LKQ CORPORATION

We are a global distributor of vehicle products, including replacement parts, components and systems used in the repair and maintenance of vehicles and specialty products and accessories to improve the performance, functionality and appearance of vehicles.

Buyers of vehicle replacement products have the option to purchase from primarily five sources: new products produced by original equipment manufacturers ("OEMs"); new products produced by companies other than the OEMs, which are referred to as aftermarket products; recycled products obtained from salvage vehicles; used products that have been refurbished; and used products that have been remanufactured. We distribute a variety of products to collision and mechanical repair shops, including aftermarket collision and mechanical products; recycled collision and mechanical products; refurbished collision products such as wheels, bumper covers and lights; and remanufactured engines and transmissions. Collectively, we refer to the four sources that are not new OEM products as alternative parts.

We are a leading provider of alternative vehicle collision replacement products and alternative vehicle mechanical replacement products, with our sales, processing, and distribution facilities reaching most major markets in the United States and Canada. We are also a leading provider of alternative vehicle replacement and maintenance products in Europe. In addition to our wholesale operations, we operate self service retail facilities across the U.S. that sell recycled automotive products from end-of-life-vehicles. We are also a leading distributor of specialty vehicle aftermarket equipment and accessories reaching most major markets in the U.S. and Canada.

We are organized into four operating segments: Wholesale – North America; Europe; Specialty and Self Service. We aggregate our Wholesale – North America and Self Service operating segments into one reportable segment, North America, resulting in three reportable segments: North America, Europe and Specialty.

PLAN OF DISTRIBUTION

This prospectus covers shares of common stock that we may issue from time to time in connection with business combination transactions, including acquisitions of businesses, assets, properties or securities of other companies. In addition to the shares of common stock offered by this prospectus, we may offer other consideration, including stock options, cash, notes or other evidences of debt, assumption of liabilities or a combination of these types of consideration. In addition, we may lease property from, and enter into management agreements and consulting and noncompetition agreements with, the former owners and key executive personnel of the businesses to be acquired. We expect the terms of acquisitions involving the issuance of the shares of common stock covered by this prospectus to be determined by direct negotiations between our representatives and the owners or controlling persons of the businesses, assets or securities to be acquired. Factors taken into account in acquisitions may include, among other factors, the quality and reputation of the business to be acquired and its management, the strategic market position of the business to be acquired, its proprietary assets, earning power, cash flow and growth potential, and the market value of its common stock when pertinent. The value of our shares of common stock issued in any such acquisition will be offered at prices based upon or reasonably related to the current market value of the common stock. The value will be determined either when the terms of the acquisition are tentatively or finally agreed to, when the acquisition is completed, when we issue the shares or during some other negotiated period. We do not expect to pay underwriting discounts or commissions, although we may pay finders' fees from time to time in connection with certain acquisitions. Any person receiving finders' fees may be deemed to be an "underwriter" within the meaning of the Securities Act, and any profit on the resale of securities purchased by them may be considered underwriting commissions or discounts under the Securities Act.

In an effort to maintain an orderly market in our securities or for other reasons, we may negotiate agreements with persons receiving common stock covered by this prospectus that will limit the number of shares that they may sell at specified intervals. These agreements may be more or less restrictive than restrictions on sales made under exemptions from the registration requirements of the Securities Act, including the requirements under Rule 144 or Rule 145(d), and the persons party to these agreements may not otherwise be subject to the Securities Act requirements. We anticipate that, in general, negotiated agreements will be of limited duration and will permit the recipients of securities issued in connection with acquisitions to sell up to a specified number of shares per week or business day or days. We may also determine to waive any such agreements without public notice.

RESALES OF SHARES

In general, the persons to whom we issue common stock under this prospectus will be able to resell our common stock in the public market without further registration and without being required to deliver a prospectus. However, certain persons who receive our common stock may want to resell those shares in distributions that would require the delivery of a prospectus. With our consent, this prospectus may be used by selling stockholders who may wish to sell shares of common stock. As used in this prospectus, "selling stockholders" may include donees and pledgees selling securities received from a named selling stockholder. We may limit our consent to a specified time period and subject our consent to certain limitations and conditions, which may vary by agreement.

We will receive none of the proceeds from any sales by selling stockholders. Any commissions paid or concessions allowed to any broker-dealer, and, if any broker-dealer purchases such shares as principal, any profits received on the resale of such shares, may be deemed to be underwriting discounts and commissions under the Securities Act. We will pay printing, certain legal, filing and other similar expenses of this offering. Selling stockholders will bear all other expenses of this offering, including any brokerage fees, underwriting discounts or commissions and their own legal expenses.

