Item 1. Reports to Stockholders.

Stockholder Letter (unaudited)

Edgar Filing: ABERDEEN JAPAN EQUITY FUND, INC. - Form N-CSR

Dear Stockholder,

We present this Annual Report, which covers the activities of Aberdeen Japan Equity Fund, Inc. (the Fund), for the fiscal year ended October 31, 2017. The Fund's investment objective is to outperform over the long term, on a total return basis (including appreciation and dividends), the Tokyo Stock Price Index (TOPIX).

Total Investment Return

For the 1-year, 3-year, and 5-year periods as of October 31, 2017, the total return to stockholders of the Fund based on the net asset value (NAV) and market price of the Fund compared to the Fund's benchmark in US dollar terms is as follows:

	1 Year	3 Year	5 Year
NAV*	12.8%	11.0%	15.5%
Market Price*	16.7%	11.0%	15.8%
Tokyo Stock Price Index	19.7%	11.6%	13.1%

*assuming the reinvestment of dividends and distributions

For more detailed information about Fund performance please see page 3 Report of the Investment Manager.

The Fund's total return is based on the reported NAV on each financial reporting period end and may differ from what is reported on the Financial Highlights due to financial statement rounding or adjustments.

NAV and Share Price

	NAV	Market Price	Discount
10/31/2017	\$10.30	\$9.17	11.0%
10/31/2016	\$9.51	\$8.18	14.0%

Discount Management Program

Under the Fund's Discount Management Program, the Fund's Board of Directors has authorized management to make open market purchases, from time to time, in a maximum aggregate amount during each twelve month period ended October 31 of up to 10% of the Fund's shares of stock outstanding as of October 31 of the prior year. Such purchases may be made opportunistically at certain discounts to net asset value per share when, in the reasonable judgment of management based on historical discount levels and current market conditions, such repurchases may enhance stockholder value. During the fiscal year ended October 31, 2017, the Fund repurchased 126,925 shares, which represented 0.9% of the outstanding shares at the start of the period.

Merger of Aberdeen Asset Management PLC with Standard Life plc

The Fund's investment manager and administrator are each a subsidiary of Aberdeen Asset Management PLC (Aberdeen PLC). The merger of Standard Life plc and Aberdeen PLC, announced on March 6, 2017 (Merger), closed on August 14, 2017. Aberdeen PLC became a direct subsidiary of Standard Life plc as a result of the Merger and the combined company changed its name to Standard Life Aberdeen plc. Stockholders of the Fund were not required to take any action as a result of the Merger. Following the Merger, the Fund's investment manager and administrator each became an indirect subsidiary of Standard Life Aberdeen plc, but otherwise did not change. The investment manager and administration agreements for the Fund, the services provided under the agreements, and the fees charged for services did not change as a result of the Merger. The portfolio management team for the Fund also did not change as a result of the Merger.

Unclaimed Share Accounts

Please be advised that abandoned or unclaimed property laws for certain states require financial organizations to transfer (escheat) unclaimed property (including Fund shares) to the state. Each state has its own definition of unclaimed property, and Fund shares could be considered unclaimed property due to account inactivity (e.g., no owner-generated activity for a certain period), returned mail (e.g., when mail sent to a shareholder is returned to the Fund's transfer agent as undeliverable), or a combination of both. If your Fund shares are categorized as unclaimed, your financial advisor or the Fund's transfer agent will follow the applicable state's statutory requirements to contact you, but if unsuccessful, laws may require that the shares be escheated to the appropriate state. If this happens, you will have to contact the state to recover your property, which may involve time and expense. For more information on unclaimed property and how to maintain an active account, please contact your financial adviser or the Fund's transfer agent.

Portfolio Holdings Disclosure

The Fund's complete schedule of portfolio holdings for the second and fourth quarters of each fiscal year is included in the Fund's semi-annual and annual reports to stockholders. The Fund files its complete schedule of portfolio holdings with the Securities and Exchange Commission (the SEC) for the first and third quarters of each fiscal year on Form N-Q. The Fund's Forms N-Q are available on the SEC's website at <http://www.sec.gov> and may be reviewed and copied at the SEC's Public Reference Room in Washington, D.C. Information about the operation of the Public Reference Room may be obtained

1 The Tokyo Stock Price Index (TOPIX) is a free-float adjusted market capitalization-weighted index that is calculated based on all the domestic common stocks listed on the Tokyo Stock Exchange First Section. The TOPIX Index shows the measure of current market capitalization assuming that market capitalization as of the base date (January 4, 1968) is 100 points. Indexes are unmanaged and have been provided for comparison purposes only. No fees or expenses are reflected. You cannot invest directly in an index.

Report of the Investment Manager (unaudited)

Fund performance review

The Fund gained 12.8% on a net asset value basis over the 12-month period ended October 31, 2017 but underperformed the 19.7% return of its benchmark, the Tokyo Stock Price Index (TOPIX). The TOPIX hit a 21-year high in October 2017 with strong liquidity flows into large capitalization export led stocks as investors focused on companies benefitting from yen weakness and welcomed Prime Minister Abe's snap-election win in October 2017. The Fund's high quality portfolio remained more defensively positioned and lagged in the most recent rally. We are comfortable with the outlook for the Fund's portfolio of well-run companies which tend to perform more strongly amid tougher market conditions and whose businesses remain relatively unaffected by currency changes.

In the most recent corporate earnings news, company results in the Japanese equity market generally continued to exceed investors' expectations, extending the trend from the second half of the reporting period. This was attributable largely to a healthier global economy and a weaker yen which depreciated 9% vs. the US dollar during the period.

The Fund benefitted from its position in Keyence Corp., as the sensor manufacturing company posted strong results driven by rising demand for automation. Similarly, Shin-Etsu Chemical Co. posted healthy earnings over the period that were buoyed by rising global demand for silicon wafers, as well as firm prices for polyvinyl chloride (PVC) amid stricter environmental regulations. Furthermore, the Fund's holding in Chugai Pharmaceutical also contributed positively as investors took a largely favorable view on the company's product pipeline.

On a stock basis, one of the primary detractors from the Fund's relative performance during the reporting period was Japan Tobacco. The company's shares declined as competing novel nicotine products continued to take market share from its domestic cigarette sales. The company launched a competing product in the key Tokyo market in June 2017, and management expects to expand sales nationwide by the end of 2017. The Fund's position in telecommunications company KDDI Corp. also weighed on relative performance as defensive stocks lagged the overall Japanese stock market during the reporting period. We see no fundamental change for KDDI's business, including its competitiveness among domestic mobile telecommunications operators. Finally, although Seven & i reported results over the period generally in line with the market expectations, its shares fell due to weaker-than-anticipated food sales at its subsidiary, Ito-Yokado, an area that was expected to drive the supermarket unit's growth.

Market/economic review

Japanese equities rose sharply in the year under review. Investor sentiment was underpinned by an improved outlook for corporate earnings, which in turn was supported by weakness in the Japanese yen. As generally expected, the Bank of Japan held its monetary-policy course steady amid still subdued inflation. A slew of external events also had an impact on the Japanese stock market. These included the UK's surprising decision to leave the European Union, UK Prime Minister Theresa May's subsequent snap-election gamble that left her weakened ahead of Brexit negotiations, and Donald Trump's unexpected election as U.S. president in November 2016.

Portfolio review

Regarding portfolio activity during the reporting period, we exited the Fund's positions in both office devices manufacturer Canon and personal products maker Unicharm Corp. due to our concerns over their deteriorating business prospects. We also sold the Fund's shares in auto-components supplier Aisin Seiki Co. after a period of strong stock price performance. We exited the positions in pharmaceutical firm Astellas Pharma and real estate developer Mitsubishi Estate Co. in favor of better opportunities

elsewhere. We initiated a holding in Shionogi & Co., a drug-maker specializing in treatments for infectious diseases such as HIV. We believe that its management team is well-focused, and the company is positioned with diversified pipelines for both existing and new drugs, with no expiring patents in the near term. Additionally, we established new positions in cosmetics company Shiseido Co., which we believe has made good progress on restructuring the business under its new president, Masahiko Uotani, who has addressed underperforming brands, executed on cost structure reforms, and aligned executives behind an incentive-based pay structure. We also initiated a holding in Stanley Electric Co., one of the world's largest automotive-lighting manufacturers that we feel is well positioned to benefit from an industry-wide structural shift from halogen to LED headlamps as demand for energy efficiency increases. Furthermore, we think that the company's distinctive in-house LED manufacturing capabilities may improve cost efficiencies that will lead to improved profitability. Another new addition to the Fund was leading local furniture and home-furnishings retailer Nitori Holdings, which has recorded 30 consecutive years of sales and profit growth and is looking to accelerate earnings momentum by expanding into urban city centers with its interior decorating stores. The company's vertically integrated operation allows it to achieve healthy margins, and management of this largely domestic business is now seeking to replicate its success in key overseas markets such as China.

