The Plan's Trustees  
Zebra Technologies Corporation Profit Sharing and Savings Plan:

We have audited the accompanying statements of net assets available for benefits of the Zebra Technologies Corporation Profit Sharing and Savings Plan (the Plan) as of December 31, 2003 and 2002, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2003 and 2002, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule, Schedule H, Line 4i schedule of assets (held at end of year) as of December 31, 2003, is presented for the purpose of additional analysis and is not required as part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management and has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

PROFIT SHARING AND SAVINGS PLAN**

Notes to the Financial Statements

December 31, 2003 and 2002

**(1)** Description of Plan

The following description of the Zebra Technologies Corporation Profit Sharing and Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

***General***

The Plan is a defined contribution plan covering eligible employees of Zebra Technologies Corporation (the Company) subject to certain service requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective March 1, 2001, the Company changed the plan trustee and recordkeeper from Wilmington Trust and AMG, respectively, to T. Rowe Price.

***Contributions***

Each year, participants may contribute 1% to 15% of eligible compensation on a pretax basis within certain specified limitations. In addition to the Company match of 50% of the participants first 6% of eligible compensation, the Plan permits discretionary profit sharing contributions by the Company which were made by the Company in both 2003 and 2002 as reported in the statements of changes in net assets available for benefits. Employer profit sharing contributions are allocated to participants based upon participant's earnings.

The Plan currently offers 14 mutual funds and Zebra Technologies Corporation common stock as investment options for participants. During 2002, the Plan was amended to permit eligible employees to make additional elective deferrals to the Plan known as "catch-up" contributions, as permitted by the Economic Growth and Tax Relief Reconciliation Act of 2001. Such contributions are excluded from the Company's matching contribution.

***Number of Participants***

During 2003, a total of 1,749 employees were eligible to participate in the Plan.

*Participant Accounts*

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching and discretionary profit sharing contributions and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

***Vesting***

Participant contributions, and earnings thereon, vest immediately. Employer matching and discretionary profit sharing contributions, and earnings thereon, vest ratably over five years based on the participant's years of service, as follows:

	<b>Percent vested</b>	
Less than one year	%	
One year	20	
Two years	40	
Three years	60	
Four years	80	
Five years or more	100	

***Payment of Benefits***

Benefits are recorded when paid. Payments of benefits are in the form of lump sum distributions.

***Hardship/Withdrawals***

Participants may withdraw funds from their savings contribution account after meeting certain criteria as defined in the Plan. The minimum hardship distribution is \$1,000.

***Loans to Participants***

Loans are available to plan participants at the prime interest rate (as published by American National Bank of Chicago), under circumstances as described in the Plan. Loans to plan participants are secured by their vested balance and may not exceed the lesser of 50% of their vested balance or \$50,000. Participant loans are repaid through payroll deductions and bear interest at rates ranging from 3.81% to 10.50%.

***Termination of the Plan***

Although the Company has not expressed any intent to terminate the Plan, it may do so at any time, subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions and earnings thereon.

(2) Summary of Significant Accounting Policies

*Basis of Presentation*

The accompanying financial statements have been prepared on the accrual basis of accounting.

*Investment Valuation and Income Recognition*

Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. The Company's common stock is valued at its quoted market price. Participant loans are valued at cost, which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. The cost of investments is determined on an average cost basis. Dividends are recorded on the ex-dividend date.

*Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and the reported amounts in changes in net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

(3) Federal Income Taxes

The Plan has received a favorable determination letter from the Internal Revenue Service, dated September 11, 2002, indicating that it is qualified under Section 401(a) of the Internal Revenue Code (IRC) and therefore, the related trust is exempt from tax under Section 501(a) of the IRC.

The Plan has been amended and restated since receiving the determination letter. However, the Plan's trustee and administrator believe that the Plan, as designed, is currently being operated in compliance with the applicable requirements of the IRC.

(4) Administrative Expenses

Edgar Filing: ZEBRA TECHNOLOGIES CORP/DE - Form 11-K

Amounts forfeited by participants are used to offset administrative expenses of the Plan. To the extent administrative expenses exceed forfeitures such expenses are paid by the Company. The Company paid expenses in the amount of \$5,000 for each of the years ended December 31, 2003 and 2002. It is not the intention of the Company to obtain reimbursements from the Plan for these payments.
