Compensation Discussion and Analysis

Our Compensation Committee is responsible for establishing director and executive officer compensation, policies and programs to insure that they are consistent with our compensation philosophy and corporate governance guidelines. The Compensation Committee is authorized to make plan awards to our employees to recognize individual and company-wide achievements as the Committee deems appropriate. Our Compensation Committee has annually reviewed and approved base salary and incentive compensation levels, employment agreements and benefits of executive officers and other key executives.

We have implemented a compensation program that is designed to reward our management for maximizing stockholder value and ensuring the long-term stability of our company. Our compensation program is intended to reward individual accomplishments, team success and corporate results. It also recognizes the varying responsibilities and contributions of each employee and is intended to foster an ownership mentality among our management team.

Stock-Based Incentives

We have traditionally utilized stock incentives as a means to align the interests of our management with the interests of our stockholders and motivate our management to enhance stockholder value. Stock issuances to-date have been designed to serve as both short-term rewards and long-term incentives. As a result, each of our named executive officers holds a significant number of shares of our outstanding common stock.

Year-End Compensation Decisions

Near the end of the 2009, the Compensation Committee met on multiple occasions to consider the performance of our named executive officers and make year-end compensation decisions. In evaluating the performance of our named executive officers, the Committee primarily focused on the accomplishments and overall performance of the Company during 2009. Notable accomplishments in 2009 that the Compensation Committee took into account were the closing of a \$25 million credit facility with CIT; the raising of over \$70 million in equity capital at accretive levels; the substantial increase in production and revenues from 2008 to 2009; the efficient expansion of the company's acreage position throughout 2009; and the realization of almost a 400% stock appreciation from the lows of March 2009.

The Compensation Committee also examined the compensation policies and practices of numerous exploration and production companies which it deemed to be similar to our company. The companies examined included Kodiak Oil & Gas Corp., Double Eagle Petroleum Co., Gasco Energy, Inc., Gastar Exploration Ltd., Union Drilling, Inc., Bronco Drilling Company, Venoco Inc. and FX Energy, Inc. The Compensation Committee used this information in determining 2009 bonus and 2010 base salary amounts for our management.

2009 Cash Bonuses

On November 30, 2009, the Compensation Committee approved the payment of a \$570,000 cash bonus to each of Mr. Reger and Mr. Gilbertson, in recognition of their contributions to the Company and the significant accomplishments of the Company during 2009, as described above under "Compensation Committee Evaluation of Performance."

2009 Equity Incentive Plan

In 2009, the Board adopted and the stockholders approved the 2009 Equity Incentive Plan (the "Plan"). The Plan is designed to enable our company to attract, retain and motivate capable and loyal employees, non-employee directors, consultants and advisors. The Plan is administered by our Compensation Committee.

The Plan permits grants of both options to purchase common stock and restricted shares of our common stock. Stock options granted under the Plan may be either incentive stock options, which qualify for favorable tax treatment under Section 422 of the Internal Revenue Code, or nonqualified stock options, which do not qualify for favorable tax treatment. The Plan permits grants of options to any employee, non-employee director, consultant or advisor of our company or its subsidiaries.

A total of 3,000,000 shares of our common stock are reserved for issuance pursuant to awards granted under the Plan. The maximum number of shares for which any person may be granted awards under the Plan is 500,000 shares annually. The maximum number of shares for which awards may be granted under the Plan to all persons in any calendar year shall be limited to ten percent (10%) of the total outstanding shares of our common stock. Upon a “change in control” of the Company, all outstanding options granted under the Plan immediately vest and become immediately exercisable in full and all grants of restricted stock issued under the Plan become immediately fully-vested and free of all forfeiture and transfer restrictions.

On February 23, 2009, the Compensation Committee approved (subject to shareholder approval of the Plan, which was subsequently obtained) the issuance of 75,000 shares of common stock to each of Mr. Winter and Mr. Sankovitz, of which 45,000 shares were fully vested upon issuance and the remaining 30,000 of which were restricted shares that were to vest in two equal installments on January 1, 2010 and January 1, 2011. These grants were made in recognition of the contributions of Mr. Winter and Mr. Sankovitz since they were each initially hired by the Company and to further align their interests with those of our stockholders.

