

LEXINGTON REALTY TRUST  
Form 10-Q  
August 08, 2008

UNITED STATES  
SECURITIES AND EXCHANGE COMMISSION  
Washington, D.C. 20549

FORM 10-Q

(Mark One)

Quarterly Report Pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934

For the quarterly period ended June 30, 2008.

Transition Report Pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934

For the Transition period from \_\_\_\_\_ to \_\_\_\_\_

Commission File Number 1-12386

LEXINGTON REALTY TRUST

(Exact name of registrant as specified in its charter)

Maryland

(State or other jurisdiction of  
incorporation or organization)

13-3717318

(I.R.S. Employer  
Identification No.)

One Penn Plaza – Suite 4015  
New York, NY

(Address of principal executive offices)

10119

(Zip code)

(212) 692-7200

(Registrant's telephone number, including area code)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes  No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer,

Edgar Filing: LEXINGTON REALTY TRUST - Form 10-Q

or a smaller reporting company. See definition of “accelerated filer”, “large accelerated filer” and “smaller reporting company” in Rule 12b-2 of the Exchange Act.

Large Accelerated Filer  Accelerated filer  Non-accelerated filer  Smaller Reporting Company

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act).

Yes  No

Indicate the number of shares outstanding of each of the registrant's classes of common shares, as of the latest practicable date: 64,595,016 common shares, par value \$0.0001 per share on August 1, 2008.

LEXINGTON REALTY TRUST AND CONSOLIDATED SUBSIDIARIES  
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2008 and 2007

(Unaudited and dollars in thousands, except per share/unit data)

(1) The Company

Lexington Realty Trust (the “Company”) is a self-managed and self-administered Maryland statutory real estate investment trust (“REIT”) that acquires, owns, and manages a geographically diversified portfolio of net leased office, industrial and retail properties and provides investment advisory and asset management services to investors in the net lease area. As of June 30, 2008, the Company owned or had interests in approximately 255 consolidated properties in 42 states and the Netherlands. The real properties owned by the Company are generally subject to net leases to tenants, however, certain leases provide that the Company is responsible for certain operating expenses.

The Company believes it has qualified as a REIT under the Internal Revenue Code of 1986, as amended (the “Code”). Accordingly, the Company will not be subject to federal income tax, provided that distributions to its shareholders equal at least the amount of its REIT taxable income as defined under the Code. The Company is permitted to participate in certain activities from which it was previously precluded in order to maintain its qualification as a REIT, so long as these activities are conducted in entities which elect to be treated as taxable REIT subsidiaries (“TRS”) under the Code. As such, the TRS will be subject to federal income taxes on the income from these activities.

The Company conducts its operations either directly or through (1) one of four operating partnerships in which the Company is the sole unit holder of the general partner and the sole unit holder of a limited partner that holds a majority of the limited partnership interests (“OP Units”): The Lexington Master Limited Partnership (“MLP”), Lepercq Corporate Income Fund L.P. (“LCIF”), Lepercq Corporate Income Fund II L.P. (“LCIF II”), and Net 3 Acquisition L.P. (“Net 3”), and (2) Lexington Realty Advisors, Inc. (“LRA”), a wholly-owned TRS.

During the six months ended June 30, 2008, the Company repurchased approximately 1.2 million common shares/OP Units at an average price of approximately \$14.51 per common share/OP Unit aggregating \$16.7 million, in the open market and through private transactions with third parties. As of June 30, 2008, approximately 4.6 million common shares/OP Units were eligible for repurchase under the current authorization adopted by the Company’s Board of Trustees.

The unaudited condensed consolidated financial statements reflect all adjustments, which are, in the opinion of management, necessary to present fairly the financial condition and results of operations for the interim periods. For a more complete understanding of the Company’s operations and financial position, reference is made to the consolidated financial statements (including the notes thereto) previously filed with the Securities and Exchange Commission on February 29, 2008 with the Company’s Annual Report on Form 10-K for the year ended December 31, 2007.

(2) Summary of Significant Accounting Policies

**Basis of Presentation and Consolidation.** The Company’s unaudited condensed consolidated financial statements are prepared on the accrual basis of accounting. The financial statements reflect the accounts of the Company and its consolidated subsidiaries, including LCIF, LCIF II, Net 3, MLP, LRA and Six Penn Center L.P. Lexington Contributions, Inc. (“LCP”) and Lexington Strategic Asset Corp. (“LSAC”), each a formerly majority owned TRS, were merged with and into the Company as of March 25, 2008 and June 30, 2007, respectively.

Recently Issued Accounting Standards. In September 2006, the FASB issued SFAS No. 157, Fair Value Measurements, as amended (“SFAS 157”). SFAS 157 defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles and expands disclosures about fair value measurements. The

6

---

provisions of SFAS 157 were effective for financial statements issued for fiscal years beginning after November 15, 2007 and interim periods within those fiscal years, except for those relating to non-financial assets and liabilities, which are deferred for one additional year, and a scope exception for purposes of fair value measurements affecting lease classification or measurement under SFAS 13 and related standards. The adoption of the effective portions of this statement did not have a material impact on the Company's financial position, results of operations or cash flows. The Company is evaluating the effect of implementing this statement as it relates to non-financial assets and liabilities, although the statement does not require any new fair value measurements or remeasurements of previously reported fair values.

In February 2007, the FASB issued SFAS No. 159, The Fair Value Option for Financial Assets and Financial Liabilities — Including an Amendment of FASB Statement No. 115 ("SFAS 159"). SFAS 159 permits entities to choose to measure many financial assets and liabilities and certain other items at fair value. An enterprise will report unrealized gains and losses on items for which the fair value option has been elected in earnings at each subsequent reporting date. The fair value option may be applied on an instrument-by-instrument basis, with several exceptions, such as investments accounted for by the equity method, and once elected, the option is irrevocable unless a new election date occurs. The fair value option can be applied only to entire instruments and not to portions thereof. SFAS 159 was effective as of the beginning of an entity's first fiscal year beginning after November 15, 2007. The Company did not adopt the fair value provisions of this pronouncement and thus it did not have an impact on the Company's consolidated financial position, results of operations or cash flows.

In December 2007, the FASB issued SFAS No. 141R (Revised 2007), Business Combinations ("SFAS 141R"). SFAS 141R requires most identifiable assets, liabilities, noncontrolling interests, and goodwill acquired in a business combination to be recorded at "full fair value". SFAS 141R is effective for acquisitions in periods beginning on or after December 15, 2008.

In December 2007, the FASB issued SFAS No. 160, Noncontrolling Interests in Consolidated Financial Statements—an amendment of ARB 51 ("SFAS 160"). SFAS 160 will require noncontrolling interests (previously referred to as minority interests) to be treated as a separate component of equity, not as a liability or other item outside of permanent equity. SFAS 160 is effective for periods beginning on or after December 15, 2008. The adoption of this statement will result in the minority interest currently classified in the "mezzanine" section of the balance sheet to be reclassified as a component of shareholders' equity, and minority interests' share of income or loss will no longer be recorded in the statement of operations.

In December 2007, the FASB ratified EITF consensus on EITF 07-06, Accounting for the Sale of Real Estate Subject to the Requirements of FASB Statement No. 66, Accounting for Sales of Real Estate, When the Agreement Includes a Buy-Sell Clause ("EITF 07-06"). EITF 07-06 clarifies that a buy-sell clause in a sale of real estate that otherwise qualifies for partial sale accounting does not by itself constitute a form of continuing involvement that would preclude partial sale accounting under SFAS No. 66. EITF 07-06 was effective for fiscal years beginning after December 15, 2007. The adoption of EITF 07-06 did not have a material impact on the Company's financial position, results of operations or cash flows.

In June 2008, the FASB issued FSP EITF 03-6-1, Determining Whether Instruments Granted in Share-Based Payment Transactions Are Participating Securities ("FSP 03-6-1"). FSP 03-6-1 requires unvested share based payment awards that contain nonforfeitable rights to dividends or dividend equivalents to be treated as participating securities as defined in EITF Issue No. 03-6, "Participating Securities and the Two-Class Method under FASB Statement No. 128," and, therefore, included in the earnings allocation in computing earnings per share under the two-class method described in FASB Statement No. 128, Earnings per Share. FSP 03-6-1 is effective for financial statements issued for fiscal years beginning after December 15, 2008, and interim periods within those years. Management is currently determining the impact the adoption of FSP 03-6-1 will have on the Company's financial statements.

In June 2007, the Securities and Exchange staff announced revisions to EITF Topic D-98 related to the release of SFAS 159. The Securities and Exchange Commission announced that it will no longer accept liability classification for financial instruments that meet the conditions for temporary equity classification under ASR 268, Presentation in Financial Statements of "Redeemable Preferred Stocks" and EITF Topic No. D-98. As a consequence, the fair value option under SFAS 159 may not be applied to any financial instrument (or host contract) that qualifies as temporary

7

---

equity. This is effective for all instruments that are entered into, modified, or otherwise subject to a remeasurement event in the first fiscal quarter beginning after September 15, 2007. As the Company did not adopt the fair value provisions of SFAS 159, the adoption of this announcement did not have a material impact on the Company's financial position, results of operations or cash flows.

In March 2008, the FASB issued SFAS No. 161, Disclosures about Derivative Instruments and Hedging Activities- an amendment of SFAS No.133 ("SFAS 161"). SFAS 161, which amends SFAS No. 133, Accounting for Derivative Instruments and Hedging Activities, requires companies with derivative instruments to disclose information about how and why a company uses derivative instruments, how derivative instruments and related hedged items are accounted for under SFAS No. 133, and how derivative instruments and related hedged items affect a company's financial position, financial performance and cash flows. The required disclosures include the fair value of derivative instruments and their gains or losses in tabular format, information about credit-risk-related contingent features in derivative agreements, counterparty, credit risk, and the company's strategies and objectives for using derivative instruments. SFAS 161 is effective prospectively for periods beginning on or after November 15, 2008. The adoption of this statement is not expected to have a material impact on the Company's financial position, results of operations or cash flows.

In May 2008, the FASB issued FSP APB 14-1, Accounting for Convertible Debt Instruments That May Be Settled in Cash Upon Conversion (Including Partial Cash Settlement) ("FSP 14-1"). FSP 14-1 requires issuers of convertible debt that may be settled wholly or partly in cash to account for the debt and equity components separately. FSP 14-1 is effective for financial statements issued for fiscal years beginning after December 15, 2008 and interim periods. Management is currently determining the impact the adoption of FSP 14-1 will have on the Company's financial statements.

Use of Estimates. Management has made a number of estimates and assumptions relating to the reporting of assets and liabilities, the disclosure of contingent assets and liabilities and the reported amounts of revenues and expenses to prepare these unaudited condensed consolidated financial statements in conformity with U.S. generally accepted accounting principles. The most significant estimates made include the recoverability of accounts receivable, allocation of property purchase price to tangible and intangible assets acquired and liabilities assumed, the determination of impairment of long-lived assets and equity method investments, valuation and impairment of assets held by equity method investees, valuation of derivative financial instruments, and the useful lives of long-lived assets. Actual results could differ from those estimates.

