General Information

This proxy statement contains information about the 2019 Annual Meeting of shareholders of Juniata Valley Financial Corp. We refer to Juniata Valley Financial Corp. in this proxy statement as the “Company”, “Juniata”, “we,” “our” or “us.” The Company is the holding company for The Juniata Valley Bank, which we refer to as the “Bank.” We first mailed this proxy statement and the enclosed proxy card to shareholders on or about April 18, 2019.

Date, Time and Place of Meeting

The Annual Meeting of the shareholders of the Company will be held at 10:30 a.m. on Tuesday, May 21, 2019, at the Juniata Valley Bank Financial Center, 1762 Butcher Shop Road, Mifflintown, PA (the “Annual Meeting”).

Purpose of the Meeting

The shareholders will be asked to consider and vote upon the following matters at the meeting:

- the election of three Class B directors to serve until the 2022 Annual Meeting;
- a non-binding “Say on Pay” proposal to approve the compensation of the named executive officers; and
- such other business as may be properly brought before the meeting and any adjournment or postponement thereof.

Solicitation of Proxies

The enclosed proxy is being solicited by the Board of Directors of the Company (the “Board”) for use at the Annual Meeting. The Company will bear the entire cost of the solicitation of proxies, including the costs of preparing, printing and mailing the proxy statement and all related materials. Copies of solicitation material will be furnished to brokerage houses, fiduciaries and custodians to forward to beneficial owners of stock held in the names of such nominees. The Company will reimburse brokers and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to the owners of the Company’s common stock. In addition to use of the mail, proxies may be solicited by directors, officers and other employees of the Company, without additional compensation, in person or by telephone. The Company does not plan to employ a professional solicitation firm with respect to items to be presented at the Annual Meeting.

The executive offices of the Company are located at 218 Bridge Street, Mifflintown, Pennsylvania 17059, where the telephone number is (855) 582-5101. The Company’s mailing address is P.O. Box 66, Mifflintown, PA 17059.

Voting Procedures

Who can vote?

Only holders of shares of common stock, par value \$1.00 per share, of the Company (the “common stock”) as shown on the books of the Company at the close of business on February 22, 2019 (the “Record Date”) will be entitled to vote at the Annual Meeting. A total of 5,099,398 shares of common stock were outstanding on the Record Date and entitled to vote at the Annual Meeting. As of the Record Date, the Trust Department of the Bank, as sole trustee, held 41,428 shares of the Company’s common stock, which is 0.81% of the total number of shares outstanding as of that date. Pursuant to the Bank’s policy, the Trust Department will vote these shares at the Annual Meeting in favor of each nominee for director named in this proxy statement, in favor of the non-binding “Say on Pay” proposal to approve the compensation of the named executive officers (“Say on Pay”) and, as to other matters, in a manner consistent with management’s recommendations, as long as voting authority is conferred on the Trust Department in the trust or account instrument. Each share of common stock entitles the holder to one vote on all matters to be voted upon. The enclosed proxy card shows the number of shares you may vote. The presence, in person or by proxy, of the holders of a majority of the shares of common stock outstanding and entitled to vote is required to constitute a quorum for the transaction of business at the Annual Meeting.

What vote is required?

The directors will be elected by a plurality of the votes cast at a meeting at which a quorum is present. Because three directors are being elected at the 2019 Annual Meeting, the three nominees receiving the greatest number of votes will be elected. Approval of the Say on Pay proposal requires the number of votes cast in favor of the proposal to exceed the number of votes cast against it. All other matters to be voted on at the Annual Meeting must be approved by the holders of a majority of the votes cast at the Annual Meeting.

How are votes counted?

The judge of election will treat shares of Juniata Valley Financial Corp. common stock represented by a properly signed and returned proxy as present at the Annual Meeting for purposes of determining a quorum, without regard to whether the proxy is marked as casting a vote or abstaining. Likewise, the judge of election will treat shares of common stock represented by "broker non-votes" (i.e., shares of common stock held in record name by brokers or nominees as to which (i) instructions have not been received from the beneficial owners or persons entitled to vote, (ii) the broker or nominee does not have discretionary voting power under applicable rules of the National Association of Securities Dealers, Inc. or the instrument under which it serves in such capacity, or (iii) the record holder has indicated on the proxy or otherwise notified Juniata Valley Financial Corp. that it does not have authority to vote such shares on that matter) as present for purposes of determining a quorum if such shares have been voted at the meeting on any matter, other than a procedural motion. Abstentions and broker non-votes are not votes cast and will have no effect on the election of directors or approval of the Say on Pay proposal.

Can I change my vote after I return my proxy card?

If you grant a proxy, you may revoke your proxy at any time until it is voted by:

delivering a notice of revocation or delivering a later-dated proxy to JoAnn McMinn, Secretary, Juniata Valley Financial Corp., 218 Bridge Street, P.O. Box 66, Mifflintown, Pennsylvania 17059;

submitting a proxy card with a later date at the Annual Meeting; or

appearing at the Annual Meeting and voting in person, provided that you give notice to the Secretary at the Annual Meeting that you wish to revoke your proxy and vote in person.

Your last vote is the vote that will be counted. Unless revoked, any proxy given pursuant to this solicitation will be voted at the meeting in accordance with the instructions thereon. In the absence of instructions, all proxies will be voted FOR the election of the three nominees for director identified in this Proxy Statement and FOR the approval of the Say on Pay proposal. Although the Board of Directors knows of no other business to be presented, in the event that any other matters are properly brought before the meeting, any proxy given pursuant to this solicitation will be voted in accordance with the recommendations of the Board of Directors of the Company.

