**Item 1.01 Entry into a Material Definitive Agreement.**

We previously announced developments related to collective bargaining negotiations with our unionized employees at our Pekin, Illinois facilities, which represent approximately 44% of our total workforce. These developments were reported in a Form 8-K Current Report dated October 19, 2010. The unionized employees are covered by a collective bargaining agreement between our subsidiary, Aventine Renewable Energy, Inc., and the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industry and Service Workers International Union, Local 7-662, or the Union.

On October 29, 2010, the Union ratified a new collective bargaining agreement with Aventine Renewable Energy, Inc. for our hourly production workers in Pekin, Illinois. This new agreement is effective November 1, 2010 and runs through October 31, 2012. The agreement contains provisions, terms and conditions that are customary in collective bargaining agreements of this type, including, among other things, wages, hours, work assignments, management rights, seniority, arbitration and grievance procedures, benefits, vacations and holidays. The benefit and base wage packages for the currently covered employees remain substantially similar to those in the previous collective bargaining agreement; the currently covered employees will also receive lump sum annual payments of \$750 in November 2010 and November 2011. Employees hired after November 1, 2010 will only be eligible for the 401(k) program as their retirement benefit.
