**IMPORTANT INFORMATION ABOUT ANNUAL  
MEETING AND PROXY PROCEDURES**

The Board of Directors of Hertz Global Holdings, Inc. is soliciting proxies to be used at the annual meeting of stockholders to be held on Wednesday, May 15, 2013, beginning at 10:30 a.m. (Park Ridge time) at our Corporate Offices, 225 Brae Boulevard, Park Ridge, New Jersey 07656. This proxy statement and accompanying materials were filed with the Securities and Exchange Commission (the "SEC") on March 28, 2013, and we expect to first send the Notice of Internet Availability of Proxy Materials (the "Notice") to stockholders on April 3, 2013.

*Unless the context otherwise requires, in this proxy statement (i) the "Corporation" means Hertz Global Holdings, Inc., our top level holding company, (ii) "Hertz" means The Hertz Corporation, our primary operating company and a direct wholly-owned subsidiary of Hertz Investors, Inc., which is wholly owned by the Corporation, (iii) "we," "us" and "our" mean the Corporation and its consolidated subsidiaries, (iv) "our Board" or "the Board" means the Board of Directors of the Corporation and (v) "our common stock" means the common stock of the Corporation.*

**Purpose of the Annual Meeting**

At the annual meeting, stockholders will act upon the matters set forth in the Notice, including:

1. Election of the three nominees identified in this proxy statement to serve as directors for three-year terms;
2. Approval, by a non-binding advisory vote, of the named executive officers' compensation;
3. Approval of the Amended and Restated Hertz Global Holdings, Inc. Employee Stock Purchase Plan;
4. Ratification of the selection of PricewaterhouseCoopers LLP as the Corporation's independent registered public accounting firm for the year 2013; and
5. Transaction of any other business that may properly be brought before the annual meeting.

The Corporation's senior management will also present information about the Corporation's performance during 2012 and will answer questions from stockholders.

**Stockholders Entitled to Vote at the Annual Meeting**

Our Board has established the record date for the annual meeting as March 25, 2013. Only holders of record of the Corporation's common stock at the close of business on the record date are entitled to receive the Notice and to vote at the annual meeting. On March 25, 2013, the Corporation had 399,584,017 shares of common stock outstanding.

**Voting Procedures; Quorum**

If you are a stockholder of record, you may submit a proxy in two ways. First, you may follow the instructions on your Notice to vote by Internet or by telephone. Second, if you requested printed proxy materials, you may complete, sign, date and return the proxy card in the envelope enclosed with your printed proxy materials, which requires no postage stamp if mailed in the United States, so that it is received prior to our annual meeting. Finally, while we encourage voting in advance by proxy, stockholders of record also have the option of voting their shares in person at our annual meeting.

The presence, in person or by proxy, of the holders of a majority of the shares entitled to vote at the annual meeting is necessary to constitute a quorum. Abstentions and "broker non-votes" are counted as present and entitled to vote for purposes of determining a quorum. A broker non-vote occurs when a nominee, such as a broker holding shares in "street name" for a beneficial owner, does not vote on a

Table of Contents

particular proposal because that nominee does not have discretionary voting power with respect to a proposal and has not received instructions from the beneficial owner.

Each share of common stock is entitled to one vote and stockholders do not have the right to cumulate their votes for the election of directors or any other matter.

Directors are elected by the affirmative vote of a majority of the shares of common stock present and validly cast in the election in person or by proxy. Under applicable Delaware law, abstentions will have no effect in determining the outcome of this vote. Broker non-votes will also have no effect in determining the outcome of this vote.

Approval of the non-binding, advisory vote of the named executive officers' compensation, approval of the Amended and Restated Hertz Global Holdings, Inc. Employee Stock Purchase Plan, and ratification of the selection of PricewaterhouseCoopers LLP as the Corporation's independent registered public accounting firm for the year 2013, each require an affirmative vote of a majority of the shares of common stock present at the meeting. Under applicable Delaware law, abstentions are counted as shares present and entitled to vote at the meeting and therefore will have the same effect as a vote "against" these proposals. Broker non-votes will have no effect in determining the outcome of the vote for each of these proposals.

If you are a holder of shares held in street name, and you would like to instruct your broker how to vote your shares, you should follow the directions provided by your broker. Please note that because the New York Stock Exchange ("NYSE") rules currently regard matters such as the ratification of independent public accounting firms as "routine," your broker is permitted to vote on the proposal to ratify the appointment of our independent public accounting firm even if it does not receive instructions from you. However, under NYSE rules, your broker does not have discretion to vote on the proposals to elect directors, approve the non-binding, advisory vote of the named executive officers' compensation or approve the Amended and Restated Hertz Global Holdings, Inc. Employee Stock Purchase Plan if it does not receive instructions from you.

Unless a stockholder gives instructions to the contrary, proxies will be voted in accordance with the Board's recommendations.

**Notice of Internet Availability of Proxy Materials**

We are permitted to furnish proxy materials, including this proxy statement and our annual report to stockholders for 2012 (the "2012 Annual Report"), to our stockholders by providing access to such documents on the Internet at [www.hertz.com/stockholdermeeting](http://www.hertz.com/stockholdermeeting) instead of mailing printed copies. Our stockholders will not receive printed copies of the proxy materials unless they are requested. Instead, the Notice will instruct you as to how you may access and review all of the proxy materials on the Internet. It will also instruct you as to how you may submit your proxy on the Internet. If you would like to receive a paper or e-mail copy of our proxy materials, you should follow the instructions for requesting such materials in the Notice. If you receive more than one Notice, it generally means that some of your shares are registered differently or are in more than one account. Please provide voting instructions for each Notice you receive.

**Revocation of Proxies**

Even if you voted by telephone or on the Internet, or if you requested paper proxy materials and signed the proxy card in the form accompanying the proxy statement, you may revoke your proxy before it is voted at the annual meeting by delivering a signed revocation letter to J. Jeffrey Zimmerman, Executive Vice President, General Counsel and Secretary. You may also revoke your proxy by submitting a new proxy, dated later than your first proxy, or by a later-dated vote by telephone or on the Internet. If you are attending in person and have previously mailed your proxy card, you may revoke your proxy and

Table of Contents

vote in person at the annual meeting. Your attendance at the annual meeting will not by itself revoke your proxy. If you are a holder of shares held in street name by your broker and you have previously directed your broker to vote your shares, you should instruct your broker to change or revoke your vote if you wish to do so. If you are a holder of shares held in street name by your broker and wish to cast your vote in person at the annual meeting, you should obtain a proxy to vote your shares from your broker.

**Solicitation of Proxies**

Proxies may be solicited on behalf of our Board by mail or telephone, on the Internet or in person, and Hertz will pay the solicitation costs on behalf of the Corporation. The Notice will be supplied to brokers, dealers, banks and voting trustees, or their nominees, for the purpose of soliciting proxies from beneficial owners, and Hertz will reimburse those record holders for their reasonable expenses on behalf of the Corporation. Georgeson Inc. has been retained by Hertz to facilitate the distribution of proxy materials at a fee of approximately \$2,000 plus distribution costs and other costs and expenses.

**Additional Information**

**CORPORATE GOVERNANCE AND GENERAL INFORMATION  
CONCERNING THE BOARD AND ITS COMMITTEES**

**Corporate Governance**

Our business and affairs are managed under the direction of our Board. The structure of our Board is described above under "Proposal 1: Election of Directors Board Structure." Our Board has three standing committees the Audit Committee, the Compensation, Nominating and Governance Committee (the "CN&G Committee") and the Executive Committee. The structure and duties of our committees are described below under " Board Committees."

*Codes and Standards*

Our Board has adopted written Standards of Business Conduct (the "Standards of Business Conduct") applicable to all Hertz employees, officers and directors worldwide, as well as a written Directors' Code of Business Conduct and Ethics (the "Directors' Code of Conduct") applicable to our Board. Copies of the Standards of Business Conduct and Directors' Code of Conduct are available without charge on the "Investor Relations Corporate Governance Overview" portion of our website, [www.hertz.com](http://www.hertz.com).

*Risk Oversight*

Our Board oversees an enterprise-wide approach to risk management, designed to support the achievement of organizational objectives, including strategic objectives, to improve long-term organizational performance and enhance stockholder value. A fundamental part of risk management is not only understanding the risks we face and what steps management is taking to manage those risks, but also understanding what level of risk is appropriate for us. The involvement of the full Board in setting our business strategy is a key part of its assessment of management's risk threshold and also a determination of what constitutes an appropriate level of risk for the Corporation. The full Board participates in an annual enterprise risk management assessment, which is led by the Corporation's Internal Audit Department, during which the full Board assesses enterprise risk management with the input of the report of the CN&G Committee and advisors and members of management that the Board deems appropriate. To further assist the Board in carrying out its responsibilities, we have appointed Don Serup, our Internal Auditor, as our Chief Risk Officer and J. Jeffrey Zimmerman, our General Counsel, as our Chief Compliance Officer, who oversee risks related to our audit and legal functions, respectively, and will provide information to management, the Board and our committees, as necessary. While the Board has the ultimate oversight responsibility for the risk management process, various committees of the Board also have responsibility for risk management. In particular, the Audit Committee focuses on financial risk, including internal controls, and receives an annual risk assessment and risk management report from the Corporation's Internal Audit Department. The Audit Committee also reviews with management on an annual basis our guidelines and policies and the commitment of internal audit resources, in each case as they relate to risk management. In addition, in setting compensation, the CN&G Committee strives to create incentives that encourage a level of risk-taking behavior consistent with the Corporation's business strategy and sound corporate governance. As described below, the CN&G Committee annually reviews our compensation policies and practices from a risk perspective and reports its findings to the full Board.

*Risk Considerations in our Compensation Program*

In 2012, our CN&G Committee conducted an annual review of the risk profile of the Corporation's compensation policies and practices. In connection with this review, the CN&G Committee engaged its independent consultant, Semler Brossy Consulting Group, LLC ("Semler Brossy"), to assist it in analyzing the Corporation's compensation policies and practices and associated compensation risks. Semler Brossy, with the assistance of management, prepared an assessment of the risk profile of the

Table of Contents

Corporation's executive compensation policies and practices for executive officers. Upon completion of its review of these assessments, the CN&G Committee presented the results to the Board in connection with the Board's annual enterprise risk assessment. In addition, the Corporation's management reviewed the compensation plans and practices of the Corporation in 2012 for all employees and presented the findings to the CN&G Committee. Based in part on such reports, the CN&G Committee determined that, for all employees, the Corporation's enterprise-wide compensation policies and practices, in conjunction with the Corporation's existing processes and controls, do not encourage employees to take unreasonable risks, and any risks involved in compensation are not reasonably likely to have a material adverse effect on the Corporation, particularly in light of the following factors:

Our use of different types of compensation programs, such as equity- and cash-based plans, that provide a balance of long- and short-term incentives;

Our claw-back policies, which allow us in certain circumstances in the event of a financial restatement, to seek the recovery of annual incentive awards, long-term incentive awards, equity-based awards and other performance-based compensation awarded to any executive officer;

Our use of a variety of financial and strategic performance objectives that helps ensure that the Corporation's overall business strategy is properly promoted;

Our structuring of our compensation programs to include features such as caps on payments, exclusion of certain extraordinary items and institutional approval of amounts paid; and

Our Corporation's various policies and procedures and Internal Audit Department, all of which provide checks and balances that help us monitor risk and identify when an individual is taking excessive or inappropriate risks.

*Stockholder Communications with the Board*

Stockholders and other interested parties who wish to contact our directors may send written correspondence to: Hertz Global Holdings, Inc., 225 Brae Boulevard, Park Ridge, New Jersey 07656, Attention: Corporate Secretary.

Communications addressed to directors that discuss business or other matters relevant to the activities of our Board will be preliminarily reviewed by the office of the Corporate Secretary and then distributed either in summary form or by delivering a copy of the communication to the director, or group of directors, to whom they are addressed. With respect to other correspondence received by the Corporation that is addressed to one or more directors, the Board has requested that the following items not be distributed to directors, because they generally fall into the purview of management, rather than the Board: junk mail and mass mailings, product and services complaints, product and services inquiries, résumés and other forms of job inquiries, solicitations for charitable donations, surveys, business solicitations and advertisements.

*Stockholders' Agreement*

The Corporation is a party to an amended and restated stockholders' agreement (the "Stockholders' Agreement"), among it and investment funds associated with or designated by Clayton, Dubilier & Rice, LLC ("CD&R"), The Carlyle Group ("Carlyle") and Merrill Lynch & Co., Inc. ("Merrill Lynch") (collectively, the "Sponsors"). Based on current stock ownership of the Sponsors, the Stockholders' Agreement contains agreements that entitle investment funds associated with or designated by CD&R and Carlyle the ability to nominate directors to our Board, including two nominees designated by an investment fund associated with CD&R and one nominee designated by an investment fund associated with Carlyle (collectively, the "Sponsor Nominees"). The foregoing nomination rights are subject to adjustment in the case that the applicable investment fund sells more than a specified amount of its ownership interests in us.

Table of Contents

The Stockholders' Agreement also provides that our Chief Executive Officer shall be designated as a director, unless otherwise approved by a majority of the Sponsor Nominees. In addition, the Stockholders' Agreement provides that one of the nominees of an investment fund associated with CD&R shall serve as the Chair of the Executive Committee and, unless otherwise agreed to by CD&R, as Chairman of our Board or as Lead Director.

The Corporation and each stockholder that is a party to the Stockholders' Agreement is required to take all necessary action to cause the nominees of the other Sponsors to be elected, which actions include recommending the nominees of the other Sponsors to our Board for inclusion in the slate of nominees recommended by the Board to stockholders for election. The Stockholders' Agreement also requires that a director designated by each of the Sponsors be a member of our Executive Committee.

*Director Nominations*

The CN&G Committee will consider director nominees recommended by stockholders. To recommend a qualified person to serve on the Board, a stockholder should write to: Hertz Global Holdings, Inc., 225 Brae Boulevard, Park Ridge, New Jersey 07656, Attention: Corporate Secretary. The written recommendation must be timely delivered to the Corporate Secretary in accordance with the Corporation's By-laws, which generally means the notice must be delivered not fewer than 90 days nor more than 120 days prior to the first anniversary of the preceding year's annual meeting. The written recommendation must contain any applicable information set forth in the Corporation's By-laws and the Corporation may require any proposed nominee to furnish such other information as it may reasonably require to determine the eligibility of such proposed nominee to serve as a director of the Corporation.

The Board has delegated certain responsibilities to the CN&G Committee, including recommending to the Board the criteria for Board membership and, as requested by the Board, recommending individuals for membership on the Board. The CN&G Committee will consider and evaluate persons recommended by stockholders in the same manner as it considers and evaluates other potential directors. However, as described above, the Stockholders' Agreement contains provisions that entitle investment funds associated with or designated by the Sponsors the right to nominate directors. See " Stockholders' Agreement" for more information.

*Corporate Governance Guidelines*

In order to assist the CN&G Committee with discharging its duties relating to director nominations, the Board has adopted Corporate Governance Guidelines, which contain standards to be followed by the CN&G Committee in determining qualifications for directors and set forth the minimum criteria for Board membership. The Corporate Governance Guidelines provide that the CN&G Committee, in making recommendations about board nominees to the Board, will:

Review candidates' qualifications for membership on the Board (including, when applicable, making a specific determination as to the independence of the candidates) based on the criteria approved by the Board and taking into account the enhanced independence, financial literacy and financial expertise standards that may be required under law or NYSE rules for committee membership purposes;

In evaluating current directors for re-nomination to the Board, assess the performance of such directors; and

Periodically review the composition of the Board in light of the current challenges and needs of the Board and the Corporation, and determine whether it may be appropriate to add or remove individuals after considering issues of judgment, diversity, age, skills, background and experience.

In addition, the Corporate Governance Guidelines contain policies regarding director independence, the mandatory retirement age of directors, simultaneous service on other boards and

Table of Contents

substantial changes relating to a director's affiliation or position of principal employment. Among other things, the guidelines establish responsibilities for meeting preparation and participation, the evaluation of our financial performance and strategic planning.

Copies of our Corporate Governance Guidelines are available without charge on the "Investor Relations Corporate Governance Overview" portion of our website, [www.hertz.com](http://www.hertz.com).

*Director Election Standards*

The Corporation maintains a "majority" voting standard for uncontested elections. For a nominee to be elected as a member of the Board, the nominee must receive more "for" than "against" votes to be elected. Only votes "for" or "against" affect the outcome. Abstentions and broker non-votes will have no effect for purposes of the election of directors. In accordance with the Corporation's By-laws and Corporate Governance Guidelines, each director has submitted, or upon his or her nomination shall submit, a contingent resignation in writing to the Chair of the CN&G Committee that will become effective only if the director fails to receive a sufficient number of votes for re-election and the Board accepts the resignation. In the event of a contested director election, a plurality standard will apply.

*Chairman, Chief Executive Officer and Lead Director Positions*

As indicated in our Corporate Governance Guidelines, the Board believes it is important to retain its flexibility to allocate the responsibilities of the offices of the Chairman and CEO in a manner that is in the best interests of our Corporation at any given point in time. The Board believes that the decision as to who should serve as Chairman and CEO, and whether the offices should be combined or separate, should be assessed periodically by the Board, and that the Board should not be constrained by a rigid policy mandating the structure of such positions. The Board believes that the most effective and efficient leadership structure for our Corporation at the present time is for Mr. Frissora to serve as both Chairman and CEO. The Board believes that Mr. Frissora possesses the requisite experience, skill set and judgment to guide both our Corporation and the Board and to address and manage the particular opportunities and challenges that face us. In addition, the Board considers the terms of Mr. Frissora's employment agreement that provide he will serve as a member of the Board and as Chairman of the Board.

In order to help ensure strong corporate governance, our Corporate Governance Guidelines provide that the Board may select a non-management director to serve as a "Lead Director." Mr. Tamke, a non-management director nominated by CD&R, has served as Lead Director of the Corporation and Hertz since July 2006 at the request of the Board. The Lead Director, in consultation with the Chairman and CEO, has responsibility for determining the length and frequency of Board meetings and setting the agenda for such meetings. The Lead Director also sets the agenda for, and chairs, the Board's regularly-scheduled executive sessions in which management does not participate. In addition to the regularly-scheduled executive sessions, our directors held one executive session in 2012 where only our independent directors attended. The Chair of our Audit Committee presided to facilitate the discussion. The Corporate Governance Guidelines provide that directors will have direct access to our management and employees, as well as to our outside counsel and auditors. Among other things, the Lead Director coordinates meetings or other communications that a director wishes to initiate with management or employees. The Lead Director also confers with the CN&G Committee in setting our CEO's compensation by providing perspective and facilitating our CEO's self-assessment.

