SUPPLEMENTAL RISK FACTORS

You should carefully consider the supplemental risks described below in addition to the risks described in "Part I. Item 1A. Risk Factors" in our Annual Report on Form 10-K for the fiscal year ended September 28, 2018, filed November 13, 2018, which is incorporated by reference herein, and under similar headings in TE Connectivity's subsequently filed quarterly reports on Form 10-Q, as well as the other risks and uncertainties described in the other documents incorporated by reference in this prospectus supplement, before investing in the notes. You could lose part or all of your investment.

Risks Relating to the Notes and this Offering

There is no public market for the notes; and we do not know if an active trading market will ever develop or, if a market does develop, whether it will be sustained for the notes.

The notes will constitute a new issue of securities for which there is no existing trading market. We do not intend to apply for listing or quotation of the notes on any securities exchange or stock market. We cannot assure you as to the development or liquidity of any trading market for the notes. The underwriters have advised us that they currently intend to make a market in the notes. However, the underwriters are not obligated to do so, and any market-making with respect to the notes may be discontinued at any time without notice. If no active trading market develops for the notes, you may be unable to resell your notes at any price or at their fair market value.

Changes in our credit ratings or the debt markets could adversely affect the market price of the notes if a trading market develops for the notes.

The market price for the notes will depend on a number of factors, including:

our credit ratings with major credit rating agencies;

the prevailing interest rates being paid by companies similar to us;

the market price of our common shares;

our financial condition, operating performance and future prospects; and

the overall condition of the financial markets, including prevailing interest rates, and liquidity.

Credit rating agencies continually review their ratings for the companies that they rate, including us. A negative change in our rating or the outlook for our rating could have an adverse effect on the price or liquidity of the notes. Additionally, credit rating agencies evaluate the industries in which we operate as a whole and may change their credit rating for us based on their overall view of such industries.

In addition, the condition of the financial markets and prevailing interest rates have fluctuated in the past and are likely to fluctuate in the future. Such fluctuations could have an adverse effect on the price of the notes.

The amount of interest payable on the notes is set only once per period based on the three-month LIBOR on the interest determination date, which rate may fluctuate substantially.

In the past, the level of the three-month LIBOR has experienced significant fluctuations. You should note that historical levels, fluctuations and trends of the three-month LIBOR are not necessarily indicative of future levels. Any historical upward or downward trend in the three-month LIBOR is not an indication that the three-month LIBOR is more or less likely to increase or decrease at any time during an interest period, and you should not take the historical levels of the three-month LIBOR as an indication of its future performance. You should further note that although the actual three-month LIBOR on an interest payment date or at other times during an interest period may be higher than the three-month LIBOR on the applicable interest determination date, you will not benefit from the

Table of Contents

three-month LIBOR at any time other than on the interest determination date for such interest period. As a result, changes in the three-month LIBOR may not result in a comparable change in the market value of the notes.

Uncertainty relating to the LIBOR calculation process may adversely affect the value of the notes.

Regulators and law enforcement agencies in the United Kingdom and elsewhere are conducting civil and criminal investigations into whether the banks that contribute to the Intercontinental Exchange Benchmark Administration (the "ICE") in connection with the calculation of daily LIBOR may have been under-reporting or otherwise manipulating or attempting to manipulate LIBOR. A number of contributor banks have entered into settlements with their regulators and law enforcement agencies with respect to this alleged manipulation of LIBOR.

Actions by the ICE, regulators or law enforcement agencies may result in changes to the manner in which LIBOR is determined or the establishment of alternative reference rates. For example, on July 27, 2017, the U.K. Financial Conduct Authority (the "FCA") announced that it intends to stop persuading or compelling banks to submit LIBOR rates after 2021. The FCA announcement indicates that the continuation of LIBOR on the current basis is not guaranteed after 2021. In the United States, efforts to identify a set of alternative U.S. dollar reference interest rates include proposals by the Alternative Reference Rates Committee of the Federal Reserve Board and the Federal Reserve Bank of New York. On August 24, 2017, the Federal Reserve Board requested public comment on a proposal by the Federal Reserve Bank of New York, in cooperation with the Office of Financial Research, to produce three new reference rates intended to serve as alternatives to LIBOR. These alternative rates are based on overnight repurchase agreement transactions secured by U.S. Treasury Securities. On December 12, 2017, following consideration of public comments, the Federal Reserve Board concluded that the public would benefit if the Federal Reserve Bank of New York published the three proposed reference rates as alternatives to LIBOR. The Federal Reserve Bank of New York began publication of these alternative rates on April 3, 2018. At this time, it is not possible to predict the effect of any such changes, any establishment of alternative reference rates or any other reforms to LIBOR that may be enacted in the United Kingdom, the United States, or elsewhere. Uncertainty as to the nature of such potential changes, alternative reference rates or other reforms may adversely affect the trading market for LIBOR-based securities, including the notes. In addition, any changes announced by the ICE, the FCA, other regulators or any other successor governance or oversight body, or future changes adopted by such body, in the method pursuant to which the LIBOR rates are determined may result in a sudden or prolonged increase or decrease in the reported LIBOR rates. If that were to occur, the level of interest payments and the value of the notes may be affected. Further, uncertainty as to the extent and manner of future changes may adversely affect the current trading market for LIBOR-based securities and the value of the notes.

To the extent the three-month LIBOR is discontinued or is no longer quoted, the applicable base rate used to calculate interest on the notes will be determined using the alternative methods described in "Description of The Notes and The Guarantee Interest Rates." This may result in the amount of interest payments on the notes being different than expected and may affect the market value of the notes. Any such change in the calculation of the interest on the notes may result in U.S. federal income tax or other tax consequences to holders or beneficial holders of the notes.

DESCRIPTION OF THE NOTES AND THE GUARANTEE

The descriptions in this prospectus supplement contain a description of the material terms of the notes and the indenture but do not purport to be complete. Reference is hereby made to the indenture, the fifteenth supplemental indenture and the form of note for the notes, each of which is filed as an exhibit to, or which will be incorporated by reference in, the registration statement of which this prospectus supplement forms a part, and to the Trust Indenture Act.

In this description of the notes and the guarantee, we refer to Tyco Electronics Group S.A., the issuer of the notes, as TEGSA, and to TE Connectivity Ltd., the guarantor of the notes, as TE, in each case not including their respective consolidated subsidiaries.

The notes will be issued under the indenture, dated as of September 25, 2007, as supplemented by a supplemental indenture, to be dated as of December 5, 2018 (the "fifteenth supplemental indenture") among TEGSA, as issuer, TE, as guarantor, and Deutsche Bank Trust Company Americas as trustee. References to the indenture in this description refer to the indenture as supplemented by the fifteenth supplemental indenture.

The indenture does not limit the aggregate principal amount of debt securities that may be issued thereunder. TEGSA may issue additional debt securities in the future without the consent of the holders of outstanding notes. If TEGSA issues additional notes of the series offered hereby, those notes will contain the same terms as and be deemed part of the same series as the series of notes offered hereby, *provided* that if the additional notes are not fungible with the notes offered hereby for U.S. federal income tax purposes, the additional notes will have a separate CUSIP number. The terms and provisions of other series of debt securities that may be issued under the indenture may differ. TEGSA may issue other debt securities separately, upon conversion of or in exchange for other securities or as part of a unit with other securities.

The following description is subject to the detailed provisions of the indenture, copies of which can be obtained upon request from TE. See "Incorporation by Reference." The statements made in this section relating to the indenture, the notes and the guarantee are summaries, are not complete and are subject to all provisions of the indenture, the notes and the guarantee. For a full description of the notes and the guarantee, you should refer to the indenture.

General

TEGSA will issue the notes in an initial aggregate principal amount of \$350,000,000.

The notes will mature at par on June 5, 2020.

The notes will be issued in registered form without coupons in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. The notes will be TEGSA's direct, unconditional, unsecured, and unsubordinated general obligations. The notes will be TEGSA's unsecured senior obligations and will rank equally in right of payment with all of its existing and future senior debt and senior to any subordinated debt that TEGSA may incur. Claims of holders of the notes will be effectively subordinated to the claims of holders of TEGSA's secured debt, if any, with respect to the collateral securing such claims.

The notes will not be subject to any sinking fund.

TEGSA is a holding company and it conducts substantially all of its operations through its subsidiaries. TEGSA's rights and the rights of its creditors, including holders of the notes, to participate in any distribution of assets of any subsidiary upon a liquidation or reorganization or otherwise of such

subsidiary will be effectively subordinated to the claims of such subsidiary's creditors, except to the extent that TEGSA or any of its creditors may itself be a creditor of that subsidiary.

Interest Rates

Interest on the notes will accrue from December 5, 2018 and is payable quarterly in arrears on March 5, June 5, September 5 and December 5 of each year, beginning on March 5, 2019 (each, an "interest payment date") to the persons in whose names the notes are registered at the close of business on the February 20, May 20, August 20 or November 20 (whether or not a Business Day), respectively, immediately prior to each interest payment date; provided that the interest due at maturity (whether or not an interest payment date) will be paid to the person to whom principal is payable. Interest shall be calculated on the basis of the actual number of days in the period divided by 360.

The interest rate on the notes will be reset quarterly on March 5, June 5, September 5 and December 5 of each year, commencing March 5, 2019 (each, an "interest reset date"), and the notes will bear interest at an annual rate equal to three-month LIBOR (as determined below) for the applicable interest reset period (as defined below), plus 0.450% per year. The interest rate for the initial interest reset period will be three-month LIBOR, determined as of the interest determination date (as defined below) prior to the original issue date, plus 0.450% per year. The "initial interest reset period" will be the period from, and including, the original issue date to, but excluding, the initial interest reset date. Thereafter, each "interest reset period" will be the period from, and including, an interest reset date to, but excluding, the immediately succeeding interest reset date; provided that the final interest reset period for the notes will be the period from, and including, the interest reset date immediately preceding the maturity date of the notes to, but excluding, the maturity date. The "interest determination date" will be the second London Business Day immediately preceding either (i) the original issue date, in the case of the initial interest reset period, or (ii) the applicable interest reset date, in the case of each other interest reset period.

Interest payable on the notes on any interest payment date or the maturity date shall be the amount of interest accrued from, and including, the immediately preceding interest payment date in respect of which interest has been paid or duly provided for (or from, and including, the original issue date, if no interest has been paid or duly provided for with respect to the notes) to, but excluding, the interest payment date or maturity date, as the case may be. If any interest reset date or interest payment date for the notes (other than the maturity date) would otherwise be a day that is not a Business Day, such interest reset date or interest payment date, as the case may be, will be postponed to the next succeeding day that is a Business Day and interest on the notes will continue to accrue on the payment so postponed (for the avoidance of doubt, to but excluding such rescheduled date), except that if that succeeding Business Day is in the next succeeding calendar month, the interest reset date or interest payment date, as the case may be, shall instead be the Business Day immediately preceding such original scheduled interest reset date or interest payment date, and interest on the notes will accrue to, but excluding, such Business day immediately preceding such originally scheduled interest payment date. If the maturity date for any note falls on a date that is not a Business Day, the related payments of principal and interest will be made on the next succeeding Business Day, and no additional interest will accumulate on the amount payable for the period from and after the maturity date.

Deutsche Bank Trust Company Americas, or its successor appointed by us, will act as calculation agent. Three-month LIBOR will be determined by the calculation agent as of the applicable interest determination date in accordance with the following provisions:

Three-month LIBOR for any interest determination date will be the offered rate for deposits in the London interbank market in U.S. dollars having an index maturity of three months, as of

Table of Contents

approximately 11:00 a.m., London time, on such interest determination date. LIBOR will be determined by the offered rate appearing on the Reuters LIBOR01 Page or any replacement page or pages on which London interbank rates of major banks for U.S. dollars are displayed. "Reuters LIBOR01 Page" means the display designated as page "LIBOR01" on the Reuters 3000 Xtra (or such other page as may replace the LIBOR01 page on that service, any successor service or such other service as may be nominated as the information vendor for the purpose of displaying rates or prices comparable to the London Interbank Offered Rate for U.S. dollar deposits). If no rate appears on the Reuters LIBOR01 Page as of approximately 11:00 a.m., London time, on an interest determination date, three-month LIBOR for such interest determination date will be determined in accordance with the provisions of the next succeeding bullet point.

