ABOUT THIS PROSPECTUS

This prospectus is part of an "automatic shelf" registration statement that we filed with the Securities and Exchange Commission, or the SEC, as a "well-known seasoned issuer" as defined in Rule 405 under the Securities Act of 1933, as amended, or the Securities Act. Under this shelf registration process, we may sell, from time to time, an indeterminate amount of any combination of the securities described in this prospectus in one or more offerings. This prospectus provides you with a general description of the securities we may offer, which is not meant to be a complete description of each security. Each time that we sell securities, a prospectus supplement containing specific information about the terms of that offering will be provided, including the specific amounts, prices and terms of the securities offered and the manner in which they will be offered. The prospectus supplement and any other offering material may also add to, update or change information contained in this prospectus or in documents we have incorporated by reference into this prospectus. If there is any inconsistency between the information in this prospectus and any applicable prospectus supplement, you should rely on the information in the applicable prospectus supplement. We urge you to read both this prospectus and any applicable prospectus supplement and any other applicable offering material (including any free writing prospectus) prepared by or on behalf of us for a specific offering of securities, together with the additional information described under the heading "Where You Can Find More Information" on page 30 of this prospectus.

You should rely only on the information contained or incorporated by reference in this prospectus and any applicable prospectus supplement. We have not authorized anyone to provide you with different information. If anyone provides you with different or inconsistent information, you should not rely on it. We are not making an offer to sell or soliciting an offer to purchase these securities in any jurisdiction where the offer or sale is not permitted.

You should not assume that the information contained in this prospectus or any prospectus supplement is accurate on any date other than the date on the front cover of such documents or that any information we have incorporated by reference is correct on any date subsequent to the date of the document incorporated by reference, even though this prospectus or any prospectus supplement is delivered or securities are sold on a later date. Neither the delivery of this prospectus or any applicable prospectus supplement nor any distribution of securities pursuant to such documents shall, under any circumstances, create any implication that there has been no change in the information set forth in this prospectus or any applicable prospectus supplement or in our affairs since the date of this prospectus or any applicable prospectus supplement. Our business, financial condition, results of operations and prospects may have changed since those dates.

All references to "we," "us," "our," the "company" or "American Equity" in this prospectus are to American Equity Investment Life Holding Company and its consolidated subsidiaries, unless the context requires otherwise.

FORWARD-LOOKING STATEMENTS

This prospectus (including the information incorporated by reference) contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the "Securities Act"), and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). All statements, trend analyses and other information contained in this prospectus and elsewhere (such as in filings by us with the SEC, press releases, presentations by us or our management or oral statements) relative to markets for our products and trends in our operations or financial results, as well as other statements including words such as "anticipate," "believe," "plan," "estimate," "expect," "intend" and other similar expressions, constitute forward-looking statements. We caution that these statements may and often do vary from actual results and the differences between these statements and actual results can be material. Accordingly, we cannot assure you that actual results will not differ materially from those expressed or implied by the forward-looking statements.

Factors that could contribute to these differences include, among other things:

general economic conditions and other factors, including prevailing interest rate levels and stock and credit market performance which may affect (among other things) our ability to sell our products, our ability to access capital resources and the costs associated therewith, the fair value of our investments, which could result in impairments and other than temporary impairments, and certain liabilities, and the lapse rate and profitability of policies;

customer response to new products and marketing initiatives;

changes in the Federal income tax laws and regulations which may affect the relative income tax advantages of our products;

increasing competition in the sale of annuities;

regulatory changes or actions, including those relating to regulation of financial services affecting (among other things) bank sales and underwriting of insurance products and regulation of the sale, underwriting and pricing of products; and

the risk factors or uncertainties listed from time to time in our filings with the SEC that are incorporated by reference in this prospectus.

You should not place undue reliance on any forward-looking statements. Forward-looking information is intended to reflect opinions as of the date of this prospectus. Except as otherwise required by applicable laws, we undertake no obligation to publicly update or revise any forward-looking statements described in this prospectus, whether as a result of new information, future events, changed circumstances or any other reason after the date of this prospectus.

RISK FACTORS

Investing in our securities involves risk. Before you decide whether to purchase any of our securities, in addition to the other information, documents or reports included or incorporated by reference into this prospectus and any applicable prospectus supplement or other applicable offering materials, you should carefully consider the risk factors described in the section entitled "Risk Factors" in (i) any prospectus supplement; (ii) our most recent Annual Report on Form 10-K; and (iii) any Quarterly Reports on Form 10-Q and those portions of the Current Reports on Form 8-K filed by us subsequently to such Annual Report on Form 10-K, each of which is incorporated by reference into this prospectus and any prospectus supplement in its entirety (other than documents or information deemed furnished and not filed in accordance with the SEC rules, including pursuant to Item 2.02 or Item 7.01 on Form 8-K), and as the same may be amended, supplemented or superseded from time to time by our filings under the Exchange Act. For more information, see the section entitled "Where You Can Find More Information" on page 30 of this prospectus. These risks could materially and adversely affect our business, results of operations and financial condition and could result in a partial or complete loss of your investment.

USE OF PROCEEDS

Unless otherwise indicated in an applicable prospectus supplement, we intend to use the net proceeds from the sale of the offered securities for general corporate purposes. We may provide additional information on the use of the net proceeds from the sale of the offered securities in an applicable prospectus supplement or other offering materials relating to the offered securities.

Table of Contents**RATIO OF EARNINGS TO FIXED CHARGES**

The following table sets forth our ratio of earnings to fixed charges on a historical basis for the periods indicated. The ratios are calculated by dividing earnings by fixed charges. Earnings consist of income before income taxes and minority interests plus fixed charges. Fixed charges consist of interest expense and the portion of operating leases that are representative of the interest factor. Interest expense includes interest sensitive and index product benefits and amortization of deferred sales inducements, interest expense on notes payable, interest expense on subordinated debentures, interest expense on amounts due under repurchase agreements and other interest expense.

We did not have any preferred stock outstanding for the periods presented, and therefore the ratio of earnings to combined fixed charges and preferred stock dividends would be the same as the ratios of earnings to fixed charges presented below.

and Amortization of Deferred Sales Inducements**

	Six Months Ended June 30,		Year Ended December 31,

	Ratio of earnings to fixed charges	1.2x	1.1x	1.2x	1.1x	1.1x

**Ratio of Earnings to Fixed Charges Excluding Interest Sensitive and Index Product Benefits
and Amortization of Deferred Sales Inducements**

The following table sets forth our ratio of earnings to fixed charges excluding interest sensitive and index product benefits and amortization of deferred sales inducements. This ratio is presented here to reflect the effect of excluding interest sensitive and index product benefits and amortization of deferred sales inducements, which we believe are not indicative of interest expense related to amounts borrowed. Interest sensitive and index product benefits and amortization of deferred sales inducements do not require cash outlays unless and until annuity holders elect to withdraw their annuity account balances, subject to applicable surrender charges. Therefore, we view such expenses as operating expenses and treat them as such in our consolidated statements of operations.

DESCRIPTION OF SECURITIES

This prospectus contains summary descriptions of the debt securities, preferred stock, common stock, depository shares, warrants, stock purchase contracts and stock purchase units that we may sell from time to time. These summary descriptions are not meant to be complete descriptions of each security. However, at the time of an offering and sale, this prospectus, together with the applicable prospectus supplements, will contain the material terms of the securities being offered.