Report of the Investment Manager (unaudited) (concluded)

We also initiated a position in leading automotive chip-maker Renesas Electronics Corp., which we believe is well positioned to benefit from a growing focus on vehicle electrification, autonomous driving and the increasing connectivity between industrial applications. This is underpinned by its cutting-edge technology in miniaturized microcontrollers, which improve energy consumption and enhance memory size, while its analog semiconductor technology is used in a broad range of applications. We also established a new position in pharmacy and drugstore operator Ain Holdings. The company plans to open a chain of in-hospital pharmacies, which became possible only after a recent change in regulations. Finally, we established a new position in Komatsu, the world's second-largest construction and mining equipment maker next to Caterpillar. We think that Komatsu's operations are impressive: the company's global reach allows it to build close client relationships with a loyal client base; an after-sales service uses remote monitoring systems to prevent any erosion of its market share; and its products are able to meet stricter emissions standards. We believe that Komatsu has a progressive management team, setting clear targets for financial and shareholder returns. In our view, the company made an effective acquisition to expand its mining equipment business at a time when the industry was still undergoing consolidation, although activity has since started to accelerate. We believe that the heavy-equipment replacement cycle is still in its early stages following a protracted four-year decline.

Outlook

Over the long-term, we believe that Japanese equities are well placed to maintain their upward trajectory, bolstered by the benign global macro-economic backdrop. Sustained demand for Japanese exports from abroad and the nascent improvement in domestic consumption should remain supportive of share prices. On the political front, Prime Minister Shinzo Abe is now armed with a stronger mandate following his snap-election win in October 2017, and this should enable him to push through his expansionary policies and economic reforms. Following the stock market's strong rally, we are comfortable that the Fund's portfolio has been constructed with a degree of defensiveness, which should help it weather any short-term challenges that may lie ahead. In addition, Japan remains under-owned by international investors and relative valuations look attractive in a global context.

Aberdeen Asset Management Asia Limited

1 Vertical integration comprises a merger of companies in the same industry at different stages of production and/or distribution.

4 Aberdeen Japan Equity Fund, Inc.

Total Investment Return (unaudited)

The following table summarizes the average annual Fund total investment return compared to the TOPIX, the Fund's benchmark, for the 1-year, 3-year, 5-year and 10-year periods as of October 31, 2017.

	1 Year	3 Years	5 Years	10 Years
Net Asset Value (NAV)	12.8%	11.0%	15.5%	3.5%
Market Price	16.7%	11.0%	15.8%	3.1%
TOPIX Index	19.7%	11.6%	13.1%	3.1%

Returns represent past performance. Total investment return at NAV is based on changes in the NAV of Fund shares and assumes reinvestment of dividends and distributions, if any, at market prices pursuant to the dividend reinvestment program sponsored by the Fund's transfer agent. All return data includes fees charged to the Fund, which are listed in the Fund's Statement of Operations under Expenses. The Fund's total investment return is based on the reported NAV on each financial reporting period end. Total investment return at market value is based on changes in the market price at which the Fund's shares traded on the NYSE during the period and assumes reinvestment of dividends and distributions, if any, at market prices pursuant to the Fund's dividend reinvestment program. Because the Fund's shares trade in the stock market based on investor demand, the Fund may trade at a price higher or lower than its NAV. Therefore, returns are calculated based on both market price and NAV. **Past performance is no guarantee of future results.** The performance information provided does not reflect the deduction of taxes that a stockholder would pay on distributions received from the Fund. The current performance of the Fund may be lower or higher than the figures shown. The Fund's yield, return, market price and NAV will fluctuate. Performance information current to the most recent month-end is available at www.aberdeenejq.com or by calling 800-522-5465.

The net operating expense ratio based on the fiscal year ended October 31, 2017 was 0.86%.

Top Ten Equity Holdings (unaudited)

The following were the Fund's top ten holdings as of October 31, 2017:

Name of Security	As a Percentage of Net Assets
Shin-Etsu Chemical Co. Ltd.	6.0%
Keyence Corp.	4.8%
Japan Tobacco, Inc.	4.3%
FANUC Corp.	4.2%
Amada Holdings Co. Ltd.	3.9%
Nabtesco Corp.	3.8%
Seven & i Holdings Co. Ltd.	3.6%
KDDI Corp.	3.5%
Yahoo Japan Corp.	3.3%
Systemex Corp.	2.8%

Portfolio Composition (unaudited)

The following table summarizes the sector composition of the Fund's portfolio, in Standard & Poor's Global Industry Classification Standard (GICS), expressed as a percentage of net assets. The GICS structure consists of 11 sectors, 24 industry groups, 68 industries and 157 sub-industries. As of October 31, 2017, the Fund did not have more than 25% of its assets invested in any industry. The sectors, as classified by GICS Sectors, are comprised of several industries. As of October 31, 2017, the Fund held 99.0% of its net assets in equities, 0.2% in a short-term investment and 0.8% in other assets in excess of liabilities.

Financial Highlights

	For the Fiscal Years Ended October 31,				
	2017	2016	2015	2014	2013
PER SHARE OPERATING PERFORMANCE(a):					
Net asset value, beginning of year	\$9.51	\$8.69	\$8.26	\$7.55	\$5.67
Net investment income	0.07	0.08	0.05	0.04	0.07
Net realized and unrealized gains/(losses) on investments and foreign currencies	1.03	1.03	0.44	0.79	1.87
Total from investment operations	1.10	1.11	0.49	0.83	1.94
Distributions from:					
Net investment income	(0.09)	(0.08)	(0.03)	(0.15)	(0.06)
Net realized gains	(0.23)	(0.23)	(0.04)		
Total distributions	(0.32)	(0.31)	(0.07)	(0.15)	(0.06)
Capital Share Transactions:					
Impact due to discount management policy	0.01	0.02	0.01	0.03	
Net asset value, end of year	\$10.30	\$9.51	\$8.69	\$8.26	\$7.55
Market value, end of year	\$9.17	\$8.18	\$7.48	\$7.36	\$6.83
Total Investment Return Based on(b):					
Market value	16.73%	14.10%	2.67%	10.11%	38.11%
Net asset value	12.78%	14.19%	6.28%	11.79%	34.63%
Ratio to Average Net Assets/Supplementary Data:					
Net assets, end of year (in millions)	\$137.7	\$127.9	\$118.7	\$113.7	\$107.0
Average net assets (in millions)	\$124.4	\$118.4	\$117.9	\$107.3	\$97.9
Net operating expenses, net of fee waivers	0.86%	0.92%	0.96%	1.04%	1.08%
Net operating expenses, excluding fee waivers	0.86%	0.92%	0.96%	1.04%	1.08%
Net investment income	0.78%	0.86%	0.58%	0.47%	0.97%
Portfolio turnover	22%	8%	10%	98%	100%

(a) Based on average shares outstanding.

(b) Total investment return based on market value is calculated assuming that shares of the Fund's common stock were purchased at the closing market price as of the beginning of the period, dividends, capital gains, and other distributions were reinvested as provided for in the Fund's dividend reinvestment plan and then sold at the closing market price per share on the last day of the period. The computation does not reflect any sales commission investors may incur in purchasing or selling shares of the Fund. The total investment return based on the net asset value is similarly computed except that the Fund's net asset value is substituted for the closing market value.

Amounts listed as are \$0 or round to \$0.

See Notes to Financial Statements.

12 Aberdeen Japan Equity Fund, Inc.

Notes to Financial Statements

October 31, 2017

1. Organization

Aberdeen Japan Equity Fund, Inc. (the Fund) was incorporated in Maryland on July 12, 1990 under its original name The Japan Emerging Equity Fund, Inc. and commenced operations on July 24, 1992. It is registered with the Securities and Exchange Commission as a closed-end, diversified management investment company. The Fund's investment objective is to outperform over the long term, on a total return basis (including appreciation and dividends), the Tokyo Stock Price Index (TOPIX).

2. Summary of Significant Accounting Policies

The Fund is an investment company and accordingly follows the investment company accounting and reporting guidance of the Financial Accounting Standards Board (FASB) Accounting Standard Codification Topic 946 Financial Services Investment Companies. The following is a summary of significant accounting policies followed by the Fund in the preparation of its financial statements. The policies conform to generally accepted accounting principles in the United States of America (GAAP). The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of income and expenses for the period. Actual results could differ from those estimates. The books and accounting records of the Fund are maintained in U.S. Dollars.

a. Security Valuation:

The Fund values its securities at current market value or fair value, consistent with regulatory requirements. Fair value is defined in the Fund's Valuation and Liquidity Procedures as the price that could be received to sell an asset or paid to transfer a liability in an orderly transaction between willing market participants without a compulsion to transact at the measurement date.

Equity securities that are traded on an exchange are valued at the last quoted sale price on the principal exchange on which the security is traded at the Valuation Time subject to application, when appropriate, of the valuation factors described in the paragraph below. Under normal circumstances, the Valuation Time is as of the close of regular trading on the New York Stock Exchange (usually 4:00 p.m. Eastern Time). In the absence of a sale price, the security is valued at the mean of the bid/ask price quoted at the close on the principal exchange on which the security is traded. Securities traded on NASDAQ are valued at the NASDAQ official closing price. Closed-end funds and exchange-traded funds (ETFs) are valued at the market price of the security at the Valuation Time. A security using any of these pricing methodologies is determined to be a Level 1 investment.