Can I vote in person at the Annual Meeting?

Yes. You may attend the Annual Meeting and vote in person whether or not you have previously returned a proxy card. If you have previously returned a proxy card, your vote at the Annual Meeting will revoke your proxy vote, provided that you give notice to the Secretary at the Annual Meeting that you wish to revoke your proxy and vote in

person. However, we encourage you to complete and return the proxy card to ensure that your vote is counted.

Management

Directors of the Company

General

With respect to directors, the Company's bylaws provide that:

- the Board of Directors consists of not less than five nor more than 25 directors;
- there are three classes of directors (A, B and C), as nearly equal in number as possible;
 - each class is elected for a term of three years; and
- the term of each class is staggered so that the term of office of one class of directors will expire each year.

During 2018, the Board of Directors consisted of eight directors.

Director Qualifications

The process for identifying and evaluating any individual nominated for board membership, including those nominated by a shareholder, is described in the "Nominating Committee" section below. Specific information on the experience, qualifications, attributes or skills of the Company's continuing directors and nominees is described in the summary biographies below.

The Company follows the NASDAQ listing standards for determining the independence of directors and committee members. The Board of Directors determined that seven (7) of the current eight (8) directors are independent, as defined in the applicable NASDAQ listing standards. Specifically, the Board of Directors found that Directors Buffington, Dreibelbis, Gingerich, Havice, Kelsey, Scanlon and Wagner met the definition of independent director in the NASDAQ listing standards and that each of these directors is free of any relationships that would interfere with his individual exercise of independent judgment. In addition, members of the Audit Committee and Personnel and Compensation Committee of the Board of Directors meet the more stringent requirements for independence under the NASDAQ listing standards, and the rules and regulations of the SEC for service on these committees. The Board of Directors considered the relationships and other arrangements, if any, of each director with the Company when independence was reviewed.

The biographical information, experience and qualifications set forth below represent each continuing director's or nominee's background, experience, qualifications, attributes or skills that led the Company to conclude that these persons should serve as Directors.

Proposal 1

ELECTION OF DIRECTORS

The Nominating Committee has nominated the three persons named below as directors. Although we do not know of any reason why any of these nominees might not be able to serve, we may propose a substitute nominee if any nominee is not available for election. Unless you indicate otherwise, your proxy will be voted in favor of the election of those nominees. Each nominee for the position of Class B Director is currently a director of the Company and the Bank, and has been screened for independence, and noted above.

As the owner and president of successful businesses, Mr. Gingerich brings valuable knowledge and experience in risk assessment and financial operations. As an independent employer, his broad knowledge of employment issues and compensation matters qualify him to serve on the Company's Personnel and Compensation Committee. The Board has determined that Mr. Gingerich is independent under NASDAQ and SEC standards.

Gary E. Kelsey. Mr. Kelsey, age 56, is a lifetime resident of Potter County, where he has held the elected position of Potter County Register of Wills and Recorder of Deeds since 1988. Ms. McMinn previously served on the Federal Home Loan Bank of Pittsburgh's Member Advisory Board.

Corporate Governance and Board Matters

Shareholder Communications with the Board

The Board has established a procedure whereby shareholders are able to communicate directly with the Board by addressing communications either to the Audit Committee Chair or, in the case of recommendations for Board candidates, the Secretary, c/o Juniata Valley Financial Corporation, 218 Bridge Street, Post Office Box 66, Mifflintown, Pennsylvania 17059. Every communication directed to the Audit Committee Chair will be delivered directly to the Audit Committee Chair, who will in turn forward the communication to the specific member of the Board to whom it has been addressed and to the Board as a whole. All communications regarding nominations that are sent to the Secretary will be forwarded to the Chair of the Nominating Committee.

Risk Oversight

Oversight of material risks facing the Company is a major area of emphasis for the Board of Directors. The Board, upon recommendations from appropriate committees, annually approves all operating policies. The Audit Committee reviews results of all regulatory examinations and audits, both internal and external, and monitors responses from management to recommendations for procedural changes. All members of the Audit, Nominating and Personnel and Compensation Committees are independent directors and meet regularly with management. Each committee requires proof of adherence to all applicable policies which they oversee. The Loan Committee is comprised entirely of directors who rotate attendance at weekly meetings with management. The Board is informed routinely of new regulations, current issues of importance, key examination points, industry news and peer and competition activity by management at monthly Board meetings and periodic committee meetings.

Board Leadership Structure

It is the policy of the Company to separate its Chairman and Chief Executive Officer positions. We believe that having an independent Chairman increases the effectiveness of risk oversight and management evaluation, and separate positions serve to eliminate the appearance of a conflict between personal and shareholders' interests. For example, if one individual serves as both Chairman and Chief Executive Officer, and that person is responsible for setting corporate goals, that situation could create the appearance of a conflict of interest. In his or her role as Chairman, the individual would have an interest in setting higher benchmarks in order to motivate corporate officers to improve the performance of the Company and thereby increase the shareholders' return on their investment. On the other hand, in his or her role as Chief Executive Officer, that individual could arguably have an interest in setting a lower benchmark since the attainment of corporate goals is a factor in evaluating the performance of the Chief Executive Officer. Separating the positions of Chairman and Chief Executive Officer eliminates issues such as these.