DESCRIPTION OF DEBT SECURITIES

As used in this prospectus, debt securities means the debentures, notes, bonds and other evidences of indebtedness that we may issue from time to time in one or more series. The debt securities will either be senior debt securities or subordinated debt securities. Senior debt securities will be issued under a "senior indenture" and subordinated debt securities will be issued under a "subordinated indenture." This prospectus sometimes refers to the senior indenture and the subordinated indenture collectively as the "indentures." Unless the applicable prospectus supplement states otherwise, the trustee under the indentures will be U.S. Bank National Association. The trustee will be a financial institution that is not affiliated with us.

The indentures are filed as exhibits to the registration statement of which this prospectus forms a part. The statements and descriptions in this prospectus or in any prospectus supplement regarding provisions of the indentures and debt securities are summaries thereof, do not purport to be complete and are subject to, and are qualified in their entirety by reference to, all of the provisions of the indentures and the debt securities, including the definitions therein of certain terms. Accordingly, we strongly encourage you to refer to the indentures and the debt securities for a complete understanding of the terms and conditions applicable to the indentures and the debt securities. You should read this description of the debt securities and the indentures and the prospectus supplement relating to the applicable series of debt securities before you buy any debt securities.

General

The debt securities will be our unsecured senior or subordinated obligations. The term "senior" is generally used to describe debt obligations which entitle the holder to receive payment of principal and interest upon the happening of certain events prior to the holders of "subordinated" debt. Events which can trigger the right of holders of senior indebtedness to receive payment of principal and interest prior to payments to the holders of subordinated indebtedness include insolvency, bankruptcy, liquidation, dissolution, receivership, reorganization or an event of default under the senior indebtedness.

We may issue the senior debt securities, pursuant to the senior indenture, in one or more series. All series of senior debt securities issued under the senior indenture will be equal in ranking. The senior debt securities also will rank equally with all our other unsecured indebtedness, other than unsecured indebtedness expressly designated by the holders thereof to be subordinate to our senior debt securities.

The senior indebtedness issued pursuant to the senior indenture will rank junior and be subordinate to any of our secured indebtedness. In the event of a bankruptcy or other liquidation event involving a distribution of assets to satisfy our outstanding indebtedness or an event of default under a loan agreement relating to the secured indebtedness, the holders of our secured indebtedness would be entitled to receive payment of principal and interest prior to payments on the senior indebtedness issued under the senior indenture.

Additionally, the senior indebtedness issued pursuant to the senior indenture will rank junior and be subordinate to any indebtedness of our subsidiaries. In the event of a bankruptcy, receivership,

Edgar Filing: AMERICAN EQUITY INVESTMENT LIFE HOLDING CO - Form S-3ASR

Table of Contents

liquidation or similar event involving a subsidiary, the assets of that subsidiary would be used to satisfy claims of creditors of the subsidiary, including liabilities under contracts of insurance and annuities written by our insurance subsidiaries, rather than our creditors. As a result of the application of the subsidiary's assets to satisfy claims of policyholders and creditors, the value of the stock of the subsidiary would be diminished and perhaps rendered worthless. Any such diminution in the value of the shares of our subsidiaries would adversely impact our financial condition and possibly impair our ability to meet our obligations on the debt securities. In addition, any liquidation of the assets of a subsidiary to satisfy claims of the subsidiary's creditors might make it impossible for such subsidiary to pay dividends to us. This inability to pay dividends would further impair our ability to satisfy our obligations under the debt securities.

The debt securities issued under the subordinated indenture will be subordinate in right of payment in respect of principal of (and premium, if any) and interest owing under the subordinated debt securities to all our senior indebtedness in the manner described below under the caption "Subordination."

The indentures do not limit the aggregate principal amount of debt securities that we may issue and provide that we may issue debt securities from time to time in one or more series, in each case with the same or various maturities, at par or at a discount. We may issue additional debt securities of a particular series without the consent of the holders of the debt securities of such series outstanding at the time of the issuance. Any such additional debt securities, together with all other outstanding debt securities of that series, will constitute a single series of debt securities under the applicable indenture. The indentures also do not limit our ability to incur other debt.

We will provide a prospectus supplement to accompany this prospectus for each series of debt securities we offer. Each prospectus supplement will describe the terms relating to the specific series of debt securities being offered. These terms will include some or all of the following:

the title of debt securities and whether they are subordinated debt securities or senior debt securities;

any limit on the aggregate principal amount of the debt securities;

the price or prices at which we will sell the debt securities;

the maturity date or dates of the debt securities;

the rate or rates of interest, if any, which may be fixed or variable, per annum at which the debt securities will bear interest, or the method of determining such rate or rates, if any;

the date or dates from which any interest will accrue or the method by which such date or dates will be determined;

the dates on which we will pay interest on the debt securities and the regular record date for determining who is entitled to the interest payable on any interest payment date;

the right, if any, to extend the interest payment periods and the duration of any such deferral period, including the maximum consecutive period during which interest payment periods may be extended;

whether the amount of payments of principal of (and premium, if any) or interest on the debt securities may be determined with reference to any index, formula or other method, such as one or more currencies, commodities, equity indices or other indices, and the manner of determining the amount of such payments;

the place or places where the principal of (and premium, if any) and interest on the debt securities will be payable;

if we possess the option to do so, the periods within which and the prices at which we may redeem the debt securities, in whole or in part, pursuant to optional redemption provisions, and the other terms and conditions of any such provisions;

our obligation, if any, to redeem, repay or purchase debt securities pursuant to any sinking fund or through an analogous provision or at the option of holders of the debt securities, and the period or periods within which and the price or prices at which we will redeem, repay or purchase the debt securities, in whole or in part, pursuant to such obligation, and the other terms and conditions of such obligation;

the denominations in which the debt securities will be issued, if other than denominations of \$1,000 and integral multiples of \$1,000;

the currency, currencies or currency unit in which we will pay the principal of (and premium, if any) or interest on the debt securities, if not United States dollars;

provisions, if any, granting special rights to holders of the debt securities upon the occurrence of specified events;

any additions to the events of default or our covenants with respect to the applicable series of debt securities;

the manner in which we may evidence any election to defease the debt securities, if other than by resolution of our board of directors;

whether the debt securities will be convertible into other securities or property and, if so, the terms and conditions upon which the holders may convert or exchange such debt securities into other securities or property;

whether any of the debt securities will be issued in global form and, if so, the terms and conditions upon which global debt securities may be exchanged for certificated debt securities;

the depositary for global or certificated debt securities;

any special tax implications of the debt securities;

any trustees, authenticating or paying agents, transfer agents or registrars or other agents with respect to the debt securities;
and

any other terms of the debt securities not inconsistent with the provisions of the indentures, as amended or supplemented, and any other terms which may be required by or advisable under applicable laws or regulations.

Unless otherwise specified in the applicable prospectus supplement, the debt securities will not be listed on any securities exchange.

Unless otherwise specified in the applicable prospectus supplement, debt securities will be issued in fully-registered form without coupons.

Debt securities may be sold at a substantial discount below their stated principal amount, bearing no interest or interest at a rate which at the time of issuance is below market rates. The applicable prospectus supplement will describe the federal income tax consequences and special considerations applicable to any such debt securities. The debt securities may also be issued as indexed securities or securities denominated in

Edgar Filing: AMERICAN EQUITY INVESTMENT LIFE HOLDING CO - Form S-3ASR

foreign currencies or currency units, as described in more detail in the prospectus supplement relating to any of the particular debt securities. The prospectus supplement relating to specific debt securities will also describe any special considerations and certain additional tax considerations applicable to such debt securities.

