2010 PROXY STATEMENT

QUESTIONS AND ANSWERS

1. Q: What is a proxy?

A: A proxy is a document, also referred to as a proxy card (which is enclosed), by which you authorize someone else to vote for you in the way that you want to vote. Caraco's Board of Directors is soliciting this proxy. You may also abstain from voting.

2. Q: What is a proxy statement?

A: A proxy statement is the document the United States Securities and Exchange Commission (the "SEC") requires to explain the matters on which you are asked to vote on the proxy card. Caraco's proxy statement, together with its enclosed proxy card, was first mailed to shareholders on or about August 13, 2010.

3. Q: Who can vote?

A: Only holders of Caraco's common stock at the close of business on July 26, 2010, the Record Date, can vote at the Annual Meeting. Each shareholder of record has one vote for each share of common stock on each matter presented for a vote at the Meeting.

4. Q: How do I vote if my stock is held in "street name?"

A: If your Caraco common stock is held in a brokerage account or by a bank or other nominee, you are considered the beneficial owner of stock held in "street name." As a beneficial owner, you do not have the right to vote your stock. Only the "record holder" of the stock has such rights. If you wish to vote your stock, you should either (i) obtain a legal proxy from the record holder of the stock appointing you as its legal proxy or (ii) instruct the record holder how you would like the record holder to vote the stock you own.

5. Q: What will I vote on at the Meeting?

A: At the Annual Meeting, shareholders will vote to:

1. Elect two directors for three-year terms expiring in 2013 and upon the election and qualification of their successors.
2. Transact any other business that is properly submitted before the Annual Meeting or any adjournment(s) of the Meeting.

6. Q: Who can attend the Annual Meeting?

A: You are entitled to attend the Annual Meeting only if you were a Caraco shareholder as of the Record Date or you hold a valid proxy for the annual meeting. You should be prepared to present valid government-issued photo identification for admittance. In addition, if you are a shareholder of record, your name will be verified

against the list of shareholders of record on the Record Date prior to your being admitted to the Annual Meeting. If you are not a shareholder of record but hold shares through a broker or nominee (i.e., in street name), you should provide proof of beneficial ownership on the Record Date, such as your most recent account statement, a copy of the voting instruction card provided by your broker, trustee or nominee, or other similar evidence of ownership. If you do not provide valid government-issued photo identification or comply with the other procedures outlined above upon request, you may not be admitted to the Annual Meeting.

The Meeting will begin promptly at 11:00 a.m., local time. Check-in will begin at 10:30 a.m., and you should allow ample time for the check-in procedures.

7. Q: How does the Board of Directors recommend I vote on the proposal[s]?

A: The Board of Directors recommends a vote “FOR” all of the nominees listed in Proposal 1.

8. Q: How can I vote?

A: You can vote in person or by proxy. To vote by proxy, sign, date and return the enclosed proxy card. If you return your signed proxy card to American Stock Transfer before the Annual Meeting, the persons named as proxies on the card will vote your shares as you directed. You may revoke a proxy at any time before the proxy is exercised by:

1. giving written notice of revocation to Donna Griffith, Director, Human Resources, of Caraco, at 1150 Elijah McCoy Drive, Detroit, Michigan 48202;
2. submitting another proxy that is properly signed and later dated;
3. voting in person at the Meeting (but only if the shares are registered in Caraco’s records in the name of the shareholder and not in the name of a broker, dealer, bank or other third party).

9. Q: What is a quorum?

A: There were 39,090,194 shares of Caraco’s common stock outstanding on the Record Date. A majority of the outstanding shares, or 19,545,098 shares, present or represented by proxy, constitutes a quorum. For purposes of a quorum, abstentions and broker non-votes are included. A broker non-vote is a proxy a broker submits that does not indicate a vote for some or all the proposals because the broker does not have discretionary voting authority and the broker did not receive instructions as to how to vote on those proposals. A broker non-vote may also occur if your broker fails to vote your shares for any reason. A quorum must exist to conduct business at the Annual Meeting.

10. Q: How does voting work?

A: If a quorum exists, each director must receive the favorable vote of a majority of the shares voted, present in person or represented by proxy, but excluding broker non-votes and abstentions.

