PROXY STATEMENT
FOR THE 2009 ANNUAL MEETING OF SHAREHOLDERS

General Information about the Annual Meeting

Why have I received these materials?

We are mailing the accompanying proxy to shareholders on or about March 20, 2009. The proxy is solicited by the Board of Directors of S.Y. Bancorp, Inc. (referred to throughout this Proxy Statement as S.Y. Bancorp, the Company or we or our) in connection with our Annual Meeting of Shareholders that will take place on Wednesday, April 22, 2009. We cordially invite you to attend the Annual Meeting and request you to vote on the proposals described in this Proxy Statement.

What am I voting on?

- Approving the action of the Board of Directors fixing the number of directors at thirteen;
- Electing twelve (12) directors to serve until the next Annual Meeting of Shareholders and until their respective successors are duly elected; and
- Ratification of the selection of KPMG LLP as the independent registered public accounting firm for S.Y. Bancorp, Inc. for the year ending December 31, 2009.

Where can I find more information about these voting matters?

- Information about nominees for election or reelection is contained in ITEM 1 and ITEM 2.

- Information about the ratification of the selection of KPMG LLP as the independent registered public accounting firm is contained in ITEM 3.

What is the relationship of S.Y. Bancorp and Stock Yards Bank & Trust Company?

S.Y. Bancorp is the holding company for Stock Yards Bank & Trust Company (referred to throughout this Proxy Statement as the Bank). S.Y. Bancorp owns 100% of Stock Yards Bank & Trust Company. Because S.Y. Bancorp has no operations of its own, its business and that of Stock Yards Bank & Trust Company are essentially the same.

Who is entitled to vote at the Annual Meeting?

Holders of record of common stock (Common Stock) of S.Y. Bancorp as of the close of business on March 6, 2009 will be entitled to vote at the Annual Meeting. On March 6, 2009, there were 13,530,590 shares of Common Stock outstanding and entitled to one vote on all matters presented for vote at the Annual Meeting.

How do I vote my shares?

If you are a record shareholder of Common Stock (that is, if you hold Common Stock in your own name in S.Y. Bancorp's stock records maintained by our transfer agent, Stock Yards Bank & Trust Company), you may complete and sign the accompanying proxy card and return it to S.Y. Bancorp or deliver it in person. Shares will be voted as you instruct. If you return your proxy card and do not mark your voting instructions on your signed card, David Heintzman and Kathy Thompson as proxies named on the proxy card, will vote FOR fixing the number of directors at thirteen (13), FOR the election of the twelve director nominees and FOR the ratification of the selection of KPMG LLP as the independent registered public accounting firm.

Street name shareholders of Common Stock (that is, shareholders who hold Common Stock through a broker, bank or other nominee) who wish to vote at the Annual Meeting will need to obtain a proxy form from the institution that holds your shares and to follow the voting instructions on such form.

If you are a participant in the Stock Yards Bank & Trust Company 401(k) and Employee Stock Ownership Plan, are still employed by the Bank and have a Bank email address, you will receive an electronic version of the proxy card for the shares that you own through that savings plan. If you are a participant no longer employed by the Bank or for another reason do not have a Bank email address, you will receive a paper version of the proxy card via postal mail. In either case, that proxy card will serve as a voting instruction card for the trustee of the plan. If you own shares through the plan and do not vote, the plan trustees will vote the plan shares in the same proportion as shares for which instructions were received under the plan.

Can I change my vote after I return my proxy card?

Yes. After you have submitted a proxy, you may change your vote at any time before the proxy is exercised by submitting a notice of revocation to the Secretary of S.Y. Bancorp or a replacement proxy bearing a later date. Or you may attend the annual meeting, revoke your proxy and vote in person. In each event, the later submitted vote will be recorded and the earlier vote revoked. Your attendance at the Annual Meeting will not revoke your proxy unless you provide written notice of revocation.

What constitutes a quorum for purposes of the Annual Meeting?