With respect to an interest determination date on which no rate appears on the Reuters LIBOR01 Page as of approximately 11:00 a.m., London time, on such interest determination date, the calculation agent shall request the principal London offices of each of four major reference banks (which may include affiliates of the underwriters) in the London interbank market selected by us to provide the calculation agent with a quotation of the rate at which deposits of U.S. dollars having a three-month maturity, commencing on the original issue date or the related interest reset date, as applicable, immediately following such interest determination date, are offered by it to prime banks in the London interbank market as of approximately 11:00 a.m., London time, on such interest determination date in a principal amount equal to an amount of not less than U.S. \$1,000,000 that is representative for a single transaction in such market at such time. If at least two such quotations are provided, three-month LIBOR for such interest determination date will be the arithmetic mean of such quotations as calculated by the calculation agent. If fewer than two quotations are provided, three-month LIBOR for such interest determination date will be the arithmetic mean of the rates quoted as of approximately 11:00 a.m., New York City time, on such interest determination date by three major banks (which may include affiliates of the underwriters) selected by us for loans in U.S. dollars to leading European banks having a three-month maturity commencing on the original issue date or the related interest reset date, as applicable, immediately following such interest determination date and in a principal amount equal to an amount of not less than U.S. \$1,000,000 that is representative for a single transaction in such market at such time; provided, however, that if the banks selected by us are not quoting such rates as set forth in this sentence, three-month LIBOR for such interest determination date will be three-month LIBOR determined with respect to the immediately preceding interest determination date.

Notwithstanding the above, if we determine that LIBOR has been permanently discontinued and we have notified the calculation agent of such determination, the calculation agent will use, as directed by us, as a substitute for LIBOR (the "alternative rate") for each interest determination date thereafter, the reference rate selected as an alternative to LIBOR by the central bank, reserve bank, monetary authority or any similar institution (including any committee or working group thereof) that is consistent with accepted market practice regarding the selection and use of a substitute for LIBOR. As part of such substitution, the calculation agent will, as directed by us, make such adjustments ("Adjustments") to the alternative rate or the spread thereon, as well as the Business Day convention, interest determination dates and related provisions and definitions, in each case that are consistent with accepted market practice for the use of such alternative rate for the notes. If we determine, following consultation with the calculation agent, that there is no clear market consensus as to whether any rate has replaced LIBOR in customary market usage or what Adjustments are appropriate (including without limitation the spread), we will appoint, in our sole discretion, an independent financial advisor ("IFA") to determine the alternative rate and make any Adjustments thereto, and the determinations of such IFA will be binding on us, the trustee and the holders of the notes. If, however, we

Table of Contents

determine that LIBOR has been discontinued, but for any reason an alternative rate has not been determined in accordance with this paragraph, LIBOR will be equal to such rate on the interest determination date when LIBOR was last available on the Reuters LIBOR01 Page (or the successor page of such service), as determined by the calculation agent or any subsequent calculation agent.

All percentages resulting from any calculation of any interest rate for the notes will be rounded, if necessary, to the nearest one hundred thousandth of a percentage point, with five one-millionths of a percentage point rounded upward and all dollar amounts will be rounded to the nearest cent, with one-half cent being rounded upward.

Promptly upon such determination, the calculation agent will notify us and the trustee (if the calculation agent is not the trustee) of the interest rate for the new interest reset period. Upon written request of a holder of notes, the calculation agent will provide to such holder the interest rate in effect on the date of such request and, if determined, the interest rate for the next interest reset period.

All determinations and any calculations made by the calculation agent for the purposes of calculating LIBOR shall be conclusive and binding on holders of the notes, the issuer and the trustee, absent manifest error. The calculation agent and the trustee shall not be responsible to the issuer, holders of the notes, or any third party for any failure of the reference banks to provide quotations as requested of them or as a result of the calculation agent and the trustee having acted on any quotation or other information given by any reference bank which subsequently may be found to be incorrect or inaccurate in any way. The calculation agent and the trustee shall have no liability to the issuer, to holders of notes or to any third party as a result of losses suffered due to the lack of an applicable rate of interest.

For purposes of this prospectus supplement, the following terms have the following meanings:

"Business Day" means any day other than Saturday, Sunday or a day on which Federal or State banking institutions in the Borough of Manhattan, The City of New York, or in the city where the office or agency for payment on the notes is maintained, are authorized or obligated by law, executive order or regulation to close.

"London Business Day" means any calendar day on which commercial banks are open for dealings in deposits in U.S. Dollars in the London interbank market.

Guarantee

TE will unconditionally guarantee the due and punctual payment of the principal of, premium, if any, and interest on the notes, when and as the same shall become due and payable, whether at maturity, upon redemption, by acceleration or otherwise. TE's guarantee is the unsecured, unsubordinated obligation of TE and ranks equally in right of payment with all of TE's existing and future senior debt and senior to any subordinated debt that TE may incur. The guarantee provides that in the event of a default in payment on a related note, the holder of the note may institute legal proceedings directly against TE to enforce the guarantee without first proceeding against TEGSA.

Redemption at TEGSA's Option

Except as provided below under " Redemption Upon Changes in Withholding Taxes," the notes are not redeemable prior to maturity.

Table of Contents

Redemption Upon Changes in Withholding Taxes

TEGSA may redeem all, but not less than all, of the notes under the following conditions:

If there is an amendment to, or change in, the laws or regulations of Luxembourg or Switzerland or other jurisdiction in which TEGSA, TE or any successor thereof may be organized, or the United States, as applicable, or any political subdivision thereof or therein having the power to tax (a "Taxing Jurisdiction"), or any change in the application or official interpretation of such laws, including any action taken by a taxing authority or a holding by a court of competent jurisdiction, regardless of whether such action or such holding is with respect to TEGSA or TE.

As a result of such amendment or change, TEGSA or TE becomes, or there is a material probability that TEGSA or TE will become, obligated to pay Additional Amounts, as defined below in "Payment of Additional Amounts," on the next payment date with respect to the notes.

The obligation to pay Additional Amounts cannot be avoided through commercially reasonable measures available to TEGSA or TE, as the case may be.

TEGSA delivers to the trustee:

- (1) a certificate of TEGSA or TE, as the case may be, stating that the obligation to pay Additional Amounts cannot be avoided by TEGSA or TE, as the case may be, taking commercially reasonable measures available to it; and
- (2) a written opinion of independent legal counsel to TEGSA or TE, as the case may be, of recognized standing to the effect that TEGSA or TE, as the case may be, has paid or there is a material probability that it will become obligated to pay Additional Amounts as a result of a change, amendment, official interpretation or application described above and that TEGSA or TE, as the case may be, cannot avoid the payment of such Additional Amounts by taking commercially reasonable measures available to it.

Following the delivery of the certificate and opinion described in (1) and (2) above, TEGSA shall provide notice of redemption not less than 30 days, but not more than 90 days, prior to the date of redemption. The notice of redemption cannot be given more than 90 days before the earliest date on which TEGSA or TE would be otherwise required to pay Additional Amounts, and the obligation to pay Additional Amounts must still be in effect when the notice is given.

Upon the occurrence of each of the bullet points above, TEGSA may redeem the notes at a redemption price equal to 100% of the principal amount thereof, together with accrued interest, if any, to the redemption date and Additional Amounts, if any.

Payment of Additional Amounts

Unless otherwise required by law, neither TEGSA nor TE will deduct or withhold from payments made with respect to the notes and the guarantee on account of any present or future taxes, duties, levies, imposts, assessments or governmental charges of whatever nature imposed or levied by or on behalf of any Taxing Jurisdiction ("Taxes"). In the event that TEGSA or TE is required to withhold or deduct any amount for or on account of any Taxes from any payment made under or with respect to any notes or the guarantee, as the case may be, TEGSA or TE, as the case may be, will pay such additional amounts (which we refer to as "Additional Amounts") so that the net amount received by each holder of notes, including the Additional Amounts, will equal the amount that such holder would have received if such Taxes had not been required to be withheld or deducted. However, Additional Amounts will not be paid with respect to a payment to a holder of notes where such holder is subject

to taxation on such payment by a relevant Taxing Jurisdiction for any reason other than the holder's mere ownership of a note, nor will we pay additional amounts for or on the account of:

any Taxes that are imposed or withheld solely because the beneficial owner of such notes, or a fiduciary, settler, beneficiary or member of the beneficial owner if the beneficial owner is an estate, trust, partnership, limited liability company or other fiscally transparent entity, or a person holding a power over an estate or trust administered by a fiduciary holder:

is or was present or engaged in, or is or was treated as present or engaged in, a trade or business in the Taxing Jurisdiction or has or had a permanent establishment in the Taxing Jurisdiction;

has or had any present or former connection (other than the mere fact of ownership of a note) with the Taxing Jurisdiction imposing such Taxes, including being or having been a citizen or resident thereof or being treated as being or having been a resident thereof;

with respect to any withholding Taxes imposed by the United States, is or was, with respect to the United States, a personal holding company, passive foreign investment company, a controlled foreign corporation, a foreign tax exempt organization or a corporation that has accumulated earnings to avoid United States federal income tax; or

owns or owned 10% or more of the total combined voting power of all classes of stock of TEGSA or TE;

any estate, inheritance, gift, sales, transfer, excise or personal property Taxes imposed with respect to the notes, except as otherwise provided in the indenture;

any Taxes imposed solely as a result of the presentation of the notes, where presentation is required, for payment on a date more than 30 days after the date on which such payment became due and payable or the date on which payment thereof is duly provided for, whichever is later, except to the extent that the beneficiary or holder thereof would have been entitled to the payment of Additional Amounts had the notes been presented for payment on any date during such 30-day period;

any Taxes imposed solely as a result of the failure of the beneficial owner or any other person to comply with applicable certification, information, documentation or other reporting requirements concerning the nationality, residence, identity or connection with the Taxing Jurisdiction of the holder or beneficial owner of a note, if such compliance is required by statute or regulation of the relevant Taxing Jurisdiction as a precondition to relief or exemption from such Taxes;

with respect to withholding Taxes imposed by the United States, any such Taxes imposed by reason of the failure of the beneficial owner to fulfill the statement requirements of sections 871(h) or 881(c) of the Code (as defined below);

any Taxes that are payable by any method other than withholding or deduction by TEGSA or TE or any paying agent from payments in respect of such note;

any Taxes that are required to be withheld by any paying agent from any payment in respect of any note if such payment can be made without such withholding by at least one other paying agent;

any Taxes required to be deducted or withheld pursuant to the Luxembourg law of December 23, 2005, as amended, introducing a 20% withholding tax on certain interest payments;

with respect to withholding Taxes imposed by the United States, any such Taxes imposed under Sections 1471 through 1474 of the Code, and any regulations or other administrative authority promulgated thereunder, any agreements entered into pursuant to Section 1471(b)(1) of the Code, any intergovernmental agreement entered into in connection with any of the foregoing and any fiscal or regulatory legislation, rules or practices adopted pursuant to any such intergovernmental agreement;

any withholding or deduction for Taxes which would not have been imposed if the relevant note had been presented to another paying agent in a Member State of the European Union; or

any combination of the above conditions.

Additional Amounts also will not be payable to a holder of a note that is a fiduciary, partnership, limited liability company or other fiscally transparent entity, or to a beneficial owner of a note that is not the sole beneficial owner of such note, as the case may be. This exception, however, will apply only to the extent that a beneficiary or settlor with respect to the fiduciary, or a beneficial owner or member of the partnership, limited liability company or other fiscally transparent entity, would not have been entitled to the payment of an additional amount had the beneficiary, settlor, beneficial owner or member received directly its beneficial or distributive share of the payment.

Whenever in the indenture, the notes, the guarantee or in this "Description of the Notes and the Guarantee" there is mentioned, in any context, the payment of principal, premium, if any, redemption price, interest or any other amount payable under or with respect to any note, such mention includes the payment of Additional Amounts to the extent payable in the particular context. The foregoing provisions will survive any termination or the discharge of the indenture and will apply to any jurisdiction in which any successor to TEGSA or TE, as the case may be, is organized or is engaged in business for tax purposes or any political subdivision or taxing authority or agency thereof or therein.

Each of TEGSA and TE, as applicable, also:

will withhold or deduct the Taxes as required;

will remit the full amount of Taxes deducted or withheld to the relevant taxing authority in accordance with all applicable laws;

will use its commercially reasonable efforts to obtain from each Taxing Jurisdiction imposing such Taxes certified copies of tax receipts evidencing the payment of any Taxes deducted or withheld; and

upon request, will make available to the holders of the notes, within 90 days after the date the payment of any Taxes deducted or withheld is due pursuant to applicable law, certified copies of tax receipts evidencing such payment by TEGSA or TE or if, notwithstanding TEGSA's or TE's efforts to obtain such receipts, the same are not obtainable, other evidence of such payments.