Table of Contents

Subordination

Subordinated debt securities will be subordinate and junior in right of payment to all of our senior indebtedness.

Under the subordinated indenture, "senior indebtedness" means all amounts due on obligations in connection with any of the following, whether outstanding at the date of execution of the subordinated indenture or thereafter incurred or created:

the principal of (and premium, if any) and interest in respect of our indebtedness for borrowed money and indebtedness evidenced by securities, debentures, bonds or other similar instruments issued by us;

all our capital lease obligations;

all our obligations issued or assumed as the deferred purchase price of property, all our conditional sale obligations and all our obligations under any title retention agreement (but excluding trade accounts payable in the ordinary course of business);

all our obligations for the reimbursement on any letter of credit, banker's acceptance, security purchase facility or similar credit transaction;

all our obligations in respect of interest rate swap, cap or other agreements, interest rate future or options contracts, currency swap agreements, currency future or option contracts and other similar agreements;

all obligations of the types referred to above of other persons for the payment of which we are responsible or liable as obligor, guarantor or otherwise; and

all obligations of the types referred to above of other persons secured by any lien on any property or asset of ours whether or not such obligation is assumed by us.

Senior indebtedness does not include:

indebtedness or monetary obligations to trade creditors created or assumed by us or any of our subsidiaries in the ordinary course of business in connection with the obtaining of materials or services;

indebtedness that is by its terms subordinated to or ranks equal with the subordinated debt securities; and

any indebtedness of us to our affiliates (including all debt securities and guarantees in respect of those debt securities issued to any trust, partnership or other entity affiliated with us that is a financing vehicle of us in connection with the issuance by such financing entity of preferred securities or other securities guaranteed by us) unless otherwise expressly provided in the terms of any such indebtedness.

Senior indebtedness shall continue to be senior indebtedness and be entitled to the benefits of the subordination provisions irrespective of any amendment, modification or waiver of any term of such senior indebtedness.

In the event of, and during the continuation of, any default by us in the payment of principal, premium, if any, interest or any other payment due on any of our senior indebtedness, or in the event that the maturity of any of our senior indebtedness has been accelerated because of a default, then no payment will be made by us with respect to the principal (including redemption and sinking fund payments) of (or premium, if

any) or interest on the subordinated debt securities.

In the event of the acceleration of the maturity of any subordinated debt securities, the holders of all senior indebtedness outstanding at the time of such acceleration will first be entitled to receive

Edgar Filing: AMERICAN EQUITY INVESTMENT LIFE HOLDING CO - Form S-3ASR

Table of Contents

payment in full of all amounts due on the senior indebtedness before the holders of the subordinated debt securities will be entitled to receive any payment of principal of (and premium, if any) or interest on the subordinated debt securities.

In addition, if any of the following events occurs, we will pay in full all senior indebtedness before we make any payment on account of the principal of (and premium, if any) or interest on the subordinated debt securities to any holder of subordinated debt securities:

any dissolution or winding-up or liquidation or reorganization of us, whether voluntary or involuntary or in bankruptcy, insolvency or receivership;

any general assignment by us for the benefit of creditors; or

any other marshaling of our assets or liabilities.

In such event, any payment or distribution under the subordinated debt securities, whether in cash, securities or other property, which would otherwise (but for the subordination provisions) be payable or deliverable in respect of the subordinated debt securities, will be paid or delivered directly to the holders of senior indebtedness in accordance with the priorities then existing among such holders until all senior indebtedness has been paid in full. If any payment or distribution under the subordinated debt securities is received by the trustee of any subordinated debt securities in contravention of any of the terms of the subordinated indenture and before all the senior indebtedness has been paid in full, such payment or distribution or security will be received in trust for the benefit of, and paid over or delivered and transferred to, the holders of the senior indebtedness at the time outstanding in accordance with the priorities then existing among such holders for application to the payment of all senior indebtedness remaining unpaid to the extent necessary to pay all such senior indebtedness in full.

The subordinated indenture does not limit the amount of senior indebtedness that we can incur.

Restrictive Covenant

The following restrictive covenant shall apply to each series of senior debt securities:

Limitations on Dispositions of Stock of Certain Subsidiaries. So long as any senior debt securities are outstanding and subject to the provisions of the senior indenture regarding mergers, consolidations and sales of assets, neither we nor any of our subsidiaries will sell or otherwise dispose of any shares of capital stock (other than preferred stock having no voting rights of any kind) of:

American Equity Investment Life Insurance Company;

American Equity Investment Life Insurance Company of New York;

any successor to substantially all of the business of American Equity Investment Life Insurance Company or American Equity Investment Life Insurance Company of New York which is also a subsidiary of us; or

any corporation (other than us) having direct or indirect control of American Equity Investment Life Insurance Company, American Equity Investment Life Insurance Company of New York or any such successor.

Except for, in each case:

a sale or other disposition of any of such stock to a direct or indirect wholly-owned subsidiary of us;

a sale or other disposition of shares which are "directors' qualifying shares;"

Table of Contents

a sale or other disposition of such stock for at least fair value (as determined by our board of directors acting in good faith);
or

a sale or other disposition required to comply with an order of a court or regulatory authority of competent jurisdiction, other than an order issued at our request or the request of any of our subsidiaries.

Consolidation, Merger, Sale of Assets and Other Transactions

We may not (i) merge with or into or consolidate with any corporation or sell, assign, transfer, lease or convey all or substantially all of our properties and assets to any corporation other than a direct or indirect wholly-owned subsidiary of us, and (ii) no corporation may merge with or into or consolidate with us or, except for any direct or indirect wholly-owned subsidiary of us, sell, assign, transfer, lease or convey all or substantially all of its properties and assets to us, unless:

we are the surviving corporation or the corporation formed by or surviving such merger or consolidation or to which such sale, assignment, transfer, lease or conveyance has been made, if other than us, has expressly assumed by supplemental indenture all the obligations of us under the debt securities and the indentures;

immediately after giving effect to such transaction, no default or event of default has occurred and is continuing; and

we deliver to the trustee an officer's certificate and an opinion of counsel, each stating that the supplemental indenture complies with the applicable indenture.

Events of Default, Notice and Waiver

The following shall constitute "events of default" under the indentures with respect to each series of debt securities:

our failure to pay any interest on any debt security of such series when due and payable, continuing for 30 days;

our failure to pay the principal of (or premium, if any) on any debt security of such series when due, regardless of whether such payment became due because of maturity, redemption, acceleration or otherwise, or any payment required by any sinking fund established with respect to such series;

our failure to observe or perform any other of our covenants or agreements with respect to such debt securities for 90 days after we receive notice of such failure;

the occurrence of certain defaults with respect to our debt (other than the debt securities or non-recourse debt) that results in acceleration of the maturity of a principal amount in excess of \$50,000,000, and the acceleration of the maturity of such debt is not rescinded or annulled or such debt is not discharged within 15 days after we receive notice of such event of default;
and

certain events of bankruptcy, insolvency or reorganization of us.

If an event of default with respect to any debt securities of any series outstanding under either of the indentures occurs and is continuing, the trustee under such indenture or the holders of at least 25% in aggregate principal amount of the debt securities of that series outstanding may declare, by notice as provided in the applicable indenture, the principal amount (or such lesser amount as may be provided for in the debt securities of that series) of all the debt securities of that series outstanding to be due and payable immediately; provided that, in the case of an event of default involving certain events in bankruptcy, insolvency or reorganization, acceleration is automatic; and, provided further, that after

such acceleration, but before a judgment or decree based on acceleration, the holders of a

majority in aggregate principal amount of the outstanding debt securities of that series may, under certain circumstances, rescind and annul such acceleration if all events of default, other than the nonpayment of accelerated principal, have been cured or waived. Upon the acceleration of the maturity of original issue discount securities, an amount less than the principal amount thereof will become due and payable. Reference is made to the prospectus supplement relating to any original issue discount securities for the particular provisions relating to acceleration of maturity thereof.

