PROXY STATEMENT

2012 Annual Meeting of Stockholders

To be Held on June 15, 2012

GENERAL INFORMATION

The Notice of Internet Availability of Proxy Materials or this Proxy Statement and the accompanying proxy card, Notice of 2012 Annual Meeting of Stockholders and Annual Report on Form 10-K for the year ended December 31, 2011 were first mailed to all stockholders of record on or about May 4, 2012.

Unless otherwise indicated or unless the context otherwise requires, all references in this Proxy Statement to the Company, Hilltop, we, us, our and similar expressions are references to Hilltop Holdings Inc. All references to NLASCO are references to NLASCO, Inc., our wholly-owned property and casualty insurance holding company.

Why am I receiving these proxy materials?

The Board of Directors of Hilltop Holdings Inc., or the Board of Directors, has made these materials available to you on the Internet or has delivered printed versions of these materials to you by mail in connection with the Board of Directors' solicitation of proxies for use at our 2012 Annual Meeting of Stockholders, or the Annual Meeting, which will take place at 10:00 a.m. (Dallas, Texas time) on Friday, June 15, 2012, at The Crescent Club, 200 Crescent Court, 17th Floor, Dallas, Texas 75201. This Proxy Statement describes matters on which you, as a stockholder, are entitled to vote. This Proxy Statement also gives you information on these matters so that you can make an informed decision.

Why did I receive a one-page Notice in the mail regarding the Internet availability of proxy materials instead of printed proxy materials?

In accordance with rules promulgated by the Securities and Exchange Commission, or SEC, instead of mailing a printed copy of our proxy materials to all of our stockholders, we have elected to furnish such materials to selected stockholders by providing access to these documents over the Internet. Accordingly, on or about May 4, 2012, we sent a Notice of Internet Availability of Proxy Materials, or the Notice, to selected

Edgar Filing: Hilltop Holdings Inc. - Form DEF 14A

stockholders of record and beneficial owners. These stockholders have the ability to access the proxy materials on a website referred to in the Notice or to request to receive a printed set of the proxy materials by calling the toll-free number found on the Notice. We encourage you to take advantage of the availability of the proxy materials on the Internet in order to help reduce the environmental impact of the Annual Meeting.

How can I get electronic access to the proxy materials?

The Notice provides you with instructions regarding how to:

- view our proxy materials for the Annual Meeting on the Internet;
- vote your shares after you have viewed our proxy materials;
- request a printed copy of the proxy materials; and
- instruct us to send our future proxy materials to you electronically by email.

Copies of the proxy materials are available for viewing at www.proxyvote.com.

You may have received proxy materials by email. Even if you received a printed copy of our proxy materials, you may choose to receive future proxy materials by email. Choosing to receive your future proxy materials by email will lower our costs of delivery and will reduce the environmental impact of our annual meetings. If you choose to receive our future proxy materials by email, you will receive an email next year with instructions containing a link

Table of Contents

to view those proxy materials and link to the proxy voting site. Your election to receive proxy materials by email will remain in effect until you terminate it or for so long as the email address provided by you is valid.

What am I voting on?

At the Annual Meeting, stockholders will be asked to:

- Elect twelve directors to serve on our Board of Directors until the 2013 annual meeting of stockholders and until their successors are duly elected and qualify;
- Conduct an advisory vote on executive compensation;
- Ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2012; and
- Transact any other business that may properly come before the meeting and any adjournments or postponements of the meeting.

What is the Board of Directors' recommendations?

The Board of Directors recommends that you vote your shares:

- **FOR** each of our director candidates;
- **FOR**, on an advisory basis, the compensation of our named executive officers; and
- **FOR** the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm.

Who is entitled to vote?

Holders of record of our common stock at the close of business on April 11, 2012, are entitled to vote at the meeting. Each stockholder is entitled to cast one vote for each share of common stock owned on each matter presented.

How do I vote?

If you are a stockholder of record, there are four ways to vote:

- *In Person.* You may vote in person at the Annual Meeting. Bring your printed proxy card if you received one by mail. Otherwise, we will provide stockholders of record a ballot at the Annual Meeting. We recommend that you vote by proxy even if you plan to attend the Annual Meeting. You always can change your vote at the Annual Meeting.
- *Via the Internet.* You may vote by proxy via the Internet by visiting www.proxyvote.com. Have your proxy card or Notice in hand when you access the website and follow the instructions to obtain your records and to create an electronic voting instruction form.
- *Via Telephone.* If you received or requested printed copies of the proxy materials by mail, you may vote by proxy by calling the toll-free number found on the proxy card.
- *Via Mail.* If you received or requested printed copies of the proxy materials by mail, you may vote by proxy by marking, signing and dating the proxy card and sending it back in the envelope provided.

If you have shares of our common stock that are held by a broker or other nominee, you may instruct your broker or nominee to vote your shares by following the instructions that the broker or nominee provides you. New York Stock Exchange rules prohibit your broker from voting for the election of directors and executive compensation on your behalf without specific voting instructions from you. Most brokers offer voting by mail, telephone and the Internet.

How do proxies work?

Our Board of Directors is asking for your proxy. Giving your proxy to the persons named by us means you authorize them to vote your shares at the Annual Meeting in the manner you direct. You may vote for all, some or none of our director candidates, and you may vote for or against, or abstain from voting on, executive compensation and the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm.

Table of Contents

If you are a stockholder of record, and you indicate when voting on the Internet or by telephone that you wish to vote as recommended by our Board of Directors or you sign and return the enclosed proxy card, but do not specify how your shares are to be voted, your shares will be voted **FOR** the election of all of our director candidates, **FOR** executive compensation and **FOR** the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm.

If you are a beneficial owner of shares held in street name and you do not provide the organization that holds your shares with specific voting instructions, under the rules promulgated by the New York Stock Exchange, the organization that holds your shares may generally vote on routine matters at its discretion, but cannot vote on non-routine matters. If the organization that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, that organization will inform the inspector of election that it does not have the authority to vote on such matters with respect to your shares, which is generally referred to as a broker non-vote.

You may receive more than one proxy or voting card depending on how you hold your shares. Shares registered in your name are covered by one card. If you also hold shares through a broker or other nominee, you also may receive material from them asking how you want to vote. To be sure that all of your shares are voted, we encourage you to respond to each request you receive.

Which matters are considered routine or non-routine ?

The ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm is considered to be a routine matter. A broker or other nominee may generally vote on routine matters and, therefore, no broker non-votes are expected to exist with respect to this matter. All other matters set forth in this Proxy Statement are matters that we believe will be designated non-routine matters. A broker or other nominee cannot vote without instructions on non-routine matters and, therefore, there will be broker non-votes on all matters other than the ratification of the appointment of PricewaterhouseCoopers LLP.

Can I change my vote or revoke my proxy after I have voted?

You may revoke your proxy and change your vote at any time before the final vote at the Annual Meeting, or earlier deadline specified in the Notice or the proxy card, by voting again via the Internet or by telephone (only your latest Internet or telephone proxy submitted prior to the Annual Meeting will be counted), by signing and returning a new proxy card or vote instruction form with a later date, or by attending the Annual Meeting and voting in person. Your attendance at the Annual Meeting, however, will not automatically revoke your proxy unless you vote again at the Annual Meeting or specifically request that your prior proxy be revoked by delivering, prior to the Annual Meeting, a written notice of revocation to the corporate Secretary at the address listed under Questions on page 47.

Will my shares be voted if I don't sign a proxy?

If you hold your shares directly in your own name, they will not be voted unless you provide a proxy. Under certain conditions, shares that you own that are held by a broker or nominee may be voted even if you do not provide voting instructions to the broker or nominee. Brokerage firms have the authority under applicable rules to vote on certain routine matters, including the ratification of auditors.

What constitutes a quorum?

