EXPLANATORY NOTE

The purpose of this Post-Effective Amendment No. 1 to Innovus Pharmaceuticals, Inc.'s S-1 Registration Statement is to correct a mathematical error in calculation of Professional Fees and General and Administrative Expenses line items in the Condensed Consolidated Statement of Operations and Net Loss line item in the Condensed Consolidated Statement of Cash Flows in the column captioned "From October 31, 2008 (inception) through June 30, 2012" ("From Inception" column). Numbers affected by this error were limited to the "From Inception" columns in the Condensed Consolidated Statement of Operations and Condensed Consolidated Statement of Cash Flows which appeared in the previously filed Form 10-Q for the period ended June 30, 2012. No other changes have been made to the Form 10-Q. This Amendment No. 1 speaks as of the S-1 which was declared effective on August 16, 2012, does not reflect events that may have occurred subsequent to that date and does not modify or update in any way disclosures made in the S-1 and Prospectus which became effective on August 16, 2012. All of the Company's other periodic filings with the Securities and Exchange Commission are not impacted by this mathematical error.

Notes to the Condensed Consolidated Financial
Statements
June 30, 2012 and December 31, 2011

NOTE 1 CONDENSED FINANCIAL STATEMENTS

In the opinion of management, the accompanying condensed financial statements include all adjustments, consisting of normal recurring adjustments, which are necessary to present fairly the Company's financial position, results of operations and cash flows. The condensed balance sheet as of December 31, 2011 has been derived from audited financial statements as of that date. The interim results of operations are not necessarily indicative of the results that may occur for the full fiscal year. Certain information and footnote disclosure normally included in financial statements prepared in accordance with U.S. generally accepted accounting principles (U.S. GAAP) have been condensed or omitted pursuant to instructions, rules and regulations prescribed by the U.S. Securities and Exchange Commission (the SEC). The Company believes that the disclosures provided herein are adequate to make the information presented not misleading when these condensed financial statements are read in conjunction with the financial statements and notes included in its Annual Report on Form 10-K for the year ended December 31, 2011 filed with the SEC.

NOTE 2 GOING CONCERN

The Company's financial statements are prepared using generally accepted accounting principles in the United States of America applicable to a going concern which contemplates the realization of assets and liquidation of liabilities in the normal course of business. As a result of its losses to date, expected losses in the future, limited capital resources and accumulated deficit, there is substantial doubt as to the Company's ability to continue as a going concern. The Company has not yet established a source of revenues sufficient to cover its operating costs and allow it to continue as a going concern. The ability of the Company to continue as a going concern is dependent on the Company obtaining adequate capital to fund operating losses until it becomes profitable. If the Company is unable to obtain adequate capital, it could be forced to cease operations.

In order to continue as a going concern, the Company will need, among other things, additional capital resources. Management's plan is to obtain such resources for the Company by obtaining capital from management and significant shareholders sufficient to meet its minimal operating expenses and seeking equity and/or debt financing to finance the acquisition of product targets and the development of such targets. However management cannot provide any assurances that the Company will be successful in accomplishing any of its plans.

The ability of the Company to continue as a going concern is dependent upon its ability to successfully accomplish the plans described in the preceding paragraph and eventually secure other sources of financing and attain profitable operations. The accompanying financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

In the Company's annual report filed for the year ended December 31, 2011, the Company's independent registered public accounting firm has included an explanatory paragraph in their report dated March 30, 2012, expressing substantial doubt about the Company's ability to continue as a going concern.

NOTE 3 SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3 SIGNIFICANT ACCOUNTING POLICIES (continued)

Recent Accounting Pronouncements

The Company has evaluated recent accounting pronouncements and their adoption has not had or is not expected to have a material impact on the Company's financial position or statements.

NOTE 4 RELATED PARTY TRANSACTIONS

The Company has recorded expenses paid on its behalf by shareholders as a related party payable. At December 31, 2011, this payable totaled \$87,168. During the six months ended June 30, 2012 the Company repaid \$12,500 on this amount, and converted the remaining \$74,668 into a convertible debenture (see Note 5).