Revenue Recognition. The Company recognizes revenue in accordance with Statement of Financial Accounting Standards No. 13, Accounting for Leases, as amended ("SFAS 13"). SFAS 13 requires that revenue be recognized on a straight-line basis over the term of the lease unless another systematic and rational basis is more representative of the time pattern in which the use benefit is derived from the leased property. Renewal options in leases with rental terms that are lower than those in the primary term are excluded from the calculation of straight-line rent if the renewals are not reasonably assured. In those instances in which the Company funds tenant improvements and the improvements are deemed to be owned by the Company, revenue recognition will commence when the improvements are substantially completed and possession or control of the space is turned over to the tenant. When the Company determines that the tenant allowances are lease incentives, the Company commences revenue recognition when possession or control of the space is turned over to the tenant for tenant work to begin. The lease incentive is recorded as a deferred expense and amortized as a reduction of revenue on a straight-line basis over the respective lease term. The Company recognizes lease termination payments as a component of rental revenue in the period received, provided that there are no further obligations under the lease. All above market lease assets, below market lease liabilities and deferred rent assets or liabilities for terminated leases are charged against or credited to rental revenue in the period the lease is terminated, as appropriate. All other capitalized lease costs and lease intangibles are accelerated via amortization expense to the date of termination.

Impairment of Real Estate and Equity-Method Investments. The Company evaluates the carrying value of all tangible and intangible assets held, including its investments in non-consolidated entities (such as Concord Debt Holdings, LLC), when a triggering event under Statement of Financial Accounting Standards No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets, as amended (“SFAS 144”) has occurred to determine if an impairment has occurred which would require the recognition of a loss. The evaluation includes estimating and

reviewing anticipated future cash flows to be derived from the asset. However, estimating future cash flows is highly subjective and such estimates could differ materially from actual results.

**Derivative Financial Instruments.** The Company accounts for its interest rate cap and swap agreements in accordance with SFAS No. 133, Accounting for Derivative Instruments and Hedging Activities, as amended (“SFAS 133”). In accordance with SFAS 133, these agreements are carried on the balance sheet at their respective fair values, as an asset, if fair value is positive, or as a liability, if fair value is negative. The interest rate swap is designated as a cash flow hedge whereby the effective portion of the swap's change in fair value is reported as a component of other comprehensive income (loss); the ineffective portion, if any, is recognized in earnings as an increase or decrease to interest expense. The interest rate cap is not designated as a hedge instrument and accordingly all changes in its fair value are recognized in earnings as an increase or decrease to interest expense.

**Cash and Cash Equivalents.** The Company considers all highly liquid instruments with maturities of three months or less from the date of purchase to be cash equivalents.

**Restricted Cash.** Restricted cash is comprised primarily of cash balances deposited with qualified intermediaries to complete potential tax-free exchanges.

**Environmental Matters.** Under various federal, state and local environmental laws, statutes, ordinances, rules and regulations, an owner of real property may be liable for the costs of removal or remediation of certain hazardous or toxic substances at, on, in or under such property as well as certain other potential costs relating to hazardous or toxic substances. These liabilities may include government fines and penalties and damages for injuries to persons and adjacent property. Such laws often impose liability without regard to whether the owner knew of, or was responsible for, the presence or disposal of such substances. Although the Company's tenants are primarily responsible for any environmental damage and claims related to the leased premises, in the event of the bankruptcy or inability of the tenant of such premises to satisfy any obligations with respect to such environmental liability, the Company may be required to satisfy any such obligations. In addition, the Company as the owner of such properties may be held directly liable for any such damages or claims irrespective of the provisions of any lease. As of June 30, 2008, the Company was not aware of any environmental matter relating to any of its assets that could have a material impact on the financial statements.

**Reclassifications.** Certain amounts included in the 2007 financial statements have been reclassified to conform to the 2008 presentation.

Edgar Filing: LEXINGTON REALTY TRUST - Form 10-Q

(3) Earnings per Share

The following is a reconciliation of the numerators and denominators of the basic and diluted earnings per share computations for the three and six months ended June 30, 2008 and 2007:

	Three Months Ended		Six Months Ended	
	June 30,	2007	June 30,	2007
	2008		2008	
<b>BASIC</b>

Net income (loss)	\$ (0.04)	\$ 0.34	\$ 0.05	\$ 0.28

During the second quarter of 2008, the Company redeemed 501,700 Series C Preferred shares at a \$5,678 discount to their historical cost basis. In accordance with EITF D-42, The Effect on the Calculation of Earnings Per Share for the Redemption or Induced Conversion of Preferred Stock, this discount constitutes a deemed negative dividend,

offsetting other dividends, and is accretive to the common shareholders and, accordingly, it has been added to net income to arrive at net income allocable to common shareholders for the three and six month periods ended June 30, 2008.

In accordance with EITF D-53, Computation of Earnings Per Share for a Period That Includes a Redemption or an Induced Conversion of a Portion of a Class of Preferred Stock, for purposes of computing diluted earnings per share for the three and six month periods ended June 30, 2008, the discount on redemption has been subtracted from net income allocable to common shareholders in the incremental loss attributed to assumed conversion of dilutive securities, and the shares have been assumed redeemed for common shares at the beginning of the respective periods. The Company determined that the Series C Preferred shares that were not redeemed were not dilutive to basic earnings per share.

All incremental shares are considered anti-dilutive for periods that have a loss from continuing operations applicable to common shareholders. In addition, other common share equivalents may be anti-dilutive in certain periods.

(4) Investments in Real Estate and Intangibles

During the six months ended June 30, 2008, the Company did not acquire any properties. During the six months ended June 30, 2007, the Company acquired seven properties from third parties for an aggregate capitalized cost of \$117,760 and allocated \$19,083 of the purchase price to intangible assets.

During the six months ended June 30, 2007, the Company acquired additional shares in LSAC for \$16,696. Also during the six months ended June 30, 2007, LSAC paid \$7,418 to repurchase its common stock in a tender offer. After these transactions, on June 30, 2007, (1) LSAC was merged with and into the Company and ceased to exist, (2) each share of common stock of LSAC owned by the Company was cancelled and (3) each share of common stock of LSAC not owned by the Company (8,750 shares) was cancelled and the Company paid the holders \$87.

During the six months ended June 30, 2007, the Company, including through its consolidated subsidiaries, completed transactions with its joint venture partners as summarized as follows:

Triple Net Investment Company LLC ("TNI")

On May 1, 2007, the Company entered into a purchase agreement with the Utah State Retirement Investment Fund, its partner in one of its co-investment programs, TNI, and acquired the 70% of TNI it did not already own through a cash payment of approximately \$82,600 and the assumption of approximately \$156,600 in non-recourse mortgage debt. Accordingly, the Company became the sole owner of the 15 primarily single tenant net leased real estate properties owned by TNI. The debt assumed by the Company bears stated interest at rates ranging from 4.9% to 9.4% with a weighted-average stated rate of 5.9% and matures at various dates ranging from 2010 to 2021. In connection with this transaction, the Company recognized income of \$2,064 from incentive fees in accordance with the TNI partnership agreement.

Lexington Acquiport Company LLC ("LAC") and Lexington Acquiport Company II LLC ("LAC II")

On June 1, 2007, the Company entered into purchase agreements with the Common Retirement Fund of the State of New York, its 66.7% partner in one of its co-investment programs, LAC, and 75% partner in another of its co-investment programs, LAC II, and acquired the interests in LAC and LAC II it did not already own through a cash payment of approximately \$277,400 and the assumption of approximately \$515,000 in non-recourse mortgage

debt. Accordingly, the Company became the sole owner of the 26 primarily single tenant net leased real estate properties owned collectively by LAC and LAC II. The debt assumed by the Company bears interest at stated rates ranging from 5.0% to 8.2% with a weighted-average stated rate of 6.2% and matures at various dates ranging from 2009 to 2021.

## Lexington/Lion Venture L.P. ("LION")

Effective June 1, 2007, the Company and its 70% partner in LION agreed to terminate LION and distribute the 17 primarily net lease properties owned by LION. Accordingly, the Company was distributed seven of the properties, which are subject to non-recourse mortgage debt of approximately \$112,500. The debt assumed by the Company bears interest at stated rates ranging from 4.8% to 6.2% with a weighted-average stated rate of 5.4% and matures at various dates ranging from 2012 to 2016. In addition, the Company paid approximately \$6,600 of additional consideration to its former partner in connection with the termination. In connection with this transaction, the Company recognized income of \$8,530 from incentive fees in accordance with the LION partnership agreement and was allocated equity in earnings of \$34,164 related to its share of gains relating to the 10 properties transferred to the partner.

## (5) Discontinued Operations

During the six months ended June 30, 2008, the Company sold 8 properties to third parties for aggregate sales proceeds of \$167,460 which resulted in an aggregate gain of \$4,612. During the six months ended June 30, 2007, the Company sold ten properties to third parties for aggregate sales proceeds of \$108,523 which resulted in a gain of \$12,828. As of June 30, 2008, the Company had one property held for sale and certain assets and liabilities related to a property previously sold.

The following presents the operating results for the properties sold and properties held for sale for the applicable periods:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2008	2007	2008	2007
Rental revenues	\$ 526	\$ 18,260	\$ 3,890	\$ 35,779
Pre-tax income, including gains on sale	\$ 2,157	\$ 17,456	\$ 1,902	\$ 21,838

## (6) Investment in Non-Consolidated Entities

## Concord Debt Holdings LLC ("Concord")

The MLP and WRT Realty L.P. ("Winthrop") have a co-investment program to acquire and originate loans secured, directly and indirectly, by real estate assets through Concord. The Company's former Executive Chairman and Director of Strategic Acquisitions is also the Chief Executive Officer of the parent of Winthrop. The co-investment program was equally owned and controlled by the MLP and Winthrop. The MLP and Winthrop have committed to invest up to \$162,500 each in Concord, all of which has been funded as of June 30, 2008. All profits, losses and cash flows of Concord were distributed in accordance with the respective membership interests (see note 15).

Concord was governed by an investment committee which consisted of three members appointed by each of Winthrop and the MLP with one additional member being appointed by an affiliate of Winthrop. All decisions requiring the consent of the investment committee required the affirmative vote of the members appointed by Winthrop and the MLP. Pursuant to the then terms of the limited liability company agreement of Concord, all material actions to be taken by Concord, including investments in excess of \$20,000, required the consent of the investment committee; provided, however, the consents of both Winthrop and the MLP were required for the merger or consolidation of Concord, the admission of additional members, the taking of any action that, if taken directly by Winthrop or the MLP

would require consent of Winthrop's Conflicts Committee or the Company's independent trustees.

