Slovakian Ferro-Alloy Company

Rio de Janeiro, June 16, 2003 - Companhia Vale do Rio Doce (CVRD) clarifies that the information published today in the newspaper Valor Econômico, related to the acquisition of part of the capital of OFZ is not accurate. The relationship between CVRD and OFZ is purely commercial.

OFZ is a manganese ferro-alloy producer located in Slovak, to which CVRD is a traditional supplier of manganese ore through long-term contracts.

CVRD would like to reiterate its commitment to transparency, regularly providing full and timely disclosure of information related to its activities and events that could potentially have any influence on its performance and the performance of its securities. Unauthorized information may cause volatility in the prices of these securities, without fundamental basis that justifies such price fluctuations.

This press release may contain statements that express management's expectations about future events or results rather than historical facts. These forward-looking statements involve risks and uncertainties that could cause actual results to differ materially from those projected in forward-looking statements, and CVRD cannot give assurance that such statements will prove correct. These risks and uncertainties include factors: relating to the Brazilian economy and securities markets, which exhibit volatility and can be adversely affected by developments in other countries; relating to the iron ore business and its dependence on the global steel industry, which is cyclical in nature; and relating to the highly competitive industries in which CVRD operates. For additional information on factors that could cause CVRD's actual results to differ from expectations reflected in forward-looking statements, please see CVRD's reports filed with the Brazilian Comissão de Valores Mobiliários and the U.S. Securities and Exchange Commission.