Caraco will vote properly executed Proxies it receives prior to or at the Meeting in the way you direct. If you sign the proxy card but do not specify instructions, the shares represented by Proxies will be voted “FOR” the nominees for directors. No other matters are currently scheduled to be presented at the Meeting. If any matter or matters are properly brought before the Meeting or any adjournment thereof, it is the intention of the persons named in the accompanying proxy card to vote the shares represented by the proxy card as they determine.

This is the first year that brokers, banks and other nominees are not permitted to vote on the election of directors without specific instructions from the beneficial owner. Therefore, if your shares are held through brokers, banks or other nominees, they will not be voted in the election of directors unless you provide specific instructions to your broker, bank or other nominee.

11. Q: Who pays for the costs of the Meeting?

A: Caraco pays the cost of preparing and printing the proxy statement and soliciting proxies. Caraco will solicit proxies primarily by mail, but may also solicit proxies personally and by telephone. Caraco will reimburse banks, brokerage houses and other custodians, nominees and fiduciaries for their out-of-pocket expenses for forwarding solicitation material to beneficial owners of Caraco's common stock.

12. Q: When are shareholder proposals for the 2011 Annual Meeting due?

A: All shareholder proposals to be considered for inclusion in next year's proxy statement must be submitted in writing to the Secretary or Assistant Secretary of Caraco Pharmaceutical Laboratories, Ltd., 1150 Elijah McCoy Drive, Detroit, Michigan 48202, before April 15, 2011.

13. Q: How may a shareholder communicate with the Board of Directors?

A: Shareholders may communicate with the Board of Directors or any member of the Board of Directors by sending a letter addressed to the Board of Directors, c/o Donna Griffith, Director, Human Resources, at 1150 Elijah McCoy Drive, Detroit, Michigan 48202. The Board of Directors' policy is to have all shareholder communications compiled by the Director, Human Resources and forwarded directly to the Board or the director as indicated in the letter. All letters will be forwarded to the appropriate party. The Board of Directors reserves the right to revise this policy in the event that this process is abused, becomes unworkable or otherwise does not efficiently serve the purpose of the policy.

PROPOSAL 1 – ELECTION OF DIRECTORS

Election of Board of Directors

Caraco’s Board of Directors is divided into three classes with each class of directors elected to a three-year term of office. At each annual meeting, Caraco shareholders elect one class of directors for a three-year term to succeed the class of directors whose term of office expires at that meeting. This year you are voting on two director candidates. Based on the recommendation of the Board of Directors, the following individuals, each of whom is a current director, are recommended for re-election: Timothy Manney and Sudhir V. Valia. Mr. Valia has been a director since 1997. Mr. Manney has been a director since 2004. Each of the nominees has consented to his nomination and has agreed to serve as a director of Caraco if elected.

If any director is unable or decides not to stand for re-election, Caraco may vote the shares to elect any substitute nominee recommended by the Board of Directors. If the Board of Directors does not recommend any substitute nominee, the number of directors to be elected at the Annual Meeting may be reduced by the number of nominees who are unable or decide not to serve.

The following table provides information as of the date of this proxy statement about each nominee. The information presented includes information that each director has given us about his age, all positions he holds and his principal occupation and business experience for the past five years. In addition, the presented information includes disclosure of each nominee’s specific experience, qualifications, attributes and skills that led our Board to the conclusion that he should serve as a director. The Board of Directors believes that all members of the Board have the highest professional and personal ethics and values.

Caraco’s Board of Directors recommends a vote “FOR” these nominees.

BOARD OF DIRECTORS AND ITS COMMITTEES

Board of Directors

During Fiscal 2010, the Board of Directors met 14 times. All of the then directors attended at least 75% of the meetings of the Board and the committees on which they served during Fiscal 2010, except for Messrs. Desai and Valia. The Board of Directors encourages Board members to attend each Annual Meeting of Shareholders. At the 2009 Annual Meeting of Shareholders four of the seven current Caraco directors, who were directors at the time of the 2009 Annual Meeting, were in attendance. In addition to meetings, the Board and the committees take corporate action through unanimous written consents.