The following is summary balance sheet data as of June 30, 2008 and December 31, 2007 and income statement data for the three and six months ended June 30, 2008 and 2007 for Concord:

	As of 6/30/08	As of 12/31/07
Investments	\$ 1,045,488	\$ 1,140,108
Cash, including restricted cash	30,366	19,094
Warehouse debt facilities obligations	427,858	472,324
Collateralized debt obligations	362,450	376,650
Members' equity	286,708	310,922

	Six Months Ended June 30,	
	2008	2007
Interest and other income	\$ 37,209	\$ 28,204
Interest expense	(18,886)	(16,609)
Impairment charge	(58,016)	--
Gain on debt repayment	7,702	--
Other expenses and minority interests	(1,767)	(2,685)
Net income (loss)	\$ (33,758)	\$ 8,910
Other comprehensive income	8,569	--
Comprehensive income (loss)	\$ (25,189)	\$ 8,910

	Three Months Ended June 30,	
	2008	2007
Interest and other income	\$ 17,170	\$ 17,050
Interest expense	(8,574)	(9,943)
Impairment charge	(52,639)	--
Gain on debt repayment	2,552	--
Other expenses and minority interests	(417)	(1,507)
Net income (loss)	\$ (41,908)	\$ 5,600
Other comprehensive income	28,463	--
Comprehensive income (loss)	\$ (13,445)	\$ 5,600

Concord's loan assets are classified as held to maturity and, accordingly, are carried at cost, net of unamortized loan origination costs and fees, repayments and unfunded commitments unless such loan is deemed to be other-than-temporarily impaired. Concord's bonds are classified as available for sale securities and, accordingly, are marked-to-estimated fair value on a quarterly basis based on valuations performed by Concord's management. During the three and six months ended June 30, 2008, the management of Concord did a complete evaluation of its bond and loan

portfolio, including an analysis of any underlying collateral supporting these investments. This resulted in a charge to earnings at Concord of \$52,639 and \$58,016 for the three and six months ended June 30, 2008, respectively.

On August 2, 2008, the Company restructured its investment in Concord (see note 15).

#### Net Lease Strategic Assets Fund L.P. ("NLS")

NLS is a co-investment program with Inland American (Net Lease) Sub, LLC ("Inland"). NLS was established to acquire single-tenant net lease specialty real estate in the United States. In connection with the formation of NLS and on December 20, 2007, the MLP contributed interests in 12 properties and \$6,721 in cash to NLS and Inland contributed \$121,676 in cash to NLS. In addition, the Company sold for cash interests in 18 properties to NLS and recorded an aggregate gain of \$19,422, which was limited by the Company's aggregate ownership interest in NLS's common and preferred equity of 47.2%. The properties were subject to \$186,302 in mortgage debt, which was assumed by NLS. After such formation transaction, Inland and the MLP owned 85% and 15%, respectively, of NLS's common equity and the MLP owned 100% of NLS's \$87,615 preferred equity.

On March 25, 2008, the MLP contributed interests in five properties and \$4,354 in cash to NLS and Inland contributed \$72,545 in cash to NLS. In addition, the Company sold for cash interests in six properties to NLS and recorded an aggregate gain of \$23,169, which was limited by the Company's aggregate ownership interest in NLS's common and preferred equity of 47.2%. The properties were subject to \$131,603 in mortgage debt, which was assumed by NLS. The mortgage debt assumed by NLS has stated interest rates ranging from 5.1% to 8.0%, with a weighted average interest rate of 6.0% and maturity dates ranging from 2010 to 2021. After this transaction, Inland and the MLP owned 85% and 15%, respectively, of NLS's common equity and the MLP owned 100% of NLS's \$141,329 preferred equity.

On May 30, 2008, the MLP contributed interests in one property and \$3,458 in cash to NLS and Inland contributed \$19,011 in cash to NLS. In addition, the Company sold for cash an interest in one property to NLS and recorded a gain of \$8,637, which was limited by the Company's ownership interest in NLS's common and preferred equity of 48.1%. One property was subject to \$21,545 in mortgage debt, which was assumed by NLS. The mortgage debt assumed by NLS has a stated interest rate of 8.04% and matures in 2015. After this transaction, Inland and the MLP owned 85% and 15%, respectively, of NLS's common equity and the MLP owned 100% of NLS's \$162,487 preferred equity.

Inland and the MLP are currently entitled to a return on/of their respective investments as follows: (1) Inland, 9% on its common equity, (2) the MLP, 6.5% on its preferred equity, (3) the MLP, 9% on its common equity, (4) return of the MLP preferred equity, (5) return of Inland common equity (6) return of the MLP common equity and (7) any remaining cash flow is allocated 65% to Inland and 35% to the MLP as long as the MLP is the general partner, if not, allocations are 85% to Inland and 15% to the MLP.

In addition to the capital contributions described above, the MLP and Inland committed to invest up to an additional \$22,500 and \$127,500, respectively, in NLS to acquire additional specialty single-tenant net leased assets. LRA has entered into a management agreement with NLS whereby LRA will receive (1) a management fee of 0.375% of the equity capital, (2) a property management fee of up to 3.0% of actual gross revenues from certain assets for which the landlord is obligated to provide property management services (contingent upon the recoverability of such fees from the tenant under the applicable lease), and (3) an acquisition fee of 0.5% of the gross purchase price of each acquired asset by NLS.

The following is summary historical cost basis selected balance sheet data as of June 30, 2008 and December 31, 2007 and income statement data for the six months ended June 30, 2008 for NLS:

Edgar Filing: LEXINGTON REALTY TRUST - Form 10-Q

	As of 6/30/08	As of 12/31/07
Real estate, including intangibles	\$ 735,800	\$ 405,834
Cash	6,018	1,884
Mortgages payable	322,737	171,556

	For the Six Months Ended 6/30/08
Gross rental revenues	\$ 21,523
Depreciation and amortization	(13,028)
Interest expense	(7,598)
Other expenses, net	(1,157)
Net loss	\$ (260)

During the six months ended June 30, 2008, the Company recognized \$6,301 equity in losses relating to NLS based upon the hypothetical liquidation method. The difference between the assets contributed to NLS and the fair value of the MLP's equity investment in NLS is \$94,723 and is accreted into income. During the six months ended June 30, 2008, the Company recorded earnings of \$1,395 related to this difference, which is included in equity in earnings (losses) of non-consolidated entities on the accompanying statement of operations.

During the six months ended June 30, 2008, the MLP incurred transaction costs relating to the formation of NLS of \$1,146 which are included in general and administrative expenses in the consolidated statements of operations.

#### LEX-Win Acquisition LLC ("Lex-Win")

During 2007, Lex-Win, an entity in which the MLP holds a 28% ownership interest, acquired 3.9 million shares of common stock in Piedmont Office Realty Trust, Inc. (formerly known as Wells Real Estate Investment Trust, Inc.), ("Wells"), a non-exchange traded entity, at a price per share of \$9.30 in a tender offer. During 2007, the MLP funded \$12,542 relating to this tender and received \$1,890 relating to an adjustment of the number of shares tendered. Winthrop also holds a 28% interest in Lex-Win. The Company's former Executive Chairman and Director of Strategic Acquisitions is the Chief Executive Officer of the parent of Winthrop. Profits, losses and cash flows of Lex-Win are allocated in accordance with the membership interests. During the three and six months ended June 30, 2008, Lex-Win incurred an impairment charge of \$3,600 relating to its investment in Wells due to an other than temporary decline in the value of the Wells shares based upon a valuation done by Lex-Win management (see note 15).

#### Other Equity Method Investment Limited Partnerships

The Company is a partner in eight partnerships with ownership percentages ranging between 26% and 40%, which own net leased properties. All profits, losses and cash flows are distributed in accordance with the respective partnership agreements. As of June 30, 2008, the partnerships have \$94,364 in mortgage debt (the Company's proportionate share is \$29,840) with interest rates ranging from 5.2% to 15.0% with a weighted average rate of 9.4% and maturity dates ranging from 2009 to 2018.

#### (7) Mortgages and Notes Payable

During the six months ended June 30, 2008, the MLP obtained \$25,000 and \$45,000 secured term loans from KeyBank N.A. The loans are interest only at LIBOR plus 60 basis points and mature in 2013. The net proceeds of the loans of \$68,000 were used to partially repay indebtedness on three cross-collateralized mortgages. After such repayment, the amount owed on the three mortgages was \$103,511, the three mortgages were combined into one mortgage, which is interest only instead of having a portion as self-amortizing and matures in September 2014. The

MLP recognized a non-cash charge of \$611 relating to the write-off of certain deferred financing charges. These loans contain customary covenants which the Company was in compliance with as of June 30, 2008.

Pursuant to the new loan agreements, the MLP simultaneously entered into an interest-rate swap agreement with KeyBank N.A to swap the LIBOR rate on the loans for a fixed rate of 4.9196% through March 18, 2013, and the Company assumed a liability for the fair value of the swap at inception of approximately \$5,696 (\$2,515 at June 30, 2008). The new debt is presented net of a discount of \$5,696 (representing the swap liability assumed in connection with the loans at inception). Amortization of the discount as interest expense will occur over the term of the loans.

The following table presents the Company's liability for the swap measured at fair value as of June 30, 2008, aggregated by the level within the SFAS 157 fair value hierarchy within which those measurements fall:

Fair Value Measurements using

Quoted Prices in Active Markets for Identical Liabilities (Level 1) \$ --	Significant Other Observable Inputs (Level 2) \$2,515	Significant Unobservable Inputs (Level 3) \$ --	Balance \$2,515
---	--	---	--------------------

Although the Company has determined that the majority of the inputs used to value its swap obligation fall within Level 2 of the fair value hierarchy, the credit valuation associated with the swap obligation utilizes Level 3 inputs, such as estimates of current credit spreads to evaluate the likelihood of default by itself and its counterparties. However, as of June 30, 2008, the Company has determined that the credit valuation adjustment relative to the overall swap obligation is not significant. As a result, the entire swap obligation has been classified in Level 2 of the fair value hierarchy.

Also at inception, in accordance with SFAS No. 133, as amended, the Company designated the swap as a cash flow hedge of the risk of variability attributable to changes in the LIBOR swap rate on \$45,000 and \$25,000 of LIBOR-indexed variable-rate debt. Accordingly, changes in the fair value of the swap will be recorded in other comprehensive income and reclassified to earnings as interest becomes receivable or payable. Because the fair value of the swap at inception of the hedge was not zero, the Company cannot assume that there will be no ineffectiveness in the hedging relationship. However, the Company expects the hedging relationship to be highly effective and will measure and report any ineffectiveness in earnings. During the six months ended June 30, 2008, the Company terminated a portion of the swap for a notional amount of \$2,804 due to a payment of the same amount on the \$45,000 term loan. The Company recognized \$531 as a reduction of interest expense during the six months ended June 30, 2008 due to the swap's ineffectiveness and forecasted transactions no longer being probable.

During the six months ended June 30, 2007, the Company obtained five non-recourse mortgages aggregating \$73,725 with interest rates ranging from 5.7% to 6.1% and maturity dates in 2017 and 2021.

During the six months ended June 30, 2007, the Company repaid \$547,199 of borrowings under the MLP's borrowing facility. In connection with the repayment, the Company incurred approximately \$650 to terminate an interest rate swap agreement, which is included in interest expense.