At least 30 days prior to each date on which any payment under or with respect to the notes or the guarantee is due and payable, if TEGSA or TE will be obligated to pay Additional Amounts with respect to such payment, TEGSA or TE will deliver to the trustee an officer's certificate stating the fact that such Additional Amounts will be payable, the amounts so payable and such other information as is necessary to enable the trustee to pay such Additional Amounts to holders of the notes on the payment date.

In addition, TEGSA will pay any stamp, issue, registration, documentary or other similar taxes and duties, including interest, penalties and Additional Amounts with respect thereto, payable in Luxembourg or the United States or any political subdivision or taxing authority of or in the foregoing in respect of the creation, issue, offering, enforcement, redemption or retirement of the notes.

Change of Control Triggering Event

Upon the occurrence of a Change of Control Triggering Event with respect to the notes, unless TEGSA has exercised its right to redeem such notes as described under "Redemption Upon Changes in Withholding Taxes," each holder of notes will have the right to require that TEGSA purchase all or a portion of such holder's notes pursuant to the offer described below (the "Change of Control Offer"), at a purchase price equal to 101% of the principal amount thereof plus accrued and unpaid interest, if any, to the date of purchase.

Within 30 days following the date upon which the Change of Control Triggering Event occurred, or at TEGSA's option, prior to any Change of Control, but after the public announcement of the Change of Control, TEGSA must send, by first class mail, a notice to each holder of the notes, with a copy to the trustee, which notice shall govern the terms of the Change of Control Offer. Such notice shall state, among other things, the purchase date, which must be no earlier than 30 days nor later than 60 days from the date such notice is mailed, other than as may be required by law (the "Change of Control Payment Date"). The notice, if mailed prior to the date of consummation of the Change of Control, shall state that the Change of Control Offer is conditioned on the Change of Control Triggering Event occurring on or prior to the Change of Control Payment Date. Holders of notes electing to have notes purchased pursuant to a Change of Control Offer will be required to surrender their notes, with the form entitled "Option of Holder to Elect Purchase" on the reverse of the note completed, or such other customary documents of surrender and transfer as TEGSA may reasonably request duly completed or transfer their notes, by book-entry transfer, to the paying agent at the address specified in the notice prior to the close of business on the third Business Day prior to the Change of Control Payment Date.

TEGSA will not be required to make a Change of Control Offer if a third party makes such an offer in the manner, at the times and otherwise in compliance with the requirements for such an offer made by TEGSA and such third party purchases all notes properly tendered and not withdrawn under its offer.

Consummation of any such transaction in certain circumstances may require redemption or repurchase of the notes, and TEGSA or the acquiring party may not have sufficient financial resources to effect such redemption or repurchase. Provisions in the indenture relating to a Change of Control Triggering Event may, in certain circumstances, make it more difficult or discourage any leveraged buyout of TE or any of its subsidiaries. The indenture may not afford the holders of notes protection in all circumstances from the adverse aspects of a highly leveraged transaction, reorganization, restructuring, merger or similar transaction.

TEGSA will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws and regulations are applicable in connection with the repurchase of notes pursuant to a Change of Control Offer. To the extent that any securities laws or regulations conflict with the "Change of Control" provisions of the indenture, TEGSA shall comply with the applicable securities laws and regulations and shall be deemed not to have breached its obligations under the "Change of Control" provisions of the indenture by virtue thereof.

"Below Investment Grade Rating Event" means the notes are rated below an Investment Grade Rating by at least two of the Rating Agencies on any date from the date of the public notice of an arrangement that could result in a Change of Control until the end of the 60-day period following public notice of the occurrence of the Change of Control (which 60-day period shall be extended so long as the rating of such notes is under publicly-announced consideration for possible downgrade by any of the Rating Agencies); provided that a Below Investment Grade Rating Event otherwise arising by virtue of a particular reduction in rating shall be deemed not to have occurred in respect of a particular Change of Control (and thus shall be deemed not to be a Below Investment Grade Rating

Event for purposes of the definition of Change of Control Triggering Event) if the rating agencies making the reduction in rating to which this definition would otherwise apply do not publicly announce or publicly confirm or inform the trustee in writing at its request that the reduction was the result, in whole or in part, of any event or circumstance comprised of or arising as a result of, or in respect of, the applicable Change of Control (whether or not the applicable Change of Control shall have occurred at the time of the Below Investment Grade Rating Event).

"Change of Control Triggering Event" means the occurrence of both a Change of Control and a Below Investment Grade Rating Event.

"Change of Control" means the occurrence of any of the following events:

the direct or indirect sale, transfer, conveyance or other disposition (other than by way of merger or consolidation), in one or a series of related transactions, of all or substantially all of the assets of TE and its subsidiaries taken as a whole to any person or group of persons for purposes of Section 13(d) of the Exchange Act other than TE or one of its subsidiaries or a person controlled by TE or one of its subsidiaries;

consummation of any transaction (including any merger or consolidation) the result of which is that any "person" (as that term is used in Section 13(d)(3) of the Exchange Act) other than TE's or its subsidiaries' employee benefit plans, becomes the beneficial owner (as defined in Rules 13(d)(3) and 13(d)(5) under the Exchange Act), directly or indirectly, of more than 50% of the outstanding voting stock of TE, measured by voting power rather than number of shares; or

the replacement of a majority of the board of directors of TE over a two-year period from the directors who constituted the board of directors of TE at the beginning of such period, and such replacement shall not have been approved by at least a majority of the board of directors of TE then still in office (either by a specific vote or by approval of a proxy statement in which such member was named as a nominee for election as a director, without objection to such nomination) who either were members of such board of directors at the beginning of such period or whose election as a member of such board of directors was previously so approved.

Notwithstanding the foregoing, a transaction effected to create a holding company for TE will not be deemed to involve a Change of Control if: (1) pursuant to such transaction TE becomes a direct or indirect wholly-owned subsidiary of such holding company; and (2) the direct or indirect holders of the voting stock of such holding company immediately following that transaction are substantially the same as the holders of TE's voting stock immediately prior to that transaction. Following any such transaction, references in this definition to TE shall be deemed to refer to such holding company. For purposes of this definition, "voting stock" of any specified "person" (as that term is used in Section 13(d)(3) of the Exchange Act) as of any date means the capital stock of such person that is at the time entitled to vote generally in the election of the board of directors of such person.

"Fitch" means Fitch Ratings, Ltd.

"Investment Grade Rating" means a rating equal to or higher than BBB (or the equivalent) by Fitch, Baa3 (or the equivalent) by Moody's and BBB (or the equivalent) by S&P.

"Moody's" means Moody's Investors Service, Inc.

"Rating Agencies" means (1) each of Fitch, Moody's and S&P; and (2) if any of Fitch, Moody's or S&P ceases to rate the notes or fails to make a rating of the notes publicly available for reasons outside of our control, a "nationally recognized statistical rating organization" within the meaning of Section 3(a)(62) of the Exchange Act selected by TEGSA (as certified by a resolution of TEGSA's Board of Directors) as a replacement agency for Fitch, Moody's or S&P, or all of them, as the case may be.

"S&P" means Standard & Poor's Financial Services LLC, a subsidiary of S&P Global Inc.

Covenants

Affirmative Covenants

Under the indenture, TEGSA will:

pay the principal, and interest at the rate specified in the notes and any premium, if any, on the notes when due;

maintain a place of payment;

along with TE, furnish to the trustee on or before March 31 of each year a certificate executed by the principal executive, financial or accounting officer as to such officer's knowledge of TEGSA's or TE's, as the case may be, compliance with all covenants and agreements under the indenture; and

make available to the trustee all reports and information filed with the SEC.

Negative Covenants

Limitation on the Ability to Incur Liens

The indenture provides that so long as any of the notes remain outstanding (but subject to defeasance, as provided in the indenture), TEGSA will not, and will not permit any Restricted Subsidiary to, issue, assume or guarantee any Indebtedness that is secured by a mortgage, pledge, security interest, lien or encumbrance (each a "lien") upon any property that at the time of such issuance, assumption or guarantee constitutes a Principal Property, and TEGSA will not, and will not permit any U.S. subsidiary that at the time of such issuance, assumption or guarantee is a Qualifying Subsidiary to, issue, assume or guarantee any Indebtedness that is secured by a lien upon such Qualifying Subsidiary's Accounts Receivable, or any shares of stock of or Indebtedness issued by any such Restricted Subsidiary or such Qualifying Subsidiary, whether now owned or hereafter acquired, in each case without effectively providing that, for so long as such lien shall continue in existence with respect to such secured Indebtedness, the notes (together with, if TEGSA determines, any other Indebtedness of TEGSA ranking equally with the notes, it being understood that for purposes hereof, Indebtedness which is secured by a lien and Indebtedness which is not so secured shall not, solely by reason of such lien, be deemed to be of different ranking) shall be equally and ratably secured by a lien ranking ratably with or equal to (or at TEGSA's option prior to) such secured Indebtedness. The foregoing covenant shall not apply to:

liens existing on the date the notes are first issued;

liens on the stock, assets or Indebtedness of a person existing at the time such person becomes a Restricted Subsidiary unless created in contemplation of such person becoming a Restricted Subsidiary;

liens on any assets or Indebtedness of a person existing at the time such person is merged with or into or consolidated with or acquired by TEGSA or a Restricted Subsidiary or at the time of a purchase, lease or other acquisition of the assets of a corporation or firm as an entirety or substantially as an entirety by TEGSA or any Restricted Subsidiary;

liens on any Principal Property existing at the time of acquisition thereof by TEGSA or any Restricted Subsidiary, or liens to secure the payment of the purchase price of such Principal Property by TEGSA or any Restricted Subsidiary, or to secure any Indebtedness incurred, assumed or guaranteed by TEGSA or a Restricted Subsidiary for the purpose of financing all or any part of the purchase price of such Principal Property or improvements or construction

thereon, which Indebtedness is incurred, assumed or guaranteed prior to, at the time of or within one year after such acquisition (or in the case of real property, completion of such improvement or construction or commencement of full operation of such property, whichever is later); provided, however, that in the case of any such acquisition, construction or improvement, the lien shall not apply to any Principal Property theretofore owned by TEGSA or a Restricted Subsidiary, other than the Principal Property so acquired, constructed or improved (and accessions thereto and improvements and replacements thereof and the proceeds of the foregoing);

liens securing Indebtedness owing by any subsidiary to TEGSA, TE or a subsidiary thereof or by TEGSA to TE;

liens in favor of the United States or any State thereof, or any department, agency or instrumentality or political subdivision of the United States of America or any State thereof, or in favor of any other country or any political subdivision thereof, to secure partial, progress, advance or other payments pursuant to any contract, statute, rule or regulation or to secure any Indebtedness incurred or guaranteed for the purpose of financing all or any part of the purchase price (or, in the case of real property, the cost of construction or improvement) of the Principal Property or assets subject to such liens (including liens incurred in connection with pollution control, industrial revenue or similar financings);

pledges, liens or deposits under workers' compensation or similar legislation, and liens thereunder that are not currently dischargeable, or in connection with bids, tenders, contracts (other than for the payment of money) or leases to which TEGSA or any subsidiary is a party, or to secure the public or statutory obligations of TEGSA or any subsidiary, or in connection with obtaining or maintaining self-insurance, or to obtain the benefits of any law, regulation or arrangement pertaining to unemployment insurance, old age pensions, social security or similar matters, or to secure surety, performance, appeal or customs bonds to which TEGSA or any subsidiary is a party, or in litigation or other proceedings in connection with the matters heretofore referred to in this bullet point, such as interpleader proceedings, and other similar pledges, liens or deposits made or incurred in the ordinary course of business;

liens created by or resulting from any litigation or other proceeding that is being contested in good faith by appropriate proceedings, including liens arising out of judgments or awards against TEGSA or any subsidiary with respect to which TEGSA or such subsidiary in good faith is prosecuting an appeal or proceedings for review or for which the time to make an appeal has not yet expired; or final unappealable judgment liens which are satisfied within 15 days of the date of judgment; or liens incurred by TEGSA or any subsidiary for the purpose of obtaining a stay or discharge in the course of any litigation or other proceeding to which TEGSA or such subsidiary is a party;

liens to secure TEGSA's or any subsidiary's obligations under agreements with respect to interest rate swap, spot, forward, future and option transactions, entered into in the ordinary course of business;

liens on (including securitization programs with respect to) accounts receivable (including any accounts receivable constituting or evidenced by chattel paper, instruments or intangibles (as defined in the Uniform Commercial Code of the State of New York)) (i) existing at the time of acquisition thereof by TEGSA or any U.S. subsidiary or (ii) of a person existing at the time such person is merged with or into or consolidated with or acquired by TEGSA or any U.S. subsidiary; provided that such liens were in existence, or granted or required to be granted or otherwise attach pursuant to any agreement in existence, prior to, and were not granted or such agreement was not entered into (as applicable) in contemplation of, such acquisition, merger or consolidation and such liens do not extend to any assets other than accounts receivable (including any accounts receivable constituting or evidenced by chattel paper, instruments or intangibles (as so defined) and rights (contractual and other) and collateral related thereto and proceeds of the foregoing and any related deposit accounts containing such proceeds);

liens not permitted by the foregoing bullet points, if at the time of, and after giving effect to, the creation or assumption of any such lien, the aggregate amount (without duplication) of all outstanding Indebtedness of TEGSA and its Restricted Subsidiaries secured by all such liens on such Principal Properties and all outstanding Indebtedness of TEGSA and its Qualifying Subsidiaries secured by all such liens on Accounts Receivable not so permitted by the foregoing bullet points, together with the Attributable Debt in respect of Sale and Lease-Back Transactions permitted by the first bullet point under "Limitation on Sale and Lease-Back Transactions" below do not exceed the greater of \$1,500,000,000 and 10% of Consolidated Net Worth; and

any extension, renewal or replacement (or successive extensions, renewals or replacements) in whole or in part, of any lien referred to in the foregoing bullet points if the principal amount of Indebtedness secured thereby unless otherwise excepted under the above bullet points does not exceed the principal amount of Indebtedness (plus the amount of any unused revolving credit or similar commitments) so secured at the time of such extension, renewal or replacement and that such extension, renewal or replacement is limited to all or a part of the assets (or any replacement assets) that secured the lien so extended, renewed or replaced (plus improvements and construction on real property).

