Item 2.02 Results of Operation and Financial Condition

On May 8, 2012, the registrant provided its financial results for the first quarter ended March 31, 2012. The Company's full financial results, Management's Discussion and Analysis together with other important disclosures can be found in the Company's Quarterly Report on Form 10-Q, filed with the U.S. Securities and Exchange Commission and the Canadian securities regulatory authorities on May 8, 2012.

Recent Highlights Include:

- Vista remains debt free after repaying its \$23-million convertible notes in March 2011 and has \$14.8 million in cash at March 31, 2012.
- In March 2012, the Company received \$1.5 million from Awak Mas Holdings Pty. Ltd. (Awak Mas) under the additional option agreement, resulting in a gain of \$934,000 on the Awak Mas gold project.
- In March 2012, the Company received \$733,000 from the exercise of certain compensation options, and in April 2012, the Company received \$1.1 million from the exercise of certain compensation warrants.
- On April 19, 2012, the Company announced that it filed a final short form base shelf prospectus with the securities commissions in each province and territory of Canada (other than Quebec) and that its shelf registration statement on Form S-3 filed with the SEC was brought effective (collectively, the Offering Documents). The Offering Documents were filed to replace Vista's prior Canadian short form base shelf prospectus that expired last year and Vista's current shelf registration statement on Form S-3 that expired on May 1, 2012 and allow Vista to make offerings of common shares, warrants, subscription receipts or units for aggregate proceeds of up to US\$200 million during specified periods of time.
- Under the provisions of the earn-in right agreement (the Earn-in Right Agreement) between Vista and Invecture Group S.A. de C.V. (Invecture), the Company agreed that if certain specified events (the adjustment triggering events) did not occur by specified dates ending on April 30, 2012, the interest that Invecture could earn-in to the Concordia gold project would increase. Because the adjustment triggering events had not occurred by April 30, 2012, Invecture's earn-in right increased from 60% to 62.5% effective May 1, 2012. Also, pursuant to the terms of the Earn-in Right Agreement, the Company received a \$2 million payment from Invecture.

Summary of First Quarter 2012 Financial Results

With the continuation of drilling, permitting and development activities at our Mt. Todd gold project and the on-going exploration program at our Guadalupe de los Reyes gold/silver project, we incurred a net loss of \$11.2 million, or \$0.16 per share (\$0.16 per share on a fully diluted basis), for the three months ended March 31, 2012. This is compared to a net loss of \$3.9 million, or \$0.06 per share (\$0.06 per share on a fully diluted basis), for the same period in 2011. Compared to the respective prior period, results for the quarter ended March 31, 2012 were primarily attributable to: (i) increased costs of \$2.8 million that we incurred to advance the feasibility study and permitting process being undertaken at our Mt. Todd gold project; and (ii) increased costs of \$976,000 due to legal and professional fees associated with the Earn-in Right Agreement with Invecture and our Canadian and United States prospectuses and for stock-based compensation for the restricted stock units that we granted in January of 2012. These increased costs were partially offset by the \$934,000 gain we realized on the \$1.5 million payment we received from Awak Mas under the additional option agreement. Additionally, we recognized an unrealized loss of \$4.6 million, net of deferred taxes, on our investment in Midas Gold Corp. (Midas) due to a decline in the value of its common shares, which is consistent with the decline experienced during the first quarter of 2012 in the value of shares of other junior gold stocks.

Edgar Filing: VISTA GOLD CORP - Form 8-K

Cash and cash equivalents declined by \$3.1 million from \$17.9 million at December 31, 2011 to \$14.8 million at March 31, 2012 in support of advancements at our Mt. Todd gold project, the exploration drilling program at our Guadalupe de los Reyes gold/silver project and the Earn-in Right Agreement with Invecture. These cash outflows were partially offset by the \$733,000 proceeds we received upon the exercise of certain compensation options, the \$2 million non-refundable payment we received from Invecture and the \$1.5 million option payment we received from Awak Mas. The payments we received from both Invecture and

Awak Mas reduced the mineral property balances for our Concordia and Awak Mas gold projects by \$2 million and \$566,000, respectively. Additionally, our investment in Midas, net of tax, declined in value from December 31, 2011 to March 31, 2012 as noted above. Lastly, we recognized stock-based compensation expense of \$1 million for outstanding stock awards, including the restricted stock units we granted in January 2012.
