Annual Meeting of Shareholders

May 3, 2006

PROXY STATEMENT

GENERAL

The Annual Meeting of Shareholders of Winmark Corporation (Company) will be held on Wednesday, May 3, 2006, at 4:00 p.m., Central Daylight Time, at the Company s corporate offices, 4200 Dahlberg Drive, Suite 100, Minneapolis, Minnesota, for the purposes set forth in the Notice of Annual Meeting of Shareholders.

The enclosed proxy is solicited by the Board of Directors of the Company. Such solicitation is being made by mail and may also be made by directors, officers and regular employees of the Company personally or by telephone. Any proxy given pursuant to such solicitation may be revoked by the shareholder at any time prior to the voting thereof by so notifying the Company in writing at the above address, attention: General Counsel, or by appearing in person at the meeting. Shares represented by proxies will be voted as specified in such proxies, and if no choice is specified, will be voted in favor of the proposals set forth in the Notice of Meeting and in favor of the number and slate of directors proposed by the Board of Directors and listed herein.

Shares voted as abstentions on any matter (or a withhold authority vote as to directors) will be counted as present and entitled to vote for purposes of determining a quorum and for purposes of calculating the vote with respect to such matter, but will not be deemed to have been voted in favor of such matter. If a broker submits a non-vote proxy, indicating that the broker does not have discretionary authority to vote certain shares on a particular matter, those shares will be counted as present for purposes of determining a quorum, but will not be considered present and entitled to vote for purposes of calculating the vote with respect to such matter.

All of the expenses involved in preparing, assembling and mailing this proxy statement and the material enclosed herewith will be paid by the Company. The Company may reimburse banks, brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in sending proxy material to beneficial owners of stock. This proxy statement and accompanying form of proxy are first being mailed to shareholders on or about March 31, 2006.

OUTSTANDING SHARES AND VOTING RIGHTS

Edgar Filing: WINMARK CORP - Form DEF 14A

The Board of Directors of the Company has fixed March 8, 2006, as the record date for determining shareholders entitled to vote at the Annual Meeting. Persons who were not shareholders on such date will not be allowed to vote at the Annual Meeting. At the close of business on March 8, 2006, 6,038,037 shares of the Company's Common Stock were issued and outstanding. The Common Stock is the only outstanding class of capital stock of the Company entitled to vote at the meeting. Each share of Common Stock is entitled to one vote on each matter to be voted on at the meeting. Holders of Common Stock are not entitled to cumulative voting rights.

Under applicable Minnesota law, approval of the proposal to set the number of directors at seven requires the affirmative vote of the holders of the greater of (i) a majority of the voting power of the shares represented in person or by proxy at the Annual Meeting with authority to vote on such matter or (ii) a majority of the voting power of the minimum number of shares that would constitute a quorum for the transaction of business at the Annual Meeting. The election of the nominees requires the affirmative vote by a plurality of the voting power of the shares present and entitled to vote on the election of directors at a meeting at which a quorum is present.

ELECTION OF DIRECTORS

(Proposals #1 and #2)

At the meeting, the Board of Directors of the Company is to be elected to hold office until the 2007 Annual Meeting or until successors are elected and have qualified. The Bylaws of the Company provide that the number of directors of the Company shall be fixed by the shareholders, subject to increase by the Board of Directors. The Nominating Committee recommended to the Board of Directors that the shareholders set the number of directors at seven and elect the nominees named below.

Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the nominees named below, unless one or more of such nominees should become unavailable for election, in which event such shares shall be voted for the election of such substitute nominees as the Board of Directors may propose. Each person nominated has agreed to serve if elected, and the Company knows of no reason why any of the listed nominees would be unavailable to serve.

Majority of Independent Directors; Committee of Independent Directors

The Board of Directors has determined that Messrs. Dunlap, Reyelts, Wilson, and Ms. Grassle, constituting a majority of the Board of Directors, are independent directors in accordance with rules of the Nasdaq since none of them are believed to have any relationships that, in the opinion of the Board of Directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Messrs. Morgan, Briggs and MacKenzie are precluded from being considered independent by Nasdaq rules since they either currently serve as executive officers of the Company and/or have had a relationship with the Company that preclude them from being deemed independent under Nasdaq rules.