The Board of Directors is fixed at seven members. The Board has determined that Messrs., Manney and Bell are “independent” directors within the meaning of Section 803A of the NYSE Amex Company Guide (“NYSE Amex Company Guide”). Unless a company is a “controlled company” under the NYSE Amex Company Guide, a majority of its Board of Directors must be independent. As a result of Sun Pharma owning a majority of the outstanding voting shares, Caraco is a controlled company under NYSE Amex Company Guide and is therefore not required (i) to have a majority of independent directors on its Board; (ii) to have the compensation of the Chief Executive Officer and all other officers determined or recommended to the Board either by the Compensation Committee comprised of independent directors or by a majority of the independent directors, and (iii) to have nominations to the Board of Directors either selected, or recommended for the Board’s selection, by either a nominating committee comprised solely of independent directors or by a majority of the independent directors.

Leadership Structure and Risk Oversight Function of the Board of Directors

Under Caraco’s Board leadership structure, Mr. Shanghvi serves as Chairman of the Board and Mr. Doshi serves as Chief Executive Officer. Caraco believes that separating the positions of Chairman and CEO is beneficial to the Company because though neither is “independent” within the meaning of Section 803A of the NYSE Amex Company Guide, Messrs. Shanghvi and Doshi are most familiar with the Company’s business and/or with the pharmaceutical industry, and are most capable of effectively identifying and leading the discussion of strategic priorities. The independent directors can use their collective experience in helping to determine the final strategies and priorities the Company should follow. Under the NYSE Amex Company Guide, the independent directors are required to, at least annually, meet in executive session without the presence of non-independent directors and management. At such meetings, one of the independent directors is elected to chair such meetings.

Our management is primarily responsible for managing the risks we face in the ordinary course of operating our business. The Board actively oversees potential risks and our risk management activities by receiving operational and strategic presentations from management which include discussions of key risks to our business. In addition, the Audit Committee, as set forth in its Charter, is required to discuss with management the Company’s major financial risk exposures and the steps management has taken to monitor and control such exposures, including the Company’s risk assessment and risk management policies. The Audit Committee is also required to report regularly to the full Board on its activities and on any issues that arise with respect to the quality or integrity of the Company’s financial statements, compliance with legal or regulatory requirements, the performance and independence of the independent auditors or the performance of the corporate auditors.

Committees of the Board

During Fiscal 2010, the Board maintained three standing committees: audit, compensation and independent. During Fiscal 2010, the Board also established a special litigation committee. These committees are described below.

Audit Committee. The Audit Committee is responsible for selecting, evaluating, retaining and, where appropriate, replacing Caraco's independent auditors. Generally, the Audit Committee monitors the integrity of Caraco's financial statements and the independence and qualifications of the independent auditors. The Audit Committee is governed by a written charter. The Audit Committee's responsibilities are described in more detail in such charter. A copy of the charter is available on the Company's website at <http://www.caraco.com>. The Audit Committee has been established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). The Audit Committee held four meetings in Fiscal 2010. The current members of the Audit Committee are Messrs. Manney and Bell. Mr. Manney is the committee's Chairman. The Board has determined that each of these members is independent under Section 803A and 803B of the NYSE Amex Company Guide. The Board has also determined each of the committee members is able to read and understand fundamental financial statements, including a company's balance sheet, income statement and cash flow statement. In addition, the Board of Directors has determined that Mr. Manney is an audit committee financial expert. Mr. Madhava Reddy was a member of the audit committee until his resignation from the Board on July 6, 2010. Under the rules of the NYSE Amex, the Audit Committee must be comprised of three independent members, but in the event of a vacancy arising from a resignation, the Company has 180 days from the date of the resignation to regain compliance with such requirement. The Company intends to regain compliance with such requirement within the 180-day period.

Table of Contents

Compensation Committee. The Compensation Committee oversees Caraco's policies and programs for the compensation of its officers. The Committee determines the compensation of our Chief Executive Officer and delegates to him the responsibility to determine the base salaries and bonuses of all officers other than the Chief Executive Officer, under the constraints of an overall limitation on the total amount of compensation to be paid to them. The Compensation Committee is also responsible for the review and approval of compensation programs for officers and employees, including fringe benefits and stock options and/or bonuses, as may be from time to time recommended by management. Grants of options or other equity awards are made by the two "non-employee directors" as defined by 16b-3 who are also "outside directors" for purposes of Section 162(m) of the Internal Revenue Code. The Compensation Committee held no meetings during Fiscal 2010, but did take actions through a unanimous written consent, and met in July 2010. The Compensation Committee currently consists of Messrs. Shanghvi, Manney, and Bell. Mr. Shanghvi serves as the Chairman.