Foreign equity securities that are traded on foreign exchanges that close prior to Valuation Time are valued by applying valuation factors

to the last sale price or the mean price as noted above. Valuation factors are provided by an independent pricing service provider. These valuation factors are used when pricing the Fund's portfolio holdings to estimate market movements between the time foreign markets close and the time the Fund values such foreign securities. These valuation factors are based on inputs such as depositary receipts, indices, futures, sector indices/ETFs, exchange rates, and local exchange opening and closing prices of each security. When prices with the application of valuation factors are utilized, the value assigned to the foreign securities may not be the same as quoted or published prices of the securities on their primary markets. A security that applies a valuation factor is determined to be a Level 2 investment because the exchange-traded price has been adjusted. Valuation factors are not utilized if the independent pricing service provider is unable to provide a valuation factor or if the valuation factor falls below a predetermined threshold; in such case, the security is determined to be a Level 1 investment.

Short-term investments are comprised of cash and cash equivalents invested in short-term investment funds which are redeemable daily. The Fund sweeps available cash into the State Street Institutional U.S. Government Money Market Fund, which has elected to qualify as a government money market fund pursuant to Rule 2a-7 under the Investment Company Act of 1940, and has an

Edgar Filing: ABERDEEN JAPAN EQUITY FUND, INC. - Form N-CSR

objective to maintain a \$1.00 per share net asset value (NAV). Generally, these investment types are categorized as Level 1 investments.

In the event that a security's market quotations are not readily available or are deemed unreliable (for reasons other than because the foreign exchange on which it trades closes before the Valuation Time), the security is valued at fair value as determined by the Fund's Pricing Committee, taking into account the relevant factors and surrounding circumstances using valuation policies and procedures approved by the Fund's Board of Directors. A security that has been fair valued by the Fund's Pricing Committee may be classified as Level 2 or Level 3 depending on the nature of the inputs.

In accordance with the authoritative guidance on fair value measurements and disclosures under GAAP, the Fund discloses the fair value of its investments using a three-level hierarchy that classifies the inputs to valuation techniques used to measure the fair value. The hierarchy assigns Level 1, the highest level measurements to valuations based upon unadjusted quoted prices in active markets for identical assets, Level 2 measurements to valuations based upon other significant observable inputs, including adjusted quoted prices in active markets for similar assets, and Level 3, the lowest level measurements to valuations based upon unobservable inputs that are significant to the valuation. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability, which are based on market data obtained from sources independent of the reporting entity. Unobservable inputs are inputs that reflect the

Notes to Financial Statements (continued)

October 31, 2017

reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. A financial instrument's level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. The three-level hierarchy of inputs is summarized below:

Level 1 quoted prices in active markets for identical investments;

Level 2 other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, and credit risk); or

Level 3 significant unobservable inputs (including the Fund's own assumptions in determining the fair value of investments).

Edgar Filing: ABERDEEN JAPAN EQUITY FUND, INC. - Form N-CSR

The following is a summary of the inputs used as of October 31, 2017 in valuing the Fund's investments and other financial instruments at fair value. The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. Please refer to the Portfolio of Investments for a detailed breakout of the security types:

Investments, at Value	Level 1 Quoted Prices (\$)	Level 2 Other Significant Observable Inputs (\$)	Level 3 Significant Unobservable Inputs (\$)	Total (\$)
Investments in Securities				
Common Stocks	2,971,197	133,373,672		136,344,869
Short-Term Investment	235,972			235,972
	3,207,169	133,373,672		136,580,841

Amounts listed as - are \$0 or round to \$0.

For movements between the levels within the fair value hierarchy, the Fund has adopted a policy of recognizing transfers at the end of each period. The utilization of valuation factors may result in transfers between Level 1 and Level 2. For the fiscal year ended October 31, 2017, the security issued by Asahi Intecc Co. Ltd. transferred from Level 2 to Level 1 at the value of \$2,971,197 because the security was valued without the application of a valuation factor at October 31, 2017.

For the fiscal year ended October 31, 2017, there were no significant changes to the fair valuation methodologies.

b. Foreign Currency Translation:

Foreign securities, currencies, and other assets and liabilities denominated in foreign currencies are translated into U.S. Dollars at the exchange rate of said currencies against the U.S. Dollar, as of the Valuation Time, as provided by an independent pricing service approved by the Board.

Foreign currency amounts are translated into U.S. Dollars on the following basis:

- (i) market value of investment securities, other assets and liabilities at the current daily rates of exchange; and
- (ii) purchases and sales of investment securities, income and expenses at the rate of exchange prevailing on the respective dates of such transactions.

The Fund does not isolate that portion of gains and losses on investments in equity securities which is due to changes in the foreign exchange rates from that which is due to changes in market prices of equity securities. Accordingly, realized and unrealized foreign currency

gains and losses with respect to such securities are included in the reported net realized and unrealized gains and losses on investment transactions balances.

The Fund reports certain foreign currency related transactions and foreign taxes withheld on security transactions as components of realized gains for financial reporting purposes, whereas such foreign currency related transactions are treated as ordinary income for U.S. federal income tax purposes.

Net unrealized currency gains or losses from valuing foreign currency denominated assets and liabilities at period end exchange rates are reflected as a component of net unrealized appreciation/depreciation on value of investments, and translation of other assets and liabilities denominated in foreign currencies.

Net realized foreign exchange gains or losses represent foreign exchange gains and losses from transactions in foreign currencies and forward foreign currency contracts, exchange gains or losses realized between the trade date and settlement date on security transactions,

14 Aberdeen Japan Equity Fund, Inc.

Notes to Financial Statements (continued)

October 31, 2017

and the difference between the amounts of interest and dividends recorded on the Fund's books and the U.S. Dollar equivalent of the amounts actually received.

Foreign security and currency transactions may involve certain considerations and risks not typically associated with those of domestic origin, including unanticipated movements in the value of the foreign currency relative to the U.S. Dollar. Generally, when the U.S. Dollar rises in value against foreign currency, the Fund's investments denominated in that foreign currency will lose value because the foreign currency is worth fewer U.S. Dollars; the opposite effect occurs if the U.S. Dollar falls in relative value.

c. Security Transactions, Investment Income and Expenses:

Security transactions are recorded on the trade date. Realized and unrealized gains/(losses) from security and foreign currency transactions are calculated on the identified cost basis. Dividend income and corporate actions are recorded generally on the ex-date, except for certain dividends and corporate actions which may be recorded after the ex-date, as soon as the Fund acquires information regarding such dividends or corporate actions.

Interest income and expenses are recorded on an accrual basis.

d. Distributions:

The Fund records dividends and distributions payable to its stockholders on the ex-dividend date. The amount of dividends and distributions from net investment income and net realized capital gains are determined in accordance with federal income tax regulations, which may differ from GAAP. These book basis/tax basis differences are either considered temporary or permanent in nature. To the extent these differences are permanent in nature, such amounts are reclassified within the capital accounts based on their federal tax basis treatment; temporary differences do not require reclassification. Dividends and distributions which exceed net investment income and net realized capital gains for tax purposes are reported as return of capital.

e. Federal Income Taxes:

The Fund intends to continue to qualify as a regulated investment company by complying with the provisions available to certain investment companies, as defined in Subchapter M of the Internal Revenue Code of 1986, as amended, and to make distributions of net investment income and net realized capital gains sufficient to relieve the Fund from all, or substantially all, federal income taxes. Therefore, no federal income tax provision is required.

The Fund recognizes the tax benefits of uncertain tax positions only where the position is more likely than not to be sustained assuming examination by tax authorities. Management of the Fund has concluded that there are no significant uncertain tax positions that would require recognition in the financial statements. Since tax authorities can examine previously filed tax returns, the Fund's U.S. federal and state tax returns for each of the four fiscal years up to the most recent fiscal year ended October 31 are subject to such review.