Although this covenant limits TEGSA's and any Restricted Subsidiary's or Qualifying Subsidiary's ability to incur Indebtedness that is secured by liens on the shares of stock of or Indebtedness issued by any Restricted Subsidiary or Qualifying Subsidiary, it would not prevent other of our subsidiaries from incurring Indebtedness secured by liens on shares of stock of or Indebtedness issued by Restricted Subsidiaries or any Qualifying Subsidiary.

Limitation on Sale and Lease-Back Transactions

The indenture provides that so long as any of the notes remain outstanding (but subject to defeasance, as provided in the indenture), TEGSA will not, and will not permit any Restricted Subsidiary to, enter into any Sale and Lease-Back Transaction unless:

TEGSA or such Restricted Subsidiary, at the time of entering into a Sale and Lease-Back Transaction, would be entitled to incur Indebtedness secured by a lien on the Principal Property to be leased in an amount at least equal to the Attributable Debt in respect of such Sale and Lease-Back Transaction, without equally and ratably securing the notes pursuant to "Limitation on Ability to Incur Liens" above; or

the direct or indirect proceeds of the sale of the Principal Property to be leased are at least equal to the fair value of such Principal Property (as determined by TEGSA's board of directors) and an amount equal to the net proceeds from the sale of the property or assets so leased is applied, within 180 days of the effective date of any such Sale and Lease-Back Transaction, to the purchase or acquisition (or, in the case of real property, commencement of the construction)

The term "net rental payments" under any lease of any period shall mean the sum of the rental and other payments required to be paid in such period by the lessee thereunder, not including any amounts required to be paid by such lessee, whether or not designated as rental or additional rental, on account of maintenance and repairs, reconstruction, insurance, taxes, assessments, water rates or similar charges required to be paid by such lessee thereunder or any amounts required to be paid by such lessee thereunder contingent upon the amount of sales, maintenance and repairs, reconstruction, insurance, taxes, assessments, water rates or similar charges.

Limitation on TE's and TEGSA's Ability to Consolidate, Merge and Sell Assets

The indenture provides that neither TEGSA nor TE will merge or consolidate with any other person and will not sell or convey all or substantially all of its assets to any person, unless:

- (1) either TE or TEGSA, as the case may be, shall be the continuing entity, or the successor entity or the person which acquires by sale or conveyance substantially all the assets of TE or TEGSA, as the case may be (if other than TE or TEGSA, as the case may be) (A) shall expressly assume the due and punctual payment of the principal of, premium, if any, and interest on the notes or the obligations under the guarantee, as the case may be, according to their tenor, and the due and punctual performance and observance of all of the covenants and

agreements of the indenture to be performed or observed by TE or TEGSA, as the case may be, by supplemental indenture satisfactory to the trustee, executed and delivered to the trustee by such person, and (B) is an entity treated as a "corporation" for U.S. tax purposes or TE or TEGSA, as the case may be, obtains either (x) an opinion, in form and substance reasonably acceptable to the trustee, of tax counsel of recognized standing reasonably acceptable to the trustee, or (y) a ruling from the U.S. Internal Revenue Service, in either case to the effect that such merger or consolidation, or such sale or conveyance, will not result in an exchange of the notes for new debt instruments for U.S. federal income tax purposes; and

(2)

no event of default and no event that, after notice or lapse of time or both, would become an event of default shall be continuing immediately after such merger or consolidation, or such sale or conveyance.

Events of Default

The following are events of default under the indenture with respect to the notes:

default in the payment of any installment of interest upon the notes as and when the same shall become due and payable, and continuance of such default for a period of 30 days; or

default in the payment of all or any part of the principal of or premium, if any, on the notes as and when the same shall become due and payable either at maturity, upon redemption, by declaration or otherwise; or

default in the performance, or breach, of any covenant or agreement of TE or TEGSA in respect of the notes and the guarantee (other than the failure to comply with any covenant or agreement to file with the trustee the information filed or required to be filed with the SEC or a default or breach specifically dealt with elsewhere), and continuance of such default or breach for a period of 90 days after the date on which there has been given, by registered or certified mail, to TE and TEGSA by the trustee or to TE, TEGSA and the trustee by the holders of at least 25% in principal amount of the outstanding debt securities, a written notice specifying such default or breach and requiring it to be remedied and stating that such notice is a "Notice of Default" under the indenture; or

the guarantee shall for any reason cease to be, or shall for any reason be asserted in writing by TE or TEGSA not to be, in full force and effect and enforceable in accordance with its terms except to the extent contemplated by the indenture and such guarantee; or

a court having jurisdiction in the premises shall enter a decree or order for relief in respect of TEGSA or TE in an involuntary case under any applicable bankruptcy, insolvency or other similar law now or hereafter in effect, or appointing a receiver, liquidator, assignee, custodian, trustee or sequestrator (or similar official) of TEGSA or TE or for any substantial part of its property or ordering the winding up or liquidation of its affairs, and such decree or order shall remain unstayed and in effect for a period of 90 consecutive days; or

TEGSA or TE shall commence a voluntary case under any applicable bankruptcy, insolvency or other similar law now or hereafter in effect, or consent to the entry of an order for relief in an involuntary case under any such law, or consent to the appointment of or taking possession by a receiver, liquidator, assignee, custodian, trustee or sequestrator (or similar official) of TEGSA or TE or for any substantial part of its property, or make any general assignment for the benefit of creditors; or

an event of default shall happen and be continuing with respect to TEGSA's or TE's Indebtedness for borrowed money (other than Non-Recourse Indebtedness) under any indenture or other instrument evidencing or under which TEGSA or TE shall have a principal amount outstanding (such amount with respect to original issue discount bonds or zero coupon notes, bonds or debentures or similar securities based on the accreted amount determined in accordance with United States generally accepted accounting principles and as of the date of the most recently prepared consolidated balance sheet of TEGSA or TE, as the case may be) in excess of \$100,000,000, and such event of default shall involve the failure to pay the principal of such Indebtedness on the final maturity date thereof after the expiration of any applicable grace period with respect thereto, or such Indebtedness shall have been accelerated so that the same shall have become due and payable prior to the date on which the same would otherwise have become due and payable, and such acceleration shall not be rescinded or annulled within ten Business Days after notice thereof shall have been given to TEGSA and TE by the trustee, or to TEGSA, TE and the trustee by the holders of at least 25% in principal amount of the outstanding debt securities; provided that, if such event of default under such indenture or instrument shall be remedied or cured by TEGSA or TE or waived by the requisite holders of such Indebtedness, then the event of default under the indenture by reason thereof shall be deemed likewise to have been thereupon remedied, cured or waived without further action upon the part of either the trustee or any of the holders of debt securities under the indenture.

For purposes of this section "Events of Default," the following terms have the following meanings: "**Indebtedness**" has the definition given to it in the section "Negative Covenants."

"**Non-Recourse Indebtedness**" means Indebtedness upon the enforcement of which recourse may be had by the holder(s) thereof only to identified assets of TE or TEGSA or any subsidiary of TE or TEGSA and not to TE or TEGSA or any subsidiary of TE or TEGSA personally (subject to, for the avoidance of doubt, customary exceptions contained in non-recourse financings to the non-recourse nature of the obligations thereunder).

Any failure to perform, or breach of, any covenant or agreement of TE or TEGSA in respect of the notes and the guarantee with respect to the filing with the trustee of the information filed or required to be filed with the SEC shall not be a default or an Event of Default. Remedies against TE and TEGSA for any such failure or breach will be limited to liquidated damages. If there is such a failure or breach and continuance of such failure or breach for a period of 90 days after the date on which there has been given, by registered or certified mail, to TE and TEGSA by the trustee or to TE, TEGSA and the trustee by the holders of at least 25% in principal amount of the outstanding notes, a written notice specifying such failure or breach and requiring it to be remedied and stating that such notice is a "Notice of Reporting Noncompliance" under the indenture, TEGSA will pay liquidated damages to all holders of notes, at a rate per year equal to 0.25% of the principal amount of such notes from the 90th day following such notice to and including the 150th day following such notice and at a rate per year equal to 0.5% of the principal amount of such notes from and including the 151st day following such notice, until such failure or breach is cured.

In any event of default with respect to the notes, unless the principal of all such notes has already become due and payable, the trustee or the holders of at least 25% in aggregate principal amount of the outstanding notes, by notice in writing to TEGSA and TE, and to the trustee if notice is given by such holders, may declare the unpaid principal of all such notes to be due and payable immediately.

The holders of a majority in principal amount of the outstanding notes may waive any default in the performance of any of the covenants contained in the indenture with respect to the notes and its consequences, except a default regarding payment of principal, premium, if any, or interest. Any such waiver shall cure such default.

Subject to the terms of the indenture, if an event of default under the indenture shall occur and be continuing, the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request or direction of any of the holders of the notes if the trustee determines in good faith that the proceeding could result in personal liability. The holders of a majority in principal amount of the outstanding notes will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee, with respect to the notes, provided that:

it is not in conflict with any law or the indenture; and

it is not unduly prejudicial to the rights of the holders of the debt securities of another series issued under the indenture.

A holder of the notes will only have the right to institute a proceeding under the indenture or to appoint a receiver or trustee, or to seek other remedies if:

the holder has given written notice to the trustee of a continuing event of default with respect to the notes;

the holders of at least 25% in aggregate principal amount of the outstanding notes have made a written request, and such holders have offered reasonable indemnity to the trustee to institute such proceeding as trustee; and

the trustee does not institute such action, suit or proceeding, and does not receive from the holders of a majority in aggregate principal amount of the outstanding notes other conflicting directions within 60 days after such notice, request and offer.

The right of any holder to receive payment of principal, premium, if any, or interest or to institute a suit for such payment shall not be impaired without the consent of such holder.

Modification of the Indenture

TEGSA, TE and the trustee may enter into a supplemental indenture or indentures without the consent of any holders of the notes with respect to certain matters, including:

to cure any ambiguity, defect or inconsistency in the indenture or any series of debt securities, including making any such changes as are required for the indenture to comply with the Trust Indenture Act, or to make such other provisions in regard to matters or questions arising under the indenture as the board of directors of TEGSA may deem necessary or desirable, and which shall not in either case adversely affect the interest of the holders of the notes in any material respect;

to evidence the succession of another person to TE or TEGSA, or successive successions, and the assumption by the successor person of the covenants, agreements and obligations of TE or TEGSA, as the case may be, pursuant to provisions in the indenture concerning consolidation, merger, the sale of assets or successor entities;

to provide for uncertificated debt securities in addition to or in place of certificated debt securities;

to add covenants for the benefit of the holders of all or any outstanding series of debt securities or to surrender any of TEGSA's or TE's rights or powers;

to add any additional events of default for the benefit of the holders of all or any outstanding series of debt securities;

to change or eliminate any provisions of the indenture if the provision that is changed or eliminated does not apply to any outstanding debt securities;

to secure the debt securities of any series;

to make any other change that does not adversely affect the rights of any holder of outstanding debt securities in any material respect;

to provide for the issuance of and establish the form and terms and conditions of any series of debt securities as provided in the indenture, to provide which, if any, of the covenants of TEGSA shall apply to such series, to provide which of the events of default shall apply to such series, to provide for the terms and conditions upon which the guarantee by TE of such series may be released or terminated or to define the rights of the holders of such series of debt securities;

to issue additional debt securities of any series if such additional debt securities have the same terms and will be part of the same series as the applicable series of debt securities to the extent required under the indenture; and

to provide for a successor trustee with respect to the debt securities of one or more series and add or change any provision of the indenture to provide for or to facilitate the administration of the trust by more than one trustee.

