MAIN STREET TRUST, INC.

PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

MAY 11, 2004

Main Street Trust, Inc. is an Illinois corporation that was formed through the merger of BankIllinois Financial Corporation and First Decatur Bancshares, Inc. in March 2000. Main Street is the holding company of BankIllinois, an Illinois state bank, and The First National Bank of Decatur, a national banking organization. In addition, Main Street is also the parent company of FirsTech, Inc., a retail payment processing company.

This proxy statement is furnished in connection with the solicitation by the Board of Directors of Main Street of proxies to be voted at the annual meeting of shareholders to be held at The Forum at Carle, 611 West Park Street, Urbana, Illinois, on Tuesday, May 11, 2004, at 7:00 p.m., local time, and at any adjournments or postponements of the meeting. This proxy statement is first being mailed to our shareholders on or about April 6, 2004.

ANNUAL MEETING AND VOTING INFORMATION

The following information regarding the meeting and the voting process is presented in a question and answer format.

Why am I receiving this proxy statement and proxy card?

You are receiving a proxy statement and proxy card from us because on March 24, 2004, you owned shares of Main Street's common stock. This proxy statement describes the matters that will be presented for consideration by the shareholders at the annual meeting. It also gives you information concerning the matters to assist you in making an informed decision.

When you sign the enclosed proxy card, you appoint the proxy holder as your representative at the meeting. The proxy holder will vote your shares as you have instructed in the proxy card, thereby ensuring that your shares will be voted whether or not you attend the meeting. Even if you plan to attend the meeting, you should complete, sign and return your proxy card in advance of the meeting just in case your plans change.

If you have signed and returned the proxy card and an issue comes up for a vote at the meeting that is not identified on the form, the proxy holder will vote your shares, pursuant to your proxy, in accordance with his or her judgment.

What matters will be voted on at the meeting?

You are being asked to vote on the election of ten directors of Main Street for a term expiring in 2005.

If I am the record holder of my shares, how do I vote?

You may vote either by mail or in person at the meeting. To vote by mail, complete and sign the enclosed proxy card and mail it in the enclosed envelope. If you mark your proxy card to indicate how you want your shares voted, your shares will be voted as you instruct.

If you sign and return your proxy card but do not mark the form to provide voting instructions, the shares represented by your proxy card will be voted "for" all nominees for director named in this proxy statement and by the appointed proxies in accordance with his or her judgment on any other matter brought before the meeting.

If you want to vote in person, please come to the meeting. We will distribute written ballots to anyone who wants to vote at the meeting. Even if you plan to attend the meeting, you should complete, sign and return your proxy card in advance of the meeting just in case your plans change. Please note, that if your shares are held in the name of your broker (or in what is usually referred to as "street name"), you will need to arrange to obtain a "legal proxy" from your broker in order to vote in person at the meeting.

1

If I hold shares in the name of a broker or fiduciary, who votes my shares?

If you received this proxy statement from your broker or a trustee or other fiduciary who may hold your shares, your broker or fiduciary should have given you instructions for directing how they should vote your shares. It will then be their responsibility to vote your shares for you in the manner you direct. As discussed above, if you want to vote in person at the meeting, you will need to arrange to obtain a "legal proxy" from your broker or fiduciary in order to vote in person at the meeting.

Under the rules of various national and regional securities exchanges, brokers may generally vote on routine matters, such as the election of directors, but cannot vote on non-routine matters, such as an amendment to the articles of incorporation, the adoption or amendment of a stock option plan, unless they have received voting instructions from the person for whom they are holding shares. If your broker does not receive instructions from you on how to vote particular shares on matters on which your broker does not have discretionary authority to vote, your broker will return the proxy form to us, indicating that he or she does not have the authority to vote on these matters. This is generally referred to as a "broker non-vote" and will affect the outcome of the voting as described below, under "How many votes are needed for approval of each proposal?" Therefore, we encourage you to provide directions to your broker as to how you want your shares voted on all matters to be brought before the meeting. You should do this by carefully following the instructions your broker gives you concerning its procedures. This ensures that your shares will be voted at the meeting.

What does it mean if I receive more than one proxy card?