Independent Committee. The Independent Committee was established to negotiate a products agreement between Caraco and Sun Pharma Global, Inc. ("Sun Global"), a wholly-owned subsidiary of Sun Pharma. The primary purpose of the Independent Committee is to review and approve all related party transactions. The Independent Committee held three meetings during Fiscal 2010. The Independent Committee currently consists of Messrs. Manney and Bell. The Board has determined that all of the members are independent under Section 803A of the NYSE Amex listing standards currently in effect. Mr. Bell serves as the Chairman.

Special Litigation Committee. During Fiscal 2010, the Board designated Mr. Bell as a special litigation committee to conduct a reasonable investigation into the allegations made by a shareholder in a demand letter that certain officers and directors breached their fiduciary duties to the Company in connection with the FDA action against the Company (as disclosed in the Company's previous Securities and Exchange Commission ("SEC") filings). The shareholder subsequently repeated such allegations in a shareholder derivative complaint filed in the Circuit Court for the County of Wayne, State of Michigan. Mr. Bell conducted such investigation over a five month period and made a determination that the maintenance of the complaint against the named defendants was not in the best interests of the Company. On March 30, 2010, the Company filed a Motion for Summary Disposition. On July 23, 2010, the Court granted the Company's motion to dismiss the complaint.

Nomination of Directors

The Board of Directors has not established a formal nominating committee as the entire Board serves in this capacity. The Board of Directors has not maintained a formal nominating committee because the Board of Directors feels that it is not necessary since the size of the Board is relatively small. While the Board has not established a formal committee, in the past the Board has asked one or two of its directors to meet with a number of candidates and to make recommendations to the full Board. The Board may utilize a variety of methods for identifying potential nominees, including considering potential candidates who come to its attention through current officers, directors, Caraco's professionals, professional search firms or other persons. Once a potential nominee has been identified, the Board evaluates whether the nominee has the appropriate skills and characteristics to become a director in light of the then make-up of the Board of Directors. This assessment includes an evaluation of the candidate's judgment and skills, such as experience at a policy setting level, financial sophistication, leadership and objectivity. At a minimum, the Board of Directors believes that all members of the Board should have the highest professional and personal ethics and values.

In considering whether to recommend any candidate for inclusion in the Board's slate of recommended nominees, the Board generally considers the following qualifications: relevant management and/or industry experience and high personal and professional ethics, integrity and values. All of our directors have relevant management and/or industry experience which they use to provide valuable advice and direction in connection with their oversight of the Company. Every director has been an executive officer of a company. With respect to the nomination of continuing

directors for re-election, each individual's contributions to the Board are also considered. The Company believes that the backgrounds and qualifications of the directors provide a significant composite mix of experience, knowledge and abilities that permit the Board to fulfill its oversight responsibilities. Nominees are not selected or discriminated against on the basis of gender, national origin, disability, race, religion, sexual orientation or any other basis proscribed by law.

Table of Contents

The Board of Directors considers shareholder nominations for candidates for membership on the Board when properly submitted in accordance with Company's bylaws. The Company's bylaws provide that nominations for the election of directors may be made by any shareholder entitled to vote in the election of directors if timely notice of such shareholder's intent has been given in writing to the secretary or an assistant secretary of the Company. To be timely, a shareholder's notice must be delivered to or mailed and received at the principal executive offices of the Company not less than 120 calendar days before the date the Company's proxy statement is released to shareholders in connection with the previous year's annual meeting. Each such notice shall set forth (a) the name and address of the shareholder who intends to make the nomination and of the person or persons to be nominated; (b) a representation that the shareholder is a shareholder of record of stock of the Company entitled to vote for the election of directors on the date of such notice and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice; (c) a description of all arrangements or understandings between the shareholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the shareholders; (d) such other information regarding each nominee proposed by such shareholder as would be required to be included in a proxy statement filed pursuant to the proxy rules of the SEC, had the nominee been nominated, or intended to be nominated, by the Board of Directors; and (e) the consent of each such nominee to serve as a director of the Company if so elected.