On November 30, 2009, the Compensation Committee approved the issuance of 150,000 shares of common stock to each of Mr. Reger and Mr. Gilbertson, of which 50,000 shares were fully vested upon issuance and the remaining 100,000 of which are restricted shares that vest in approximately equal installments on the first day of each month from January 2010 through December 2011. In addition, on November 30, 2009, the Compensation Committee approved the issuance of 25,000 shares of common stock to each of Mr. Winter and Mr. Sankovitz, all of which were fully vested upon grant and approved the acceleration and immediate vesting of 15,000 shares of restricted stock previously granted to each of Mr. Winter and Mr. Sankovitz, which were otherwise scheduled to vest on January 1, 2010. All such actions taken by the Compensation Committee were made in recognition of the named executive officers' contributions to the Company during 2009 and the company's achievements during 2009 (as described above under "Compensation Committee Evaluation of Performance") and to further align their interests with those of our stockholders.

On March 17, 2010, the Compensation Committee approved the issuance of 250,000 shares of common stock to each of Mr. Reger, Mr. Gilbertson, Mr. Winter and Mr. Sankovitz. Each such grant consisted of 12,500 shares that were fully vested upon issuance and 237,500 restricted shares that will vest in quarterly installments from July 1, 2010 through January 1, 2014. The first three quarterly vesting installments are for 12,500 shares each, the next eight quarterly vesting installments are for 15,625 shares each and the final four quarterly vesting installments are for 18,750 shares each. Such grants were made in order to significantly increase each executive officer's personal stake in the Company, thereby further aligning their interests with those of our stockholders. In addition, the four year vesting period will provide our executive officers with a strong incentive to remain with the Company for the long-term. The Compensation Committee examined the compensation practices of various publicly-traded oil and gas exploration and production peer companies, including (in alphabetical order) Abraxas Petroleum Corp., Callon Petroleum Co., Carrizo Oil & Gas, Inc., Double Eagle Petroleum Co., Energy XXI (Bermuda) Limited, EV Energy Partners LP, GMX Resources Inc., Goodrich Petroleum Corp., Kodiak Oil and Gas, PetroQuest Energy Inc., Rex Energy Corporation Stone Energy Corp. and Swift Energy Co. The Compensation Committee also engaged BDO Seidman as an independent consultant to prepare an analysis of peer company compensation practices. BDO Seidman concluded that the award of equity, in combination with prior year awards and a continuation of cash compensation at levels suggested by our Compensation Committee, sets our executive officers' compensation at market-competitive levels for the next four years, and the vesting terms of the awards establish a meaningful incentive to remain with our company.

Employment Contracts, Termination of Employment and Change-in-Control

In January 2008, we entered into employment agreements with Mr. Reger and Mr. Gilbertson covering their service as our Chief Executive Officer and Chief Financial Officer, respectively. In November 2007 and March 2008, we entered into employment agreements with Chad D. Winter and James R. Sankovitz, respectively, as a condition to their employment with our company. On January 30, 2009, our board of directors and Compensation Committee approved certain amendments to all employment agreements, which were effectuated through adopting amended and restated employment agreements. In March 2010, Mr. Winter and Mr. Sankovitz were promoted to executive officer positions with the Company and in connection therewith entered into new employment agreements.

General Employment Agreement Provisions

The current employment agreements entitle Messrs. Reger, Gilbertson, Winter and Sankovitz to each receive an annual base salary as determined by our Compensation Committee, but which shall increase each year a minimum of four percent (4.0%) over the prior year's annual salary. All officers are eligible to receive bonus compensation at the discretion of our Compensation Committee or board of directors based upon meeting or exceeding established performance objectives. The employment agreements also contain provisions prohibiting our named executive officers from competing with our company or soliciting any employees of our company for a period of one year following termination of their employment in the event either officer terminates his employment with our company.

The current employment agreements have a three-year term commencing January 30, 2009 for Messrs. Reger and Gilbertson and March 25, 2010 for Messrs. Winter and Sankovitz, which term automatically renews for an additional three-year term each year unless otherwise terminated by either the Company or the employee. Notwithstanding the specified term, each employee's employment with our company is entirely "at-will," meaning that either the employee or our company may terminate such employment relationship at any time for any reason or for no reason at all, subject to the provisions of the then-applicable employment agreements.