The Fund is not subject to any Japanese income, capital gains or other taxes except for withholding taxes on certain income, generally imposed at a rate of 10.0% on interest and dividends paid to the Fund by Japanese corporations.

f. Rights Issues and Warrants:

Rights issues give the right, normally to existing shareholders, to buy a proportional number of additional securities at a given price (generally at a discount) within a fixed period (generally a short-term period) and are offered at the company's discretion. Warrants are securities that give the holder the right to buy common stock at a specified price for a specified period of time. Rights issues and warrants are speculative and have no value if they are not exercised before the expiration date. Rights issues and warrants are valued at the last sale price on the exchange on which they are traded.

g. Foreign Withholding Tax:

Dividend and interest income from non-U.S. sources received by the Fund are generally subject to non-U.S. withholding taxes. In addition, the Fund may be subject to capital gains tax in certain countries in which it invests. The above taxes may be reduced or eliminated under the terms of applicable U.S. income tax treaties with some of these countries. The Fund accrues such taxes when the related income is earned.

h. Repurchase Agreements:

The Fund may enter into a repurchase agreement under the terms of a Master Repurchase Agreement. It is the Fund's policy that its custodian/counterparty segregate the underlying collateral securities, the value of which exceeds the principal amount of the repurchase transaction, including accrued interest. The repurchase price generally equals the price paid by the Fund plus interest negotiated on the basis of current short-term rates. To the extent that any repurchase transaction exceeds one business day, the collateral is valued on a daily basis to determine its adequacy. If the counterparty to a repurchase agreement defaults and the value of the collateral declines, or if bankruptcy proceedings are commenced with respect to the counterparty of the security, realization of the collateral by the Fund

Notes to Financial Statements (continued)

October 31, 2017

may be delayed or limited. Repurchase agreements are subject to contractual netting arrangements with the counterparty, Fixed Income Clearing Corp. To the extent the Fund enters into repurchase agreements, additional information on individual repurchase agreements is included in the Portfolio of Investments. As of and during the fiscal year ended October 31, 2017, the Fund did not hold any repurchase agreements.

3. Agreements and Transactions with Affiliates

Merger of Aberdeen Asset Management PLC with Standard Life plc

The Fund's investment manager and administrator are each a subsidiary of Aberdeen Asset Management PLC (Aberdeen PLC). The merger of Standard Life plc and Aberdeen PLC, announced on March 6, 2017 (Merger), closed on August 14, 2017. Aberdeen PLC became a direct subsidiary of Standard Life plc as a result of the Merger and the combined company changed its name to Standard Life Aberdeen plc. Stockholders of the Fund were not required to take any action as a result of the Merger. Following the Merger, the Fund's investment adviser and administrator each became an indirect subsidiary of Standard Life Aberdeen plc, but otherwise did not change. The investment advisory and administration agreements for the Fund, the services provided under the agreements, and the fees charged for services did not change as a result of the Merger. The portfolio management team for the Fund also did not change as a result of the Merger.

a. Investment Manager:

Aberdeen Asset Management Asia Limited (AAMAL) serves as the Fund's investment manager with respect to all investments. Pursuant to the Management Agreement, the Manager makes investment management decisions relating to the Fund's assets. For such investment services, the Fund pays the Manager at an annual rate of 0.60% of the first \$20 million, 0.40% of the next \$30 million, and 0.20% of the excess over \$50 million of the Fund's average weekly Managed Assets. For purposes of this calculation, Managed Assets of the Fund means total assets of the Fund, including assets attributable to investment leverage, minus all liabilities, but not excluding any liabilities or obligations attributable to leverage obtained by the Fund for investment purposes through (i) the issuance or incurrence of indebtedness of any type (including, without limitation, borrowing through a credit facility or the issuance of debt securities), (ii) the issuance of preferred stock or other similar preference securities, and/or (iii) any other means, but not including any collateral received for securities loaned by the Fund. During the fiscal year ended October 31, 2017, the Fund paid AAMAL \$388,825. In addition, the Fund has agreed to reimburse the Manager for all out-of-pocket expenses related to the

Fund. For the fiscal year ended October 31, 2017, no such expenses were paid to the Manager.

b. Fund Administration:

Aberdeen Asset Management Inc. (AAMI), an affiliate of AAMAL, serves as the Fund's administrator, pursuant to an amended fee schedule under which AAMI receives a fee, payable quarterly by the Fund, at an annual rate of 0.08% of the value of the Fund's average weekly net assets. During the fiscal year ended October 31, 2017, AAMI earned \$99,530 from the Fund for administration fees.

c. Investor Relations:

Edgar Filing: ABERDEEN JAPAN EQUITY FUND, INC. - Form N-CSR

Under the terms of the Investor Relations Services Agreement, AAMI provides and pays third parties to provide investor relations services to the Fund and certain other funds advised by AAMAL or its affiliates as part of an Investor Relations Program. Under the Investor Relations Services Agreement, the Fund owes a portion of the fees related to the Investor Relations Program (the Fund's Portion). However, investor relations services fees are limited by AAMI so that the Fund will only pay up to an annual rate of 0.05% of the Fund's average weekly net assets. Any difference between the capped rate of 0.05% of the Fund's average weekly net assets and the Fund's Portion is paid for by AAMI.

Pursuant to the terms of the Investor Relations Services Agreement, AAMI (or third parties engaged by AAMI), among other things, provides objective and timely information to stockholders based on publicly-available information; provides information efficiently through the use of technology while offering stockholders immediate access to knowledgeable investor relations representatives; develops and maintains effective communications with investment professionals from a wide variety of firms; creates and maintains investor relations communication materials such as fund manager interviews, films and webcasts, published white papers, magazine articles and other relevant materials discussing the Fund's investment results, portfolio positioning and outlook; develops and maintains effective communications with large institutional shareholders; responds to specific shareholder questions; and reports activities and results to the Board and management detailing insight into general shareholder sentiment.

During the fiscal year ended October 31, 2017, the Fund incurred investor relations fees of approximately \$48,284. For the fiscal year ended October 31, 2017, AAMI did not waive any investor relations fees because the Fund did not reach the capped amount.

4. Investment Transactions

Purchases and sales of investment securities (excluding short-term securities) for the fiscal year ended October 31, 2017, were \$26,978,019 and \$31,174,117, respectively.

16 Aberdeen Japan Equity Fund, Inc.

Notes to Financial Statements (continued)

October 31, 2017

5. Capital

The authorized capital of the Fund is 30 million shares of \$0.01 par value per share of common stock. During the fiscal year ended October 31, 2017, the Fund repurchased 126,925 shares pursuant to its Discount Management Program and reinvested 55,595 shares pursuant to its Dividend Reinvestment and Cash Purchase Plan. As of October 31, 2017, there were 13,377,692 shares of common stock issued and outstanding.

6. Discount Management Program

The Fund's Discount Management Program authorizes management to make open market purchases, from time to time, in a maximum aggregate amount during each twelve month period ended October 31 of up to 10% of the Fund's shares of stock outstanding as of October 31 of the prior year. Such purchases may be made opportunistically at certain discounts to net asset value per share when, in the reasonable judgment of management based on historical discount levels and current market conditions, such repurchases may enhance stockholder value. During the fiscal year ended October 31, 2017, the Fund repurchased 126,925 shares.

The Board of Directors authorized the Discount Management Program in order to potentially enhance share liquidity and increase Stockholder value through the potential accretive impact of the purchases to the Fund's NAV. There is no assurance that the Fund will purchase shares in any specific amounts.

7. Portfolio Investment Risks

a. Risks Associated with Foreign Securities and Currencies

Investments in securities of foreign issuers carry certain risks not ordinarily associated with investments in securities of U.S. issuers. These risks include future political and economic developments and the possible imposition of exchange controls or other foreign governmental laws and restrictions. In addition, with respect to certain countries, there is the possibility of expropriation of assets, confiscatory taxation, and political or social instability or diplomatic developments, which could adversely affect investments in those countries.

Certain countries also may impose substantial restrictions on investments in their capital markets by foreign entities, including restrictions on investments in issuers of industries deemed sensitive to relevant national interests. These factors may limit the investment opportunities available and result in a lack of liquidity and high price volatility with respect to securities of issuers from developing countries. Foreign securities may also be harder to price than U.S. securities.

The value of foreign currencies relative to the U.S. Dollar fluctuates in response to market, economic, political, regulatory, geopolitical or other conditions. A decline in the value of a foreign currency versus the

U.S. Dollar reduces the value in the U.S. Dollars of investments denominated in that foreign currency. This risk may impact the Fund more greatly to the extent the Fund does not hedge its currency risk, or hedging techniques used by the Adviser are unsuccessful.

b. Focus Risk

The Fund may have elements of risk not typically associated with investments in the United States due to focused investments in a limited number of countries or regions subject to foreign securities or currencies risks. Such focused investments may subject the Fund to additional risks resulting from political or economic conditions in such countries or regions and the possible imposition of adverse governmental laws or currency exchange restrictions could cause the securities and their markets to be less liquid and their prices to be more volatile than those of comparable U.S. securities.

c. Sector Risk

To the extent that the Fund has a significant portion of its assets invested in securities of companies conducting business in a broadly related group of industries within an economic sector, the Fund may be more vulnerable to unfavorable developments in that economic sector than funds that invest more broadly.

Consumer Staples Sector Risk. To the extent the consumer staples sector represents a significant portion of the Fund's investments, the Fund will be sensitive to changes in, and its performance may depend to a greater extent on, factors impacting this sector. The consumer staples sector may be affected by the regulation of various product components and production methods, marketing campaigns and other factors affecting consumer demand. Tobacco companies, in particular, may be adversely affected by new laws, regulations and litigation. The consumer staples sector may also be adversely affected by changes or trends in commodity prices, which may be influenced by unpredictable factors.