Any past default under either indenture with respect to debt securities of any series, and any event of default arising therefrom, may be waived by the holders of a majority in aggregate principal amount of all debt securities of such series outstanding under such indenture, except in the case of (i) default in the payment of the principal of (or premium, if any) or interest on any debt securities of such series or (ii) default in respect of a covenant or provision which may not be amended or modified without the consent of the holder of each outstanding debt security of such series affected.

The trustee is required, within 90 days after the occurrence of a default (which is known to the trustee and is continuing), with respect to the debt securities of any series (without regard to any grace period or notice requirements), to give to the holders of the debt securities of such series notice of such default; provided, however, that, except in the case of a default in the payment of the principal of (and premium, if any) or interest, or in the payment of any sinking fund installment, on any debt securities of such series, the trustee shall be protected in withholding such notice if it in good faith determines that the withholding of such notice is in the interests of the holders of the debt securities of such series.

The trustee, subject to its duties during default to act with the required standard of care, may require indemnification by the holders of the debt securities of any series with respect to which a default has occurred before proceeding to exercise any right or power under the indentures at the request of the holders of the debt securities of such series. Subject to such right of indemnification and to certain other limitations, the holders of a majority in principal amount of the outstanding debt securities of any series under either indenture may direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or power conferred on the trustee with respect to the debt securities of such series.

No holder of a debt security of any series may institute any action against us under either of the indentures (except actions for payment of overdue principal of (and premium, if any) or interest on such debt security) unless (i) the holder has given to the trustee written notice of an event of default and of the continuance thereof with respect to the debt securities of such series specifying an event of default, as required under the applicable indenture, (ii) the holders of at least 25% in aggregate principal amount of the debt securities of that series then outstanding under such indenture shall have requested the trustee to institute such action, (iii) the holder or holders have offered the trustee reasonable indemnity for its costs, expenses and liabilities, (iv) the trustee shall not have instituted such action within 60 days of such request and (v) the holders of a majority in principal amount of the outstanding debt securities of each affected series did not direct the trustee to refrain from instituting the action.

We are required to furnish annually to the trustee statements either stating that no default exists or specifying any default that does exist.

Discharge, Defeasance and Covenant Defeasance

We may discharge or defease our obligations under each indenture as set forth below. For purposes of the indentures, obligations with respect to debt securities are discharged and defeased when, through the fulfillment of the conditions summarized below, we are released and discharged from performing any further obligations under the relevant indenture with respect to the debt

Table of Contents

securities. Covenant defeasance occurs when we are released from performing any further obligations under specific covenants in the indenture relating to the debt securities.

We may discharge certain obligations to holders of any series of debt securities issued under either the senior indenture or the subordinated indenture which have not already been delivered to the trustee for cancellation and which have either become due and payable or are by their terms due and payable within one year (or scheduled for redemption within one year) by irrevocably depositing with the trustee cash or U.S. government obligations (as defined in either indenture), as trust funds in an amount certified to be sufficient to pay when due, whether at maturity or upon redemption, the principal of (and premium, if any) and interest on such debt securities.

We may elect either (i) to defease and be discharged from any and all obligations with respect to the debt securities of or within any series (except as otherwise provided in the relevant indenture) ("defeasance") or (ii) to be released from our obligations with respect to certain covenants applicable to the debt securities of or within any series ("covenant defeasance"), upon the irrevocable deposit with the relevant indenture trustee, in trust for such purpose, of money and/or U.S. government obligations which through the payment of principal and interest in accordance with their terms will provide money in an amount sufficient to pay the principal of (and premium, if any) and interest on such debt securities to maturity or redemption, as the case may be, and any mandatory sinking fund or analogous payments thereon. As a condition to defeasance or covenant defeasance, we must deliver to the trustee an opinion of counsel to the effect that the holders of such debt securities will not recognize income, gain or loss for federal income tax purposes as a result of such defeasance or covenant defeasance and will be subject to federal income tax on the same amounts and in the same manner and at the same times as would have been the case if such defeasance or covenant defeasance had not occurred. Such opinion of counsel, in the case of defeasance under clause (i) above, must refer to and be based upon a ruling of the Internal Revenue Service or a change in applicable federal income tax law occurring after the date of the relevant indenture. In addition, in the case of either defeasance or covenant defeasance, we shall have delivered to the trustee (i) an officers' certificate to the effect that the relevant securities exchange(s) have informed us that neither such debt securities nor any other debt securities of the same series, if then listed on any securities exchange, will be delisted as a result of such deposit and (ii) an officers' certificate and an opinion of counsel, each stating that all conditions precedent with respect to such defeasance or covenant defeasance have been complied with.

We may exercise our defeasance option with respect to such debt securities notwithstanding our prior exercise of our covenant defeasance option.

Modification and Waiver

We are restricted in our ability to modify the indentures. However, we may in certain circumstances modify the indentures either before or after the debt securities are issued. The following is a summary of the applicable provisions under the indentures.

With the Consent of Securityholders. We and the applicable trustee may modify the indentures or any supplemental indenture in a manner that affects the interests or rights of the holders of debt securities with the consent of the holders of a least a majority in aggregate principal amount of the outstanding debt securities of each affected series issued under the indenture.

However, the indentures require the consent of each holder of debt securities that would be affected by any modification which would:

extend the fixed maturity of any debt securities of any series, or reduce the principal amount thereof, or reduce the rate or extend the time of payment of interest thereon, or reduce any premium payable upon the redemption thereof;

Edgar Filing: AMERICAN EQUITY INVESTMENT LIFE HOLDING CO - Form S-3ASR

reduce the amount of principal of an original issue discount debt security or any other debt security payable upon acceleration of the maturity thereof;

change the currency in which any debt security or any premium or interest is payable;

impair the right to enforce any payment on or with respect to any debt security;

adversely change the right to convert or exchange, including decreasing the conversion rate or increasing the conversion price of, any debt security (if applicable);

reduce the percentage in principal amount of outstanding debt securities of any series, the consent of the holders of which is required for modification or amendment of the indentures or for waiver of compliance with certain provisions of the indentures or for waiver of certain defaults;

reduce the requirements contained in the indentures for quorum or voting; or

modify any of the above provisions.

The indentures permit the holders of at least a majority in aggregate principal amount of the outstanding debt securities of any series issued under the indentures which is affected by the modification or amendment to waive our compliance with certain covenants contained in the indentures.