It means that you have multiple holdings reflected in our stock transfer records and/or in accounts with stockbrokers. Please sign and return ALL proxy cards to ensure that all your shares are voted.

What if I change my mind after I return my proxy?

If you hold your shares in your own name, you may revoke your proxy and change your vote at any time before the polls close at the meeting. You may do this by:

signing another proxy with a later date and returning that proxy to American Stock Transfer & Trust Company, 59 Maiden Lane, New York, NY 10273-0923;

sending notice to us that you are revoking your proxy; or

voting in person at the meeting.

Edgar Filing: MAIN STREET TRUST INC - Form DEF 14A

If you hold your shares in the name of your broker and desire to revoke your proxy, you will need to contact your broker to revoke your proxy.

How many votes do we need to hold the annual meeting?

A majority of the shares that are outstanding and entitled to vote as of the record date must be present in person or by proxy at the meeting in order to hold the meeting and conduct business.

Shares are counted as present at the meeting if the shareholder either:

is present in person at the meeting; or

has properly submitted a signed proxy card or other proxy.

On March 24, 2004, the record date, there were 9,534,243 shares of common stock issued and outstanding. Therefore, at least 4,767,122 shares need to be present at the annual meeting.

What happens if a nominee is unable to stand for re-election?

The Board may, by resolution, provide for a lesser number of directors or designate a substitute nominee. In the latter case, shares represented by proxies may be voted for a substitute nominee. You cannot vote for more than ten nominees. The Board has no reason to believe any nominee will be unable to stand for re-election.

What options do I have in voting on each of the proposals?

You may vote "for" or "withhold authority to vote for" each nominee for director. You may vote "for," "against" or "abstain" on any other proposal that may properly be brought before the meeting. Abstentions will

2

be considered in determining the presence of a quorum but will not affect the vote required for election of directors.

How many votes may I cast?

Generally, you are entitled to cast one vote for each share of stock you owned on the record date. The proxy card included with this proxy statement indicates the number of shares owned by an account attributable to you.

How many votes are needed for each proposal?

The ten individuals receiving the highest number of votes cast "for" their election will be elected as directors of Main Street. Broker non-votes will not be counted as entitled to vote, but will count for purposes of determining whether or not a quorum is present on the matter. Therefore, a broker non-vote has no effect on the election of directors.

Where do I find the voting results of the meeting?

We will announce voting results at the meeting. The voting results will also be disclosed in our Form 10-Q for the quarter ended June 30, 2004.

Who bears the cost of soliciting proxies?

We will bear the cost of soliciting proxies. In addition to solicitations by mail, officers, directors or employees of Main Street or its subsidiaries may solicit proxies in person or by telephone. These persons will not receive any special or additional compensation for soliciting proxies. We may reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for

forwarding proxy and solicitation materials to shareholders.

If a nominee is unable to serve, the shares represented by all valid proxies will be voted for the election of a substitute nominee recommended by our Nominating Committee. THE BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

General

Currently, there are twelve directors serving on the Board of Directors of Main Street and, after the annual meeting, the number of directors will be reduced to ten. Generally, the Board oversees our business and monitors the performance of our management. In accordance with our corporate governance procedures, the Board does not involve itself in the day-to-day operations of Main Street, which is monitored by our executive officers and management. Our directors fulfill their duties and responsibilities by attending regular meetings of the full Board, which are held on a monthly basis, special meetings held from time to time and through committee membership, which is discussed below. Our directors also discuss business and other matters with our key executives and our principal external advisers (legal counsel, auditors and other consultants).

A majority of our directors are deemed to be "independent" as defined by the Nasdaq Stock Market, Inc. Because of their positions as executive officers, Messrs. Dukeman, Lykins and Wise are not "independent" under the rules established by Nasdaq. The remaining directors are deemed to be independent. The Board of Directors has established an Audit Committee, a Compensation Committee, and a Nominating Committee, among other committees. In 2003, Main Street's Board held a total of thirteen regularly scheduled and special meetings. All directors attended at least 75% of the meetings of the Board and committees on which they served. If a director is unable to attend a meeting, it is our policy to solicit his input regarding the actions to be taken at the meeting, as well as his ratification of the actions taken at the meeting.