The presence at the Annual Meeting in person or by proxy of the holders of a majority of the voting power of all outstanding shares of Common Stock entitled to vote shall constitute a quorum for the transaction of business. Proxies marked as abstaining (including proxies containing broker non-votes) on any matter to be acted upon by shareholders will be treated as present at the meeting for purposes of determining a quorum but will not be counted as votes cast on such matters.

What vote is required to approve each item?

The proposal to fix the number of directors at thirteen will pass if votes cast for it exceed votes cast against it.

Directors will be elected by a plurality of the total votes cast at the Annual Meeting for the election of directors. Assuming twelve directors are to be elected, a plurality means that the twelve nominees receiving the highest number of FOR votes will be deemed elected.

The selection of the independent registered public accounting firm will be ratified if the votes cast for it exceed the votes cast against it.

Any other item to be voted upon at the Annual Meeting will pass if votes cast for it exceed votes cast against it.

Who counts the votes?

Judges appointed for the meeting will tabulate votes cast in person or by proxy at the Annual Meeting. These judges are independent inspectors who certify the results of the voting and will also determine whether a quorum is present at the meeting.

How are abstentions and broker non-votes treated?

A shareholder entitled to vote for the election of directors may withhold authority to vote for all nominees for directors or may withhold authority to vote for certain nominees for directors. A shareholder may also abstain from voting on the proposals to fix the number of directors and ratify the independent registered public accounting firm. The judges will treat votes withheld from the election of any nominee for director and abstentions from any other proposal as shares that are present and entitled to vote for purposes of determining the presence of a quorum, but will not be counted in the number of votes cast for or against any matter. If a broker does not receive voting instructions from the beneficial owner of shares on a particular matter and indicates on the proxy that it does not have discretionary authority to vote on that matter, the judges will treat these shares as present at the meeting for purposes of determining a quorum but will not be counted as votes cast on the matter.

What information do I need to attend the Annual Meeting?

We do not use tickets for admission to the Annual Meeting. If you are voting in person, we may ask for photo identification.

How does the Board recommend that I vote my shares?

The Board recommends a vote FOR fixing the number of directors at thirteen (13), FOR each of the nominees for Director set forth in this document and FOR the ratification of the selection of the independent registered public accounting firm.

With respect to any other matter that properly comes before the Annual Meeting, the proxy holders will vote as recommended by the Board of Directors or, if no recommendation is given, in their own discretion in the best interests of S.Y. Bancorp. At the date this Proxy Statement went to press, the Board of Directors had no knowledge of any business other than that described herein that would be presented for consideration at the Annual Meeting.

Who will bear the expense of soliciting proxies?

S.Y. Bancorp will bear the cost of soliciting proxies in the form enclosed. In addition to the solicitation by mail, proxies may be solicited personally or by telephone, facsimile or electronic transmission by our employees. We reimburse brokers holding Common Stock in their names or in the names of their nominees for their expenses in sending proxy materials to the beneficial owners of such Common Stock.

Is there any information that I should know about future annual meetings?

Any shareholder who intends to present a proposal at the 2010 Annual Meeting of Shareholders (the 2010 Annual Meeting) must deliver the proposal to the Corporate Secretary at 1040 East Main Street, Louisville, Kentucky 40206 not later than November 20, 2009, if the proposal is submitted for inclusion in our proxy materials for that meeting pursuant to Rule 14a-8 under the Securities Exchange Act of 1934. In addition, S.Y. Bancorp's Bylaws impose certain advance notice requirements on a shareholder nominating a director or submitting a proposal to an Annual Meeting. Such notice must be submitted to the secretary of S.Y. Bancorp no later than January 23, 2010. The notice must contain information prescribed by the Bylaws, copies of which are available from the secretary. These requirements apply even if the shareholder does not desire to have his or her nomination or proposal included in S.Y. Bancorp's proxy statement.

