principally in convertible securities. In accordance with the requirements of Rule 35d-1 under the 1940 Act, the Fund will invest, under normal market conditions, at least 80% of its net assets, plus any borrowings for investment purposes in convertible securities. The 80% investment policy described above is non-fundamental and may be changed by the Board of Directors to become effective upon at least 60 days' notice to shareholders.

The preparation of the accompanying financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

The following is a summary of the significant accounting policies consistently followed by the Fund in the preparation of its financial statements. The policies are in conformity with accounting principles generally accepted in the United States of America.

SECURITY VALUATION: Securities traded on national exchanges are valued at the last reported sales price or the mean of the current bid and asked prices if there are no sales in the trading period. Other securities which are traded on the over-the-counter market are valued at the mean of the current bid and asked prices. Short-term debt securities with maturities of 60 days or less at the time of purchase are valued at amortized cost. Other short-term debt securities are valued on a mark-to-market basis until such time as they reach a remaining maturity of 60 days, where upon they will be valued at amortized value using their value of the 61st day prior to maturity.

## Edgar Filing: TCW CONVERTIBLE SECURITIES FUND INC - Form N-CSR

SECURITY TRANSACTIONS AND RELATED INVESTMENT INCOME: Security transactions are recorded on the trade date. Dividend income is recorded on the ex-dividend date, while interest income is recorded on the accrual basis. Discounts and premiums on securities purchased are recognized as interest income and expense, respectively, using a constant yield-to-maturity method. Realized gains and losses on investments are recorded on the basis of identified cost.

DISTRIBUTIONS: The Fund intends to distribute its investment company taxable income quarterly and to distribute any net realized capital gains at least annually, to the extent required for U.S. federal income tax purposes. The Board of Directors also may, in its discretion, choose to pay distributions in excess of net investment income and net realized capital gains, though it is not required to do so.

Income and capital gain distributions are determined in accordance with income tax regulations which may differ from accounting principles generally accepted in the United States of

America. These differences may be primarily due to differing treatments for losses deferred due to wash sales and spillover distributions. Permanent book and tax basis differences relating to shareholder distributions will result in reclassifications to paid-in-capital and may affect net investment income per share.

REPURCHASE AGREEMENTS: The Fund may invest in repurchase agreements secured by U.S. Government Securities. A repurchase agreement arises when the Fund purchases a security and simultaneously agrees to resell it to the seller at an agreed upon future date. The Fund requires the seller to maintain the value of the securities, marked to market daily, at not less than the repurchase price. If the seller defaults on its repurchase obligation, the Fund could suffer delays, collection expenses and losses to the extent that the proceeds from the sale of the collateral are less than the repurchase price. The Fund did not enter into any repurchase agreements for the six months ended June 30, 2003.

### NOTE 2--FEDERAL INCOME TAXES:

It is the policy of the Fund to comply with the requirements of the Internal Revenue Code applicable to regulated investment companies and distribute all of its net taxable income, including any net realized gains on investments, to its shareholders. Therefore, no federal income tax provision is required.

For the six months ended June 30, 2003, the Fund recognized on a tax basis a net realized loss of \$19,770,531 on security transactions.

At June 30, 2003, net unrealized appreciation for federal income tax purposes is comprised of the following components:

Appreciated securities.....	\$ 20,236,225
Depreciated securities.....	(3,904,106)
	-----
Net unrealized (depreciation).....	\$ 16,332,119

Edgar Filing: TCW CONVERTIBLE SECURITIES FUND INC - Form N-CSR

Cost of securities for federal income tax purposes..... \$298,034,695

NOTE 3--INVESTMENT ADVISORY AND SERVICE FEES:

TCW Investment Management Company (the "Advisor") is the investment advisor of the Fund. As compensation for the services rendered, facilities provided, and expenses borne, the Advisor is paid a monthly fee by the Fund computed at the annual rate of 0.75% of the first \$100 million of the Fund's average net assets and 0.50% of the Fund's average net assets in excess of \$100 million.

NOTE 4--PURCHASES AND SALES OF SECURITIES:

For the six months ended June 30, 2003, purchases and sales or maturities of investment securities (excluding short-term investments) aggregated \$158,442,228 and \$159,015,285, respectively. There were no purchases or sales of U.S. Government securities for the six months ended June 30, 2003.

NOTE 5--SECURITY LENDING:

During the six months ended June 30, 2003, the Fund lent securities to brokers. The brokers provided collateral, which must be maintained at

not less than 100% of the value of the loaned securities, to secure the obligation. At June 30, 2003, the cash received from the borrowing broker was invested in short-term investments valued at \$50,188,560 which is 102.9% of the value of the loaned securities.

NOTE 6--DIRECTORS' FEES:

Directors who are not affiliated with the Advisor received, as a group, aggregate fees and expenses of \$49,712 from the Fund for the six months ended June 30, 2003. Certain officers and/ or directors of the Fund are also officers and/or directors of the Advisor.

NOTE 7--RESTRICTED SECURITIES:

The Funds are permitted to invest in securities that are subject to legal or contractual restrictions on resale. These securities generally may be resold in transactions exempt from registration or to the public if the securities are registered. Disposal of these securities may involve time consuming negotiations and expense, and prompt sale at an acceptable price may be difficult. There are no restricted securities (excluding 144A issues) at June 30, 2003.

NOTE 8--REPORT OF ANNUAL MEETING OF SHAREHOLDERS:

The Annual Meeting of Shareholders of the Fund was held on July 16, 2003. At the meeting, the following matters were submitted to a shareholder vote and approved by a vote of a majority of the Fund's outstanding shares; (i) the election of Ernest O. Ellison, Samuel P. Bell, Richard W. Call, Matthew K. Fong, John A. Gavin, Patrick C. Haden, Charles A. Parker and Robert G. Sims as Directors to serve until the next annual meeting of the Fund's shareholders and until their successors are elected and qualify (each Director received
