Dear Stockholder:

Our proxy materials for the 2017 Annual Meeting of Stockholders are enclosed. We appreciate your reviewing them carefully and encourage you to participate in the Annual Meeting by voting, whether or not you are able to attend in person.

The 2017 Annual Meeting will be unusual. Meson Capital LP, which is managed by one of our own directors, has notified us that it intends to nominate up to six individuals for election to the Board of Directors in opposition to the nominees recommended by our Board. You may receive solicitation materials from Meson, including proxy statements and gold proxy cards.

Your Board of Directors does NOT endorse any Meson nominee and recommends that you vote on the WHITE proxy card or voting instruction form "FOR ALL" of the director nominees proposed by your Board. The Board strongly urges you not to sign or return any proxy card sent to you by Meson. If you have previously submitted a proxy card sent to you by Meson, you may revoke that proxy and vote for our Board of Directors' nominees and on the other matters to be voted on at the annual meeting by using the enclosed WHITE proxy card. Only the latest validly executed proxy that you submit will be counted.

Your Board and management are enthusiastic about Sevcon's prospects. We are at the forefront of the "electrification" wave sweeping the automotive world, and we are investing in top-flight engineering resources to capitalize. We have attracted significant development contracts with some of the world's largest vehicle manufacturers, which we expect will lead to substantial revenue from the products being developed, in addition to the increasing product sales we are already seeing. We believe that the current Board should stay the course and that the stockholders should reject Meson's proposal, which we believe would disrupt the Company.

You may vote your shares in one of four ways:

- Visit the website shown on your proxy card to submit a proxy to vote your shares via the Internet;
- Use the toll-free telephone number on your proxy card to submit a proxy to vote your shares by telephone;
- Sign, date, and mail your proxy card to us in the enclosed envelope; or
- Attend the Annual Meeting and vote in person. (If you plan to do this, please also vote using one of the other methods to make sure your votes are recorded.)

Please use the WHITE proxy card when you vote.

Thank you for your support.

Sincerely,

Matthew Boyle
President and Chief Executive Officer

PROXY STATEMENT
INFORMATION CONCERNING THE PROXY SOLICITATION

Important Notice Regarding the Availability of Proxy Materials for the Stockholder Meeting to Be Held on February 7, 2017:

This Proxy Statement and the Annual Report are available to the Company's stockholders electronically via the Internet at www.proxyvote.com

APPROXIMATE DATE OF MAILING: January 12, 2017

Why have we sent you these materials?

The enclosed WHITE proxy card is solicited by and on behalf of the Board of Directors of Sevcon, Inc. ("Sevcon" or the "Company") for use at the annual meeting of stockholders of the Company to be held on Tuesday, February 7, 2017 at 12:00 noon at the offices of Locke Lord LLP, 20th Floor, 111 Huntington Avenue at Prudential Center, Boston, Massachusetts (see www.lockelord.com/the-firm/offices/boston for directions), and any adjournments or postponements thereof. It is subject to revocation at any time prior to the exercise thereof by giving written notice to the Company, by submission of a later dated proxy or by voting in person at the meeting.

Who can vote at the Annual Meeting?

Stockholders of record at the close of business on December 9, 2016 will be entitled to vote at the meeting. With respect to all matters which will come before the meeting, each stockholder may cast one vote for each share registered in his or her name on the record date. On December 9, 2016, the Company had outstanding 5,341,993 shares of common stock, \$0.10 par value, which is its only class of stock outstanding and entitled to vote at the meeting.

How do you vote?

You have received a WHITE proxy card or voting instruction form with this proxy statement. Whether or not you plan to attend the meeting, we urge you to complete, date, sign and return the enclosed WHITE proxy card or form or submit a proxy to vote your shares via telephone or the Internet as instructed on the enclosed WHITE proxy card or form to ensure your vote is counted. To vote in person, come to the Annual Meeting and we will give you a ballot when you arrive.

If your shares are held in an account at a broker, bank or other nominee, you are the "beneficial owner" of the shares and these proxy materials were sent to you by that organization, which is the "stockholder of record" for purposes of voting. As beneficial owner, you have the right to direct that organization how to vote the shares in your account. Due to the contested nature of the director election, your broker, bank or other nominee will only be able to vote your shares on any proposal at the annual meeting if you have instructed it how to vote. Please do so as described on the enclosed voting instruction form provided by your broker, bank or other nominee. Also, if you wish to vote your shares in person at the meeting, you will need to provide us with a valid proxy (sometimes referred to as a "legal proxy") from your broker, bank or other nominee.

The shares represented by every executed proxy card received (and not subsequently revoked) will be voted, and where a choice has been specified, the shares will be voted in accordance with the specification so made. If no choice has been specified on a WHITE proxy card, the shares will be voted:

- (1) FOR the proposal to adopt the amendment of our certificate of incorporation to immediately declassify the Board and provide for the annual election of directors,

(2)if Proposal 1 is approved, FOR the election of the Board's eight recommended nominees as directors,

1

- (3) if Proposal 1 is not approved, FOR the election of the Board's five recommended nominees as directors,
- (4) FOR the proposal to ratify the selection of the Company's independent registered public accounting firm,
- (5) FOR the proposal to approve the Company's fiscal 2016 executive compensation, and
- (6) in favor of the Company's including a "Say on Pay" proposal in the proxy statement for its annual meeting each year.

How many shares must be present to constitute a quorum?

The presence in person or by proxy of the holders of a majority of the outstanding shares of common stock as of the record date for the meeting will constitute a quorum at the annual meeting, which is required to hold the annual meeting and conduct business. If you are a record holder of shares of common stock as of the close of business on December 9, 2016 and you submit a proxy, regardless of whether you abstain from voting on one or more matters, your shares will be counted as present at the annual meeting for the purpose of determining the presence of a quorum. If your shares are held in an account by a broker, bank or other nominee and you do not provide voting instructions with respect to your shares, your shares will not be considered present and entitled to vote for the purpose of determining a quorum however, if you provide voting instructions and your bank, broker, or other nominee submits a proxy for your shares, your shares will count towards a quorum.