ITEM 1. FIXING THE NUMBER OF DIRECTORS

Directors Proposal to Fix the Number of Directors

The articles of incorporation and bylaws of S.Y. Bancorp provide that the Board of Directors be composed of nine to twenty members. Each year the Board of Directors recommends the number for the coming year and presents a resolution to be adopted by the shareholders at the Annual Meeting. The Board of Directors has recommended that the number of directors constituting the Board be fixed at thirteen for the ensuing year, subject to approval by shareholders at the Annual Meeting. If the individuals nominated are elected, there will be twelve individuals serving on the Board following the 2009 Annual Meeting. The Board of Directors may appoint individuals to fill vacancies or elect an additional director to serve until elected by shareholders at the next Annual Meeting.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE PROPOSAL TO FIX THE NUMBER OF DIRECTORS AT THIRTEEN

ITEM 2. ELECTION OF TWELVE DIRECTORS

The Board of Directors presently consists of twelve (12) members. The Audit Committee has selected KPMG LLP as the Company independent registered public accounting firm for the fiscal year ending December 31, 2009 and has directed that management submit the selection of the independent registered public accounting firm to shareholders for ratification at the Annual Meeting. KPMG LLP has been engaged to audit the consolidated financial statements of S.Y. Bancorp for the past nineteen years. Representatives of KPMG LLP are expected to be present at the meeting, will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Shareholder ratification of the selection of KPMG LLP as the Company's independent registered public accounting firm is not required by the Company's bylaws or otherwise. However, we are submitting the selection of KPMG LLP to the shareholders for ratification as a matter of good corporate practice. If the shareholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain KPMG LLP. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent audit firm at any time during the year if it is determined that such a change would be in the best interests of the Company and its shareholders.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE RATIFICATION OF THE SELECTION OF KPMG LLP

Compensation Discussion and Analysis

Introduction/Corporate Governance

The members of the Compensation Committee are Messrs. Carrico, Edinger and Tasman and Dr. Taylor, all of whom are independent non-employee Directors. Dr. Taylor chairs the Committee. The Board of Directors has adopted a written charter for the Compensation Committee. The functions of this committee include establishing the compensation amounts and programs for the executive officers. The Compensation Committee held four meetings during 2008, and its actions included discussion of compensation philosophy, review and approval of peer group institutions, review of Compensation Discussion and Analysis requirements, review of the deferred compensation program for executive officers, review of board compensation and recommendations to the Board for their review and approval regarding executive salaries and administration of employee equity awards.

The Company periodically engages compensation consultants as a resource on pay practices, to advise the Committee on Company-specific practices as well as to validate the Committee's conclusions and actions. These consultants do not provide specific design of the Company's compensation plans. They are selected and engaged by the Committee and are independent of management. In 2007, the Committee contracted with Clark Consulting's compensation group to study the Bank's executive pay practices and, thereby, provide resources to the Committee. The Committee engaged the independent consultant to provide an assessment of the Bank's overall executive compensation program. The consultant concluded the Committee's current practices to be consistent with its objectives and with sound governance principles. The Committee used the consultant's findings as a foundation for its decisions regarding executive compensation. In 2008, the Committee elected not to engage a consultant but rather use data and methodology from the prior year's assessment and update it with the most recently available compensation information to provide guidelines for 2008 compensation. The Committee reviewed compensation details for selected peer banks provided by SNL Financial publication entitled Executive Compensation Review. For its work regarding 2008 compensation, the Committee used the most current information available that reported for 2006 in 2007 proxy materials. To estimate compensation for 2008, the Committee rolled forward the information based upon average pay increases detailed in the publication. The Committee has used this methodology consistently, and through back testing when new data is available, has satisfied itself that the methodology produces reasonable results. In 2008, the Committee did contract with Mercer Consulting regarding trends and issues in executive compensation as part of the Committee's ongoing training agenda. This engagement also served as further corroboration that the Committee's actions corresponded to current industry practices.

