**Item 4.02 Non-Reliance on Previously Issued Financial Statements and Related Audit Report or Completed Interim Review.**

On August 8, 2007, the Audit Committee of the Board of Directors of Aspyra, Inc. (the Company) approved the recommendation of management that the consolidated financial statements included in the Company's Quarterly Report on Form 10-QSB for the quarter ended March 31, 2007 should be restated to correct an inadvertent error in recording deferred service revenues and the accrual of accounting fees for services performed during the quarter ended March 31, 2007.

The error resulted in the net loss for the quarter ended March 31, 2007 being understated by approximately \$379,000. As a result of the restatement, the net loss for the quarter ended March 31, 2007 has been increased from \$936,591, or basic and diluted loss per share of \$.09, to \$1,315,257, or basic and diluted loss per share of \$.12.

In light of this error, the Company's previously filed financial statements and other financial information for the quarter ended March 31, 2007 should no longer be relied upon. Accordingly, the Company will file an amended Quarterly Report on Form 10-QSB/A for the quarter ended March 31, 2007, reflecting the restated financial statements, as soon as possible.

These errors were discovered by management during a routine internal analytical review of the general ledger accounts. The Audit Committee and the Company have discussed this matter with the Company's independent registered public accounting firm. As a result of the restatement, the Company's management has concluded that a material weakness in the Company's internal controls over financial reporting existed as of March 31, 2007. The Company has adopted new and enhanced processes and procedures to ensure the future integrity of our control process and the reliability of our financial reporting, which will be discussed in more detail in the Company's amended quarterly report on Form 10-QSB/A in connection with the restatement of the affected financial statements.