In order to carry on the business of the meeting, we must have a quorum. This means that at least a majority of the outstanding shares eligible to vote must be represented at the meeting, either in person or by proxy. Shares owned by us are not voted and do not count for this purpose. Both abstentions and broker non-votes (described below) are counted as present for purposes of determining the presence of a quorum. On April 11, 2012, we had 56,362,273 shares of common stock outstanding and entitled to vote at the meeting.

How many votes are needed for approval?

Election of Directors

Election of the director nominees requires the affirmative vote of a plurality of the votes cast on the matter. The director candidates receiving the highest number of affirmative votes of the shares entitled to be voted will be elected as directors. For purposes of the election of directors, abstentions and broker non-votes will not be counted as votes cast and will have no effect on the result of the vote. Stockholders may not cumulate votes in the election of directors.

Table of Contents

Advisory Vote on Executive Compensation

The affirmative vote of a majority of the votes cast on the matter is required to approve, on an advisory basis, executive compensation. Our Board of Directors will review the results of this matter and will take the results into account in making future determinations concerning executive compensation. For purposes of the advisory vote on executive compensation, abstentions and broker non-votes will not be counted as votes cast and will have no effect on the result of the vote.

Ratification of Independent Auditor

The appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2012 will be ratified if this proposal receives the affirmative vote of a majority of the votes cast on the matter. Brokers have the authority to vote **FOR** this proposal in the absence of contrary instructions from a beneficial owner. If this appointment is not ratified by stockholders, the Audit Committee and Board of Directors may reconsider its recommendation and appointment, respectively. With respect to this proposal, abstentions and broker non-votes will not be counted as votes cast and will have no effect on the result of the vote.

A broker non-vote occurs when a broker submits a proxy, but does not vote for or against the matter. This will occur when the beneficial owner has not instructed the broker how to vote and the broker does not have discretionary authority to vote in the absence of instructions.

Who conducts the proxy solicitation?

Our Board of Directors is soliciting the proxies, and we will bear all costs of this solicitation, including the preparation, assembly, printing and mailing of this Proxy Statement. Copies of proxy materials will be furnished to banks, brokerage houses and other agents and nominees holding shares in their names that are beneficially owned by others so that they may forward the proxy materials to those beneficial owners. In addition, if asked, we will reimburse these persons for their reasonable expenses in forwarding the proxy materials to the beneficial owners. We have requested banks, brokerage houses and other custodians, nominees and fiduciaries to forward all proxy materials to the beneficial owners of the shares that they hold of record. Certain of our officers and employees also may solicit proxies on our behalf by mail, email, phone or fax or in person.

What should I do if I want to attend in person?

Only stockholders of record, their proxy holders and invited guests may attend the Annual Meeting. If your shares are held by a broker or nominee, bring your most recent brokerage statement with you to the Annual Meeting. We can use that to verify your ownership of common stock and admit you to the meeting; *however*, you will not be able to vote your shares at the Annual Meeting without a proxy. If you wish to vote in person and your shares are held by a broker or nominee, you will need to obtain a proxy from the broker or nominee authorizing you to vote your shares held in their name. Any holder of a proxy from a stockholder must present the proxy card, properly executed, to be admitted. Stockholders and proxy holders must present a form of photo identification, such as a driver's license.

PROPOSAL ONE ELECTION OF DIRECTORS

General

At the recommendation of the Nominating and Corporate Governance Committee, our Board of Directors has nominated the director candidates named below.

Our Board of Directors oversees the management of us on your behalf. The Board of Directors reviews our long-term strategic plans and exercises direct decision-making authority on key issues, such as the authorization of dividends, the selection of the Chief Executive Officer, setting the scope of his authority to manage our day-to-day operations and the evaluation of his performance.

Our Board of Directors is not classified; thus, all of our directors are elected annually. The Nominating and Corporate Governance Committee has recommended, and our Board of Directors has nominated, for re-election all twelve persons currently serving as directors whose terms are expiring at the 2012 Annual Meeting of Stockholders.

If elected, each of the persons nominated as a director will serve until the next annual meeting of stockholders and until their successors are duly elected and qualify. Personal information on each of our nominees is given below.

Our Board of Directors has determined that seven of the twelve nominees for election as directors at the Annual Meeting have no material relationship with us (either directly or as a partner, stockholder or officer of an organization that has a relationship with us) and are independent within the meaning of the director independence requirements of the listing standards of the New York Stock Exchange, or NYSE. The independent directors are Rhodes Bobbitt, W. Joris Brinkerhoff, Charles R. Cummings, J. Markham Green, Jess T. Hay, William T. Hill, Jr. and W. Robert Nichols, III. The determinations regarding the independence of these individuals were based upon information known by the members of the Board of Directors concerning each other and supplied by each of the directors for the purpose of this determination. None of these directors had any transactions, relationships or arrangements that were required to be considered by the Board of Directors in determining that the director is independent. Assuming the election of our twelve nominees, all of our directors, other than Messrs. Gerald Ford, Jeremy Ford, Clifton Robinson, Kenneth D. Russell and Carl Webb, also will be independent directors, as set forth in our Director Independence Criteria. The full text of the Director Independence Criteria can be found in the Investor Relations Governance Corporate Governance Documents section of our website at www.hilltop-holdings.com. A copy also may be obtained upon request by writing our corporate Secretary at the address provided on page 47.

Our Board of Directors met five times during 2011. During 2011, no director attended fewer than 75% of the meetings of the Board of Directors and of the board committees on which he served. Because fewer than ten non-management stockholders usually attend our annual meetings in person, our Board of Directors has not adopted a formal policy with regard to director attendance at the annual meetings of stockholders. Messrs. Jeremy Ford, Jess Hay, William Hill and Robert Nichols attended the 2011 annual meeting of stockholders.

Vote Necessary to Elect Directors

Election of the director nominees requires the affirmative vote of a plurality of the votes cast on the matter. The director candidates receiving the highest number of affirmative votes of the shares entitled to be voted will be elected as directors. For purposes of the election of directors, abstentions and broker non-votes will not be counted as votes cast and will have no effect on the result of the vote. Under applicable rules, a broker or other nominee does not possess the authority to vote for the director nominees in the absence of instructions from the beneficial owner of the relevant shares. Stockholders may not cumulate votes in the election of directors.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE ELECTION OF EACH OF THE NOMINEES IDENTIFIED ABOVE.

In addition, members of board committees receive the following additional compensation:

- Compensation Committee \$10,000 annual fee for the chairperson of the committee;

Members of our Board of Directors may elect to receive their aggregate Board of Directors and board committee compensation:

- entirely in the form of cash;
- entirely in the form of common stock; or

Cash and shares of common stock are paid and issued, respectively, in arrears on a calendar quarterly basis, with no vesting requirements. Customarily, these payments and issuances occur by the 15th day of the month following the applicable calendar quarter-end. The value of the common stock awarded is based upon the average closing price per share of our common stock for the last ten consecutive trading days of the applicable calendar quarter. In lieu of fractional shares of common stock that would otherwise be issuable to directors, we pay cash to the director based upon the value of those fractional shares at the value the shares are awarded to the director. If a director does not serve for the entire calendar quarter, that director is compensated based upon the time of service during the applicable calendar quarter.

Each member of our Board of Directors is reimbursed for out-of-pocket expenses associated with his service on, and attendance at, Board of Directors or board committee meetings. Other than as described above, members of our Board of Directors receive no additional compensation for their service on the Board of Directors or board committees.

Political Action Committee Matching Program

The NLASCO Political Action Committee, or the PAC, is a separate segregated fund that was formed to make political contributions. To encourage participation in the PAC by eligible participants, for each contribution made to the PAC by an eligible individual contributor, Hilltop makes a matching contribution to any Section 501(c)(3) organization of the contributor's choice, dollar for dollar, up to the maximum amount an eligible individual can contribute to the PAC in a given calendar year. Under this program, no contributor to the PAC receives any financial, tax or other tangible benefit or premium from either Hilltop or the recipient charities. This program is completely voluntary.