What should you do if you receive a proxy card from Meson?

Meson Capital L.P. has notified us that it may nominate up to six persons for election as directors to the Company's Board of Directors at the annual meeting in opposition to the nominees recommended by our Board. If Meson proceeds with its alternative nominations, you may receive proxy solicitation materials from Meson, including an opposition proxy statement and gold proxy card. We are not responsible for the accuracy of any information contained in any proxy solicitation materials used by Meson or any other statements that it may make. Our Board does not endorse any Meson nominee and recommends that you disregard any proxy card or solicitation materials that may be sent to you by Meson.

If you have already voted using the gold proxy card, you may change your vote and vote for the Board's recommended nominees and on the other matters to be voted on at the annual meeting. You may do this by submitting a proxy via the Internet or by telephone following the instructions on the WHITE proxy card, by completing and mailing the enclosed WHITE proxy card in the enclosed pre-paid envelope, or by attending and voting at the annual meeting in person. You may also revoke any previously submitted proxy by sending a written notice of revocation to the Company.

Note that voting to "WITHHOLD" with respect to any of Meson's nominees on a gold proxy card is not the same as voting for the Board's nominees because submitting a gold proxy card will revoke any WHITE proxy you previously submitted. Only the latest validly executed proxy that you submit will be counted.

Who are the participants in, and who is paying for, this proxy solicitation?

The costs of solicitation, including the preparation, assembly and mailing of proxy statements, notices and proxies, will be paid by the Company. In addition to mailing these proxy materials, our directors may also solicit proxies in person, by telephone or by other means of communication. Appendix B to this proxy statement provides information about our directors and executives who are considered "participants" in this proxy solicitation under the rules of the SEC by reason of their position or because they may be soliciting proxies on our behalf. Directors will not be paid any additional compensation for soliciting proxies. We may reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

In addition, we have engaged The Proxy Advisory Group, LLC, to assist in the solicitation of proxies and provide related advice and informational support, using approximately 15 of its personnel, for a services fee and the reimbursement of customary disbursements in an amount not expected to exceed \$20,000. The Company's aggregate expenses, including those of The Proxy Advisory Group, LLC, related to the solicitation in excess of those normally spent for an annual meeting as a result of the potential proxy contest, and excluding salaries and wages of our officers and regular employees, are expected to be approximately \$250,000, of which approximately \$75,000 has been spent to date.

BACKGROUND OF THE STOCKHOLDER NOMINATIONS

Sevcon is a world-wide leader in supporting electrification – the migration of internal combustion to hybrid and pure electric systems. Your Board recognized the advent of the market shift early on. By 2010 – well before Ryan Morris’s December 2013 election as a director – we were supporting principal manufacturers such as Polaris, Renault and Peugeot as they began switching their product lines to hybrid and pure electric power. We were also – using sophisticated external resources – collaboratively crafting a well-defined strategic plan to best position us to participate in the electrification trend and take market share, creating sustainable, long-term shareholder value. This was completed in early 2013 and has been the direction followed by management since.

Building on our 50+ year history of supplying controllers for off-road applications, Sevcon’s core electrification strategy, highlighted in the strategic plan, is to partner with principal automotive manufacturers and Tier 1 suppliers to create custom-engineered advanced control solutions that will be put into mass production for on-road vehicles. Adding Bassi’s state-of-the-art battery charging technology and power management capabilities strengthened our ability to deliver the more integrated solutions that our markets and customers are demanding, as well as to provide infrastructure charging capability to a wide range of customers and sectors. This makes Sevcon what we believe is a unique one-stop-shop for hybrid and pure electric technology.

We believe that our strategy – which now involves growing the Company rapidly, both organically and through acquisitions – is now being successfully implemented. 2016 was a banner year for development of Sevcon’s business. It started well with the acquisition in January of the Bassi charger business, which allows us to address both onboard and infrastructure charging opportunities. The Bassi segment has performed above our expectations, with fiscal 2016 revenue growth of 26% post-acquisition. Our core on-road business expanded organically during fiscal 2016 as well. Sevcon now has more high-value projects in the pipeline than ever before – with a number expected to go into large-scale production in 2017, 2019, and 2020 – and we expect that customer enthusiasm for Sevcon’s capabilities will continue. In fact, one manufacturer of luxury high-performance sports cars recently nearly doubled the Sevcon content on its program scheduled for production in 2020. As we announced in connection with our year-end earnings release, we now expect total potential production revenue from electrification projects to be approximately \$206 million over the five-to-seven-year production lives, up from the \$166 million that we projected at the end of the third quarter of 2016. All of this activity is a direct result of your Board’s decisions over several years to invest in engineering and sales in order to generate meaningful development and production revenues.

Positioning the Company for rapid growth, however, comes at the cost of short-term profitability as the Company invests in its future. In addition to the Bassi acquisition, we are following your Board’s carefully-considered strategy of investing at historically high levels in engineering resources because we believe that this will continue to place us at the forefront of electrification and maintain our favorable market position. Due to the global scarcity of specialized engineering skills, we decided proactively to seek, attract and integrate engineering talent to enable contract wins and to prepare ourselves for future projects and substantial production revenues. We have successfully achieved these talent acquisitions in the past year, nearly doubling the size of our engineering department. This has helped us win more electrification projects. We have also established several “engineering outposts” around the globe, creating a pipeline of engineering recruits that ensures local support and positions the Company to meet the growing demands of our customers. Your Board is fully supportive of this entrepreneurial, strategic approach, and it raised substantial capital during 2016 in pursuit of these exciting opportunities.