Industrial Sector Risk. To the extent that the industrials sector represents a significant portion of the Fund, the Fund will be sensitive to changes in, and its performance may depend to a greater extent on, factors impacting this sector. Industrial companies are affected by supply and demand both for their specific products or services and for industrial sector products or services in general. Government regulation, world events, exchange rates and economic conditions, technological developments and liabilities for environmental damage and general civil liabilities will likewise affect the performance of these companies. Aerospace and defense companies, a component of the industrial sector, can be significantly affected by government spending policies because companies involved in this industry rely, to a significant extent, on U.S. and foreign government demand for their products and services. Thus, the financial condition of, and investor interest in, aerospace and

Notes to Financial Statements (continued)

October 31, 2017

defense companies are heavily influenced by governmental defense spending policies which are typically under pressure from efforts to control the U.S. (and other) government budgets. Transportation securities, a component of the industrial sector, are cyclical and have occasional sharp price movements which may result from changes in the economy, fuel prices, labor agreements and insurance costs.

d. Valuation Risk

The price that the Fund could receive upon the sale of any particular portfolio investment may differ from the Fund's valuation of the investment, particularly for securities that trade in thin or volatile markets or that are valued using a fair valuation methodology or a price provided by an independent pricing service. As a result, the price received upon the sale of an investment may be less than the value

ascribed by the Fund, and the Fund could realize a greater than expected loss or lower than expected gain upon the sale of the investment. The Fund's ability to value its investments may also be impacted by technological issues and/or errors by pricing services or other third-party service providers.

8. Contingencies

In the normal course of business, the Fund may provide general indemnifications pursuant to certain contracts and organizational documents. The Fund's maximum exposure under these arrangements is dependent on future claims that may be made against the Fund, and therefore, cannot be estimated; however, based on experience, the risk of loss from such claims is considered remote.

9. Tax Information

The U.S. federal income tax basis of the Fund's investments and the net unrealized appreciation as of October 31, 2017 were as follows:

Tax Basis of Investments	Appreciation	Depreciation	Net Unrealized Appreciation/ (Depreciation)
\$105,479,490	\$32,786,911	\$(1,685,560)	\$31,101,351

Income and capital gains distributions are determined in accordance with federal income tax regulations, which may differ from GAAP.

The tax character of distributions paid during the fiscal years ended October 31, 2017 and October 31, 2016 was as follows:

	October 31, 2017	October 31, 2016
Distributions paid from:		
Ordinary Income	\$1,193,149	\$1,032,886
Net long-term capital gains	3,044,539	3,146,708
Total tax character of distributions	\$4,237,688	\$4,179,594

As of October 31, 2017, the components of accumulated earnings/(deficit) on a tax basis were as follows:

Undistributed ordinary income net	\$782,613
Undistributed long-term capital gains net	5,642,320
Total undistributed earnings	\$6,424,933
Capital loss carryforward	*
Other currency gains	
Other temporary differences	
Unrealized appreciation/(depreciation)	31,094,525
Total accumulated earnings/(losses) net	\$37,519,458

* As of October 31, 2017, the Fund did not utilize a capital loss carryforward.

18 Aberdeen Japan Equity Fund, Inc.

Notes to Financial Statements (concluded)

October 31, 2017

GAAP requires that certain components of net assets be adjusted to reflect permanent differences between financial and tax reporting. Accordingly, the table below details the necessary reclassifications, which are a result of permanent differences primarily attributable to foreign currency gains and losses. These reclassifications have no effect on net assets or NAVs per share.

Accumulated Net Investment Income	Accumulated Net Realized Gain from Investments and Foreign Currency Transactions
(181,075)	181,075

10. Subsequent Events

Management has evaluated the need for disclosures and/or adjustments resulting from subsequent events through the date the financial statements were issued. Based on this evaluation, no disclosures or adjustments were required to the financial statements as of October 31, 2017, other than as noted below.

On December 12, 2017, the Board of Directors announced that Mr. Martin Gruber had retired as the Chair and as a Director of the Fund. Mr. Gruber served on the Fund as both a Director and member of the Audit Committee since 1992 and was appointed as Chair in 2013. The Board of Directors also announced that the Board had appointed Radhika Ajmera to serve as Chair of the Board. Ms. Ajmera has been an independent director of the Fund since 2014.

On December 19, 2017, the Fund announced that it will pay on January 8, 2018 a distribution of \$0.48029 per share to all stockholders of record as of December 29, 2017.

Report of Independent Registered Public Accounting Firm

The Board of Directors and Shareholders of
Aberdeen Japan Equity Fund, Inc.:

We have audited the accompanying statement of assets and liabilities, including the portfolio of investments, of the Aberdeen Japan Equity Fund, Inc. (the Fund), as of October 31, 2017, and the related statement of operations, changes in net assets and the financial highlights for the year then ended. These financial statements and financial highlights are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audit. The statement of changes in net assets for the year ended October 31, 2016 and the financial highlights for each of the years in the four-year period ended October 31, 2016 were audited by other independent registered public accountants, whose report thereon dated December 27, 2016, expressed an unqualified opinion on those financial statements and financial highlights.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of October 31, 2017, by correspondence with the custodian or by other appropriate auditing procedures. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of the Fund as of October 31, 2017, the results of its operations, the changes in its net assets and the financial highlights for the year then ended, in conformity with U.S. generally accepted accounting principles.

Philadelphia, Pennsylvania
December 28, 2017

20 Aberdeen Japan Equity Fund, Inc.

Federal Tax Information: Dividends and Distributions (unaudited)

The following information is provided with respect to the distributions paid by Aberdeen Japan Equity Fund, Inc. during the fiscal year ended October 31, 2017:

Payable Date	Total Cash Distribution	Long-Term Capital Gain	Tax Return of Capital	Net Ordinary Dividend	Foreign Taxes Paid(1)	Gross Ordinary Dividend	Qualified Dividends(2)	Foreign Source Income
1/11/17	\$0.316100	\$0.227100	\$	\$0.089000	\$0.017445	\$0.106445	\$0.089000	\$0.089000

(1) The foreign taxes paid represent taxes incurred by the Fund on interest received from foreign sources. Foreign taxes paid may be included in taxable income with an offsetting deduction from gross income or may be taken as a credit for taxes paid to foreign governments. You should consult your tax advisor regarding the appropriate treatment of foreign taxes paid.

(2) The Fund hereby designates the amount indicated above or the maximum amount allowable by law.

Supplemental Information (unaudited)

Results of Annual Meeting of Shareholders

The Annual Meeting of Stockholders was held on Thursday, June 21, 2017 at 1735 Market Street, 32th Floor, Philadelphia, Pa. The description of the proposals and number of shares voted at the meeting are as follows:

1. To re-elect two Class III Directors to the Board of Directors:

	Votes For	Votes Against
Richard Herring	9,828,149	2,527,686
Anthony Clark	10,207,049	2,152,610

Edgar Filing: ABERDEEN JAPAN EQUITY FUND, INC. - Form N-CSR

Directors whose term of office continued beyond the Meeting are as follows: Radhika Ajmera, Martin Gruber, David Harmer and Rahn Porter.

Change in Independent Registered Public Accounting Firm

On September 12, 2017, PricewaterhouseCoopers LLP (PwC) resigned as the independent registered public accounting firm for Fund. The reports of PwC on the Fund's financial statements as of and for the fiscal years ended October 31, 2016 and October 31, 2015 did not contain an adverse opinion or a disclaimer of opinion, and were not qualified or modified as to uncertainties, audit scope or accounting principles. During the Fund's fiscal years ended October 31, 2016 and October 31, 2015 and the subsequent interim period through September 12, 2017, there were no disagreements between the Fund and PwC on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of PwC, would have caused it to make reference to the subject matter of the disagreements in its reports on the financial statements of the Fund for such years. During the Fund's fiscal years ended October 31, 2016 and October 31, 2015 and the subsequent interim period through September 12, 2017, there were no reportable events (as defined in Item 304(a)(1)(v) of Regulation S-K under the Securities Exchange Act of 1934, as amended (the Exchange Act)).

On September 12, 2017, upon the recommendation of its Audit Committee, the Board of Directors of the Fund approved the engagement of KPMG LLP (KPMG) as the independent registered public accounting firm for the Fund for the fiscal year ending October 31, 2017, contingent on KPMG's delivery of an independence letter that is satisfactory to the Fund's Audit Committee. After completing its standard client evaluation procedures and delivering its independence letter to the Audit Committee, KPMG accepted the engagement effective on November 9, 2017. The Board and its Audit Committee considered the engagement of KPMG in connection with the resignation of the Fund's former independent registered accounting firm on September 12, 2017. During the Fund's fiscal years ended October 31, 2016 and October 31, 2015 and the subsequent interim period through November 9, 2017, neither the Fund, nor anyone on its behalf, consulted with KPMG, on behalf of the Fund, regarding the application of accounting principles to a specified transaction (either completed or proposed), the type of audit opinion that might be rendered on the Fund's financial statements, or any matter that was either the subject of a disagreement, as defined in Item 304(a)(1)(iv) of Regulation S-K under the Exchange Act and the instructions thereto, or a reportable event, as defined in Item 304(a)(1)(v) of Regulation S-K under the Exchange Act.