(a) Fees earned for services performed in 2011 include annual retainers, meeting fees and chairperson remuneration. Aggregate fees paid to non-employee directors for annual retainers and committee chairmanships were paid quarterly in arrears. Cash was paid in lieu of the issuance of fractional shares. Service for any partial quarter is calculated and paid on the basis of time served during the applicable calendar quarter. Non-employee directors are solely responsible for the payment of taxes payable on remuneration paid by the Company. The value of stock awarded was determined based upon the average closing price per share of our common stock for the last ten consecutive trading days of the calendar quarter during which the stock was earned.

As described above, the 2011 stock awards were issued to each non-employee director who elected to receive all or part of his director compensation in the form of our common stock, generally within 15 days following each applicable calendar quarter-end. All of our personnel, as well as non-employee directors, are subject to trading restrictions with regard to our common stock, and trading may only occur during a trading window. Provided that any such party does not possess material, non-public information about us, this trading period commences on the second business day after the public release of quarterly or annual financial information and ends one month after the public release of that information.

Board Committees

General

The Board of Directors appoints committees to assist it in carrying out its duties. In particular, committees work on key issues in greater detail than would be practical at a meeting of all the members of the Board of Directors. Each committee reviews the results of its deliberations with the full Board of Directors.

The standing committees of the Board of Directors currently consist of the Audit Committee, the Compensation Committee, the Merger and Acquisition Committee, the Nominating and Corporate Governance Committee and the Investment Committee. Current copies of the charters for the Audit Committee, the Compensation Committee, the Merger and Acquisition Committee, the Nominating and Corporate Governance Committee and the Investment Committee, as well as our Corporate Governance Guidelines, Code of Business Conduct and Ethics and Code of Ethics for Chief Executive and Senior Financial Officers, may be found on our website at www.hilltop-holdings.com, under the heading "Investor Relations" > "Governance" > "Corporate Governance Documents". Printed versions also are available to any stockholder who requests them by writing to our corporate Secretary at the address listed under "Questions" on page 47. A more detailed description of these committees is set forth below. Our Board of Directors may, from time to time, establish certain other committees to facilitate our management.

Audit Committee

We have a standing Audit Committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934. The Audit Committee helps our Board of Directors ensure the integrity of our financial statements, the qualifications and independence of our independent registered public accounting firm and the performance of our internal audit function and independent registered public accounting firm. In furtherance of those matters, the Audit Committee assists in the establishment and maintenance of our internal audit controls, selects, meets with and assists the independent registered public accounting firm, oversees each annual audit and quarterly review and prepares the report that federal securities laws require be included in our annual proxy statement, which appears on page 44. Mr. Cummings has been designated as Chairman, and Messrs. Green and Bobbitt are members, of the Audit Committee. Our Board of Directors has reviewed the education, experience and other qualifications of each member of the Audit Committee. Based upon that review, our Board of Directors has determined that Mr. Cummings qualifies as an audit committee financial expert, as defined by the rules of the Securities and Exchange Commission, and each member is independent for purposes of audit committee members,

as set forth in the New York Stock Exchange's listing standards. Currently, none of our Audit Committee members serve on the audit committees of three or more public companies.

Compensation Committee

The Compensation Committee reviews and approves the compensation and benefits of our executive officers, administers our approved management incentive and 2003 equity incentive plans and produces the annual report on executive compensation for inclusion in our annual proxy statement, which appears on page 34. Each member is independent in accordance with the listing standards of the New York Stock Exchange.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee's purpose is as follows:

- Identify, screen and recommend to our Board of Directors individuals qualified to serve as members, and on committees, of the Board of Directors;
- Advise our Board of Directors with respect to the composition, procedures and committees of the Board of Directors;
- Advise our Board of Directors with respect to the corporate governance principles applicable to the Company; and
- Oversee the evaluation of the Board of Directors and our management.

Each member is independent in accordance with the listing standards of the New York Stock Exchange.

Investment Committee

The Investment Committee is responsible for, among other things, reviewing investment policies, strategies and programs; reviewing the procedures that we utilize in determining that funds are invested in accordance with policies and limits approved by the Investment Committee;

and reviewing the quality and performance of our investment portfolios and the alignment of asset duration to liabilities.

Merger and Acquisition Committee

The purpose of the Merger and Acquisition Committee is to review potential mergers, acquisitions or dispositions of material assets or a material portion of any business proposed by management and to report its findings and conclusions to the Board of Directors. Each member is independent in accordance with the listing standards of the New York Stock Exchange.

Corporate Governance

General

We are committed to good corporate governance practices and, as such, we have adopted formal corporate governance guidelines to enhance our effectiveness. The guidelines govern, among other things, board member qualifications, responsibilities, education, management succession and executive sessions. A copy of the corporate governance guidelines may be found at our corporate website at www.hilltop-holdings.com under the heading Investor Relations Governance Corporate Governance Documents. A copy also may be obtained upon request from our corporate Secretary at the address listed under Questions on page 47.

Board Leadership Structure

Except for a brief period in 2010 where Mr. Gerald J. Ford served as interim Chief Executive Officer, historically, we have separated the offices of Chief Executive Officer and Chairman of the Board as a means of separating management of the Company from our Board of Director s oversight of management. Separating these roles also enabled an orderly leadership transition when Mr. Larry Willard retired at the conclusion of 2009. We believe, at this time, that this structure provides desirable oversight of our management and affairs. We have in the past appointed, and will continue to appoint, lead independent directors as circumstances require.

Table of Contents

Risk Oversight

Our Board of Directors oversees an enterprise-wide approach to risk management, intended to support the achievement of organizational objectives, including strategic objectives, to improve long-term organizational performance and enhance stockholder value. Our Board of Directors is actively involved in establishing and refining our business strategy, including assessing management's appetite for risk and determining the appropriate level of overall risk for the Company. We may conduct assessments in the future as circumstances warrant.

While the Board of Directors has the ultimate oversight responsibility for the risk management process, various committees of the Board of Directors also have responsibility for risk management. In particular, the Audit Committee focuses on financial risk, including internal controls, and, from time to time, discusses and evaluates matters of risk, risk assessment and risk management with our management team. The Compensation Committee is responsible for overseeing the management of risk associated with our compensation policies and arrangements. The Nominating and Corporate Governance Committee ensures that the internal rule processes by which we are governed are consistent with prevailing best governance practices and applicable laws and regulations. Finally, the Investment Committee ensures that our funds are invested in accordance with policies and limits approved by it. Our Senior Officer Code of Ethics, Code of Business Conduct and Ethics, Committee Charters and other governance documents are reviewed by the appropriate committees annually to confirm continued compliance, ensure that the totality of our risk management processes and procedures is appropriately comprehensive and effective and that those processes and procedures reflect established best practices.

Board Performance

Our Board of Directors conducts an annual survey of its members regarding its performance and reviews the results of the survey with a view to improving efficacy and effectiveness of the Board of Directors. In addition, the full Board of Directors reviews annually the qualifications and effectiveness of the Audit Committee and its members.

Communications with Directors

Our Board of Directors has established a process to receive communications from stockholders and other interested parties. Stockholders and other interested parties may contact any member or all members of the Board of Directors by mail. To communicate with our Board of Directors, any individual director or any group or committee of directors, correspondence should be addressed to the Board of Directors or any such individual director or group or committee of directors by either name or title. The correspondence should be sent to Hilltop Holdings Inc., c/o Secretary, 200 Crescent Court, Suite 1330, Dallas, Texas 75201.