We also want to assure you that your Board has not been static. The Nominating and Governance Committee (“NCG Committee”) regularly reviews the Board’s make-up and considers the mix of qualifications that we wish directors to have, as well as potential candidates. Since 2013, five directors have left the Board and four new directors have joined, bringing new experiences, perspectives and ideas. We expect that this process of renewal will continue in the ordinary course, to the Company’s benefit.

All of our directors have contributed to the development and implementation of the Board's strategy. Mr. Morris wished to take a more hands-on role in the Company's operations and, during the fall of 2015, your Board engaged in extensive discussions over his proposal that he be named Executive Chairman. That proposal initially had the support of the other directors, but they considered Mr. Morris's insistent demands – for authority, for compensation, and to make a significant investment at a time the Board believed was inappropriate for an insider due to pending negotiations over a strategic acquisition – to be overreaching, and the Board ultimately decided against the proposal. During this process, Mr. Morris apparently developed an implacable opinion that one director, who had disagreed with Mr. Morris's proposed compensation terms, should be forced off the Board. He has relentlessly continued to push the NCG Committee for that result ever since.

With the guidance of the NCG Committee, there were a number of boardroom changes during 2016, while Sevcon continued to make significant progress in its business. With the Bassi acquisition behind us, in the summer of 2016, Mr. Morris was permitted to make an investment in the Company along with other investors and the Board agreed to reconsider his executive role. With the support of Matt Boyle, the CEO, your Board believed that Mr. Morris would work constructively within the Company to help manage our exciting opportunities and lend bandwidth to a management team positioning itself for significant growth. Mr. Morris was appointed Executive Chairman in August 2016 and was tasked with gathering strategic input for the CEO and Board, advancing external strategic initiatives and supporting Sevcon's senior management by optimizing internal oversight and overall management accountability. However, your Board perceived that Mr. Morris was inserting himself into internal affairs, causing confusion and inefficiency among management, and spending a great deal of effort trying to push certain directors off the Board. Within two weeks after his appointment, Mr. Morris began threatening a proxy contest to replace three current directors. Significantly, the CEO concluded that Mr. Morris was being divisive and counterproductive. Contrary to Mr. Morris's statement that he had "no advance warning or performance review," Mr. Goldfarb, as lead independent director and Chair of the NCG Committee, on several occasions provided Mr. Morris with constructive feedback that his perceived attempts to aggressively control the Company's governance function and related proxy contest threats were tarnishing his reputation and perceived integrity with his fellow directors and Sevcon's management. Because Mr. Morris did not rectify these concerns, the Board acted by the unanimous vote of the other directors in December 2016 to remove Mr. Morris from the Executive Chairman position. Since Mr. Morris was removed as Executive Chairman, the CEO, with the support of the NCG Committee and in recognition of Mr. Morris's being a substantial stockholder, has nonetheless attempted to work constructively with Mr. Morris by soliciting his input on certain operational matters.

During October and November 2016 (prior to Mr. Morris' removal as Executive Chairman), Mr. Morris suggested several potential director candidates to the NCG Committee, including Bryan Boches and Shvetank Jain. Committee members spoke with Mr. Boches in October, and your CEO spoke with Messrs. Boches and Jain. Messrs. Jain and Gross and the others suggested by Mr. Morris were not interviewed by the NCG Committee. This was because the Committee did not believe they fit the director profile desired at this time and, importantly, because the Committee understood that Mr. Morris wanted to have his candidates appointed intra-term (without the vote of all of the shareholders) via an expanded board size. It was the view of the NCG Committee that Mr. Morris' primary objective with his recommendations was to consolidate control of your Board while forcing the exit of several current directors with whom he had previously feuded. The NCG Committee members expressed interest in considering Mr. Boches for possible nomination to the Board, but wished that any such nomination be made in accordance with best governance practices – including putting Mr. Boches on the slate of directors to be voted on at the annual meeting of stockholders. This was not acceptable to Mr. Morris, who again reiterated his willingness to engage in a proxy contest to ensure his desired turnover on your Board. Since then, your CEO has discussed with Mr. Boches his availability to provide consulting services to the Company on a project basis, but they jointly concluded that, given Mr. Boches' other commitments, the complexity of the tasks and the geographic distances involved, this would be impractical at this time.

Mr. Morris's reaction to his removal as Executive Chairman was to nominate six persons as directors, the election of even three of whom (along with him) would, in our opinion, allow him to take effective control of the Board because of the veto power it would provide on an eight-member board. Sevcon believes that that is his true agenda, since the only prescription for the Company's growth that he has made seems to be to continue the strategy your Board is already pursuing effectively. In fact, the Company's current three-year business plan was formulated with Mr. Morris's input and was presented by him, as Executive Chairman at the time, for approval at the regularly scheduled Board meeting in September 2016. We do not believe that Mr. Morris has made any proposals that would lead to faster progress in the electrification boom nor return us to profitability any sooner than your Board is doing. He essentially says, "put my people in and trust us," but he has not offered any new business plan beyond buzz words. Some of his nominees appear to have good, general credentials on paper, but the group appears to have little public company board experience and only one appears to have business experience in Sevcon's core focus area – experience that your Board values.

Nonetheless, consistent with best corporate governance practices, the NCG Committee recommended to your Board that all seats on the Board be opened for election by the stockholders at this annual meeting. The Board agreed that it was appropriate to allow all directors to be considered on an equal footing and adopted – subject to stockholder approval in Proposal 1 -- the proposed amendment to our certificate of incorporation to immediately declassify the Board and provide for the annual election of directors. Since adoption of Proposal 1 would add three seats to the number for which candidates could be elected, and since the deadline for stockholder nominations for director had already passed, the proxy committee of Sevcon's Board deemed it fair to extend the deadline for an additional 10 days to permit further nominations.