Change-in-Control and Similar Provisions

The current employment agreements of each named executive officer contain change-in-control provisions entitling the employees to certain payments under specified circumstances. A “change-in-control” is defined as any one or more of the following:

- The consummation of a reorganization, merger, share exchange, consolidation or similar transaction, or the sale or disposition of all or substantially all of the assets of our company, unless, in any case, the persons beneficially owning the voting securities of our company immediately before that transaction beneficially own, directly or indirectly, immediately after the transaction, at least seventy-five percent (75%) of the voting securities of our company or any other corporation or other entity resulting from or surviving the transaction in substantially the same proportion as their respective ownership of the voting securities of our company immediately prior to the transaction;
- Individuals who constitute the incumbent board of directors cease for any reason to constitute at least a majority of the board of directors; or
 - Our stockholders approve a complete liquidation or dissolution of our company.

Upon a change-in-control of our company, each employee’s employment agreement will immediately cease and our employees will be entitled to certain specified compensation.

In the event of a change-in-control, upon the earlier to occur of their death or six (6) months following the “change in control” we must pay each of our named executive officers a lump sum payment equal to twice their then-applicable annual salary in lieu of any and all other benefits and compensation to which they otherwise would be entitled. Messrs. Reger, Gilbertson, Winter and Sankovitz also are entitled to the pre-payment of the remaining lease term of their company vehicle and use of such vehicle through the remaining lease term of such vehicle, along with a lump sum payment of the estimated insurance premiums for such vehicle through the remaining lease terms upon a change-in-control.

In addition to the cash payments referenced above, upon any change-in-control our company or its successor must pay and/or issue (as appropriate) to both Messrs. Winter and Sankovitz that amount of cash and/or that number of shares of our common stock or shares of capital stock or ownership interests of any other entity which they would have been entitled to receive in connection with the change-in-control had they owned an aggregate of 30,000 fully-paid and non-assessable shares of our common stock prior to the change-in-control.

Assuming a change-in-control had occurred as of December 31, 2009 and assuming then-applicable base salaries, Messrs. Reger and Gilbertson each would have been entitled to receive a lump sum cash payment of \$570,000 and each of Messrs. Winter and Sankovitz would have been entitled to receive a lump sum cash payment of \$310,000. In addition, Messrs. Reger and Gilbertson each would have been entitled to payment of approximately \$7,000 toward their vehicle lease and related insurance and Messrs. Winter and Sankovitz each would have been entitled to payment of approximately \$11,000 toward their vehicle lease and related insurance. At December 31, 2009, the value of stock or similar change-in-control compensation to be awarded to both Messrs. Winter and Sankovitz would have approximated \$360,600.

Our Compensation Committee carefully reviewed and considered the foregoing change-in-control provisions before approving the current employment agreements of each of our named executive officers. In addition, our Compensation Committee Chairperson—Lisa Meier—was involved in reviewing and negotiating draft employment agreements in

advance of the full Committee review and approval.

The Audit Committee of the board consists of three members who are neither officers nor employees of our company and who meet NYSE Amex independence requirements. Information as to these persons, as well as their duties, is provided under the caption "Our board of directors and Committees." The Committee met eight times during 2009 and reviewed a wide range of issues, including the objectivity of the financial reporting process and the adequacy of internal controls. In addition, the Committee received reports and reviewed matters regarding ethical considerations and business conduct and monitored compliance with laws and regulations. Prior to filing our annual report on Form 10-K, the Committee also met with our management and internal auditors and reviewed the current audit activities, plans and results of selected internal audits. The Committee also met privately with the internal auditors and with representatives of Mantyla McReynolds to encourage confidential discussions as to any accounting or auditing matters.

