Item 3.02 Unregistered Sales of Equity Securities

On December 4, 2014, we issued 4,662,780 shares (the “Shares”) of our common stock, par value \$0.001 per share, to certain designees of Symphony Icon Holdings LLC (“Holdings”) in partial satisfaction of our contingent payment obligations under the amended and restated purchase option agreement, dated July 30, 2010, with Holdings and Symphony Icon, Inc. (the “Purchase Option Agreement”). Such shares were issued in reliance upon the exemption provided by Section 4(2) of the Securities Act of 1933, as amended.

In November 2014, we received a \$23 million upfront payment pursuant to our license and collaboration agreement with Ipsen Pharma SAS for the development and commercialization of our drug candidate telotristat etiprate outside of the United States, Canada and Japan. Our receipt of such payment triggered our obligation to make a contingent payment of \$11.5 million to Holdings pursuant to the terms of the Purchase Option Agreement. We issued the Shares in payment of 50% of such contingent payment due to Holdings based on a value of approximately \$1.23 per share in accordance with the terms of the Purchase Option Agreement.

We remain obligated to make up to \$33.5 million in contingent payments to Holdings under the Purchase Option Agreement in connection with certain licensing transactions or regulatory approvals with respect to certain of our drug candidates. The contingent payments may be paid in cash, common stock or a combination of cash and common stock, in our discretion, provided that no more than 50% of any contingent payment will be paid in common stock.