Sevcon firmly believes that handing effective control of your Board to Mr. Morris would disrupt the work of the Company's top-quality employees and potentially slow the momentum that has been generated in 2016 with the participation of all the directors. Mr. Morris's perceived attempts to exert control over the NCG Committee to reconstruct your Board during his brief tenure as Executive Chairman led to a substantial drain on the Board's time and resources. The Board believes that Mr. Morris' removal as Executive Chairman by the unanimous vote of the other directors after just four months is a clear reflection of what the Board perceives is his inability to work with others and to process feedback relative to the impact of his actions.

Under the supervision of the NCG Committee, the composition of your Board will undoubtedly continue to change as the Company grows however, your Board believes that the changes proposed to be forced on it by Mr. Morris would impede the significant growth we foresee as the Company moves aggressively to embrace the opportunities in electrification. Accordingly, your Board has nominated the candidates listed below under Proposals 2 and 3 in the

strong belief that they are highly qualified and experienced in the Company's business, as well as being firmly committed to the best strategy of increasing stockholder value. The Board believes that its nominees will provide an important degree of continuity and will encourage constructive discourse about Company strategy and operations reflective of best corporate governance practices.

PROPOSAL TO ADOPT AN AMENDMENT TO SEVCON'S AMENDED AND RESTATED CERTIFICATE OF
1: INCORPORATION TO IMMEDIATELY DECLASSIFY OUR BOARD OF DIRECTORS SO THAT
ALL DIRECTORS ARE ELECTED ANNUALLY FOR ONE-YEAR TERMS.

Proposed Amendment

We are submitting for stockholder approval an amendment to our Amended and Restated Certificate of Incorporation (the "Current Charter") providing for the immediate elimination of the current, partially-classified Board structure (the "Charter Amendment"). If the Charter Amendment is adopted, all directors will be elected on an annual basis beginning immediately at the 2017 annual meeting. In accordance with Delaware law, the Charter Amendment would also permit the removal of directors by the stockholders with or without cause.

Background and Reasons for the Proposed Amendment

The number of directors has been fixed at eight by the Board. Until the 2015 annual meeting, members of the Board of Directors were divided into three classes and served three-year, staggered terms. At the 2015 annual meeting, the stockholders adopted the Current Charter, providing for phased elimination of the classified Board structure over three years. The three directors elected at the 2015 annual meeting (Glenn J. Angiolillo, Ryan J. Morris, and David R. A. Steadman) are currently serving three-year terms that end at the 2018 annual meeting, and their successors will be elected to one-year terms thereafter. The terms of the other directors expire at the 2017 annual meeting when their successors will be elected to one-year terms. Each director holds office until his or her successor has been elected or qualified or until the director's earlier resignation or removal.

In light of the Meson nominations and accusations made by Mr. Morris against other directors, your Board determined that it would be in the stockholders' best interest to accelerate the full declassification to the 2017 annual meeting. This

would mean that the terms of all directors, including those elected in 2015, would end simultaneously, and would allow an immediate vote on all directors on an equal footing. The Board believed that this would avoid any perception of entrenchment by any of the current directors and that it would further ensure that our corporate governance policies maximize Board accountability to stockholders by allowing stockholders the immediate opportunity to register their views on the composition of our complete board of directors.

6

Accordingly, the Board has approved and declared advisable the Charter Amendment, which would immediately declassify the Board, terminating the current term of all directors, and institute annual voting for each director to serve a one-year term beginning with this annual meeting. The Charter Amendment also follows Delaware law for non-classified boards of directors by permitting directors to be removed with or without cause. The Charter Amendment, which is subject to stockholder approval, is set forth in Appendix A to this Proxy Statement.

Required Vote

For the Charter Amendment to become effective, this proposal must receive the affirmative vote of a majority of the outstanding shares entitled to vote at the meeting. Accordingly, abstentions and broker non-votes will have the same effect as votes cast against the proposal.

The Board of Directors recommends a vote FOR the proposal to adopt the proposed amendment to the Amended and Restated Certificate of Incorporation on the WHITE proxy card.

PROPOSAL 2: IF PROPOSAL 1 IS APPROVED, TO ELECT EIGHT DIRECTORS

If Proposal 1 is approved, the Board will be immediately declassified, the current terms of Glenn J. Angiolillo, Ryan J. Morris, and David R. A. Steadman will thereby be shortened and, accordingly, the terms of all eight of our current directors will end at the 2017 annual meeting. Based on the recommendation of its Nominating and Governance Committee, the Board has nominated Glenn J. Angiolillo, Matthew Boyle, Matthew Goldfarb, William J. Ketelhut, Walter M. Schenker, Marvin G. Schorr, David R. A. Steadman and Paul O. Stump for election to one-year terms. All are currently directors except Dr. Schorr, the Company's Founder, who has vast experience with the Company, having been Chairman of the Board from 1988 to 2005 and playing an active role in its strategy development. Dr. Schorr served as a director until the 2016 annual meeting when – in recognition of his continuing insightful, important contributions to Board and Company strategy – he was asked to continue contributing as Director Emeritus. Each nominee has consented to being named in this proxy statement and to serve if elected, and the Company is not presently aware of any reason that would prevent any nominee from serving as a director. If a nominee is unable to serve or for good cause will not serve, the proxies will be voted for another nominee selected by the Board.

Meson Capital L.P. has notified us that it intends to nominate up to six persons for election as directors at the annual meeting. One of our current directors, Mr. Morris, is the managing member of Meson's general partner. Your Board does not endorse Mr. Morris or any Meson nominee and urges you not to sign or return any gold proxy card that may be sent to you by Meson. Our Nominating and Governance Committee and Board have evaluated each of the Board's nominees and each of Meson's proposed nominees against the factors and principles the Board uses to select nominees for director. Based on this evaluation, our Nominating and Governance Committee and Board have concluded that it is in the best interests of the Company and its stockholders for each of the Board-recommended nominees to serve as a director of the Company.