Although we do not have a formal policy regarding director attendance at the annual meeting, we encourage and expect all of our directors to attend. Last year, eleven of twelve of the directors were present at the annual meeting.

Audit Committee

In 2003, Messrs. Zacheis (Chair), Salmon, Sloan and VanBuskirk were members of the Audit Committee and they will continue to serve in 2004, with the exception of Mr. VanBuskirk. Each of these members is deemed to be "independent" as defined by Nasdaq and the rules and

Edgar Filing: MAIN STREET TRUST INC - Form DEF 14A

regulations promulgated by the Securities and Exchange Commission. Currently, the Audit Committee does not have an "audit committee financial expert" as defined in the rules and regulations of the Securities and Exchange Commission. Although the board of directors has determined that each of the committee members possesses the necessary skills and qualifications to critically analyze our financial statements and financial reporting process and to perform the other duties required of service on the committee, the Board has not determined that any of the current committee members meets the definition of an "audit committee financial expert" as set forth by the Securities and Exchange Commission.

The functions performed by the Audit Committee include, but are not limited to, the following:

selecting and managing the relationship with our independent auditors;

reviewing the independence of the independent auditors;

reviewing actions by management on recommendations of the independent auditors and internal auditors;

meeting with management, the internal auditors and the independent auditors to review the effectiveness of our system of internal control and internal audit procedures;

reviewing our earnings releases and reports filed with the Securities and Exchange Commission; and

reviewing reports of bank regulatory agencies and monitoring management's compliance with recommendations contained in those reports.

To promote independence of the audit function, the Audit Committee consults both separately and jointly with the independent auditors, the internal auditors and management. The Audit Committee has adopted a written charter, which sets forth the committee's duties and responsibilities. We attached a copy of the current charter to last year's proxy statement which is available on the Securities and Exchange Commission's website at www.sec.gov. The Audit Committee met four times in 2003.

Compensation and Nominating Committees

In 2003, we had a Compensation Committee and a Nominating Committee. Both committees were comprised of the same members: Messrs. VanBuskirk (Chair), Downey, Haab, Kenney and Meyer and each will continue on

6

the committees in 2004, with the exception of Mr. VanBuskirk. Each of these members is deemed to be "independent" as defined by Nasdaq. The Compensation Committee is responsible for setting the compensation of executive officers of Main Street, including the review and approval of base salaries, review of salaries of executive officers compared to other financial services holding companies in the region, fringe benefits, and incentive compensation. The committee also reviews compensation to be paid to Main Street's directors for service on the Board of Directors and attendance at Board and committee meetings. The Nominating Committee is charged with identifying and nominating individuals to be presented to our shareholders for election or re-election to the Board of Directors. Although neither committee has adopted a formal charter, the Board has adopted a Director Policy which addresses the purpose of the Nominating Committee and the qualifications of the directorship. The Compensation and Nominating Committees met jointly four times in 2003.

Director Nominations and Qualifications

In carrying out its nominating function, the Nominating Committee evaluates all potential nominees for election, including incumbent directors, Board nominees and shareholder nominees, in the same manner. However, the committee is not currently seeking out candidates to serve on the Board and we did not receive any shareholder nominations for the 2004 annual meeting. Generally, the committee believes that, at a minimum, directors should possess certain qualities, including the highest personal and professional ethics and integrity, a sufficient educational and professional background, demonstrated leadership skills, sound judgment, and a strong sense of service to the communities which we serve.

Edgar Filing: MAIN STREET TRUST INC - Form DEF 14A

Our Director Policy states that Board members shall be active leaders in their businesses or organizations and be knowledgeable about business and community issues. It is expected that Board members will own a minimum of 20,000 shares of the our common stock as a director of Main Street and a minimum of 2,000 shares as a director of one of the subsidiaries. It is recognized that Board members may not initially own these minimums, however, it is expected that directors would attain this level of ownership within a period of a few years. The committee also evaluates potential nominees to determine if they have any conflicts of interest that may interfere with their ability to serve as effective board members and whether they are "independent" (to ensure that at least a majority of the directors will, at all times, be independent). The committee has not, in the past, retained any third party to assist it in identifying candidates, but it has the authority to retain a third party firm or professional for the purpose of identifying candidates.