*Policy on Diversity*

The Corporate Governance Guidelines and the CN&G Committee charter adopted by the Board specify that the CN&G Committee consider a number of factors, including diversity, when evaluating or conducting searches for directors. The CN&G Committee interprets diversity broadly to mean a variety of opinions, perspectives, personal and professional experiences and backgrounds, such as

Table of Contents

international and multicultural experience and understanding, as well as other differentiating characteristics, including race, ethnicity and gender.

*Implementation and Assessment of Policies Regarding Director Attributes*

The CN&G Committee, when making recommendations to the Board regarding director nominations, assesses the overall performance of the Board, and when re-nominating incumbent Board members or nominating new Board members, evaluates the potential candidate's ability to make a positive contribution to the Board's overall function in light of the policies set forth in the Corporate Governance Guidelines, including the policy on diversity. The CN&G Committee also takes into account the nomination requirements contained in the Stockholders' Agreement. The CN&G Committee considers the actual performance of incumbent Board members over the previous year, as well as whether the Board has an appropriately diverse membership to support our role as one of the world's leading car and equipment rental companies. The particular experience, qualifications, attributes and skills of the potential candidate are assessed by the CN&G Committee in order to determine whether the potential candidate possesses the professional and personal experiences and expertise necessary to enhance the Board's ability to effectively govern our Corporation. After conducting the foregoing analysis and considering the requirements set forth in our Stockholders' Agreement, the CN&G Committee makes recommendations to the Board regarding director nominees. In its annual assessment of director nominees, the CN&G Committee does not take a formulaic approach, but rather considers each prospective nominee's diversity in perspectives, personal and professional experiences and background and ability to carry out the responsibility of exercising business judgment on behalf of our stockholders.

In making director nominations in March of 2012, the CN&G Committee considered the overall diversity of the Board and believed that the appointment of Michael F. Koehler and Linda Fayne Levinson would improve the diversity of the Board. In making this determination, the CN&G Committee took into account the attributes discussed in " Policy on Diversity" mentioned above, including the opinions, perspectives, personal and professional experiences and backgrounds of the nominees, in addition to international and multicultural experience and understanding, race, ethnicity and gender.

**Board Independence**

Our Board has determined that Messrs. Beracha, Berquist, Durham, Koehler and Wolf and Ms. Levinson are "independent" as defined in the federal securities laws and applicable NYSE rules. The standards for determining director independence are specified in Annex A to our Corporate Governance Guidelines.

In recommending to the Board of Directors that each of the independent directors be classified as independent, the CN&G Committee also considered whether there were any facts or circumstances that might impair the independence of each of those directors. In particular, the CN&G Committee considered that the Corporation in the ordinary course of business provides products and services to and purchases products and services from companies at which some of our directors serve. In each case: (i) the relevant products and services were provided on terms and conditions determined on an arms-length basis and consistent with those provided by or to similarly situated customers and suppliers; (ii) the relevant director did not initiate or negotiate the relevant transaction, each of which was in the ordinary course of business of both companies; and (iii) the aggregate amounts of such purchases and sales were less than 2% of the consolidated gross revenues of each of the Corporation and the other company in each of the years 2012, 2011 and 2010.

**Board Meetings**

Our Board held 12 meetings in 2012. Each of our directors attended 75% or more of the total number of meetings of our Board held during the period in which he or she was a director and the total number of meetings held by all Board committees on which he or she served.

We do not have a policy with regard to directors' attendance at our annual meeting of stockholders. All of our directors attended the 2012 annual meeting of stockholders.

**Board Committees**

Our Board has three standing committees: the Audit Committee, the Compensation, Nominating and Governance Committee and the Executive Committee.

*Audit Committee*

Our Audit Committee consists of Messrs. Berquist (Chair), Beracha, Durham, Koehler and Wolf. Our Board has designated each of the five members of our Audit Committee "audit committee financial experts" and each has been determined to be "financially literate" under NYSE rules. Our Audit Committee held 9 meetings in 2012.

Our Audit Committee has a written charter. Under it, our Audit Committee assists our Board in fulfilling its oversight responsibilities by overseeing and monitoring our accounting, financial and external reporting policies and practices, the integrity of our financial statements, the independence, qualifications and performance of our independent registered public accounting firm, the performance of our internal audit function, the management information services and operational policies and practices that affect our internal controls, our compliance with legal and regulatory requirements and our Standards of Business Conduct, our guidelines and policies and the commitment of internal audit resources, in each case as they relate to risk management and the preparation of our Audit Committee's Report included in our proxy statements. In discharging its duties, our Audit Committee has the authority to retain independent legal, accounting and other advisors.

The charter for our Audit Committee is available without charge on the "Investor Relations Corporate Governance Overview" portion of our website, [www.hertz.com](http://www.hertz.com).

*Compensation, Nominating and Governance Committee*

Our Compensation, Nominating and Governance Committee consists of Messrs. Beracha (Chair) and Berquist and Ms. Levinson. Our CN&G Committee held 5 meetings in 2012.

Our CN&G Committee has a written charter. Under it, our CN&G Committee oversees our compensation and benefit policies generally, evaluates the performance (with the assistance of the Lead Director) of our CEO as related to all elements of compensation, as well as the performance of our senior executives, approves and recommends to our Board all compensation plans for our senior executives, approves the short-term compensation and grants to our senior executives under our incentive plans (both subject, in the case of our CEO, if so directed by the Board, to the final approval of a majority of independent directors of our Board), prepares reports on executive compensation required for inclusion in our proxy statements and reviews our management succession plan. The CN&G Committee is permitted to delegate its responsibilities to subcommittees as it deems appropriate and has the authority to retain compensation consultants or other advisors.

In addition, our CN&G Committee assists our Board in determining the skills, qualities and eligibility of individuals recommended for membership on our Board, reviews the composition of our Board and its committees to determine whether it may be appropriate to add or remove individuals, reviews and evaluates directors for re-nomination and re-appointment to committees and reviews and assesses the

adequacy of our Corporate Governance Guidelines, Standards of Business Conduct and Directors' Code of Conduct.

The charter for our CN&G Committee is available without charge on the "Investor Relations Corporate Governance Overview" portion of our website, [www.hertz.com](http://www.hertz.com).

*Executive Committee*

Our Executive Committee consists of Messrs. Tamke (Chair), Bernasek, Berquist, Frissora and Morales. The Executive Committee did not formally meet during 2012, but acted by written consent 3 times during 2012.

Our Executive Committee has a written charter. Under it, the Executive Committee may exercise the powers of the Board to act on any matters, subject to applicable law, NYSE rules or the organizational documents of the Corporation.

The charter for our Executive Committee is available without charge on the "Investor Relations Corporate Governance Overview" portion of our website, [www.hertz.com](http://www.hertz.com).

**Board Compensation**

The Board believes that a significant portion of non-employee director compensation should align director interests with the interests of our stockholders. As a result, our Board has approved the Hertz Global Holdings, Inc. Directors Compensation Policy (the "Director Compensation Policy"), pursuant to which our non-employee directors were entitled to receive an annual retainer fee of \$210,000 during 2012, \$85,000 payable in cash and \$125,000 payable in the form of restricted stock units under the Corporation's 2008 Omnibus Incentive Plan, having an equivalent fair market value to such dollar amount on the date of grant and which restricted stock units were eligible to vest on the business day immediately preceding the next annual meeting of stockholders. As set forth in more detail below in "2012 Non-Employee Director Compensation Table", in May 2012 we revised the timing of our director grants to provide that grants of restricted stock units are made annually following the annual stockholders' meeting, and will vest on the business day immediately preceding the next annual meeting of stockholders. Cash fees will be payable quarterly in arrears, although a director may elect, annually in advance, to receive, in lieu of cash fees, shares of our common stock having the same fair market value as such fees. If a director so chooses, compensation payable in the form of cash may instead be paid on a tax-deferred basis in phantom shares if the requirements regarding such deferral are met in accordance with applicable tax law, in which case the actual shares of our common stock will be paid to the director promptly following the date on which he or she ceases to serve as a director (or, if earlier, upon a change in control, as defined in the Director Stock Incentive Plan or the 2008 Omnibus Plan).

The Corporation does not pay additional fees to directors for attending Board or committee meetings. For 2013, the amounts for director service were adjusted to reflect the additional responsibilities of directors. The Lead Director will be paid an additional annual cash fee of \$100,000. The Chair of our Audit Committee will be paid an additional annual cash fee of \$35,000 and each other member of our Audit Committee will be paid an additional annual cash fee of \$17,500. The Chair of our CN&G Committee will be paid an additional annual cash fee of \$35,000 and each other member of CN&G Committee will be paid an additional annual cash fee of \$17,500.

We also reimburse our directors for reasonable and necessary expenses they incur in performing their duties as directors, and our directors are entitled to free worldwide car rentals. In the case of a member of our Board who is also one of our employees, no additional compensation will be paid for serving as a director. Each of our directors who is employed by or affiliated with one of the Sponsors may assign all or any portion of the compensation the director would receive for his services as a director to that Sponsor or its affiliates.

Table of Contents

All equity compensation that we have granted to our non-employee directors since May 2008 has been pursuant to the terms of the 2008 Omnibus Plan. Prior to May 2008, all equity compensation for non-employee directors was paid pursuant to a Director Stock Incentive Plan, which was discontinued and replaced by the 2008 Omnibus Plan.

In addition to free worldwide car rentals while serving as a director, any non-employee director who serves for at least five years on the Board will, after retirement from such service as a director, be eligible for Hertz #1 Club Platinum Card status and free worldwide car rentals up to a maximum of 90 days each year for fifteen years after his or her retirement.

For services rendered during the year ended December 31, 2012, our non-employee directors received the following compensation:

All compensation is for services rendered as directors, including annual retainer fees and committee and chair fees; in certain cases, compensation has been assigned by directors employed by, or affiliated with, one of the Sponsors to an entity associated with the applicable Sponsor. As Chair of the CN&G Committee, Mr. Beracha received additional compensation of \$15,000 during 2012. As Chair of the Audit Committee, Mr. Berquist received additional compensation of \$25,000 during 2012. In addition, Ms. Levinson, who was appointed to the Board and CN&G Committee effective March 7, 2012, was paid a pro-rated amount of \$69,232 for her Board and committee service during 2012. Mr. Koehler, who was appointed to the Board and Audit Committee effective March 7, 2012, was paid a pro-rated amount of \$69,232 for his Board and committee service during 2012. Mr. Wasserman, who resigned from the CN&G Committee in March of 2012, was paid a pro-rated amount of \$5,000 for his committee service in 2012. As members of the Audit Committee, Messrs. (2)

Under the terms of the Director Compensation Policy, certain directors elected in advance to receive fees that would otherwise be payable in cash in the form of shares of our Corporation. Certain directors also elected to defer receipt of the cash portion of the fee. Any fee that a director elected to defer was credited to the director's stock account and was deemed to be invested in a number of phantom shares equal to the number of shares of the Corporation's common stock that would otherwise have been delivered.

(3)

The value disclosed is the aggregate grant date fair value of 18,164 shares granted to Messrs. Beracha, Bernasek, Berquist, Durham, Morales, Tamke, Wasserman and Wolf and 11,633 shares granted to

Mr. Koehler and Ms. Levinson computed pursuant to FASB ASC Topic 718 and based on a grant date of May 24, 2012. Assumptions used in the calculation of these amounts are included in the note entitled "Stock-Based Compensation" in the notes to the Corporation's consolidated financial statements in our Form 10-K for the fiscal year ended December 31, 2012.

- (4) In May 2012, we revised the Director Compensation Policy to provide that, rather than being payable in the form of common stock in arrears immediately following the annual stockholders' meeting, the equity portion of director compensation will be granted annually following the annual stockholders' meeting in the form of restricted stock units having an equivalent fair market value to such dollar amount on the date of grant and which restricted stock units shall vest on the business day immediately preceding the next annual meeting of stockholders. As a result, the above table reflects grants of common stock made in 2012 for service as a director during 2011 and grants of restricted stock units made in 2012 for service during 2012, which units will vest on the business day immediately preceding the 2013 annual meeting.
- (5) Elected to receives fees that would otherwise be payable in cash in the form of phantom shares.
- (6) Elected to receive fees that would otherwise be payable in cash in the form of shares of the Corporation's common stock.

**EXECUTIVE COMPENSATION**

**Named Executive Officers**

The named executive officers are our CEO and CFO, and our three other most highly compensated executive officers, as of December 31, 2012. We refer to the following individuals as our "named executive officers":

Mark P. Frissora, who is our Chief Executive Officer ("CEO") and the Chairman of our Board;

Elyse Douglas, who is our Chief Financial Officer ("CFO") and our Senior Executive Vice President;

Scott Sider, who is our Group President, Vehicle Rental and Leasing, The Americas;

Michel Taride, who is our Group President, Hertz International; and

Gary Rappeport, who was the Chief Executive Officer of Donlen Corporation ("Donlen"), a fleet leasing company located in Northbrook, Illinois and wholly-owned subsidiary of Hertz, prior to his retirement on December 31, 2012.

**Compensation Discussion and Analysis**

***Executive Summary: Our Performance, Our Pay in 2012***

For 2012, we reported record results. Worldwide revenues for fiscal 2012 were \$9.0 billion, an increase of approximately 8.7% over the prior year. Worldwide car rental revenues for the year increased approximately 7.6% to \$7.5 billion. Revenues from worldwide equipment rental for the year increased approximately 14% to \$1.4 billion. Corporate EBITDA for 2012 was \$1.63 billion, an increase of 17.7% from 2011. Full year 2012 net income was \$243.1 million or \$0.54 per share on a diluted basis, compared with a net income of \$176.2 million or \$0.40 per share on a diluted basis for 2011. The price of our common stock increased approximately 38% during 2012, closing at \$16.27 on December 31, 2012, up from the closing price of \$11.72 on December 30, 2011. Corporate EBITDA is a non-GAAP financial measure, which is generally consolidated net income before net interest expense (other than interest expense relating to certain car rental fleet financing), consolidated income taxes, consolidated depreciation (other than depreciation related to the car rental fleet) and amortization and before certain other items, in each case as more fully defined in the agreements governing Hertz's senior credit facilities. For a further discussion of Corporate EBITDA and the manner in which our CN&G Committee uses Corporate EBITDA as a performance metric, see "Long-Term Equity Incentives Corporate EBITDA as the Performance Goal." We disclosed our Corporate EBITDA, as well as detailed reconciliations of this non-GAAP measure, in our quarterly earnings releases.

In addition to outstanding operating results, we completed the acquisition of Dollar Thrifty Automotive Group, Inc. ("Dollar Thrifty"). By adding Dollar Thrifty, we believe that we provide a complete offering of rental options to the business and leisure traveler both in North America and internationally. Our senior executives played critical roles in consummating the acquisition and we believe that they will play even more important roles going forward as we integrate the operations of Dollar Thrifty and Hertz.

We believe that a skilled and motivated team of senior executives is essential to building lasting stockholder value. We also understand that our senior executives are highly sought after. Therefore, we have structured our compensation programs to provide our named executive officers and other senior executives with levels of compensation that we believe are necessary to retain their services and to avoid the disruption and expense associated with unintended departures. Our short- and long-term incentive programs are also intended to reward our senior executives for performance measured against established goals that are important to us and to align our senior executives' interests with those of our stockholders.

Table of Contents

With respect to compensation for 2012, we implemented a number of measures intended to: (i) further align our compensation practices with our "pay-for-performance" compensation philosophy, (ii) adapt our compensation structure to the current economic and strategic environment and (iii) reward positive operational and financial performance that we believe enhances stockholder value over time. Specifically:

As part of our general salary review, we increased all of our named executive officers' salaries (other than Mr. Rappeport's) after an evaluation of each respective officer's performance in 2011.

Due to our strong operating performance in 2012, EICP awards were earned by our named executive officers in an amount that exceeded the targets established by the CN&G Committee for these awards.

As a result of strong operating performance in 2011 and 2012 combined, our named executive officers increased the number of performance stock units earned from 100.1% to 138.8% for performance stock grants made in 2011 and based on 2011-2012 combined Corporate EBITDA.

After consideration by our Board and CN&G Committee, we changed the frequency of our Say on Pay votes from triennial votes to annual votes because we believe it is a good governance practice and will provide our CN&G Committee with additional feedback regarding our pay practices.

***Our Performance and Our Pay for the Chief Executive Officer in 2012***

The following tables illustrate the general relationship between the performance of our Corporation, based on three of our performance metrics and the compensation of our CEO from 2010 to 2012. Corporate EBITDA is the central component of our long-term equity incentive program and adjusted pre-tax income and revenue are components of our EICP and impact the price of our common stock and therefore stockholder value.

***Role of the Compensation, Nominating and Governance Committee in Setting Executive Compensation***

The CN&G Committee reviews and establishes the compensation structure for our senior executives. To assist it in doing so, the CN&G Committee has the authority to retain outside advisors as it deems appropriate. Since July 2008, the CN&G Committee has engaged Semler Brossy as its compensation consultant to provide advice and information. Semler Brossy's responsibilities include:

Providing recommendations and criteria regarding our Survey Group (as defined below),

## Edgar Filing: HERTZ GLOBAL HOLDINGS INC - Form DEF 14A

Reviewing and advising on total executive compensation, including salaries, short- and long-term incentive programs and relevant performance goals,

Advising on industry trends, important legislation and best practices in executive compensation,

Table of Contents

Advising on how to best align pay with performance and

Assisting the CN&G Committee with any other matters related to executive compensation arrangements, including senior executive employment agreements.

The CN&G Committee reviews our compensation programs in light of Semler Brossy's recommendations and adjusts compensation as the CN&G Committee sees fit. However, the decisions made by the CN&G Committee are the responsibility of the CN&G Committee, and may reflect factors other than the recommendations and information provided by Semler Brossy. Semler Brossy has neither been engaged by nor advised management on any non-executive compensation matters. After taking into account Semler Brossy's (i) absence of significant relationships with management of the Corporation and the members of the CN&G Committee, (ii) internal policies and (iii) other relevant information provided, the CN&G Committee believes that Semler Brossy's work did not raise any conflicts of interest.