During the six months ended June 30, 2007, the Company issued, through the MLP, an aggregate \$450,000 of 5.45% Exchangeable Guaranteed Notes due in 2027. These notes can be put to the Company commencing in 2012 and ever five years thereafter through maturity. The notes are convertible by the holders into common shares at a current price of \$21.99 per share, subject to adjustment upon certain events. The current exchange rate is subject to adjustment under certain events including increases in the Company's rate of dividends above a certain threshold.

Upon exchange the holders of the notes would receive (i) cash equal to the principal amount of the note and (ii) to the extent the conversion value exceeds the principal amount of the note, either cash or common shares at the Company's option. During the six months ended June 30, 2008, the MLP repurchased \$125,000 of the 5.45% Exchangeable Notes for a cash payment of \$109,687, which resulted in a gain on debt extinguishment of \$13,042, including a write-off of \$2,271 in deferred financing costs.

During the six months ended June 30, 2007, the Company, through a wholly-owned subsidiary, issued \$200,000 in Trust Preferred Securities. These securities, which are classified as debt, are due in 2037, are redeemable by the Company commencing April 2012 and bear interest at a fixed rate of 6.804% through April 2017 and thereafter at a variable rate of three month LIBOR plus 170 basis points through maturity. During the six months ended June 30, 2008, the Company repurchased \$70,880 of the Trust Preferred Securities for a cash payment of \$44,561, which resulted in a gain on debt extinguishment of \$24,742 including a write off of \$1,577 in deferred financing costs.

The Company has a \$200,000 revolving credit facility, which expires in June 2009, bears interest at 120-170 basis points over LIBOR depending on the amount of the Company's leverage level, and has interest rate periods of one, three or six months, at the option of the Company. The credit facility contains various leverage, debt service coverage, net worth maintenance and other customary covenants, which the Company was in compliance with as of June 30, 2008. As of June 30, 2008, there were no outstanding borrowings under the credit facility, \$198,481 was available to be borrowed and the Company had outstanding letters of credit aggregating \$1,519.

In June 2007, the Company obtained a \$225,000 secured term loan from KeyBank N.A. The interest only secured term loan matures June 2009 and bears interest at LIBOR plus 60 basis points. The loan contains customary covenants which the Company was in compliance with as of June 30, 2008. The proceeds of the secured term loan were used to purchase the interests in our four co-investment programs during the six months ended June 30, 2007. As of June 30, 2008, \$202,419 is outstanding under the loan. See note 4 for a discussion of the acquisition of co-investment programs and assumption of mortgages related to the acquisitions.

During the six months ended June 30, 2008, in connection with sales of certain properties, the Company satisfied the corresponding mortgages payable which resulted in debt satisfaction charges of \$775.

#### (8) Concentration of Risk

The Company seeks to reduce its operating and leasing risks through the geographic diversification of its properties, tenant industry diversification, avoidance of dependency on a single asset and the creditworthiness of its tenants. For the six months ended June 30, 2008 and 2007, no single tenant represented greater than 10% of rental revenues.

Cash and cash equivalent balances exceed insurable amounts. The Company believes it mitigates this risk by investing in or through major financial institutions.

#### (9) Minority Interests

In conjunction with several of the Company's acquisitions in prior years, sellers were given OP Units as a form of consideration. All OP Units, other than OP Units owned by the Company, are redeemable at certain times, only at the option of the holders, generally for the Company's common shares on a one-for-one basis and are not otherwise mandatorily redeemable by the Company.

During the six months ended June 30, 2008 and 2007, 228,466 and 1,217,131 OP Units, respectively, were redeemed by the Company for an aggregate value of \$2,976 and \$24,381, respectively.

As of June 30, 2008, there were approximately 39.5 million OP Units outstanding other than OP Units owned by the Company. All OP Units receive distributions in accordance with their respective partnership agreements. To the extent that the Company's dividend per common share is less than the stated distribution per OP Unit per the applicable partnership agreement, the distributions per OP Unit are reduced by the percentage reduction in the

Company's dividend per common share. No OP Units have a liquidation preference. As of June 30, 2008, the Company's common shares had a closing price of \$13.63 per share. Assuming all outstanding OP Units not held by the Company were redeemed on such date the estimated fair value of the OP Units was \$538,258.

(10) Related Party Transactions

The Company, through the MLP, has an ownership interest in a securitized pool of first mortgages which includes two first mortgage loans encumbering MLP properties. As of June 30, 2008 and December 31, 2007, the value of the ownership interest was \$15,692 and \$15,926, respectively.

Entities partially owned and controlled by the Company's former Executive Chairman and Director of Strategic Acquisitions provide property management services at certain properties and co-investments owned by the Company. These entities earned, including reimbursed expenses, \$2,461 and \$1,817, respectively, for these services for the six months ended June 30, 2008 and 2007.

On March 20, 2008, the Company entered into a Services and Non-Compete Agreement with its former Executive Chairman and Director of Strategic Acquisitions and his affiliate, which provides that the Company's former Executive Chairman and Director of Strategic Acquisitions and his affiliate will provide the Company with certain asset management services in exchange for \$1,500. The \$1,500 is included in general and administrative expenses in the statement of operations for the six months ended June 30, 2008.

As of June 30, 2008 and December 31, 2007, \$4,249 and \$21,378 in mortgage notes payable are due to entities owned by two of the Company's significant OP Unitholders and the Company's former Executive Chairman and Director of Strategic Acquisitions.

During the six months ended June 30, 2007, the Company repurchased (1) common shares from two of its officers for an aggregate of \$405 and (2) LSAC shares for \$2,200.

During the six months ended June 30, 2007, the MLP and Winthrop, an entity affiliated with the Company's former Executive Chairman and Director of Strategic Acquisitions, entered into a joint venture with other unrelated partners, to acquire shares of Wells (see note 6).

Winthrop, an affiliate of the Company's former Executive Chairman and Director of Strategic Acquisitions, is the 50% partner in Concord Debt Holdings LLC (see note 6).

(11) Shareholders' Equity

During the six months ended June 30, 2007, the Company issued \$155,000 liquidation amount of its Series D Cumulative Redeemable Preferred Stock ("Series D Preferred"), which pays dividends at an annual rate of 7.55%, raising net proceeds of \$149,774. The Series D Preferred has no maturity date and the Company is not required to redeem the Series D Preferred at any time. Accordingly, the Series D Preferred will remain outstanding indefinitely, unless the Company decides at its option on or after February 14, 2012, to exercise its redemption right. If at any time following a change of control, the Series D Preferred are not listed on any of the national stock exchanges, the Company will have the option to redeem the Series D Preferred, in whole but not in part, within 90 days after the first date on which both the change of control has occurred and the Series D Preferred are not so listed, for cash at a redemption price of \$25.00 per share, plus accrued and unpaid dividends (whether or not declared) up to but excluding the redemption date. If the Company does not redeem the Series D Preferred and the Series D Preferred are not so listed, the Series D Preferred will pay dividends at an annual rate of 8.55%.

During the six months ended June 30, 2008, the Company repurchased and retired 501,700 of its Series C Cumulative Convertible Preferred Shares ("Series C Preferred") by issuing 727,759 common shares and \$7,522 in cash. The difference between the amount paid for the Series C Preferred and its historical cost was \$5,678 and is treated as an increase to shareholders equity and as a reduction in preferred dividends paid for calculating earnings per share.

On June 30, 2008, the Company issued 3,450,000 common shares raising net proceeds of approximately \$47,237. The proceeds, along with cash held, was used to retire \$25,000 principal amount of the 5.45% Exchangeable Guaranteed Notes at a price plus accrued interest of \$22,937 and \$67,755 principal amount of the Trust Preferred Securities at a price plus accrued interest of \$43,454.

(12) Commitments and Contingencies

The Company is obligated under certain tenant leases, including leases for non-consolidated entities, to fund the expansion of the underlying leased properties.

The Company has agreed with Vornado Realty Trust (“Vornado”), a significant OP Unitholder in the MLP, to operate the MLP as a REIT and to indemnify Vornado for any actual damages incurred by Vornado if the MLP is not operated as a REIT. Clifford Broser, a member of the Company’s Board of Trustees, is a Senior Vice President of Vornado.

From time to time, the Company is involved in legal proceedings arising in the ordinary course of business. Management believes, based on currently available information, that the results of such proceedings, in the aggregate, will not have a material adverse effect on the Company’s financial condition, but may be material to the Company’s operating results for any particular period, depending, in part, upon the operating results for such period. Given the inherent difficulty of predicting the outcome of these matters, the Company cannot estimate losses or ranges of losses for proceedings where there is only a reasonable possibility that a loss may be incurred.

(13) Share-Based Compensation

On February 6, 2007, the Board of Trustees established the Lexington Realty Trust 2007 Outperformance Program, a long-term incentive compensation program. Under this program, participating officers will share in an “outperformance pool” if the Company’s total shareholder return for the three-year performance period beginning on the effective date of the program, January 1, 2007, exceeds the greater of an absolute compounded annual total shareholder return of 10% or 110% of the compounded annual return of the MSCI US REIT INDEX during the same period measured against a baseline value equal to the average of the ten consecutive trading days immediately prior to April 1, 2007. The size of the outperformance pool for this program will be 10% of the Company’s total shareholder return in excess of the performance hurdle, subject to a maximum amount of \$40,000. On April 2, 2007, the Compensation Committee modified the effective date of the program from January 1, 2007 to April 1, 2007.

The awards are considered liability awards because the numbers of shares issued to the participants are not fixed and determinable as of the grant date. These awards contain both a service condition and a market condition. As these awards are liability based awards, the measurement date for liability instruments is the date of settlement. Accordingly, liabilities incurred under share-based payment arrangements were initially measured on the grant date of February 6, 2007 and are required to be measured at the end of each reporting period until settlement.

A third party consultant was engaged to value the awards and the Monte Carlo simulation approach was used to estimate the compensation expense of the outperformance pool. As of the grant date, it was determined that the value of the awards was \$1,901. As of June 30, 2008, the value of the awards was \$948. The Company recognized \$84 and \$235 in compensation expense relating to the awards during the six months ended June 30, 2008 and 2007, respectively.

Each participating officer’s award under this program will be designated as a specified participation percentage of the aggregate outperformance pool. On February 6, 2007, the Compensation Committee allocated 83% of the outperformance pool to certain of the Company’s officers. Subsequently, two officers separated from the Company

and the rights relating to their allocated 19% were forfeited. The remaining unallocated balance of 36% may be allocated by the Compensation Committee at its discretion.

If the performance hurdle is met, the Company will grant each participating officer non-vested common shares as of the end of the performance period with a value equal to such participating officer's share of the outperformance

pool. The non-vested common shares would vest in two equal installments on the first two anniversaries of the date the performance period ends provided the executive continues employment. Once issued, the non-vested common shares would be entitled to dividends and voting rights.