Related Party Transactions

During 2018, the Bank had, and expects to continue to have, banking transactions in the ordinary course of business with our directors and executive officers on the same terms, including interest rates and collateral on loans, as those prevailing at the time for comparable loans with persons not related to the Bank. Management believes that these loans present no more than the normal risk of collectability and do not present other unfavorable features. The Company's Code of Conduct and Ethics (the "Code") requires all directors, officers and employees to avoid situations that may create a conflict of interest or the appearance of a conflict of interest. The Code contains specific prohibitions on financial or other interests in customers, borrowers, suppliers or other companies dealing with the Company and requires prior approval by the Senior Vice President/Human Resources Director in order to enter into any such arrangements. In addition, the purchase, lease or sale of assets to or from the Company by employees or directors also requires the prior approval of the Senior Vice President/Human Resources Director except in certain limited circumstances, such as a public sale.

Board and Committee Meeting Attendance

The Board of Directors of the Company met 12 times in 2018. No director attended fewer than 75% of the total number of meetings of the Board and the committee(s) on which he or she served. The Board has standing Audit, Nominating and Compensation Committees, in addition to other committees that are more specifically related to the banking business. The Board has adopted a policy requiring the attendance of all directors at the Annual Meeting, absent extenuating circumstances. All members of the Board attended the 2018 Annual Meeting.

Following are descriptions of these Committees and a report from the Audit Committee.

Audit Committee

Members, Number of Meetings, Function, Charter and Audit Committee Financial Expert

The members of the Audit Committee are Bradley Wagner (Chairman), Philip Gingerich, Jr., Timothy Havice and Richard Scanlon. Each member is an independent director and qualified to serve on the Audit Committee based on the heightened qualifications for enhanced independence and financial literacy established by NASDAQ and applicable SEC regulations. The Board of Directors has determined that Bradley Wagner meets the SEC requirements to qualify as a financial expert. The Audit Committee met four times in 2018. Its responsibilities include monitoring the integrity of the Company's financial reporting process and systems of internal controls regarding finance, accounting and regulatory compliance, monitoring the independence and performance of the Company's independent registered public accountants and internal auditing department and providing an avenue of communication among the independent registered public accountants, management, the internal auditing department and the Board of Directors. The Committee, along with the Board of Directors, has formally adopted an Audit Committee charter setting forth its responsibilities. The charter is available on the Company's website, at jvbonline.com, under the Investor Relations tab.

Report of the Audit Committee

Management has the primary responsibility for the financial statements and the reporting process, including the Company's systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed and discussed the audited financial statements in the Annual Report to Shareholders with management, including a discussion of not just the acceptability, but also the quality, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosure in the financial statements.

The Committee reviewed with the Company's independent registered public accountants, who are responsible for expressing an opinion on the Company's financial statements, the Committee's judgments as to both the acceptability and the quality of the Company's accounting principles and such other matters as are required to be discussed with the independent registered public accountants in accordance with the Standards of the Public Company Accounting Oversight Board (United States). In addition, the Committee has discussed with the independent registered public accountants the matters required to be discussed by Public Company Accounting Oversight Board Auditing Standard No. 1301 (Communication with Audit Committees). We have also received from BDO USA, LLP, the Company's independent registered public accountants, written disclosures and a letter concerning the firm's independence with respect to the Company, as required by the Public Company Accounting Oversight Board Ethics and Rule 3526, (Communication with Audit Committees Concerning Independence) and has discussed with BDO USA LLP, the independent auditors' independence.

The Committee discussed with both the Company's internal and independent registered public accountants the overall scope and plans for their respective audits. The Committee meets with the internal and independent registered public accountants, with and without management present, to discuss the results of their examinations, their evaluations of

the Company's internal controls and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2018 for filing with the Securities and Exchange Commission.

Nominating Committee

Members, Meetings, Function and Charter

The members of the Nominating Committee are Martin Dreibelbis (Chairman), Philip Gingerich, Jr., Michael Buffington and Timothy Havice. Each member is an independent director, meeting the qualifications for independence established by NASDAQ. The function of the Committee is to identify and recommend qualified candidates for election to the Board of Directors and to nominate candidates to fill vacancies that occur between shareholder meetings. A current copy of the Committee's charter is posted on the Company's website at jvbonline.com, under the Investor Relations tab. The Nominating Committee met once in 2018. The Committee considers potential candidate skill sets and background, current board skill sets and backgrounds, diversity of the Board and the ability of a person to devote the necessary time to serve as a Director when assessing a candidate's qualifications. Candidates for director are selected for their character, judgment, business experience, expertise and acumen. The Company's Bylaws state that no person shall be eligible to be elected as a Director if he or she shall have attained the age of seventy-five years on or prior to the date of his or her election.

Process for Identifying and Evaluating Nominees for Director

The Committee utilizes current Board members, management and other appropriate sources to identify potential nominees. The Committee conducts any appropriate and necessary inquiries into the backgrounds and qualifications of possible candidates after considering the function and needs of the Board of Directors, and recommends nominees for approval by the Board of Directors and shareholders. In nominating candidates, the Committee may take into consideration such factors as it deems appropriate, including personal qualities and characteristics, experience, accomplishments and reputation in the business community and current knowledge and contacts in the communities in which the Company does business. The Company does not have a separate written policy on how diversity is to be considered in the director nominating process, however diversities in viewpoints, backgrounds, and experience are informally considered, as well as ability and willingness to commit adequate time to Board and committee matters. The Committee assesses the fit of the individual's skills and personality with those of other directors and potential directors in creating a Board that is effective and responsive to its duties and responsibilities and has the right composition to perform its oversight functions effectively.