In determining the appropriate levels of our compensation programs, our CEO provides input to the CN&G Committee on topics that he believes are important, such as the appropriate salary for senior executives (other than himself), performance criteria, numerical performance goals and appropriate target performance levels. As part of this process, our CEO obtains data from and has discussions with our Chief Human Resources Officer. As described in more detail below, our CEO conducts performance reviews with respect to the other senior executives of the Corporation, the results of which may affect our senior executives' salaries and annual bonus levels. In addition, the CN&G Committee regularly confers with the Lead Director when making compensation decisions. Our CN&G Committee may give weight to our CEO's and Lead Director's input in its discretion, but in all cases, the final determinations over compensation reside with the CN&G Committee or, if requested by the Board, in the case of our CEO, with the independent members of our Board.

We designed our compensation programs so that a significant portion of our senior executives' pay is in the form of performance-based cash and equity compensation. The charts below illustrate that, for our CEO, 84.9% of his total compensation is directly influenced by our Corporation's financial performance and for the average of the other named executive officers, 74.2% of their compensation is directly

influenced by our Corporation's financial performance.

When determining our compensation programs, we compare the compensation for our senior executives to the compensation of comparable positions at a group of companies (the "Survey Group"). The CN&G Committee selected the Survey Group in consultation with Semler Brossy. Because the number of our direct industry competitors in the global market is limited, we do not limit the Survey Group to our direct competitors, but also include similarly-sized companies that are in the consumer discretionary, consumer staples, industrials, materials and information technology software and services sectors. These industries were selected because successful companies within these industries frequently bear substantial similarities to the Corporation's business model, insofar as they (i) are asset-intensive, (ii) require frequent customer contact and (iii) involve the need to maintain favorable brand recognition. The companies in the Survey Group had annual revenues of approximately \$5 to \$20 billion, as compared to the Corporation's 2012 revenue of \$9.0 billion. We include a relatively large number (50)

When making compensation decisions for our senior executives, our management and our CN&G Committee consider the compensation levels of the Survey Group, as well as industry factors, general business developments, corporate, business unit and individual performance and our overall "pay-for-performance" compensation philosophy. We typically review the salaries, annual bonus levels and long-term equity awards of our named executive officers and other senior executives every 12 months, and we periodically (but not on a set schedule) review the other elements of their compensation.

*Response to Advisory Vote on Executive Compensation*

In light of our stockholders' initial preference for triennial advisory votes on executive compensation in 2011, we did not conduct an advisory vote on executive compensation in 2012.

After reviewing the results of the 2011 vote, our CN&G Committee determined that no changes to the compensation paid to our named executive officers was required as a direct result of that vote.

*Salary*

For the named executive officers, the CN&G Committee determines salary and any increases after reviewing individual performance, conducting internal compensation comparisons and reviewing compensation in the Survey Group. However, we take into account other factors such as an individual's prior experience, total mix of job responsibilities versus market comparables, internal equity, and individual performance when setting base salaries for our senior executives. The CN&G Committee also

consults with our Lead Director and our CEO (except as to his own compensation) regarding salary decisions. We also review salaries upon promotion or other changes in job responsibility.

As the result of our regular, cyclical review of salaries, the annual base salaries for our named executive officers were established for 2012 as set forth below.

*Senior Executive Bonus Plan*

Our named executive officers' compensation includes an annual cash incentive payable pursuant to the Hertz Global Holdings, Inc. Senior Executive Bonus Plan ("Senior Executive Bonus Plan"), which was approved by our stockholders at the 2010 annual meeting of stockholders. Payments under the Senior Executive Bonus Plan are intended to qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code (the "Code"). Under the terms of the Senior Executive Bonus Plan, the maximum amount of a payment is limited to 1% of our earnings before interest, taxes, depreciation and amortization ("EBITDA") for a performance period for our CEO and 0.5% of our EBITDA for a performance period for other participants. Although our CN&G Committee exercises discretion to reduce annual incentives under the Senior Executive Bonus Plan, it may not increase the payments. When using its discretion to appropriately size annual incentives for 2012, our CN&G Committee took into account each named executive officer's performance under the EICP as well as the completion of the Dollar Thrifty transaction.

*How We Determined the 2012 EICP Awards*

To determine the EICP awards, our CN&G Committee reviewed our performance against the established objective performance criteria, reviewed individual performance and approved the EICP

award payments for the named executive officers (other than the CEO), and recommended to the Board for approval the award payment for the CEO. To arrive at a payout number, the Target Award was multiplied by modifiers based on corporate financial performance (the "Corporate Performance Modifier"), business unit strategic performance, for individuals reporting to a particular business unit and the weighted average aggregate business unit performance for our CEO, CFO and former CEO of Donlen (the "Business Unit Modifier"), and individual performance goals (the "Individual Performance Modifier"). The base formula is illustrated below:

*Target Awards for 2012*

The Target Award for 2012 was a percentage of the named executive officer's 2012 salary. In general, the CN&G Committee considers the experience, responsibilities, title and historical performance of each particular senior executive when determining Target Awards.

The 2012 Target Award as a percentage of base salary and the named executive officers' salary as of December 31, 2012 were as follows:

Threshold, target and high performance levels were based upon our business plan, in the case of adjusted pre-tax income and revenue, and expected economic growth in the case of EVA®. The CN&G Committee had the discretion to modify financial performance elements for unforeseen events and circumstances and to reflect changes in our operations or business and any other one-time events which did not otherwise reflect our Corporation's performance. The CN&G Committee used its discretion to modify adjusted pre-tax income and revenue targets and results due to the acquisition of Dollar Thrifty and the divestiture of Advantage. The CN&G Committee added the results for Dollar Thrifty from the date of the acquisition (November 19, 2012) and did not include the results from the divestiture of Advantage in adjusted pre-tax income and revenue, which impacted the results and targets correspondingly. The CN&G Committee then compared our actual financial performance to our targeted financial performance to determine the EICP award amounts.

The following were the fiscal 2012 financial performance criteria targets set by the CN&G Committee, as adjusted for the acquisition of Dollar Thrifty and the divestiture of Advantage, and our disclosed actual performance as compared to such targets (dollars in millions):

- (1) The EVA® figures in the above table represent, for threshold a decrease of EVA® by \$65 million, for target an improvement of EVA® by \$85 million and for the high performance level an improvement of EVA® by \$235 million.
- (2) Any adjusted pre-tax income or revenue results that equal the threshold receive a 60% multiplier. Any EVA® results that equal the threshold receive a 0% multiplier.
- (3) Any adjusted pre-tax income or revenue results that equal the high performance level receive a 160% multiplier. Any EVA® results that equal the high performance level receive a 200% multiplier.

For financial performance criteria, linear interpolation was used to determine the multiplier for results that were between the threshold and target and target and high performance level. However, for adjusted pre-tax income and revenue, if our performance had exceeded the high performance level, then the slope of the payout curve above the high performance level would have been half of the slope of the payout curve between the threshold and high performance level, and for EVA®, if our performance level had exceeded the high performance level, the slope of the payout curve above the high performance level would have been equal to the slope of the curve between the threshold and high performance level.

We disclosed our actual adjusted pre-tax income, as well as detailed reconciliations of this non-GAAP measure, in our quarterly earnings releases.

We calculate EVA® as follows:

|        |                                     |             |   |
|--------|-------------------------------------|-------------|---|
| EVA® = | Net operating profit after taxes(1) | <u>less</u> | A capital charge (the product of our cost of capital and the amount of capital employed in our business)(2) |
|--------|-------------------------------------|-------------|---|

(1)

We determine net operating profit after taxes as adjusted pre-tax income plus purchase accounting, but we exclude non-fleet interest and the finance portion of our pension expense. In order to account for taxes, we multiply this amount by .65, which is 1 minus the marginal tax rate of 35%.

(2)

In order to determine the capital charge, we multiply our cost of capital by an amount equal to (i) average equity, plus (ii) average non-fleet debt, plus (iii) average deferred taxes, plus (iv) the adjustments set forth in the following paragraph.

For 2012, when calculating the capital charge figure

our cost of capital was 10.2%;

Table of Contents

non-fleet debt equaled our average "Corporate Debt" as defined in our periodic reports on Forms 10-Q and 10-K less 73.5% of the net book value of Hertz Equipment Rental Corporation rental fleet (this figure we deemed to be covered by fleet debt for our EVA® calculation); and

we took the following special adjustments into account:

adjustments between pre-tax income and adjusted pre-tax income with the exception of non-cash interest and purchase accounting were capitalized and multiplied by 1 minus our marginal tax rate of 35%; and

any difference between cash operating taxes (taxes paid plus the tax benefit from the interest expense associated with corporate debt plus taxes saved (paid) due to non-recurring losses (gains)) and economic taxes (adjusted pre-tax income, plus purchase accounting, excluding non-fleet interest and the finance portion of our pension expense plus purchase accounting, multiplied by our marginal tax rate of 35%).

*Business Unit Modifier for 2012*

Based upon management's recommendation, our CN&G Committee determined that it was important to continue to incentivize management to achieve strategic initiatives for our Hertz Rent-A-Car Americas, Hertz Rent-A-Car International and Hertz Equipment Rental business units for 2012. Senior executives reporting to a specific business unit had their EICP awards adjusted by the Business Unit Modifier relating that business unit. Senior executives in our corporate centers (including our CEO and CFO) and Mr. Rappeport had their EICP awards adjusted by a weighted average of the Business Unit Modifiers, as follows: Hertz Rent-A-Car Americas: 50%, Hertz Rent-A-Car International: 25% and Hertz Equipment Rental: 25%. For 2012, the CN&G Committee determined a target for each strategic objective and then measured the 2012 results against the target to determine an objective, statistically-derived performance figure that did not involve the use of such discretion, resulting in a specified payout.

For 2012, the CN&G Committee determined the Business Unit Modifiers using the strategic goals set forth below, each of which was weighted at 33<sup>1</sup>/<sub>3</sub>% of the overall score.

Table of Contents

For the Hertz Equipment Rental business unit, the strategic goals approved by our CN&G Committee were: growth in industrial, pump and power and Hertz entertainment services, fleet efficiencies (as measured by time and overall dollar amount) and employee satisfaction. Each strategic goal was weighted at 33<sup>1</sup>/<sub>3</sub>% of the overall score. To measure growth in industrial, pump and power and Hertz entertainment services, we compared growth in these segments to the growth anticipated in our business plan. Fleet efficiencies were measured in relation to the utilization of equipment with respect to time and dollar amount. Employee satisfaction was measured through an internal employee pulse survey score.

For 2012, the CN&G Committee determined that, pursuant to the payout guidelines described above, the Business Unit Modifier for Hertz Equipment Rental was as follows:

Table of Contents*Individual Performance Modifier for 2012*

Annually, each named executive officer's performance (other than Mr. Frissora, our CEO) is subjectively evaluated by Mr. Frissora using performance factors established earlier in the year by Mr. Frissora in consultation with each named executive officer. At the end of 2012, Mr. Frissora recommended to the CN&G Committee for its approval an Individual Performance Modifier for each of our named executive officers based on this evaluation. Our Board provided the CN&G Committee with a subjective evaluation of our CEO's performance after reviewing Mr. Frissora's self-assessment (facilitated by our Lead Director) and the CN&G Committee approved his Individual Performance Modifier and reported its findings to the Board. The CN&G Committee used its discretion in approving the Individual Performance Modifier, placing primary emphasis on our CEO's individual review of our named executive officers and the Board's review of our CEO.

For Mr. Taride, these amounts have been converted to U.S. dollars from pounds sterling at the 12-month average rate of 1.58942.

(2)

When using its discretion to appropriately size the Senior Executive Bonus Plan payments for 2012, our CN&G Committee considered the performance of the senior executives in completing the Dollar Thrifty transaction, and authorized cash payments under our Senior Executive Bonus Plan to certain of our named executive officers. Mr. Frissora received an amount equal to 50% of his target bonus and Ms. Douglas and Mr. Sider each received amounts equal to 25% of their target bonuses.

*2013 Annual Cash Incentives (EICP)*

During 2012, our CN&G Committee evaluated our EICP for potential improvements. Based on management's evaluation and recommendations, and Semler Brossy's subsequent input, our CN&G Committee determined that performance targets for 2013 should continue to emphasize our Corporation's financial results to ensure strong alignment of management's interests with stockholders' interests. For 2013, the EICP will use the same general structure as in 2012, with (i) adjusted pre-tax income, EVA® and revenue as the Corporate Performance Modifier elements, (ii) Business Unit Modifiers which reflect the goals of each particular business unit for 2013 and (iii) an individual component to encourage superior individual performance.

*Long-Term Equity Incentives*

## Edgar Filing: HERTZ GLOBAL HOLDINGS INC - Form DEF 14A

Long-term incentive compensation comprises a significant part of our total compensation for senior executives and in 2012 was awarded under the 2008 Omnibus Plan. Under the 2008 Omnibus Plan, the CN&G Committee has the flexibility to make equity awards, including time- and performance-based awards of stock options, stock appreciation rights, restricted stock, restricted stock units, performance

Table of Contents

stock units and deferred stock units. The plan also permits us to settle awards in shares or cash. 15,859,619 shares of stock are available for awards under the 2008 Omnibus Plan as of March 19, 2013.

*Summary of 2012 Award Structure*

In 2012, the CN&G Committee reassessed the structure of equity grants used in the Corporation's Long-Term Incentive Plan. Specifically, the CN&G Committee reviewed the use and mix of performance stock units as well as options, and considered whether, in light of the Corporation's historical operating performance, future performance and market factors, any changes were required. After considering award alternatives and in consultation with Semler Brossy, the CN&G Committee made the following changes, summarized below.

**Summary of Changes to 2012 Long-Term Equity Incentives**

| <b>2011 LTIP Structure</b>  |   | <b>2012 LTIP Structure</b>   | <b>Why We Made Changes</b>   |
|-----------------------------|---|------------------------------|--|
| 50% Performance Stock Units | à | 60% Performance Stock Units  | The CN&G Committee believed increasing the weighting of such units from 50% to 60% would result in appropriate focus on stockholder returns relative to compensation paid  |
| 50% Options                 | à | 40% Price-Vested Stock Units | The CN&G Committee largely replaced options with price-vested stock units after assessing the expense related to stock options (which increased in 2012 due to revised accounting treatment based on the Corporation's historical operating performance) and because the price-vested stock units, like options, reward increases in the price of our common stock |

In general, the CN&G Committee considers the experience, responsibilities, title and historical performance of each particular senior executive when determining grants of long-term equity awards.

*Granting Performance Stock Units*

In March 2012, we granted performance stock units to our named executive officers as part of their annual long-term incentive award. Performance stock units represent the right to receive a share of our common stock if certain performance goals are achieved and time periods have passed. The CN&G Committee determined that awarding long-term equity awards comprised of 60% performance stock units was appropriate because performance stock units directly encourage our senior executives to improve and enhance our financial performance, while helping retain their services through the vesting period. In general, earning performance stock units requires continued employment.

*Corporate EBITDA as the Performance Goal*

The CN&G Committee selected Corporate EBITDA as the performance goal for the performance stock units granted in 2012. Corporate EBITDA means "EBITDA" as that term is defined under Hertz's senior credit facilities, which is generally consolidated net income before net interest expense (other than interest expense relating to certain car rental fleet financing), consolidated income taxes, consolidated depreciation (other than depreciation related to the car rental fleet) and amortization and before certain other items, in each case as more fully defined in the agreements governing Hertz's senior credit facilities. The CN&G Committee chose Corporate EBITDA as a performance metric for the performance stock units because it is one of the primary metrics we use to facilitate our analysis of investment decisions, profitability and performance trends.

*Performance Stock Awards and Long-Term Performance*

In 2012, the CN&G Committee reaffirmed its approach to long-term equity awards by continuing to incorporate a multi-year focus. For purposes of the performance stock awards, management created, and the CN&G Committee approved, a strategic plan with business targets for 2012 and combined

Table of Contents

2012-2013 (the "Strategic Plan") and a stretch plan with more difficult business targets for 2012 and combined 2012-2013 (the "Stretch Plan"). In order for the senior executives to earn target (100%) awards for 2012, they would have to meet higher Corporate EBITDA targets in the Stretch Plan. However, to account for the heightened difficulty in achieving such increased targets under the Stretch Plan, the CN&G Committee adopted a design allowing for a two-year Corporate EBITDA measurement (both 2012 and 2013) in the event that the senior executives do not reach the maximum performance level in 2012. Accordingly, if the senior executives did not reach the maximum Corporate EBITDA goals in 2012, they would still have the opportunity to do so by achieving results in 2013 which would meet the two-year maximum performance goal. As a result, the senior executives are incentivized both on the 2012 Corporate EBITDA results and the combined Corporate EBITDA results for 2012-2013. The below chart summarizes the structure.

For the 2012 Corporate EBITDA, as a result of the acquisition of Dollar Thrifty and divestiture of Advantage, the CN&G Committee was required to modify the performance targets and results. After consideration of the impact of the business combinations, the CN&G Committee used its discretion to increase to the targets for the Strategic Plan and Stretch Plan for the 2012 year and such increases were reflected in the 2012 and 2012-2013 Corporate EBITDA targets. As with the EICP, the CN&G Committee added the results for Dollar Thrifty from the date of the acquisition (November 19, 2012) and did not include the results from the divestiture of Advantage.

The amount of performance stock units eligible to vest would vary based upon actual performance as follows:

With respect to each of 2012 results and combined 2012-2013 results, straight line interpolation is used to determine the payout for Corporate EBITDA results that are between the various levels.

Actual Corporate EBITDA for 2012 was \$1,635.6 million, resulting in the named executive officers becoming eligible to receive 95.1% of the performance stock units eligible to be earned for 2012.

Table of Contents

Of this amount, 33<sup>1</sup>/<sub>3</sub>% of the performance stock units earned in 2012 vested on the first anniversary of the grant date for the named executive officers. An additional 33<sup>1</sup>/<sub>3</sub>% of the performance stock unit award (subject to increase if combined 2012-2013 Corporate EBITDA performance exceeds the 2012 Corporate EBITDA performance level) will vest on the second and third anniversary of the grant date if the named executive officer is still an employee on each of these dates. Each senior executive may earn more than 95.1% if Corporate EBITDA achieves a performance level exceeding 95.1% as measured under the 2012-2013 performance plan. A summary of the performance stock units that our named executive officers received in 2012 can be found in the "2012 Grants of Plan Based Awards" table.