Director Compensation

In 2003, non-employee directors of Main Street were granted options to purchase 5,000 shares of common stock for serving on the Board of Directors of Main Street. These options vest ratably over a one year period. In addition, non-employee directors received the following cash compensation:

Attendance fee for each bank board meeting attended	\$	500
Annual attendance fee for service on the FirsTech Board	\$	1,250
Annual attendance fee for service on the Audit Committee	\$	1,000
Annual attendance fee for service on Compensation and Nominating Committees combined	\$	500
Annual attendance fee for service on Senior Loan Committee	\$	5,000
Annual attendance fee for service on the Trust Administration Committee	\$	1,250

Directors of Main Street who are also employees were not separately compensated for service on the Boards or committees. We anticipate that we will continue this level of compensation in 2004, including option grants to the directors.

Code of Ethics

We have a code of ethics in place that applies to our Chief Executive Officer and Chief Financial Officer. Shareholders can receive a copy of the code free of charge by contacting Teresa Marsh, our Corporate Secretary, at 100 W. University Avenue, Champaign, IL 61820.

Certain Relationships and Related Transactions

Directors and officers of Main Street and its respective subsidiaries were customers of and had transactions with, Main Street and its subsidiaries during 2003. Additional transactions may be expected to take place in the future. All outstanding loans, commitments to loan, transactions in repurchase agreements and certificates of

7

deposit and depository relationships, in the opinion of management, were made in the ordinary course of business, on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons and did not involve more than the normal risk of collectibility or present other unfavorable features.

In November 1999, BankIllinois Financial entered into a lease agreement with Midwest Television, Inc. for office space located in Main Street's main office building located at 100 West University Avenue, Champaign. Main Street is now a party to the lease as successor of BankIllinois Financial. Mr. Meyer, a director of Main Street, serves as president of Midwest Television, Inc., and is a controlling shareholder of Midwest Television, Inc. Lease payments are approximately \$82,000 annually. In addition, Main Street leases space from Mr. Meyer in a building that is used for Main Street's campus branch banking operations, with lease payments totaling approximately \$54,000 annually. Management believes that the terms of these leases are no less favorable to Main Street or its subsidiaries than would have been obtained from non-affiliated parties.

General Communications with the Board

Shareholders may contact our Board of Directors by contacting Mr. Gregory B. Lykins, Chairman of the Board, Main Street Trust, Inc., 100 West University Avenue, Champaign, Illinois 61820.

The agreement affected the purchase and sale of the common stock of Main Street owned by the parties to the agreement, who were August C. Meyer, Jr. and certain related entities, David J. Downey, George T. Shapland, Gregory B. Lykins and Van A. Dukeman.

Compliance with Section 16(a) of the Securities Exchange Act

Section 16(a) of the Securities Exchange Act requires that the directors, executive officers and persons who own more than 10% of our common stock file reports of ownership and changes in ownership with the Securities and Exchange Commission. These persons are also required to furnish us with copies of all Section 16(a) forms they file. Based solely on our review of the copies of such forms furnished to us and, if appropriate, representations made by any reporting person concerning whether a Form 5 was required to be filed for 2003, we are not aware of any failures to comply with the filing requirements of Section 16(a) during 2003 with the exception of Mr. Haab who did not timely file a Form 5 reporting a gift of 4,000 shares.

Employment Agreements

Main Street has entered into employment agreements with certain of its executive officers, including, Messrs. Lykins, Dukeman, Plecki, and White, and The First National Bank of Decatur has entered into an employment agreement with Mr. Shroyer. Each employment agreement provides for an initial term of one year and, at the end of its initial term as well as any subsequent term, is automatically extended for one year until either we or the employee gives written notice to the contrary. Each agreement terminates upon the employee's

12

death, disability, discharge for cause or in the event of "constructive discharge" or a change of control (as defined in the employment agreements). The employment agreements are also terminable by the employee or us upon 90 days notice to the other party.

The employment agreements set forth the salaries, bonuses and benefits to be provided to the respective officer and provide for severance payments in the event employment is terminated by us without cause or in the event of a "constructive discharge." The "severance payment" each officer would be entitled to receive in such a case equals the sum of the applicable base salary, the officer's most recent performance bonus and the value of contributions under retirement and employee benefit plans that would have been made through the term of the agreement.