All communications received as set forth in the preceding paragraph will be opened by the office of our General Counsel for the sole purpose of determining whether the contents represent a message to our directors. Director Nomination Procedures

The Nominating and Corporate Governance Committee believes that, at a minimum, candidates for membership on the Board of Directors should have demonstrated an ability to make a meaningful contribution to the Board of Directors' oversight of our business and affairs and have a record and reputation for honest and ethical conduct. The Nominating and Corporate Governance Committee recommends director nominees to the Board of Directors based on, among other things, its evaluation of a candidate's experience, knowledge, skills, expertise, integrity, ability to make independent analytical inquiries, understanding of our business environment and a willingness to devote adequate time and effort to board responsibilities. In making its recommendations to the Board of Directors, the Nominating and Corporate Governance Committee also seeks to have the Board of Directors nominate candidates who have diverse backgrounds and areas of expertise so that each member can offer a unique and valuable perspective.

The Nominating and Corporate Governance Committee expects, in the future, to identify potential nominees by asking current directors and executive officers to notify the committee if they become aware of persons who meet the criteria described above. The Nominating and Corporate Governance Committee also, from time to time, may engage firms, at our expense, that specialize in identifying director candidates.

Edgar Filing: Hilltop Holdings Inc. - Form DEF 14A

As described below, the Nominating and Corporate Governance Committee also will consider candidates recommended by stockholders.

Once a person has been identified by the Nominating and Corporate Governance Committee as a potential candidate, the committee expects to collect and review publicly available information regarding the person to assess whether the person should be considered further. If the Nominating and Corporate Governance Committee determines that the candidate warrants further consideration, and if the person expresses a willingness to be considered and to serve on the Board of Directors, the Nominating and Corporate Governance Committee expects to request information from the candidate, review the person's accomplishments and qualifications, including in light of any other candidates that the committee might be considering, and conduct one or more interviews with the candidate. In certain instances, members of the Nominating and Corporate Governance Committee may contact one

or more references provided by the candidate or may contact other members of the business community or other persons that may have greater first-hand knowledge of the candidate's accomplishments.

Compensation Discussion and Analysis

In the paragraphs that follow, we will discuss the overall objectives of our compensation program and how it is designed to reward participants over the life of the program, each element of compensation that we provide and an explanation of the reasons for the compensation decisions we have made regarding the following individuals, whom we refer to as our named executive officers for 2011:

- Jeremy B. Ford President and Chief Executive Officer
- Darren Parmenter Senior Vice President of Finance (principal financial officer)
- Corey G. Prestidge General Counsel and Secretary
- Greg Vanek President of NLASCO

Following this discussion, we provide specific information about compensation earned or awarded to our named executive officers during 2011.

Executive Summary

All base salaries of the named executive officers during 2011 remained the same as the previous year, except for Mr. Prestidge whose base salary was increased to \$300,000 in April 2011. Other than base salary, the compensation of the named executive officers of Hilltop is discretionary and determined following the review of the Company's results of operations for the relevant period. Accordingly, the Compensation Committee evaluates the achievements and activities of the Company and the named executive officers of Hilltop, in particular, following the relevant period to determine the appropriate additional compensation, if any, to be awarded. With respect to Mr. Vanek, the Compensation Committee established performance criteria by which Mr. Vanek would receive compensation in addition to his base salary. This performance criteria is designed to promote growth without additional risk and loss exposure.

Philosophy and Objectives of Our Executive Compensation Program

Our compensation program includes the following components: base salary, annual and long-term incentive awards that are linked to performance and the creation of stockholder value, perquisites and post-termination compensation. In structuring our compensation programs each year, the Compensation Committee selects the particular components and the weighting given to those components, based upon our strategic objectives. We believe that it is critical to structure the compensation program in such a manner to retain those with the talent, skill and experience necessary for us to realize our strategic objectives.

Table of Contents

With this in mind, the following principles help guide our decisions regarding compensation of our named executive officers:

- *Compensation opportunities should be competitive with market practices.* In order to attract and retain executives with the experience and skills necessary to lead our company and motivate them to deliver strong performance to our stockholders, we are committed to providing total annual compensation opportunities that are competitive.
- *A significant portion of compensation should be performance-based.* Our executive compensation program emphasizes pay for performance. This means that compensation based on corporate performance, as assessed by our Compensation Committee and under the management incentive plan, as the case may be, has the possibility to represent a significant portion of the named executive officer's total compensation.
- *Management's interests should be aligned with those of our stockholders.* Our long-term incentive compensation is delivered in the form of stock options, the value of which is ultimately dependent upon the performance of our stock price. Although we have no mandatory requirement of stock ownership by our employees, including our named executive officers, stock ownership is encouraged.
- *Compensation should be perceived as fair and equitable.* We strive to create a compensation program that will be perceived as fair and equitable, both internally and externally. We also consider the pay of the named executive officers relative to one another and to other members of the management team.

How We Determine and Assess Executive Compensation Generally

Role of the Compensation Committee

The Compensation Committee of our Board of Directors is responsible for reviewing and approving all aspects of the compensation programs for our named executive officers and making all decisions regarding specific compensation to be paid or awarded to them. The Compensation Committee is responsible for, among its other duties, the following:

- Review and approval of corporate incentive goals and objectives relevant to compensation;
- Evaluation of individual performance results in light of these goals and objectives;

Edgar Filing: Hilltop Holdings Inc. - Form DEF 14A

- Evaluation of the competitiveness of the total compensation package; and
- Approval of any changes to the total compensation package, including, but not limited to, base salary, annual and long-term incentive award opportunities and payouts and retention programs.

The Compensation Committee is responsible for determining all aspects of compensation of the Chief Executive Officer, as well as assessing his individual performance.

The Compensation Committee, in its discretion, considers (i) the transferability of managerial skills, (ii) the relevance of each named executive officer's experience to other potential employees, and (iii) the readiness of the named executive officer to assume a different or more significant role, either within our organization or with another organization. When making pay-related decisions, the Compensation Committee also has considered our specific circumstances and the associated difficulties with attraction, retention and motivation of talent and the importance of compensation in supporting achievement of our strategic objectives.

Information about the Compensation Committee and its composition, responsibilities and operations can be found under [Board Committees](#) beginning on page 17 of this Proxy Statement and in the [Investor Relations-Governance](#) section of our website.

Table of Contents

Role of the Chief Executive Officer in Compensation Decisions

The Chief Executive Officer recommends to the Compensation Committee any compensation changes affecting the other named executive officers. Within the framework of the compensation programs approved by the Compensation Committee and based on management's review of market competitive positions, each year the Chief Executive Officer recommends the level of base salary increase, if any, reviews and approves the specific individual performance objectives, and whether the officer has achieved performance objectives, in the annual incentive program and recommends the long-term incentive grant value, if any, for the other named executive officers. His recommendations are based upon his assessment of the individual officer's performance, performance of the officer's respective business or function and employee retention considerations. The Compensation Committee reviews and considers the Chief Executive Officer's recommendations when determining any compensation changes affecting our officers or executives. The Chief Executive Officer does not play any role with respect to any matter impacting his own compensation.

Role of Stockholder Say-on-Pay Votes

The Company provides its stockholders with the opportunity to cast an annual advisory vote on executive compensation. At the Company's annual meeting of stockholders held in June 2011, 99% of the votes cast (excluding abstentions and broker non-votes) on the say-on-pay proposal at that meeting were voted in favor of the proposal. The Compensation Committee believes this affirms stockholders' support of the Company's approach to executive compensation, and did not change its approach in 2011. The Compensation Committee will continue to consider the outcome of the Company's say-on-pay votes when making future compensation decisions for the named executive officers.

Role of Compensation Consultant

The Compensation Committee has not retained a compensation consultant in past five years due to the unique nature of Hilltop and its activities. The Compensation Committee will consider retaining a compensation consultant in the future as circumstances warrant.

Other Factors

The Compensation Committee makes executive compensation decisions following a review and discussion of both the financial and operational performance of our businesses and the annual performance reviews of the named executive officers and other members of the management team.