Board Consideration and Approval of Investment Management Agreement (unaudited)

Nature, Extent and Quality of Services

At a meeting (the Meeting) of the Board of Directors of The Aberdeen Japan Equity Fund, Inc. (the Fund) held on June 13, 2017, the Board reviewed and considered the nature, quality and extent of services provided by Aberdeen Asset Management Asia Limited (the Investment Manager), under the Investment Management Agreement with the Investment Manager (the Investment Management Agreement). The Board reviewed and considered the qualifications of the portfolio management team and other key personnel of the Investment Manager who provide investment advisory services to the Fund and determined that they are qualified by education and/or training and experience to perform the services in an efficient and professional manner. The Board also reviewed and considered the services provided to the Fund by the Investment Manager and its personnel. The Board concluded that the nature, quality and extent of advisory services provided to the Fund by the Investment Manager were necessary and appropriate for the conduct of the business and investment activities of the Fund. The Board also concluded that the overall quality of advisory services was satisfactory.

Performance Relative to the Fund's Benchmark

The Board noted that the Investment Manager had been managing the Fund for less than five years. The Board reviewed and considered the Fund's performance for the last three full year periods as provided to the Board prior to the Meetings. For the last three full years, the Fund had generally outperformed the Fund's benchmark, the TOPIX. The Board also noted that the Fund had at times outperformed and at other times underperformed the only comparable closed-end fund.

Fees Relative to Other Funds Advised by the Investment Manager

The Board reviewed and considered the advisory fees paid by the Fund under the Investment Management Agreement (the Investment Manager Fee) and information showing the advisory fees paid by other U.S. registered closed-end funds managed by the Investment Manager or its affiliates (Other Aberdeen Funds) and fees charged by the Investment Manager to other clients with assets invested in Japan. The Board noted that the Investment Manager Fee was lower than the fees charged to most of the Other Aberdeen Funds and largely in the same range of fees charged to other clients with comparable investment strategies and determined that the Investment Management Fee was appropriate.

Fees and Expenses Relative to Comparable Funds Managed by Other Investment Managers

The Board reviewed and considered the advisory fees paid by other closed-end funds investing in a single country. While the fees vary widely, the majority of these fees paid in connection with these country funds were in the 1.00% and higher range. The Board concluded that the Fund's advisory fees under the Investment Management Agreement were significantly lower than these other country funds. The Board also noted that the total expense ratio of the Fund was at the low end of the range of total expense ratios of other closed-end funds investing in a single country. The Board concluded that the Fund's total expense ratio was satisfactory.

Breakpoints and Economies of Scale

Edgar Filing: ABERDEEN JAPAN EQUITY FUND, INC. - Form N-CSR

The Board reviewed and considered the structure of the Fund's advisory fees under the Investment Management Agreement and noted that it does include a breakpoint. The Board considered that the Fund is closed-end. The Board concluded that economies of scale for the Fund were not a factor that needed to be considered at current asset levels.

Profitability of the Investment Manager

The Board reviewed and considered a profitability report for the Investment Manager for the last year included in the materials provided to the Board. Based on its review of the information it received, the Board concluded that the profits earned by the Investment Manager were not excessive in light of the advisory services provided to the Fund.

Other Benefits to the Investment Manager or its Affiliates

In considering whether the Investment Manager benefits in other ways from its relationship with the Fund, the Board noted that the Fund's brokerage transactions are not effected through the Investment Manager or any of its affiliates. The Board also noted that an affiliate of the Investment Manager serves as Administrator to the Fund. The Board noted that, based on its review of the arrangements for administrative services, any benefit the Investment Manager's affiliate receives from providing those services appears to be appropriate. The Board concluded

Board Consideration and Approval of Investment Management Agreement (unaudited) (concluded)

that, to the extent that the Investment Manager or its affiliates derive other benefits from their relationships with the Fund, those benefits are not such as to render the Investment Manager's fees excessive.

Investment Manager Financially Sound and Financially Capable of Meeting the Fund's Needs

The Board considered whether the Investment Manager was financially sound and had the resources necessary to perform its obligations under the Investment Management Agreement. The Board noted that the Investment Manager's operations remain profitable. The Board concluded that the Investment Manager has the financial resources necessary to fulfill its obligations under the Investment Management Agreement.

Other Factors and Current Trends

The Board considered the controls and procedures adopted and implemented by the Investment Manager and monitored by the Fund's Chief Compliance Officer and concluded that the conduct of business by the Investment Manager indicates a good faith effort on its part to adhere to high ethical standards.

General Conclusion

After considering and weighing all of the above factors, the Board concluded it would be in the best interests of the Fund and its stockholders to approve renewal of the Investment Management Agreement for another year.

Dividend Reinvestment and Cash Purchase Plan (unaudited)

A Dividend Reinvestment and Cash Purchase Plan (the Plan) is available to provide Stockholders with automatic reinvestment of dividends and capital gain distributions in additional Fund shares. The Plan also allows you to make optional semi-annual cash investments in Fund shares through the Plan Agent. A brochure fully describing the Plan s terms and conditions is available by calling the Plan Agent at (866) 669-9903 or by writing Aberdeen Japan Equity Fund, Inc., c/o the American Stock Transfer & Trust Company, Operations Center, 6201 15th Avenue, Brooklyn, NY 11219.

A brief summary of the material aspects of the Plan follows:

Who can participate in the Plan? If you wish to participate and your shares are held in your name, you may elect to become a direct participant in the Plan by completing and mailing the Enrollment Authorization form on the back cover of the Dividend Reinvestment and Cash Purchase Plan Brochure to the Plan Agent. However, if your shares are held in the name of a financial institution, you should instruct your financial institution to participate in the Plan on your behalf. If your financial institution is unable to participate in the Plan for you, you should request that your shares be registered in your name, so that you may elect to participate directly in the Plan.

May I withdraw from the Plan? If your shares are held in your name and you wish to receive all dividends and capital gain distributions in cash rather than in shares, you may withdraw from the Plan without penalty at any time by contacting the Plan Agent. If your shares are held in the name of a financial institution, you should be able to withdraw from the Plan without a penalty at any time by sending written notice to your financial institution. If you withdraw, you or your financial institution will receive a share certificate for all full shares or, if you wish, the Plan Agent will sell your shares and send you the proceeds, after the deduction of brokerage commissions. The Plan Agent will convert any fractional shares to cash at the then-current market price and send you a check for the proceeds.

How are the dividends and distributions reinvested? If the market price of the Fund s shares on the payment date should equal or exceed their net asset value per share, the Fund will issue new shares to you at the higher of net asset value or 95% of the then-current market price. If the market price is lower than the net asset value per share, the Fund will issue new shares to you at the market price. If the dividends or distributions are declared and payable as cash only, you will receive shares purchased for you by the Plan Agent on the NYSE or otherwise on the open market to the extent available.

What is the Cash Purchase feature? The Plan participants have the option of making semi-annual investments in Fund shares through the Plan Agent. You may invest any amount from \$100 to \$5,000

semiannually. The Plan Agent will purchase shares for you on the NYSE or otherwise on the open market on or about February 15th and August 15th of each year. Plan participants should send voluntary cash payments to be received by the Plan Agent approximately ten days before the applicable purchase date. The Plan Agent will return any cash payments received more than thirty days prior to the purchase date. You may withdraw a voluntary cash payment by written notice, if the notice is received by the Plan Agent not less than two business days before the investment date.

Is there a cost to participate? There are no Plan charges or brokerage charges for shares issued directly by the Fund. However, each participant will pay a service fee of \$2.50 for each investment and a pro rata portion of brokerage commissions for shares purchased on the NYSE or on the open market by the Plan Agent.

What are the tax implications? The automatic reinvestment of dividends and distributions does not relieve you of any income tax which may be payable (or required to be withheld) on such dividends and distributions. In addition, the Plan Agent will reinvest dividends for foreign participants and for any participant subject to federal backup withholding after the deduction of the amounts required to be withheld.

Please note that, if you participate in the Plan through a brokerage account, you may not be able to continue as a participant if you transfer those shares to another broker. Contact your broker or financial institution or the Plan Agent to ascertain what is the best arrangement for you to participate in the Plan.

Item 2. Code of Ethics.

(a) As of October 31, 2017, the Registrant had adopted a Code of Ethics that applies to the Registrant's principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, regardless of whether these individuals are employed by the Registrant or a third party (the Code of Ethics).

(c) There have been no amendments, during the period covered by this report, to a provision of the Code of Ethics.

(d) During the period covered by this report, there were no waivers to the provisions of the Code of Ethics.

(f) A copy of the Code of Ethics has been filed as an exhibit to this Form N-CSR.

Item 3. Audit Committee Financial Expert.

The Registrant's Board of Directors has determined that Rahn K. Porter, a member of the Registrant's Audit Committee, possesses the attributes, and has acquired such attributes through means, identified in instruction 2 of Item 3 to Form N-CSR to qualify as an audit committee financial expert, and has designated Mr. Porter as the Audit Committee's financial expert. Mr. Porter is considered to be an independent Director, as such term is defined in paragraph (a)(2) of Item 3 to Form N-CSR.

