15. Authorizing the Board of Directors to resolve to repurchase the Company's own shares

## Edgar Filing: NOKIA CORP - Form 6-K

The Board proposes that the Annual General Meeting authorize the Board to resolve to repurchase a maximum of 360 million Nokia shares by using funds in the unrestricted shareholders' equity. Repurchases will reduce funds available for distribution of profits. The shares may be repurchased in order to develop the capital structure of the Company, to finance or carry out acquisitions or other arrangements, to settle the Company's equity-based incentive plans, to be transferred for other purposes, or to be cancelled.

The shares can be repurchased either

- a) through a tender offer made to all the shareholders on equal terms; or
- b) through public trading and on such stock exchanges the rules of which allow the purchases. In this case the shares would be repurchased in another proportion than that of the current shareholders.

It is proposed that the authorization be effective until June 30, 2010 and the authorization is proposed to terminate the authorization resolved by the Annual General Meeting on May 8, 2008.

16. Closing of the Meeting

**B. Documents of the Annual General Meeting**

The proposals of the Board of Directors and its Committees relating to the agenda of the Annual General Meeting as well as this notice are available on the Company's website at [www.nokia.com/agm](http://www.nokia.com/agm). The document Nokia in 2008 which includes the Company's annual accounts, the review of the Board of Directors and the auditor's report, is scheduled to be available on the above-mentioned website on week 12. The proposals of the Board of Directors and the annual accounts are also available at the Meeting. Copies of these documents and of this notice will be sent to shareholders upon request.

**PRESS RELEASE**

January 27, 2009

**Nokia to acquire bit-side GmbH**

Espoo, Finland/Berlin, Germany - Nokia and bit-side GmbH today announced that an agreement has been signed for Nokia to acquire substantially all assets of bit-side. Bit-side is a privately owned Berlin-based professional services and software company with 39 employees. By acquiring bit-side Nokia will strengthen and accelerate its mobile development for Nokia Maps.

Acquiring bit-side enables Nokia to offer consumers the world-leading mobile location applications, such as Maps, along with routing and navigation at an accelerated speed said Michael Halbherr, vice president and head of social location, Nokia. Nokia has been working with bit-side since 2007, and bit-side has become a strategic development partner to Nokia.

Nokia believes that context plays a pivotal role in the evolution of the Internet. To make the Internet truly personal, Nokia is building the ability for people to always know where they are and what is around them. Moreover, to know where their friends are and what they are doing and how they are feeling. Nokia calls this social location, said Michael Halbherr, vice president and head of social location, Nokia.

Joining Nokia, the world leader in mobility, is an exciting opportunity for us, says Thom Brenner, managing director & partner, bit-side GmbH. Our small team has brought many innovative mobile products to life and being part of Nokia will be like a catalyst to this. We share Nokia's visions, on social and location related services and the future of their enabling technologies.

The transaction is subject to customary closing conditions and is expected to be completed in the first quarter of 2009. Bit-side will be integrated to Nokia's Services unit.

**About Nokia**

Nokia is the world leader in mobility, driving the transformation and growth of the converging Internet and communications industries. We make a wide range of mobile devices with services and software that enable people to experience music, navigation, video, television, imaging, games, business mobility and more. Developing and growing our offering of consumer Internet services, as well as our enterprise solutions and software, is a key area of focus. We also provide equipment, solutions and services for communications networks through Nokia Siemens Networks.