Selling stockholders may sell the shares of common stock offered by this prospectus:

through Nasdaq or any other securities exchange or quotation service that lists or quotes our common stock for trading;

- in the over-the-counter market;
- in special offerings;
- in privately negotiated transactions;
- by or through brokers or dealers, in ordinary brokerage transactions or transactions in which the broker solicits purchases;
- in transactions in which a broker or dealer will attempt to sell shares as an agent but may position and resell a portion of the shares as principal;
- in transactions in which a broker or dealer purchases as principal for resale for its own account;
- through underwriters or agents; or
- in any combination of these methods.

Selling stockholders may sell their shares at market prices prevailing at the time of sale, at prices related to such prevailing market prices, at negotiated prices or at fixed prices. The transactions above may include block transactions.

Resales by selling stockholders may be made directly to investors or through securities firms acting as underwriters, brokers or dealers. When resales are to be made through a securities firm, the securities firm may be engaged to act as the selling stockholders' agent in the resale of the shares by the selling stockholders, or the securities firm may purchase securities from the selling stockholders as principal and thereafter resell the securities from time to time. The fees earned by or paid to the securities firm may be the normal stock exchange commission or negotiated commissions or underwriting discounts to the extent permissible. The securities firm may resell the securities through other securities dealers, and commissions or concessions to those other dealers may be allowed. We and the selling stockholders may indemnify any securities firm participating in such transactions against certain liabilities, including liabilities under the Securities Act, and may reimburse them for any expenses in connection with an offering or sale of securities. We may also agree to indemnify the selling stockholders against any such liabilities or reimburse them for expenses. Profits, commissions and discounts on sales by persons who may be deemed to be underwriters within the meaning of the Securities Act may be deemed underwriting compensation under the Securities Act.

Selling stockholders may also offer shares of common stock covered by this prospectus by means of prospectuses under other registration statements or pursuant to exemptions from the registration requirements of the Securities Act, including sales that meet the requirements of Rule 144 or Rule 145(d) under the Securities Act. Selling stockholders should seek the advice of their own counsel about the legal requirements for such sales.

This prospectus will be amended or supplemented, if required by the Securities Act and the rules of the SEC, to disclose the name of the selling stockholder, the participating securities firm, if any, the number of shares of common stock involved and other information concerning the resale, including the terms of any distribution, the names of any underwriters, brokers, dealers or agents and any discounts, commissions, concessions or other items constituting compensation. We may agree to keep the registration statement relating to the offering and sale by the selling stockholders of our securities continuously effective until a fixed date or the date on which the shares may be resold without registration under the Securities Act.

DESCRIPTION OF COMMON STOCK

We are authorized to issue up to 1,000,000,000 shares of common stock. Each share has a par value of \$0.01. The following description summarizes various provisions of our common stock. The summary is not complete and is subject to, and qualified in its entirety by, our restated certificate of incorporation and amended and restated bylaws, copies of which have been filed as exhibits to our most recent annual report on Form 10-K, and the provisions of applicable Delaware law.

Table of Contents

Common Stock

Each share of our common stock entitles the holder to one vote on all matters submitted to a vote of stockholders, including the election of directors. The holders of common stock are entitled to receive dividends, if any, declared from time to time by the directors out of legally available funds. The payment of dividends is restricted by the terms of our credit facility and our senior note indentures. In the event of our liquidation, dissolution or winding up, the holders of common stock are entitled to share ratably in all assets remaining after the payment of liabilities.

The common stock has no preemptive or conversion rights or other subscription rights. There are no redemption or sinking fund provisions applicable to the common stock. All outstanding shares of common stock are fully paid and nonassessable.

Anti-Takeover Effects of Our Certificate of Incorporation and Bylaws

Some provisions of our restated certificate of incorporation and amended and restated bylaws may be deemed to have an anti-takeover effect and may delay or prevent a tender offer or takeover attempt that a stockholder might consider to be in its best interest. These provisions include:

Special Meetings of Stockholders

Our restated certificate of incorporation provides that special meetings of our stockholders may be called only by the president or by a majority of the board of directors. As a result, stockholders must rely on the board of directors to call a special meeting or wait until the next annual meeting to hold a vote on extraordinary matters like a significant transaction and would have to comply with the notice provisions described below. The restriction on the ability of stockholders to call a special meeting means that a proposal to replace the board also could be delayed until the next annual meeting.