The CEO's compensation is determined by the Committee. Having considered each individual's performance, the CEO recommends levels for all compensation for the other executive officers to the Committee. After discussion of each executive to ensure consistency with Company philosophy and external competitive dynamics the Committee either approves or adjusts the compensation.

Objectives of Compensation Programs

Edgar Filing: S Y BANCORP INC - Form DEF 14A

The pay-for-performance compensation philosophy of the Compensation Committee supports S.Y. Bancorp's primary objective of creating value for its shareholders. The Committee strives to ensure the compensation of S.Y. Bancorp's executive officers is adequate to attract and retain talented individuals with proven abilities to lead S.Y. Bancorp and the Bank so growth and profitability are realized while maintaining stability and capital strength. The Bank competes with many other financial institutions in the markets where it operates metropolitan Louisville, Indianapolis and, most recently, Cincinnati for the most outstanding individuals available. Competing financial institutions range in size from start up organizations to established community banks to significantly larger super-regional and money center banks. All are vying for capable leaders, and accordingly, are willing to attractively compensate individuals to join and/or remain with their respective organization.

As a point of reference and comparison in its analysis of the CEO's compensation, the Committee uses compensation information compiled for a group of peer banks. This peer group is comprised of publicly traded banks from \$1.5 billion to \$3 billion in total assets. The larger banks are included because the Committee considers the Bank's Investment Management and Trust Department to provide an element of sophistication resulting in the overall Bank being more comparable to larger community banks. The peer group is comprised of banks in metropolitan areas of at least 250,000 people so as to more closely reflect the operating conditions of Stock Yards Bank both from the standpoint of competing for business and for talented people. Many of these locations were areas with significantly higher costs of living. To more closely equate this information to our circumstances, each peer location was associated with an appropriate MSA (Metropolitan Statistical Area) and compensation was adjusted by a cost of living factor obtained from the U.S. Census Bureau. The peer group is generally comprised of banks with common stock widely held and not family controlled. Peers are included regardless of operating results, again to provide a more representative sample. The goal of the Committee is to have management's base compensation to approximate between the 50th and 75th percentiles of this peer group. The Committee uses peer data most directly to determine the compensation of the CEO. Other executive officers' compensation relates to the CEO's compensation after evaluating duties, levels of responsibility, performance and competition. The Committee reviewed executive compensation and performance information for the following group of banks.

Bancorp Rhode Island, Inc.

The Committee believes the following compensation strategies for S.Y. Bancorp's executive officers, including the Chief Executive Officer (the CEO), achieve its objectives. The philosophy of the Compensation Committee reflects a pay-for-performance culture while being competitive with other employers with which it competes for executive talent.

The General Design of S.Y. Bancorp's Compensation Programs

As the business of banking evolves and Stock Yards Bank & Trust Company continues to distinguish itself as an exceptional performer, it has become increasingly apparent that the Company's success is highly dependent upon the continuity realized by retaining very capable key officers. It is these individuals who execute the strategic plans of the Company. They deliver the Bank's hallmark high quality services and maintain the Bank's century-old exceptional reputation. With the primary reason for customer dissatisfaction being disruption caused by banking officer turnover, management and the Compensation Committee have designed compensation programs to respond to the high priority of appropriately compensating officers critical to its customer service mission.

The Committee believes that a structure focusing on base salary, annual cash incentives, annual performance stock incentives, and long term equity incentives is appropriate to achieve its objectives of attracting,

motivating and retaining key executives, and paying them based on the performance they produce for shareholders. In addition to these elements of compensation, the Committee monitors and periodically modifies post-employment types of compensation (nonqualified or supplemental retirement and severance pay programs); each designed to retain valuable executive talent. The Company has no employment contracts with any of its officers.