*Price-Vested Stock Units*

In 2012, the CN&G Committee, as part of its assessment of the Corporation's compensation programs, replaced options with price-vested stock units ("PVUs"). As noted in " Long-Term Equity Incentives", the CN&G Committee assessed the compensation expense of options and believed that transitioning from the use of options would be in the best interest of the Corporation's stockholders and provide incentives to our senior executives to increase the Corporation's stock price and to remain with the Corporation and thus granted 40% of the overall long-term equity awards in the form of PVUs.

To achieve vesting of the PVUs, the senior executives must achieve certain common stock price targets at the end of the applicable measurement periods as set forth in more detail below, all subject to the senior executive serving at the time of vesting.

The CN&G Committee granted the awards on March 6, 2012. The 20-trading day trailing average stock price as measured two trading days before the grant date of March 6, 2012 was \$14.4260. The number of units which will actually vest will be determined as follows:

*Equity Grants in 2011 Performance Results for 2011-2012 Combined EBITDA*

In 2011, the CN&G Committee made grants of performance stock units which would be awarded based on 2011 Corporate EBITDA results and combined 2011-2012 Corporate EBITDA results. Actual Corporate EBITDA for 2011 was \$1,389.5 million, resulting in the named executive officers becoming eligible to receive 100.1% of the performance stock units eligible to be earned for 2011. However, depending on combined 2011-2012 Corporate EBITDA, our senior executives were eligible to earn more than the 100.1% award level if combined Corporate EBITDA exceeded the 100.1% level for 2011-2012 combined.

For combined 2011-2012 Corporate EBITDA, as a result of the acquisition of Dollar Thrifty and divestiture of Advantage, the CN&G Committee was required to modify the performance targets and results. After consideration of the impact of the business combinations, the CN&G Committee used its discretion to increase to the targets for the combined 2012-2013 Corporate EBITDA targets. As with the EICP, the CN&G Committee added the results for Dollar Thrifty from the date of the acquisition (November 19, 2012) and did not include the results from the divestiture of Advantage.

The amount of performance stock units eligible to vest would vary based upon actual performance, as adjusted for the acquisition of Dollar Thrifty and divestiture of Advantage, as follows:

|                  | <b>Performance vs. Payout Matrix PSUs</b> |                                   |   |
|------------------|---|-----------------------------------|---|
|                  | <b>2011 Corporate EBITDA</b>              | <b>2011-2012 Corporate EBITDA</b> | <b>Payout</b>                             |
| <b>Threshold</b> | \$1,142 million                           | \$2,512.3 million                 | 50% payout<br>(no payout below threshold) |
| <b>80% Level</b> | \$1,269 million                           | \$2,679.7 million                 | 80% payout                                |
| <b>Target</b>    | \$1,389 million                           | \$2,791.4 million                 | 100% payout                               |
| <b>Maximum</b>   | \$1,586 million                           | \$3,092.9 million                 | 150% payout                               |

With respect to each of 2011 results and combined 2011 and 2012 results, straight line interpolation is used to determine the payout for Corporate EBITDA results that are between the various levels.

Actual Corporate EBITDA for 2011-2012 was \$3,025.1 million, resulting in the named executive officers becoming eligible to receive 138.8% of the performance stock units eligible to be earned for 2011-2012.

Of this amount, 25% of the award earned in 2011 vested on the first anniversary of the grant date. On the second anniversary of the grant date, because the named executive officers' performance exceeded 100.1% for the combined 2012-2013 performance period, additional shares vested to reflect the improve performance. Specifically, 25% of the total 138.8% of shares earned vested, less the shares which vested in 2011. On the third anniversary of the grant date, the remainder of the award will vest based on the improved performance.

*2013 Long-Term Equity Awards*

In November 2012, the CN&G Committee reviewed the structure and balance of equity grants used in the Corporation's Long-Term Incentive Plan. After consideration of various award alternatives and in consultation with Semler Brossy, the CN&G Committee revised the Long-Term Incentive Plan to consist of 100% performance stock units for 2013, with approximately 70% of the performance stock units based on Corporate EBITDA and approximately 30% based on Corporate EBITDA margin. The CN&G Committee believes that this mix of performance stock units will provide an additional balance which will focus both on bottom-line Corporate EBITDA targets and on increasing the Corporate EBITDA margins.

*Policies On Timing of Equity Awards*

It is our policy not to issue equity awards with a grant date that occurs during regularly scheduled blackout periods. It is our policy not to grant equity awards with effect from, or with an exercise price based on market conditions as they existed on, any date prior to the date on which the party in which granting authority is vested (typically our CN&G Committee, our Board, or our CEO) takes formal action to grant them or such later grant date as may be specified. It is our policy to promptly document any equity awards that we make; we would normally regard documentation to be prompt if we were to communicate the terms of the awards to their recipients, and to obtain signed award agreements governing the grants back from them, within one month of the date formal action is taken to issue them.

*Stock Ownership Guidelines*

In May 2010, our Board adopted stock ownership guidelines for our senior executives and non-employee directors other than directors designated by our Sponsors. The guidelines establish the following target ownership levels:

Equity equal to five times salary for our CEO;

Equity equal to three times salary for our CFO and business unit heads;

Equity equal to one times salary for our other senior executives; and

Equity equal to three times annual cash retainer for non-employee directors.

Senior executives and non-employee directors have five years to reach the target ownership levels. Senior executives subject to the guidelines are permitted to count towards the target ownership levels shares owned outright or in trust, shares owned through our Employee Stock Purchase Plan, the approximate after-tax value of unvested restricted stock units (*i.e.*, 50% of unvested restricted stock units) and the approximate after-tax value of performance stock units if the performance criteria has been met, even if the service requirement has not been met (*i.e.*, 50% of performance stock units if performance criteria is met). Non-employee directors subject to the guidelines are permitted to count towards the target ownership levels shares owned outright or in trust and the approximate after-tax value of phantom shares (*i.e.*, 50% of phantom shares).

*Hedging Policy*

In February of 2013, the Corporation modified its policy regarding trading in the Corporation's securities to prohibit employees from entering into any type of arrangement, contract or transaction which has the effect of hedging the value of our common stock.

*Retirement Benefits*

We maintain retirement and savings plans for our employees. Two of these plans are tax-qualified and are broadly available to our employees. In addition, we maintain three non-qualified, unfunded pension plans for certain of our U.S.-based senior executives, including our named executive officers. These three plans are the Hertz Corporation Supplemental Retirement and Savings Plan, or "SERP" (which no named executive officer participates in), the Hertz Corporation Benefit Equalization Plan, or "BEP," and the Hertz Corporation Supplemental Executive Retirement Plan, or "SERP II." We believe

Table of Contents

these plans promote retention of our key senior executives and other participants by providing a reasonable level of retirement income reflecting their careers with us. We believe such plans are customary in the industries in which we operate, although we did not in 2012 conduct a formal review of the comparability of the terms of these plans with our Survey Group. We generally have not considered these benefits when setting base salary and annual bonus amounts. The material terms of these plans are summarized below under " Pension Benefits."

We also maintain a post-retirement assigned car benefit plan under which we provide certain senior executives who, at the time of retirement, are at least 58 years old and have been an employee of the Corporation for at least 20 years, with a car from our fleet and insurance on the car for the participant's benefit. The assigned car benefit is available for 15 years post-retirement or until the participant reaches the age of 80, whichever occurs last. As of December 31, 2012, Messrs. Taride and Sider had satisfied the minimum service, but not the minimum age, requirement and Mr. Frissora and Ms. Douglas had satisfied neither the minimum service nor the minimum age requirement. Mr. Rappeport did not qualify for this benefit at the time of his retirement.

*Perquisite Policy*

We provide perquisites and other personal benefits to our named executive officers that we and our CN&G Committee believe are reasonable and consistent with our overall compensation program to better enable us to attract and retain superior employees for key positions. The named executive officers are provided use of company- or third party manufacturer-provided cars, financial planning and tax preparation assistance, annual physicals and, in the case of Mr. Frissora, a country club membership. We also maintain a relocation policy that provides for the payment of relocation expenses in certain instances. In addition, our CEO, for security purposes, uses corporate aircraft for personal and business related air travel and is provided with the services of a driver employed by us. Attributed costs of these personal benefits for the named executive officers for the fiscal year ended December 31, 2012 are included in the "All Other Compensation" column of the Summary Compensation Table. The CN&G Committee periodically reviews our perquisite policies as required. We generally have not considered these perquisites when setting base salary and annual bonus amounts.

We use corporate aircraft for the purpose of encouraging and facilitating business travel by our senior executives (primarily our CEO) and directors, generally for travel in the United States and, less frequently, internationally. Under our aircraft policy, our CEO uses our aircraft for travel. We believe that this policy provides several business benefits to us. Our policy is intended to facilitate our CEO's access to our locations around the world and maximize his time available for our business. In addition, our policy is intended to ensure the personal safety of our CEO, who maintains a significant public role as the leader of our Corporation. The methodology that we use to value personal use of our aircraft as a perquisite, as reported in footnotes to the Summary Compensation Table, calculates the incremental cost to us of providing the benefits based on the actual cost of fuel, crew expenses, on-board catering and other, small variable costs. Because we use aircraft primarily for business travel, this valuation methodology excludes fixed costs which do not change based on usage, such as pilots' salaries, purchase cost of the aircraft and certain maintenance costs. In 2011, the CN&G Committee reviewed and evaluated the use of our corporate aircraft. Through using a productivity model, CN&G Committee determined that our 2010 corporate aircraft use resulted in productivity and cost savings exceeding the expense associated with such corporate aircraft usage. The CN&G Committee did not evaluate corporate aircraft use in 2012.

*Housing Arrangements with Mr. Taride*

In July 2011, Hertz Europe Limited entered into an agreement with Mr. Taride to provide living accommodations for Mr. Taride and his family in London, England (the "London Property"). Pursuant to this agreement, Mr. Taride was responsible for paying a portion of the £130,000 (approximately \$201,500 at the then-current exchange rate of 1.55 \$/£) annual market-based rent for the London Property and

Table of Contents

Mr. Taride had the option to purchase the London Property from Hertz Europe Limited at its then appraised fair market value, minus one-third of any increase in its value from its then-current fair market value of £3.5 million (approximately \$5.4 million at the then-current exchange rate of 1.55\$/£). Furthermore, Hertz Europe Limited was obligated to reimburse Mr. Taride's income tax liability for the subsidized rent to June 2015 or until the London Property was purchased by Mr. Taride.

On December 17, 2012, Mr. Taride exercised his purchase option on the London Property, pursuant to which he paid a total of £3.60 million to acquire the property. Under the terms of the agreement, any increase in the price of the London Property from its fair market value of £3.5 million would be shared between Hertz Europe Limited (2/3 of the increase) and Mr. Taride (1/3 of the increase). Because the fair market value of the London Property was determined to be £3.65 million, £50,000 was imputed to Mr. Taride as income. This imputed income is set forth in the "All Other Compensation" Table below.

*Employment and Severance Arrangements*

We have entered into change in control agreements ("Change in Control Agreements") covering all of our named executive officers, other than Mr. Frissora, whose employment agreement provides severance (described in "Employment and Change in Control Agreements - Employment Agreement with Mark P. Frissora"), and we have adopted a severance plan. When we entered into these arrangements, our CN&G Committee received advice from its compensation consultant at that time, Frederic W. Cook & Co., Inc., as to market practices for these arrangements among what we then determined to be a peer group of companies. In adopting these arrangements, it was our intention to provide our named executive officers with severance arrangements that they would view as appropriate in light of their existing arrangements, while at the same time not exceeding, to the maximum extent practicable, the terms of arrangements provided by our peer companies.

These arrangements consist of (i) individual Change in Control Agreements with Messrs. Sider and Taride and Ms. Douglas, and (ii) a severance plan (the "Severance Plan for Senior Executives"). Prior to entering into these arrangements, Mr. Taride had been party to change in control agreements with Hertz and Ford. The purpose of the individual Change in Control Agreements is to provide payments and benefits to the covered executives in the event of certain qualifying terminations of their employment following a change in control of us, and the purpose of the Severance Plan for Senior Executives is to provide payments and benefits to the covered executives in the event of certain other qualifying terminations of their employment. The terms of the Change in Control Agreements and Severance Plan for Senior Executives are described in "Employment and Change in Control Agreements."

The Change in Control Agreements are "double trigger" agreements, meaning that any payments and benefits are paid only if (i) there is a change in control and (ii) the covered executive is terminated by us without "cause" or by the covered executive with "good reason" (as those terms are defined in the Change in Control Agreement), in either case within two years following the change in control. We believe this "double trigger" approach is appropriate because it enhances retention following a change in control and a change in control may require the continued services of an executive without a change in that executive's position, role or compensation opportunities. Furthermore, the "double trigger" provisions of the Change in Control Agreements are intended to motivate the covered executives to remain with us, or any successor to us, in spite of any disruptions or dislocations resulting from ownership changes. We believe that such "double trigger" provisions, both presently and prospectively, enhance stockholder value by ensuring business continuity in the event of a change of control and allow us to employ executives who are truly committed to our line of business.

In 2010, the CN&G Committee approved a revised form of the Change in Control Agreement which eliminates our obligations to make payments to the covered executive of all tax gross-ups levied against such executive pursuant to Section 4999 of the Code. Of our named executive officers, only Mr. Sider has entered into this revised Change of Control Agreement. The CN&G Committee revised the Change in Control Agreements as part of our continual evaluation of our compensation programs. We believe that eliminating such tax gross-ups for all future executives and key employees is appropriate in light of

Table of Contents

current compensation practices and will not affect our future ability to hire and retain exemplary executives and employees.

**Policy on Recovering Bonuses in the Event of a Restatement**

Our "claw-back" policy for all senior executive annual incentive, long-term incentive, equity-based awards and other performance-based compensation arrangements provides that a repayment obligation is triggered by an award of compensation based on achievement of financial results that were the subject of a restatement, if the CN&G Committee determines that the senior executive's gross negligence, fraud or misconduct caused or contributed to the need for the restatement and the need for a restatement is identified within three years after the first public issuance or filing of financial statements. The CN&G Committee retains discretion as to implementation and interpretation of all matters relating to the "claw-back." In addition, Section 304 of the Sarbanes-Oxley Act of 2002 provides for the forfeiture of certain bonuses and profits by our CEO and CFO in connection with certain accounting restatements. Our "claw-back" policy will be revised, to the extent necessary, to comply with any rules promulgated by the SEC pursuant to Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act.

In addition, the 2008 Omnibus Plan and Senior Executive Bonus Plan, pursuant to which EICP awards are granted, provide us with the discretion to cause the forfeiture of cash and equity compensation and the recovery of gains from equity compensation awarded under such plans with respect to individuals who engage in misconduct or gross negligence that results in a restatement of our financial statements. In addition, the aforementioned plans provide that awards granted under the plans are subject to the "claw-back" provisions in our Standards of Business Conduct that are described above.

**Tax and Accounting Considerations**

Section 162(m) of the Code operates to disallow public companies from taking a federal tax deduction for compensation in excess of \$1 million paid to certain of its executive officers, excluding performance-based compensation that meets requirements mandated by the statute. As part of its role, our CN&G Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Code. Our stockholders approved our 2008 Omnibus Plan so that awards granted under the plan may qualify as performance-based compensation. In addition, EICP payments for 2012 were generally paid to executive officers under the Senior Executive Bonus Plan, which was approved by our stockholders at the 2010 annual meeting and is designed to qualify as tax-deductible to us under Section 162(m) of the Code. When appropriate, our CN&G Committee intends to preserve deductibility under Section 162(m) of the Code of compensation paid to our named executive officers. However, in certain situations, our CN&G Committee may approve compensation that will not meet these requirements in order to ensure the total compensation for our executive officers is consistent with the policies described above, particularly with regard to our CEO's salary. Accordingly, our CN&G Committee approved a base salary above \$1 million for our CEO in 2012, some portion of which may not qualify as performance-based compensation, based on the determination that the benefit of providing compensation to our CEO at a level that we believe necessary to retain and reward his talents outweighs the cost of any lost tax deductibility.

(1)

The value for each of the years in this Summary Compensation Table reflects the full grant date fair value.

These amounts were computed pursuant to FASB ASC Topic 718. Assumptions used in the calculation of these amounts are included in the note entitled "Stock-Based Compensation" in the notes to the Corporation's consolidated financial statements in our Form 10-K for the fiscal year ended December 31, 2012.

As described in the "Compensation Discussion and Analysis Performance Stock Units" above, vesting of the performance stock units granted in 2012 were subject to the Corporation's achievement of certain pre-determined financial performance goals during 2012 and subject to upward adjustment based on financial performance goals for combined 2012-2013. The "Stock Awards" column above reflects the grant date fair values of the target number of performance stock units that were eligible to vest based on the Corporation's financial performance goals for 2012, which for accounting purposes is the probable outcome (determined as of the grant date) of the performance-based condition applicable to the grant. This column also reflects the grant date fair value of price-vested stock units granted in 2012. The following table below presents the aggregate grant date fair value of these grants assuming that (i) the actual outcome occurred, a 95.1% payout, and the awards were not subject to increase based on combined 2012-2013 financial performance and (ii) the highest level of performance condition would be achieved, resulting in a 150% payout.

(2) 2012 amounts reflect amounts under the Senior Executive Bonus Plan for 2012 performance that were paid in February 2013.

(3) Amounts include annual changes in the actuarial present value of accumulated pension benefits. The present value was determined using the same assumptions applicable for valuing pension benefits for purposes of our financial statements. See the note entitled "Employee Retirement Benefits" in the notes to the Corporation's consolidated financial statements in our Form 10-K for the fiscal year ended December 31, 2012. Due to a freeze of the Hertz UK 1972 Pension Plan and the Hertz UK Supplementary Unapproved Pension Scheme in 2011, Mr. Taride did not report an increase in pension value in 2011. The change in his pension value was \$(249,332) (translated in accordance with footnote 5 of this table) for 2011.