Elements of our Executive Compensation Program

Overall, our executive compensation program is designed to be consistent with the objectives and principles set forth above. The basic elements of our 2011 and 2012 executive compensation program are summarized below, followed by a more detailed discussion of those programs.

Our compensation policies and programs are considered by the Compensation Committee in a total rewards framework, considering both pay base salary, annual incentive compensation and long-term incentive compensation; and benefits benefits, perquisites and executive benefits and other compensation. Our executive compensation program consists primarily of the following components:

Table of Contents

Compensation Component	Purpose
Base Salary	Fixed component of pay intended to compensate the individual fairly for the responsibility level of the position held.
Annual Incentive Awards	Variable component of pay intended to motivate and reward the individual's contribution to achieving our short-term/annual objectives.
Long-term Incentive Awards	Variable component of pay intended to motivate and reward the individual's contribution to achieving our long-term objectives.
Perquisites	Fixed component of pay intended to provide an economic benefit to us in attracting and retaining executive talent.
Post-Termination Compensation (Severance and Change in Control)	Fixed component of pay intended to provide a temporary income source following an executive's involuntary termination and, in the case of a change in control, to also provide continuity of management during that event.

Base Salary

We provide base salaries for each named executive officer, commensurate with the services each provides to us, because we believe a portion of total direct compensation should be provided in a form that is fixed and liquid. In determining the salary of Mr. Jeremy B. Ford, the Compensation Committee evaluated the salary that Mr. Jeremy B. Ford was earning with prior organizations, the salaries of other named executive officers of the Company and the level of responsibility assumed, among other items. As a result of that analysis, the Compensation Committee determined the annual salary of Mr. Jeremy B. Ford in April 2010. With respect to the other named executive officers of the Company for 2011, the Compensation Committee determined to maintain the current salary of the named executive officers based on the operating activities of the Company; however, the Compensation Committee determined to increase the salary of Mr. Corey G. Prestidge on April 28, 2011 to \$300,000 per year. This increase was based upon his continuing significant contributions to the Company. On March 8, 2012, the Compensation Committee determined to increase the salaries of Messrs. Parmenter and Vanek to \$290,000 and \$295,000, respectively, per year. In March 2012, Mr. Parmenter assumed the role of Chief Operating Officer of NLASCO, Inc. in addition to his current duties at the Company. As a result, the Compensation Committee determined to increase Mr. Parmenter's salary for those additional duties assumed. With respect to Mr. Vanek, the Compensation Committee determined that the new strategic initiatives implemented at NLASCO, Inc. and the lack of increase in his base salary for extended period of time warranted an increase in his base salary. The following are the base salaries for the named executive officers in 2010, 2011 and 2012:

Table of Contents

Name	2010	Base Salary 2011	2012
Jeremy B. Ford	\$ 400,000(a)	\$ 400,000	\$ 400,000
Darren Parmenter	\$ 275,000	\$ 275,000	\$ 290,000(c)
Corey G Prestidge	\$ 275,000	\$ 300,000(b)	\$ 300,000
Greg Vanek	\$ 275,000	\$ 275,000	\$ 295,000(c)

(a) Jeremy B. Ford was elected as President and Chief Executive Officer on March 11, 2010.

(b) The increase in Corey G. Prestidge's annual salary was determined by the Compensation Committee on April 28, 2011.

(c) The increases in salaries of Messrs. Parmenter and Vanek were determined by the Compensation Committee on March 8, 2012.

Annual Incentive Awards

Our named executive officers and other employees are eligible to receive annual incentive awards based upon our financial performance and other factors, including individual performance. The Compensation Committee believes that this element of compensation is important to focus management efforts on, and provide rewards for, annual financial and strategic results that are aligned with creating value for our stockholders. In years past, this component of the compensation program was pre-determined at the outset of the year and based upon measurable criteria. In 2008, our Compensation Committee decided to eliminate the pre-determined nature of this incentive compensation from the compensation program for our named executive officers serving at Hilltop, while maintaining that structure at our insurance holding company, NLASCO, Inc. This decision was due to the sale of substantially all of our assets in July 2007 and the change in the primary focus of Hilltop management towards acquisitions with its available cash. This component of the compensation program for the named executive officers at Hilltop is now purely at the discretion of the Compensation Committee. Therefore, the Compensation Committee is entitled to reward those officers on a more subjective, versus quantitative basis, which it believes is more relevant given the nature of Hilltop's current focus. The Compensation Committee, however, envisions returning to the previous structure upon Hilltop's consummation of an acquisition of a business with our available cash.

With respect to the award payable to Mr. Vanek, who serves at NLASCO, in 2011, the amounts he was entitled to receive under the management incentive plan were based upon NLASCO's achievement of the following criteria:

- \$30,938 if the Expense Ratio(a) is 36% or less;
- \$20,625 if written premium exceeds forecast;
- \$2,063 for each percentage point written premium exceeds forecast, up to 5% maximum (\$10,313 maximum); and
- Loss Ratio(b):
- \$144,375 if 51% or less;

Edgar Filing: Hilltop Holdings Inc. - Form DEF 14A

- \$72,188 if greater than 51%, but 55% or less; or
- \$20,625 if greater than 55%, but the non-catastrophe Loss Ratio(c) is 50% or less.

(a) Expense Ratio is policy acquisition and other underwriting expense divided by net premiums earned for the same period.

(b) Loss Ratio is the ratio that expresses the relationship of losses to premiums. Loss Ratio is loss and loss adjustment expenses divided by net premiums earned for the same period.

(c) The non-catastrophe Loss Ratio is defined as the loss and loss adjustment expense ratio excluding Property Claim Service identified catastrophes that result in a loss to American Summit Insurance Company of \$250,000 or more or National Lloyds Insurance Company of \$1.0 million or more.

Notwithstanding the foregoing, no compensation would be payable under this plan if there was a net loss at NLASCO for the calendar year ended December 31, 2011.

Table of Contents

The Compensation Committee, in its sole discretion, determines the amount of each participant's award based on attainment of the applicable performance goals and assessments of individual performance. For 2011 NLASCO performance, the Expense Ratio was less than 36%, written premium exceeded forecast and premium growth over budget was greater than five percent, which resulted in an award of \$61,875 to Mr. Vanek. The Compensation Committee, however, has the authority to make adjustments to the performance objectives in recognition of unusual or non-recurring events or to pay discretionary bonuses.

The Compensation Committee conducted a performance review of each named executive officer of Hilltop. During 2011, the named executive officers of Hilltop evaluated a number of opportunities, one of which was announced on March 21, 2011 and closed July 29, 2011. In addition to those activities, the Compensation Committee also evaluated the contributions by the named executive officers of Hilltop to other areas of the Company. Based upon those evaluations, together with operations of the Company, it determined the discretionary bonuses for 2011.

The following discretionary bonuses were paid for services rendered in 2011:

Name	Amount of Discretionary Cash Bonus	Percent of Base Salary
Jeremy B. Ford	\$ 230,000	57.5%
Darren Parmenter	\$ 75,000	27.3%
Corey G. Prestidge	\$ 100,000	33.3%
Greg Vanek	\$ 8,125(a)	3.0%

(a) The amount of cash bonus is in addition to Mr. Vanek's award under the management incentive plan of \$61,875. Accordingly, Mr. Vanek received an aggregate bonus of \$70,000 for 2011.

As previously announced, the named executive officers serving at Hilltop will be awarded bonuses in 2012 at the discretion of the Compensation Committee. With respect to Messrs. Vanek and Parmenter, the Compensation Committee currently is evaluating the bonus/performance criteria for 2012, which it expects to approve at its May 3, 2012 meeting.