In the event of a change in control (as determined for purposes of the program) during the performance period, the performance period will be shortened to end on the date of the change in control and participating officers' awards will be based on performance relative to the hurdle through the date of the change in control. Any common shares earned upon a change in control will be fully vested. In addition, the performance period will be shortened to end for an executive officer if he or she is terminated by the Company without "cause" or he or she resigns for "good reason," as such terms are defined in the executive officer's employment agreement. All determinations, interpretations, and assumptions relating to the vesting and the calculation of the awards under this program will be made by the Compensation Committee.

During the six months ended June 30, 2008, the Company and a former executive officer and his affiliate entered into a Services and Non-Compete Agreement and a Separation and General Release. In addition to an aggregate cash payment of \$1,500 to be paid over nine months, non-vested common shares previously issued to the officer were accelerated and immediately vested which resulted in a charge of \$265 (see note 10).

During the six months ended June 30, 2008 and 2007, the Company recognized \$2,492 and \$1,795, respectively, in compensation expense relating to scheduled vesting of share grants, exclusive of the \$265 discussed above.

(14) Supplemental Disclosure of Statement of Cash Flow Information

During the six months ended June 30, 2008 and 2007, the Company paid \$86,989 and \$57,252, respectively, for interest and \$2,345 and \$2,691, respectively, for income taxes.

During the six months ended June 30, 2008 and 2007, holders of an aggregate of 195,015 and 1,078,536 OP Units, respectively, redeemed such OP Units for common shares of the Company. These redemptions resulted in an increase in shareholders' equity and corresponding decrease in minority interest of \$2,502 and \$21,408, respectively.

During the six months ended June 30, 2008, the MLP entered into a swap obligation with an initial value of \$5,696, which was reflected as a reduction of mortgages payable and included in accounts payable and other liabilities.

During the six months ended June 30, 2008, the MLP contributed six properties to NLS with \$90,200 in real estate and intangibles and \$51,497 in mortgage notes payable assumed.

During the six months ended June 30, 2007, in connection with the acquisition of the co-investment programs, the Company paid approximately \$366,600 in cash and acquired approximately \$1,071,000 in real estate, \$264,000 in intangibles, \$21,000 in cash, assumed \$785,000 in mortgages payable, \$40,000 in below market leases and \$14,000 in all other assets and liabilities (see note 4).

In connection with a mortgage obtained in January 2007, the lender held back \$6,500 until completion of the secured property's expansion project. The Company received the \$6,500 in July 2007.

(15) Subsequent Events

Subsequent to June 30, 2008, the Company:

Edgar Filing: LEXINGTON REALTY TRUST - Form 10-Q

- Purchased an office property for \$39,000, subject to a net lease that provides for \$3,510 per annum in rent with a 1.5% annual escalation and a lease term that expires in July 2023;
- Sold two retail properties for an aggregate sales price of \$9,000;
- Repaid \$5,611 of term loan debt;
- Invested \$1,000 via a mezzanine loan with a stated interest rate of 16% per annum, compounded monthly and payable at maturity in October 2018;
- Repurchased \$3,000 of the 5.45% Exchangeable Guaranteed Notes for \$2,640;

- The MLP and Winthrop formed a jointly owned subsidiary, Lex-Win Concord LLC ("Lex-Win Concord"), and the MLP and Winthrop each contributed to Lex-Win Concord all of their right, title and interest in Concord and WRP Management LLC, the entity that provides collateral management and asset management services to Concord and its existing CDO. Immediately following the contribution, a subsidiary of Inland American Real Estate Trust Inc. ("Inland American Concord") entered into an agreement to contribute up to \$100,000 in capital over the next 18 months to Concord, with an initial investment of \$20,000. Lex-Win Concord, as managing member, and Inland American Concord, as a preferred member, entered into the Second Amended and Restated Limited Liability Company Agreement of Concord. Under the terms of the agreement, additional contributions by Inland American Concord are to be used primarily for the origination and acquisition of additional debt instruments including whole loans, B notes and mezzanine loans. In addition, provided that certain terms and conditions are satisfied, including payment of Inland American Concord's 10% priority return, both the MLP and Winthrop may elect to reduce their aggregate capital investment in Concord to \$200,000 through distributions of principal payments from the retirement of existing loans and bonds in Concord's current portfolio. In addition, Lex-Win Concord is obligated to make additional capital contributions to Concord of up to \$75,000 only if such capital contributions are necessary under certain circumstances; and
- Lex-Win sold its entire interest in Wells for \$32,289, of which the Company's share is \$9,041.

## ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

### Introduction

When we use the terms "Lexington," the "Company," "we," "us" and "our," we mean Lexington Realty Trust and all entities owned by us, including non-consolidated entities, except where it is clear that the term means only the parent company. References herein to our Quarterly Report are to our Quarterly Report on Form 10-Q for the quarterly period ended June 30, 2008.

### Forward-Looking Statements

The following is a discussion and analysis of our unaudited condensed consolidated financial condition and results of operations for the three and six month periods ended June 30, 2008 and 2007, and significant factors that could affect our prospective financial condition and results of operations. This discussion should be read together with the accompanying unaudited condensed consolidated financial statements and notes thereto and with our consolidated financial statements and notes thereto included in our most recent Annual Report on Form 10-K, or Annual Report, filed with the Securities and Exchange Commission, or SEC, on February 29, 2008. Historical results may not be indicative of future performance.

This Quarterly Report, together with other statements and information publicly disseminated by us contains certain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. We intend such forward-looking statements to be covered by the safe harbor provisions for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995 and include this statement for purposes of complying with these safe harbor provisions. Forward-looking statements, which are based on certain assumptions and describe our future plans, strategies and expectations, are generally identifiable by use of the words "believes," "expects," "intends," "anticipates," "estimates," "projects" or similar expressions. Readers should not rely on forward-looking statements since they involve known and unknown risks, uncertainties and other factors which are, in some cases, beyond our control and which could materially affect actual results, performances or achievements and include, but are not limited to, those discussed under the headings "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" in our most recent Annual Report and other periodic reports filed with the SEC, including risks related to: (i) changes in general business and economic conditions, (ii) competition, (iii) increases in real estate construction costs, (iv) changes in interest rates, or (v) changes in accessibility of debt and equity capital markets. We undertake no obligation to publicly release the results of any revisions to these forward-looking statements which may be made to reflect events or circumstances after the date hereof or to reflect the occurrence of unanticipated events. Accordingly, there is no assurance that our expectations will be realized.

### Critical Accounting Policies

A summary of our critical accounting policies is included in our Annual Report and the notes to the unaudited condensed consolidated financial statements contained in this Quarterly Report. There have been no significant changes to those policies during 2008.

### New Accounting Pronouncements

In September 2006, the FASB issued SFAS No. 157, Fair Value Measurements which we refer to as SFAS 157. SFAS 157 defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles and expands disclosures about fair value measurements. The provisions of SFAS 157 were effective for financial statements issued for fiscal years beginning after November 15, 2007 and interim periods within those fiscal years, except for those relating to non-financial assets and liabilities, which are deferred for one additional year, and a scope exception for purposes of fair value measurements affecting lease classification or measurement under SFAS 13 and related standards. The adoption of the effective portions of this statement did not have a material impact on our financial position, results of operations or cash flows. Management is evaluating the effect of implementing this statement as it relates to non-financial assets and

liabilities, although the statement does not require any new fair value measurement or remeasurement of previously reported fair values.

In February 2007, the FASB issued SFAS No. 159, The Fair Value Option for Financial Assets and Financial Liabilities — Including an Amendment of FASB Statement No. 115, which we refer to as SFAS 159. SFAS 159 permits entities to choose to measure many financial assets and liabilities and certain other items at fair value. An enterprise will report unrealized gains and losses on items for which the fair value option has been elected in earnings at each subsequent reporting date. The fair value option may be applied on an instrument-by-instrument basis, with several exceptions, such as investments accounted for by the equity method, and once elected, the option is irrevocable unless a new election date occurs. The fair value option can be applied only to entire instruments and not to portions thereof. SFAS 159 is effective as of the beginning of an entity's first fiscal year beginning after November 15, 2007. Management did not adopt the fair value provisions of this pronouncement and thus it did not have an impact on our financial position, results of operations or cash flows.

In December 2007, the FASB issued SFAS No. 141R (Revised 2007), Business Combinations which we refer to as SFAS 141R. SFAS 141R requires most identifiable assets, liabilities, noncontrolling interests, and goodwill acquired in a business combination to be recorded at "full fair value". SFAS 141R is effective for acquisitions in periods beginning on or after December 15, 2008.

In December 2007, the FASB issued SFAS No. 160, Noncontrolling Interests in Consolidated Financial Statements—an amendment of ARB 51, which we refer to as SFAS 160. SFAS No. 160 will require noncontrolling interests (previously referred to as minority interests) to be treated as a separate component of equity, not as a liability or other item outside of permanent equity. SFAS 160 is effective for periods beginning on or after December 15, 2008. The adoption of this statement will result in the minority interest currently classified in the "mezzanine" section of the balance sheet to be reclassified as a component of shareholders' equity, and minority interests' share of income or loss will no longer be recorded in the statement of operations.

In December 2007, the FASB ratified EITF consensus on EITF 07-06, Accounting for the Sale of Real Estate Subject to the Requirements of FASB Statement No. 66, Accounting for Sales of Real Estate, When the Agreement Includes a Buy-Sell Clause, which we refer to as EITF 07-06. EITF 07-06 clarifies that a buy-sell clause in a sale of real estate that otherwise qualifies for partial sale accounting does not by itself constitute a form of continuing involvement that would preclude partial sale accounting under SFAS No. 66. EITF 07-06 is effective for fiscal years beginning after December 15, 2007. The adoption of EITF 07-06 did not have a material impact on our financial position, results of operations or cash flows.

In June 2007, the SEC staff announced revisions to EITF Topic D-98 related to the release of SFAS 159. The SEC announced that it will no longer accept liability classification for financial instruments that meet the conditions for temporary equity classification under ASR 268, Presentation in Financial Statements of "Redeemable Preferred Stocks" and EITF Topic No. D-98. As a consequence, the fair value option under SFAS 159 may not be applied to any financial instrument (or host contract) that qualifies as temporary equity. This is effective for all instruments that are entered into, modified, or otherwise subject to a remeasurement event in the first fiscal quarter beginning after September 15, 2007. As we did not adopt the fair value provisions of SFAS 159, the adoption of this announcement did not have a material impact on our financial position, results of operations or cash flows.

In March 2008, the FASB issued SFAS No. 161, Disclosures about Derivative Instruments and Hedging Activities—an amendment of SFAS No. 133, which we refer to as SFAS 161. SFAS 161, which amends SFAS No. 133, Accounting for Derivative Instruments and Hedging Activities, requires companies with derivative instruments to disclose information about how and why a company uses derivative instruments, how derivative instruments and related hedged items are accounted for under SFAS No. 133, and how derivative instruments and related hedged items affect

a company's financial position, financial performance, and cash flows. The required disclosures include the fair value of derivative instruments and their gains or losses in tabular format, information about credit-risk related contingent features in derivative agreements, counterparty, credit risk, and the company's strategies and objectives for using derivative instruments. SFAS 161 is effective prospectively for periods beginning on or after November 15, 2008. The adoption of this statement is not expected to have an impact on our financial position, results of operations or cash flows.