Advance Notice Procedure

Our amended and restated bylaws establish an advance notice procedure for stockholder proposals to be brought before an annual meeting of our stockholders, including proposed nominations of persons for election to the board of directors. Generally, the advance notice provisions require that written notice of the proposals or nominations must be given to our secretary no less than 60 days nor more than 90 days prior to the annual meeting. However, if notice or prior public disclosure of the annual meeting date is given less than 70 days prior to the meeting, the notice must be received by our secretary no later than the close of business on the tenth day following the day on which notice of the annual meeting date was mailed or public disclosure was made, whichever occurs first.

At an annual meeting, stockholders may only consider proposals or nominations specified in the notice of meeting, brought before the meeting by or at the direction of the board of directors, or brought before the meeting by a stockholder who has complied with the notice provisions described above. Our amended and restated bylaws may have the effect of precluding the conduct of certain business at a meeting if the proper procedures are not followed. These provisions may also discourage or deter a potential acquirer from conducting a solicitation of proxies to elect the acquirer's own slate of directors or otherwise attempting to obtain control of us.

No Stockholder Action by Written Consent

Delaware law provides that stockholders may take action by written consent in lieu of a stockholder meeting.

However, Delaware law also allows us to eliminate stockholder actions by written consent, which we have done.

Elimination of written consents of stockholders may lengthen the amount of time required to take stockholder actions because actions by written consent are not subject to the minimum notice requirement of a stockholders' meeting. The elimination of stockholders' written consents may also deter hostile takeover attempts. Without the availability of stockholders' actions by written consent, a holder controlling a majority of our capital stock would not be able to amend our bylaws or remove directors without holding a stockholders meeting. The holder would have to obtain the consent of a majority of the board of directors to call a special stockholders' meeting or comply with the notice periods applicable to annual meetings.

Table of Contents

Authorized but Unissued Shares

The authorized but unissued shares of common stock will be available for future issuance without stockholder approval. These additional shares may be utilized for a variety of corporate purposes, including public offerings to raise additional capital, acquisitions and employee benefit plans. The existence of authorized but unissued shares of common stock could render more difficult or discourage an attempt to obtain control of a majority of our stock by means of a proxy contest, tender offer, merger or otherwise.

Material Provisions of Delaware Law

We are subject to the provisions of Section 203 of the Delaware General Corporation Law. In general, such provisions prohibit a publicly-held Delaware corporation from engaging in any business combination transactions with any interested stockholder for a period of three years after the date of the transaction in which the person became an interested stockholder, unless:

the transaction is approved by the board of directors prior to the date the interested stockholder obtained that status; upon consummation of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced, excluding for purposes of determining the number of shares of voting stock outstanding those shares owned by (a) persons who are directors and also officers and (b) employee stock plans in which employee participants do not have the right to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer; or

on or subsequent to the date the person became an interested stockholder, the business combination is approved by the board of directors and authorized at an annual or special meeting of stockholders, and not by written consent, by the affirmative vote of at least $66\frac{2}{3}\%$ of the outstanding voting stock which is not owned by the interested stockholder.

A “business combination” is defined to include mergers, asset sales and other transactions resulting in financial benefit to an interested stockholder. In general, an “interested stockholder” is a person who, together with affiliates and associates, owns, or at any time in the previous three years owned, 15% or more of a corporation’s voting stock. The statute could have the effect of prohibiting or delaying mergers or other takeover or change in control attempts.

PART II

INFORMATION NOT REQUIRED IN THE PROSPECTUS

ITEM 20. INDEMNIFICATION OF OFFICERS AND DIRECTORS

The registrant is organized under the Delaware General Corporation Law (DGCL), which empowers Delaware corporations to indemnify any director or officer, or former director or officer, who was or is a party, or is threatened to be made a party, to any threatened, pending, or completed action, suit or proceeding, whether civil, criminal, administrative, or investigative (other than an action by or in the right of the corporation) by reason of the fact that such person is or was a director, officer, employee, or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee, or agent of another corporation, partnership, joint venture, trust, or other enterprise, against expenses (including attorneys' fees), judgments, fines, and amounts paid in settlement, actually and reasonably incurred in connection with such action, suit, or proceeding, provided that such director or officer acted in good faith in a manner reasonably believed to be in, or not opposed to, the best interests of the corporation, and, with respect to any criminal action or proceeding, provided further that such director or officer had no reasonable cause to believe his conduct was unlawful.