- (1) The amounts in these columns include the "Target" amount for each named executive officer under the EICP at 100% of the target award. The EICP payments are based on adjusted pre-tax income, revenue and EVA® goals for the Corporation. The Senior Executive Bonus Plan, under which EICP payments are made, limits the maximum cash incentive bonus payout for our CEO and other participants. The limit is 1% of our EBITDA for a performance period for our CEO and 0.5% of our EBITDA for a performance period for other participants. The CN&G Committee uses its negative discretion to make actual EICP awards using the performance metrics more specifically described in our Compensation Discussion and Analysis as a guide. Actual amounts were determined and paid in early 2013 and are included in the Summary Compensation Table above. We discuss the EICP under the heading "Compensation Discussion and Analysis Annual Cash Incentive Program (EICP) EICP Overview."
- (2) Performance stock units were granted to each named executive officer under our 2008 Omnibus Plan. As described in the Compensation Discussion and Analysis above, the amount of performance stock units eligible for vesting is subject in part to our achievement of financial performance goals during 2012 and/or combined 2012-2013. Of the awards actually earned by our named executive officers, 331/3% of each award of performance stock units vest on the first, second and third anniversary, in each case if the executive is still an employee on the applicable vesting date. As set forth in "Compensation Discussion and Analysis Long Term Equity Incentives Performance Stock Units" above, if combined 2012-2013 Corporate EBITDA performance levels exceed the 2012 Corporate EBITDA performance levels, additional performance stock units will vest on the second and third anniversaries to reflect the achievement of such increased performance levels.
- (3) Price-vested stock units were granted to each named executive officer under our 2008 Omnibus Plan. As described in the Compensation Discussion and Analysis above, the amount of price-vested stock units eligible for vesting is subject in part to our achievement of financial performance goals ending on the third and fourth anniversary of the date of grant.
- (4) Represents the aggregate grant date fair value, computed pursuant to FASB ASC Topic 718. Please see the note entitled "Stock-Based Compensation" in the notes to the Corporation's consolidated financial statements in our Form 10-K for the fiscal year ended December 31, 2012 for a discussion of the assumptions underlying these calculations.

Gary  
Rappeport(8)

- (1) Based on the closing market price of the Corporation's common stock on December 31, 2012 of \$16.27.
- (2) The unvested options vest in two equal installments on March 4, 2013 and 2014.
- (3) The unvested options vest in three equal installments on March 1, 2013, 2014 and 2015.
- (4) On March 1, 2011, the CN&G Committee granted Mr. Frissora the contingent right to receive 193,798 performance stock units. For these performance stock units to vest, the 20 trading day trailing average price of our common stock must equal or exceed \$20 per share by March 2, 2016. Vesting is also contingent on Mr. Frissora's continued employment with us through the last to occur of either the third anniversary of the date of grant (March 1, 2014) or the date upon which the performance criterion above is satisfied.
- (5) These performance stock units were granted on February 28, 2011. Each performance stock unit represents a contingent right to receive one share of our common stock. The performance stock units vest in three installments. The first 25% of performance stock units vested on the first anniversary of the date of grant as based on 2011 Corporate EBITDA results. The second 25% of

performance stock units vest on the second anniversary of the date of grant contingent only upon the recipient's continued employment and the remaining 50% of performance stock units vest on the third anniversary of the date of grant contingent only upon the recipient's continued employment. However, as described in "Compensation Discussion and Analysis Long Term Equity Incentives Performance Stock Units" above, to the extent that combined 2011-2012 Corporate EBITDA performance levels exceed the 2011 Corporate EBITDA performance level, then additional performance stock units will vest on the second and third anniversaries of to reflect the achievement of such increased performance levels.

- (6) These performance stock units were granted on March 4, 2010. Each performance stock unit represents a contingent right to receive one share of our common stock. The performance stock units vest in three installments. The first and second 25% of performance stock units vested on the first and second anniversaries of the date of grant (March 4, 2011 and 2012, respectively), due to (i) the recipient's continued employment and (ii) satisfaction of the performance criteria applicable to the performance stock units. Because the performance criteria were satisfied, the remainder of the performance stock units vest over time (subject to continued employment). Specifically, the remaining 50% of performance stock units vest on the third anniversary of the date of grant (March 4, 2013) contingent only upon the recipient's continued employment.
- (7) These awards represent the grants of performance stock units and price-vested stock units made on March 6, 2012 as set forth in "2012 Grants of Plan-Based Awards" above. All of the awards are reported at target. The amount for the performance stock units ultimately awarded may range from 0% to 150% of the target award and the amount for the price-vested stock units ultimately awarded may range from 0% to 100% of the target award.
- (8) Mr. Rappeport retired from Donlen on December 31, 2012. As a result of his retirement, he forfeited all of his outstanding stock awards.

**Pension Benefits**

Our retirement plan for U.S.-based employees, The Hertz Corporation Account Balance Defined Benefit Pension Plan (the "Hertz Retirement Plan"), is a tax-qualified pension plan for which we pay the entire cost. Full and part-time employees who work more than 1,000 hours in a 12-month period, and who have completed one year of continuous employment with the Corporation, including the named executive officers, with the exception of Mr. Taride, earn the right to receive benefits upon retirement at the normal retirement age of 65 or upon early retirement at or after age 55 and the completion of three years of vesting service. The benefit an employee receives is based on a combination of the following factors:

A percentage of final average compensation (using the highest five consecutive of the last ten years of eligible compensation);

Years of credited service up to July 1, 1987; and

The accrued value of a cash account after July 1, 1987, which gets credited each year at a predetermined percentage of eligible compensation.

We maintain three non-qualified, unfunded pension plans for certain of our U.S.-based executives: the BEP, the SERP II and the SERP. None of our named executive officers participates in the SERP and Mr. Taride does not participate in any of these plans. These plans provide benefits in excess of the qualified plans as follows:

The BEP provides equalization benefits in lieu of benefits that cannot be provided under the Hertz Retirement Plan due to limitations on tax-qualified retirement plans imposed by the Code. Eligibility for the BEP is limited to members of a select group of management or highly compensated employees whose benefits under the Hertz Retirement Plan are limited by the Code and who do not participate in the SERP. Messrs. Frissora and Sider and Ms. Douglas participate or participated in the BEP. Benefits under the BEP are fully vested after the earlier of three years of vesting service or at age 65.

The SERP II provides benefits to participants that, when combined with benefits paid to them under the Hertz Retirement Plan, the BEP and the SERP would cause them to receive overall benefits generally similar to those that would have been provided if the pre-July 1, 1987 benefit formula for the Hertz Retirement Plan had remained in effect until their normal retirement date, but had the Hertz Retirement Plan computed their final average compensation on the basis of the highest five in the last ten years of eligible compensation, whether or not those five years were consecutive. Eligibility for the SERP II is discretionary. Messrs. Frissora and Sider and Ms. Douglas participate in the SERP II. Benefits under the SERP II are generally payable only to participants who, upon the termination of their employment, have been credited with five vesting years of service under the pension plan and whose employment terminates due to death or disability or after attainment of

age 55. Those benefits are also payable to participants who have not attained age 55 if their employment is terminated (other than voluntarily or for cause) within thirty days prior to, or one year after, certain changes in control of Hertz or its subsidiaries.

Table of Contents

Mr. Taride participates in two retirement plans applicable to certain of our employees in Europe, the Hertz UK 1972 Pension Plan and the Hertz UK Supplementary Unapproved Pension Scheme, or the "Hertz UK Supplementary Plan." These two plans are similar defined benefit plans that provide for, in the case of Mr. Taride, 1/30th of his final salary for each year of service in the plans subject to a maximum of two-thirds of his final salary at the time of his retirement. Under these plans, Mr. Taride has a right to retire at age 60.

On June 30, 2011, we transitioned from the two defined benefit plans mentioned above to a defined contribution plan, the Hertz Group Personal Pension, for Mr. Taride and all U.K.-based employees. As a result, Mr. Taride, in addition to all other U.K.-based employees, are still entitled to the benefits under the plans, but we will make no further contributions on their behalf to either plan and all accrued benefits will be paid when the beneficiaries are eligible for such benefits.

We also maintain a tax-qualified defined contribution plan in which the named executive officers, except for Mr. Taride, are eligible to participate. We also maintain a post-retirement assigned car benefit plan under which we provide certain executives who, at the time of retirement, are at least 58 years old and have been an employee of the Corporation for at least 20 years, with a car from our fleet and insurance on the car for the participant's benefit. The assigned car benefit is available for 15 years post-retirement or until the participant reaches the age of 80, whichever occurs last. As of December 31, 2012, Messrs. Sider and Taride had satisfied the minimum service, but not the minimum age, requirement and Mr. Frissora and Ms. Douglas had satisfied neither the minimum service nor the minimum age requirement. Mr. Rappeport did not qualify for this benefit at the time of his retirement.

**Employment and Change in Control Agreements**

The Corporation and its subsidiaries have entered into employment agreements and Change in Control Agreements with certain key employees, including the named executive officers, to promote stability and continuity of senior management. Information about such agreements is set forth below.

*Employment Agreement with Mark P. Frissora*

We entered into an employment agreement with Mr. Frissora in connection with his becoming our CEO, and a director of the Corporation and of Hertz, in July 2006, which agreement was amended and restated in December 2008. The agreement with Mr. Frissora provides for an annual base salary of not less than \$950,000 and an annual bonus opportunity of 100% of such base salary. In addition, Mr. Frissora is entitled to receive the benefits and perquisites we provide to our senior executives.

In addition, the agreement provides that if Mr. Frissora's employment terminates because of his death, "Disability" or "Retirement," (as those terms are defined in the employment agreement) he will be entitled to receive his base salary through the date of termination plus a pro rata bonus for the year of termination based on the achievement of performance goals for that year. If his employment is terminated by the Corporation "Without Cause" or by Mr. Frissora for "Good Reason" (as those terms are defined in the employment agreement), Mr. Frissora is, if he executes a release of claims against us, entitled to severance. Severance in this case would be equal to two and a half times his then-current base salary and the bonus awarded for the preceding year, continuation of health care coverage for two years, and a pro rata bonus for the year in which his termination occurs, based on actual performance. If Mr. Frissora's employment is terminated for Cause, he is only entitled to his base salary through the date of termination. If Mr. Frissora's employment is terminated by Mr. Frissora without Good Reason, he is entitled to his base salary through the date of termination and his earned but unpaid annual bonus for the year preceding the year in which the date of termination occurs. Upon termination of Mr. Frissora's employment for any reason, he will be subject to non-competition and non-solicitation provisions for two years following the termination. In the event that Mr. Frissora's severance benefits constitute "excess parachute payments" (as defined by Section 280G of the Code), he will be entitled to a gross-up for any excise tax, more commonly known as golden parachute tax, imposed on him by Section 4999 of the Code in connection with his severance benefits.

Table of Contents

The following chart sets forth, for Mr. Frissora, the payments and benefits he would receive if his employment were to have terminated under the specified circumstances on December 31, 2012. For purposes of determining the amount of the excise tax gross-up, we have assumed that a change in control occurred on December 31, 2012 and that the vesting of all of the unvested stock options held by Mr. Frissora would have accelerated upon the change in control. In addition, because we have assumed that the termination occurred on December 31, 2012, we have further assumed that Mr. Frissora would be paid a bonus payment equal to 100% of the bonus earned.

(1)

Assumes termination of Mr. Frissora after the Corporation's failure, within 15 days after a merger, consolidation, sale or similar transaction, to obtain a satisfactory agreement from any successor to all or substantially all of the assets or business of the Corporation to assume and agree to perform Mr. Frissora's employment agreement.

*Other Named Executive Officers**Change in Control Agreements*

The named executive officers, other than Messrs. Frissora and Rappeport, have entered into Change in Control Agreements. The Change in Control Agreements will continue to automatically renew for one-year extensions unless we give 15-months' notice. In the event of a change in control during the term of the Change in Control Agreements, the agreement will remain in effect for two years following the change in control.

If a change in control occurs and the covered executive's employment is terminated by us without "Cause" or by the covered executive with "Good Reason" (as those terms are defined in the Change in Control Agreement), in either case within two years following the change in control, the covered executive will be entitled to the following payments and benefits:

A lump sum cash payment reflecting accrued but unpaid compensation equal to the sum of (i) the executive's annual base salary earned but not paid through the date of termination, (ii) one-twelfth of the target annual bonus payable to the executive, including any amounts deferred at the election of the executive multiplied by the number of full and partial months from the beginning of the calendar year during which the termination occurs, and (iii) all other amounts to which the executive is entitled under any compensation plan applicable to the executive, payable no later than the thirtieth day following the date of the executive's termination;

A lump sum cash payment equal to a multiple (the "severance multiple") of the sum of the executive's annual base salary in effect immediately prior to the termination and the average actual bonuses paid to the covered executive for the three years prior to the year in which the termination occurs, or, for executives without a three-year bonus history, by reference to target levels. The severance multiples are: for Mr. Taride, 2.5 and for Ms. Douglas and Mr. Sider, 2.0;

Edgar Filing: HERTZ GLOBAL HOLDINGS INC - Form DEF 14A

Credit of an additional number of years equal to the severance multiple to the executive's years of age and "Years of Service" for all purposes under our SERP II (described at " Pension Benefits") and, to the extent such covered executive does not have at least 5 "years of service",

Table of Contents

the covered executive shall be fully vested in the benefit under our SERP II as increased pursuant to the credit referred to above;

Continuation of all life, medical, dental and other welfare benefit plans (other than disability plans) until the earlier of the end of a number of years following the executive's termination of employment equal to the severance multiple and the date on which the executive becomes eligible to participate in welfare plans of another employer;

Within the period of time from the date of the executive's termination through the end of the year following the date of termination, outplacement assistance up to a maximum of \$25,000; and

With respect to Mr. Taride, eligibility to immediately participate in the retiree car plan (described at " Retiree Car Plan").

The foregoing are intended to be in lieu of any other payments and benefits to be made in connection with a covered executive's termination of employment while the agreements are in effect. Covered executives must execute a general release of claims to receive the foregoing severance payments and benefits. After a change in control, in the event the covered executive's employment is terminated by reason of death, "Disability," or "Retirement" (as those terms are defined in the Change in Control Agreement) then the executive will be entitled to his or her benefits in accordance with the retirement or benefit plans of the Corporation in effect. After a change in control, in the event the covered executive's employment is terminated by reason of "Cause" or by the executive without "Good Reason" (as those terms are defined in the Change in Control Agreement) then the Corporation shall pay the executive his or her full base salary at the rate in effect at the time notice of termination was given and shall pay any other amounts according to any other compensation plans or programs in effect.

In the event of a dispute over the agreement, the covered executive is entitled to payment of his or her legal fees and expenses reasonably incurred so long as the covered executive prevails on at least one material claim in the dispute. In the event that compensation provided for in the agreement or in any other plan or arrangement covering the named executive is subject to the golden parachute excise tax, all named executive officers other than Messrs. Sider and Taride will be entitled to receive a gross-up payment in an amount such that after payment by the executive of all taxes on the gross-up payment, the executive shall retain a portion of the gross-up payment equal to the excise tax. However, to the extent compensation paid to the executive in connection with the change in control does not exceed 110% of the specified statutory threshold amount giving rise to excise tax, then no additional payment will be paid and the compensation will be reduced below such statutory threshold. As more specifically described in "Compensation Discussion and Analysis Employment and Severance Arrangements," and below, Mr. Sider entered into a revised form of the Change in Control Agreement that does not contain a tax gross-up and accordingly is not entitled to the aforementioned benefit.

The agreement also contains a confidentiality covenant that extends indefinitely following the executive's termination of employment and noncompetition and nonsolicitation covenants that extend for 12 months following the executive's termination of employment. In the event that the executive breaches these covenants, the Corporation is entitled to stop making payments to the executive and seek injunctive relief in certain circumstances.

In addition, Hertz Europe Limited and Mr. Taride have entered into a non-compete agreement which provides that for the 12 months after the termination of his employment with us, Mr. Taride will not (i) compete with us in the countries in which we operated or actively made arrangements to plan to operate during the 12 months preceding such termination of employment or (ii) solicit or entice away any key employees from us. Hertz Europe Limited would be required to give Mr. Taride 12-months' notice to terminate his employment for any reason other than misconduct.

In March 2010, Scott Sider entered into our revised form of the Change in Control Agreement as part of his promotion to President, Vehicle Rental and Leasing, The Americas. The revised form that Mr. Sider

Table of Contents

entered into eliminates the provision for a tax gross-up under Section 4999 of the Code in the event that there is an event satisfying the "double trigger" provisions in the agreement. Mr. Sider is the only named executive officer to have entered into such revised Change in Control Agreement.

The table below sets forth, for each of Ms. Douglas and Messrs. Sider and Taride the severance benefits that would have been payable under the executive's Change in Control Agreement if his or her employment had been terminated by us without cause or by the executive for good reason (each as defined in the relevant agreement), as of December 31, 2012. The increase in the SERP II value reflects the difference between the payment to which the executive would have been entitled had his or her employment been terminated assuming a change in control had occurred and if his or her employment had been terminated assuming no change in control. In addition, because we have assumed that the terminations occurred on December 31, 2012, we have further assumed that each of the executives would be paid a bonus payment equal to 100% of target and for this purpose. In addition, for purposes of calculating the excise-tax gross-up, we have assumed that the vesting of all unvested stock options held by these individuals accelerated on that date.

*Severance Plan for Senior Executives*

We have a severance plan for senior executives. The severance plan provides benefits to senior executives whose employment is terminated other than terminations of employment that qualify for benefits under the Change in Control Agreements. Messrs. Sider and Taride and Ms. Douglas were designated as participants in the plan. If any covered executive is terminated for death, "Cause," "Permanent Disability" or "Retirement" (as those terms are defined in the severance plan) the executive will not be entitled to any benefits under the severance plan. However, if the covered executive is terminated for any other reason (other than described in the preceding sentence), the executive will be or was entitled to the following payments and benefits:

A pro rata portion of the annual bonus that would have been payable to the participant;

Cash payments in the aggregate equal to a multiple (the "severance multiple"), based on the executive's position, of the executive's annual base salary in effect immediately prior to the date of termination and the average of the annual bonuses payable to the executive, including any amounts deferred at the election of the executive, with respect to the three calendar years preceding the year in which the termination occurs; or, for executives without a three-year bonus history, by reference to target levels; or, if no target annual bonus has yet been established for such fiscal year, the average actual bonus the executive received in the most recent years; or, if an executive has not had an opportunity to earn or be awarded one full year's bonus as of his or her termination of employment, the executive's target bonus for the year of termination, payable in equal installments over a period of whole and/or partial years equal to the severance multiple. The severance multiples are: for Messrs. Sider and Taride, 2.0 and for Ms. Douglas, 1.5;

Continuation of all life, medical, dental and other welfare benefit plans (other than disability plans) until the earlier of the end of a number of years following the executive's termination of employment equal to the severance multiple and the date on which the executive becomes eligible to participate in welfare plans of another employer; and

Within the period of time from the date of executive's termination through the end of the year following the date of termination, outplacement assistance up to a maximum of \$25,000.