In June 2008, the FASB issued FSP EITF 03-6-1, Determining Whether Instruments Granted in Share-Based Payment Transactions Are Participating Securities ("FSP 03-6-1"). FSP 03-6-1 requires unvested share based payment awards that

contain nonforfeitable rights to dividends or dividend equivalents to be treated as participating securities as defined in EITF Issue No. 03-6, Participating Securities and the Two-Class Method under FASB Statement No. 128, and, therefore, included in the earnings allocation in computing earnings per share under the two-class method described in FASB Statement No. 128, Earnings per Share. FSP 03-06-1 is effective for financial statements issued for fiscal years beginning after December 15, 2008, and interim periods within those years. Management is currently determining the impact the adoption of FSP 03-6-1 will have on our financial statements.

In May 2008, the FASB issued FSP APB 14-1, Accounting for Convertible Debt Instruments That May Be Settled in Cash Upon Conversion (Including Partial Cash Settlement) ("FSP 14-1"). FSP 14-1 requires issuers of convertible debt that may be settled wholly or partly in cash to account for the debt and equity components separately. FSP 14-1 is effective for financial statements issued for fiscal years beginning after December 15, 2008 and interim periods. Management is currently determining the impact the adoption of FSP 14-1 will have on our financial statements.

### Liquidity and Capital Resources

General. Since becoming a public company, our principal sources of liquidity are revenues generated from real estate investments, interest on cash balances, amounts available under our unsecured credit facility, the MLP's secured term loans, equity commitments from co-investment partners, undistributed cash flows and amounts that may be raised through the sale of equity and debt securities in private or public offerings. We expect to continue to have access to and use these sources in the future; however, there are factors that may have a material adverse effect on our access to capital sources. Our ability to incur additional debt to fund acquisitions is dependent upon our existing leverage, the value of the assets we are attempting to leverage and general economic and credit market conditions, which may be outside of management's control or influence.

As of June 30, 2008, we held interests in approximately 255 consolidated properties, which were located in 42 states and the Netherlands. Our real estate assets are primarily subject to triple net leases, which are generally characterized as leases in which the tenant pays all or substantially all of the cost and cost increases for real estate taxes, capital expenditures, insurance, utilities and ordinary maintenance of the property.

During the six months ended June 30, 2008, we did not purchase any properties and sold eight properties to third parties for aggregate sales proceeds of \$167.5 million, which resulted in a gain of \$4.6 million. During the six months ended June 30, 2007, in addition to the acquisition of the co-investment programs, we purchased seven properties from third parties for a capitalized cost of \$117.8 million and sold 10 properties to third parties for aggregate sales proceeds of \$108.5 million, which resulted in a gain of \$12.8 million.

For the six months ended June 30, 2008 and 2007, the leases on our consolidated properties generated \$215.1 million and \$164.7 million, respectively, in rental revenue. In June 2008, we completed an offering of 3.45 million common shares, raising net proceeds of \$47.2 million. In February 2007, we completed an offering of 6.2 million Series D Preferred Shares, having a liquidation amount of \$25 per share and an annual dividend rate of 7.55%, raising net proceeds of \$149.8 million.

Dividends. In connection with our intention to continue to qualify as a REIT for federal income tax purposes, we expect to continue paying regular dividends to our shareholders. These dividends are expected to be paid from operating cash flows and/or from other sources. Since cash used to pay dividends reduces amounts available for capital investments, we generally intend to maintain a conservative dividend payout ratio, reserving such amounts as we consider necessary for the maintenance or expansion of properties in our portfolio, debt reduction, the acquisition of interests in new properties as suitable opportunities arise, and such other factors as our Board of Trustees considers appropriate.

Dividends paid to our common and preferred shareholders increased to \$185.1 million in the six months ended June 30, 2008, compared to \$75.4 million in the six months ended June 30, 2007. The increase is primarily attributable to the \$2.10 per share/unit special dividend paid in January 2008.

Although we receive the majority of our base rental payments on a monthly basis, we intend to continue paying dividends quarterly. Amounts accumulated in advance of each quarterly distribution are invested by us in short-term money market or other suitable instruments.

Cash Flows. We believe that cash flows from operations will continue to provide adequate capital to fund our operating and administrative expenses, regular debt service obligations and all dividend payments in accordance with REIT

requirements in both the short-term and long-term. In addition, we anticipate that cash on hand, borrowings under our credit facility, issuance of equity and debt and co-investment programs as well as other alternatives, will provide the necessary capital required by us. Cash flows from operations as reported in the Consolidated Statements of Cash Flows decreased to \$133.6 million for 2008 from \$152.6 million for 2007. The underlying drivers that impact working capital and therefore cash flows from operations are the timing of collection of rents, including reimbursements from tenants, the collection of advisory fees, payment of interest on mortgage debt and payment of operating and general and administrative costs. We believe the net lease structure of the majority of our tenants' leases enhances cash flows from operations since the payment and timing of operating costs related to the properties are generally borne directly by the tenant. Collection and timing of tenant rents is closely monitored by management as part of our cash management program.

Net cash provided by (used in) investing activities totaled \$218.7 million in 2008 and \$(409.7) million in 2007. Cash used in investing activities related primarily to investments in real estate properties, joint ventures, an increase in leasing costs and an increase in restricted cash. Cash provided by investing activities related primarily to proceeds from the sale of marketable securities, distributions from non-consolidated entities in excess of accumulated earnings and proceeds from the sale of properties. Therefore, the fluctuation in investing activities relates primarily to the timing of investments and dispositions.

Net cash (used in) provided by financing activities totaled \$(606.5) million in 2008 and \$215.6 million in 2007. Cash provided by (used in) financing activities during each year was primarily attributable to proceeds from equity and debt offerings offset by dividend and distribution payments, repurchases of debt instruments, repurchases of common and preferred shares and debt amortization payments.

**UPREIT Structure.** Our UPREIT structure permits us to effect acquisitions by issuing to a property owner, as a form of consideration in exchange for the property, OP Units in our operating partnerships. Substantially all outstanding OP Units are redeemable by the holder at certain times for common shares on a one-for-one basis or, at our election, with respect to certain OP Units, cash. Substantially all outstanding OP Units require us to pay quarterly distributions to the holders of such OP Units equal to the dividends paid to our common shareholders and the remaining OP Units have stated distributions in accordance with their respective partnership agreement. To the extent that our dividend per share is less than a stated distribution per unit per the applicable partnership agreement, the stated distributions per unit are reduced by the percentage reduction in our dividend. No OP Units have a liquidation preference. We account for outstanding OP Units in a manner similar to a minority interest holder. The number of common shares that will be outstanding in the future should be expected to increase, and minority interest expense should be expected to decrease, as such OP Units are redeemed for our common shares. As of June 30, 2008, there were 39.5 million OP Units outstanding. As of June 30, 2008, the Company's common shares had a closing price of \$13.63 per share. Assuming all outstanding OP Units not held by us were redeemed on such date, the estimated fair value of the OP Units was \$538.3 million.

## Financing

**Revolving Credit Facility.** Our \$200.0 million revolving credit facility with Wachovia Bank N.A. and a consortium of other banks, (1) expires June 2009 and (2) bears interest at 120-170 basis points over LIBOR depending on our leverage (as defined) in the credit facility. Our credit facility contains customary financial covenants including restrictions on the level of indebtedness, amount of variable debt to be borrowed and net worth maintenance provisions. As of June 30, 2008, we were in compliance with all covenants, no borrowings were outstanding, \$198.5 million was available to be borrowed, and \$1.5 million in letters of credit were outstanding under the credit facility.

Edgar Filing: LEXINGTON REALTY TRUST - Form 10-Q

During the six months ended June 30, 2008, the MLP obtained \$25.0 million and \$45.0 million secured term loans from KeyBank N.A. The loans are interest only at LIBOR plus 60 basis points and mature in 2013. The net proceeds of the loans (\$68.0 million) were used to partially repay indebtedness on three cross-collateralized mortgages. After such repayment, the amount owed on the three mortgages was \$103.5 million, the three loans were combined into one loan, which is interest only instead of having a portion as self-amortizing and matures in September 2014.

Pursuant to the new loan agreements, the MLP simultaneously entered into an interest-rate swap agreement with KeyBank N.A to swap the LIBOR rate on the loans for a fixed rate of 4.9196% through March 18, 2013, and the Company assumed a liability for the fair value of the swap at inception of approximately \$5.7 million (\$2.5 million at June 30, 2008).

The MLP has a secured loan with Key Bank, N.A., which bears interest at LIBOR plus 60 basis points. As of June 30, 2008, \$202.4 million was outstanding under the secured loan. The secured loan is scheduled to mature in June 2009. The secured loan requires monthly payments of interest only. The MLP is also required to make principal payments from the

proceeds of certain property sales and certain refinancings if such proceeds are not reinvested into net leased properties. The required principal payments are based on a minimum release price set forth in the secured loan agreement. The secured loan has customary covenants, which the MLP was in compliance with at June 30, 2008.

During the six months ended June 30, 2007, the MLP issued \$450.0 million in 5.45% Exchangeable Guaranteed Notes due in 2027, which can be put by the holder to us every five years commencing 2012 and upon certain events. The net proceeds of the issuance were used to repay indebtedness. During the six months ended June 30, 2008, the MLP repurchased \$125.0 million of these notes for \$109.7 million, which resulted in a gain of \$13.0 million, including the write-off of \$2.3 million in deferred financing costs.

During the six months ended June 30, 2007, we issued \$200.0 million in Trust Preferred Securities. These Trust Preferred Securities, which are classified as debt, (1) are due in 2037, (2) are redeemable by us commencing April 2012 and (3) bear interest at a fixed rate of 6.804% through April 2017 and thereafter at a variable rate of three month LIBOR plus 170 basis points through maturity. During the six months ended June 30, 2008, we repurchased \$70.9 million of these Trust Preferred Securities for \$44.6 million, which resulted in a gain of \$24.7 million, including the write-off of \$1.6 million in deferred financing costs.

#### Other

**Lease Obligations.** Since our tenants generally bear all or substantially all of the cost of property operations, maintenance and repairs, we do not anticipate significant needs for cash for these costs; however, for certain properties, we have a level of property operating expense responsibility. We generally fund property expansions with additional secured borrowings, the repayment of which is funded out of rental increases under the leases covering the expanded properties. To the extent there is a vacancy in a property, we would be obligated for all operating expenses, including real estate taxes and insurance. In addition certain leases require us to fund tenant expansions.

Our tenants generally pay the rental obligations on ground leases either directly to the fee holder or to us as increased rent.

**Capital Expenditures.** As leases expire, we expect to incur costs in extending the existing tenant leases or re-tenanting the properties. The amounts of these expenditures can vary significantly depending on tenant negotiations, market conditions and rental rates. These expenditures are expected to be funded from operating cash flows or borrowings on our credit facility.