The management incentive plan provides that, upon a change in control (as defined in the plan), each participant (which includes each of the named executive officers) would be entitled to payment of a pro-rata bonus for the year in which the change in control occurs, the amount of which would be determined assuming the maximum level of performance had been achieved. This plan does not apply to discretionary bonuses.

Long-Term Incentive Awards

As described above, we believe that a portion of each named executive officer's compensation should be tied to the performance of our company's stock price, aligning the officer's interest with that of our stockholders. In this regard, our long-term incentive compensation is delivered in the form of stock options, the value of which is ultimately dependent upon the performance of our stock price. Further discussion of

Edgar Filing: Hilltop Holdings Inc. - Form DEF 14A

the 2003 equity incentive plan pursuant to which such options are awarded is found after the Grants of Plan-Based Awards section below.

On October 25, 2007, the Compensation Committee granted options to purchase 50,000 shares to each of Mr. Parmenter and Mr. Vanek. In determining the number of stock options granted to Messrs. Parmenter and Vanek, the Compensation Committee did not take into account specific individual performance factors, but rather considered the awards previously made to other executive officers. No option awards were granted in 2008, 2009 and 2010.

Table of Contents

On November 2, 2011, the Compensation Committee granted options to purchase 500,000 shares and 100,000 shares to Jeremy B. Ford and Corey G. Prestidge, respectively. In determining the number of stock options granted to Messrs. Ford and Prestidge, the Compensation Committee did not take into account specific individual performance factors, but rather considered the awards previously made to other executive officers.

We have not adopted a formal policy for the timing of grants of equity awards. The Compensation Committee, however, follows an informal practice of annually reviewing and determining whether to grant equity awards. If the Compensation Committee needs to consider off-cycle awards, such as in the case of new hires, promotions or special retention awards, it determines the applicability and amount of any such awards on a case-by-case basis.

All option awards made to eligible employees, including the named executive officers, are made pursuant to the 2003 equity incentive plan. All stock options issued under the terms of the plan are granted with an exercise price equal to the fair market value of our common stock as defined in the 2003 equity incentive plan. Under the 2003 equity incentive plan, fair market value is deemed to be the average of the high and low sales prices per share of common stock on the New York Stock Exchange on the date of grant of the stock options. Options awards are not subject to re-pricing.

All stock option awards made to the named executive officers are made by the Compensation Committee and not pursuant to delegated authority.

Perquisites and Other Benefits

We provide a limited number of perquisites and other benefits to our named executive officers at Hilltop. The only perquisite currently offered to the named executive officers of Hilltop is \$150 per month to be applied to a gym membership to promote wellness. With respect to Mr. Vanek, NLASCO provides him a monthly car allowance and reimburses him for his country club membership dues. Otherwise, generally, our named executive officers receive only medical benefits, life insurance and long-term disability coverages, as well as supplemental contributions to the Company's 401(k) program, on the same terms and conditions as available to all employees. The medical and insurance benefits generally consist of group medical coverage with applicable deductibles and co-pays and complementary long-term disability capped at \$50,000, with the option to purchase additional coverage.

Severance and Other Post-Termination Compensation

Other than change in control provisions in our 2003 equity incentive plan and management incentive plan, we do not currently maintain any severance or change in control programs for the named executive officers. We, however, have historically paid severance, the amount of which is generally determined both by length of tenure and level of compensation, when termination occurs other than for cause and pursuant to which certain benefits may be provided to the named executive officers. Absent the negotiation of specific agreements with the named executive officers, severance benefits would be provided on the same basis as provided to other employees of the Company.

Edgar Filing: Hilltop Holdings Inc. - Form DEF 14A

The Company entered into an employment agreement with Mr. Vanek pursuant to which we agreed that if he is terminated without cause or resigns for good reason (each as defined below in the discussion of his employment agreement), he will be entitled to the following: unpaid vacation; an amount equal to the greater of (x) his base salary for the remainder of the employment period and (y) his base salary for one year; his pro rata bonus; and the cost of COBRA for one year.

Further discussion of the employment agreement with Mr. Vanek and payments made pursuant thereto may be found in the Employment Contracts, Termination of Employment and Change in Control Arrangements section below.

The 2003 equity incentive plan, pursuant to which stock option awards are granted to the named executive officers, contains specific termination and change in control provisions. We determined to include a change in control provision in the plan to be competitive with what we believe to be the standards for the treatment of equity upon a change in control for similar companies and so that employees who remain after a change in control would be treated the same with regard to equity as the general stockholders who could sell or otherwise transfer their equity

Table of Contents

upon a change in control. Under the terms of the plan, if a change in control event (as defined below in the discussion of the plan) were to occur, all awards then outstanding would become vested and/or exercisable and any applicable performance goals with respect thereto would be deemed to be fully achieved. Further discussion of the change in control payments made pursuant to the 2003 equity incentive plan may be found in the Employment Contracts, Termination of Employment and Change in Control Arrangements section below.

The management incentive plan, pursuant to annual incentive bonuses currently granted to Mr. Vanek, contains specific change of control provisions. In the event of a change in control (as defined in the management incentive plan discussed below), the performance period then in effect will be deemed to have been completed, the maximum level of performance will be deemed to have been achieved and all participants will receive payment within ten business days after the change in control, regardless of whether the individual is then employed by us or any of our affiliates. Further discussion of the change in control payments made pursuant to the management incentive plan may be found in the Employment Contracts, Termination of Employment and Change in Control Arrangements section below.

Risk Considerations in Our Compensation Program

We do not believe that our compensation policies and practices for our employees give rise to risks that are reasonably likely to have a material adverse effect on our Company. In reaching this conclusion, we considered the following factors:

- Base salary is fixed and, other than with respect to Mr. Vanek, the only compensation component that is variable is the annual bonus to named executive officers of Hilltop, which is awarded in the complete discretion of the Compensation Committee.
- Discretionary annual bonuses and bonuses under the management incentive plan are determined following the completion, or substantial completion, of the audit of the Company's financial statements by the Company's independent registered public accounting firm. Thus, the Compensation Committee has ample knowledge of the financial condition and results of the Company, as well as reports of other committees of the Board of Directors, upon which to base any decisions.
- Since the annual bonus to named executive officers of Hilltop (e.g., excluding Mr. Vanek) is purely discretionary and not linked to any performance criteria, the employee has no basis on which to take risks to meet certain pre-determined performance criteria.
- With respect to Mr. Vanek's performance criteria, we evaluated the manner in which he could take actions that would achieve the results of the prescribed criteria, yet have a material adverse effect on the Company. The nature of the criteria, which is based on expense and loss ratios, does not, however, incentivize him to take risks that would likely have a material adverse effect on the Company.

Management Incentive Plan

We have adopted a management incentive plan, which provides for cash bonus awards to those key employees of us and our subsidiaries selected by our Compensation Committee for participation in the plan. A participant may receive a cash bonus under the management incentive plan based upon the attainment, during each performance period, of performance objectives that are established by our Compensation Committee. These performance objectives may be based on one or more of the following criteria, determined in accordance with generally accepted accounting principles, where applicable:

- total stockholder return;

- earnings per share (which may include the manner in which such earnings goals were met);

- net income (before or after taxes);

- earnings before interest, taxes, depreciation and amortization;

- revenues;

- return on assets;

Table of Contents

- market share;

- business plan goals;

- cost reduction goals;

- funds from operations; or

- any combination of, or a specified increase in, any of the foregoing.

Performance objectives may be applied to one or more of the following, among others: our company as a whole, any of our subsidiaries or affiliates or any of our divisions or strategic business units, and may be applied to performance relative to a market index or a group of other companies. The Compensation Committee possesses the authority to make adjustments to the performance objectives in recognition of unusual or non-recurring events. The performance goals may include a threshold level of performance below which no compensation will be earned, levels of performance at which specified compensation will be earned and a maximum level of performance beyond which no additional compensation will be earned.