The Nominating Committee will receive and consider nominee recommendations that shareholders address to the Secretary of the Company at the address listed on the first page of this proxy statement. If a shareholder wishes to nominate candidates for election at the Annual Meeting, the shareholder must comply with the procedures contained in the Company's bylaws, which include a requirement that the shareholder deliver or mail a notice to the Secretary of the Company not less than 120 days prior to the anniversary date of the immediately preceding Annual Meeting stating his or her name, residence address and the number of shares of the Company owned. The notice must also contain the following information on each proposed nominee:

- The name, address and age of the nominee;
- The principal occupation of the nominee;
- The number of shares of the Company common stock owned by the nominee; and
- The total number of shares that, to the shareholder's knowledge, will be voted for the nominee.

The same process is used to evaluate both Board nominees and shareholder nominees. The Chairman of the meeting will disregard any nomination made at the Annual Meeting that does not comply with the required procedure, and the judges of election will disregard any votes cast for such nominees.

Personnel and Compensation Committee

The Personnel and Compensation Committee makes recommendations to the Board regarding executive compensation. The committee, along with the Board of Directors, has formally adopted a Personnel and Compensation Committee charter setting forth its responsibilities. The charter is available on the Company's website, at jvbonline.com, under the Investor Relations tab. Members are Philip Gingerich, Jr. (Chairman), Martin Dreibelbis,

Timothy Havice, and Michael Buffington. Each member of the Personnel and Compensation Committee was independent, and continues to be independent, based on the heightened requirements for independence established by NASDAQ and the SEC. The Personnel and Compensation Committee meets as often as is necessary, but must meet at least three times each year. The Committee met five times in 2018. None of the members of the Personnel and Compensation Committee has been an officer or employee of the Company or the Bank at any time.

Role of the Personnel and Compensation Committee

The Personnel and Compensation Committee is established to provide oversight of the Company's human resource function and to make recommendations to the Board of Directors as deemed appropriate. The Committee is responsible for development of all proposals regarding executive compensation and for review of all active plans involving short or long-term compensation. The Committee does not have final authority on compensation proposals, but must approve all compensation-related proposals (including all plan revisions) before those proposals are presented to the Board for final approval. Some of the specific responsibilities of the Committee include the following:

- Establishing an executive compensation philosophy and strategy and compensation program design and implementation;

- Determining executive benefit packages to ensure a competitive compensation and benefits package;

- Updating provisions within the Company's incentive plan(s) for goal setting and determination as to whether targets have been met;

- Approving stock-based compensation awards under the Long-Term Incentive Plan;

- Participating in the executive selection process;

- Reviewing and approving investment strategy and options for defined benefit and defined contribution (401(k)) plans;

- Considering discretionary annual performance and bonus payouts;

- Maintaining a current management succession plan;

- Engaging and directing a human resources consultant, if needed;

- Maintaining a current and effective Personnel and Compensation Committee Charter;

- Reviewing and approving the Director and Advisory Board fee schedules; and

· Approving a human resource policy which governs employment practices, general and executive compensation and benefits, performance management, policies and procedures, legal compliance and workforce planning.

Committee Advisors/Consultants

In 2018, the Committee continued to engage Mosteller & Associates, a human resource consulting firm, to provide analysis and advice on executive compensation-related matters (including assessment of peer groups, competitive market data, and pay mix and compensation design). The Committee considered the independence of Mosteller & Associates in light of SEC rules and NASDAQ listing standards. The Committee concluded that the work performed by Mosteller & Associates did not raise any conflict of interest and concluded that Mosteller & Associates continues to be an independent committee consultant. The Company does not have a policy that limits the other services that an executive compensation consultant can perform. Mosteller & Associates did not provide additional services in 2018 with associated fees in excess of the \$120,000 SEC disclosure threshold for a consultant. During 2018, the Committee requested Mosteller & Associates to provide:

· Advice for the establishment of performance criteria and factors for Employee Annual Incentive Plan (“EAIP”) for 2018;

· Executive compensation review of the positions of Chief Executive Officer and Chief Financial Officer. The scope of the review included a proxy statement analysis completed in April of 2018 (based upon proxy statements filed for 2017). The analysis encompassed reported compensation of the similarly ranked executive positions in a defined peer group that included banks of similar size and structure; and

· Advice for the establishment of market range guidelines for determination of appropriate executive stock awards.

In addition, as part of the benchmarking process, data from three published surveys was used to provide a broader view of compensation practices. The market study provides for comparison of annual base rates of pay and bonus payouts on a position-by-position basis.

Philosophy/Objectives of Executive Compensation Programs

The success of our Company is dependent upon the attraction and retention of key employees. Although compensation tools and programs inevitably must be adjusted as conditions change, the Company’s compensation philosophies are designed to align with business objectives. The Company provides its executives with a mix of compensation, including base pay and the opportunity for annual short-term incentive cash awards and long-term equity awards, which is designed to reward short and long-term positive financial performance by the Company.

We believe a competitive base salary is important to attract and retain qualified executives. We believe annual performance-based bonuses are valuable in recognizing and rewarding individual achievement. Finally, we believe equity-based compensation makes executives “think like owners” and, therefore, aligns their interests with those of our shareholders. Equity-based compensation is intended to provide a strong incentive for executives to remain with the Company by linking their compensation to the value of our shares over time.

All components of executive compensation are designed to enable the Company to:

- attract, motivate and retain results-oriented executive and key management employees;
- tie executive compensation to shareholder return;
- link compensation directly to the organization’s strategic objectives; and
- reward collective and individual (as appropriate) performance contributing to the overall success of the organization.

For both the short-term and long-term incentive plans, designated performance goals:

- are designed to align with the Company’s business objectives;
- are chosen to reward results that increase shareholder value;
- are targeted to achieve budgeted ratios;
- focus on expanding the Company into new geographic markets; and
- include a focus on organizational efficiency.

