Item 1.01 Entry into a Material Definitive Agreement

Effective August 1, 2008, the Company entered into Amendment No. 31 with Cheyne Special Situations Fund, L.P. which amended an amended and restated loan and security agreement dated as of November 28, 1994, between the Company and Foothill Capital Corporation (now known as Wells Fargo Foothill, Inc.), as amended. The loan was assigned by Wells Fargo Foothill to SHF IX, LLC, which assigned it to Cheyne on February 7, 2007.

At June 30, 2008, the Company's senior debt was \$24,973,000, consisting of notes in the aggregate principal amount of \$23,373,000 and a note in the principal amount of \$1,600,000, and the Company's subordinated debt consisted of (i) subordinated notes in the principal amount of \$6,144,000, on which interest accrued through June 30, 2008 was \$7,362,000, and (ii) convertible notes in the principal amount of \$385,000, on which interest accrued through June 30, 2008 was \$309,000.

On August 1, 2008, pursuant to Amendment No. 31, as well as an agreement dated May 8, 2008 between the Company and Cheyne, as amended and restated on June 20, 2008, and agreements with the holders of all of the Company's subordinated notes in the principal amount of \$6,144,000, the Company completed a debt restructuring as follows:

- With respect to the notes in the aggregate principal amount of \$23,373,000, Cheyne converted the notes into a note for \$11,601,156 plus 7,038,236 shares of common stock, representing 70% of the common stock outstanding after giving effect to the reverse split and all of the issuances contemplated by the restructuring plan (the "Total Issuances"). The principal amount of the note represents the \$10,000,000 principal amount of the note as contemplated by the June 20, 2008 agreement, plus interest of \$1,601,156. The note will bear interest at 12.5% per annum and will be amortized on a payment schedule over its 6¾-year term with a final payment of \$2,101,156 due on March 31, 2015. The new note continues to constitute senior debt.
- The note in the principal amount of \$1,600,000 was extended to December 31, 2008. This note continues to constitute senior debt.
- The holders of all Company's subordinated notes converted the entire principal amount of the notes, together with accrued interest into subordinated notes in the principal amount of \$1,750,000 and 1,407,667 shares of common stock, representing 14% of the common stock outstanding after giving effect to the reverse split and the Total Issuances. The \$1,750,000 note will be repaid based upon a 25-year amortization schedule and will mature January 31, 2016. Such debt will bear interest at 10% annually payable quarterly in arrears.
- The Company agreed to offer the holders of the Company's convertible debentures in the principal amount of \$385,000, including accrued interest, the right to convert the principal and accrued interest on their debentures into subordinated notes in the principal amount equal to their proportionate share (based on the principal amount of debentures) of \$100,000 and their proportionate shares of 100,546 shares of common stock, representing 1% of the common stock outstanding after giving effect to the reverse split and the Total Issuances. These notes will have a 25-year amortization schedule and a 7½ year maturity date. The \$100,000 notes will bear interest at 10% annually payable quarterly in arrears.
 - The Company issued 603,277 shares of common stock, representing 6% of the common stock outstanding after giving effect to the reverse split and the Total Issuances, to key officers and employees.

Certain other creditors have agreed to accept substantial discounts on their outstanding claims.

In addition, for services relating to the debt restructuring, the Company agreed to pay Advicorp, PLC a fee of \$200,000, payable in 25 equal monthly installments commencing January 2009 and to grant Advicorp a warrant to purchase 201,072 shares of common stock at an exercise price equal to the average closing price of the common stock on the five trading days commencing August 31, 2008.

Item 5.03 Amendment to Articles of Incorporation or Bylaws; Change in Fiscal Year

The Company filed a certificate of amendment to its certificate of incorporation with the Secretary of State of Delaware, effective July 31, 2008, which effected a one-for-11.11 reverse split of the issued and outstanding common stock. As a result of the reverse split, each share of common stock was converted into 0.0900090009 share of common stock. The reverse split reduced the number of outstanding shares of common stock from 10,053,617 shares to approximately 904,916 shares. Any stockholder who beneficially owns a fractional share of the Company's common stock as a result of the reverse stock split will receive such additional fractional share as will result in the holder having a whole number of shares. The amendment did not change the par value, which remains at \$0.01 per share, or the number of authorized shares of common stock, which remains at 20,000,000 shares.