Report of the Audit Committee

The information contained in this report shall not be deemed to be "soliciting material" or "filed" with the SEC or subject to the liabilities of Section 18 of the Securities and Exchange Act of 1934, as amended (the "Exchange Act"), except to the extent that we specifically incorporate it by reference into a document filed under the Securities Act of 1933, as amended (the "Securities Act") or the Exchange Act.

Our management is responsible for the preparation, presentation and integrity of our financial statements, the accounting and financial reporting principles, and the internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. TRANSACTIONS OF DIRECTORS, EXECUTIVE OFFICERS AND CERTAIN BENEFICIAL HOLDERS OF
CARACO

The following discloses transactions during Fiscal 2010, 2009 and 2008, and proposed transactions between Caraco and several of the incumbent and nominee directors, executive officers and security holders who beneficially hold in excess of five percent of our outstanding shares:

On November 21, 2002, we entered into a products agreement with Sun Global. Under the agreement, which was approved by our independent directors, Sun Global agreed to provide us with 25 new generic drugs over a 5-year period. In exchange for each new generic drug transferred to us by Sun Global which passed bioequivalency studies, we issued Sun Global 544,000 shares of Series B preferred stock. During Fiscal 2008, Sun Global earned 1,088,000 shares of Series B preferred stock for two product transfers, as provided under the November 2002 products agreement. Sun Global has provided us with all 25 generic drugs all of which have passed their bioequivalency studies through Fiscal 2008. The products agreement was completed in Fiscal 2008 and all shares of Series B preferred stock were issued to Sun Global under the agreement.

During Fiscal 2010, 2009 and 2008, we purchased approximately \$241.7 million, \$8.4 million and \$498.5 million, respectively, of our raw materials and formulations from Sun Pharma. We intend to continue to purchase raw materials and formulations from Sun Pharma and its affiliates in Fiscal 2011.

During Fiscal 2010, 2009 and 2008, Caraco purchased, at Sun Pharma and its affiliates' cost, approximately \$8 thousand, \$46 thousand, and \$0.3 million, respectively, of machinery and equipment from Sun Pharma and its affiliates. We intend to continue to purchase machinery and equipment from Sun Pharma and its affiliates in Fiscal 2011. During Fiscal 2010, the Company sold equipment of approximately \$0.2 million to Sun Pharma and its affiliates. No such sales by the Company were made in Fiscal 2009 and Fiscal 2008.

Caraco entered into a manufacturing and supply agreement and a distribution and sale agreement in December 2004 with respect to one product with an affiliate of Sun Pharma, Sun Pharma Industries, Inc. Caraco entered into another distribution and sales agreement with Sun Pharmaceutical Industries, Inc. in January 2005 with respect to another product.

During Fiscal 2007, the Company entered into a three-year marketing agreement with Sun Pharma, which was reviewed and approved by the Board's Independent Committee. This agreement was further renewed for a period of one year in January 2010. Under the agreement, the Company purchases selected product formulations offered by Sun Pharma and its affiliates and markets and distributes the same as part of the current product offerings in the U.S., its territories and possessions, including Puerto Rico. Sun Pharma is not obligated to offer Caraco products under this agreement, however, Caraco has the exclusive right to market in the U.S., its territories and possessions, including Puerto Rico, any products offered by Sun Pharma and its affiliates and accepted by Caraco.

During Fiscal 2008, the Company entered into a three-year distribution and sale agreement with Sun Pharma, which was reviewed and approved by the Board's Independent Committee. Under this agreement the Company purchases selected formulations which have been filed under Paragraph IV certification process with the FDA by Sun Pharma and its affiliates and offered for distribution. Paragraph IV certified ("Paragraph IV") products may face litigation challenges with respect to claims of patent infringement. Under the agreement the Company shares in the sales opportunity and shares the litigation risk. The Company is indemnified by Sun Pharma of any risk beyond the percentage agreed to as its profit percentage thereby limiting the Company's exposure. Sun Pharma is not obligated to offer Caraco products under this agreement, however, Caraco has the exclusive right to market in the U.S., its territories and possessions, including Puerto Rico, any products offered by Sun Pharma and accepted by Caraco. The license granted with respect to a product terminates upon the end of an exclusivity period of 180 days or a