Additionally, the Company offers retirement benefits to all its employees through a defined contribution 401(k) plan with a 3% employer safe harbor contribution and an employer matching contribution. The matching contribution is designed so that all employees could receive employer contributions of up to an additional 4% of salary, based on individual salary deferral levels. We believe that this benefit is attractive to both executives and other employees. In addition, executive officers participate in a salary continuation plan and a split-dollar life insurance benefit and are parties to a change of control severance agreement. These benefits were designed and selected to be appealing to potential and existing key employees, in comparison to those benefits offered by other banks in our general competitive geographic area.

In determining the amount of each element of executive compensation, the following key items are considered:

- market-competitiveness within the general geographic area;
- appropriate balance of risk/reward; and
- company/business unit/individual performance.

The Committee believes that the Company's compensation policies and practices are not reasonably likely to have a material adverse effect on the Company. Internal controls and risk oversight provided by the Audit and Asset/Liability Management Committees, as well as internal policies and compliance standards, are designed so that no one individual can implement new products or pricing strategies, enter into material contracts or commit to investment vehicles outside established guidelines. Additionally, the ratio of variable incentive-based compensation to base salary is relatively low.

Elements of Executive Compensation

Executive pay policies are generally in line with Company policies for all employees, including the existence of a salary range, an annual base salary review process, including consideration for merit pay adjustments and, as appropriate, inclusion of both short-term and long-term incentive compensation opportunities that focus executives on Company performance and success. The Company's success is dependent upon its ability to attract and retain highly qualified and motivated executives. The Company endorses the philosophy that executive compensation should reflect Company performance and the contribution of such officers to that performance. Our executive compensation program is designed to support our Company's core values and strategic objectives. Moreover, our compensation philosophy is intended to align the interests of management with those of our shareholders. The principal components of total compensation for our named executive officers are base salary, annual incentive bonus and equity-based incentives. Salary and bonus are inherently short-term compensation elements, while equity-based incentives are inherently long-term. The Committee acknowledged the shareholders' endorsement of the Company's executive compensation practices by their approval of the non-binding Say on Pay proposal at the 2018 Annual Meeting.

Base Salary. The Chief Executive Officer's base pay range is established, reviewed and updated periodically by the Board, as recommended by the Personnel and Compensation Committee. Guidance is received through compensation surveys of like-positions in similarly sized community financial services organizations within the established peer group provided by the Committee's human resources consultants. Pay adjustments for the Chief Executive Officer are determined annually by the Board using this data. While no mathematical weighting formula exists, the Committee considers all other factors which it deems relevant, including the Company's financial results, the Company's performance relative to its peer group, the duties and responsibilities of the Chief Executive Officer, the Chief Executive Officer's individual performance relative to written objectives established at the beginning of each year and current compensation levels, as well as the benchmark information. The Company targets salaries at the mid-range base pay of similar positions within the Peer Group and the market analysis. Base salary for the Chief Financial Officer is determined in the same way as the Chief Executive Officer position. The Committee generally establishes salary guidelines at levels that approximate the mid-range of the Peer Group. Additionally, in determining the amount of base salaries, the Committee considers the executive's qualifications and experience, scope of responsibilities and future potential, the goals and objectives established for the executive, the executive's past performance, competitive

salary practices at companies in the Peer Group and internal pay equity.

Annual Incentive (Short-term). The EAIP is designed to motivate executives to achieve favorable operating results. Awards are primarily based on overall financial performance utilizing measures such as earnings per share, return on average assets, return on average equity, asset quality and revenue growth, either individually or combined, depending on annual business objectives. Each year, the Company performance measures are established for all participants in line with budgeted expectations. Threshold, target and optimum or maximum performance measures are determined at the beginning of each year and based upon acceptable performance (threshold), budgeted performance (target) and a “stretch” performance goal (optimum or maximum).

The Personnel and Compensation Committee established performance criteria and factors for the Chief Executive Officer and the Chief Financial Officer, as well as other participants in the EAIP for 2018. The awards schedule was designed to include threshold, target and optimum performance criteria. Earnings per Share (EPS) (weighted at 75%) and Return on Average Equity (ROAE) (weighted at 25%) were designated as measures of performance for both categories for 2018. Both the Chief Executive Officer's performance and the Chief Financial Officer's performance are measured by these two performance factors. In addition, if the performance target thresholds are met, individual performance is further considered for upward or downward adjustment of the bonus amount. The threshold, target, and optimum levels of performance measures for 2018 were consistent with competitive industry performance objectives, and the Company believed the performance criteria were set at a level that created a likelihood of meeting, at minimum, the threshold levels during 2018. The target performance measures were each set at levels established in the Company's annual budget for 2018 (EPS of \$1.11 and ROAE of 8.66%), with threshold measures set at 95% of budget (EPS of \$1.05 and ROAE of 8.22%) and optimum criteria (EPS of \$1.22 and ROAE of 9.52%) set to reward performance significantly favorable to budget, up to 110% of target. For 2018, the Chief Executive Officer could receive an award of between 12% and 30% of base salary, subject to adjustment (+/- 10%) based on the executive's individual performance. For the Chief Financial Officer in 2018, incentive awards could range from 10.0% to 24% of base salary, subject to adjustment (+/- 10%), based upon the executive's individual performance. Awards are determined and paid annually after the financial results for the year have been determined. The Company's target level for performance was exceeded in 2018 (when adjusted for a defined benefit settlement and merger and acquisition expenses), and personal goals relating to strategic objectives were achieved. As a result, payouts were made to the CEO and the CFO according to the established formulas.