The DGCL also empowers Delaware corporations to provide similar indemnity to any director or officer, or former director or officer, for expenses, including attorneys' fees, actually and reasonably incurred by the person in connection with the defense or settlement of actions or suits by or in the right of the corporation if the person acted in good faith and in a manner the person reasonably believed to be in or not opposed to the interests of the corporation, except in respect of any claim, issue, or matter as to which such director or officer shall have been adjudged to be liable to the corporation unless and only to the extent that the Court of Chancery or the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability, but in view of all of the circumstances of the case, such director or officer is fairly and reasonably entitled to indemnity for such expenses that the Court of Chancery or such other court shall deem proper.

The DGCL further provides that (i) to the extent a present or former director or officer of a corporation has been successful in the defense of any action, suit, or proceeding described above or in the defense of any claim, issue or matter therein, such person shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by such person in connection therewith, and (ii) indemnification and advancement of expenses provided by, or granted pursuant to, the DGCL shall not be deemed exclusive of any other rights to which the indemnified party may be entitled.

The DGCL permits a Delaware corporation to purchase and maintain, on behalf of any director or officer, insurance against liabilities incurred in such capacities. The DGCL also permits a corporation to pay expenses incurred by a director or officer in advance of the final disposition of an action, suit, or proceeding, upon receipt of an undertaking by the director or officer to repay such amount if it is determined that such person is not entitled to indemnification. As permitted by the DGCL, the registrant's restated certificate of incorporation eliminates the personal liability of a director to the corporation or its stockholders for monetary damages for violations of the director's fiduciary duty except, to the extent provided by applicable law, (i) for any breach of the director's duty of loyalty to the corporation or its stockholders, (ii) for acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of law, (iii) pursuant to Section 174 of the DGCL (providing for liability of directors for unlawful payment of dividends or unlawful stock purchases or redemptions), or (iv) for any transaction from which a director derived an improper personal benefit. In addition, the registrant's restated certificate of incorporation provides that it is required to indemnify its directors and officers to the fullest extent permitted by the DGCL for any expenses, liabilities or other matters, that such indemnification is not exclusive of any other right to indemnification that such person may be entitled to otherwise, and that the right to such indemnification is available for current and former directors and officers and inures to the benefit of their heirs, executors, and administrators. The registrant's amended

Table of Contents

and restated bylaws also contain provisions for indemnification of its directors and officers consistent with the provisions of the DGCL.

The registrant has also entered into an indemnification agreement with each of its directors and officers which provides for certain rights to indemnification and payment of expenses in addition to and in furtherance of the indemnification provisions in our restated certificate of incorporation.

The foregoing statements are subject to the detailed provisions of the DGCL and the registrant's restated certificate of incorporation, amended and restated bylaws, and the form of indemnification agreement, the latter three of which have been filed as exhibits to the registrant's most recent annual report on Form 10-K.

The registrant has obtained insurance policies indemnifying its directors and officers against certain civil liabilities and related expenses.

ITEM 21. EXHIBITS

Incorporated by reference to the Exhibit Index at the end of this registration statement.

ITEM 22. UNDERTAKINGS

The undersigned registrant hereby undertakes:

1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

i) To include any prospectus required by Section 10(a)(3) of the Securities Act;

To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereto) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement; notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

ii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

If the registrant is subject to Rule 430C, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a

Table of Contents

purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities:

The undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

- (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
- (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
- (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
- (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

6) That, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

7) That prior to any public reoffering of the securities registered hereunder through use of a prospectus which is a part of this registration statement, by any person or party who is deemed to be an underwriter within the meaning of Rule 145(c), the issuer undertakes that such reoffering prospectus will contain the information called for by the applicable registration form with respect to reofferings by persons who may be deemed underwriters, in addition to the information called for by the other items of the applicable form;

8) That every prospectus (i) that is filed pursuant to the immediately preceding paragraph, or (ii) that purports to meet the requirements of Section 10(a)(3) of the Securities Act of 1933 and is used in connection with an offering of securities subject to Rule 415, will be filed as a part of an amendment to the registration statement and will not be used until such amendment is effective, and that, for purposes of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

9) To respond to requests for information that is incorporated by reference into the prospectus pursuant to Items 4, 10(b), 11, or 13 of this Form, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the registration statement through the date of responding to the request.

10) To supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in the registration statement when it became effective.

Table of Contents

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
