Exhibit 99.1

EMCOR GROUP, INC. REPORTS 2004 THIRD QUARTER RESULTS

NORWALK, CONNECTICUT, October 28, 2004 - EMCOR Group, Inc. (NYSE: EME) today reported results for the third quarter and nine months ended September 30, 2004.

Net income for the third quarter of 2004 was \$15.5 million, or \$0.99 per diluted share, compared with net income of \$6.5 million, or \$0.42 per diluted share, in the third quarter of 2003. Revenues in the 2004 third quarter totaled \$1.22 billion, compared with total revenues of \$1.16 billion a year ago.

Third quarter 2004 operating income was \$19.6 million, compared to operating income of \$13.5 million in the third quarter of 2003. Selling, general and administrative expenses ("SG&A") were \$97.6 million, a decline of 6.7% from \$104.7 million in the third quarter of last year. As a percentage of revenues, SG&A decreased to 8.0% from 9.0% a year ago as a result of actions the Company has taken to reduce its operating costs.

Included in the Company's 2004 third quarter results were approximately \$0.6

Edgar Filing: EMCOR GROUP INC - Form 8-K

million in restructuring expenses, primarily related to its previously announced management realignment and related initiatives, and a \$4.3 million income tax benefit for reserve adjustments. The effective income tax rate applicable for the 2004 third quarter was 42% compared to 44% for the 2003 third quarter.

The Company's 2004 third quarter results also include a pre-tax gain of \$2.8 million on the sale of certain assets of the equipment rental division of the Company's United Kingdom subsidiary as part of the restructuring of operations in the UK market, and a pre-tax gain of \$1.8 million on the sale of the UK subsidiary's interest in a South African facilities management joint venture.

Contract backlog as of September 30, 2004 was \$2.96 billion compared to \$3.11 billion at the same time a year ago. The reduction in backlog reflects the Company's ongoing program to reduce the backlog of public sector construction projects and to focus more on higher-margin, private sector work.

Page 2

Net income for the 2004 nine month period was \$22.6 million, or \$1.46 per diluted share, compared to net income of \$18.0 million, or \$1.16 per diluted share, in the first nine months of 2003. Revenues for the first nine months of 2004 were \$3.52 billion versus revenues of \$3.36 billion in the year ago period.

Operating income for the first nine months of 2004 was \$18.8 million versus operating income of \$37.8 million for the comparable nine month period last year.

The Company's results for the 2004 nine month period include approximately \$5.9 million in restructuring expenses, primarily related to the Company's previously announced management realignment and related initiatives, and a \$13.9 million income tax benefit for tax reserve adjustments.

Frank T. MacInnis, Chairman and CEO of EMCOR Group, stated, "When we reported 2004 first quarter results, we noted our expectation that 2004 would be a transition year, with a slower first half of the year due to the lingering effects of the economic downturn, the slow recovery of private sector spending and the continuing effects of a larger than typical proportion of public sector work affecting our results. We expected to see an acceleration in the 2004 second half as the economy and demand from the private sector continued to improve and our efforts to rebalance our mix between private and public sector work gained traction. This has been the case in the third quarter, which saw strong performance within our U.S. Electrical business and a significant improvement at our U.K. operations. We're very pleased with the progress we've seen in the U.K., which generated operating income during the period versus a loss a year ago, as a result of the actions we've taken to restructure that business. However, improvements were not consistent across all our businesses, particularly as poor performance at one of our Mechanical operations on the West Coast offset otherwise improved results from this segment. We continue to build momentum within our Facilities Services business as we strengthen our reputation as the premier provider of these services."

Mr. MacInnis added, "While our markets have certainly recovered from year ago levels, the recovery remains gradual, with private sector spending recovering at

Edgar Filing: EMCOR GROUP INC - Form 8-K

a slow pace. During the quarter, we continued our focus on controlling costs, leading to a decrease in SG&A expenses of approximately 7% despite higher revenues. As a result, operating income, excluding restructuring expenses and gain on the sale of assets, increased 28.3% over the levels achieved a year ago. Our constant focus on working capital management also made the third quarter an excellent cash generation quarter, strengthening our balance sheet and our ability to take advantage of new opportunities."

Mr. MacInnis concluded, "Throughout 2004, EMCOR Group has taken actions to position itself for improvement in its markets. The restructuring efforts of our realigned management team, that now include Tony Guzzi as our new President and COO, are ongoing, and we are seeing their benefits, both in the U.S. and the U.K. As we've stated before, we believe the major defining factor in EMCOR's performance will be the overall pace of economic recovery. While not the dramatic economic improvement our best-case scenario envisioned, we are encouraged by recent positive momentum we've seen in the marketplace and believe that this recovery will continue to build as we move into the

fourth quarter of 2004 and beyond. Given year-to-date revenue performance, we continue to expect full-year revenue for 2004 to be approximately \$4.6 billion and 2004 earnings per share on a diluted basis to be \$2.05 to \$2.15, which includes the tax reserve adjustments as well as restructuring expenses and the sale transactions."

EMCOR Group, Inc. is a worldwide leader in mechanical and electrical construction services and facilities services. This press release and other press releases may be viewed at the Company's Web site at www.emcorgroup.com.

EMCOR Group's third quarter conference call will be available live via Internet broadcast today, Thursday, October 28, at 10:30 AM Eastern Time. You can access the live call through the Home Page of the Company's Web site at www.emcorgroup.com.

This release may contain certain forward-looking statements within the meaning of the Private Securities Reform Act of 1995. Any such comments are based upon information available to EMCOR management's perception thereof, as of this date, and EMCOR assumes no obligation to update any such forward-looking statements. These forward-looking statements may include statements regarding market opportunities, market share growth, gross profit, project mix, projects with varying profit margins, and selling, general and administrative expenses. These forward-looking statements involve risks and uncertainties that could cause actual results to differ materially from the forward-looking statements. Accordingly these statements are no guarantee of future performance. Such risk and uncertainties include, but are not limited to, adverse effects of general economic conditions, changes in the political environment, changes in the specific markets for EMCOR's services, adverse business conditions, increased competition, unfavorable labor productivity, mix of business, and risks associated with foreign operations. Certain of the risks and factors associated with EMCOR's business are also discussed in the Company's 2003 Form 10-K, its

Edgar Filing: EMCOR GROUP INC - Form 8-K

Form 10-Q for the third quarter ended September 30, 2004, and in other reports filed from time to time with the Securities and Exchange Commission. All these risks and factors should be taken into account in evaluating any forward-looking statements.