Long-Term Incentive Program (LTIP). The Long-Term Incentive Program is designed to reward contribution to the long-term appreciation in the value of the Company. The Committee strongly supports share ownership by its executives. We believe that the ownership of shares of our stock by our management team properly aligns their financial interests with the interests of our shareholders. The potential for awards is reviewed annually, although shares will not necessarily be awarded each year, depending upon the Company's financial performance. In order for a participant to receive a grant through the program, he or she must have at least a satisfactory job performance review for the year. Stock awards are considered at the regularly scheduled board meeting in February or March of each year, and if awarded, the grant date is established as the date of board approval. The LTIP allows for stock grants of various types. Until 2016, only incentive stock options had been granted, however, in 2016, the Board began the practice of granting restricted stock awards to the executive officers and continued that practice in 2018. The restricted stock awarded vests three years from the date of the grant, provided that the executive officer remains employed on the vesting date. During the vesting period, the executives will receive the dividends earned on the stock. Ms. Barber and Ms. McMinn received 1,600 and 920 restricted shares, respectively, on February 20, 2018, with a fair market value of \$19.80 per share on the date of the award.

Executive Benefits. Supplemental executive benefits may include a salary continuation plan, a group-term life carve-out plan and employment and/or change of control agreements, which are described below.

Tax and Accounting Impact. Although the Company takes into account deductibility of compensation, tax deductibility is not a primary objective of its compensation programs. Section 162(m) of the Internal Revenue Code disallows the deductibility by the Company of any compensation over \$1 million per year paid to certain members of executive management. None of the Company's officers is compensated in an amount that would limit the deductibility by the Company of their compensation under Section 162(m).

Post-Employment Benefits

Change of Control Severance Agreement. We believe that companies should provide reasonable severance benefits to executives. These severance arrangements are intended to provide an executive with a sense of security in making the commitment to dedicate his or her professional career to the success of our Company. With respect to executive management, these severance benefits should reflect the fact that it may be difficult for them to find comparable employment within a short period of time. Such arrangements also should disentangle the Company from the former employee as soon as practicable. For instance, while it is possible to provide salary continuation to an employee during the job search process, which in some cases may be less expensive than a lump-sum severance payment, we prefer to make a lump-sum severance payment in order to more cleanly sever the relationship as soon as practicable.

Our executive management and other employees have built the Company into the successful enterprise that it is today, and we believe that it is important to protect them in the event of a change in control. Further, it is our belief that the interests of shareholders will be best served if the interests of our executive management are aligned with them, and providing change in control benefits should eliminate, or at least reduce, the reluctance of executive management to

pursue potential change in control transactions that may be in the best interests of shareholders. Compared to the overall value of the Company, these potential change in control benefits are relatively minor. The cash components of any change in control benefits within the Change of Control Severance agreements are based upon the multiple of 2.95 times base salary.

Change of control arrangements for Ms. Barber and Ms. McMinn are set forth in each of their respective agreements. Ms. McMinn's agreement was entered into on November 7, 2005, and continues as long as Ms. McMinn is the Chief Financial Officer or holds a higher position within the Company. Ms. Barber's agreement was entered into on May 22, 2008 and continues as long as Ms. Barber holds the position of Chief Operating Officer or a higher position within the Company. For purposes of the Change of Control Severance Agreements, change of control occurs when one of the following events takes place:

- i) An acquisition of securities of Juniata Valley Financial Corp. representing 24.99% or more of the voting power of the Company's securities then outstanding;
- ii) A merger, consolidation or other reorganization of Juniata Valley Bank, except where the resulting entity is controlled, directly or indirectly, by Juniata;
A merger, consolidation or other reorganization of Juniata, except where shareholders of Juniata immediately prior to consummation of any such transaction continue to hold at least a majority of the voting power of the outstanding
- iii) voting securities of the legal entity resulting from or existing after any transaction and a majority of the members of the Board of Directors of the legal entity resulting from or existing after any such transaction are former members of Juniata's Board of Directors;
- iv) A sale, exchange, transfer or other disposition of substantially all of the assets of Juniata to another entity, or a corporate division involving Juniata; or

- v) A contested proxy solicitation of the shareholders of Juniata that results in the contesting party obtaining the ability to cast 25% or more of the votes entitled to be cast in an election of directors of Juniata.

Specific conditions that would trigger payments pursuant to Ms. McMinn's and Ms. Barber's contracts following a change in control are as follows:

- i) Any involuntary termination of employment (other than for cause);
- ii) Any reduction in title, responsibilities or authority;
Any reduction in salary in effect immediately prior to the change in control, or any failure to provide benefits at least as favorable as those under any of the pension, life insurance, medical, health and accident, disability or other
- iii) employee plans in which Ms. Barber or Ms. McMinn participated immediately prior to the change of control, or the taking of any action that would materially reduce any of such compensation or benefits in effect at the time of the change of control, unless such reduction relates to a reduction applicable to all employees generally;
- iv) Any reassignment beyond a 45 minute commute by automobile from Mifflintown, Pennsylvania; or
- v) Any requirement that Ms. Barber or Ms. McMinn travel in performance of her duties on behalf of the Company for a greater period of time during any year than was previously required.