In addition, under the indenture, the rights of holders may be changed by TEGSA, TE and the trustee with the written consent of the holders of at least a majority in aggregate principal amount of the outstanding debt securities of each series at the time outstanding that are affected. However, the following changes may only be made with the consent of each holder of outstanding debt securities affected:

extend a fixed maturity of or any installment of principal of any debt securities of any series or reduce the principal amount thereof or reduce the amount of principal of any original issue discount security that would be due and payable upon declaration of acceleration of the maturity thereof;

reduce the rate of or extend the time for payment of interest on any debt security of any series;

reduce the premium payable upon the redemption of any debt security;

make any debt security payable in currency other than that stated in the debt security;

impair the right to institute suit for the enforcement of any payment on or after the fixed maturity thereof or, in the case of redemption, on or after the redemption date; or

reduce the percentage of debt securities, the holders of which are required to consent to any such supplemental indenture or indentures.

An amendment of a provision included solely for the benefit of one or more series of debt securities does not affect the interests of the holders of any other series of debt securities.

It will not be necessary for the consent of the holders to approve the particular form of any proposed supplement, amendment or waiver, but it shall be sufficient if the consent approves the substance of it.

Information Concerning the Trustee

Edgar Filing: TE Connectivity Ltd. - Form 424B2

Deutsche Bank Trust Company Americas serves as trustee under the indenture. Deutsche Bank Securities Inc., an affiliate of Deutsche Bank Trust Company Americas, is an underwriter in this offering and another affiliate is an agent and lender under the Credit Agreement. A default under the indenture could cause a conflict of interest for Deutsche Bank Trust Company Americas under the Trust Indenture Act. If such a default is not cured or waived within 90 days after the trustee has

S-25

Table of Contents

acquired the conflict of interest, the trustee is required under the Trust Indenture Act to either eliminate such conflict of interest or resign as trustee with respect to the notes.

The trustee, upon an event of default under the indenture, must use the same degree of care as a prudent person would exercise or use in the conduct of his or her own affairs. The trustee is not required to spend or risk its own money or otherwise become financially liable while performing its duties if there is reasonable ground for believing that the repayment of such funds or liability is not reasonably assured to it under the terms of the indenture or adequate indemnity against such risk is not reasonably assured to it.

The trustee may resign with respect to one or more series of debt securities by giving a written notice to TEGSA and to the holders of that series of debt securities. The holders of a majority in principal amount of the outstanding debt securities of a particular series may remove the trustee by notifying TEGSA and the trustee. TEGSA may remove the trustee if:

the trustee acquires a "conflicting interest," as such term is defined in the Trust Indenture Act, and fails to comply with Trust Indenture Act;

the trustee fails to comply with the eligibility requirements provided in the indenture; or

the trustee:

- (1) is incapable of acting,
- (2) is adjudged to be bankrupt or insolvent,
- (3) commences a voluntary bankruptcy proceeding, or
- (4) a receiver is appointed for the trustee, its property or its affairs for the purpose of rehabilitation, conservation or liquidation.

If the trustee resigns or is removed or if the office of the trustee is otherwise vacant, TEGSA will appoint a successor trustee in accordance with the provisions of the indenture.

A resignation or removal of the trustee and appointment of a successor trustee shall become effective only upon the successor trustee's acceptance of the appointment as provided in the indenture.

Payment and Paying Agents

The interest on notes on any interest payment date will be paid to the person in whose name such notes (or one or more predecessor notes) are registered at the close of business on the regular record date for such interest.

TEGSA may appoint one or more paying agents, other than the trustee, for all or any series of the debt securities. The debt securities of a particular series will be surrendered for payment at the office of the paying agents designated by TEGSA. If TEGSA does not designate such an office, the corporate trust office of the trustee will serve as the office of the paying agent for such series. TEGSA has initially appointed Deutsche Bank Trust Company Americas to act as paying agent for the notes.

All funds paid by TE or TEGSA to a paying agent or the trustee for the payment of the principal of, premium, if any, or interest on the notes which remains unclaimed at the end of one year after such principal, premium, if any, or interest has become due and payable will be repaid to TE or TEGSA, as the case may be, and the holder of the notes thereafter may look only to TE and TEGSA for payment thereof.

Table of Contents

Governing Law

The indenture and the notes are deemed to be a contract made under the internal laws of the State of New York, and for all purposes will be construed in accordance with the laws of New York without regard to conflicts of laws principles that would require the application of any other law except to the extent that the Trust Indenture Act is applicable.

Satisfaction and Discharge

TEGSA's obligations with respect to the notes will be discharged upon TE or TEGSA's irrevocable deposit with the trustee, in trust, of funds or governmental obligations sufficient to pay at maturity within one year or upon redemption within one year all of the notes which have not already been delivered to the trustee for cancellation, including:

principal;

premium, if any;

unpaid interest; and

all other payments due under the terms of the indenture with respect to the notes.

Notwithstanding the above, TEGSA may not be discharged from the following obligations which will survive until the notes mature:

to make any interest or principal payments that may be required;

to register the transfer or exchange of the notes;

to replace stolen, lost or mutilated notes;

to maintain a paying agent; and

to appoint a new trustee as required.

TEGSA also may not be discharged from the following obligations which will survive the satisfaction and discharge of the notes:

to compensate, reimburse and indemnify the trustee in accordance with the terms of the indenture; and

to receive unclaimed payments held by the trustee for at least one year and remit such payments to the holders if required.

Defeasance of Covenants Under Certain Circumstances

Upon compliance with specified conditions, TEGSA will not be required to comply with some covenants contained in the indenture and the fifteenth supplemental indenture, and any omission to comply with the obligations will not constitute a default or event of default relating to the notes, or, if applicable, TEGSA's obligations with respect to the notes will be discharged. These conditions include:

Edgar Filing: TE Connectivity Ltd. - Form 424B2

the irrevocable deposit, in trust with the trustee for the benefit of the holders of the notes, of funds, or governmental obligations, in each case, sufficient to pay all the principal of, premium, if any, and interest on the notes to maturity or redemption, as the case may be, and all other amounts payable by TEGSA under the indenture;

the delivery to such trustee of a certificate signed by authorized persons and an opinion of counsel, each stating that all conditions precedent specified in the indenture relating to covenant defeasance have been complied with;

an event of default under the indenture described in the first, second, fourth, fifth or sixth bullet points in the first paragraph under the caption "Events of Default" has not occurred and is not continuing, and an event which with notice or lapse of time or both would become such an event of default with respect to the notes has not occurred and is not continuing, on the date of such deposit;

the delivery to such trustee of an opinion of counsel or a ruling received by the Internal Revenue Service to the effect that the holders of the notes will not recognize income, gain or loss for federal income tax purposes as a result of the exercise of such covenant defeasance and will be subject to federal income tax in the same amount and in the same manner and at the same times as would have been the case absent such exercise;

the trustee will not have a conflicting interest for the purposes of the Trust Indenture Act with respect to any debt securities due to the defeasance; and

such covenant defeasance will not result in the trust arising from such deposit constituting, unless it is qualified, a regulated investment company under the Investment Company Act of 1940.

Compliance Certificates and Opinions of Counsel

The indenture requires TE or TEGSA to furnish the following to the trustee under certain circumstances:

in the case of any redemption of debt securities prior to the expiration of any restriction on redemption contained in the debt securities or the indenture, a certificate evidencing compliance with the restriction;

as may be required by the SEC, information, documents and reports as to compliance with or defaults under the indenture;

prior to the closing of any consolidation, merger into, sale, transfer, lease or conveyance of TE's or TEGSA's assets substantially as an entirety, a certificate and an opinion of counsel as to compliance with the indenture and the conditions set forth under the heading "Limitation on TE's and TEGSA's Ability to Consolidate, Merge and Sell Assets";

prior to a defeasance, a certificate and an opinion of counsel, each stating that all conditions precedent specified in the indenture relating to satisfaction and discharge have been complied with; and

unless a certificate or opinion of counsel is not already required, in connection with any action that TEGSA may ask the trustee to take under the indenture, a certificate and/or an opinion of counsel as to compliance with conditions precedent in the indenture relating to the proposed action.

Deutsche Bank Trust Company Americas will serve as the trustee for the notes. The address of the corporate trust office of the trustee is 60 Wall Street, 16th Floor, New York, New York 10005.

Book-Entry, Delivery and Form

The notes will be issued in registered, global form in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. The notes will be issued at the closing of this offering only against payment in immediately available funds.

The notes initially will be represented by one or more notes in registered, global form without interest coupons (collectively, the "Global Notes"). The Global Notes will be deposited upon issuance with the trustee as custodian for The Depository Trust Company ("DTC"), in New York, New York, and registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC, in each case for credit to an account of a direct or indirect participant in DTC as described below. Global Notes may be transferred, in whole and not in part, only to another nominee of DTC or to a successor of DTC or its nominee. Beneficial interests in the Global Notes may be held through the Euroclear System, operated by Euroclear Bank S.A./N.V. ("Euroclear"), and Clearstream Banking, S.A. ("Clearstream") (as indirect participants in DTC).

Beneficial interests in the Global Notes may not be exchanged for notes in certificated form ("Certificated Notes") except in the limited circumstances described below. See " Exchange of Global Notes for Certificated Notes."

Transfers of beneficial interests in the Global Notes will be subject to the applicable rules and procedures of DTC and its direct or indirect participants (including, if applicable, those of Euroclear and Clearstream), which may change from time to time.

Exchange of Global Notes for Certificated Notes

A Global Note is exchangeable for Certificated Notes in minimum denominations of \$2,000 and in integral multiples of \$1,000 in excess thereof if:

- (1) DTC (a) notifies TEGSA that it is unwilling or unable to continue as depository for the Global Notes or (b) has ceased to be a clearing agency registered under the Exchange Act and, in either case, TEGSA fails to appoint a successor depository within 90 days; or
- (2) TEGSA, at its option, notifies the applicable trustee in writing that it elects to cause the issuance of the Certificated Notes.

In all cases, Certificated Notes delivered in exchange for any Global Note or beneficial interests in Global Notes will be registered in the names, and issued in any approved denominations, requested by or on behalf of the depository (in accordance with its customary procedures).

Depository Procedures

The following description of the operations and procedures of DTC, Euroclear and Clearstream are provided solely as a matter of convenience. These operations and procedures are solely within the control of the respective settlement systems and are subject to changes by them. TEGSA takes no responsibility for these operations and procedures and urges investors to contact the system or their participants directly to discuss these matters.

DTC has advised TEGSA that DTC is a limited-purpose trust company organized under the New York Banking Law, created to hold securities for its participating organizations (collectively, the "Participants") and to facilitate the clearance and settlement of transactions in those securities between the Participants through electronic computerized book-entry changes in accounts of its Participants.

This eliminates the need for physical movement of securities certificates. The Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations (including Euroclear and Clearstream) and certain other organizations. Access to DTC's system is also

Table of Contents

available to other entities such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a Participant, either directly or indirectly (collectively, the "Indirect Participants"). Persons who are not Participants may beneficially own securities held by or on behalf of DTC only through the Participants or the Indirect Participants. The ownership interests in, and transfers of ownership interests in, each security held by or on behalf of DTC are recorded on the records of the Participants and Indirect Participants. Euroclear and Clearstream will hold interests in the Global Notes on behalf of their participants through customers' securities accounts in their respective names on the books of their respective depositories, which are Euroclear Bank S.A./N.V. as operator of Euroclear, and Clearstream Banking, *société anonyme*, as operator of Clearstream.

DTC has also advised TEGSA that, pursuant to procedures established by it:

- (1) upon deposit of the Global Notes, DTC will credit the accounts of the Participants designated by the underwriters with portions of the principal amount of the Global Notes; and
- (2) ownership of these interests in the Global Notes will be shown on, and the transfer of ownership of these interests will be effected only through, records maintained by DTC (with respect to the Participants) or by the Participants and the Indirect Participants (with respect to other owners of beneficial interest in the Global Notes).