Information about our current directors and Dr. Schorr appears below under the heading "Information Regarding the Board of Directors and Nominees for Election."

Vote Required

Pursuant to the Company's by-laws, directors will be elected by a plurality of the votes properly cast at the annual meeting. Unless Meson withdraws its nominees, there will be more nominees than there are open seats on the Board. Accordingly, if Proposal 1 is approved, the eight nominees receiving the highest number of FOR votes will be elected. Broker non-votes and votes withheld will not be treated as votes cast and will not affect the outcome of the election.

The Board of Directors recommends that you use the WHITE proxy card to vote FOR the election of Messrs. Angiolillo, Boyle, Goldfarb, Ketelhut, Schenker, Schorr, Steadman and Stump for election as directors.

PROPOSAL 3: IF PROPOSAL 1 IS NOT APPROVED, TO ELECT FIVE DIRECTORS

If Proposal 1 is not approved, three of the Company's eight current directors, Glenn J. Angiolillo, Ryan J. Morris, and David R. A. Steadman will not be subject to election at the 2017 annual meeting, and will continue to serve as directors until the 2018 annual meeting. The terms of five of the Company's eight current directors, Matthew Boyle, Matthew Goldfarb, William J. Ketelhut, Walter M. Schenker and Paul O. Stump will expire at the 2017 annual meeting. Based on the recommendation of its Nominating and Governance Committee, the Board has nominated Messrs. Boyle, Goldfarb, Ketelhut, Schenker, and Stump for re-election to new one-year terms. Each nominee has consented to being named in this proxy statement and to serve if elected, and the Company is not presently aware of any reason that would prevent any nominee from serving as a director. If a nominee is unable to serve or for good cause will not serve, the proxies will be voted for another nominee selected by the Board.

PROPOSAL RATIFICATION OF THE SELECTION OF THE COMPANY’S INDEPENDENT REGISTERED
4: PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING SEPTEMBER 30, 2017

RSM US LLP has served as the Company’s independent registered public accounting firm for the last five fiscal years. The Board of Directors is seeking an advisory stockholder vote ratifying the appointment of RSM US LLP as the Company’s independent registered public accounting firm and expects to engage them for the fiscal year ending September 30, 2017. The Audit Committee believes RSM US LLP is well qualified to continue as the Company’s auditor.

Representatives of RSM US LLP are expected to attend the annual meeting and to be available to respond to appropriate questions. They will also have the opportunity to make a statement if they desire.

The fees billed by RSM US LLP and other member firms of the RSM International network, of which RSM US LLP is a member, for fiscal 2016 and 2015 are set out below. Another firm assisted RSM US LLP with audit and tax work in respect of the Company's U.K. subsidiaries in 2015.

	(in thousands)	
	2016	2015
Audit fees	\$ 307	\$ 202
Audit-related fees	132	0
Tax fees	61	35
Total RSM fees	\$ 500	\$ 237

The 2016 audit fees include \$41,000 for the audit of Bassi S.r.l., which the Company acquired in 2016. The 2016 audit-related fees were one-time fees for work relating to the Bassi acquisition. Tax fees relate to the preparation of the Company's U.S. and U.K. subsidiaries' tax returns. The 2016 tax fees also include \$27,000 related to the Bassi acquisition.

All of the above services and fees were approved by the Audit Committee before the respective engagements were undertaken. The Company has not adopted pre-approval policies and procedures relating to non-audit services.

Vote Required

Ratification of the appointment of RSM US LLP by the stockholders is not required by law or by the Company's by-laws. The Board of Directors is nevertheless submitting this non-binding resolution to the stockholders to ascertain their views. If this Proposal 4 is not approved at the annual meeting, the Audit Committee intends to reconsider its recommendation of RSM US LLP as independent auditors. The Company may retain the firm for fiscal 2017 notwithstanding a negative stockholder vote.

The ratification of the appointment of RSM US LLP will require the affirmative vote of a majority of the votes cast at the annual meeting. Accordingly, abstentions and broker non-votes will not count as votes cast for or against this Proposal 4.

The Board of Directors recommends that you vote FOR the proposal to ratify RSM US LLP's selection as the Company's independent registered public accounting firm for the fiscal year ending September 30, 2017.

PROPOSAL 5: ADVISORY VOTE REGARDING THE EXECUTIVE OFFICERS' COMPENSATION

This Proposal 5, commonly known as "Say on Pay," asks the stockholders to approve the compensation of the Company's executive officers for fiscal 2016 as described under "Executive Compensation" on pages 20 to 23 of this proxy statement. The Company currently conducts "Say on Pay" stockholder advisory votes annually.

The compensation paid to the Company's executive officers is intended to align their interests with the long-term interests of the Company's stockholders and is based on a pay-for-performance philosophy. It is straightforward, consisting principally of salary, which must be competitive to retain the skills and experience of excellent employees, an annual bonus to reward strong performance, and equity compensation to encourage long-term commitment and team performance. Not all elements may be provided every year, depending on the performance of the Company and the executive.

In 2016 the executives successfully closed the acquisition of Bassi, a privately-held company in Italy which designs and manufactures battery chargers for electric vehicles. This acquisition was part of the Company's strategic plan to become a world leader in electrification. The Company, under their leadership, has attracted significant development

contracts with some of the world's largest vehicle manufacturers that are expected to lead to substantial revenue from the products under development. In addition they have successfully identified, attracted and integrated scarce global Engineering resources required to achieve future growth and success. While much of the business remains extremely volatile, the Board believes that the retention of the knowledge and experience of the executive team will lead to greater performance in the future, that they merit their compensation, and that it should be approved by stockholders.