Specific Elements of Compensation, and How Performance Impacts Each

The Company's in-service compensation program consists of three key components:

- Base pay
- Annual cash and stock incentive compensation
- Long term incentives

The elements of post-employment compensation and benefits for executives (in addition to the retirement programs provided to employees generally) include:

- Nonqualified deferred compensation
- A nonqualified supplemental pension program for two executives
- Change-in-control severance agreements with three executives

Base Salary. Executive officers' base pay is determined by evaluating the most recent comparative peer data relative to their roles and responsibilities designated in their positions. Individual salary increases are reviewed annually and are based on the Bancorp's comparative performance to the peer group and the executive's individual performance during the preceding year. The Committee has set a range between the 50th and 75th percentile for base salary relative to peers. In consideration of this range, the Committee increased the CEO's salary \$18,900 or 4% for 2008, which equates to slightly higher than the 75th percentile of peers when projecting 2006 actual pay forward to 2008.

Annual Cash Incentives. The objective of annual cash incentive compensation is to deliver levels of compensation competitive to the peer group, conditioned on the attainment of annual financial objectives and operating results. The Committee believes these to be primary drivers of stock price performance over time. Therefore, the Committee established an incentive program based upon the achievement of certain earnings per share goals as well as line of business goals applicable to specific officers' duties. For 2008 the determination as to whether cash incentives would be paid to the CEO and non-line of business EVPs was based upon the achievement of earnings per share (EPS)

growth of at least 3%. The formula has increasingly higher payout percentages for corresponding EPS increases, reinforcing the Committee's pay-for-performance philosophy. For 2008, the Company did not have an increase in EPS as compared to 2007, and accordingly, the CEO did not receive a cash bonus.

Ms. Davis, who does not have line of business responsibility, is eligible for an annual cash incentive at a percentage of her base salary determined based on one half the percentage applicable to the CEO. Based on the CEO not receiving a bonus no formula bonus was given to the CFO. Ms. Davis was awarded a discretionary bonus of \$12,000 for her role in the successful and timely completion of the Company's trust preferred offering in December 2008. The main component of Ms. Thompson's annual cash incentive is based upon the net income before allocated expenses of the Investment Management and Trust Department which she has responsibility for leading. The Investment Management and Trust Department contributes approximately 40% of the Bank's total non-interest income, distinguishing the Bank from many peers. Growth in departmental net income therefore directly impacts the profitability of the Bank and makes a significant contribution to enhancement of shareholder value. For that portion of her annual incentive to be earned, departmental net income must increase by at least 10%, and the amount of the incentive increases as net income growth. For 2008 the department's net income decreased slightly so Ms. Thompson received no bonus.

When Mr. Hillebrand was promoted to President July 1, 2008, he remained under the incentive plan for his prior position as EVP and Manager of Private Banking. For Messrs. Hillebrand and Poindexter, incentives related to the line of business success are as follows. The Private Banking and Commercial Lending Departments are the source of significant loan and deposit growth. Net interest income comprises approximately 65% of the Bank's total revenues. Growth directly impacts the profitability of the Company making a significant contribution to enhancement of shareholder value. Various attributes including loan and deposit growth, loan fees and service charges, customer satisfaction and retention are weighted. Net loan and deposit growth receive the top weightings,

and the net growth measurement considers customer retention along with acquisition of new business. The matrix used to compute this incentive is structured such that achievement of target performance in all categories results in a 20% of base pay bonus. Once certain minimums have been met, achievement under the target results in a prorated bonus and performance exceeding targets results in a bonus proportionately higher than 20% of base pay. Goals are aggressive and considered relatively difficult to achieve. Mr. Poindexter was awarded a discretionary bonus of approximately 4% of his base pay due to his expanded responsibilities as manager of all lending post Mr. Hillebrand's promotion on July 1, 2008.

