ITEM 1.01 ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT

On January 25, 2006, the Human Resources Committee (the "Committee") of the Board of Directors of Principal Financial Group, Inc. (the "Company") made decisions for the performance period of January 1, 2006 to December 31, 2006

Edgar Filing: PRINCIPAL FINANCIAL GROUP INC - Form 8-K

with respect to the Principal Financial Group, Inc. Annual Incentive Plan (the "Annual Incentive Plan"). The Committee affirmed the incentive pool for the performance period as defined in the plan and determined that the participants in the plan will include the chief executive officer and each other "covered employee" within the meaning of 162(m)(3) of the Internal Revenue Code. The Committee also determined that the maximum award for the performance period for the chief executive officer will be 40% of the incentive pool, the maximum award for the second highest "covered employee" will be 20% of the incentive pool, and the maximum award for each of the other participants shall be 13.3% of the incentive pool. The Committee intends to administer the Annual Incentive Plan through the use of negative discretion and subject to the achievement of the applicable performance criteria (without regard to any adjustment that may increase the amounts payable), so that the actual annual awards payable to any such officer do not exceed the amount that would have been payable based on the same performance measures, components and weightings as those that would have been applicable to such senior officers under the Company's broad-based annual incentive compensation plan (the "PrinPay Plan"), and such other factors the Committee may determine appropriate.

For 2006, the performance components of the PrinPay Plan approved by the Committee will be (1) corporate and individual in the case of the chief executive officer and the "covered employees" with service unit responsibilities, and (2) corporate, business unit and individual in the case of "covered employees" with business unit responsibilities. The Committee decided that there would be a single metric to measure performance for the corporate portion of the PrinPay Plan. That single metric relates to achievement of a stated level of operating earnings for the Company. "Operating earnings" is a non-GAAP financial measure used as the key financial measure in the Company's industry. It is believed to best illustrate the performance of a company's normal, ongoing operations, which is important in understanding and evaluating financial condition and results of operations on a basis comparable to that used by securities analysts. The Committee has not yet established the final performance targets for the business unit or individual components for 2006 under the PrinPay Plan.

SIGNATURE

Pursuant to the requirements of the Securities and Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned thereunto duly authorized.