The vote on this Proposal 5, which is solicited pursuant to section 14A of the Securities Exchange Act, is advisory and its outcome will not be binding on the Board nor require the Board to take any action. Moreover, the outcome of the vote will not be construed as overruling any decision of the Board, or creating or implying any additional fiduciary duty of the Board. However, the Board expects to take into account the outcome of this vote when considering future executive compensation arrangements for the Company's executive officers.

Proposal 5 will be considered approved at the annual meeting if more votes are cast in favor of the proposal than against it. Abstentions and broker non-votes will not count as votes cast for or against this Proposal 5.

The Board of Directors recommends a vote FOR the following resolution:
"That the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the compensation tables and narrative discussion, is hereby approved."

PROPOSAL 6: ADVISORY VOTE REGARDING THE FREQUENCY OF STOCKHOLDER VOTES TO APPROVE THE EXECUTIVE OFFICERS' COMPENSATION

Your Board also seeks the views of the stockholders on how often the Company should ask the stockholders to vote on the compensation of the Company's executive officers: each year, every two years, or every three years. The Company is required by Section 14A of the Securities Exchange Act of 1934 to include a Say on Pay vote, like Proposal 5, in proxy statements for its annual meetings at least once every three years, and also to seek periodic advisory votes on how often there should be a Say on Pay vote.

Your Board recognizes the importance of receiving regular input from stockholders on important governance matters. Your Board believes that the Say on Pay vote should be held each year because that will permit our stockholders to express their opinion as close in time to the relevant compensation and will be most useful to the Board. Your Board asks that you indicate your preference on the WHITE proxy card.

Because the vote solicited by this Proposal 6 is advisory, its outcome will not be binding on the Board nor require the Board to take any action. Moreover, the outcome of the vote will not be construed as overruling any decision of the Board or creating or implying any additional fiduciary duty of the Board or restricting. However, the Board expects to take into account the outcome of this vote when considering how frequently to seek a "Say on Pay" vote of stockholders in the future.

Only votes cast at the annual meeting will be taken into account. Abstentions and broker non-votes will not count as votes cast with respect to this Proposal 6.

The Board of Directors recommends a vote in favor of the Company's including a Say on Pay proposal in the proxy statement for its annual meeting each year.

CORPORATE GOVERNANCE

Director Independence

The Board has determined that all directors other than Messrs. Boyle and Morris are independent under Securities and Exchange Commission rules and NASDAQ Capital Market listing standards, based on information known to the Company. The Company may from time to time have arms-length commercial dealings with companies of which its directors may be officers and/or directors. To the Company's knowledge, during fiscal 2016, there were no such dealings and none of the independent directors had any other business, financial, family or other type of relationship with the Company or its management other than as a director and stockholder.

Board Leadership Structure

The Company has always had different persons serving in the offices of Chairman of the Board and Chief Executive Officer (CEO), although we have no formal policy requiring that structure, and it is likely that the Board would elect a lead independent director if the Chairman and CEO were the same person. The Board believes it is in our best interests to make the determination based on an assessment of the current condition of the Company and the composition of the Board. The responsibilities of the Chairman or lead director include setting the Board's agenda in collaboration with the CEO, providing guidance to the CEO, acting as a regular communication channel between the Board and CEO, presiding over executive sessions of the Board to review the Company's performance and management effectiveness, coordinating the activities of the independent directors, reviewing the activities and effectiveness of the Board committees, and evaluating the need for any changes. The Board believes that having a separate Chairman or lead director allows the CEO to focus principally on managing the Company, which is important because of the Company's small senior management team, enhances Board involvement and communications among the independent directors, and would ensure consistent Board leadership during any CEO transition.

Board Meetings

During the fiscal year ended September 30, 2016, the Board of Directors held a total of eighteen meetings. Board meetings typically include executive sessions at which only independent directors are present. All Board members are expected to attend the annual meeting of stockholders, subject to special circumstances. All but one of the members of the Board at the time attended the annual meeting of stockholders in 2016.

Communications to the Board

Stockholders may communicate with the Board of Directors by mailing a communication to the entire Board or to one or more individual directors, in care of the Corporate Secretary, Sevcon, Inc., 155 Northboro Road, Southborough, Massachusetts 01772. All communications from stockholders to Board members (other than communications soliciting the purchase of products and services) will be promptly relayed to the Board members to whom the communications are addressed.

Committees of the Board

The Board of Directors has an Audit Committee, a Compensation Committee and a Nominating and Governance Committee, all the members of which are independent under Securities and Exchange Commission rules and NASDAQ Capital Market listing standards, as applicable. In addition to the meetings described below, the members of each committee communicate regularly amongst themselves and with management on Company matters.

Each of the Audit Committee, the Compensation Committee and the Nominating and Governance Committee operates under a written charter that is available on the Company's web site: www.sevcon.com.

Audit Committee. The Audit Committee is composed of four directors. The Board has determined that Messrs. Steadman and Goldfarb, members of the Committee, are "audit committee financial experts," as defined by the Securities and Exchange Commission. The Committee selects, evaluates and oversees the Company's independent auditors, approves any engagement of the independent auditors to perform non-audit services, and oversees the Company's internal accounting and financial controls. It reviews the audited financial statements and discusses them, as well as the adequacy and quality of the Company's financial reporting principles and procedures, with management and the auditors together and in separate executive sessions. It also reviews and approves related person transactions. The Audit Committee met eleven times during the fiscal year ended September 30, 2016. The Committee's report appears on page 20 below.

Compensation Committee. The Compensation Committee is composed of three directors. Generally all compensation and fringe benefit programs of the Company are subject to review and recommendation by the Committee, which also reviews and recommends the base salary and incentive compensation of the executive officers and a group of senior managers, as well as grants of equity compensation to all employees. The Chief Executive Officer provides a detailed performance assessment and compensation recommendation for each executive officer (other than himself), which the Committee considers in making its decisions. The Compensation Committee usually considers annual equity grants for executives in its December meeting each year. Other compensation decisions are made throughout the year as circumstances warrant. All compensation actions taken by the Committee are reported to the full Board of Directors, and are subject to the approval of the Board, excluding management directors. The Committee did not use the services of any compensation consultants during the past fiscal year.