The amount of each participant's bonus will be based upon a bonus formula determined by our Compensation Committee, in its sole discretion, that ties such bonus to the attainment of the applicable performance goals, and will, unless otherwise determined by our Compensation Committee, range from 75% to 125% of certain specified target amounts. Under the management incentive plan, none of our executive officers may receive a bonus payment for any performance period that exceeds 125% of his base salary. Except as otherwise provided in a participant's employment or other individual agreement, the payment of a cash bonus to a participant for a performance period will be conditioned upon the participant's continued employment on the last day of the performance period. In the event of a change in control (as defined below), the performance period then in effect will be deemed to have been completed, the maximum level of performance will be deemed to have been achieved and all participants will receive payment within ten business days after the change in control, regardless of whether the individual is then employed by us or any of our affiliates. We believe a single trigger change of control provision was appropriate because it allows management to pursue all alternatives for us without undue concern for their own financial security. Our management equity incentive plan has a complex definition of change in control. Generally speaking, a change in control occurs if: (i) with certain exceptions, any person becomes the owner of 50% or more of the combined voting power of our outstanding stock and other voting securities; (ii) a majority of the directors serving on our Board of Directors are replaced other than by new directors approved by at least two-thirds of the members of our Board of Directors; (iii) we are not the surviving company after a merger or consolidation; or (iv) with certain exceptions, our stockholders approve a plan of complete liquidation or dissolution or an agreement for the sale or disposition of all or substantially all of our assets is consummated. We may amend, suspend or terminate the management incentive plan at any time, provided that no amendment of the plan may adversely affect an award granted prior to the amendment without the participant's consent.

2003 Equity Incentive Plan

Edgar Filing: Hilltop Holdings Inc. - Form DEF 14A

On December 23, 2003, we adopted the 2003 equity incentive plan, which provides for the grant of equity-based incentives, including restricted shares of our common stock, stock options, grants of shares and other equity-based awards, to our directors, officers and other employees and those of our subsidiaries selected by our Compensation Committee for participation in the plan. At inception, 1,992,387 shares were authorized for grant pursuant to this plan. All shares outstanding, whether vested or unvested, are entitled to receive dividends and to vote, unless forfeited. No participant in our 2003 equity incentive plan may be granted awards in any fiscal year covering more than 500,000 shares of our common stock.

The 2003 equity incentive plan is administered by our Compensation Committee, which has the discretion, among other things, to determine the persons to whom awards will be granted, the number of shares of our common stock to be subject to awards and the other terms and conditions of the awards. Performance objectives may be applied to one or more of the following, among others: our company as a whole, any of our subsidiaries or affiliates or any of our divisions or strategic business units, or may be applied to performance relative to a market index or a group of other companies. The Compensation Committee possesses the authority to make adjustments to the performance objectives in recognition of unusual or non-recurring events. The 2003 equity incentive plan provides

Table of Contents

that in no event will the Compensation Committee be authorized to reprice stock options, or to lower the base or exercise price of any other award granted under the plan, without obtaining the approval of our stockholders.

Stock options granted under the 2003 equity incentive plan may be either incentive stock options within the meaning of Section 422 of the Internal Revenue Code or nonqualified stock options. Generally, holders of restricted stock will be entitled to vote and receive dividends on their restricted shares, but our Compensation Committee may determine, in its discretion, that dividends paid while the shares are subject to restrictions may be reinvested in additional shares of restricted stock. Except as otherwise permitted by our Compensation Committee, awards granted under the 2003 equity incentive plan will be transferable only by will or through the laws of descent and distribution, and each stock option will be exercisable during the participant's lifetime only by the participant or, upon the participant's death, by his or her estate. Director compensation that is paid in the form of our common stock, whether at our or the director's election, is issued through this plan.

In the event of a change in control of us (as defined below), all awards then outstanding under the 2003 equity incentive plan will become vested and, if applicable, exercisable, and any performance goals imposed with respect to then-outstanding awards will be deemed to be fully achieved. Our 2003 equity incentive plan has a complex definition of change in control. Generally speaking, a change in control occurs if: (i) with certain exceptions, any person becomes the owner of 50% or more of the combined voting power of our outstanding stock and other voting securities; (ii) a majority of the directors serving on our Board of Directors are replaced other than by new directors approved by at least two-thirds of the members of our Board of Directors; (iii) we are not the surviving company after a merger or consolidation; or (iv) with certain exceptions, our stockholders approve a plan of complete liquidation or dissolution or an agreement for the sale or disposition of all or substantially all of our assets is consummated.

Employment Contracts, Termination of Employment and Change in Control Arrangements

Set forth below is a summary of the employment agreement with Mr. Vanek and a description of benefits payable following a change in control. The employment agreement with Mr. Parmenter expired in 2010. The Compensation Committee believes that the arrangements described below serve our interests and the interests of our stockholders because they help secure the continued employment and dedication of our senior officers prior to or following a change in control without concern for their own continued employment. We believe that it is in the best interest of our stockholders to have plans in place that will allow management to pursue all alternatives for us without undue concern for their own financial security. We also believe that such agreements and arrangements are important as recruiting and retention devices, as most companies with which we compete for executive talent have similar agreements or arrangements in place for their senior employees.

Employment Contracts

On January 31, 2007, or the effective date, NLASCO entered into an employment agreement with Mr. Vanek to serve as President and Chief Executive Officer of NLASCO. The employment agreement is for a term of three years; however, the term is extended by an additional year each anniversary of the effective date unless notice has been given otherwise. The annual base salary payable under the agreement is \$225,000, subject to increase by the Board of Directors at its sole discretion. Additionally, in accordance with the agreement, Mr. Vanek is entitled to participate in all of NLASCO's management incentive bonus plans and receive any annual performance bonus awarded to him by the Board of Directors pursuant to such plan. Further, the agreement provides that NLASCO will reimburse Mr. Vanek for his country club dues, as well as provide him a car allowance of \$1,200 per month. The agreement is terminated upon Mr. Vanek's death or terminable upon six consecutive months of disability. Upon Mr. Vanek's death or disability, the agreement will terminate and he or his estate, as applicable, will be entitled to the following: accrued, but unpaid vacation time; his then current base salary; full vesting of equity incentive awards; pro rata portion of the bonus under the annual incentive bonus program assuming achievement of target level performance goals; and paid COBRA benefits for one year. If his employment is terminated without cause by NLASCO, or for good reason by Mr. Vanek, as such standards are defined below, Mr. Vanek shall receive the following: accrued, but unpaid vacation time; an amount equal to the greater of his then current base salary for the remainder of the term and one year; pro rata portion of the bonus under the annual incentive bonus program assuming an achievement of target level performance goals; and paid COBRA benefits for one year. Other than amounts paid for COBRA benefits and salary in event of death or disability, such amounts will be paid in a lump sum payment to Mr. Vanek or his estate, as applicable.

For purposes this employment agreement:

- Disability means Mr. Vanek shall have been absent from full-time performance of his duties for six consecutive months as a result of incapacity due to physical or mental illness;
- Cause means (i) willful and continue failure to perform his duties after a 30-day cure period; (ii) engaging in conduct that is demonstrably and materially injurious to NLASCO or its affiliates, monetarily or otherwise; (iii) his conviction of, or plea of guilty or no contest

to, a felony; and

- Good Reason means a termination not satisfying the termination procedures (obtaining two-thirds vote of Board of Directors) or substantial reduction in his base salary or participation in incentive or other welfare benefit plans.

Under the employment agreement, Mr. Vanek has agreed that during the period of employment and for two years following his termination: (i) he will not solicit any person who is employed by us or any of our affiliates or otherwise interfere with our employee relations; and (ii) he will not contact any of our customers, suppliers or other business contacts or otherwise interfere with our customer or supplier relations. Mr. Vanek also has agreed all

Table of Contents

confidential records, material and information concerning us or our affiliates shall remain our exclusive property and Mr. Vanek shall not divulge such information to any person.