#### Results of Operations

Three months ended June 30, 2008 compared with June 30, 2007. Changes in our results of operations are primarily due to the acquisition of the outstanding interests in our four co-investment programs during the second quarter of 2007. Of the increase in total gross revenues in 2008 of \$20.5 million, \$27.8 million is attributable to rental revenue and \$3.6 million is attributable to tenant reimbursements which are together offset by a decrease of \$10.9 million in advisory and incentive fees. In addition to the acquisition of our four co-investment programs in 2007, the increase in rental revenue is primarily attributable to the receipt of payments of \$28.7 million from two tenant lease terminations offset by the accelerated amortization of above and below market leases of \$4.1 million in 2008. The reduction in advisory and incentive fees relate to incentive fees earned in 2007 in connection with the termination of two co-investment programs.

The increase in interest and amortization expense of \$3.3 million is due to the increase in long-term debt due to the growth of our portfolio via the acquisition of the outstanding interests in four of our co-investment programs during

2007.

The increase in property operating expense of \$6.5 million is primarily due to an increase in properties for which we have operating expense responsibility and an increase in vacancy.

The increase in depreciation and amortization of \$31.2 million is due primarily to the growth in real estate and intangibles through the acquisition of properties from our co-investment programs and the acceleration of amortization of certain intangible assets relating to lease terminations. Intangible assets are amortized over a shorter period of time (generally the lease term) than real estate assets.

26

---

The decrease in general and administrative expenses of \$5.0 million is due primarily to entering into a \$4.5 million separation agreement in 2007 with a former officer.

The increase in non-operating income of \$16.3 million is primarily attributable to land received in connection with a lease termination.

Debt satisfaction gains, net increased \$27.0 million due to the debt being satisfied at a net gain in 2008.

The increase in gains on sale — affiliates of \$8.6 million relates to the sale of properties to NLS.

Provision for income taxes decreased \$0.9 million due to a lower level of earnings at our TRS entities and the merger of one TRS into us during 2007.

Minority interests share of (income) loss fluctuated to a share of losses of \$11.0 million in 2008 from a share of income of \$16.7 million in 2007. The primary reason for the fluctuation is the impairment losses incurred by Concord, an equity method investee of the MLP.

Equity in earnings (losses) of non-consolidated entities was a loss of \$27.2 million in 2008 compare with earnings of \$38.4 million in 2007. The primary reason for the fluctuation between periods is that in 2007 we recognized our proportionate share of the gain on sale of properties in our co-investment programs, while in 2008 Concord recognized an impairment charge of \$52.6 million, of which our share was \$26.3 million.

Net income decreased by \$13.2 million primarily due to the net impact of the items discussed above together with a decrease of \$12.7 million in income from discontinued operations.

Discontinued operations represent properties sold or held for sale. The total discontinued operations decreased \$12.7 million due to a decrease in income from discontinued operations of \$10.3 million, a decrease in gains on sale of properties of \$8.9 million and an increase in debt satisfaction charges of \$0.2 million offset by a decrease in minority interests' share of income of \$4.1 million and provisions for income taxes of \$2.6 million.

Net income allocable to common shareholders in 2008 was \$14.8 million compared to \$21.9 million in 2007. The decrease of \$7.1 million is due to the items discussed above offset by a decrease in preferred dividends of \$6.1 million resulting from the repurchase of our Series C Preferred which resulted in a redemption discount of \$5.7 million and \$0.4 million less dividends paid. Since the Series C Preferred were redeemed by us at a discount to the original historical cost basis, the discount is treated as an accretion to net income allocable to common shareholders. The increase in net income in future periods will be closely tied to the level of acquisitions made by us. Without acquisitions, the sources of growth in net income are limited to index adjusted rents (such as the consumer price index) and reduced interest expense on amortizing mortgages and by controlling other variable overhead costs. However, there are many factors beyond management's control that could offset these items including, without limitation, increased interest rates and tenant monetary defaults and the other risks described in our periodic reports filed with the SEC.

Six months ended June 30, 2008 compared with June 30, 2007. Changes in our results of operations are primarily due to the acquisition of the outstanding interests in our four co-investment programs during the second quarter of 2007. Of the increase in total gross revenues in 2008 of \$47.3 million, \$50.4 million is attributable to rental revenue and \$8.2 million in tenant reimbursements which are together offset by a decrease of \$11.3 million in advisory and incentive fees. In addition to the acquisition of our co-investment programs in 2007, the increase in rental revenue is primarily attributable to the receipt of payments of \$28.7 million from two tenant lease terminations offset by the accelerated amortization of above and below market leases of \$4.1 million in 2008. The reduction in advisory and

incentive fees relate to incentive fees earned in 2007 in connection with the termination of two co-investment programs.

The increase in interest and amortization expense of \$16.5 million is due to the increase in long-term debt due to the growth of our portfolio via the acquisition of the outstanding interests in four of our co-investment programs during 2007.

The increase in property operating expense of \$14.8 million is primarily due to an increase in properties for which we have operating expense responsibility and an increase in vacancy.

The increase in depreciation and amortization of \$39.4 million is due primarily to the growth in real estate and intangibles through the acquisition of properties from our co-investment programs and the acceleration of amortization of certain intangible assets relating to lease terminations. Intangible assets are amortized over a shorter period of time (generally the lease term) than real estate assets.

The decrease in general and administrative expenses of \$2.8 million is due primarily to a reduction in the costs of severance agreements with our former officers.

The increase in non-operating income of \$15.9 million is primarily attributable to land received in connection with a lease termination.

Debt satisfaction gains, net increased \$36.7 million due to the debt being satisfied at a net gain in 2008.

The increase in gains on sale — affiliates of \$31.8 million relates to the sale of properties to NLS.

Minority interests share of (income) loss fluctuated to a share of losses of \$2.6 million in 2008 from a share of income of \$6.7 million in 2007. The primary reason for the fluctuation is the impairment losses incurred by Concord, an equity method investee of the MLP.

Equity in earnings (losses) of non-consolidated entities was a loss of \$21.6 million in 2008 compared with earnings of \$41.9 million in 2007. The primary reason for the fluctuation between periods is that in 2007 we recognized our proportionate share of the gain on sale of properties in our co-investment programs, while in 2008 Concord recognized an impairment charge of \$58.0 million, of which our share was \$29.0 million.

Net income decreased by \$7.6 million primarily due to the net impact of the items discussed above offset by a decrease of \$17.3 million in income from discontinued operations.

Discontinued operations represent properties sold or held for sale. The total discontinued operations decreased \$17.3 million due to a decrease in income from discontinued operations of \$16.0 million, an increase in impairment charges of \$2.7 million, an increase in debt satisfaction charges of \$0.2 million and a decrease in gains on sale of \$8.2 million, offset by a reduction in minority interests' share of income of \$7.2 million and provision for income taxes of \$2.6 million.

Net income allocable to common shareholders in 2008 was \$15.6 million compared to \$18.5 million in 2007. The change is due to the items discussed above offset by a net decrease in preferred dividends of \$4.7 million resulting from the issuance of the Series D Preferred in 2007, which resulted in an increase in dividends of \$1.4 million and the repurchase of Series C Preferred in 2008 which resulted in a redemption discount of \$5.7 million and a decrease in dividends of \$0.4 million. Since the Series C Preferred were redeemed by us at a discount to the original historical cost basis, the discount is treated as an accretion to net income allocable to common shareholders.

#### Environmental Matters

Based upon management's ongoing review of our properties, management is not aware of any environmental condition with respect to any of our properties, which would be reasonably likely to have a material adverse effect on us. There can be no assurance, however, that (1) the discovery of environmental conditions, which were previously unknown; (2) changes in law; (3) the conduct of tenants; or (4) activities relating to properties in the vicinity of our properties, will not expose us to material liability in the future. Changes in laws increasing the potential liability for environmental conditions existing on properties or increasing the restrictions on discharges or other conditions may

result in significant unanticipated expenditures or may otherwise adversely affect the operations of our tenants, which would adversely affect our financial condition and results of operations.

#### Off-Balance Sheet Arrangements

**Non-Consolidated Real Estate Entities.** As of June 30, 2008, we had investments in various real estate entities with varying structures. The real estate investments owned by the entities are financed with non-recourse debt.

Non-recourse debt

is generally defined as debt whereby the lenders' sole recourse with respect to borrower defaults is limited to the value of the asset collateralized by the debt. The lender generally does not have recourse against any other assets owned by the borrower or any of the members of the borrower, except for certain specified exceptions listed in the particular loan documents. These exceptions generally relate to limited circumstances including breaches of material representations.

In addition, we had \$1.5 million in outstanding letters of credit.

ITEM 3. QUANTITATIVE AND QUALITATIVE  
DISCLOSURES ABOUT MARKET RISK

Our exposure to market risk relates primarily to our variable rate and fixed rate debt. As of June 30, 2008 and 2007, our consolidated variable rate indebtedness was approximately \$200 million and \$300 million, respectively, which represented 8.0% and 8.3% of total long-term indebtedness, respectively. During the three months ended June 30, 2008 and 2007, our variable rate indebtedness had a weighted average interest rate of 3.3% and 7.4%, respectively. Had the weighted average interest rate been 100 basis points higher, our interest expense for the three months ended June 30, 2008 and 2007 would have been increased by approximately \$0.5 million and \$0.2 million, respectively. During the six months ended June 30, 2008 and 2007, our variable rate indebtedness had a weighted average interest rate of 4.0% and 7.4%, respectively. Had the weighted average interest rate been 100 basis points higher, our interest expense for the six months ended June 30, 2008 and 2007 would have been increased by approximately \$1.0 million and \$0.3 million, respectively. As of June 30, 2008 and 2007, our consolidated fixed rate debt was approximately \$2.3 billion and \$3.0 billion respectively, which represented 92.0% and 91.7%, respectively, of total long-term indebtedness.

For certain of our financial instruments, fair values are not readily available since there are no active trading markets as characterized by current exchanges between willing parties. Accordingly, we derive or estimate fair values using various valuation techniques, such as computing the present value of estimated future cash flows using discount rates commensurate with the risks involved. However, the determination of estimated cash flows may be subjective and imprecise. Changes in assumptions or estimation methodologies can have a material effect on these estimated fair values. The following fair values were determined using the interest rates that we believe our outstanding fixed rate debt would warrant as of June 30, 2008 and are indicative of the interest rate environment as of June 30, 2008, and do not take into consideration the effects of subsequent interest rate fluctuations. Accordingly, we estimate that the fair value of our fixed rate debt is \$2.2 billion as of June 30, 2008.

Our interest rate risk objectives are to limit the impact of interest rate fluctuations on earnings and cash flows and to lower our overall borrowing costs. To achieve these objectives, we manage our exposure to fluctuations in market interest rates through the use of fixed rate debt instruments to the extent that reasonably favorable rates are obtainable with such arrangements. We may enter into derivative financial instruments such as interest rate swaps or caps to mitigate our interest rate risk on a related financial instrument or to effectively lock the interest rate on a portion of our variable rate debt. Currently, we have one interest rate cap agreement and one interest rate swap agreement.