Under Section 280G of the Internal Revenue Code, a "parachute payment" to a "disqualified individual" may result in adverse tax consequences. A "parachute payment" means any payment in the nature of compensation to (or for the benefit of) a "disqualified individual" if (i) the payment is contingent on a change in the ownership of the corporation, the effective control of the corporation or in the ownership of a substantial portion of the corporation's assets and (ii) the aggregate present value of the payments in the nature of compensation which are contingent on such change of control equals or exceeds three (3) times the "base amount". An "excess parachute payment" means an amount equal to the excess of any parachute payment over the base amount allocated to such payment. In general, "base amount" equals the disqualified individual's average annualized compensation, which was includible as gross income ("annual includible compensation"), for the five years preceding the tax year at issue. The statute defines the term "disqualified individual" as an individual (1) who is an employee, independent contractor, or other person specified in regulations who performs personal services for any corporation, and (2) who is an officer, shareholder, or highly compensated individual of the corporation. If the provisions of Section 280G are triggered, the paying corporation is denied any deduction for employee compensation on any excess parachute payments, and the recipient is subject to a nondeductible 20% excise tax on such excess parachute payment (in addition to income taxes). These agreements do not prohibit the making of payments in excess of the Section 280G limits.

Salary Continuation Agreement, as amended. The Bank executed Salary Continuation Agreements with Ms. Barber and Ms. McMinn in order to encourage these individuals to remain employees of the Bank through normal retirement age which is defined, for the purposes of this plan, as age 65. The Bank will not make any payments under this plan that would be a prohibited golden parachute payment. In addition to retirement, the plan has provisions for payment in the events of change of control and disability. Change in control means a change in the ownership or effective control of the Bank or in the ownership of a substantial portion of the assets of the Bank. Disability means the Executive: (i) is unable to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or can be expected to last for a continuous period of not less than twelve months; or (ii) is, by reason of any medically determinable physical or mental impairment which can be expected to result in death or can be expected to last for a continuous period of at least

twelve months. This plan allows for payments under these circumstances as described in the section below, entitled “Potential Payments Upon Termination or Change in Control”.

Group Term Carve-out Plan – Bank-owned Life Insurance. The Bank has purchased life insurance policies which insure the lives of each of the Named Executive Officers. Under the Group Term Carve-Out Plan, each of the participating Named Executive Officers’ beneficiaries will receive benefits in the event of his or her death as follows:

· If death occurs prior to termination of employment, the beneficiary will receive:

o Three times the participant’s base annual salary up to a maximum of:

§ \$603,000 in the case of Ms. Barber; or

§ \$453,000 in the case of Ms. McMinn

· If death occurs after termination of employment, if the participant has achieved a vested insurance benefit, as defined in the Group Term Carve-Out Plan, the beneficiary will receive two times the participant’s base annual salary.

The Bank is the sole owner and the direct beneficiary of death proceeds in excess of those allocated to each executive’s defined beneficiary. Any benefit qualifying as an excess parachute payment as defined in the Internal Revenue Code would be forfeited in the amount of the excess. Single-premium payments for this program were paid in 2007 in the amounts of \$296,000 and \$294,000, for the policies on the lives of Ms. Barber and Ms. McMinn, respectively.

In 2016, 2017 and 2018, Ms. McMinn was awarded 500, 800 and 920 restricted shares, respectively, which will fully vest on February 16, 2019, February 21, 2020 and February 21, 2021, respectively.

Potential Payments upon Termination or Change in Control

The following tables reflect the amount of compensation payable to each of the named executive officers in the event of voluntary or involuntary termination of employment with the Company due to the scenarios described below, as if such termination had occurred on December 31, 2018.

Marcie A. Barber, President and Chief Executive Officer

Assuming one of the following events occurred on December 31, 2018, Ms. Barber's payments and benefits would consist of the following:

Marcie A. Barber	Retirement	Death	Disability	Voluntary Resignation	Termination by Company Cause	Termination by Company without Cause	Change of Control
					with		
Salary Continuation Agreement ⁽¹⁾	N/A	\$300,000	\$227,550	\$ -	\$ -	\$ -	\$166,185
Group Term Carve-out Plan ⁽²⁾	N/A	603,000	550,000	-	-	-	550,000
Value of Options and Awards ⁽³⁾	N/A	115,008	115,008	115,008	115,008	115,008	136,258
Change of Control Severance Agreement ⁽⁴⁾	N/A	-	-	-	-	-	708,592
	\$ -	\$1,018,008	\$892,558	\$115,008	\$115,008	\$115,008	\$1,561,035

(1) Salary Continuation Agreement

Ms. Barber's Salary Continuation Agreement was executed in 2007. Her agreement provides for a pre-retirement death benefit in the form of annual payments of \$20,000 for a period of 15 years. Pre-retirement benefits payable in the events of disability and change in control increase each year, until Ms. Barber reaches age 65 up to a percentage of the accrued account value and would be paid in the form of equal annual payments over 15 years.

(2) Group Term Carve-out Plan

Ms. Barber's Group Term Carve-out Plan became effective in 2007. Ms. Barber's beneficiary would be entitled to a death benefit of three times base salary, up to a maximum of \$603,000. In the hypothetical case of her death at December 31, 2018, while she was still employed, her beneficiary would have received \$603,000, which is the

maximum amount receivable. In the case of disability or change of control, the death benefit would have been \$550,000, or two times her salary.

(3) Value of Options and Awards

If Ms. Barber's employment had been terminated on December 31, 2018 due to death, disability or change of control, she, or her beneficiary, would have the right to exercise 100% of her outstanding stock options, without regard to the remaining vesting schedule, for a total of 33,273 shares. Unvested restricted shares would immediately vest under a change of control, but would require Board of Directors approval for the release of the restriction in the case of death or disability. In the case of voluntary resignation, and termination with or without cause, only currently exercisable options remain available for exercise and all unvested restricted shares would be canceled. The value of options and restricted shares in the table above are computed using the market value of the Company's stock of \$21.25, the closing price as of December 31, 2018.