Executives must execute a general release of claims to receive the foregoing severance payments and benefits. The severance plan also contains a confidentiality covenant that extends for 24 months following the executive's termination of employment and non-competition and non-solicitation covenants that extend for a period of years following the executive's termination of employment equal to the severance multiple. If an executive is entitled to severance payments and benefits under the severance plan and a Change in Control Agreement, payments and benefits will be made under the Change in Control Agreement rather than the severance plan.

The severance plan is administered by one or more individuals appointed by our CN&G Committee or (in the absence of an appointment) by the Chief Human Resources Officer. The severance plan may be amended or terminated at any time other than with respect to executives then receiving payments and benefits under the plan.

The following chart sets forth the estimated payments that the named executive officers covered under the severance plan would receive upon a termination by us without cause, assuming that (i) the

severance plan was in place on December 31, 2012 and (ii) the covered executives' termination of employment occurred on that date.

*Treatment of Equity Compensation upon a Termination or a Change in Control*

Our named executive officers currently hold outstanding equity issued under two equity incentive plans, the Hertz Global Holdings Stock Incentive Plan ("SIP") and the 2008 Omnibus Plan. The 2008 Omnibus Plan, which replaced the SIP, was approved by our stockholders at our 2010 annual meeting (and amended and restated the original equity incentive plan approved at our 2008 annual meeting).

*Stock Incentive Plan*

With respect to options granted to our named executive officers pursuant to the SIP, other than certain options granted to Messrs. Frissora and Rappeport, if the executive's employment is terminated by reason of death or disability, all of the executive's unvested stock options issued will vest. If the executive's employment is terminated for any reason other than death or disability, all unvested options will immediately be canceled. Options that vest or are vested at the time of the executive's termination of employment will remain outstanding and exercisable until the earlier of the tenth anniversary of the grant date or 60 days (or in the case of termination by reason of death or disability, 180 days) following the executive's termination. In the event of a termination for cause, all vested and unvested options held by the executive are forfeited.

Different provisions apply to stock options granted pursuant to the SIP to Mr. Frissora at the time of his commencement of employment with the Corporation in July 2006. For those options, if Mr. Frissora's employment is terminated without "Cause" or for "Good Reason" (as those terms are defined in his employment agreement), a pro rata portion of his options that would have vested on the next vesting date will vest. Options that vest or are vested at the time of Mr. Frissora's termination of employment will remain outstanding and exercisable until the earlier of the tenth anniversary of the grant date or the following: (i) 60 days following a termination by Mr. Frissora without Good Reason; (ii) 90 days following a termination by Mr. Frissora for Good Reason or by the Corporation without Cause; or (iii) 180 days following a termination by reason of death or disability or retirement on or after Mr. Frissora reaches normal retirement age. In addition, if Mr. Frissora's employment is terminated by Mr. Frissora for Good Reason or by the Corporation without Cause in the six months prior to a change in control, these options will be treated as if his employment was terminated immediately after the change in control.

Table of Contents

Mr. Frissora's other options granted under the SIP have the same terms as those of our other named executive officers.

Under the SIP, if a change in control occurs, unless outstanding options are exchanged for substitute awards in connection with the change in control, each option will be canceled in exchange for a payment equal to the excess, if any, of the price per share paid in the change in control over the option's exercise price.

*2008 Omnibus Plan*

*Stock Options* With respect to stock options, if the employment of any of our named executive officers is terminated by reason of death or disability, any options shall be exercisable at any time prior to the first anniversary of the named executive officer's death or disability or the expiration of the term of the options, whichever period is shorter, and thereafter any options that have not been exercised are canceled. If the employment of any of our named executive officers is terminated as a result of his or her retirement, or without cause, then the named executive officer may exercise any options that are exercisable on the date of such retirement or termination without cause until the earlier of (i) the 90th day following the date of such retirement or termination or, if later, the 90th day following expiration of any blackout period in effect with respect to such options and (ii) the expiration of the term of such options. Any options that are not exercisable upon the named executive officer's retirement or termination shall be forfeited and canceled as of the date of such retirement or termination. If a named executive officer's employment is terminated for cause, all outstanding options shall be immediately forfeited and canceled.

*Performance Stock Units* In March 2011 and 2012, we made performance stock units grants to the named executive officers pursuant to the 2008 Omnibus Plan. With respect to performance stock units granted to our named executive officers if the employment of any of our named executive officers is terminated by reason of death or disability on or prior to the first anniversary of the date performance stock units were awarded, the officer will retain a pro rata portion of the performance stock units, based on the number of days elapsed since the date of grant, and the remaining performance stock units will be forfeited. The retained performance stock units will be eligible to vest if the performance goal is achieved for the first performance year and will be forfeited if the performance goal is not achieved. If the employment of a named executive officer is terminated by reason of death or disability after the first anniversary of the date that the performance stock units were awarded, then, based on the applicable achievement of the performance goals in the first year and the cumulative two-year period, a pro rata portion of the performance stock units will vest, based on the number of days elapsed since the first anniversary of the grant date. If the employment of a named executive officer is terminated by reason of death or disability after the second anniversary of the date that the performance stock units were awarded, then, based on the applicable achievement of the performance goals in the first year and the cumulative two-year period, a pro rata portion of the performance stock units will vest, based on the number of days elapsed since the second anniversary of the grant date. If a named executive officer's employment is terminated for any other reason, performance stock units will be forfeited.

With respect to the performance stock units granted to Mr. Frissora on March 1, 2011, if the employment of Mr. Frissora is terminated by reason of death or disability, Mr. Frissora will retain a pro rata portion of the performance stock units, based on the number of whole months elapsed from the date of grant to termination of employment (or the third anniversary of the date of grant if earlier), and the remaining performance stock units will be forfeited. The retained performance stock units will be eligible to vest if the performance goal is achieved during the performance period and will be forfeited if the performance goal is not achieved. If Mr. Frissora's employment is terminated for any other reason, the performance stock units will be forfeited.

Table of Contents*Price-Vested Stock Units*

In March 2012, we made price-vested stock units grants to the named executive officers pursuant to the 2008 Omnibus Plan. With respect to price-vested stock units granted to our named executive officers if the employment of any of our named executive officers is terminated by reason of death or disability on or prior to the third or fourth anniversary of the grant date, as applicable, the officer will retain 50% of the price-vested stock units granted multiplied by a fraction, which is number of months which have elapsed since the grant date of the price-vested stock units divided by 36 or 48, as applicable, and the remaining performance stock units will be forfeited. If a named executive officer's employment is terminated for any other reason, price-vested stock units will be forfeited.

*Effect of a Change in Control* Under the 2008 Omnibus Plan, if a change in control occurs, all options shall immediately become exercisable, the restriction period on all restricted stock units shall lapse immediately prior to such change in control, and outstanding performance stock units issued to our named executive officers generally vest, unless the options or units are exchanged for or replaced by substitute awards in connection with the change in control.

The following chart sets forth the cash payments to which the named executive officers would have been entitled assuming a change in control occurred on December 31, 2012 and all of the named executive officers' options were canceled in exchange for a cash payment equal to the difference between the per share exercise price of the option and \$16.27, which was the closing price of our common stock on December 31, 2012. In addition, the following chart sets forth the cash payments to which they would be entitled if each of their performance stock units and price-vested stock units were cancelled in exchange for a cash payment equal to \$16.27, which was the closing price of our common stock on December 31, 2012. The chart assumes that the options or units would not have been exchanged for or replaced by substitute awards in connection with the change in control.

*Supplemental Retirement Benefits upon a Termination or Change in Control*

Messrs. Frissora and Sider, and Ms. Douglas participated in the SERP II in 2012. The SERP II is described above under " Pension Benefits." Under the SERP II, if any of these executives' employment is terminated other than for cause or a voluntary resignation within 30 days before or one year following a change in control, then the executive will become immediately vested in the entire benefit accumulated under the SERP II even if he or she has not attained age 55 at the time of termination.

*Retiree Car Benefit*

As described at "Compensation Discussion and Analysis Retirement Benefits," we also maintain a post-retirement assigned car benefit plan under which we provide certain executives who, at the time of retirement, are at least 58 years old and have been an employee of the Corporation for at least 20 years, with a car from our fleet and insurance on the car for the participant's benefit. In the event of a termination following a change in control as described in " Change in Control Agreements", Mr. Taride will be entitled to the retiree car benefit as set forth above.

**PROPOSAL 2: APPROVAL, BY A NON-BINDING ADVISORY VOTE,  
OF THE NAMED EXECUTIVE OFFICERS' COMPENSATION**

We are offering you a non-binding, advisory vote to approve the compensation of our named executive officers, as disclosed in the CD&A and the related narrative and tabular disclosures, also known as a "Say on Pay" vote.

At our 2011 annual meeting, we conducted a non-binding, advisory vote on the frequency of the advisory vote on executive compensation. After consideration of the various arguments for each frequency, the Board recommended that Say on Pay votes should be held every three years. Following the 2011 annual meeting, we reported the results of the advisory vote on the frequency of the advisory vote on executive compensation as follows:

|   | <b>1 Year</b> | <b>2 Years</b> | <b>3 Years</b> | <b>Abstain</b> | <b>Broker<br/>Non-Votes</b> |
|---|---------------|----------------|----------------|----------------|-----------------------------|
| Advisory vote on the frequency of the Say on Pay vote | 151,829,649   | 29,055         | 233,767,271    | 100,094        | 11,651,466                  |

In light of the fact that a majority of the votes cast by stockholders voted, on an advisory basis, to hold the advisory vote on executive compensation every three years, our Board decided that it would hold such advisory vote every three years until the next required advisory vote on the frequency of the advisory vote on executive compensation, which will occur no later than the annual meeting of stockholders held in 2017.

Notwithstanding this 2011 determination, in advance of our 2013 annual meeting, our CN&G Committee, together with its compensation consultant and the Corporation's legal advisors, reviewed the Corporation's policy on the frequency of Say on Pay votes. In particular, our CN&G Committee noted the preference of many stockholders for an annual advisory vote on executive compensation and the number of corporations adopting annual advisory votes in spite of initial recommendations to approve a triennial vote. Following this review and as part of our commitment to good corporate governance, our CN&G Committee determined to hold an advisory vote on executive compensation annually until 2017, the next required advisory vote on the frequency of the advisory vote on executive compensation. Our Board believes that more frequent Say on Pay votes will enable our CN&G Committee to be more responsive to the valuable views of our stockholders on compensation matters.

Accordingly, you may cast an advisory vote on the following resolution at the 2013 annual meeting:

**"RESOLVED, that the compensation awarded to the named executive officers as disclosed in the CD&A, Summary Compensation Table and related tabular and narrative disclosures in this proxy statement is hereby APPROVED."**

As detailed in the CD&A, our compensation strategy is "pay-for-performance." We have designed our compensation programs to: (i) properly incentivize our senior executives to accomplish our short- and long-term objectives, (ii) be in line with similar pay practices and overall compensation levels at other, similarly-situated companies, (iii) reward our senior executives for not only their individual performance, but the performance of their business unit and the Corporation overall and (iv) retain our senior executives, who are highly sought after for their business acumen. In addition, as further detailed in the CD&A, we continually revise our pay practices to be in line with market practices and compensation norms.

**Effect of Proposal**

The effect of the Say on Pay vote is advisory only and non-binding. However, the Board will consider the results of the vote in determining the compensation of our named executive officers and our compensation programs generally. The Board values the opinions of our stockholders and is committed to considering their opinions in making decisions. If any stockholder wishes to communicate with the Board regarding executive compensation, the Board can be contacted using the procedures outlined in " Stockholder Communications with the Board" set forth in this proxy statement.

*The Board recommends a vote FOR the approval, by a non-binding advisory vote, of the named executive officers' compensation.*

**PROPOSAL 3: APPROVAL OF THE AMENDED AND RESTATED HERTZ GLOBAL HOLDINGS, INC.  
EMPLOYEE STOCK PURCHASE PLAN**

On May 15, 2008, our stockholders approved the Employee Stock Purchase Plan with an authorized share amount of 3,000,000 shares. Since 2008, eligible participants have purchased approximately 2,219,431 shares under the Employee Stock Purchase Plan. With only approximately 780,569 shares remaining available under the Employee Stock Purchase Plan, we would like to provide for our employees to continue to purchase stock under the ESPP before its expiration in 2018. To address this concern, on February 12, 2013, upon recommendation of the CN&G Committee, the Board adopted the amended and restated Hertz Global Holdings, Inc. Employee Stock Purchase Plan (the "ESPP"), subject to the approval of our stockholders. We are asking our stockholders to approve the amendment and restatement of the ESPP in order to increase the maximum number of shares that may be purchased under the ESPP from 3,000,000 to 8,000,000. We believe the continued use of the ESPP aligns the interests of employees and stockholders and aids in the recruitment and retention of employees. We decided to increase the number of shares by 5,000,000 based in part on the advice of the CN&G Committee's compensation consultant, Semler Brossy, who advised that employee stock purchase plans operated by peer companies tend to have 1-1.5% of shares outstanding available for purchase, a level we were below as a result of employee purchases since 2008. In addition, the CN&G Committee believes that this increase should provide for enough shares for employee purchases through the expiration of the ESPP in 2018.

A description of the material provisions of the ESPP is set forth below. The statements made in this Proposal 3 concerning terms and provisions of the ESPP are summaries and are not a complete recitation of the ESPP provisions. You should read the entire ESPP for a complete understanding of the ESPP and for your convenience we have attached a copy to this proxy statement as Annex A and it is incorporated by reference herein.

**Administration and Eligibility**

The ESPP is administered by the Corporation's CN&G Committee (the "Plan Committee"). The Plan Committee may establish sub-plans to provide benefits to foreign employees similar to those provided to U.S. employees under the ESPP in compliance with local law. Employees, including executive officers, of the Corporation and subsidiaries designated by the Plan Committee from time to time who satisfy the eligibility criteria which may be established by the Plan Committee will be eligible to participate in the ESPP. As of March 15, 2013, approximately 23,400 employees are eligible to participate in the ESPP.

**Shares Available for Issuance and Potential Dilutive Impact**

If the amendment and restatement of the ESPP is approved, the maximum number of shares of the Corporation's common stock that may be purchased under the ESPP will be 8,000,000, subject to adjustment in the case of any change in the shares of the Corporation, including by reason of a stock dividend, stock split, share combination, recapitalization, reorganization, merger, consolidation or change in corporate structure. As of March 19, 2013, the closing price of our common stock was \$21.02. On March 25, 2013, the Corporation had 399,584,017 shares of common stock outstanding, making the dilutive impact of the additional 5,000,000 shares authorized under the ESPP, in the view of the Corporation's management, minimal.

**Purchase of Shares**

The Plan Committee has determined that an eligible employee may elect to participate in the ESPP each quarter through a payroll deduction. The maximum and minimum contribution which an eligible employee may make under all of the Corporation's qualified employee stock purchase plans are

Table of Contents

determined by the Plan Committee, provided that no employee is permitted to purchase stock with an aggregate fair market value greater than \$25,000 per year. At the end of the quarter, the total amount of each employee's payroll deduction will be used to purchase shares of the Corporation's common stock. The purchase price per share will be equal to not less than 85% of the market price of our common stock on the date of purchase. The exact percentage for each offering period will be set in advance by the Plan Committee and to date has been set at 85%.

**Amendment or Termination**

The Plan Committee may terminate, amend or suspend the ESPP at any time. An amendment to the plan will be submitted for stockholder approval to the extent required by the Code or any other applicable laws or the listing standards of the NYSE. If not earlier terminated by the Plan Committee, the ESPP will terminate on May 15, 2018.

**Federal Income Tax Consequences**

The ESPP is intended to be an "employee stock purchase plan" within the meaning of Section 423 of the Code.

An employee's payroll deductions to purchase shares of common stock under the ESPP are made on an after-tax basis. No federal income tax is imposed on an employee, and the Corporation is not entitled to a deduction on the grant of the right to purchase common stock under the ESPP. Generally, no federal income tax is imposed on an employee, and the Corporation is not entitled to a deduction as a result of an employee's purchase of common stock under the ESPP.

Under the applicable provisions of the Code, no income will be taxable to a participant until the shares purchased under the ESPP are sold or otherwise disposed of. Upon sale or other disposition of the shares, the participant will generally be subject to tax in an amount that depends upon the holding period.

If a participant disposes of shares purchased under the ESPP within two years after the beginning of the offering period during which the shares were purchased or within one year of the date of purchase, the participant will recognize ordinary income in the year the shares are disposed of equal to the amount by which the fair market value of the shares on the purchase date exceeded the purchase price for the shares. A participant will be considered to have disposed of a share if the participant sells, exchanges, makes a gift or transfers (except by death) the share. The Corporation will be entitled to a deduction at the same time and in the same amount as any ordinary income recognized by the employee. In addition, the difference between the initial purchase price, increased by any ordinary income recognized by the participant, and the selling price of the shares, will be capital gain or loss to the participant.

If a participant disposes of the purchased shares more than two years after the beginning of the offering period during which the shares were purchased and more than one year after the date of purchase, then the participant will recognize ordinary income in the year of disposition equal to the lesser of (i) the amount by which the fair market value of the shares on the date of disposition exceeded the purchase price or (ii) the excess of the fair market value of the shares on the date the offering period in which the shares were purchased began over the purchase price. In addition, the difference between the initial purchase price, increased by any ordinary income recognized by the participant, and the selling price of the shares, will be long-term capital gain or loss to the participant. The Corporation will not be entitled to a deduction with respect to shares disposed of in this time period.

**New Plan Benefits**

The amounts of future purchases under the ESPP are not determinable because participation is voluntary, participation depends on the action of each eligible employee's actions and the restrictions of

Table of Contents

Code Section 423 and the ESPP, and the per-share purchase price depends on the future value of the Corporation's common stock. The table below summarizes the shares purchased by our named executive officers, the executive officers, the directors and all non-executive employees in 2012.