#### ITEM 4. CONTROLS AND PROCEDURES

**Evaluation of Disclosure Controls and Procedures.** Our management, with the participation of our Chief Executive Officer and Chief Financial Officer, has evaluated the effectiveness of our disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the “Exchange Act”)) as of the end of the period covered by this report. Based on such evaluation, our Chief Executive Officer and Chief Financial Officer have concluded that, as of the end of such period, our disclosure controls and procedures are effective.

**Internal Control Over Financial Reporting.** There have been no significant changes in our internal control over financial reporting (as such term is defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the fiscal quarter to which this report relates that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

**Limitations on the Effectiveness of Controls.** Internal control over financial reporting cannot provide absolute assurance of achieving financial reporting objectives because of its inherent limitations. Internal control over financial reporting is a process that involves human diligence and compliance and is subject to lapses in judgment and breakdowns resulting from human failures. Internal control over financial reporting also can be circumvented by collusion or improper management override. Because of such limitations, there is a risk that material misstatements may not be prevented or detected on a timely basis by internal control over financial reporting. However, these inherent limitations are known features of the financial reporting process. Therefore, it is possible to design into the process safeguards to reduce, though not eliminate, this risk.

#### PART II - OTHER INFORMATION

##### ITEM 1. Legal Proceedings.

There have been no material legal proceedings beyond those previously disclosed in our Annual Report on Form 10-K filed on February 29, 2008.

##### ITEM 1A. Risk Factors.

There have been no material changes in our risk factors from those disclosed in our Current Report on Form 8-K filed on June 25, 2008.

##### ITEM 2. Unregistered Sales of Equity Securities and Use of Proceeds.

###### Share Repurchase Program

The following table summarizes repurchases of our common shares/operating partnership units during the three months ended June 30, 2008 under our 5.9 million common share/operating partnership unit repurchase authorization approved by our Board of Trustees on December 17, 2007.

Period	Issuer Purchases of Equity Securities			
	(a) Total number of Shares/ Units Purchased	(b) Average Price Paid Per Share/ Units	(c) Total Number of Shares/Units Purchased as Part of Publicly Announced Plans Programs	(d) Maximum Number of Shares That May Yet Be Purchased Under the Plans or Programs
April 1 - 30, 2008	1,737	\$ 15.01	1,737	4,615,631
May 1 - 31, 2008	-	\$ -	-	4,615,631
June 1 - 30 2008	-	\$ -	-	4,615,631
Second quarter 2008	1,737	\$ 15.01	1,737	4,615,631

ITEM 3. Defaults Upon Senior Securities - not applicable.

ITEM 4. Submission of Matters to a Vote of Security Holders

At our Annual Meeting of Shareholders held on May 20, 2008, the following actions were taken:

The shareholders elected 10 individuals nominated to serve as our trustees until the 2009 Annual Meeting or their earlier resignation or removal, as set forth in Proposal No. 1 in our Notice of Annual Meeting of Shareholders and Proxy Statement for the Annual Meeting. The 10 individuals elected, and the number of votes cast for, or withheld with respect to each of them follows:

Nominee for Trustee	For	Withhold
E. Robert Roskind	87,903,371	3,090,679
Richard J. Rouse	87,897,435	3,096,615
T. Wilson Eglin	88,624,998	2,369,052
Clifford Broser	86,440,202	4,553,848
Geoffrey Dohrmann	88,787,171	2,206,879
Harold First	88,775,154	2,218,896
	88,792,356	2,201,694

G r o s f e l d  
K e v i n W . 88,778,376 2,215,674  
L y n c h

The shareholders ratified the appointment of KPMG LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2008, as set forth in Proposal No. 2 in our Notice of Annual Meeting of Shareholders and Proxy Statement for the Annual Meeting. The number of votes cast for, against, or abstained, with respect to Proposal No. 2 follows:

For	Against	Abstain
88,924,824	349,370	1,719,856

ITEM 5. Other Information - not applicable.

ITEM 6. Exhibits

Edgar Filing: LEXINGTON REALTY TRUST - Form 10-Q

Exhibit No.	Description
3.1	—Articles of Merger and Amended and Restated Declaration of Trust of the Company, dated December 31, 2006 (filed as Exhibit 3.1 to the Company’s Current Report on Form 8-K filed January 8, 2007 (the “01/08/07 8-K”))(1)
3.2	—Articles Supplementary Relating to the 7.55% Series D Cumulative Redeemable Preferred Stock, par value \$.0001 per share (filed as Exhibit 3.3 to the Company’s Registration Statement on Form 8A filed February 14, 2007 (the “02/14/07 Registration Statement”))(1)
3.3	—Amended and Restated By-laws of the Company (filed as Exhibit 3.2 to the 01/08/07 8-K)(1)
3.4	—Fifth Amended and Restated Agreement of Limited Partnership of Lepercq Corporate Income Fund L.P. (“LCIF”), dated as of December 31, 1996, as supplemented (the “LCIF Partnership Agreement”) (filed as Exhibit 3.3 to the Company’s Registration Statement of Form S-3/A filed September 10, 1999 (the “09/10/99 Registration Statement”))(1)
3.5	—Amendment No. 1 to the LCIF Partnership Agreement dated as of December 31, 2000 (filed as Exhibit 3.11 to the Company’s Annual Report on Form 10-K for the year ended December 31, 2003, filed February 26, 2004 (the “2003 10-K”))(1)
3.6	—First Amendment to the LCIF Partnership Agreement effective as of June 19, 2003 (filed as Exhibit 3.12 to the 2003 10-K)(1)
3.7	—Second Amendment to the LCIF Partnership Agreement effective as of June 30, 2003 (filed as Exhibit 3.13 to the 2003 10-K)(1)
3.8	—Third Amendment to the LCIF Partnership Agreement effective as of December 31, 2003 (filed as Exhibit 3.13 to the Company’s Annual Report on Form 10-K for the year ended December 31, 2004, filed on March 16, 2005 (the “2004 10-K”))(1)
3.9	—Fourth Amendment to the LCIF Partnership Agreement effective as of October 28, 2004 (filed as Exhibit 10.1 to the Company’s Current Report on Form 8-K filed November 4, 2004)(1)
3.10	—Fifth Amendment to the LCIF Partnership Agreement effective as of December 8, 2004 (filed as Exhibit 10.1 to the Company’s Current Report on Form 8-K filed December 14, 2004 (the “12/14/04 8-K”))(1)
3.11	—Sixth Amendment to the LCIF Partnership Agreement effective as of June 30, 2003 (filed as Exhibit 10.1 to the Company’s Current Report on Form 8-K filed January 3, 2005 (the “01/03/05 8-K”))(1)
3.12	—Seventh Amendment to the LCIF Partnership Agreement (filed as Exhibit 10.1 to the Company’s Current Report on Form 8-K filed November 3, 2005)(1)
3.13	—Second Amended and Restated Agreement of Limited Partnership of Lepercq Corporate Income Fund II L.P. (“LCIF II”), dated as of August 27, 1998 the (“LCIF II Partnership Agreement”) (filed as Exhibit 3.4 to the 9/10/99 Registration Statement)(1)
3.14	—First Amendment to the LCIF II Partnership Agreement effective as of June 19, 2003 (filed as Exhibit 3.14 to the 2003 10-K)(1)
3.15	—Second Amendment to the LCIF II Partnership Agreement effective as of June 30, 2003 (filed as Exhibit 3.15 to the 2003 10-K)(1)
3.16	—Third Amendment to the LCIF II Partnership Agreement effective as of December 8, 2004 (filed as Exhibit 10.2 to 12/14/04 8-K)(1)
3.17	—Fourth Amendment to the LCIF II Partnership Agreement effective as of January 3, 2005 (filed as Exhibit 10.2 to 01/03/05 8-K)(1)
3.18	—

Edgar Filing: LEXINGTON REALTY TRUST - Form 10-Q

- Fifth Amendment to the LCIF II Partnership Agreement effective as of July 23, 2006 (filed as Exhibit 99.5 to the Company's Current Report on Form 8-K filed July 24, 2006 (the "07/24/06 8-K"))(1)
- 3.19 —Sixth Amendment to the LCIF II Partnership Agreement effective as of December 20, 2006 (filed as Exhibit 10.1 to the Company's Current Report on Form 8-K filed December 22, 2006)(1)
- 3.20 —Amended and Restated Agreement of Limited Partnership of Net 3 Acquisition L.P. (the "Net 3 Partnership Agreement") (filed as Exhibit 3.16 to the Company's Registration Statement of Form S-3 filed November 16, 2006)(1)
- 3.21 —First Amendment to the Net 3 Partnership Agreement effective as of November 29, 2001 (filed as Exhibit 3.17 to the 2003 10-K)(1)
- 3.22 —Second Amendment to the Net 3 Partnership Agreement effective as of June 19, 2003 (filed as Exhibit 3.18 to the 2003 10-K)(1)
- 3.23 —Third Amendment to the Net 3 Partnership Agreement effective as of June 30, 2003 (filed as Exhibit 3.19 to the 2003 10-K)(1)
- 3.24 —Fourth Amendment to the Net 3 Partnership Agreement effective as of December 8, 2004 (filed as Exhibit 10.3 to 12/14/04 8-K)(1)

Edgar Filing: LEXINGTON REALTY TRUST - Form 10-Q

- 3.25 —Fifth Amendment to the Net 3 Partnership Agreement effective as of January 3, 2005 (filed as Exhibit 10.3 to 01/03/05 8-K)(1)
- 3.26 —Second Amended and Restated Agreement of Limited Partnership of The Lexington Master Limited Partnership (formerly known as The Newkirk Master Limited Partnership, the “MLP”), dated as of December 31, 2006, between Lex GP-1 Trust and Lex LP-1 Trust (filed as Exhibit 10.4 to the 01/08/07 8-K)(1)
- 4.1 —Specimen of Common Shares Certificate of the Company (filed as Exhibit 4.1 to the Company’s Annual Report on Form 10-K for the year ended December 31, 2006 (the “2006 10-K”))(1)
- 4.2 —Form of 8.05% Series B Cumulative Redeemable Preferred Stock certificate (filed as Exhibit 4.1 to the Company’s Registration Statement on Form 8A filed June 17, 2003)(1)
- 4.3 —Form of 6.50% Series C Cumulative Convertible Preferred Stock certificate (filed as Exhibit 4.1 to the Company’s Registration Statement on Form 8A filed December 8, 2004)(1)
- 4.4 —Form of 7.55% Series D Cumulative Redeemable Preferred Stock certificate (filed as Exhibit 4.1 to the 02/14/07 Registration Statement)(1)
- 4.5 —Form of Special Voting Preferred Stock certificate (filed as Exhibit 4.5 to the 2006 10-K)(1)
- 4.6 —Indenture, dated as of January 29, 2007, among The Lexington Master Limited Partnership, the Company, the other guarantors named therein and U.S. Bank National Association, as trustee (filed as Exhibit 4.1 to the Company’s Current Report on Form 8-K filed January 29, 2007 (the “01/29/07 8-K”))(1)