Annual Performance Stock Incentives. While EPS increases have historically been the sole driver as to the level of cash bonuses, in 2006 the Committee introduced two additional performance measures to be used in determining additional annual awards: return on average assets (ROAA) and return on average equity (ROAE). The Committee recognizes and rewards management for stellar performance and realizes these achievements set the Bank apart from competitors and add value to its shareholders. Therefore, each objective has a target set at the 90th percentile of the peer group three year average returns. The peer group used to determine the 2008 grants is detailed under the caption "Objectives of the Compensation Programs." If the Company performs at or above the 90th percentile level, executive incentives will be awarded as follows:

ROAA - CEO receives 5% of base pay, and President and EVPs receive 2.5% of base pay

ROAE - CEO receives 5% of base pay, and President and EVPs receive 2.5% of base pay

Awards as determined above will be made annually in the form of restricted stock, rather than cash, with a three year vesting schedule. Awards for excellent ROAA and ROAE begin to shift dependency of incentives away from the single EPS growth objective by providing rewards for maintaining high performance for other key metrics. The three year vesting is designed to enhance retention. Awards made in 2008 are based upon 2007 performance. In 2007, the three year average ROAA and ROAE for the Company exceeded the 90th percentile target of the peers and therefore the awards were made to the executives. These awards are included in the Grant of Plan-Based Awards Table under the All Other Stock Awards. In 2008, the three year average ROAA and ROAE for the Company exceeded the 90th percentile target of the peers and therefore the awards were made to the executives; however, these were not granted until February 2009. Accordingly, these will be included in the 2010 proxy statement's Grant of Plan-Based Awards Table.

Long Term Incentives. The Committee believes the long term incentive of granting of stock awards to executives best serves the interests of shareholders by providing those persons having responsibility for the management and growth of S.Y. Bancorp and the Bank with an opportunity to increase their ownership of S.Y. Bancorp Common Stock and to have a stake in the future of the Company. By increasing executive officer ownership, these individuals will have an added incentive to maximize shareholder value. Additionally these equity awards further the Company's competitive advantage against significantly larger institutions in attracting and retaining talented individuals critical to the Company's success. Equity awards also provide the Company an advantage over smaller community banks where equity compensation is not available. In consideration of the financial statement impact of expensing stock awards and the dilutive effect of such awards, the Company first changed from granting incentive stock options to non qualified stock options and then, beginning in 2008, executive officers were awarded a combination of stock appreciation rights (SARs) and restricted stock grants; SARs give the executive the right to purchase S.Y. Bancorp Common Stock at the

price of the Common Stock's trading value as of the date of grant, exercisable for a specified future period. The exercise period of the rights is ten years. Therefore, as the common market price increases, executives have an incentive to purchase that stock at the lower grant-date price. The number of equity awards granted to each executive is based upon individual performance, contribution to the company's overall performance, and comparative practices. For awards granted in 2008, the allocation between SARs and stock was to approximate 2/3 of the awards' value as SARs and 1/3 of the awards' value as grants. For the CEO the total value of the award, determined in the same fashion as the awards are valued for accounting purposes, amounted to 23% of his base pay. The remaining executives' equity award value ranged from 14% to 17% of base pay using the same methodology. Based on compensation data the Committee determined the grant levels to be reasonable.

Post-Employment Compensation and Benefits. To enhance the objective of retaining key executives, the Company previously established Senior Executive Severance Agreements (the "Severance Agreement") for Mr. Heintzman, Ms. Davis and Ms. Thompson, concluding it to be in the best interests of S.Y. Bancorp, its Shareholders and the Bank to take reasonable steps to help assure these key executives of the Bank that they will be treated fairly in the event of a tender offer or takeover bid, or an actual Change in Control. With these agreements in place, if

S.Y. Bancorp should receive takeover or acquisition proposals from third parties, S.Y. Bancorp will be able to call upon the key executives of the Bank for their advice and assessment of whether such proposals are in the best interests of shareholders, free of the influences of their personal employment situations. These severance agreements have been in place since the mid-1990s and were updated in 2005, and were not entered into because of any belief by management that a Change in Control of S.Y. Bancorp was imminent.