Each member of the Company's Audit Committee, Compensation Committee and Nominating Committee has been determined, in the opinion of the Board of Directors, to be independent in accordance with Nasdaq rules.

Each Nominating Committee member is independent. The Board will consider director candidates recommended by shareholders according to the following membership criteria.

Board Membership Criteria

In selecting the new directors, the Committee shall consider any requirements of applicable law or listing standards, a candidate's strength of character, judgment, business experience and specific area of expertise, factors relating to compensation of the Board, principles of diversity and such other factors as the Committee shall deem important.

determine the eligibility of the nominee.

Certain Relationships and Related Transactions

The Company's wholly owned subsidiary, Wirth Business Credit, Inc. (Wirth) has hired Orion First Financial, LLC (Orion) to perform certain back-office tasks in relation to its small-ticket financing business, including invoicing, collecting, default management and other administrative duties. Wirth has also formed a joint venture in 2006 with Orion to manage a small segment of its portfolio dedicated to higher risk transactions. Those transactions will be funded jointly, and income from such segment will be shared equally. In 2005, John L. Morgan, the Company's Chairman and Chief Executive Officer lent \$400,000 to Orion First Financial, LLC.

On June 20, 2005, the Company repurchased 50,000 shares from Stephen M. Briggs, the Company's President and Chief Executive Officer, at \$18.00 per share.

In 2005, the Company paid approximately \$217,000 to Lindquist & Vennum, PLLP, a law firm in which John L. Morgan's son-in-law is a partner.

Employment Agreements

The Company entered into an employment agreement with John L. Morgan, CEO, in March 2000, which has twice been subsequently amended. The Company increased Mr. Morgan's base salary to \$200,000 on March 1, 2005. The agreement continues in effect until terminated. Mr. Morgan is entitled to a bonus determined by the Compensation Committee. In connection with this agreement, Mr. Morgan was granted an option to purchase 600,000 shares of common stock at an exercise price of \$5.00 per share in March of 2000. The option has fully vested. All such options have been exercised.

No other key executives have an employment agreement with the Company.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the 1934 Act requires the Company's directors, executive officers, and persons who own more than ten percent of the Common Stock of the Company, to file with the Securities and Exchange Commission (Commission) initial reports of beneficial ownership and reports of changes in beneficial ownership of common shares of the Company. Directors, officers and greater than ten percent shareholders are required by the regulations of the Commission to furnish the Company with copies of all Section 16(a) reports they file. Except as set forth below, to the Company's knowledge, based solely on review of the copies of such reports furnished to the Company and written representations that no other reports were required, during the fiscal year ended December 31, 2005, all Form 3, Form 4 and Form 5 filing requirements of the Company's directors, executive officers and persons who own more than ten percent of the Common Stock of the Company were met except as follows: Ronald G. Olson failed to timely file several Form 4's in 2005.

COMPENSATION COMMITTEE REPORT

Compensation Committee. The purpose of the Compensation Committee of the Board of Directors is to oversee compensation of executive officers, key employees and non-employee directors of the Company and oversee broad-based employee compensation policies. The Committee's policy is to insure that compensation programs contribute directly to the success of the Company including enhanced share value. The Compensation Committee is comprised of four members of the Board of Directors, none of whom is an employee of the Company.

Executive Compensation Policies and Programs. The Company's executive compensation programs are designed to attract and retain qualified executives and to motivate them to maximize shareholder investment by achieving strategic Company goals. There are three basic components to the Company's executive compensation program: base pay, annual incentive bonus and long-term, equity-based incentive compensation in the form of stock options. Each component is established in light of individual and Company performance, comparable compensation programs in the Minneapolis/Saint Paul metropolitan area, equity among employees and cost effectiveness.

Base Pay. Base pay is designed to be competitive, although conservative, as compared to salary levels for equivalent positions at comparable companies in the Minneapolis/Saint Paul metropolitan area. The executive's actual salary within this competitive framework depends on the individual's performance, responsibilities, experience, leadership and potential future contribution. The salary of all executive officers is set annually by the Compensation Committee after considering recommendations by the CEO.