The laws of some states require that certain persons take physical delivery in definitive form of securities that they own. Consequently, the ability to transfer beneficial interests in a Global Note to such persons will be limited to that extent. Because DTC can act only on behalf of the Participants, which in turn act on behalf of the Indirect Participants, the ability of a person having beneficial interests in a Global Note to pledge such interests to persons that do not participate in the DTC system, or otherwise take actions in respect of such interests, may be affected by the lack of a physical certificate evidencing such interests.

Except as described above, owners of beneficial interests in the Global Notes will not have notes registered in their names, will not receive physical delivery of notes in certificated form and will not be considered the registered owners or "Holders" thereof under the indenture for any purpose.

Payments in respect of the principal of, and interest and premium, if any, on a Global Note registered in the name of DTC or its nominee will be payable to DTC in its capacity as the registered holder of the notes under the indenture. Under the terms of the indenture, TEGSA and the trustee will treat the persons in whose names the notes, including the Global Notes, are registered as the owners of the notes for the purpose of receiving payments and for all other purposes. Consequently, neither TEGSA, the trustees nor any of TEGSA's or the trustees' agents have or will have any responsibility or liability for:

- (1) any aspect of DTC's records or any Participant's or Indirect Participant's records relating to or payments made on account of beneficial ownership interests in the Global Notes or for maintaining supervising or reviewing any of DTC's records or any Participant's or Indirect Participant's records relating to the beneficial ownership interests in the Global Notes; or
- (2) any other matter relating to the actions and practices of DTC or any of its Participants or Indirect Participants.

DTC has advised TEGSA that its current practice, upon receipt of any payment in respect of securities such as the notes, is to credit the accounts of the relevant Participants with the payment on the payment date unless DTC has reason to believe it will not receive payment on such payment date. Each relevant Participant is credited with an amount proportionate to its beneficial ownership of an interest in the principal amount of the relevant security as shown on the records of DTC. Payments by the Participants and the Indirect Participants to the beneficial owners of notes will be governed by

Table of Contents

standing instructions and customary practices and will be the responsibility of the Participants or the Indirect Participants and will not be the responsibility of DTC, the trustee or TEGSA. Neither TEGSA nor the trustee will be liable for any delay by DTC or any of the Participants or the Indirect Participants in identifying the beneficial owners of the notes, and TEGSA and the trustee may conclusively rely on and will be protected in relying on instructions from DTC or its nominee for all purposes.

Transfers between the Participants will be effected in accordance with DTC's procedures and will be settled in same-day funds, and transfers between participants in Euroclear and Clearstream will be effected in accordance with their respective rules and operating procedures.

Cross-market transfers between the Participants in DTC, on the one hand, and Euroclear and Clearstream participants, on the other hand, will be effected through DTC in accordance with DTC's rules on behalf of Euroclear or Clearstream, as the case may be, by its respective depository; however, such cross-market transactions will require delivery of instructions to Euroclear or Clearstream, as the case may be, by the counterparty in such system in accordance with the rules and procedures and within the established deadlines (Brussels time) of such system. Euroclear or Clearstream, as the case may be, will, if the transaction meets its settlement requirements, deliver instructions to its respective depository to take action to effect final settlement on its behalf by delivering or receiving interests in the relevant Global Note in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Euroclear participants and Clearstream participants may not deliver instructions directly to the depositories for Euroclear and Clearstream.

DTC has advised TEGSA that it will take any action permitted to be taken by a holder of notes only at the direction of one or more Participants to whose account DTC has credited the interests in the Global Notes and only in respect of such portion of the aggregate principal amount of the notes as to which such Participant or Participants has or have given such direction. However, if there is an event of default under the notes, DTC reserves the right to exchange the Global Notes for Certificated Notes, and to distribute such notes to the Participants.

Although DTC, Euroclear and Clearstream have agreed to the foregoing procedures to facilitate transfers of interests in the Global Notes among participants in DTC, Euroclear and Clearstream, they are under no obligation to perform or to continue to perform such procedures, and may discontinue such procedures at any time by giving reasonable notice to the issuer or agent. None of TEGSA, the trustee or any of their respective agents will have any responsibility for the performance by DTC, Euroclear or Clearstream or their respective participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

CERTAIN TAX CONSIDERATIONS

Luxembourg

The following information is of a general nature only and is based on the laws presently in force in Luxembourg, though it is not intended to be, nor should it be construed to be, legal or tax advice. Prospective investors in the notes should therefore consult their own professional advisers as to the effects of state, local or foreign laws, including Luxembourg tax law, to which they may be subject.

Please be aware that the residence concept used under the respective headings below applies for Luxembourg income tax assessment purposes only. Any reference in the present section to a tax, duty, levy, impost or other charge or withholding of a similar nature, or to any other concepts, refers to Luxembourg tax law and/or concepts only. Also, please note that a reference to Luxembourg income tax encompasses corporate income tax (*impôt sur le revenu des collectivités*), municipal business tax (*impôt commercial communal*), a solidarity surcharge (*contribution au fonds pour l'emploi*) as well as personal income tax (*impôt sur le revenu*) generally. Investors may further be subject to net wealth tax (*impôt sur la fortune*) as well as other duties, levies or taxes. Corporate income tax, municipal business tax as well as the solidarity surcharge invariably apply to most corporate taxpayers resident in Luxembourg for tax purposes. Individual taxpayers are generally subject to personal income tax and the solidarity surcharge. Under certain circumstances, where an individual taxpayer acts in the course of the management of a professional or business undertaking, municipal business tax may apply as well.

Withholding Tax

Non-resident Holders of Notes

Under Luxembourg general tax laws currently in force, there is no withholding tax on payments of principal, premium or interest made to non-resident holders of notes, nor on accrued but unpaid interest in respect of the notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of the notes held by non-resident holders of notes.

Resident Holders of Notes

Under Luxembourg general tax laws currently in force and subject to the law of December 23, 2005, as amended (the "Relibi Law"), there is no withholding tax on payments of principal, premium or interest made to Luxembourg resident holders of notes, nor on accrued but unpaid interest in respect of notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of notes held by Luxembourg resident holders of notes.

Under the Relibi Law, payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to an individual beneficial owner who is a resident of Luxembourg will be subject to a withholding tax of 20%. Such withholding tax will be in full discharge of income tax if the beneficial owner is an individual acting in the course of the management of his/her private wealth. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent. Payment of interest under the notes coming within the scope of the Relibi Law will be subject to a withholding tax at a rate of 20%.

Income Taxation

Non-resident Holders of Notes

A non-resident holder of notes, not having a permanent establishment or permanent representative in Luxembourg to which/whom such notes are attributable, is not subject to Luxembourg income tax on interest accrued or received, redemption premiums or issue discounts, under the notes. A gain realised

by such non-resident holder of notes on the sale or disposal, in any form whatsoever, of the notes is further not subject to Luxembourg income tax.

A non-resident corporate holder of notes or an individual holder of notes acting in the course of the management of a professional or business undertaking, who has a permanent establishment or permanent representative in Luxembourg to which or to whom such notes are attributable, is subject to Luxembourg income tax on interest accrued or received, redemption premiums or issue discounts, under the notes and on any gains realised upon the sale or disposal, in any form whatsoever, of the notes.

Resident Holders of Notes

Holders of notes who are residents of Luxembourg will not be liable for any Luxembourg income tax on repayment of principal.

Luxembourg Resident Corporate Holder of Notes

A corporate holder of notes must include any interest accrued or received, any redemption premium or issue discount, as well as any gain realised on the sale or disposal, in any form whatsoever, of the notes, in its taxable income for Luxembourg income tax assessment purposes.

A corporate holder of notes that is governed by the law of May 11, 2007 on family estate management companies, as amended, or by the law of December 17, 2010 on undertakings for collective investment, as amended, or by the law of February 13, 2007 on specialised investment funds, as amended, or by the law of July 23, 2016 on reserved alternative investment funds and which does not fall under the special tax regime set out in article 48 thereof is neither subject to Luxembourg income tax in respect of interest accrued or received, any redemption premium or issue discount, nor on gains realised on the sale or disposal, in any form whatsoever, of the notes.

Luxembourg Resident Individual Holder of Notes

An individual holder of notes, acting in the course of the management of his/her private wealth, is subject to Luxembourg income tax at progressive rates in respect of interest received, redemption premiums or issue discounts, under the notes, except if (i) withholding tax has been levied on such payments in accordance with the Relibi Law, or (ii) the individual holder of the notes has opted for the application of a 20% tax in full discharge of income tax in accordance with the Relibi Law, which applies if a payment of interest has been made or ascribed by a paying agent established in a EU Member State (other than Luxembourg), or in a Member State of the European Economic Area (other than a EU Member State). A gain realised by an individual holder of notes, acting in the course of the management of his/her private wealth, upon the sale or disposal, in any form whatsoever, of notes is not subject to Luxembourg income tax, provided this sale or disposal took place more than six months after the notes were acquired. However, any portion of such gain corresponding to accrued but unpaid interest income is subject to Luxembourg income tax, except if tax has been levied on such interest in accordance with the Relibi Law.

An individual holder of notes acting in the course of the management of a professional or business undertaking must include this interest in its taxable basis. If applicable, the tax levied in accordance with the Relibi Law will be credited against his/her final tax liability.

Net Wealth Taxation

A corporate holder of notes, whether it is a resident of Luxembourg for tax purposes or, if not, it maintains a permanent establishment or a permanent representative in Luxembourg to which/whom such notes are attributable, is subject to Luxembourg wealth tax on such notes, except if the holder of

notes is governed by the law of May 11, 2007 on family estate management companies, as amended, or by the law of December 17, 2010 on undertakings for collective investment, as amended, or by the law of February 13, 2007 on specialised investment funds, as amended, or by the law of July 23, 2016 on reserved alternative investment funds, or is a securitisation company governed by the law of March 22, 2004 on securitisation, as amended, or is a capital company governed by the law of June 15, 2004 on venture capital vehicles, as amended. Securitisation companies governed by the law of March 22, 2004 on securitisation, as amended, or capital companies governed by the law of June 15, 2004 on venture capital vehicles, as amended, or reserved alternative investment funds governed by the law of July 23, 2016 and which fall under the special tax regime set out under article 48 thereof may, under certain conditions, be subject to minimum net wealth tax.

An individual holder of notes, whether he/she is a resident of Luxembourg or not, is not subject to Luxembourg wealth tax on such notes.

Other Taxes

In principle, neither the issuance nor the transfer, repurchase or redemption of notes will give rise to any Luxembourg registration tax or similar taxes.

However, a fixed or *ad valorem* registration duty may be due upon the registration of the notes in Luxembourg in the case where the notes are physically attached to a public deed or to any other document subject to mandatory registration, as well as in the case of a registration of the notes on a voluntary basis.

Where a holder of notes is a resident of Luxembourg for tax purposes at the time of his/her death, the notes are included in his/her taxable estate for inheritance tax assessment purposes.

Gift tax may be due on a gift or donation of notes if embodied in a Luxembourg deed passed in front of a Luxembourg notary or recorded in Luxembourg.

Switzerland

Swiss Income Tax

The following information is of a general nature only and is based on the laws currently in force in Switzerland, but it is not intended to be, nor should it be construed to be, legal or tax advice. Prospective investors in the notes should therefore consult their own advisers as to the effects of state, local or foreign laws, including Swiss tax law, to which they may be subject.

Swiss Resident Private Holders

The notes will be classified as ordinary bonds in accordance with Circular No 15 issued by the Swiss Federal Tax Administration on February 7, 2007. Therefore, for private holders resident in Switzerland who hold the notes as private assets (*Privatvermögen*), the interest payments, including payments of accrued interest upon redemption, are treated as taxable interest and, thus, subject to Swiss federal, cantonal and municipal income taxes at the then prevailing tax rates. Capital gains realized on the sale or redemption of the notes are exempt from Swiss federal, cantonal and municipal income taxes.

Swiss Resident Business Holders

Swiss residents who hold the notes as business assets and foreign residents who hold the notes through a permanent establishment or a fixed place of business (*Geschäftsvermögen*) situated in Switzerland are in general taxed according to Swiss statutory accounting principles (*Massgeblichkeitsprinzip*) for purposes of Swiss federal, cantonal and municipal income taxes at the then

Table of Contents

prevailing tax rates. Interest payments are part of the taxable business profit. Capital gains realized on the sale or redemption of the notes are part of their taxable business profit subject to Swiss federal, cantonal and municipal income taxes. This provision also applies to Swiss resident individuals who qualify as so-called professional securities dealers (*gewerbsmässige Wertschriftenhändler*) for tax purposes.