Without the Consent of Securityholders. In addition, we and the applicable trustee may supplement the indentures for certain purposes which would not materially adversely affect the interests or rights of the holders of debt securities of a series without the consent of those holders for one or more of the following purposes:

to cure any ambiguity, defect, or inconsistency in the indentures, in any supplemental indenture or in the debt securities issued under the indentures;

to provide for uncertificated debt securities in addition to or in place of certificated debt securities;

to add to the covenants of us for the benefit of the holders of all or any series of debt securities or to surrender any right or power conferred upon us under the indentures;

to add to, delete from or revise the conditions, limitations and restrictions on the authorized amount, terms or purposes of issue, authentication and delivery of debt securities, as set forth in the indentures;

to make any change that does not adversely affect the rights of any securityholder in any material respect;

to provide for the issuance of and establish the form and terms and conditions of the debt securities of any series, to establish the form of any certifications required to be furnished pursuant to the terms of the indentures or any series of debt securities or to add to the rights of the holders of any series of debt securities;

to add any additional events of default for the benefit of the holders of all or any series of debt securities;

to secure the debt securities;

to evidence and provide for the acceptance of appointment under the indentures by a successor trustee with respect to the debt securities of one or more series and to add to or change any of the provisions of the indentures as shall be necessary to provide for or facilitate the administration of the trusts hereunder by more than one trustee; or

to evidence the succession of another corporation to us, or successive successions, and the assumption by the successor corporation of the covenants, agreements and obligation of us under the indentures.

Payment and Paying Agents

Payment of interest on a debt security on any interest payment date will be made to the person in whose name a debt security is registered at the close of business on the record date for the interest.

Principal of (and premium, if any) and interest on the debt securities of a particular series will be payable at the office of such paying agent or paying agents as we may designate for such purpose from time to time. Notwithstanding the foregoing, at our option, payment of any interest may be made by check mailed to the address of the person entitled thereto as such address appears in the security register.

We may act as our own paying agent or appoint one or more paying agents for payments with respect to debt securities of each series. All paying agents initially designated by us for the debt securities of a particular series will be named in the applicable prospectus supplement. We may at any time designate additional paying agents or rescind the designation of any paying agent or approve a change in the office through which any paying agent acts, except that we will be required to maintain a paying agent in each place of payment for the debt securities of a particular series.

All moneys paid by us to a paying agent for the payment of the principal, interest or premium, if any, on any debt security which remain unclaimed at the end of two years after such principal, interest or premium, if any, has become due and payable will be repaid to us upon request, and the holder of such debt security thereafter may look only to us for payment thereof.

Denominations, Registrations and Transfer

Unless an accompanying prospectus supplement states otherwise, debt securities will be represented by one or more global certificates registered in the name of a nominee for The Depository Trust Company, or DTC. In such case, each holder's beneficial interest in the global securities will be shown on the records of DTC and transfers of beneficial interests will only be effected through DTC's records. We will describe the specific terms of the depository arrangement with respect to any series of debt securities represented by a registered global security in the prospectus supplement relating to that series.

A holder of debt securities may only exchange a beneficial interest in a global security for certificated securities registered in the holder's name if:

DTC notifies us that it is unwilling or unable to continue serving as the depository for the relevant global securities or DTC ceases to maintain certain qualifications under the Exchange Act and no successor depository has been appointed for 90 days; or

we determine, in our sole discretion, that the global security shall be exchangeable.

If debt securities are issued in certificated form, they will only be issued in the minimum denomination specified in the accompanying prospectus supplement and integral multiples of such denomination. Transfers and exchanges of such debt securities will only be permitted in such minimum denomination. Transfers of debt securities in certificated form may be registered at the offices of an agent appointed by us under the indentures. Exchanges of debt securities for an equal aggregate principal amount of debt securities in different denominations may also be made at such locations.

Governing Law

The indentures and debt securities will be governed by, and construed in accordance with, the internal laws of the State of New York, without regard to its principles of conflicts of laws, except to the extent that the Trust Indenture Act is applicable, in which case the Trust Indenture Act will govern.

Relationship With the Trustees

The trustee under the indentures is U.S. Bank National Association. We and our subsidiaries maintain ordinary banking and trust relationships with a number of banks and trust companies, including the trustee under the indentures.

Conversion or Exchange Rights

The prospectus supplement will describe the terms, if any, on which a series of debt securities may be convertible into or exchangeable for other debt securities. These terms will include provisions as to whether conversion or exchange is mandatory, at the option of the holder or at our option. These provisions may allow or require the number of other securities to be received by the holders of such series of debt securities to be adjusted.

DESCRIPTION OF CAPITAL STOCK

The following description briefly summarizes certain information regarding our capital stock. This information does not purport to be complete and is subject in all respects to the applicable provisions of the Iowa Business Corporation Act (the "IBCA"), our articles of incorporation, as amended (our "amended articles of incorporation"), and our amended and restated bylaws (our "bylaws").

Our authorized capital stock consists of 202,000,000 shares, of which 200,000,000 shares are common stock, par value \$1 per share, and 2,000,000 shares are preferred stock, par value \$1 per share. As of August 31, 2015, we had issued and outstanding 81,504,899 shares of common stock, no shares of preferred stock, options to purchase 3,585,916 shares of common stock at a weighted average exercise price of \$14.98 per share and 412,094 restricted stock units. As of August 31, 2015, up to 3,234,400 shares of common stock was available for future grants of equity awards.

Common Stock

Each outstanding share of our common stock is entitled to one vote per share on each matter submitted to the vote of shareholders. Cumulative voting for the election of directors is not permitted, and the holders of a majority of shares voting for the election of directors can elect all members of the board of directors. Subject to the rights of holders of preferred stock, holders of our common stock have equal ratable rights to dividends from funds legally available therefor, when, as and if declared by the board of directors. Holders of our common stock are entitled to share ratably in all of our assets available for distribution upon our liquidation, dissolution or winding up. Holders of our common stock have no preemptive, conversion, redemption or subscription rights.

In 2014 and 2013, we paid an annual cash dividend of \$0.20 and \$0.18, respectively, per share on our common stock. We intend to continue to pay an annual cash dividend on such shares so long as we have sufficient capital and/or future earnings to do so. However, we anticipate retaining most of our future earnings, if any, for use in our operations and the expansion of our business. Any further determination as to dividend policy will be made by our board of directors and will depend on a number of factors, including our future earnings, capital requirements, financial condition and future prospects and such other factors as our board of directors may deem relevant.

Since we are a holding company, our ability to pay cash dividends depends in large measure on our subsidiaries' ability to make distributions of cash or property to us. Financial covenants under our existing or future loan agreements and reinsurance agreements, or provisions of the laws of the states where we or our subsidiaries are organized, may limit our subsidiaries' ability to make sufficient distributions to us to permit us to pay cash dividends on our common stock.

As of September 4, 2015, there were approximately 17,300 holders of our common stock.

Preferred Stock

We are authorized to issue up to 2,000,000 shares of preferred stock. Our amended articles of incorporation authorize our board, without any further shareholder action or approval, to issue these shares from time to time in one or more series with such rights and preferences as may be determined by our board of directors. Our board may authorize the issuance of preferred stock with voting or conversion rights that could adversely affect the voting power or other rights of the holders of our common stock.

Indemnification of Directors and Executive Officers and Limitation of Liability

Section 490.202 of the IBCA permits a corporation to include a provision in its articles of incorporation permitting or making obligatory the indemnification of a director for liability to any person for any action taken, or any failure to take any action, as a director, except liability for (i) the

Table of Contents

receipt of a financial benefit to which the person is not entitled, (ii) an intentional infliction of harm on the corporation or its shareholders, (iii) unlawful distributions to shareholders, or (iv) an intentional violation of criminal law.

Our amended articles of incorporation provide that our directors will not be liable to us or our shareholders for money damages for any action taken, or any failure to take any action, as a director, except liability for (1) the amount of a financial benefit received by a director to which the director is not entitled; (2) intentional infliction of harm on us or our shareholders; (3) a violation of Section 490.833 of the IBCA, which relates to liability for unlawful distributions; and (4) an intentional violation of criminal law.