Annual Incentive Bonus. In addition to base pay, each executive is eligible to receive an annual cash bonus. For fiscal 2005, the bonus for executives was, depending on the executive, based on the amount of royalties collected by the Company from its franchising operations, the Company's earnings and specific job performance criteria. The Committee believes that it is not in the best interests of the Company to identify the specific financial performance measures.

Long-Term, Equity-Based Incentive Compensation. Under the current program, long-term incentive compensation consists of stock options that generally do not fully vest until after four years. Generally, stock options are awarded with an exercise price equal to the fair market value of the Company's common shares on the date of grant. Accordingly, the executive is rewarded only if the shareholders receive the benefit of appreciation in the price of the Common Stock.

Because long-term options vest over time, the Company periodically grants new options to provide continuing incentives for future performance. Each executive's annual grants are based upon the individual's performance, responsibilities, experience, leadership and potential future contribution and any other factors deemed relevant by the Committee and based on the CEO's recommendations.

Stock options are designed to align the interests of the Company's executives with those of shareholders by encouraging executives to enhance the value of the Company and, hence, the price of the Common Stock and the shareholders' investment. In addition, through deferred vesting, this component of the compensation system is designed to create an incentive for the executive to remain with the Company.

Limits On Deductible Compensation Payable To Executive Officers. The Omnibus Reconciliation Act of 1993 added Section 162(m) to the Internal Revenue Code of 1986, as amended (the Code) limiting corporate deductions to \$1,000,000 for certain compensation paid to the chief executive officer and each of the four other most highly compensated executives of publicly held companies. The Company does not believe it will pay compensation within the meaning of Section 162(m) to such executive officers in excess of \$1,000,000 in the foreseeable future. Therefore, the Company does not have a policy at this time regarding qualifying compensation paid to its executive officers for deductibility under Section 162(m), but will formulate a policy if compensation levels ever approach \$1,000,000.

Employee Compensation Policies and Programs. The Compensation Committee administers and makes recommendations to the Board of Directors regarding any proposed changes to the terms of the Company's equity-based compensation plans.

Director Compensation. The Compensation Committee reviews and approves the overall compensation and benefit programs for non-employee directors to ensure that compensation and benefit plans for non-employee directors are reasonable and are competitive with similar programs for non-employee directors at similar companies.

Annual Reviews. Each year the Compensation Committee reviews the executive compensation polices and programs, the general employee compensation policies and programs and Director compensation and benefits and determines what changes, if any, are appropriate for the following year. In addition, the Committee reviews the individual performance of the Chief Executive Officer.

Compensation Committee Interlocks. No interlocking relationship exists among members of the Company's Board of Directors or Compensation Committee and the Board of Directors or Compensation Committee of any other Company.

The foregoing report is submitted by Paul C. Reyelts, William D. Dunlap, Jr., Mark L. Wilson and Jenele Grassle, the members of the Compensation Committee.

INCREASE IN SHARES RESERVED UNDER THE 2001 STOCK OPTION PLAN

(Proposal #3)

General

On February 24, 2006, the Board amended the Company's 2001 Stock Option Plan (the Plan) to increase the reserved shares of Common Stock from 500,000 to 750,000. As of March 20, 2006, the Company had outstanding incentive and nonqualified options to purchase of an aggregate of 421,000 shares of the Company's common stock granted under the Plan, with exercise prices ranging from \$7.20 to \$26.05 per share. The Board of Directors believes that granting fairly priced stock options to employees, officers, consultants and directors is an effective means to promote the future growth and development of the Company. Such options and awards, among other things, increase these individuals' proprietary interest in the Company's success and enables the Company to attract and retain qualified personnel. The Board of Directors also believe the Plan ties the employees' goals and interests to those of the Company and its shareholders.

A more detailed description of the 2001 Plan is set forth below, but such description is qualified in its entirety by reference to the full text of the Plan, a copy of which may be obtained without charge upon written request to the Company's Vice President and General Counsel, Mark T. Hooley.

Description of the 2001 Plan

Purpose. The purpose of the 2001 Plan is to promote the success of the Company by facilitating the employment and retention of competent personnel and by furnishing incentive to officers, directors, employees, consultants and advisors upon whose efforts the success of the Company and its affiliates will depend to a large degree.