**PROPOSAL 4: RATIFICATION OF THE SELECTION OF THE CORPORATION'S  
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Our Audit Committee has appointed PricewaterhouseCoopers LLP as the Corporation's independent registered public accounting firm for the Corporation for the year 2013. Our Audit Committee believes that PricewaterhouseCoopers LLP is well-qualified.

PricewaterhouseCoopers LLP has served as the independent registered public accounting firm for the Corporation since 2005 and for Hertz since 1987. We are not required to have our stockholders ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm, but we are doing so because we believe it is a good corporate practice. The Audit Committee will consider, but is not obligated to abide by, the outcome of this vote in determining whether to engage PricewaterhouseCoopers LLP in 2014 or another independent registered public accounting firm without submitting the matter to our stockholders. A representative of PricewaterhouseCoopers LLP will be present at the annual meeting with the opportunity to make a statement if he or she so desires and to respond to appropriate questions.

*The Board recommends a vote FOR ratification of the selection of  
PricewaterhouseCoopers LLP as the independent registered public accounting firm for the  
Corporation in 2013.*

**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS,  
DIRECTORS AND OFFICERS**

The following table sets forth information as of March 19, 2013 with respect to the ownership of the common stock of the Corporation by:

Each person known to own beneficially more than 5% of the common stock of the Corporation;

Each of the directors of the Corporation;

Each of the executive officers named in the Summary Compensation Table below; and

All of the Corporation's executive officers and directors as a group.

The amounts and percentages of shares beneficially owned are reported on the basis of SEC regulations governing the determination of beneficial ownership of securities. Under SEC rules, a person is deemed to be a "beneficial owner" of a security if that person has or shares voting power or investment power, which includes the power to dispose of or to direct the disposition of such security. A person is also deemed to be a beneficial owner of any securities of which that person has a right to acquire beneficial ownership within 60 days. Securities that can be so acquired are deemed to be outstanding for purposes of computing such person's ownership percentage, but not for purposes of computing any other person's percentage. Under these rules, more than one person may be deemed to be a beneficial owner of the same securities and a person may be deemed to be a beneficial owner of securities as to which such person has no economic interest. As of March 19, 2013 we had 399,584,017 shares of our common stock outstanding. The following table reflects the secondary offerings of common stock conducted by the Sponsors in December of 2012 and March of 2013. As a result of such offerings, Merrill Lynch no longer beneficially owns 5% or more of the common stock of the Corporation.

Except as otherwise indicated in the footnotes to this table, each of the beneficial owners listed has, to the Corporation's knowledge, sole voting and investment power with respect to the indicated shares

**SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE**

Based on a review of reports filed by the Corporation's directors, executive officers and beneficial holders of 10% or more of our outstanding shares, and upon representations from those persons, all reports required to be filed by the Corporation's reporting persons during 2012 were filed on time, except that Merrill Lynch and certain of its affiliates, including Bank of America, did not timely file Forms 4s on five occasions concerning a total of ten transactions or grants with respect to our common stock.

**CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS**

The Corporation has not adopted formal policies and procedures specifically designed to address the review and approval of transactions with related parties. However, the Board has adopted the written Directors' Code of Conduct applicable to the Board and the Corporation has

## Edgar Filing: HERTZ GLOBAL HOLDINGS INC - Form DEF 14A

adopted the written Standards of Business Conduct, which require all employees, officers and directors to avoid conflicts of interests.

The Directors' Code of Conduct is applicable to all Board members and provides guidance for handling unforeseen situations which may arise, including conflicts of interest. Pursuant to the Directors' Code of Conduct, a conflict of interest may arise when a Board member's private interest interferes in any way or even appears to interfere with the interests of the Corporation as a whole. The Directors' Code of Conduct specifies that a conflict of interest may include, among other things, the following:

When a Board member or a member of his or her family takes actions or has interests that may make it difficult for the Board member to make decisions on behalf of the Corporation objectively and effectively;

Where a Board member or a member of his or her family has a financial interest in, or is engaged, directly or indirectly, in the management of an organization that deals with the Corporation as a

supplier, contractor, purchaser or distributor of the Corporation's products or services, or is a competitor; and

Where a Board member renders services to another organization or individual as an employee, agent, consultant or director if the organization or individual is doing or seeking to do business with the Corporation or is a competitor.

Pursuant to the Directors' Code of Conduct, any member of our Board who believes he or she has an actual or potential conflict of interest with us is obligated to notify the Chair of the CN&G Committee as promptly as practicable. That member should not participate in any decision by our Board, or any committee of our Board, that in any way relates to the matter that gives rise to the conflict or potential conflict of interest until the issue has been resolved to the satisfaction of the Chair of the CN&G Committee or the Board.

The Standards of Business Conduct are applicable to all employees, officers and directors of the Corporation and its subsidiaries. The Standards of Business Conduct generally prohibit employees from maintaining outside business or financial interests or engaging in outside business or financial activity that conflicts with the interests of the Corporation.

The following is a description of certain relationships and transactions that existed or that we have entered into with our directors, major stockholders and certain other related persons since the beginning of 2012, as well as certain other transactions.

**Stockholders' Agreement**

The Stockholders' Agreement contains agreements that entitle investment funds associated with or designated by the Sponsors the ability to nominate directors. For more information about the Stockholders' Agreement, see " Stockholders Agreement."

**Registration Rights Agreement**

The Corporation is also party to a registration rights agreement (the "Registration Rights Agreement") with investment funds associated with or designated by the Sponsors. The Registration Rights Agreement grants to certain of these investment funds the right to cause the Corporation, at its own expense, to use its best efforts to register such securities held by the investment funds for public resale, subject to certain limitations. The Sponsors can request an unlimited number of registrations, subject to certain limitations, if the Corporation continues to be eligible to use Form S-3. The secondary offerings of the Corporation's common stock in June 2007, March 2011, December 2012 and March 2013 were effected pursuant to this Registration Rights Agreement. The Sponsors also have "tag along rights", subject to certain limitations, in the event the Corporation registers any of its common stock. The Registration Rights Agreement also provides for the Corporation to indemnify the applicable investment funds and their affiliates in connection with the registration of our securities.

**Indemnification Agreements**

The Corporation, along with Hertz, is a party to customary indemnification agreements with the Sponsors and stockholders of the Corporation that are affiliated with the Sponsors, pursuant to which the Corporation and Hertz will indemnify the Sponsors, our stockholders affiliated with the Sponsors and their respective affiliates, directors, officers, partners, members, employees, agents, representatives and controlling persons, against certain claims and liabilities, including liabilities arising out of financing arrangements and securities offerings.

The Corporation is a party to indemnification agreements with each of its directors. The indemnification agreements provide the directors with contractual rights to the indemnification and

expense advancement rights provided under the Corporation's By-Laws, as well as contractual rights to additional indemnification as provided in the indemnification agreements.

**Financing Arrangements with Related Parties**

Affiliates of Merrill Lynch (which owned over 5% of our common stock until March 12, 2013), including Bank of America, N.A. and certain of its affiliates, have provided various investment and commercial banking and financial advisory services to us for which they have received customary fees and commissions. In addition, these parties have acted as agents, lenders, purchasers and/or underwriters to us under our respective financing arrangements, for which they have received customary fees, commissions, expenses and/or other compensation. More specifically, these parties have acted in the following capacities, or similar capacities, with respect to our financing arrangements: lenders and/or agents under the Senior Credit Facilities, the U.S. Fleet Financing Facility and certain of the U.S. Fleet Variable Funding Notes; purchasers and/or underwriters under the Senior Notes and certain of the U.S. Fleet Medium Term Notes; and structuring advisors and/or agents under the U.S. ABS Program (as those terms are defined in our Annual Report on Form 10-K for the fiscal year ended December 31, 2012). As of December 31, 2012 approximately \$189.9 million of our outstanding debt was with related parties.

**Other Relationships**

In connection with our car and equipment rental businesses, we enter into millions of rental transactions every year involving millions of customers. In order to conduct those businesses, we also procure goods and services from thousands of vendors. Some of those customers and vendors may be affiliated with the Sponsors or members of our Board. We believe that all such rental and procurement transactions have been conducted on an arms-length basis and involved terms no less favorable to us than those that we believe we would have obtained in the absence of such affiliation. It is our management's policy to bring to the attention of our Board any transaction with a related party, even if the transaction arises in the ordinary course of business, if the terms of the transaction would be less favorable to us than those to which we would agree to in normal commercial circumstances. For additional information regarding our transactions with companies of which certain of our independent directors are executive officers, see " Board Independence."

**OTHER BUSINESS**

Our Board is not aware of any other matters to be presented at the annual meeting. If any other matter proper for action at the meeting is properly presented, the holders of the accompanying proxy will have discretion to vote the shares represented by the proxy on such matter in accordance with their best judgment. **Amended and Restated Hertz Global Holdings, Inc. Employee Stock Purchase Plan****1 Introduction****1.1 Purpose of the Plan**

The purpose of the Plan is to provide employees of Participating Companies with the opportunity to acquire Shares or an interest in Shares in the Company.

Employees who participate in the Plan are given a right, called a Purchase Right, to buy Shares at the end of the specified Purchase Period.

**1.2 Employee Stock Purchase Plan**

A person will not be eligible for the grant of any Purchase Rights if, immediately after the grant of a Purchase Right, the person owns stock possessing 5 percent or more of the total combined voting power or value of all classes of shares of the Company or any Subsidiary. For the purpose of this Rule 3.2, the rules of Section 424(d) of the Code apply in determining the share ownership of any employee and the Shares which he may acquire under all outstanding Purchase Rights. Purchase Rights will be treated as stock owned by the person.

## **4 Invitations**

### **4.1 Operation**

The Committee has discretion to decide whether the Plan will be operated. When the Committee operates the Plan it must invite all Eligible Employees to apply to participate.

The invitation will continue to have effect in respect of subsequent Offerings under the Plan such that a Participant who has withdrawn from an Offering under Rule 10.4 (Withdrawal from an Offering) may re-apply to join the Plan under Rule 5.1 (Form of application) provided he continues to be an Eligible Employee.

### **4.2 Time when invitations may be made**

**4.2.1** Invitations may be made at any such time as the Committee determines, subject to any Dealing Restrictions.

**4.2.2** If the Committee cannot make the invitation due to Dealing Restrictions, the Committee may make the invitations at any time after the lifting of such restrictions.

**4.2.3** Invitations may not be made after May 14, 2018.

**4.3 Form of invitation**

The invitation will specify:

**4.3.1** the Grant Date;

**4.3.2** the requirements a person must satisfy in order to be eligible to participate;

**4.3.3** the Purchase Price or how it is to be calculated;

**4.3.4** the length of the Offering, which must not exceed 27 months beginning with the Grant Date;

**4.3.5** how applications must be submitted and the closing date for applying to join the Offering;

**4.3.6** the maximum number, if any, of Shares over which Purchase Rights may be granted:

(i) individually;

(ii) for the Offering;

(iii) taken in conjunction with Offerings under the Sub-Plans; or

(iv) for a specific Purchase Period;

**4.3.7** the maximum and minimum permitted Contribution which can be specified in a currency or as a percentage of the Participant's Compensation;

**4.3.8** when and how frequently the payroll deductions will be made;

**4.3.9** the Acquisition Date at the end of the Offering when the Shares will be acquired; and

**4.3.10** any other terms, consistent with the Rules.

The invitation and Offering must comply with the requirements of Section 423(b)(5) of the Code.

**4.4 Limit on participation**

**4.4.1** No person may be granted a Purchase Right which permits his rights to purchase Shares under all plans of the Company, any Subsidiary or Parent of the Company that are qualified under Section 423 of the Code to exceed US\$25,000 of the fair market value of such Shares, determined at the time the Purchase Right is granted, for each calendar year in which such Purchase Right is outstanding at any time.

**4.4.2** To the extent necessary to comply with this requirement, the Committee may:

(i) cause a Participant's Contributions to be decreased in respect of any Offering; or

(ii) take other actions it considers necessary to ensure compliance with Section 423 of the Code.

## 5 Applying to join the Plan

### 5.1 Form of application

An application for a Purchase Right will be made in writing, or electronically, in a form specified by the Committee and will require the Eligible Employee to state:

5.1.1 the Contribution he wishes to make;

5.1.2 that his proposed Contribution, when added to any contributions he makes under any other stock purchase plans of the Company, its Subsidiaries or its Parent, will not exceed the maximum permitted under Section 423 of the Code.

An application in the form determined by the Committee which is improperly completed or late may be rejected.

### 5.2 Subsequent Offerings

Unless the Participant withdraws from an Offering under Rule 10.4 (Withdrawal from an Offering), the Participant's application is deemed to apply in respect of any subsequent Offerings if they are made available by the Company.

### 5.3 Incorporation of terms

The terms of each Offering will include, through incorporation by reference, the provisions of this Plan.

## 6 Purchase Price

### 6.1 Setting the price

The Committee will determine the Purchase Price (or the method by which it shall be determined) at the beginning of the Offering. The Purchase Price must not be less than 85 percent of the Fair Market Value of a Share at the Acquisition Date.

### 6.2 Fair Market Value

"Fair Market Value" on any particular day means the closing selling price for a Share on the New York Stock Exchange as reported in *The Wall Street Journal* or such other recognized source as the Committee determines on the following Business Day.

If no selling price is reported for a particular date, "Fair Market Value" will be the closing selling price for a Share on the closest preceding Business Day for which such selling price is provided unless otherwise determined by the Committee. If the Shares are listed on any established stock exchange of a national market system (but they are not listed on the New York Stock Exchange), their "Fair Market Value" shall be the closing selling price for the Shares, as quoted on such exchange (or the exchange with the greatest volume of trading in Shares) or system on the date of such determination, as reported in *The Wall Street Journal* or such other recognized source as the Committee determines. If the Share is no longer listed on an established market, "Fair Market Value" of a Share will be determined in good faith by the Committee.

## 7 Grant of Purchase Right

### 7.1 Grant

Unless there has been scaling down as described in Rule 9 (Scaling Down), or the Committee decides not to proceed with an Offering, for example, because there are not enough Shares, the

## Edgar Filing: HERTZ GLOBAL HOLDINGS INC - Form DEF 14A

Committee must, on the Grant Date, grant to each Eligible Employee who has submitted and not withdrawn a valid application a Purchase Right to acquire, at the Purchase Price, the number of Shares for which the Eligible Employee has applied (or is deemed to have applied) based on the amount of Contributions he will make during the Offering.

The Committee will not grant a Purchase Right to anyone who is not an Eligible Employee on the Grant Date. If the Committee tries to do so, the grant will be void.

### **7.2 Correction**

Any grant of a Purchase Right in excess of the limit in Rule 8 (Shares available for the Plan) or Rule 4.4 (Limit on participation) may be adjusted in any way so as to not exceed those limits.

### **7.3 Transferability**

Purchase Rights are not transferable by the Participant otherwise than by will or the laws of descent and distribution, and shall only be exercisable during the Participant's lifetime by the Participant.

## **8 Shares available for the Plan**

### **8.1 Limit required by IRS rules**

Shares that may be issued or sold pursuant to Purchase Rights granted under the Plan and any Sub-Plan shall not exceed in the aggregate eight (8) million Shares of the Company. This number is subject to the provisions of Rule 14.3 (Change in the share capital of the Company) relating to adjustments upon changes in capitalization.

### **8.2 Exclusions**

Where a Purchase Right is terminated or lapses without being exercised, these Shares are ignored when calculating the limits in this Rule 8.

### **8.3 Types of Shares**

The Shares subject to the Plan may be Shares that have been authorized but unissued, Shares that have been bought, or treasury shares.

## **9 Scaling down**

### **9.1 Method**

If valid applications are received for a total number of Shares in excess of any maximum number specified in the invitation under Rule 4.3 (Form of invitation), Rule 4.4 (Limit on participation) or any limit under Rule 8 (Shares available for the Plan) the Committee will scale down applications by choosing one or more of the following methods:

**9.1.1** reducing the proposed Contributions by the same proportion to an amount not less than the minimum specified in the invitation; or

**9.1.2** reducing the proposed Contributions to a maximum amount chosen by the Committee, which must not be less than the minimum specified in the invitation; or

**9.1.3** using other methods, but these must treat Eligible Employees fairly.

## **9.2 Insufficient Shares**

If, having scaled down as described in Rule 9.1 (Method), the number of Shares available is insufficient to enable Purchase Rights to be granted to all Eligible Employees making valid applications, the Committee may decide not to grant any Purchase Rights.

## **10 Payroll deductions**

### **10.1 Start and end**

Contributions will be deducted from payroll on each pay date during an Offering (unless terminated early in accordance with these Rules) or such other dates as the Committee may decide. All Contributions are made on an after-tax basis.

### **10.2 Suspending Contributions**

A Participant may request to suspend making Contributions at any time prior to the Acquisition Date by notifying the Company in the form and manner designated by the Company. On the Acquisition Date the Participant's Purchase Right will be exercised and Shares purchased to the extent of the Contributions made until the suspension date, unless a Participant withdraws from the Offering in accordance with Rule 10.4 (Withdrawal from an Offering). Any suspension under this Rule 10.2 will take effect no later than the first pay date following ten (10) business days from the Company's receipt of the change form and shall be effective for the entire duration of the Offering in which it is made (but not for any succeeding Offering), unless the Committee determines otherwise.

A Participant shall not be permitted to make up any missed Contributions as a result of suspension under this Rule 10.2 or otherwise.

### **10.3 Changing Contributions**

During an Offering, a Participant may request to increase or decrease the rate of his Contributions for the remaining part of the Offering and any succeeding Offerings, by completing or filing with the Company a change form authorizing a change in the Contribution. The new rate of Contribution will take effect no later than the first pay date following ten (10) business days from the Company's receipt of the change form. A Participant is permitted to change his Contributions once per Offering.

### **10.4 Withdrawal from an Offering**

A Participant may request to withdraw from an Offering at any time prior to the Acquisition Date by notifying the Company in the form and manner designated by the Company. The request will take effect no later than ten (10) business days following the Company's receipt of the request. For the avoidance of doubt, the Company is not obliged to process a request to withdraw from an Offering if the request is submitted later than ten (10) days prior to an Acquisition Date. If not processed prior to the relevant Acquisition Date, the request will take effect in respect of the next Offering.