The Committee also reviews and makes recommendations to the Board on director compensation and equity awards, on policies and programs for the development of management personnel, as well as management structure and organization. The Compensation Committee met six times during the fiscal year ended September 30, 2016.

The Committee is authorized to delegate to one or more executive officers of the Company the power to make awards under the 1996 Equity Incentive Plan to participants who are not subject to Section 16 of the Securities Exchange Act of 1934 and all determinations under the Plan with respect thereto, provided that the Committee establishes the aggregate and individual maximum amounts of such awards, and such other features of the awards as required by applicable law. The Committee has not delegated such authority to date.

Nominating and Governance Committee. The Nominating and Governance Committee is composed of three directors. It considers nominations to the Board, develops and implements the Company's corporate governance principles and practices, and recommends to the Board of Directors' action related to Board composition, size and effectiveness and management succession plans for the positions of Chairman of the Board and Chief Executive Officer. The Nominating and Governance Committee met seven times during the fiscal year ended September 30, 2016.

Director Nominations

In identifying potential candidates and selecting nominees for directors, the Nominating and Governance Committee does not foreclose any sources. The Committee reviews candidates recommended by stockholders in the same manner and using the same general criteria as candidates recruited by the Committee or recommended by the Board.

The Nominating and Governance Committee does not rely on a fixed set of qualifications for director nominees. The Committee's primary objective for director nominees is to create a Board with a broad range of skills and attributes that is aligned with the Company's strategic needs.

The minimum qualifications for director nominees are that they:

- be able to dedicate time and resources sufficient for the diligent performance of the duties required of a member of the Board,
- do not hold positions or interests that conflict with their responsibilities to the Company, and
- comply with any other minimum qualifications for either individual directors or the Board as a whole mandated by applicable laws or regulations.

Additionally, at least a majority of members of the Board of Directors must qualify as independent directors in accordance with NASDAQ Capital Market independence rules.

The Nominating and Governance Committee's process for evaluating nominees for director, including nominees recommended by stockholders, is to consider their skills, character and professional ethics, judgment, leadership experience, business experience and acumen, familiarity with relevant industry issues, national and international experience, and other relevant criteria as they may contribute to the Company's success. This evaluation is performed in light of the Committee's views as to what skill set and other characteristics would most complement those of the current directors, including the diversity (principally, of education and backgrounds), age, skills and experience of the Board as a whole.

In order to recommend a candidate for consideration by the Nominating and Governance Committee, a stockholder must provide the Committee with the candidate's name, background and relationship with the proposing stockholder, a brief statement outlining the reasons the candidate would be an effective director of the Company and information relevant to the considerations described above. Such information should be sent to the Nominating and Governance Committee of Sevcon, Inc., 155 Northboro Road, Southborough, Massachusetts 01772, Attention: Corporate Secretary. The Committee may seek further information from or about the candidate, or the stockholder making the recommendation, including information about all business and other relationships between the candidate and the stockholder.

Board's Role in Risk Oversight

The Company's business involves many operational and financial risks, which management and the Board seek to mitigate through careful planning and execution. Assessing and managing risk is primarily the responsibility of the Company's management. However, the Board of Directors has an active role, as a whole and also at the committee level, in overseeing management of the Company's risks. The Board of Directors provides oversight by receiving reports from management in Board meetings and conference calls, as well as through periodic management reports. These include reports on the market environment and strategic situation, customer sales results and forecasts, availability of raw materials and components, product development, liquidity, and overall financial performance and forecasts. Board members have the opportunity to provide input and direction to management on managing risks on a current basis, either directly or through the Chairman. In order to ensure that longer term risks are also considered in a timely and consistent manner, each year the full Board reviews and approves a strategic business plan that is used by management throughout the year. The Audit Committee oversees the Company's internal financial and accounting controls. As such, the Audit Committee regularly discusses with management and the Company's independent registered public accounting firm the Company's major financial and controls-related risk exposures and the steps that management has taken to monitor and control such exposures. The Compensation Committee is responsible for overseeing the management of risks relating to the Company's executive compensation plans and arrangements. The Company believes that Board leadership that includes a Lead Independent Director enhances the Board's ability to oversee the Company's operational and financial risks.

Stock Ownership Policy

In 2004, the Board adopted Equity Compensation Guidelines in which it established a target level of stock ownership for directors of twice the level of annual cash compensation. Grants of restricted stock will be intended in part to assist in reaching these levels of ownership over time. Shares held by members of a person's immediate family or a trust for his or their sole benefit may be counted towards the ownership requirement. Each director is required to refrain from selling Company stock acquired as restricted stock (other than to make required tax payments related to a grant) if the value, based on current market price of his Company stock after the sale, would be below his designated ownership level. The Compensation Committee has discretion to make exceptions in extraordinary circumstances where not contrary to Company goals, such as cases of significant personal hardship.

Director Compensation

Non-employee directors are each paid a retainer of \$60,000, 50% in cash and 50% in the form of restricted stock, as described below. The Chairman of the Board of Directors receives an additional \$20,000 per year, and the Chairmen of the principal committees receive the following additional amounts for their duties as such: Audit, \$10,000, Compensation, \$5,000, Nominating and Governance, \$5,000. Members of the Audit Committee each receive an additional \$2,000 for their duties as such, and the members of the Compensation and Nominating and Governance Committees each receive \$1,500. The members of ad hoc committees appointed to address specific matters also receive additional compensation, depending on the circumstances.