The Audit Committee has (a) reviewed and discussed with management and representatives of our company's independent registered public accountants our company's audited financial statements contained for the year ended December 31, 2009; (b) discussed with our company's independent registered public accountants the matters required to be discussed by the statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1. Item 12. Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters

The following table presents information, to the best of our knowledge, about the beneficial ownership of our common stock on March 31, 2010, held by those persons known to beneficially own more than 5% of our capital stock and by our directors and executive officers. The percentage of beneficial ownership for the following table is based on 44,926,331 shares of common stock outstanding as of March 31, 2010.

Beneficial ownership is determined in accordance with the rules of the SEC and does not necessarily indicate beneficial ownership for any other purpose. Under these rules, beneficial ownership includes those shares of common stock over which the stockholder has sole or shared voting or investment power. It also includes (unless footnoted) shares of common stock that the stockholder has a right to acquire within 60 days after March 31, 2010 through the exercise of any option or other right. The percentage ownership of the outstanding common stock, however, is based on the assumption, expressly required by the rules of the SEC, that only the person or entity whose ownership is being reported has converted options into shares of our common stock.

(1) As used in this table, "beneficial ownership" means the sole or shared power to vote, or to direct the voting of, a security, or the sole or shared investment power with respect to a security (i.e., the power to dispose of, or to direct the disposition of, a security). The address of each member of management and each director is care of our company.

(2) Figures are rounded to the nearest tenth of a percent.

(3) As set forth on Amendment No. 1 to Schedule 13G filed with the SEC on February 16, 2010, the Fidelity Management & Research Company, a wholly-owned subsidiary of FMR LLC and an investment adviser registered under Section 203 of the Investment Advisers Act of 1940, is the beneficial owner of 6,278,647 shares of the company's common stock as a result of acting as investment adviser to various investment companies registered under Section 8 of the Investment Company Act of 1940.

Members of the family of Edward C. Johnson 3d, Chairman of FMR LLC, are the predominant owners, directly or through trusts, of Series B voting common shares of FMR LLC, representing 49% of the voting power of FMR LLC. The Johnson family group and all other Series B shareholders have entered into a shareholders' voting agreement under which all Series B voting common shares will be voted in accordance with the majority vote of Series B voting common shares. Accordingly, through their ownership of voting common shares and the execution of the shareholders' voting agreement, members of the Johnson family may be deemed, under the Investment Company Act of 1940, to form a controlling group with respect to FMR LLC.

Neither FMR LLC nor Edward C. Johnson 3d, Chairman of FMR LLC, has the sole power to vote or direct the voting of the shares owned directly by the Fidelity funds, which power resides with the funds' boards of trustees. Fidelity Management & Research Company carries out the voting of the shares under written guidelines established by the funds' boards of trustees.

Each of PAI, its manager, Palo Alto Investors, its controlling shareholder, William Leland Edwards and the President of PAI and Palo Alto Investors, Anthony Joonkyoo Yun, MD, disclaims membership in a group and disclaims beneficial ownership of the shares, except to the extent of that person's pecuniary interest therein.

Item 13. Certain Relationships and Related Transactions, and Director Independence

As an oil and gas exploration company, our business strategy is to identify and exploit resources in and adjacent to existing or indicated producing areas that can be quickly developed and put in production at low cost. We are focused on low overhead and, thus, have relied upon various relationships with third-parties that assist us in identifying and acquiring property in the most exciting new plays in a nimble and efficient fashion. As a consequence, we have entered into and may in the future enter into, certain transactions and arrangements with parties that have a direct or indirect relationship with one or more members of our management or board of directors.

A majority of the members of our board of directors have qualified as “independent” as defined in Section 803(a)(2) of the NYSE Amex company guide since September 2007 and our board of directors has approved any and all transactions involving any material obligation by our company to any party. See Directors—Independence and Committees above for a complete discussion regarding our Audit Committee and the independence of our directors. Our Audit Committee Charter, as amended March 18, 2008 and the NYSE Amex company guide require that Audit Committee review and approve all material transactions between our company and its directors, officers and 5% or greater stockholders, as well as all material transactions between our company and any relative or affiliate of any of the foregoing. We anticipate that our Audit Committee will review and approve or ratify future transactions involving any executive officer, director, 5% or greater stockholder or any relative or affiliate of any of the foregoing.