The Bank has a nonqualified deferred compensation plan, which, until 2006, merely provided executives with the ability to defer a portion of their cash compensation and related taxes, and instead receive that compensation and an investment market rate of return on the deferred portion, after their employment with the Bank ends or, in the case of certain events, in service distributions. Amendments in 2006 provided executives with Bank contributions for the amount of match and ESOP contributions they do not receive under the Bank's qualified retirement plan on annual cash incentives and base salary above an annual tax-qualified plan cap under the Internal Revenue Code.

In the 1990's the Bank created a plan (called the Senior Officer Security Plan, or SOSOP) to enhance the retirement security of key executives by granting them a fixed annual benefit per year after retirement. This fixed amount was originally designed to supplement broader-based retirement programs and bring the executives' retirement income from combined sources of the tax-qualified employer retirement programs, social security and this plan to a level of approximately 70% of their pre-retirement income. The Committee studied this program in 2006, concluded that the fixed amounts would no longer assure executives of that level of income during retirement (compensation having grown in the interim with no adjustment to the fixed benefit amounts), but also concluded that expansion of this type of program was not consistent with its compensation objectives.

The Committee also recognized that an increasingly higher percentage of total compensation for its key executives could be derived from performance-based annual incentives, but the Bank's current broad-based employee retirement program did not recognize pay above base salary in computing annual contribution amounts. Therefore, rather than allow its broad-based retirement program to become increasingly less meaningful to executives whose incentive-based compensation is a larger percentage of total compensation, and rather than expanding the SOSOP to include a other key executives, or increasing the fixed annual income it will provide to Mr. Heintzman and Ms. Thompson, the Committee decided to add a feature to its executive nonqualified deferred compensation plan to give certain key executives (including Messrs. Heintzman, Hillebrand and Poindexter and Mss. Thompson and Davis) a deferred compensation credit each year on annual incentive compensation, equal to that they would have received had the all-employee retirement plan included annual incentive compensation in its contribution formula. The Committee also transitioned a prior supplemental retirement program for Ms. Davis that was based on the cash value increases in life insurance owned by the Bank, into the nonqualified deferred compensation program in 2006 by providing a one-time transition credit, after concluding that the prior program had a higher cost to the Bank than benefit to Ms. Davis. After these changes, the Committee believes its post-employment programs for executives to will enable executives to accumulate adequate savings to supplement Social Security and tax-qualified plan benefits and enjoy an adequate percentage of pre-retirement pay as income during retirement.

Stock Ownership/Retention Guidelines

As noted above, equity compensation is awarded to have executives' and shareholders' interest merge in the long-term performance of the Company; therefore, management and the Committee expect executives to own stock. While retention or disposition of shares acquired upon option/SARs exercise is at the discretion of the option/SARs holder, to further the ownership objectives of the option/SARs grants there are Company minimum ownership guidelines based upon salary multiples. The CEO is expected to own stock, exclusive of value in unexercised options/SARs, at a multiple three times his base pay. For Executive Vice Presidents, that multiple is two times base pay. These guidelines encourage the option/SARs holder not to sell shares acquired upon exercise of options/SARs, other than to pay related taxes; at least until the guideline level of ownership is attained. For the officers in the Summary Compensation Table, all have exceeded the applicable guideline level with the exception of Mr. Poindexter who, having joined the Bank in 2004, has not yet reached the guideline level but whose share ownership continues to increase

Conclusion

In summary, the Committee believes the total compensation program for S.Y. Bancorp's executive officers is competitive with programs offered by similar institutions, and executive compensation is appropriate to further the goals and objectives of S.Y. Bancorp and the Bank.