Non-Swiss Resident Holders

A holder who is not resident in Switzerland and who during the taxable year has not engaged in trade or business through a permanent establishment or a fixed place of business within Switzerland and who is not subject to taxation in Switzerland for any other reason will not be subject to any Swiss federal, cantonal or municipal income or other taxes on income realized on interest payments received or on capital gains resulting from a sale or redemption of the notes.

Swiss Wealth or Net Equity Tax

Swiss resident individuals are required to report their notes as part of their taxable wealth and will be liable for cantonal and municipal net wealth tax (*Vermögenssteuer*), provided that their aggregate taxable net assets exceeds applicable allowances. No such wealth tax is levied at the federal level.

Legal entities incorporated in Switzerland or persons otherwise subject to taxation in Switzerland are subject to the cantonal and municipal net asset or equity tax (*Kapitalsteuer*) on the taxable net assets or net equity.

Swiss Federal Transfer Stamp Duty

The issuance and redemption of the notes is not subject to Swiss federal transfer stamp duty (*Umsatzabgabe*). The sale or transfer against consideration of the notes after issuance may, however, be subject to Swiss transfer stamp duty at the current rate of up to 0.3% if such sale or transfer is made by or through the intermediary of a professional securities dealer as defined in the Swiss Federal Stamp Duty Act and no exception applies. In addition, the sale or transfer of the notes by or through a member of the SIX may be subject to a stock exchange levy.

Swiss Federal Withholding Tax

Under current Swiss law and practice, the payments in respect of the notes by TEGSA are not subject to Swiss Federal Withholding Tax (*Verrechnungssteuer*), provided that the net proceeds of the notes are used exclusively outside Switzerland.

Automatic Exchange of Information

In 2017, Switzerland introduced the global standard for the automatic exchange of information in tax matters ("AEOI"). The Swiss Federal Act on the AEOI entered into force on January 1, 2017. The AEOI is being introduced in Switzerland through bilateral agreements or multilateral agreements. Switzerland signed the Multilateral Competent Authority Agreement (the "MCAA") which is based on the Organisation for Economic Co-Operation and Development/Council of Europe administrative assistance convention. Based on this, Switzerland has signed declarations on the introduction of the AEOI with various partner states. Based on such multilateral agreements and bilateral agreements and the implementing laws of Switzerland, Switzerland has begun to collect data in respect of financial assets, including, as the case may be, notes, held in, and income derived thereon and credited to, accounts or deposits with a financial institution in Switzerland for the benefit of individuals resident in a partner state from, depending on the effective date of the respective agreement, 2017 or 2018, as the case may be, and begin to exchange such data in 2018 or 2019, as the case may be. Switzerland has signed a bilateral agreement with the European Union ("EU") on May 27, 2015 which came into force on January 1, 2017. Based on this, Switzerland and the 28 EU member states shall collect account data

from 2017 onward and exchange it from 2018 onward. Prospective purchasers of the notes should consult their advisors concerning the impact of the AEOL.

United States

The following is a discussion of certain U.S. federal income tax consequences to U.S. holders (as defined below) of the ownership and disposition of the notes. This discussion applies only to notes that are held as capital assets within the meaning of Section 1221 of the Internal Revenue Code of 1986, as amended (the "Code"), and is applicable only to holders who purchased the notes in this offering at the offering price for the notes.

This discussion does not describe all of the tax consequences that may be relevant to you in light of your particular circumstances, including the alternative minimum tax, the 3.8% Medicare tax on certain investment income and the different consequences that may apply if you are subject to special rules that apply to certain types of investors, such as:

financial institutions;

insurance companies;

dealers or traders subject to a mark-to-market method of accounting with respect to the notes;

persons holding the notes as part of a "straddle," hedge, integrated transaction or similar transaction;

persons whose functional currency is not the U.S. dollar;

partnerships or other pass-through entities for U.S. federal income tax purposes;

tax-exempt entities; and

holders required to accelerate the recognition of any item of gross income with respect to the notes as a result of such income being recognized on an applicable financial statement.

If a partnership (including an entity or arrangement treated as a partnership for U.S. federal income tax purposes) owns notes, the tax treatment of a partner may depend upon the status of the partner and the activities of the partnership and on certain determinations made at the partner level. If you are a partner in a partnership considering an investment in the notes, you should consult your tax advisor as to the particular U.S. federal income tax consequences applicable to you.

This discussion is based on the Code, administrative pronouncements, judicial decisions and final, temporary and proposed Treasury regulations as of the date hereof, changes to any of which subsequent to the date of this prospectus supplement affect the tax consequences described herein. This discussion does not address any aspect of state, local or non-U.S. taxation, or any U.S. federal taxes other than income taxes.

You are urged to consult your tax advisor with respect to the application of U.S. federal tax laws to your particular situation, as well as any tax consequences arising under the laws of any state, local or foreign jurisdiction.

A U.S. holder is a beneficial owner of a note that is, for U.S. federal income tax purposes:

(i)

Edgar Filing: TE Connectivity Ltd. - Form 424B2

an individual who is a citizen or resident of the United States;

(ii)

a corporation (or other entity taxable as a corporation for U.S. federal income tax purposes) organized in or under the laws of the United States, any state thereof or the District of Columbia; or

S-36

Table of Contents

(iii)

an estate or trust, the income of which is includible in gross income for U.S. federal income tax purposes regardless of its source.

Certain Additional Payments

Upon the occurrence of a "Change of Control Triggering Event," we may be required to make payments on the notes in excess of stated principal and interest as described under "Description of the Notes and the Guarantee Change of Control Triggering Event." The obligation to make these payments may implicate the provisions of the Treasury regulations relating to contingent payment debt instruments. The regulations, however, provide that a contingency will generally be disregarded for this purpose if the contingency is remote or incidental or if it is significantly more likely than not that the contingency will not occur. Although the matter is not free from doubt, we believe that the contingency in respect of the notes that is described above should be disregarded under this rule, and we therefore intend to take the position that the notes should not be treated as contingent payment debt instruments because of this possible redemption. Assuming such position is respected, you would be required to include in income the amount of any such additional payment at the time such payments are received or accrued in accordance with your method of accounting for United States federal income tax purposes. If the IRS successfully challenged this position, and the notes were treated as contingent payment debt instruments, you could be required to accrue interest income at a rate higher than the stated interest rate on the notes and to treat as ordinary income, rather than capital gain, gain recognized on a sale, retirement or other disposition of the notes. The discussion below assumes that the notes will not be treated as contingent payment debt instruments. You should consult your tax advisor regarding the tax consequences if the notes were treated as contingent payment debt instruments.

Taxation of Interest

Stated interest on the notes generally will be taxable to you as ordinary income at the time it is received or accrued, depending on your method of accounting for U.S. federal income tax purposes. It is expected, and the remainder of this discussion assumes, that the notes will not be issued with original issue discount for U.S. federal income tax purposes. If, however, the principal amount of the notes exceeds their issue price by a specified de minimis amount or more, as determined under applicable Treasury regulations, holders will be required to include that excess in income as ordinary income, as it accrues, in accordance with a constant-yield method based on a compounding of interest, before the receipt of cash attributable to this income.

If any Additional Amounts are paid on the notes to "gross up" in respect of withholding or deduction for taxes (see "Description of the Notes and the Guarantee Payment of Additional Amounts"), such amounts will be includable in income of a U.S. holder as ordinary interest income at the time such amount is received or accrued in accordance with such holder's method of tax accounting. Interest income on the notes (including any additional amounts) will be treated as income from sources without the United States and as "passive category income" or under certain circumstances (e.g., income of a financial services entity) as "general category income." If any non-U.S. taxes were to be paid or withheld in respect of payments on the notes, a U.S. holder may be eligible, subject to a number of complex limitations (including holding period and at risk requirements), for a foreign tax credit.

Taxation of Dispositions of Notes

Upon the sale, exchange, retirement, redemption, or other taxable disposition of a note, you generally will recognize gain or loss equal to the difference between the amount realized upon such disposition (less any amount attributable to accrued and unpaid stated interest, which will be taxable as ordinary income as discussed above to the extent not previously included in income) and the adjusted

Table of Contents

tax basis of the note. Your adjusted tax basis in a note will, in general, be the amount paid for the note. Generally, any gain or loss will be capital gain or loss and will be treated as U.S. source gain or loss. Capital gains of non-corporate holders derived in respect of capital assets held for more than one year are eligible for reduced rates of taxation. The deductibility of net capital losses is subject to limitations.

Changes in Interest Rate Calculation

If a change to an alternative method of calculating interest on the notes is made as described in "Description of the Notes and Guarantee," a U.S. holder may be deemed to have exchanged their note for a new note in a taxable exchange. As a result of the deemed exchange, a U.S. holder would recognize gain or loss and would commence a new holding period in the new note. In addition, the new note may be treated as issued with original issue discount, as discussed above. U.S. holders should discuss with their tax advisor the U.S. federal income tax consequences to them of a change to an alternative method of calculating interest on the notes.

Information Reporting and Backup Withholding

In general, information reporting requirements will apply to payments of stated interest on the notes, and the proceeds of the sale or other taxable disposition (including a retirement or redemption) of a note paid to you (unless you are an exempt recipient such as a corporation).

Backup withholding may apply to any payments described in the preceding sentence if you fail to provide the applicable withholding agent with a correct taxpayer identification number, as well as certain other information, or otherwise establish an exemption from backup withholding. Backup withholding is not an additional tax and any amounts withheld under the backup withholding rules may be allowed as a refund or a credit against your U.S. federal income tax liability, provided the required information is timely furnished to the IRS.

Reporting Obligations of Individual Owners of Foreign Financial Assets

Section 6038D of the Code generally requires U.S. individuals and certain entities that have U.S. individual owners to file IRS Form 8938 if they hold certain "specified foreign financial assets," the aggregate value of which exceeds \$50,000 on the last day of the taxable year (or the aggregate value of which exceeds \$75,000 at any time during the taxable year). The definition of specified foreign financial assets includes not only financial accounts maintained in foreign financial institutions, but also, unless not held for investment or held in accounts maintained by a financial institution, the notes.

U.S. holders should discuss these reporting obligations with their tax advisors.

The U.S. federal tax discussion set forth above is included for general information only and may not be applicable depending upon a holder's particular situation. U.S. holders should consult their own tax advisors with respect to the tax consequences to them of the purchase of notes and the beneficial ownership and disposition of the notes, including the tax consequences under state, local, non-U.S. and other tax laws and the possible effects of changes in U.S. federal or other tax laws.

BENEFIT PLAN INVESTOR CONSIDERATIONS

The following is a summary of certain considerations associated with the purchase or holding of the notes (or any interest in a note) by employee benefit plans that are subject to Title I of the U.S. Employee Retirement Income Security Act of 1974, as amended ("ERISA"), by plans that are subject to Section 4975 of the Code or by persons whose underlying assets are considered to include "plan assets" of such plans (each, an "ERISA Plan"). Certain benefit plans may be subject to federal, state, local, non-U.S. or other laws that are similar to such provisions of ERISA or the Code (collectively, "Similar Laws") and, accordingly, may be subject to similar risks (together with ERISA Plans, "Plans").

Prohibited Transaction Issues

Section 406 of ERISA and Section 4975 of the Code prohibit ERISA Plans from engaging in specified transactions involving plan assets with persons who are, respectively, "parties in interest" or "disqualified persons" (both referred to herein as "parties in interest"), unless an exemption applies. Among other effects, a non-exempt prohibited transaction may have to be rescinded, and any party involved in the transaction, as well as any fiduciary of an ERISA Plan that permits such a transaction may be subject to an excise tax or other penalties and liabilities under ERISA.

Among other potential parties, each underwriter may be a party in interest with respect to an ERISA Plan from time to time. The acquisition and holding of notes by an ERISA Plan with respect to which any person (which may include any underwriter or the issuer or any of their affiliates) is considered a party in interest may result in a direct or indirect prohibited transaction under ERISA and/or Section 4975 of the Code, unless a statutory, class or individual prohibited transaction exemption applies.

Each underwriter may be a party in interest with respect to ERISA Plans from time to time. The acquisition of notes by an ERISA Plan with respect to which any underwriter is considered a party in interest may result in a direct or indirect prohibited transaction under ERISA and/or Section 4975 of the Code, unless a statutory, class or individual prohibited transaction exemption applies.