Item 4. Principal Accountant Fees and Services.

(a) (d) Below is a table reflecting the fee information requested in Items 4(a) through (d):

Fiscal Year Ended	(a) Audit Fees	(b) Audit-Related Fees	(c)(1) Tax Fees	(d) All Other Fees
October 31, 2017	\$ 47,500	\$ 0	\$ 8,000	\$ 0
October 31, 2016(2)	\$ 45,000	\$ 0	\$ 11,460	\$ 0

(1) Services include tax services in connection with the Registrant's excise tax calculations and review of the registrant's applicable tax returns.

(2) Fees for the fiscal year ended October 31, 2016 were paid to the Registrant's prior independent public accounting firm.

(e)(1) The Registrant's Audit Committee (the Committee) has adopted a Charter that provides that the Committee shall annually select, retain or terminate, and recommend to the Independent Directors for their ratification, the selection, retention or termination, the Fund's independent auditor and, in connection therewith, to evaluate the terms of the engagement (including compensation of the independent auditor) and the qualifications and independence of the independent auditor, including whether the independent auditor provides any consulting, auditing or tax services to the Registrant's investment adviser or any sub-adviser, and to receive the independent auditor's specific representations as to their independence, delineating all relationships between the independent auditor and the Registrant, consistent with the PCAOB Rule 3526 or any other applicable auditing standard. PCAOB Rule 3526 requires that, at least annually, the auditor: (1) disclose to the Committee in writing all relationships between the auditor and its related entities and the Fund and its related entities that in the auditor's professional judgment may reasonably be thought to bear on independence; (2) confirm in the letter that, in its professional judgment, it is independent of the Fund within the meaning of the Securities Acts administered by the SEC; and (3) discuss the auditor's independence with the audit committee. The Committee is responsible for actively engaging in a dialogue with the independent

auditor with respect to any disclosed relationships or services that may impact the objectivity and independence of the independent auditor and for taking, or recommending that the full Board take, appropriate action to oversee the independence of the independent auditor. The Committee Charter also provides that the Committee shall review in advance, and consider approval of, any and all proposals by Management or the Registrant's investment adviser that the Registrant, the investment adviser or their affiliated persons, employ the independent auditor to render permissible non-audit services to the Registrant and to consider whether such services are consistent with the independent auditor's independence. The Committee may delegate to one or more of its members (Delegates) authority to pre-approve permissible non-audit services to be provided to the Fund. Any pre-approval determination of a Delegate shall be presented to the full Committee at its next meeting. The Committee shall communicate any pre-approval made by it or a Delegate to the Adviser, who will ensure that the appropriate disclosure is made in the Fund's periodic reports required by Section 30 of the Investment Company Act of 1940, as amended, and other documents as required under the federal securities laws.

(e)(2) None of the services described in each of paragraphs (b) through (d) of this Item involved a waiver of the pre-approval requirement by the Audit Committee pursuant to Rule 2-01 (c)(7)(i)(C) of Regulation S-X.

(f) Not applicable.

(g) Non-Audit Fees

(g) For the fiscal year ended October 31, 2017, KPMG, billed \$655,601 for aggregate non-audit fees for services to the Registrant and to the Registrant's Investment Manager and Administrator. For the fiscal year ended October 31, 2016, the Registrant's former independent public accounting firm billed \$9,857 for aggregate non-audit fees for services to the Registrant and to the Registrant's Investment Manager and Administrator.

(h) The Registrant's Audit Committee of the Board of Directors has considered whether the provision of non-audit services that were rendered to the Registrant's investment manager (not including any sub-adviser whose role is primarily portfolio management and is subcontracted with or overseen by another investment adviser), and any entity controlling, controlled by, or under common control with the investment adviser that provides ongoing services to the Registrant that were not pre-approved pursuant to paragraph (c)(7)(ii) of Rule 2-01 of Regulation S-X is compatible with maintaining the principal accountant's independence and has concluded that it is.

Item 5. Audit Committee of Listed Registrants.

(a) The Registrant has a separately-designated standing Audit Committee established in accordance with

Section 3(a)(58)(A) of the Exchange Act (15 U.S.C. 78c(a)(58)(A)).

For the fiscal year ended October 31, 2017, the Audit Committee members were:

Radhika Ajmera

Anthony Clark

Martin J. Gruber

David G. Harmer

Richard J. Herring

Rahn K. Porter

(b) Not applicable.

Item 6. Schedule of Investments.

(a) Schedule of Investments in securities of unaffiliated issuers as of close of the reporting period is included as part of the Report to Shareholders filed under Item 1 of this Form N-CSR.

(b) Not applicable.

Item 7. Disclosure of Proxy Voting Policies and Procedures for Closed-End Management Investment Companies.

Pursuant to the Registrant's Proxy Voting Policy and Procedures, the Registrant has delegated responsibility for its proxy voting to its Investment Adviser, provided that the Registrant's Board of Directors has the opportunity to periodically review the Investment Adviser's proxy voting policies and material amendments thereto.

The proxy voting policies of the Registrant are included herewith as Exhibit (c) and policies of the Investment Manager are included as Exhibit (d).

Item 8. Portfolio Managers of Closed-End Management Investment Companies.

(a)(1) The information in the table below is as of January 8, 2018.

Individual & Position	Services Rendered	Past Business Experience
Hugh Young Managing Director	Responsible for equities globally from the Singapore office.	Hugh Young is Head of Asia Pacific for Aberdeen Standard Investments. He was formerly a main board director and Head of Investments for Aberdeen Asset Management (before its merger with Standard Life plc). Hugh joined Aberdeen Standard Investments as a result of the merger between Aberdeen Asset Management and Standard Life in August 2017. Hugh joined Aberdeen in 1985 to manage Asian equities from London, having started his investment career in 1980. He founded Singapore-based Aberdeen Asia in 1992 and since then he has built the company into one of the largest and most well-respected managers of such assets globally. Hugh is a director of a number of group subsidiary companies and group-managed investment trusts and funds.

Hugh graduated with a BA (Hons) in Politics from Exeter University.

<p>Adrian Lim Senior Investment Manager</p>	<p>Responsible for company research and oversight of portfolio construction</p>	<p>Adrian Lim is a Senior Investment Manager on the Asian Equities Team. Adrian originally joined Aberdeen in 2001 as a Manager on the Private Equity Team, on the acquisition of Murray Johnstone, but transferred to his current post soon afterwards. Previously, Adrian worked for Arthur Andersen as an Associate Director advising clients on mergers & acquisitions in the region. Adrian graduated with a BA from Nanyang Technological University, Singapore and is a CFA® charterholder. CFA® and Chartered Financial Analyst® are registered trademarks owned by CFA Institute.</p>
<p>Flavia Cheong Head of Equities Asia Pacific ex Japan</p>	<p>Responsible for company research and oversight of portfolio construction</p>	<p>Flavia Cheong is the Head of Asia Pacific ex Japan Equity on the Asian Equities team, where, as well as sharing responsibility for company research, she oversees regional portfolio construction. Flavia joined Aberdeen Standard Investments as a result of the merger between Aberdeen Asset Management and Standard Life in August 2017. Before joining Aberdeen in 1996, she was an economist with the Investment Company of the People's Republic of China, and earlier with the Development Bank of Singapore. Flavia graduated with a BA in Economics and an MA (Hons) in Economics from the University of Auckland. She is a CFA charterholder. CFA® and Chartered Financial Analyst® are registered trademarks owned by CFA Institute.</p>
<p>Ai-Mee Gan Investment Manager</p>	<p>Responsible for company research and oversight of portfolio construction</p>	<p>Gan Ai Mee is an Investment Manager on the Asian Equities Team. Ai Mee joined Aberdeen Standard Investments as a result of the merger between Aberdeen Asset Management and Standard Life in August 2017. Ai Mee joined Aberdeen in April 2009. Previously, Ai Mee worked as a Senior Associate with Transaction Advisory Services at Ernst & Young. Ai Mee holds a BCom in Accounting & Finance and BSc in Information Systems, University of Melbourne. She is also a member of the Institute of Chartered Accountants in Australia.</p>

Edgar Filing: ABERDEEN JAPAN EQUITY FUND, INC. - Form N-CSR

Christina Woon Assistant Investment Manager	Responsible for company research and oversight of portfolio construction	Christina Woon is an Assistant Investment Manager on the Asian Equities Team. Christina joined Aberdeen in January 2013 as a graduate. Christina holds a Bachelor of Accountancy from Singapore Management University. She is a CFA charterholder. CFA® and Chartered Financial Analyst® are registered trademarks owned by CFA Institute.

Total assets are as of October 31, 2017 and have been translated to U.S. dollars at a rate of £1.00 = \$1.3279.