Our amended articles of incorporation also provide that each individual who was or is a director of the company who was or is made a party to, or is involved in any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that such person is or was a director of the company, or is or was serving at the request of the company as a director, officer, partner, trustee, employee or agent of another corporation, partnership, joint venture, trust, employee benefit plan or other enterprise shall be indemnified and held harmless by the company to the fullest extent permitted by applicable law, except liability for:

the amount of a financial benefit received by a director to which the director is not entitled;

an intentional infliction of harm on the company or its shareholders;

an unlawful distribution to shareholders; and

an intentional violation of criminal law.

Our bylaws also provide that each person who was or is a party or is threatened to be made a party to any threatened, pending or completed civil or criminal action or proceeding by reason of the fact that such person is or was a director of the company or is or was serving at our request as a director, officer, partner, trustee, employee or agent of another corporation, partnership, joint venture, trust, employee benefit plan or other enterprise, shall be indemnified and held harmless by us to the fullest extent permitted by Iowa law. This right to indemnification shall also include the right to be paid by us the expenses incurred in connection with any such proceeding in advance of its final disposition to the fullest extent authorized by Iowa law. This right to indemnification shall be a contract right. We may, by action of our board of directors, provide indemnification to our officers, employees and agents to the extent and to the effect as the board of directors determines to be appropriate and authorized by Iowa law.

Section 490.857 of the IBCA provides that a corporation may purchase and maintain insurance on behalf of a person who is a director or officer of a corporation, or who, while a director or officer of a corporation, serves at the corporation's request as a director, officer, partner, trustee, employee or agent of another corporation, partnership, joint venture, trust, employee benefit plan, or other entity, against liability asserted against or incurred by that person in that capacity or arising from that person's status as a director or officer, whether or not the corporation would have the power to indemnify or advance expenses to that person against the same liability under the IBCA. As permitted by and in accordance with Section 490.857 of the IBCA, we maintain insurance coverage for our officers and directors as well as insurance coverage to reimburse us for potential costs for indemnification of directors and officers.

Selected Amended Articles of Incorporation and Bylaws Provisions

Our amended articles of incorporation and bylaws include provisions that may have the effect of discouraging, delaying or preventing (a) a change in control of us or (b) an unsolicited acquisition proposal that a shareholder might consider favorable, including a proposal that might result in the

Table of Contents

payment of a premium over the market price for the shares held by shareholders. These provisions are summarized in the following paragraphs.

Classified Board of Directors. Our amended articles of incorporation provide for our board of directors to be divided into three classes of directors serving staggered, three year terms. The classification of the board of directors has the effect of requiring at least two annual shareholder meetings to replace a majority of the members of the board of directors.

Notice Procedures. Our bylaws establish advance notice procedures with regard to all shareholder proposals to be brought before meetings of our shareholders, including proposals relating to the nomination of candidates for election as directors, the removal of directors and amendments to our amended articles of incorporation and bylaws.

Shareholder Meetings. Our bylaws provide that special meetings may be called only by the board of directors or shareholders owning at least 50% of all the votes entitled to be cast on any issue proposed at the special meeting.

Authorized but Unissued or Undesignated Capital Stock. Our amended articles of incorporation grant the board of directors broad power to establish the rights and preferences of authorized and unissued preferred stock. The issuance of shares of preferred stock pursuant to the board of directors' authority could (a) decrease the amount of earnings and assets available for distribution to holders of common stock, (b) adversely affect the rights and powers, including voting rights, of such holders and (c) have the effect of delaying, deferring or preventing a change in control of us. The board of directors does not currently intend to seek shareholder approval prior to any issuance of preferred stock, unless otherwise required by law or the rules of any exchange on which the securities are then traded.

Iowa Takeover Statute

We are subject to Section 490.1110 of the IBCA which prohibits certain "business combination" transactions between an Iowa corporation and any "interested shareholder" for a period of three years after the date on which such shareholder became an interested shareholder, unless:

the board of directors approves, prior to such date, either the proposed business combination or the proposed acquisition of stock which resulted in the shareholder becoming an interested shareholder;

upon consummation of the transaction in which the shareholder becomes an interested shareholder, the interested shareholder acquires at least 85% of those shares of the voting stock of the corporation which are not held by the directors, officers or certain employee stock plans; or

on or subsequent to the consummation date, the business combination with the interested shareholder is approved by the board of directors and also approved at a shareholders' meeting by the affirmative vote of the holders of at least two-thirds of the outstanding shares of the corporation's voting stock other than shares held by the interested shareholder.

Section 490.1110 defines "business combination" to include:

a merger or consolidation involving the corporation and any interested shareholder;

any sale, lease, exchange, mortgage, pledge, transfer, or other disposition of 10% or more of the assets of the corporation involving the interested shareholder;

any transaction that results in the issuance or transfer by the corporation of any stock of the corporation to the interested shareholder;

Table of Contents

any transaction involving the corporation that has the effect of increasing the proportionate share of the stock of any class or series of the corporation beneficially owned by the interested shareholder; or

any other transaction resulting in a financial benefit to the interested shareholder under Iowa law.

In general, an "interested shareholder" is any person beneficially owning 10% or more of the outstanding voting stock of the corporation and any person affiliated with or controlled by such person. "Person" means any individual, corporation, partnership, unincorporated association or other entity.

State Statutory Provisions

Section 490.1108A of the IBCA provides that in considering acquisition proposals, our directors may consider, in addition to the consideration of the effects of any action on shareholders, the effects on our employees, suppliers, creditors, customers and the communities in which we operate, as well as our long-term and short-term interests. Consideration of any or all community interest factors is not a violation of the business judgment rule, even if our directors reasonably determine that effects on a community or other factors outweigh the financial or other benefits to us or a shareholder or group of shareholders. Section 490.624A of the IBCA also includes authorization of "poison pills" which include, without limitation, terms and conditions of stock rights or options issued by a corporation that preclude or limit the exercise, transfer or receipt of stock rights by persons owning or offering to acquire a specified number or percentage of a corporation's outstanding shares.

The provisions of state law that we describe above could have the effect of delaying, deferring or preventing a change in control of the company if our board of directors determines that a change of control is not in our best interests, those of our shareholders and other constituencies. In addition, the regulatory restrictions on the acquisition of our securities may also deter attempts to effect, or prevent the consummation of, a change in control of the company.

DESCRIPTION OF DEPOSITARY SHARES

General Terms

We may elect to offer depositary shares representing receipts for fractional interests in preferred stock. In this case, we will issue receipts for depositary shares, each of which will represent a fraction of a share of a particular series of preferred stock.

We will deposit the shares of any series of preferred stock represented by depositary shares under a deposit agreement between us and a depositary which we will name in the applicable prospectus supplement. Subject to the terms of the deposit agreement, an owner of a depositary share will be entitled, in proportion to the applicable fraction of a share of preferred stock represented by the depositary share, to all the rights and preferences of the preferred stock represented by the depositary share, including, as the case may be, interest, dividend, voting, conversion, redemption, sinking fund, repayment at maturity, subscription and liquidation rights.

The following description of the terms of the deposit agreement is a summary. It summarizes only those terms of the deposit agreement that we believe will be most important to a decision to invest in our depositary shares. You should keep in mind, however, that it is the deposit agreement, and not this summary, which defines the rights of a holder of depositary shares. There may be other provisions in the deposit agreement that are also important to you. You should read the deposit agreement for a full description of the terms of the depositary shares. We will file a copy of the deposit agreement with the SEC at or before the time of the offering of the applicable series of depositary shares. This summary is subject to and qualified by reference to the description of the particular terms of your series of depositary shares described in the applicable prospectus supplement.