non-appealable court decision, or until a third generic manufacturer launches the product, whichever is later, or until a settlement is reached, at which time the product will become part of the standard Caraco-Sun Pharma marketing agreement disclosed above. The Company currently receives a gross profit margin of 8%, or such other percentages as shall be mutually agreed upon. Under the agreement, Sun Pharma and Caraco mutually indemnify each other capped by the fixed margin percentage with respect to damages from infringement. The Company has a right to return the inventory of such products to Sun Pharma if the sale of such products is not allowed by any regulatory authority and Sun Pharma does not file a timely appeal. The Company can also return the inventory or ask for replacements, under various conditions consistent with normal practices in the pharmaceutical industry.

During Fiscal 2010, 2009 and 2008, the Company had net sales of \$ \$211.4 million, \$225.4 million, and \$225.1 million of the marketed products under the aforesaid agreements, respectively.

The Company has also obtained technical and scientific services, including bio-equivalency studies, with respect to certain mutually agreed upon products, from the Clinical Research Organization operated by Sun Pharma. During Fiscal 2010 and Fiscal 2009, the Company incurred \$1.5 million and \$0.3 million, respectively, related to these services. No fees for these services were incurred during Fiscal 2008.

Table of Contents

During Fiscal 2010, Caraco entered into an agreement with Alkaloida Chemical Company ZRT, a Hungarian corporation ("Alkaloida") an indirect subsidiary of Sun Pharma, pursuant to which Alkaloida will provide for certain products an exclusive, non-transferable license to Caraco to manufacture and market the products in the United States, its territories and possessions, including Puerto Rico. The license for a product is for a period of five years from the commencement of marketing of the product, however, Caraco may extend the license for a further five year period. Alkaloida is required to deliver the product technology for a product as soon as it is developed or available or as agreed to by Caraco and Alkaloida. Caraco is responsible, among other things, for the costs of all product tests, including bioequivalency studies, and the costs of manufacturing and marketing each product. Alkaloida shall receive royalties on the net sales of each product

The Independent Committee reviews related party transactions on the basis that they shall not generally be less favorable in the aggregate than would be usual and customary in similar transactions between unrelated parties dealing at arm's length.

COMPENSATION OF EXECUTIVE OFFICERS

Compensation Discussion and Analysis

This Compensation Discussion & Analysis ("CD&A") outlines our compensation philosophy, objectives and processes for our executive officers. It explains how we make executive compensation decisions, the data we use and the reasoning behind the decisions that we make.

Following the CD&A are tables and other information that explain the compensation for our executive officers, including discussion of the potential compensation of our executive officers following termination of employment under different situations.

These tables and narratives assist us in communicating our compensation plans to our shareholders.

Compensation Philosophy

Our compensation philosophy extends to all employees, including executive officers, and is designed to align employee and shareholder interests. The philosophy's objective is to pay fairly based upon the employee's position, experience, individual performance and Company performance. Employees may be rewarded through additional compensation when the Company meets or exceeds targeted business objectives. Generally, under our compensation philosophy, as an employee's level of responsibility increases, a greater portion of his or her total potential compensation becomes contingent upon annual performance.

Table of Contents

The principles of our compensation philosophy are described below:

- **Market-driven.** Compensation programs are structured to be competitive both in their design and in the total compensation that they offer.
- **Shareholder-aligned.** Certain full-time employees have some portion of their incentive compensation aligned with our financial performance.
- **Performance-based.** Certain full-time employees have some portion of their incentive compensation linked to a combination of Company, departmental, and/or individual performance. The application of performance measures as well as the form of the reward may vary depending on the employee's position and responsibilities. A formal performance evaluation process is used to objectively assess individual performance.

Based on a review of its compensation programs, Caraco does not believe that such programs encourage any of its employees to take risks that would be likely to have a material adverse effect on the Company. Caraco reached this conclusion based on the following:

- For the employees who are eligible to have some portion of their incentive compensation aligned with our financial performance, Caraco has created an incentive mix that is based in part on long-term success for us. Additionally, the vesting periods encourage employees to focus on sustained stock price appreciation as opposed to short term appreciation.
 - The salaries paid to employees are consistent with the employees' duties and responsibilities.
 - We reward employees who have high impact relative to the expectations of their job duties and functions.
 - We retain employees who have skills critical to our long term success.