- (2) For 2008 Stock Awards represent restricted stock that was granted February 19, 2008 based on achievement of an ROAA and ROAE performance objective and which vests 33% annually beginning one year after grant. The value of the grant measured at the grant date value per share of \$23.37 is recorded as stock compensation expense over the 36 month vesting term. Therefore, the expense recorded in 2008 for these grants was calculated as 10.3 months divided by 36 months multiplied by the total grant date value based on SFAS No. 123R. There were also Stock Awards granted on February 19, 2008 as part of the

annual stock incentive program. The value of the grant measured at the grant date value per share of \$23.37 is recorded as stock compensation expense over the five year vesting term with the exception of those granted to Mr. Heintzman and Mss. Davis and Thompson, which fully vest six months after the grant date. For 2007 Stock Awards represent restricted stock that was granted February 20, 2007 based on achievement of an ROAA performance objective and which vests 33% annually beginning one year after grant. The value of the grant measured at the grant date value per share of \$26.83 is recorded as stock compensation expense over the 36 month vesting term. Therefore, the expense recorded in 2007 for these grants was 10.3/36ths of the total grant date value based on SFAS No. 123R. For information pertinent to SFAS No. 123R please refer to Note 15 to the 2008 consolidated statements in Bancorp's annual report on Form 10-K.

- (3) Stock appreciation rights were granted February 19, 2008 with an exercise price equal to the closing price of the common stock on that date, or \$23.37. The fair value of each SAR pursuant to SFAS No. 123R was \$4.57. Options were granted February 20, 2007 with an exercise price equal to the closing price of the common stock on that date, or \$26.83. The fair value of each option pursuant to SFAS No. 123R was \$6.14. Options were granted January, 17, 2006 with an exercise price equal to the closing price of the common stock on that date, or \$24.067. The fair value of each option pursuant to SFAS No. 123R was \$5.81. For assumptions used to estimate fair value of options/SARs please refer to Note 15 to the 2008 consolidated statements in Bancorp's annual report on Form 10-K. These awards vest 20% annually beginning one year after grant with the exception of those granted to Mr. Heintzman and Mss. Davis and Thompson, which fully vest six months after the grant date.

- (4) All cash incentives and bonuses granted to the Executives for 2008, 2007 and 2006 were fully vested when granted. The amounts were determined in accordance with the process and using the performance criteria described in Compensation Discussion and Analysis.

- (5) Totals include the following:

	Heintzman	Davis	Hillebrand	Thompson	Poindexter
2008					
Change in actuarial value of defined benefit	54,067			24,132	
Nonqualified deferred compensation earnings					
	54,067			24,132	
2007					
Change in actuarial value of defined benefit	49,893			22,156	
Nonqualified deferred compensation earnings	27,226	16,624	1,596	8,056	878

	89,505	8,938	3,383	36,621	

Assumptions used in calculating the change in actuarial value of the defined benefit above are a discount rate of 5.75% for December 31, 2006, 2007 and 2008, a retirement age of 65, with Mr. Heintzman's current age being 49, and Ms. Thompson's being 47; payments occurring for 15

years, and assuming no pre or post retirement mortality.

All earnings on the Executives' nonqualified deferred compensation balance are included in the totals, because the earnings are not determined by either a market rate of interest, nor based on investment options that are identical to those available under the broad-based employee 401(k) plan. Rather, earnings are based on the actual performance of investment funds that the Bank designated and the allocation of the nonqualified plan account balance by the executives as among those funds. Returns for all Executives in 2008 were negative as follows: Heintzman, \$116,542; Davis, \$79,007; Hillebrand, \$10,581; Thompson, \$73,757; and Poindexter, \$4,415.

(1) Messrs. Heintzman (in all years) and Hillebrand (in 2008) deferred receipt and taxation of Board fees.

(2) Includes an amount of 401(k) match and ESOP contribution not received under the Bank's tax-qualified 401(k) and Employee Stock Ownership Plan because the eligible compensation taken into account under the 401(k) and Employee Stock Ownership Plan does not include either (i) any pay in excess of base salary, or (ii) any base salary above an annual tax-qualified plan cap under the Internal Revenue Code.

(3) Includes in 2006 for Ms. Davis a one-time \$38,074 credit to her account (in excess of prior year accrued benefits) to replace a prior nonqualified defined contribution arrangement that the Bank and Ms. Davis agreed to end in 2006.