Shares Available. Upon approval of the amendment, the Plan will provide for the issuance of up to 750,000 shares of Common Stock of the Company, subject to adjustment of such number in the event of future increases or decreases in the number of outstanding shares of Common Stock of the Company effected as a result of stock splits, stock dividends, combinations of shares or similar transactions in which the Company receives no consideration. If any options or stock awards granted under the Plan expire or terminate prior to exercise, the shares subject to that portion of the option or stock award are available for subsequent grants.

Term. Incentive stock options may be granted pursuant to the 2001 Plan until February 20, 2011, ten years from the date the 2001 Plan was adopted by the Board. Nonqualified options may be granted under the 2001 Plan until the Plan is discontinued or terminated by the Board.

Administration. The 2001 Plan is administered by the Compensation Committee of the Board of Directors (the Committee). The 2001 Plan gives broad powers to the Committee to administer and interpret the 2001 Plan, including the authority to select the individuals to be granted options and to prescribe the particular form and conditions of each option granted.

Eligibility. All officers and employees of the Company or any subsidiary are eligible to receive incentive stock options pursuant to the 2001 Plan. All directors, officers and employees of, and consultants and advisors to, the Company or any subsidiary are eligible to receive nonqualified stock options pursuant to the 2001 Plan.

Options. When an option is granted under the 2001 Plan, the Committee, at its discretion, specifies the option price, the type of option (whether incentive or nonqualified) to be granted and the number of shares of Common Stock which may be purchased upon exercise of the option. The exercise price of an incentive stock option and, unless otherwise determined by the Committee, the exercise price of a nonqualified stock option, may not be less than 100% of the fair market value of the Company's Common Stock on the date of grant. If an incentive stock option is granted to an individual who owns more than 10% of the voting rights of the Company's common stock, the option exercise price may not be less than 110% of the fair market value on the date of grant. The term during which the option may be exercised and whether the option will be exercisable immediately, in stages or otherwise are set by the Committee, but the term of an incentive stock option may not exceed ten years from the date of grant. Each incentive stock option and, unless otherwise determined by the Committee, each nonqualified stock option granted under the 2001 Plan is nontransferable during the lifetime of the optionee. Each outstanding option under the 2001 Plan may terminate earlier than its stated expiration date in the event of the optionee's termination of employment or directorship.

Amendment. The Board of Directors may, from time to time, suspend or discontinue the Plan or revise or amend it in any respect; provided, (i) no such revision or amendment may impair the terms and conditions of any outstanding option or stock award to the material detriment of the participant without the consent of the participant except as authorized in the event of merger, consolidation or liquidation of the Company, (ii) the Plan may not be amended in any manner that will (a) materially increase the number of shares subject to the Plan except as provided in the case of stock splits, consolidations, stock dividends or similar events, (b) change the designation of the class of employees eligible to receive awards; (c) decrease the price at which options will be granted; or (d) materially increase the benefits accruing to participants under the Plan without the approval of the shareholders, to the extent such approval is required by applicable law or regulation.

Federal Income Tax Consequences of the Plan. Under present law, an optionee will not realize any taxable income on the date a nonqualified option is granted pursuant to the 2001 Plan. Upon exercise of the option, however, the optionee must recognize, in the year of exercise, ordinary income equal to the difference between the option price and the fair market value of the Company's Common Stock on the date of exercise. Upon the sale of the shares, any resulting gain or loss will be treated as capital gain or loss. The Company will receive an income tax deduction in its fiscal year in which options are exercised, equal to the amount of ordinary income recognized by those optionees exercising options, and must withhold income and other employment-related taxes on such ordinary income.

Incentive stock options granted under the 2001 Plan are intended to qualify for favorable tax treatment under Code Section 422. Under Section 422, an optionee recognizes no taxable income when the option is granted. Further, the optionee generally will not recognize any taxable income when the option is exercised if he or she has at all times from the date of the option's grant until three months before the date of exercise been an employee of the Company. The Company ordinarily is not entitled to any income tax deductions upon the grant or exercise of an incentive stock option. Certain other favorable tax consequences may be available to the optionee if he or she does not dispose of the shares acquired upon the exercise of an incentive stock option for a period of two years from the granting of the option and one year from the receipt of the shares.

Plan Benefits. The table below shows the total number of stock options that have been received by the following individuals and groups under the 2001 Plan.