In September 2007, we commenced a continuous lease program with South Fork Exploration, LLC (“SFE”), a Montana limited liability Company owned and managed by J.R. Reger, brother of our Chief Executive Officer and Chairman—Michael Reger. Under the terms of the program, we paid SFE an aggregate of \$501,603 in 2009. J.R. Reger is also a stockholder of our company.

On January 30, 2009, our Compensation Committee and Audit Committee approved the issuance of non-negotiable, unsecured subordinated promissory notes in the principal amount of \$370,000 to both Mr. Reger and Mr. Gilbertson in lieu of paying cash bonuses earned in 2008.

On November 17, 2009, the Audit Committee approved the opening of an investment account with Morgan Stanley Smith Barney LLC for management of a portion of the company’s excess cash. This account will be managed by Kathleen Gilbertson, a financial advisor with that firm who is the sister of our President and Director, Ryan Gilbertson. Depending on liquidity needs, we expect to invest approximately \$30 million to \$60 million in this investment account and Kathleen Gilbertson’s personal interest in any such amount we invest is expected to be approximately \$7,000 to \$20,000, depending upon the specific investments chosen for our funds.

Except as disclosed above, we had no transactions during 2009 and none are currently proposed, in which we were a participant and in which any related person had a direct or indirect material interest.

Item 14. Principal Accountant Fees and Services

Registered Public Accountant Fees

Mantyla McReynolds served as our independent auditor for the two most recently completed years. Aggregate fees for professional services rendered by Mantyla McReynolds for the years ended December 31, 2008 and December 31, 2009 were as follows:

Fiscal Year Ended	Fiscal Year Ended
----------------------	----------------------

	December 31, 2008	December 31, 2009
Audit Fees	\$ 140,142	\$ 209,456
Audit-Related Fees	-	-
Tax Fees	-	-
All Other Fees	3,007 (1)	1,121 (2)
Total	\$ 143,149	\$ 210,577

(1) All other fees in 2008 consisted of fees for contract reviews and the potential accounting impact.

(2) All other fees in 2009 consisted of fees relating to FINRA dispute resolution matter against UBS Financial Services, Inc.

Audit fees were for professional services rendered for the audits of the financial statements, reviews of income tax provisions, audits of statutory financial statements, consents and the review of documents we filed with the SEC. The percentage of hours spent by Mantyla McReynolds on these services that were attributable to work performed by persons not employed by Mantyla McReynolds on a full-time permanent basis did not exceed 50 percent.

The Audit Committee of the board of directors has determined that the provision of services covered by the foregoing fees is compatible with maintaining the principal accountant's independence. See Audit Committee Report.

Pre-Approval Policies and Procedures of Audit Committee

Our Audit Committee has adopted pre-approval policies and procedures to ensure the continued independence of our auditor. As a general rule, we will only engage our auditors for non-audit-related work if those services enhance and support the attest function of the audit or are an extension to the audit or audit-related services.

Our Audit Committee annually evaluates our auditors' independence, professional capability and fees based on a variety of factors. The Committee annually obtains from the auditor a formal written statement delineating all relationships between the auditor and our company, consistent with Independence Standards Board Standard 1 and engages in a dialogue with the auditor with respect to any disclosed relationships or services that may impact the objectivity and independence of the auditor.

The Audit Committee takes appropriate action to oversee the independence of the auditor, which includes review and approval of the auditors' annual audit plan and audit scope including a description of key functions and/or locations to be audited, a general description of each of the non-audit services provided or to be provided and an estimate of audit and non-audit fees and costs for the year and actual versus estimated for the preceding year. The Committee ascertains whether resources are reasonably allocated as to risk and exposure and makes any recommendations that might be required to more appropriately allocate the auditors' efforts.

The Audit Committee appraises the efficiency and effectiveness of the audit efforts and of financial accounting and reporting systems through scheduled meetings with the auditors and ensures that management places no restrictions on the scope of audits or examinations. The lead audit partner will review with the Committee the services the auditor expects to provide and the related fees, as appropriate. In addition, management will provide the Committee with a periodic updates of any non-audit services that the auditor has been asked to provide or may be asked to provide in the future.

The Committee pre-approved all of the services we received from Mantyla McReynolds during 2009.