In the event employment is terminated within one year of a change of control, or at any time by us or our successor for any reason other than death or disability, Messrs. Plecki, White and Shroyer would be entitled to receive two times the severance payment and Messrs. Lykins and Dukeman would be entitled to receive the greater of \$900,000 or three times the severance payment. The amounts payable upon a change of control are subject to reduction, if necessary, to prevent certain adverse tax treatment. Additionally, if either Mr. Lykins or Mr. Dukeman is terminated without cause, or terminated due to disability or death within eighteen months prior to a change of control, he will receive the greater of \$900,000 or three times the severance payment. They will also be entitled to receive health benefits for a period of three years following the termination.

The employment agreements also provide that the respective officer may not compete within a 50-mile radius of Main Street's or The First National Bank of Decatur's main office, or against Main Street or The First National Bank of Decatur or any successor, for one year following the termination of their employment agreement. Each employment agreement also requires us to indemnify and to advance certain legal expenses to the covered employee to the maximum extent permitted by law.

Compensation Committee Interlocks and Insider Participation

Main Street's Compensation Committee establishes compensation and benefits for the Chief Executive Officer and reviews and recommends compensation and benefits for other executive officers and senior management of Main Street and of the subsidiaries. During 2003, no executive officer served on the board of directors or compensation committee of any other corporation with respect to which any member of the compensation committee was engaged as an executive officer. No member of the Compensation Committee was a Main Street employee in 2003 and none was formerly a Main Street executive officer.

Compensation Committee Report on Executive Compensation

The incorporation by reference of this proxy statement into any document filed with the Securities and Exchange Commission by Main Street shall not be deemed to include the following report unless the report is specifically stated to be incorporated by reference into such document.

Edgar Filing: MAIN STREET TRUST INC - Form DEF 14A

Main Street's compensation program is administered by the Compensation Committee. In determining appropriate levels of executive compensation, the committee has at its disposal independent reference information regarding compensation ranges and levels for executive positions in comparable companies. In determining compensation to be paid to executive officers, including the compensation of Mr. Dukeman, our Chief Executive Officer, primary consideration is given to quality, long-term earnings growth accomplished by achieving both financial and non-financial goals such as earnings per share, return on assets and return on equity. The objectives of this philosophy are to:

encourage consistent and competitive return to shareholders,

reward Main Street and individual performances,

provide financial rewards for performance by those having a significant impact on corporate profitability, and

provide competitive compensation in order to attract and retain key personnel.

There are three basic components to the total compensation of all key executives, including the chief executive officer's: base salary, incentive bonus and long-term incentive compensation. The salary component is reflective of levels of responsibility, authority and performance, relative to similar positions in the banking industry. The incentive portion is related to financial performance, as measured by net income, return on average

13

assets, and other financial factors, and Main Street's performance relative to its long term goals. Although certain financial performance goals for 2003 were not met, the committee did grant bonuses to executive officers and other employees at a reduced level. At the request of Mr. Dukeman, the committee did not recommend a bonus for him in 2003. Main Street maintains the stock incentive plan to reward senior executives of Main Street for outstanding performance and to help Main Street attract and retain qualified personnel in key positions. The stock incentive plan is further designed to give key employees a proprietary interest in Main Street as an incentive to contribute to the success of Main Street. Awards under the plan are determined by the compensation committee based on each respective officer's level of responsibility, overall performance and significance to Main Street's future growth and profitability.

In 2003, the compensation paid to Mr. Dukeman, as President and Chief Executive Officer, as shown in the summary compensation table above, was based upon the committee's satisfaction with Main Street's overall financial performance, including its net income and return on average assets, as well as his individual performance as President and Chief Executive Officer. At his request, the committee did not recommend an incentive bonus for Mr. Dukeman.

Shareholder Return Performance Presentation

The incorporation by reference of this proxy statement into any document filed with the Securities and Exchange Commission by Main Street shall not be deemed to include the following graph and related information unless it is specifically stated to be incorporated by reference into such document.

