(UNAUDITED)

Note 1 - Basis of Presentation

The accompanying unaudited consolidated financial statements have been prepared in accordance with generally accepted accounting principles for interim financial reporting and instructions to Form 10-Q and Rule 10-01 of Regulation S-X. Therefore, they do not include all information and footnote disclosure necessary for a complete presentation of Chase Corporation's financial position, results of operations and cash flows, in conformity with generally accepted accounting principles. Chase Corporation (Chase or the Company) filed audited financial statements which included all information and notes necessary for such presentation for the three years ended August 31, 2007 in conjunction with the Company's 2007 Annual Report on Form 10-K.

The accompanying unaudited consolidated financial statements contain all adjustments (consisting of normal recurring items) which are, in the opinion of management, necessary for a fair presentation of the Company s financial position as of February 29, 2008, the results of operations and cash flows for the interim periods ended February 29, 2008 and February 28, 2007, and changes in stockholders equity for the interim period ended February 29, 2008.

The financial statements include the accounts of the Company and its wholly-owned subsidiaries. All intercompany transactions and balances have been eliminated in consolidation. The Company uses the U.S. dollar as the reporting currency for financial reporting. Foreign currency translation gains and losses are determined using current exchange rates for monetary items and historical exchange rates for other balance sheet items.

Certain amounts reported in prior years have been reclassified to be consistent with the current year presentation. These reclassifications had no effect on the Company s financial position or results of operations.

The results of operations for the interim period ended February 29, 2008 are not necessarily indicative of the results to be expected for any future period or the entire fiscal year. These interim consolidated financial statements should be read in conjunction with the audited consolidated financial statements for the year ended August 31, 2007, which are contained in the Company s 2007 Annual Report on Form 10-K.

On June 27, 2007, Chase Corporation completed a two-for-one stock split, in the form of a 100% stock dividend. The stock split entitled all stockholders of record at the close of business on June 13, 2007 to receive one additional share of the Company s common stock, par value \$.10 per share, for each share of Common Stock held on that date. All references to common shares and per share amounts herein have been restated to reflect the stock split for all periods presented.

Note 4 Stock Based Compensation

As part of their annual retainer, non-employee members of the Board of Directors receive \$15,000 of Chase Corporation common stock, in the form of Restricted Stock or Restricted Stock Units valued at the closing price of the day preceding the first day of the new year of Board service which generally coincides with the Company s annual shareholder meeting. The stock award will vest one year from the date of grant. In January 2008 non-employee members of the Board received a total grant of 4,569 shares of restricted stock for service for the period from February 1, 2008 through February 1, 2009. The shares of restricted stock will vest at the conclusion of this service period. The Company is recognizing this compensation expense over the twelve month vesting period on a ratable basis.

In August 2007, the Board of Directors of Chase Corporation approved a plan for issuing a performance and service based restricted stock grant of approximately 48,600 shares to key members of management with an issue date of September 1, 2007 and a vesting date of August 31, 2010. These shares are subject to a performance measurement based upon the results of fiscal 2008 which will determine the final calculation of the number of shares that will be issued (which may be greater than or less than 48,600 shares).