Interest, Dividends and Other Distributions

The depositary will distribute all payments of interest, cash dividends or other cash distributions received on the preferred stock to record holders of depositary shares relating to the preferred stock in proportion to the number of depositary shares that they own.

In the event of a distribution other than in cash, the depositary will distribute property received by it to the appropriate record holders of depositary shares in an equitable manner, unless the depositary determines that it is not feasible to make a distribution. In that case the depositary may sell the property and distribute the net proceeds from the sale to such record holders.

Redemption of Depositary Shares

If we redeem a series of preferred stock represented by depositary shares, the depositary will redeem the depositary shares from the proceeds received by the depositary resulting from the redemption. The redemption price per depositary share will be equal to the applicable fraction of the redemption price per share of preferred stock payable in relation to the redeemed series of preferred stock. Whenever we redeem shares of preferred stock held by the depositary, the depositary will redeem as of the same redemption date the number of depositary shares representing the shares of preferred stock redeemed. If fewer than all the depositary shares are to be redeemed, the depositary shares to be redeemed will be selected by lot, proportionately or by any other equitable method as the depositary may determine.

Voting the Preferred Stock

Upon receipt of notice of any meeting at which the holders of any series of deposited preference shares are entitled to vote, the depositary will mail the information contained in the notice of meeting to the record holders of the depositary shares relating to such preferred stock. Each record holder of the depositary shares on the record date will be entitled to instruct the depositary how to vote the

Table of Contents

amount of the preferred stock represented by that holder's depositary shares. The record date for the depositary shares will be the same date as the record date for preferred stock. The depositary will endeavor, to the extent practicable, to vote the amount of the preferred stock represented by the depositary shares in accordance with those instructions. We will agree to take all reasonable action which the depositary may deem necessary to enable the depositary to do so. The depositary will abstain from giving instructions or directions with respect to the voting shares of the preferred stock if it does not receive specific instructions from the holder of depositary shares representing the preferred stock.

Amendment and Termination of the Deposit Agreement

We and the depositary may amend the form of depositary receipt evidencing the depositary shares and any provision of the deposit agreement at any time. However, any amendment which materially and adversely alters the rights of the holders of the depositary shares will not be effective unless the amendment has been approved by the holders of at least a majority of the depositary shares then outstanding. Every holder of an outstanding depositary receipt at the time any amendment becomes effective, or any transferee of the holder, will be deemed, by continuing to hold the depositary receipt, or by reason of the acquisition thereof, to consent and agree to the amendment and to be bound by the deposit agreement as amended thereby.

The deposit agreement will automatically terminate if:

all outstanding depositary shares have been redeemed,

each share of preferred stock has been converted into other preference shares or has been exchanged for debt securities, or

there has been a final distribution in respect of the preferred stock, including in connection with our liquidation, dissolution or winding-up, and the repayment, redemption or distribution proceeds, as the case may be, have been distributed.

Resignation and Removal of Depositary

The depositary may resign at any time by delivering to us notice of its election to do so. We also may, at any time, remove the depositary. Any resignation or removal will take effect upon the appointment of a successor depositary and its acceptance of such appointment. We must appoint the successor depositary within 60 days after delivery of the notice of resignation or removal. The successor depositary must be a bank or trust company having its principal office in the United States and having a combined capital and surplus of at least \$50,000,000.

Charges of Depositary

We will pay all transfer and other taxes and governmental charges arising solely from the existence of the depositary arrangements. We will pay all charges of the depositary in connection with the initial deposit of the preferred stock and issuance of depositary receipts, all withdrawals of shares of preferred stock by holders of depositary shares and any redemption of the preferred stock. Holders of depositary shares will pay other transfer and other taxes and governmental charges, as well as the other charges that are expressly provided in the deposit agreement to be for their account.

Miscellaneous

The depositary will forward all reports and communications from us which are delivered to the depositary and which we are required or otherwise determine to furnish to holders of preferred stock.

Neither we nor the depositary will be liable if we are or it is prevented or delayed by law or any circumstances beyond our or its control in performing any obligations under the deposit agreement.

Table of Contents

Our and its obligations under the deposit agreement will be limited to performance in good faith of our and its duties under the deposit agreement and neither we nor it will be obligated to prosecute or defend any legal proceeding in respect of any depositary shares, depositary receipts or preference shares unless satisfactory indemnity is furnished. We and the depositary may rely upon written advice of counsel or accountants, or upon information provided by holders of depositary receipts or other persons believed to be competent and on documents believed to be genuine.

DESCRIPTION OF WARRANTS

We may issue warrants for the purchase of our debt securities, common stock, preferred stock, depository shares or securities of third parties or other rights, including rights to receive payment in cash or securities based on the value, rate or price of one or more specified commodities, currencies, securities or indices, or any combination of the foregoing. We may issue warrants independently or together with other securities, and they may be attached to or separate from the other securities. Each series of warrants will be issued under a separate warrant agreement that we will enter into with a bank or trust company, as warrant agent, as detailed in the applicable prospectus supplement. The warrant agent will act solely as our agent in connection with the warrants and will not assume any obligation, or agency or trust relationship, with the holders of the warrants. We will file a copy of the warrant and warrant agreement with the SEC each time we issue a series of warrants, and these warrants and warrant agreements will be incorporated by reference into the registration statement of which this prospectus is a part. A holder of our warrants should refer to the provisions of the applicable warrant agreement and prospectus supplement for more specific information.

The following description of the terms of the warrants is a summary. It summarizes only those terms of the warrants and the warrant agreement which we believe will be most important to your decision to invest in our warrants. You should keep in mind, however, that it is the warrant agreement and the warrant certificate relating to the warrants, and not this summary, which defines the rights of a warrant holder. There may be other provisions in the warrant agreement and the warrant certificate relating to the warrants which are also important to you. You should read these documents for a full description of the terms of the warrants. This summary is subject to and qualified by reference to the description of the particular terms of your series of warrants described in the applicable prospectus supplement.

DESCRIPTION OF STOCK PURCHASE CONTRACTS

We may issue stock purchase contracts, including contracts obligating holders to purchase from us, and for us to sell to holders, a specific or varying number of debt securities, shares of our common stock or preferred stock, depositary shares, warrants or other property or securities of an entity unaffiliated with us, a basket of such or any combination of the above, at a future date or dates. Alternatively, the stock purchase contracts may obligate us to purchase from holders, and obligate holders to sell to us, a specific or varying number of shares of debt securities, shares of our common stock or preferred stock, depositary shares, warrants or other property. The price per share of preferred stock or common stock or price of other securities may be fixed at the time the stock purchase contracts are issued or may be determined by reference to a specific formula described in the stock purchase contracts. We may issue stock purchase contracts separately or as a part of stock purchase units each consisting of a purchase contract and debt securities, undivided beneficial ownership interests in debt securities, depositary shares representing fractional interests in debt securities or shares of preferred stock, or debt obligations of third parties, including U.S. Treasury securities, securing the holder's obligations under the purchase contract. The stock purchase contracts may require us to make periodic payments to holders or vice versa and the payments may be unsecured or pre-funded on some basis. The stock purchase contracts may require holders to secure the holder's obligations in a specified manner that we will file with the SEC in connection with a public offering relating to the stock purchase contracts.

The applicable prospectus supplement will describe the terms of any stock purchase contracts. The description in the prospectus supplement will not necessarily be complete, and we will refer you to the stock purchase contracts and, if applicable, collateral arrangements and depositary arrangements relating to the stock purchase contracts or stock purchase units.