Review of Executive Officer Compensation

The Compensation Committee (the "Committee" with respect to this section of the proxy statement) determines the compensation of our Chief Executive Officer and delegates to him the responsibility to determine the base salaries and bonuses of all officers other than the Chief Executive Officer under the constraints of an overall limitation on the total amount of compensation to be paid to them.

Our current policy is that the various elements of the compensation package are not interrelated in that gains or losses from past equity incentives are not factored into the determination of other compensation. For instance, if options that are granted in a previous year become underwater the next year, the Committee does not take that into consideration in determining the amount of the bonus, options or restricted stock to be granted the next year. Similarly, if the options or restricted shares granted in a previous year become extremely valuable, the Committee does not take that into consideration in determining the bonus, options or restricted stock to be awarded for the next year. In addition, the amount of a cash bonus does not affect the number of options or restricted stock that is granted during a particular year. A subcommittee of the Committee, comprised of independent directors, determines grants of options and stock to our executive officers.

We have no policy with regard to the adjustment or recovery of awards or payments if our relevant performance measures upon which they are based are restated or otherwise adjusted in a manner that would reduce the size of an award or payment.

Components of Compensation—Executive Officers

Our executive officers are compensated through the following four components:

- Base Salary
- Annual Incentive Compensation
- Long-Term Incentives (stock options and/or grants of stock)
- Benefits

These components provide a balanced mix of base compensation and compensation that is contingent upon each executive officer's individual performance and Company performance. A goal of the compensation program is to provide executive officers with a reasonable level of security through base salary and benefits, while rewarding them through incentive compensation to achieve business objectives and create shareholder value. We want to ensure that our compensation programs are appropriately designed to encourage executive officer retention and motivation to create shareholder value.

Table of Contents

In past years, base salaries, benefits and incentive compensation opportunities were generally targeted between the median and 75th percentile of general survey market data derived from indices covering these same components for generic pharmaceutical companies of various sizes. Included in this review were direct competitor companies. The companies represented may have brand segments within its business to complement its generic pharmaceutical segments. Others within the group may solely be generic pharmaceutical companies. The companies included Actavis Group, Barr Pharmaceuticals Inc., Dr. Reddy's Laboratories Limited, Endo Pharmaceuticals Holdings Inc., Forest Laboratories, Inc., King Pharmaceuticals, Inc., Lannett Company, Inc., Mylan Inc., Paddock Laboratories, Inc., Par Pharmaceutical Companies, Inc., Sandoz, Inc.(a division of Novartis AG), Teva Pharmaceutical Industries Limited, Watson Pharmaceuticals, Inc. and Wyeth. During Fiscal 2010, however, because of the FDA actions on June 25, 2009 and our cessation of all manufacturing with its resulting adverse effect on our performance, we did not establish performance goals for our executive officers and kept their salaries flat to those of Fiscal 2009 (other than a modest increase to the base salary of our interim Chief Financial Officer), and paid no bonuses and granted no options or restricted stock to our executive officers. Also, as a result of the resignation of our then CEO in July 2009, we selected Mr. Doshi to serve as our interim CEO in July 2009 and entered into an employment agreement with him in August 2009 paying a base salary of \$275,000 per year. See "Employment Agreements and Potential Payments Upon Termination or Change in Control" below. We have not used third party consultants to provide us with recommendations or reports.

Base Salaries

Base salaries generally have been targeted to be competitive when compared to the salary levels of persons holding similar positions in other pharmaceutical companies and other publicly traded companies of comparable size. Each executive officer's respective responsibilities, experience, expertise and individual performance are considered. As noted, however, because of the FDA action on June 25, 2009 and our cessation of manufacturing with its resulting adverse effect on our performance, in Fiscal 2010, other than the interim Chief Financial Officer whose base salary was increased to \$125,000 from \$110,000, in June 2009, none of the other executive officers were awarded an increase to their base salaries. As noted above, the Compensation Committee did enter into an employment agreement with Mr. Doshi in August 2009 paying a base salary of \$275,000.