Accelerated Benefits Upon Termination or a Change in Control

The non-qualified stock option agreements pursuant to which all option awards are granted provide for acceleration of vesting upon a change in control or the death of the option holder. Our 2003 equity incentive plan has a complex definition of change in control. Generally speaking, a change in control occurs if: (i) with certain exceptions, any person becomes the owner of 50% or more of the combined voting power of our outstanding stock and other voting securities; (ii) a majority of the directors serving on our Board of Directors are replaced other than by new directors approved by at least two-thirds of the members of our Board of Directors; (iii) we are not the surviving company after a merger or consolidation; or (iv) with certain exceptions, our stockholders approve a plan of complete liquidation or dissolution or an agreement for the sale or disposition of all or substantially all of our assets is consummated.

Our 2003 equity incentive plan is a single-trigger plan, meaning that stock option acceleration occurs upon a change in control even if the option holder remains with us after the change in control, regardless of whether options are assumed or substituted by the surviving company. We believe a single trigger change of control provision was appropriate because it allows management to pursue all alternatives for us without undue concern for their own financial security.

The following table provides a quantitative delineation of monetary benefits from benefit plan acceleration that may be realized by our named executive officers currently employed by us, if a change in control event, as defined in the plan(s), had occurred on the last business day of 2011.

In addition to acceleration of benefits upon a change in control event, the non-qualified stock option agreements pursuant to which all option awards are granted provide for acceleration of vesting upon the death of the option holder. No other rights of acceleration are provided for under the terms of the Company's benefit plans.

The following table also provides the amounts of benefits a named executive officer of Hilltop would receive following a change in control. Any change in control amounts to which the named executive officer is entitled will be paid in a lump sum.

(a) Pursuant to the provisions of the 2003 equity incentive plan under which issuances of stock option awards are made, if a change in control event, as defined under the plan, were to occur, all awards then outstanding would become vested and, if applicable, exercisable and any applicable performance goals with respect thereto would be deemed to be fully achieved. The Company has the discretion to require payment by the option holder of any amount it deems necessary to satisfy its liability to withhold income or any other taxes incurred by reason of exercise of options. Further, pursuant to the terms of the non-qualified stock option agreements that govern the issuance of options, upon the death of the option holder all options become fully vested and exercisable.

(b) Represents the value of unvested stock option grants that would vest upon a change in control, assuming a change in control event on the last business day of 2011. The value realized assumes the exercise of all stock options that became vested as a result of the event and is calculated as the difference between the option exercise price per share and the closing market price on December 31, 2011 (\$8.45).

Set forth below are the amounts that Mr. Vanek would have received if the specified events had occurred on December 31, 2011.

	Death or Disability (a)	Without Cause or For Good Reason (b)	Change of Control (c)
Salary	\$ 275,000	\$ 572,917	\$ 572,917

- (a) Assumes (i) no unused vacation days and (ii) the cost COBRA would be 2,000 per month for one year.
- (b) Assumes (i) no unused vacation days and (ii) the cost COBRA would be 2,000 per month for one year.
- (c) Represents that amount that would have been due to Mr. vanek under his employment agreement if he terminated the employment agreement for good reason, or he was terminated for other than cause, on the last business day of 2011, as well as a change in control on that same day. Assumes the following: (i) no unused vacation days, (ii) maximum bonus under management incentive plan awarded under that plan as a result of a change in control, and (iii) cost of COBRA would be \$2,000 per month for one year. Pursuant to the provisions of the management incentive plan under which cash bonus awards are made, if a change in control event, as defined under the plan, were to occur while any awards under the plan remain outstanding, then any applicable performance period would be deemed to have been completed and the respective performance goals would be deemed to have been fulfilled at the maximum level of performance set forth therein. Under such circumstances, each participant in the bonus plan would be entitled to payment of the pro-rata portion of such bonus amount, payable within ten business days following such a change in control event, regardless of whether than employed by the Company. The Company would have the right to withhold from any bonus amounts to be paid any taxes it may be required to withhold or to make such other arrangements for withholding as it deems satisfactory.
- (d) All stock options granted to Mr. Vanek have vested and their exercise price exceeded the closing price of Company common stock on December 31, 2011.

Compensation Committee Interlocks and Insider Participation

During fiscal year 2011, directors Rhodes Bobbitt, W. Joris Brinkerhoff and William T. Hill, Jr. served on the Compensation Committee. During fiscal year 2011:

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires officers and directors, and persons who beneficially own more than ten percent of our stock, to file initial reports of ownership and reports of changes in ownership with the SEC. Officers, directors and greater than ten percent beneficial owners are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

Based solely on a review of the copies furnished to us and representations from our officers and directors, we believe that all Section 16(a) filing requirements for the year ended December 31, 2011, applicable to our officers, directors and greater than ten percent beneficial owners were satisfied.

Based on written representations from our officers and directors, we believe that all Forms 5 for directors, officers and greater than ten percent beneficial owners that have been filed with the SEC are the only Forms 5 required to be filed for the period ended December 31, 2011.

C. Clifton Robinson Relationship with the Company

In furtherance of the terms of the NLASCO Agreement, C. Clifton Robinson, Chairman of NLASCO and a member of our Board of Directors, entered into certain ancillary agreements with us or NLASCO, including, among others, an employment agreement, a non-competition agreement, a lock-up agreement and a registration rights agreement.

In conjunction with the closing of the NLASCO acquisition, NLASCO entered into an employment agreement with C. Clifton Robinson that provides that he was to serve as chairman of NLASCO and will be paid \$100,000 a year. In addition, NLASCO entered into an employment agreement with Mr. Robinson's son, Gordon B. Robinson, the former vice chairman and deputy chief executive officer of NLASCO, pursuant to which he was to serve in an advisory capacity to NLASCO and for which he will be paid \$100,000 per year. Each employment agreement was for a one-year term with automatic one-year extensions by agreement of the parties. Both of these agreements were terminated on January 1, 2011. The employment agreements also included non-competition and non-solicitation provisions similar to that in the non-competition agreement discussed below, but with terms until two years after the termination of employment. Further, each of the Robinsons entered into a non-competition agreement pursuant to which he has agreed not to, directly or indirectly, engage or invest in, own, manage, operate, finance, control, or participate in the ownership, management, operation, financing, or control of, be employed by, lend credit to, or render services to, any business whose products, services or activities compete with those of NLASCO or any of its subsidiaries within certain states. Each non-competition agreement includes customary non-solicitation provisions. The term of the non-competition agreements is five years. Finally, C. Clifton Robinson executed a share lock-up agreement pursuant to which he has agreed not to offer, sell, contract to sell, hypothecate, pledge, sell or grant any option, right or warrant to purchase, or otherwise dispose of, or contract to dispose of, our common stock until 20 months after the closing date of the NLASCO acquisition. Upon the closing of the NLASCO acquisition in January 2007, NLASCO became our wholly-owned subsidiary.

Mr. Robinson was elected to our board of directors in March 2007 pursuant to the terms of the NLASCO Agreement.

Assumption of NLASCO, Inc. Subsidiary Office Leases

With the acquisition of all of the capital stock of NLASCO, we also assumed all assets and liabilities of its wholly-owned subsidiaries. Prior to Mr. Robinson's disposition of his office building on August 24, 2011, NLASCO and its affiliates in Waco, Texas leased office space from affiliates of Mr. Robinson. There were three separate leases. The first lease was a month-to-month lease for office space at a rate of \$900 per month. The second lease was a month-to-month lease at a monthly rental rate of \$3,500 per month. The first and second leases were terminated in August 2010. The third lease, as amended, currently requires payments of \$40,408 per month and expires on December 31, 2014, but does have renewal options at the discretion of the lessee. Aggregate office space under lease with regard to the foregoing is approximately 28,863 square feet.