In this regard, Section 408(b)(17) of ERISA and Section 4975(d)(20) of the Code (as applicable) exempt the involvement of the assets of an ERISA Plan in connection with the sale or exchange of property or extension of credit with a party in interest if: (i) such person is a party in interest solely by reason of providing services to the ERISA Plan or by reason of certain relationships to such a service provider and is not a fiduciary (including by reason of rendering investment advice) with respect to the investment of plan assets involved in the transaction and (ii) the ERISA Plan pays no more and receives no less than adequate consideration (as defined in such Sections).

In addition, the U.S. Department of Labor has issued prohibited transaction class exemptions, or PTCEs, that may apply to the sale, acquisition and holding of the notes (or an interest therein). These class exemptions include, without limitation, PTCE 84-14 (relating to transactions determined by independent qualified professional asset managers), PTCE 90-1 (relating to transactions involving insurance company pooled separate accounts), PTCE 91-38 (relating to transactions involving bank collective investment funds), PTCE 95-60 (relating to transactions involving life insurance company general accounts) and PTCE 96-23 (relating to transactions determined by in-house asset managers). A purchaser of any notes (or an interest therein) should be aware that there can be no assurance that all of the conditions of any such exemptions will be satisfied with respect to such purchase or holding of any note, or any interest in a note, and that the scope of the exemptive relief provided by any such exemption might not cover all acts which might be construed as prohibited transactions.

The notes and any interest therein may not be purchased or held by any Plan unless such purchase and holding will not constitute or result in a non-exempt prohibited transaction under ERISA and Section 4975 of the Code or a similar violation under any applicable Similar Laws.

Table of Contents

Representation

By acceptance of a note (or any interest therein), a purchaser will be deemed to have represented and warranted that either: (i) no portion of the assets used by such purchaser to acquire or hold the note (or any interest therein) constitutes assets of any Plan or (ii) the purchase and holding of the note (or any interest therein) by such purchaser will not constitute or result in a non-exempt prohibited transaction under ERISA or Section 4975 of the Code, or a similar violation under any applicable Similar Laws.

The preceding discussion is general in nature and is not intended to be all-inclusive. Fiduciaries or other persons considering purchasing any notes (or any interest therein) on behalf of, or with the assets of, any Plan should consult with their counsel regarding the potential applicability of ERISA, Section 4975 of the Code and any Similar Laws to such investment, including the applicability of any exemption thereto. Each purchaser and holder of the notes (or any interest therein) has exclusive responsibility for ensuring that its purchase and holding of the notes (or such interest) does not violate the fiduciary and prohibited transaction rules of ERISA, Section 4975 of the Code and any Similar Laws, as applicable. The sale of any notes (or any interest therein) to any Plan is in no respect a representation by us or any of our affiliates or representatives that such an investment meets all relevant legal requirements with respect to investments by Plans generally or any particular Plan, or that such an investment is appropriate for Plans generally or any particular Plan.

Table of Contents**UNDERWRITING**

We and the underwriters named below have entered into an underwriting agreement with respect to the notes. BNP Paribas Securities Corp., Deutsche Bank Securities Inc. and J.P. Morgan Securities LLC are acting as representatives of the several underwriters. Subject to certain conditions, each underwriter has severally agreed to purchase the principal amount of notes indicated in the following table.

| Name | Principal Amount of notes |
|-------------------------------|------------------------------|
| BNP Paribas Securities Corp. | \$ 105,000,000 |
| Deutsche Bank Securities Inc. | 105,000,000 |
| J.P. Morgan Securities LLC | 105,000,000 |
| Barclays Capital Inc. | 5,834,000 |
| ICBC Standard Bank Plc | 5,833,000 |
| Loop Capital Markets LLC | 5,833,000 |
| MUFG Securities Americas Inc. | 5,833,000 |
| Scotia Capital (USA) Inc. | 5,834,000 |
| Wells Fargo Securities, LLC | 5,833,000 |
| Total | \$ 350,000,000 |

The underwriters are committed to take and pay for all of the notes being offered, if any are taken.

Notes sold by the underwriters to the public will initially be offered at the applicable public offering price set forth on the cover of this prospectus supplement. Any notes sold by the underwriters to securities dealers may be sold at a discount from the public offering price of up to 0.10% of the principal amount of the notes. Any such securities dealers may resell any notes purchased from the underwriters to certain other brokers or dealers at a discount from the public offering price of up to 0.05% of the principal amount of the notes. If all the notes are not sold at the initial offering prices, the underwriters may change the offering prices and the other selling terms of the notes. The offering of the notes by the underwriters is subject to receipt and acceptance and subject to the underwriters' right to reject any order in whole or in part.

The notes are a new issue of securities with no established trading market. We have been advised by the underwriters that the underwriters currently intend to make a market in the notes but are not obligated to do so and may discontinue market making at any time without notice. No assurance can be given as to the liquidity of the trading market for the notes.

In connection with this offering, the underwriters may purchase and sell notes in the open market.

These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater number of notes than they are required to purchase in the offering. Stabilizing transactions consist of certain bids or purchases made for the purpose of preventing or retarding a decline in the market price of the notes while the offering is in progress.

The underwriters also may impose a penalty bid. This occurs when a particular underwriter repays to the underwriters a portion of the underwriting discount received by it because the representatives have repurchased notes sold by or for the account of such underwriter in stabilizing or short covering transactions.

These activities by the underwriters, as well as other purchases by the underwriters for their own accounts, may stabilize, maintain or otherwise affect the market price of the notes. As a result, the price of the notes may be higher than the price that otherwise might exist in the open market. If these activities are commenced, they may be discontinued by the underwriters at any time. These transactions may be effected in the over-the-counter market or otherwise.

Table of Contents

We estimate that our share of the total expenses of the offering, excluding underwriting discounts and commissions, will be approximately \$1 million.

We have agreed to indemnify the several underwriters against certain liabilities, including liabilities under the Securities Act of 1933, as amended.

The underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment, hedging, financing and brokerage activities. Certain of the underwriters and their respective affiliates have, from time to time, performed, and may in the future perform, various financial advisory and investment banking services for the issuer, for which they received or will receive customary fees and expenses.

Affiliates of the underwriters, including affiliates of BNP Paribas Securities Corp., Deutsche Bank Securities Inc. and J.P. Morgan Securities LLC, act as agents and lenders under the Credit Agreement.

In addition, in the ordinary course of their business activities, the underwriters and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve our securities and/or instruments. If any of the underwriters or their affiliates have a lending relationship with us, certain of those underwriters or their affiliates routinely hedge, and certain other of those underwriters or their affiliates may hedge, their credit exposure to us consistent with their customary risk management policies. Typically, these underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the notes offered hereby. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Under Rule 15c6-1 under the Securities Exchange Act of 1934, as amended, trades in the secondary market are required to settle in two business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade Notes prior to the delivery of the Notes hereunder will generally be required, by virtue of the fact that the Notes initially settle on the fifth business day following the Trade Date ("T+5"), to specify an alternate settlement arrangement at the time of any such trade to prevent a failed settlement. Purchasers of the Notes who wish to trade the Notes prior to their date of delivery hereunder should consult their advisors.

ICBC Standard Bank Plc is restricted in its U.S. securities dealings under the United States Bank Holding Company Act and may not underwrite, subscribe, agree to purchase or procure purchasers to purchase notes that are offered or sold in the United States. Accordingly, ICBC Standard Bank Plc shall not be obligated to, and shall not, underwrite, subscribe, agree to purchase or procure purchasers to purchase notes that may be offered or sold by other underwriters in the United States. ICBC Standard Bank Plc shall offer and sell the securities constituting part of its allotment solely outside the United States.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth information regarding our ratio of earnings to fixed charges for the periods shown. For purposes of determining the ratio of earnings to fixed charges, earnings consist of income from continuing operations before income taxes, plus fixed charges. Fixed charges consist of (a) interest expense, (b) amortized premiums, discounts and capitalized expenses related to indebtedness, and (c) a portion of rent expense, which represents an appropriate interest factor.

USE OF PROCEEDS

Unless otherwise stated in the prospectus supplement accompanying this prospectus, we will use the net proceeds from the sale of any registered shares, warrants, debt securities or units that may be offered hereby for general corporate purposes. Such general corporate purposes may include, but are not limited to, reducing or refinancing our indebtedness or the indebtedness of our subsidiaries, financing possible acquisitions and redeeming outstanding securities. The prospectus supplement relating to an offering will contain a more detailed description of the use of proceeds of any specific offering of securities.

DESCRIPTION OF SECURITIES

We will set forth in the applicable prospectus supplement a description of the registered shares, warrants, debt securities, guarantees or units that may be offered under this prospectus.

PLAN OF DISTRIBUTION

TE Connectivity and TEGSA may offer and sell the securities offered by this prospectus to or through one or more underwriters, dealers and agents, or directly to purchasers, on a continuous or delayed basis. TE Connectivity and TEGSA will provide a specific plan of distribution for any securities to be offered in a supplement to this prospectus.

ENFORCEMENT OF CIVIL LIABILITIES

TE Connectivity is a Swiss company, and TEGSA is a Luxembourg company. TE Connectivity and TEGSA have consented in the indenture to be used in connection with the issuance of debt securities to submit to the jurisdiction of the U.S. federal and state courts in The City of New York and to receive service of process in The City of New York in any legal suit, action or proceeding brought to enforce any rights under or with respect to such indenture and any debt securities or guarantees issued under it. A substantial majority of TE Connectivity's directly held assets consists of shares in TEGSA. Accordingly, any judgment against TEGSA or TE Connectivity in respect of the indenture, the notes or the guarantee, including for civil liabilities under the U.S. federal securities laws, obtained in any U.S. federal or state court may have to be enforced in the courts of Luxembourg or Switzerland. Investors should not assume that the courts of Luxembourg or Switzerland would enforce judgments of U.S. courts obtained against TEGSA or TE Connectivity predicated upon the civil liability provisions of the U.S. federal securities laws or that such courts would enforce, in original actions, liabilities against TEGSA or TE Connectivity predicated solely upon such laws.

Luxembourg

TEGSA is incorporated under the laws of Luxembourg. Certain members of the board of directors are non-residents of the United States and a substantial portion of TEGSA's assets and those of such directors are located outside the United States. As a result, you may not be able to effect a service of process within the United States on TEGSA or on such persons or to enforce in Luxembourg courts judgments obtained against TEGSA or such persons in U.S. courts, including actions predicated upon the civil liability provisions of the U.S. federal and state securities laws or other laws. Likewise, it may also be difficult for an investor to enforce in U.S. courts judgments obtained against TEGSA or such persons in courts in jurisdictions outside the United States, including actions predicated upon the civil liability provisions of the U.S. securities laws.

TEGSA has been advised by Allen & Overy, société en commandite simple, its Luxembourg counsel, that the United States and the Grand-Duchy of Luxembourg are not currently bound by a treaty providing for reciprocal recognition and enforcement of judgments (other than arbitral awards) rendered in civil and commercial matters. According to such counsel, an enforceable judgment for the payment of monies rendered by any U.S. federal or state court based on civil liability, whether or not predicated solely upon the U.S. securities laws, would not directly be enforceable in Luxembourg. However, a party who received such favorable judgment in a U.S. court may initiate enforcement proceedings in Luxembourg (*exequatur*) by requesting enforcement of the U.S. judgment before the District Court (*Tribunal d'Arrondissement*) of Luxembourg sitting in civil matters pursuant to Section 678 of the New Luxembourg Code of Civil Procedure. The president of the District Court will authorize the enforcement in Luxembourg of the U.S. judgment if it is satisfied that all of the following conditions are met:

the U.S. judgment is enforceable (*exécutoire*) in the United States;

the jurisdictional ground of the U.S. court is founded according to Luxembourg private international law rules and to the applicable domestic U.S. federal or state jurisdiction rules;

the U.S. court has applied to the dispute the substantive law which would have been applied by Luxembourg courts or, at least, the judgment must not contravene the principles underlying these rules;

the U.S. judgment must not have violated the right of the defendant to present a defense;

the considerations of the U.S. judgment as well as the U.S. judgment as such do not contravene Luxembourg international public policy;

the U.S. court has acted in accordance with its own procedural laws; and

the U.S. judgment was not rendered as a result of or in connection with an evasion of Luxembourg law ("*fraude à la loi*").

LEGAL MATTERS

Unless otherwise indicated in the applicable prospectus supplement, Weil, Gotshal & Manges LLP, New York, New York will pass upon the validity of the debt securities, guarantees, warrants and units offered by TE Connectivity or TEGSA. The validity of the registered shares offered by TE Connectivity will be passed upon by Bär & Karrer, Zurich, Switzerland, unless otherwise indicated in the applicable prospectus supplement.