All of the Participant's Contributions credited to his account will be paid to him no later than 30 days after receipt of his notice of withdrawal and his Purchase Right for the current Offering will be automatically terminated. No further Contributions for the purchase of Shares will be permitted or made during the Offering.

A Participant's withdrawal from an Offering will not have any effect upon his eligibility to participate in the next Offering.

### **10.5 Continued participation**

If so specified on the application, the Participant will continue to participate in successive Offerings unless terminated as provided in this Rule 10.

### **10.6 The account**

The Contributions will be credited to a bookkeeping account for the Participant and may be deposited with the general funds of the Company or the Participating Company or, if the Committee so decides, with a banking institution or custodian as designated by the Committee. If the money is deposited in an interest bearing account and if the Committee so decides, interest may be credited to the Participant's account under the Plan at the rate credited from time to time by the bank in which the funds are deposited or such other rate as determined by the Committee.

### **10.7 Compliance with Section 423**

A Participant's Contributions will, at any time, be decreased to the extent necessary to comply with Section 423(b)(8) of the Code and Rule 4.4 (Limit on participation). Contributions shall recommence at the rate provided in the Participant's application at the beginning of the first Purchase Period which is scheduled to end in the following calendar year, unless otherwise withdrawn by the Participant under Rule 10.4 (Withdrawal from an Offering) or changed under Rule 10.3 (Changing Contributions).

### **10.8 Approved leave of absence**

During an approved leave of absence, a Participant may continue to participate in the Plan but may elect to suspend Contributions in accordance with Rule 10.2 during such leave period.

For the purposes of this Rule 10.8, "**approved leave of absence**" means an employee's leave of absence (for example, military leave, maternity leave or sick leave) with the prior approval of an authorized person of his employer, during which period the employee's employment relationship is treated as continuing for the purposes of the Plan.

However, if the period of leave exceeds 90 days and the individual's right to re-employment is not guaranteed either by statute or by contract, the employment relationship is deemed to terminate for the purposes of the Plan on the first day immediately following such 90-day period.

## **11 Termination of employment**

### **11.1 General rule on termination and death**

A Purchase Right lapses immediately if a Participant dies or ceases to be employed by a Participating Company (for example, if he resigns). The Contributions credited to his account will be returned to him or his Representative, as appropriate, without interest, no later than 30 days following the termination of employment and his Purchase Right will be automatically terminated.

### **11.2 Beneficiary designation**

Notwithstanding Rule 11.1, the Company may allow Participants to designate a beneficiary to receive the Contributions credited to the Participant and any Shares issued pursuant to the Plan which are held by a custodian on behalf of the Participant in the event of the Participant's death, in accordance with such rules as it shall establish from time to time.

## **12 Exercise of Purchase Right**

### **12.1 Exercise**

Unless a Participant withdraws from the Plan as provided in Rule 10.4 (Withdrawal from an Offering), his Purchase Right will be exercised automatically on each Acquisition Date, and the maximum number of whole Shares subject to the Purchase Right will be purchased at the applicable Purchase Price with the accumulated Contributions in his account. The Purchase Right cannot be exercised in part. Any surplus in the account which is insufficient to purchase a whole Share will be either paid directly to the Participant in cash or carried forward, in either case pursuant to rules established from time to time. However, there are some conditions and exceptions to this general rule on exercise; these are set out in Rules 12.2 (Contributions) and 12.3 (Registration compliance).

### **12.2 Contributions**

A Participant may exercise his Purchase Right only using funds equal to or less than the Contributions for the applicable Offering. A Participant can only use Contributions made before the Acquisition Date applicable to the Purchase Right.

### **12.3 Registration compliance**

No Purchase Right may be exercised unless the Shares to be issued or transferred upon exercise are covered by an effective registration statement pursuant to the Securities Act or are eligible for an exemption from the registration requirements, and the Plan is in material compliance with all applicable federal, state, foreign and other securities and other laws applicable to the Plan.

If, on an Acquisition Date during any Offering, the Shares are not registered or exempt or the Plan is not in such compliance, no Purchase Rights granted under the Plan or any Offering shall be exercised on the Acquisition Date. The Acquisition Date will be delayed until the Shares are subject to such an effective registration statement or exempt, and the Plan is in such compliance. The Acquisition Date will in no event be more than 27 months from the Grant Date.

If, on the Acquisition Date under any Offering, as delayed to the maximum extent permissible, the Shares are not registered or exempt and the Plan is not in such compliance, no Purchase Rights will be exercised, and all Contributions accumulated during the Offering (reduced to the extent, if any, such deductions have been used to acquire Shares) will be distributed to the Participants with any interest.

### **12.4 Lapse**

A Purchase Right will lapse and automatically terminate on the earliest of the dates specified below:

**12.4.1** the date on which the person ceases to be an employee of a Participating Company;

**12.4.2** the date on which the Participant gives notice under Rule 10.4 (Withdrawal from an Offering) that he intends to withdraw from the Plan; and

**12.4.3** as provided in Rule 14.1 (Takeover or merger of the Company).

### **13 Acquisition of Shares**

#### **13.1 Issue or transfer**

The Shares may be issued to a Participant or transferred to a custodian on behalf of the Participant. Subject to Rule 12.3 (Registration compliance):

**13.1.1** Shares to be issued to a Participant following the exercise of a Purchase Right must be issued within 30 days of the Acquisition Date; and

**13.1.2** if Shares are to be transferred to a custodian following the exercise of a Purchase Right, the Committee must effect this transfer within 30 days of the Acquisition Date.

#### **13.2 Rights**

**13.2.1** Shares issued to a Participant on exercise of a Purchase Right rank equally in all respects with the Shares in issue on the date of issue. They are not entitled to any rights attaching to Shares by reference to a record date preceding the date of issue.

**13.2.2** Where Shares are to be transferred to a custodian on the exercise of a Purchase Right, Participants are entitled to all rights attaching to the Shares by reference to a record date after the transfer date. They are not entitled to any rights before that date.

#### **13.3 Certificate of incorporation and bylaws**

Any Shares acquired on the exercise of Purchase Rights are subject to the certificate of incorporation and bylaws of the Company in effect from time to time.

#### **13.4 Listing**

If and so long as the Shares are listed on the New York Stock Exchange or on any other stock exchange where Shares are traded, the Company must apply for listing of any Shares issued pursuant to the Plan prior to or as soon as practicable after their issuance.

### **14 Corporate events**

#### **14.1 Change in Control**

Upon the occurrence of a Change in Control (as defined below), the Participant's accumulated Contributions and any interest (if applicable) will be returned to the Participant as soon as practicable, the Purchase Rights will be cancelled and the Offering will terminate. If a Change in Control is pending, the Committee may delay the commencement of an Offering.

#### **14.2 Liquidation or dissolution of the Company**

If the Company passes a resolution for its liquidation or dissolution, any Offering shall terminate and Purchase Rights will be cancelled as at that date. Any Contributions and interest (if applicable), will be returned to the Participant as soon as practicable.

#### **14.3 Change in the securities of the Company**

If any change is made in the Shares of the Company (including by reason of merger, consolidation, reorganization, recapitalization, stock dividend, stock split, combination of shares, change in corporate structure or other transaction), the Committee shall make an equitable and proportionate anti-dilution adjustment to offset any resultant change in the pre-share price of the Shares. Such mandatory adjustment may include a change in the type(s), class(es) and the maximum number of Shares subject to the Plan pursuant to Rule 8 (Shares available for the Plan), and shall adjust the type(s), class(es)

number of Shares and purchase limits of each outstanding Purchase Right and the Purchase Price in any manner equitable to the Participants; this may include retrospective adjustments. If making such an adjustment, the Committee may consider any consideration received by the Company in the transaction. Adjustments may only be made if consistent with the applicable rules under Sections 423 and 424 of the Code.

The Company may notify the Participant of any adjustment made under this Rule 14.3.

### 14.4 Terms used

For the purpose of this Rule:

"**Acquiring Company**" means a person who obtains control of the Company.

"**Change in Control**" means the first to occur of the following events after the adoption of the Plan:

**14.4.1** the acquisition by any person, entity or "group" (as defined in Section 13(d) of the Securities Exchange Act of 1934, as amended) of 50% or more of the combined voting power of the Company's then outstanding voting securities, other than any such acquisition by the Company, any of its Subsidiaries, any employee benefit plan of the Company or any of its Subsidiaries, or any Affiliates of any of the foregoing;

**14.4.2** the merger, consolidation or other similar transaction involving the Company, as a result of which persons who were stockholders of the Company immediately prior to such merger, consolidation, or other similar transaction do not, immediately thereafter, own, directly or indirectly, more than 50% of the combined voting power entitled to vote generally in the election of directors of the merged or consolidated company;

**14.4.3** within any 24-month period, the persons who were directors of the Company at the beginning of such period (the "**Incumbent Directors**") shall cease to constitute at least a majority of the Board, provided that any director elected or nominated for election to the Board by a majority of the Incumbent Directors then still in office shall be deemed to be an Incumbent Director for purposes of this clause 14.5.3; or

**14.4.4** the sale, transfer or other disposition of all or substantially all of the assets of the Company to one or more persons or entities that are not, immediately prior to such sale, transfer or other disposition, Affiliates of the Company.

## 15 General

### 15.1 Notices

**15.1.1** Any notice or other document which has to be given to an Eligible Employee or Participant under or in connection with the Plan may be:

(i) delivered or mailed to him at his address according to the records of his employing company; or

(ii) sent by e-mail or fax to any e-mail address or fax number which, according to the records of his employing company, is used by him,

or in either case such other address which the Company considers appropriate.

**15.1.2** Any notice or other document which has to be given to the Company or other appointed agent under or in connection with the Plan may be delivered or mailed to it at such place as the Committee or its duly appointed agent may from time to time decide and notify to Participants or sent by e-mail or fax to any e-mail address or fax number notified to the sender.

**15.1.3** Notices mailed will be deemed to have been given on the earlier of the date of actual receipt and the seventh day after the mailing date.

**15.1.4** Notices sent by e-mail or fax, in the absence of evidence of non-delivery, will be deemed to have been received on the day after sending.

## **15.2 Documents sent to shareholders**

The Company may send to Participants copies of any documents or notices normally sent to the holders of its Shares.

## **15.3 Costs**

The Company or a Participating Company (as appropriate) will pay the costs of establishing and administering the Plan. The Company may require each other Participating Company to reimburse the Company for any costs incurred in connection with the grant of Purchase Rights to, or exercise of Purchase Rights by, employees of that Participating Company.

## **15.4 Terms of employment**

**15.4.1** For the purposes of this Rule 15.4, "**Employee**" means any employee of the Company or any Subsidiary or associated company of the Company.

**15.4.2** This Rule 15.4 applies during an Employee's employment and after the termination of an Employee's employment, whether or not the termination is lawful.

**15.4.3** Nothing in the Rules or the operation of the Plan forms part of any contract of employment of an Employee. The rights and obligations arising from the employment relationship between the Employee and the Participating Company are separate from, and are not affected by, the Plan. Participation in the Plan does not create any right to, or expectation of, continued employment.

**15.4.4** Subject to Rule 4.1, no Employee has a right to participate in the Plan. Participation in the Plan or the grant of Purchase Rights on a particular basis in any year does not create any right to or expectation of participation in the Plan or the grant of Purchase Rights on the same basis, or at all, in any future year.

**15.4.5** The terms of the Plan do not entitle the Employee to the exercise of any discretion by the Company, a Participating Company or the Committee in his favor.

**15.4.6** No Employee will have a claim or right of action in respect of any decision, omission or exercise of discretion, not relating to an existing Purchase Right, which may operate to the disadvantage of the Employee.

**15.4.7** No Employee has any right to compensation for any loss in relation to the Plan, including any loss in relation to:

- (i) any loss or reduction of rights or expectations under the Plan in any circumstances (including lawful or unlawful termination of employment);
- (ii) any exercise of discretion or a decision made in relation to a Purchase Right or to the Plan, or any failure to exercise discretion or make a decision; or
- (iii) the operation, suspension, termination or amendment of the Plan.

**15.4.8** Participation in the Plan is permitted only on the basis that the Participant accepts all the provisions of the Rules, including this Rule 15.4. By participating in the Plan, an Employee waives all rights under the Plan, other than the rights expressly granted herein or in any invitation to

participate in accordance with the express terms of the Rules in consideration for, and as a condition of, the grant of a Purchase Right under the Plan.

**15.4.9** Nothing in this Plan confers any benefit, right or expectation on a person who is not an Employee. No such third party has any rights to enforce any term of this Plan. This does not affect any other right or remedy of a third party which may exist.

**15.4.10** Benefits under this Plan shall not be taken into account for the purpose of determining any benefits under any benefit plan unless such plan (or arrangement) specifically provides otherwise.

### **15.5 Corporate actions**

The existence of any Purchase Right shall not affect in any way the right or power of the Company or its shareholders to make or authorize any or all adjustments, recapitalizations, reorganizations or other changes in the Company's capital structure or preferred or prior preference stock ahead of or convertible into, or otherwise affecting, the Shares or the rights of them, or the dissolution or liquidation of the Company or any sale or transfer of all or any part of its assets or business, or any other corporate act or proceeding, whether of a similar character or otherwise.

### **15.6 Employee trust**

The Company and any Subsidiary may provide money to the trustee of any trust or any other person to enable the trust or him to acquire Shares for the purposes of the Plan, or enter into any guarantee or indemnity for those purposes, to the extent permitted by law.

### **15.7 Withholding**

Unless the Participant discharges the liability himself, the Company or a Participating Company, the trustee of any trust or other third party administrator may withhold any amount and make any arrangements as it considers necessary to meet any tax withholding obligation of the Company in respect of Purchase Rights. These arrangements include the sale of any Shares on behalf of a Participant.

### **15.8 Data privacy**

By participating in the Plan the Participant consents to the holding and processing of personal data provided by the Participant to the Company, any Subsidiary or associated company trustee or third party service provider, for all purposes relating to the operation of the Plan. These include, but are not limited to:

**15.8.1** administering and maintaining Participant records;

**15.8.2** providing information to an associated company, trustees of any trust, registrars, brokers or other third party administrators of the Plan;

**15.8.3** providing information to future purchasers of the Company or the business in which the Participant works; and

**15.8.4** transferring information about the Participant to a country or territory outside the United States of America that may not provide the same statutory protection for the information as the Participant's home country.

## **15.9 Legal compliance**

If in the opinion of counsel for the Company, it is necessary or desirable in order to comply with applicable laws or regulations relating to securities or exchange control, the Company may:

**15.9.1** require the Participant to provide confirmation of compliance with such local laws and regulations, without which the Purchase Right may lapse; and/or

**15.9.2** upon the exercise of the Purchase Right, substitute cash equal to the value of any spread (less any tax and social security contributions) for any Shares.

## **15.10 Crediting Service**

In the event of the adoption of the Plan by an Acquiring Company, the merger or consolidation of another company with a Participating Company, or the acquisition by the Company of another company, the Committee shall determine the extent, if any, to which employees affected by the event shall be credited under the Plan with service rendered to his employer prior to the event.

## **16 Administration**

### **16.1 Committee's powers**

The Committee will administer the Plan. Subject to the provisions of the Plan, the Committee has the power:

**16.1.1** to determine when and how Purchase Rights to acquire Shares will be granted and the provisions of each Offering of such Purchase Rights;

**16.1.2** to convert, when necessary, any value denominated in US dollars and cents to an equivalent currency based on a currency exchange rate that it selects for such purpose;

**16.1.3** to designate from time to time which Subsidiaries shall become Participating Companies;

**16.1.4** to construe and interpret the Plan and Purchase Rights granted under the Plan, and to establish, amend and revoke rules and regulations for the administration of the Plan. The Committee, in the exercise of this power, may correct any defect, omission or inconsistency in the Plan; and

**16.1.5** generally, to exercise such powers and to perform such acts as it deems necessary or expedient to promote the best interests of the Company and other Participating Companies and to carry out the intent that the Plan be treated as an "employee stock purchase plan" within the meaning of Section 423 of the Code.

### **16.2 Committee's decision final and binding**

All determinations of the Committee are final and binding on Employees, Participants and any other party claiming a right or a benefit under the Plan or in connection with any Offering.

### **16.3 Indemnification of Committee**

To the extent permitted by law, the Company shall indemnify the members of the Committee from all claims for liability, loss or damage (including payment of expenses in connection with the defense against such claim) arising from any act or failure to act under the Plan, provided any such member shall give the Company an opportunity, at its own expense, to handle and defend such claims. This shall not include actions which could be held to include criminal liability under applicable law. The provision of this Rule 16.3 shall survive the termination of the Plan under Rule 17.

## **17 Changing the Plan and Termination**

### **17.1 Changing the Plan**

The Committee may at any time change the Plan in any way. The Company shall obtain stockholder approval of such amendments in such a manner and to such a degree as required and to the extent necessary to comply with Section 423 of the Code (or any other applicable law).

### **17.2 Notice**

The Committee may give written notice of any changes made to any Participant affected.

### **17.3 Termination of the Plan**

The Plan will terminate on 15 May 2018, but the Committee may terminate the Plan at any time before that date. However, Purchase Rights granted before such termination will continue to be valid and exercisable as described in these Rules.

## **18 Overseas Participants**

### **18.1 Establishing plans**

The Committee may establish plans to operate overseas either by scheduling sub-plans to the Plan, or adopting separate plans in accordance with the authority given by shareholders (together "**Sub-Plans**"). This includes:

**18.1.1** designating from time to time which Subsidiaries will participate in a particular Sub-Plan;

**18.1.2** determining procedures for eligible employees to enroll in or withdraw from a Sub-Plan, setting or changing payroll deduction percentages, and obtaining necessary tax withholdings; and

**18.1.3** allocating the available Shares under the Plan to the Sub-Plans for particular offerings.

### **18.2 Overseas laws**

If, in the opinion of the Committee, local laws or regulations cause participation in the Plan to become unduly onerous for the Company, a Participating Company or a Participant, the relevant Purchase Right will not be exercised and all Contributions accumulated during the Offering (reduced to the extent, if any, such deductions have been used to acquire Shares) will be distributed to the Participant with any interest. No right to compensation for loss of benefit will arise as a result of such an event.

## **19 Governing Law**

The laws of the state of Delaware (without regard to its conflicts of laws rules) govern the Plan and all Purchase Rights and their construction. The courts of the state of Delaware have non-exclusive jurisdiction in respect of disputes arising under or in connection with the Plan or any Purchase Right.