In accordance with legal requirements in the various jurisdictions in which they operate, and their own Conflicts of Interest policies, all subsidiaries of Aberdeen Asset Management PLC, (together Aberdeen), have in place arrangements to identify and manage Conflicts of Interest that may arise between them and their clients or between their different clients. Where Aberdeen does not consider that these arrangements are sufficient to manage a particular conflict, it will inform the relevant client(s) of the nature of the conflict so that the client(s) may decide how to proceed.

The portfolio managers' management of other accounts, including (1) mutual funds; (2) other pooled investment vehicles; and (3) other accounts that may pay advisory fees that are based on account performance (performance-based fees), may give rise to potential conflicts of interest in

Edgar Filing: ABERDEEN JAPAN EQUITY FUND, INC. - Form N-CSR

connection with their management of a Fund's investments, on the one hand, and the investments of the other accounts, on the other. The other accounts may have the same investment objective as a fund. Therefore, a potential conflict of interest may arise as a result of the identical investment objectives, whereby the portfolio manager could favor one account over another. However, Aberdeen believes that these risks are mitigated by the fact that: (i) accounts with like investment strategies managed by a particular portfolio manager are generally managed in

a similar fashion, subject to exceptions to account for particular investment restrictions or policies applicable only to certain accounts, differences in cash flows and account sizes, and similar factors; and (ii) portfolio manager personal trading is monitored to avoid potential conflicts. In addition, Aberdeen has adopted trade allocation procedures that require equitable allocation of trade orders for a particular security among participating accounts.

In some cases, another account managed by the same portfolio manager may compensate Aberdeen based on the performance of the portfolio held by that account. The existence of such performance-based fees may create additional conflicts of interest for the portfolio manager in the allocation of management time, resources and investment opportunities.

Another potential conflict could include instances in which securities considered as investments for a Fund also may be appropriate for other investment accounts managed by Aberdeen or its affiliates. Whenever decisions are made to buy or sell securities by the Fund and one or more of the other accounts simultaneously, Aberdeen may aggregate the purchases and sales of the securities and will allocate the securities transactions in a manner that it believes to be equitable under the circumstances. As a result of the allocations, there may be instances where the Fund will not participate in a transaction that is allocated among other accounts. While these aggregation and allocation policies could have a detrimental effect on the price or amount of the securities available to a fund from time to time, it is the opinion of Aberdeen that the benefits from the Aberdeen organization outweigh any disadvantage that may arise from exposure to simultaneous transactions. Aberdeen has adopted policies that are designed to eliminate or minimize conflicts of interest, although there is no guarantee that procedures adopted under such policies will detect each and every situation in which a conflict arises.

(a)(3)

Aberdeen's remuneration policies are designed to support its business strategy as a leading international asset manager. The objective is to attract, retain and reward talented individuals for the delivery of sustained, superior returns for Aberdeen's clients and shareholders. Aberdeen operates in a highly competitive international employment market, and aims to maintain its strong track record of success in developing and retaining talent.

Aberdeen's policy is to recognize corporate and individual achievements each year through an appropriate annual bonus scheme. The aggregate value of awards in any year is dependent on the group's overall performance and profitability. Consideration is also given to the levels of bonuses paid in the market. Individual awards, which are payable to all members of staff, are determined by a rigorous assessment of achievement against defined objectives.

A long-term incentive plan for key staff and senior employees comprises a mixture of cash and deferred shares in Aberdeen PLC or select Aberdeen funds (where applicable). Overall compensation packages are designed to be competitive relative to the investment management industry.

Base Salary

Aberdeen's policy is to pay a fair salary commensurate with the individual's role, responsibilities and experience, and considering market rates being offered for similar roles in the asset management sector and other comparable companies. Any increase is generally to reflect inflation and

is applied in a manner consistent with other Aberdeen employees; any other increases must be justified by reference to promotion or changes in responsibilities.

Annual Bonus

The Remuneration Committee of Aberdeen determines the key performance indicators that will be applied in considering the overall size of the bonus pool. In line with practices amongst other asset management companies, individual bonuses are not subject to an absolute cap. However, the aggregate size of the bonus pool is dependent on the group's overall performance and profitability. Consideration is also given to the levels of bonuses paid in the market. Individual awards are determined by a rigorous assessment of achievement against defined objectives, and are reviewed and approved by the Remuneration Committee.

Edgar Filing: ABERDEEN JAPAN EQUITY FUND, INC. - Form N-CSR

Aberdeen has a deferral policy which is intended to assist in the retention of talent and to create additional alignment of executives' interests with Aberdeen's sustained performance and, in respect of the deferral into funds, managed by Aberdeen, to align the interest of asset managers with our clients.

Staff performance is reviewed formally at least once a year. The review process evaluates the various aspects that the individual has contributed to Aberdeen, and specifically, in the case of portfolio managers, to the relevant investment team. Discretionary bonuses are based on client service, asset growth and the performance of the respective portfolio manager. Overall participation in team meetings, generation of original research ideas and contribution to presenting the team externally are also evaluated.

In the calculation of a portfolio management team's bonus, Aberdeen takes into consideration investment matters (which include the performance of funds, adherence to the company investment process, and quality of company meetings) as well as more subjective issues such as team participation and effectiveness at client presentations. To the extent performance is factored in, such performance is not judged against any specific benchmark and is evaluated over the period of a year - January to December. The pre- or after-tax performance of an individual account is not considered in the determination of a portfolio manager's discretionary bonus; rather the review process evaluates the overall performance of the team for all of the accounts the team manages.

Portfolio manager performance on investment matters is judged over all of the accounts the portfolio manager contributes to and is documented in the appraisal process. A combination of the team's and individual's performance is considered and evaluated.

Although performance is not a substantial portion of a portfolio manager's compensation, Aberdeen also recognizes that fund performance can often be driven by factors outside one's control, such as (irrational) markets, and as such pays attention to the effort by portfolio managers to ensure integrity of our core process by sticking to disciplines and processes set, regardless of momentum and hot themes. Short-terming is thus discouraged and trading-oriented managers will thus find it difficult to thrive in the Aberdeen environment. Additionally, if any of the aforementioned undue risks were to be taken by a portfolio manager, such trend would be identified via Aberdeen's dynamic compliance monitoring system.

(a)(4)

Individual	Dollar Range of Equity Securities in the Registrant Beneficially Owned by the Portfolio Manager as of October 31, 2017	
Hugh Young	\$	0
Adrian Lim	\$	0
Flavia Cheong	\$	0
Ai-Mee Gan	\$	0
Christina Woon	\$	0

(b) Not applicable.

Item 9. Purchases of Equity Securities by Closed-End Management Investment Company and Affiliated Purchasers.

REGISTRANT PURCHASES OF EQUITY SECURITIES

Period	(a) Total Number of Shares Purchased	(b) Average Price Paid per Share	(c) Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs (1)	(d) Maximum Number of Shares That May Yet Be Purchased Under the Plans or Programs (1)

October 1, 2017 through October 31, 2017	0	None	0	330,203
Total	137,816	\$ 9.51	137,816	

(1) On April 11, 2012, the Fund announced that the Board of Directors approved a share repurchase program. The program authorizes management to make open market purchases from time to time in an amount up to 10% of the Fund's outstanding shares as of April 30, 2012. Such purchases may be made when the Fund's shares are trading at a discount to net asset value of 12% or more. Open market purchases may also be made at the discretion of management if the discount to net asset value is less than 12%. The plan does not have an expiration date.

Item 10. Submission of Matters to a Vote of Security Holders.

During the period ended October 31, 2017, there were no material changes to the procedures by which shareholders may recommend nominees to the Registrant's Board of Directors.

Item 11. Controls and Procedures.

(a) The Registrant's principal executive and principal financial officers, or persons performing similar functions, have concluded that the Registrant's disclosure controls and procedures (as defined in Rule 30a-3(c) under the Investment Company Act of 1940 (the Act) (17 CFR 270.30a-3(c))) are

effective, as of a date within 90 days of the filing date of the report that includes the disclosure required by this paragraph, based on the evaluation of these controls and procedures required by Rule 30a-3(b) under the Act (17 CFR 270.30a3(b)) and Rule 13a-15(b) or 15d-15(b) under the Securities Exchange Act of 1934, as amended (17 CFR 240.13a-15(b) or 240.15d15(b)).

(b) There were no changes in the Registrant's internal control over financial reporting (as defined in Rule 30a-3(d) under the Act (17 CFR 270.30a-3(d))) that occurred during the second fiscal quarter of the period covered by this report that has materially affected, or is reasonably likely to materially affect, the Registrant's internal control over financial reporting.

Item 12. Exhibits.

(a)(1) Code of Ethics of the Registrant for the period covered by this report as required pursuant to Item 2 of this Form N-CSR.

(a)(2) The certifications of the registrant as required by Rule 30a-2(a) under the Act are exhibits to this Form N-CSR.

(a)(3) Not applicable.

(b) The certifications of the registrant as required by Rule 30a-2(b) under the Act are exhibits to this Form N-CSR.

(c) Proxy Voting Policy of Registrant

(d) Proxy Voting Policies and Procedures of Investment Manager.
