**ITEM 5. OTHER EVENT.**

On May 4, 2004 Valmont Industries, Inc. issued \$150 million of its 6<sup>7</sup>/<sub>8</sub>% Senior Subordinated Notes in a private offering. Valmont will file a registration statement on Form S-4 in connection with an exchange offer of the notes for notes registered under the Securities Act of 1933. Because the notes are guaranteed by certain of Valmont's subsidiaries, Valmont is filing this Current Report on Form 8-K, which will be incorporated by reference in the Form S-4, to set forth in Exhibit 99.1 the consolidated financial statements for Valmont, its guarantor subsidiaries and its non-guarantor subsidiaries in accordance with Rule 3-10 of Regulation S-X.

Exhibit 99.1 also includes the reclassification of segment information in Note 17 as a consequence of Valmont's change of methodology in the first quarter of fiscal 2004 regarding how net corporate expense is reported in segment reporting. Starting in 2004, net corporate expense is reported separately rather than allocating net corporate expense to the respective operating segments as Valmont believes this provides for better operating reporting of its segment results.

Except for the new financial information within Note 19, and the reclassification of segment information in Note 17, no other information in Exhibit 99.1 has been changed from the company's consolidated financial statements previously filed with Valmont's Annual Report on Form 10-K for the fiscal year ended December 27, 2003 ("2003 Form 10-K").

Valmont is also filing as Exhibit 99.2, the Management Discussion and Analysis of Financial Condition and Results of Operation for the period covered by the consolidated financial statements presented in Exhibit 99.1. Except for new information as a consequence of the reclassification of the segment information in Note 17, no other information in Exhibit 99.2 has been changed from the Management Discussion and Analysis of Financial Condition and Results of Operation previously filed with the 2003 Form 10-K