The applicable prospectus supplement may contain, where applicable, the following information about the stock purchase contracts issued under it:

whether the stock purchase contracts obligate the holder or us to purchase or sell, or both purchase and sell, our common stock, preferred stock or depositary shares, as applicable, and the nature and amount of each of those securities, or the method of determining those amounts;

whether the stock purchase contracts are to be prepaid or not;

whether the stock purchase contracts are to be settled by delivery, or by reference or linkage to the value, performance or level of our common stock or preferred stock;

any acceleration, cancellation, termination or other provisions relating to the settlement of the stock purchase contracts;

whether the stock purchase contracts will be issued in fully registered or global form; and

any other terms of the stock purchase contracts.

DESCRIPTION OF STOCK PURCHASE UNITS

We may issue stock purchase units comprised of one or more of the other securities described in this prospectus in any combination. Each unit may also include debt obligations of third parties, such as U.S. Treasury securities. Each unit will be issued so that the holder of the unit is also the holder of each security included in the unit. Thus, the holder of a unit will have the rights and obligations of a holder of each included security. The unit agreement under which a unit is issued may provide that the securities included in the unit may not be held or transferred separately, at any time or at any time before a specified date.

The applicable prospectus supplement will describe the terms of any stock purchase units. The preceding description and any description of stock purchase units in the applicable prospectus supplement does not purport to be complete and is subject to and is qualified in its entirety by reference to the unit agreement and, if applicable, collateral arrangements and depositary arrangements relating to such stock purchase units that we will file with the SEC in connection with a public offering of stock purchase units.

The applicable prospectus supplement may describe:

the designation and terms of the stock purchase units and of the securities comprising the stock purchase units, including whether and under what circumstances those securities may be held or transferred separately;

any provisions for the issuance, payment, settlement, transfer or exchange of the stock purchase units or of the securities comprising the stock purchase units; and

whether the stock purchase units will be issued in fully registered or global form.

Item 15. Indemnification of Directors and Officers

American Equity Investment Life Holding Company

Section 490.202 of the Iowa Business Corporation Act, or the IBCA, provides that a corporation's articles of incorporation may contain a provision eliminating or limiting the personal liability of a director to the corporation or its shareholders for monetary damages for any action taken, or failure to take action, as a director, provided that the provision does not eliminate or limit the liability of a director for the amount of a financial benefit received by a director to which the director is not entitled; an intentional infliction of harm on the corporation or its shareholders; violation of Section 490.833; or an intentional violation of criminal law. Further, Section 490.851 of the IBCA provides that a corporation may indemnify its directors party to a proceeding against liability incurred in the proceeding by reason of such person serving in the capacity of director, if such person has acted in good faith and in a manner reasonably believed by the individual to be in the best interests of the corporation, if the director was acting in an official capacity, and in all other cases that the individual's conduct was at least not opposed to the best interests of the corporation, and in any criminal proceeding if such person had no reasonable cause to believe the individual's conduct was unlawful or the director engaged in conduct for which broader indemnification has been made permissible or obligatory under a provision of the articles of incorporation.

The indemnity provisions under Section 490.851 of the IBCA do not apply (i) in the case of actions brought by or in the right of the corporation except for reasonable expenses incurred in connection with the proceeding if it is determined that the director has met the relevant standard of conduct under Subsection 1 of Section 490.851 of the IBCA; or (ii) in connection with any proceedings with respect to conduct for which the director was adjudged liable on the basis that the director received a financial benefit to which the director was not entitled, whether or not involving action in the director's official capacity. In addition, Section 490.852 of the IBCA provides mandatory indemnification of reasonable expenses incurred by a director who is wholly successful in defending any action in which the director was a party because the director is or was a director of the corporation. director who is a party to a proceeding because the person is a director may also apply for court-ordered indemnification and advance of expenses under Section 490.854 of the IBCA.

Section 490.853 of the IBCA provides that a corporation may, before final disposition of a proceeding, advance funds to pay for or reimburse the reasonable expenses incurred by a director who is a party to a proceeding because he is a director if the director delivers the following to the corporation: (1) a written affirmation that the director has met the standard of conduct described above or that the proceeding involved conduct for which liability has been eliminated under the corporation's articles of incorporation; and (2) the director's written undertaking to repay any funds advanced if the director is not entitled to mandatory indemnification under Section 490.852 of the IBCA and it is ultimately determined that the director has not met the standard of conduct described above.

Under Section 490.856 of the IBCA, a corporation may indemnify and advance expenses to an officer of the corporation who is a party to a proceeding because he is an officer to the same extent as a director. In addition, if the person is an officer but not a director, further indemnification may be provided by the corporation's articles of incorporation, the bylaws, a resolution of the board of directors or contract, except for liability in connection with (1) a proceeding by or in the right of the corporation other than for reasonable expenses incurred in connection with the proceeding; and (2) conduct that constitutes receipt by the officer of a financial benefit to which the officer is not entitled, an intentional infliction of harm on the corporation or the shareholders, or an intentional violation of criminal law. Such indemnification is also available to an officer who is also a director if the basis on which the officer is made a party to a proceeding is an act or omission solely as an officer.

Our amended articles of incorporation provide that our directors will not be liable to us or our shareholders for money damages for any action taken, or any failure to take any action, as a director, except liability for (1) the amount of a financial benefit received by a director to which the director is not entitled; (2) intentional infliction of harm on us or our shareholders; (3) a violation of Section 490.833 of the IBCA, which relates to liability for unlawful distributions; and (4) an intentional violation of criminal law.

Our amended articles of incorporation also provide that each of our current and former directors who was or is made a party to, or is involved in any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that such person is or was a director of the company or is or was serving at our request as a director, officer, partner, trustee, employee or agent of another corporation, partnership, joint venture, trust, employee benefit plan or other enterprise shall be indemnified and held harmless by us to the fullest extent permitted by applicable law, except liability for (1) a financial benefit received by a director to which the director is not entitled; (2) an intentional infliction of harm on us or our shareholders; (3) an unlawful distribution to shareholders; and (4) an intentional violation of criminal law. In addition to such indemnification, any such director and any officer are entitled to have any expenses reasonably incurred in defending any such proceeding or any similar proceeding against any officer in advance of its final disposition paid directly by us to the fullest extent permitted by applicable law.

Our bylaws also provide indemnification to our directors on the same terms as the indemnification provided in our amended articles of incorporation. Our bylaws also provide for advances of expenses to our directors and officers on the same terms as provided in our amended articles of incorporation. The indemnification provisions of our bylaws are not exclusive of any other right which any person seeking indemnification may have or acquire under any statute, our amended articles of incorporation or any agreement, vote of shareholders or disinterested directors or otherwise.

Section 490.857 of the IBCA provides that a corporation may purchase and maintain insurance on behalf of a person who is a director or officer of a corporation, or who, while a director or officer of a corporation, serves at the corporation's request as a director, officer, partner, trustee, employee or

agent of another corporation, partnership, joint venture, trust, employee benefit plan, or other entity, against liability asserted against or incurred by that person in that capacity or arising from that person's status as a director or officer, whether or not the corporation would have the power to indemnify or advance expenses to that person against the same liability under the IBCA. As permitted by and in accordance with Section 490.857 of the IBCA, we maintain insurance coverage for our officers and directors as well as insurance coverage to reimburse us for potential costs for indemnification of directors and officers.

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. (5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities:

The undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(B) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(C) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