Annual Cash Bonus Recognition Program

In the past, our annual cash bonus recognition program has been specifically designed to provide at-risk and contingent cash awards based on the achievement of performance goals which are linked directly to individual, business and strategy objectives for each participant. This linkage, particularly when combined with a market-based base salary program, was designed to provide our officers with a competitive level of compensation when objectives are achieved. As noted above, as a result of the FDA action on June 25, 2009 and our cessation of manufacturing with its adverse effect on our performance, the Committee did not establish performance goals for our CEO for Fiscal 2010 and determined to not pay any bonus to the CEO, and the Committee did not establish any performance goals for the other executive officers in conformance with the recommendation of the CEO and determined not to pay any bonuses to the other executive officers.

Long-Term Incentives

Long-term incentives are used to balance the short-term focus of the annual bonus program with performance over multi-year periods. Stock grants and option grants help to align the interests of our employees with those of our shareholders. Options and stock grants are made under our 2008 Equity Participation Plan. Options are generally granted with exercise prices equal to the closing price of our common stock on the day immediately preceding the date of grant, with pro rata vesting at the end of each of the following three years. In the past, grants of restricted stock vested pro rata at the end of each of the three years following the date of grant or vested upon grant.

We believe that grants of equity-based compensation:

- Enhance the link between the creation of shareholder value and long-term executive incentive compensation;
 - Provide focus, motivation and retention incentive; and
 - Provide competitive levels of total compensation.

For the same reasons noted above with respect to not increasing base salaries and not paying any bonuses, the subcommittee of the Committee (comprised solely of the independent directors) determined not to make any equity awards to the CEO and, in conformance with the recommendation of the CEO, not to make any equity awards to the other executive officers.

Treatment of Dividends

We have not historically paid cash dividends.

Benefits

In addition to cash and equity compensation programs, executive officers participate in the retirement, health and welfare benefit programs generally available to other employees. In a few limited circumstances, we provide other benefits to certain executive officers, such as car allowances, disability and life insurance premiums, as set forth in the tables below.

Table of Contents

All executive officers are eligible to participate in the Company's 401(k) plan on the same basis as our other employees. With the exception of those employees deemed "highly compensated," eligible employees are permitted to defer between 1% and 90% of their salary on a pre-tax basis through bi-weekly payroll deductions. The Company matches \$0.50 of each \$1.00 of each employee's contribution up to the first 4% of his or her salary.

The information contained in this report shall not be deemed to be "soliciting material" or "filed" with the SEC or subject to the liabilities of Section 18 of the Exchange Act, except to the extent that we specifically incorporate it by reference into a document filed under the Securities Act or the Exchange Act.

Employment Agreements and Potential Payments Upon Termination or Change-in-Control

Jitendra N. Doshi was appointed interim Chief Executive Officer of the Company at the close of business July 28, 2009. On August 31, 2009, Mr. Doshi entered into an employment agreement with the Company.

The employment agreement provides Mr. Doshi, as interim Chief Executive Officer, with a salary at the rate of \$275,000 annually, which to the extent applicable, may be reviewed annually and adjusted, a car allowance of \$600 per month and such employee benefits as are maintained or adopted by the Company for all employees. The employment agreement is for a term of one year, commencing effective as of July 28, 2009, and automatically renews for successive one-year periods. However, the agreement may be terminated at any time by the Company or Mr. Doshi with or without cause or notice.

If Caraco terminates Mr. Doshi for just cause or if Mr. Doshi terminates the employment agreement without cause or in the event of the death of Mr. Doshi, he shall be entitled to his base salary and benefits earned by him prior to such termination or date of death. For purposes of the agreement, 'just cause' means dishonesty, or refusal or failure by Mr. Doshi to faithfully or diligently perform his duties, including the failure to adhere to the policies of the Board. In the event Caraco terminates Mr. Doshi without just cause or if Mr. Doshi terminates for cause not attributable to him (meaning Caraco failing to make any payment of base salary to him within 30 days after such payment is due), he will receive monthly base salary payments and the Company shall continue premium payments for health insurance for six months from the date of termination, and any stock options that would become available for exercise at the end of the year during which such termination occurred shall immediately vest. If Mr. Doshi was terminated without just cause or if Mr. Doshi terminated for cause not attributable to him as set forth above, as of March 31, 2010, he would receive thereafter six monthly payments aggregating \$139,108.