The following graph shows a comparison of cumulative total returns for Main Street, the Nasdaq Stock Market and an index representing all publicly traded banks, thrifts or financial service companies located in Iowa, Illinois, Indiana, Kansas, Kentucky, Michigan, Minnesota, Missouri, North Dakota, Nebraska, Ohio, South Dakota and Wisconsin. Because the Securities and Exchange Commission considers BankIllinois Financial as the continuing entity for accounting purposes as a result of the merger with First Decatur into Main Street in 2000, the following graph uses the performance of BankIllinois Financial from December 31, 1998 through the effective date of the merger, March 23,

Edgar Filing: MAIN STREET TRUST INC - Form DEF 14A

2000. Therefore, the performance of Main Street as presented, also presents the performance of BankIllinois Financial's common stock for that period.

The cumulative total shareholder return computations assume the investment of \$100 on December 31, 1998. Figures for BankIllinois Financial's and Main Street's common stock represent inter-dealer quotations, without retail markups, mark downs or commissions and do not necessarily represent actual transactions. The graph was prepared at our request by SNL Securities L.C., Charlottesville, Virginia.

AUDIT COMMITTEE REPORT

The incorporation by reference of this proxy statement into any document filed with the Securities and Exchange Commission by Main Street shall not be deemed to include the following report unless the report is specifically stated to be incorporated by reference into such document.

The Audit Committee assists the Board of Directors in carrying out its oversight responsibilities for our financial reporting process, audit process and internal controls. The Audit Committee also reviews the audited financial statements and recommends to the Board of Directors that they be included in our annual report on Form 10-K. The Audit Committee is comprised solely of "independent" directors, as that term is defined by Nasdaq and the Securities and Exchange Commission.

Edgar Filing: MAIN STREET TRUST INC - Form DEF 14A

The Audit Committee has reviewed and discussed our audited financial statements for the fiscal year ended December 31, 2003 with our management and McGladrey & Pullen, LLP, our independent auditors. The committee has also discussed with McGladrey & Pullen, LLP the matters required to be discussed by SAS 61 (Codification for Statements on Auditing Standards) as well as having received and discussed the written disclosures and the letter from McGladrey & Pullen, LLP required by Independence Standards Board Statement No. 1 (Independence Discussions with Audit Committees). Based on the review and discussions with management and McGladrey & Pullen, LLP, the committee has recommended to the Board of Directors that the audited financial statements be included in our annual report on Form 10-K for the fiscal year ending December 31, 2003 for filing with the Securities and Exchange Commission.

Accountant Fees

Audit Fees. The aggregate amount of fees billed by McGladrey & Pullen, LLP for its audit of Main Street's annual financial statements for 2003 and 2002 were \$95,020 and \$89,830. The audit services also include the review of financial statements included in our quarterly reports on Form 10-Q and other services normally performed by independent auditors in connection with statutory and regulatory filings.

Audit Related Fees. The aggregate amount of audit related fees billed by McGladrey & Pullen, LLP for 2003 and 2002 were \$6,500 and \$8,530. The majority of these services related to consultations concerning financial accounting or reporting standards and compliance with internal control reporting required by the Federal Deposit Insurance Corporation Improvement Act of 1991.

Tax Fees. The aggregate amounts of tax related services billed by RSM McGladrey, Inc., an affiliate of McGladrey & Pullen, LLP, for 2003 and 2002 were \$27,215 and \$16,560, for professional services rendered for tax compliance, tax advice and tax planning. The services provided also included assistance with the preparation of Main Street's tax return and guidance with respect to estimated tax payments.

All Other Fees. McGladrey & Pullen, LLP did not bill any other fees in 2003 or 2002.

The Audit Committee, after consideration of the matter, does not believe that the rendering of these services by McGladrey & Pullen, LLP and its affiliate to be incompatible with maintaining its independence as our principal accountant.

Audit Committee Pre-Approval Policy

Among other things, the Audit Committee is responsible for appointing, setting compensation for and overseeing the work of the independent auditor. The Audit Committee has adopted a policy concerning the approval of the audit and permissible non-audit services to be provided by McGladrey & Pullen, LLP. On a case by case basis, audit or permissible non-audit services proposed to be performed are considered by and, if deemed appropriate, approved by the Audit Committee in advance of the performance of such services. All of the fees

16

earned by McGladrey & Pullen, LLP described above were attributable to services pre-approved by the Audit Committee.