Half of the non-employee directors' annual retainer is in the form of an equity grant in order to align their interests with those of the stockholders. In 2016, such grants were for 3,300 shares of restricted stock, determined by dividing \$30,000 by the average share price for calendar year 2015 and rounding to the nearest 100 shares. Such restricted shares will fully vest the day before the 2017 annual meeting of stockholders or, if earlier, upon the recipient's death or disability or upon a change in control of the Company. Restricted shares may not be sold, assigned, transferred, pledged or otherwise disposed of by the recipient until they vest. If the recipient's service as a director of the Company is terminated for any reason other than the recipient's death or disability, any unvested shares will be forfeited and returned to the Company, unless the Compensation Committee determines otherwise in its discretion.

The following table shows compensation paid to all non -employee directors during fiscal 2016:

Pension Benefits

The U.K. Retirement Plan was frozen effective September 30, 2012 and in consequence there will be no future accrual earned by U.K. executive officers or employees under this defined benefit arrangement. Until then, the executive officers participated in this defined benefit plan, which was based on 1/60th of final U.K. base salary (as defined in the Plan) for each year of service, subject to a maximum of 2/3rds of final U.K. base salary. With effect from September 30, 2012, the accrued benefits earned by the executive officers, based on their service to this date, will be frozen other than for CPI-based increases, which will be applied annually until the executive reaches retirement age.

With effect from October 1, 2012, the executive officers have participated in the Company's U.K. Group Personal Pension Plan ("GPPP"), a defined contribution pension arrangement, with Scottish Widows plc, a U.K. based life, pensions and investment company, which is a subsidiary of Lloyds Banking Group. The Company contributes a minimum of 4% up to a maximum of 8% of the employee's base salary on a matched basis dependent on the employee's personal contribution as a percentage of base salary. A lump sum death in service benefit of eight times the base salary of the executive is payable on the death of the employee during employment.

Executive Employment Agreements

We have a Services Agreement with each of Messrs. Boyle and Farquhar that sets forth the principal terms of his employment arrangement with the Company. Each officer is entitled to receive a minimum base salary (Mr. Boyle – £175,000 and Mr. Farquhar – £110,000, or \$229,845 and \$144,474, respectively, at the exchange rate in effect on September 30, 2016) provided that their actual salaries are subject to annual review and may be increased by the Compensation Committee. In addition, each officer is eligible to receive an annual cash incentive bonus as determined by the Compensation Committee in its discretion. Each officer is entitled to participate in the Company's pension plan and to receive family health and life insurance benefits on the terms of the respective plans.

Mr. Boyle's agreement continues until terminated by the Company upon at least 12 months' notice, or by Mr. Boyle upon at least three months' notice. Mr. Farquhar's agreement continues until terminated by the Company upon at least six months' notice, or by Mr. Farquhar upon at least three months' notice. For the first 12 months after a change of control, the notice period for termination by the Company is increased to 18 months for Mr. Boyle and 12 months for Mr. Farquhar. Alternatively, the Company may in its discretion make a payment of salary in lieu of the whole or any part of any unexpired notice period, together with a sum equivalent to the fair value of any other benefits of employment provided under the terms of the Agreement. If we terminate the employment of either officer for cause, the officer would not be entitled to notice or compensation.

In addition, we have a Non-Competition and Non-Solicitation Agreement with each of Messrs. Boyle and Farquhar. These and the Service Agreements prohibit Mr. Boyle, for up to 24 months after his termination, and Mr. Farquhar, for up to 12 months after his termination, from (i) competing with, soliciting or enticing customers and employees away from, or disparaging the Company or any of its subsidiaries, and (ii) interfering with the continuance of supplies and services from the Company's principal suppliers.

Upon a change in control of the Company (whether or not the officer's employment is terminated), these agreements provide that vesting of shares of restricted stock and unvested stock options held by such officer would accelerate. (For this purpose, a "change in control" means a change in control of the Company that would be required by SEC rules to be reported in the Company's proxy statement, including the acquisition by any person of beneficial ownership of securities of the Company representing a majority of the combined voting power of the Company's then outstanding securities.) Similarly, if we terminate an officer's employment other than for cause or disability, vesting of shares of restricted stock and unvested stock options held by such officer would accelerate. Upon a change in control of the Company, the Company also must ensure that the officer continues to be provided with a pension plan offering benefits equivalent to the benefits provided under the Company's pension plan in effect on July 1, 2010. The following table sets forth the compensation that would have been due to Messrs. Boyle and Farquhar as a result of a change in control of the Company, and termination of employment where applicable, occurring on September 30, 2016:

Golden Parachute Compensation

Name	Cash\$(1)	Equity\$(2)	Total
Matthew Boyle	\$453,707	\$ 153,162	\$606,869
Paul N. Farquhar	\$172,318	\$ 144,352	\$316,670

(1)

Represents the aggregate cash payment that would be due in lieu of notice if the executive's employment was terminated within 12 months after the change in control. Any such payment would be made in British Pounds. The amounts shown in the table were determined using the executives' salary at September 30, 2016 and the exchange rate (1.3134 per Pound) in force on that date.

(2) Represents the aggregate value of restricted stock awards for which vesting would be accelerated, based on the \$8.81 closing sale price of a share of the Company's common stock on September 30, 2016. The actual amount received by the officer on the sale of previously restricted stock will depend on market value at the time of such transactions. A change in control of the Company will trigger accelerated vesting of the officer's outstanding equity awards, regardless of whether the officer's employment is terminated in connection with the change in control transaction.

In the event of a change in control, it is possible that the compensation arrangements for Messrs. Boyle and Farquhar may be renegotiated by the officers, the Board of Directors and/or the Company's merger or acquisition partner, in which case the amounts payable might differ from those shown above.

TRANSACTIONS WITH RELATED PERSONS

During fiscal 2016 and 2015, no related person transactions requiring disclosure in the proxy statement were identified or submitted to the Audit Committee for approval.