NOTE 5 CONVERTIBLE DEBENTURES RELATED PARTIES

On January 13, 2012, the Board of Directors authorized the issuance of a total of \$174,668 in promissory notes (the January Notes) to six individuals. One Note for \$74,668 was issued to one accredited investor in exchange for the liabilities assumed from North Horizon, Inc. The five remaining January Notes for a total of \$100,000 in new cash infusion were issued to five individuals, three of whom are members of the Company's Board of Directors. The January Notes bear an annual interest rate of 8% and payable in cash at the earlier of January 13, 2013 or when the Company completes a financing of a minimum of \$4 million (the Financing). The holders of the January Notes have the right to convert their principal and interest accrued into the Company's securities (New Financing Securities) that will be issued to the investors in the future Financing. In the event the Company defaults on repayment, or if the Company fails to complete a Financing within one year of the note date, the annual interest rate would increase to 13% and the holders of the January Notes would have the right to convert at \$0.05 per share. Through June 30, 2012, \$12,000 of such notes were converted into shares of common stock (see Note 6), leaving a balance of \$162,668 at June 30, 2012. Interest expense recognized for the three and six months ended June 30, 2012 was \$4,472 and \$8,455, respectively.

The embedded conversion feature is contingent upon the occurrence of the future Financing. The value of the contingent conversion feature, if beneficial, will be recognized when the contingencies are resolved.

NOTE 6 STOCKHOLDERS EQUITY

Rescission Offer

On February 29, 2012, the Company made an offer for rescission to former FasTrack shareholders of the record date for the approval of the Reverse Merger. The Reverse Merger had been approved by the written consent of FasTrack shareholders holding a majority of the shares outstanding. Because FasTrack had not solicited any proxies from its shareholders for approval of the Reverse Merger, limited or no information had been provided to the FasTrack shareholders who had not signed the written consent. The Company sent to the former FasTrack shareholders the North Horizon Information Statement dated September 27, 2011 and a report on Form 8-K dated December 12, 2011, which provided information about North Horizon and FasTrack including a description of the business, future plans, risk factors, financial information, description of the transactions, biographical summaries of the new officer and directors, financial statements and pro-forma financial statement for North Horizon and FasTrack as of September 30, 2011. Former shareholders of FasTrack had thirty days to accept or reject the rescission offer of \$6 per share (\$.002 after effect of conversion ratio) from the date of receipt of the information. The rescission offer was limited to the FasTrack shareholders who were shareholders as of the record date of December 7, 2011. The Rescission Offer was not accepted by any parties, and expired on April 14, 2012. Through the date of rescission offer expiration (April 14, 2012), the Company recognized the amounts potentially refundable under this offer as a liability. On April 14, 2012, the amount of such liability was reclassified to stockholders equity since the rescission period expired.

NOTE 6 STOCKHOLDERS EQUITY (continued)

Contingency related to shares of common stock issued in the reverse merger

As of the date of the merger between FasTrack and North Horizon (the record date), the FasTrack shareholders may not have received adequate information regarding the combination and merger. The FasTrack shareholders reside in thirteen states and commonwealths. The securities statutes of these jurisdictions have exemptions for an exchange or for a transaction that is termed an isolated transaction. Despite the fact, that none of FasTrack shareholders chose to rescind the offer, as described above, the shareholders reside in different jurisdictions and the statutes of limitations in these jurisdictions have different terms, the longest being four years. Until such statutes expire, a shareholder may make a claim against the Company. Until such claim is made there will be no impact on the Company. At this time the Company unable to determine if any shareholder will make a claim and if pursued what any outcome may be.

Issuances of Common Stock

On June 26, 2012 the Company issued 134,000 shares of common stock to an unrelated investor at \$0.75 per share for cash proceeds of \$100,500.

On June 26, 2012 the Company and an unrelated noteholder reached a settlement on outstanding balance of \$12,000, plus accrued interest of \$435, of the convertible debenture whereas the fair value of the 16,580 shares of common stock issued approximated the carrying value of the outstanding convertible debenture at time of settlement.

Accordingly, no gain or loss resulted from the settlement. (See Note 5)

NOTE 7 NON CASH FINANCING ACTIVITIES

Six-month period ended June 30, 2012:

\$74,668 payable to a related party was converted into a convertible note, as described in Note 5. The Company issued 135,888 shares of common stock related to the conversion of the Apricus Bio convertible promissory note that was originally issued in December 2011 and deemed contributed to capital in March 2012. A \$12,000 note payable with accrued interest of \$435 was converted into 16,580 shares of common stock, as described in Note 6.

Contingent liability in the amount of \$28,926 was reclassified to equity due to expiration of the rescission rights, none of which were exercised

Six-month period ended June 30, 2011:

The Company issued of 134,364 shares of common stock to Dr. Bassam Damaj, our largest shareholder, for a settlement of \$7,000 of accounts payable balance