(4) Change of Control Severance Agreement

A severance payment is triggered by Ms. Barber's Change of Control Severance Agreement only in the event of a change of control. If the Company had terminated Ms. Barber's employment as a result of a change of control, she would have been entitled to receive a severance amount calculated in accordance with the terms of the contract. The amount, when reduced to its present value (using a discount rate of 1.63%) is equal to 2.95 times her average compensation for the most recent 5 years. The payment would have been payable in a lump sum within 30 days of her termination date. Restrictive covenants within the Change of Control Severance Agreement include non-competition and non-solicitation provisions. Upon termination of employment that results in the payment of severance compensation, Ms. Barber is not permitted to become engaged in the banking business for a period of two years after termination within a 40 mile radius of Mifflintown, Pennsylvania; nor is she permitted to solicit employees or customers for a period of one year after termination.

(5) Retirement

Ms. Barber does not qualify for early retirement benefits in any of the benefit plans included in the table.

JoAnn N. McMinn, Executive Vice President and Chief Financial Officer

Assuming one of the following events occurred on December 31, 2018, Ms. McMinn's payments and benefits would consist of the following:

JoAnn N. McMinn	Retirement (5)	Death	Disability	Voluntary Resignation	Termination by Company Cause	Termination by Company without Cause	Change of Control
Salary Continuation Agreement ⁽¹⁾	\$ 240,000	\$240,000	\$240,000	\$ 240,000	\$ 240,000	\$ 240,000	\$240,000
Group Term Carve-out Plan ⁽²⁾	\$ 388,000	453,000	388,000	388,000	-	388,000	388,000
Value of Options and Awards ⁽³⁾	\$ 91,053	91,053	91,053	91,053	91,053	91,053	101,678
Change of Control Severance Agreement ⁽⁴⁾	N/A	-	-	-	-	-	519,124

(1) Salary Continuation Agreement

Ms. McMinn's Salary Continuation Agreement was executed in 2007. Her agreement provides for a pre-retirement death benefit in the form of annual payments of \$16,000 for a period of 15 years. Ms. McMinn has reached the age of 65 and as such has become fully vested in the benefit under all scenarios.

(2) Group Term Carve-out Plan

Ms. McMinn's Group Term Carve-out Plan became effective in 2007. Ms. McMinn's beneficiary would be entitled to a death benefit of three times base salary, up to a maximum of \$453,000. In the hypothetical case of her death at December 31, 2018, while she was still employed, her beneficiary would have received \$453,000, which is the maximum amount receivable. In the case of all other terminations, except by the Company with cause, the death benefit would have been \$388,000, or two times her salary.

(3) Value of Options and Awards

If Ms. McMinn's employment had been terminated on December 31, 2018 due to retirement, death, disability or change of control, she, or her beneficiary, would have the right to exercise 100% of her outstanding stock options, without regard to the remaining vesting schedule, for a total of 26,200 shares. Unvested restricted shares would

immediately vest under a change of control, but would require Board of Directors approval for the release of the restriction in the case of death or disability. In the case of voluntary resignation, and termination with or without cause, only currently exercisable options remain available for exercise and all unvested restricted shares would be canceled. The value of options and restricted shares in the table above are computed using the market value of the Company's stock of \$21.25, the closing price as of December 31, 2018.

(4) Change of Control Severance Agreement

A severance payment is triggered by Ms. McMinn's Change of Control Severance Agreement only in the event of a change of control. If the Company had terminated Ms. McMinn's employment as a result of a change of control, she would have been entitled to receive a severance amount calculated in accordance with the terms of the contract. The amount, when reduced to its present value (using a discount rate of 1.63%) is equal to 2.95 times her average compensation for the most recent 5 years. The payment would have been payable in a lump sum within 30 days of her termination date. Restrictive covenants within the Change of Control Severance Agreement include non-competition and non-solicitation provisions. Upon termination of employment that results in the payment of severance compensation, Ms. McMinn is not permitted to become engaged in the banking business for a period of two years after termination within a 40 mile radius of Mifflintown, Pennsylvania; nor is she permitted to solicit employees or customers for a period of one year after termination.

(5) Retirement

Ms. McMinn qualifies for retirement as defined in each of the benefit plans included in the table.

Personnel and Compensation Committee Interlocks and Insider Participation

There are no Compensation Committee interlocks that would require disclosure under applicable proxy rules.

PROPOSAL 2

NON-BINDING SAY ON PAY proposal TO APPROVE THE COMPENSATION OF THE NAMED EXECUTIVE OFFICERS

Pursuant to Section 14-A of the Securities Exchange Act (15 U.S.C. 78 n-1), Juniata is providing its shareholders with the opportunity to vote on an advisory (non-binding) resolution at this year's Annual Meeting to approve Juniata's executive compensation as described in this proxy statement, the tabular disclosures of the Named Executive Officers' compensation ("Compensation Tables"), and other related information in this proxy statement. This proposal, commonly known as a "Say on Pay" proposal, gives shareholders the opportunity to approve or not approve Juniata's executive pay program. Because the shareholder vote is not binding, the outcome of the vote may not be construed as overruling any decision by Juniata's Board of Directors or Personnel and Compensation Committee regarding executive compensation. At the 2018 Annual Meeting, the shareholders voted to recommend that Juniata hold a Say on Pay vote annually. Shareholders will again vote to recommend the frequency at which Juniata should hold a Say on Pay vote at the 2024 annual meeting.

Juniata's executive compensation philosophy and program are intended to achieve three objectives: align interests of the Executives with shareholder interests; link the Executives' pay to performance; and attract, motivate and retain executive talent. Juniata's executive compensation program currently includes a mix of base salary, incentive bonus, equity based compensation, retirement plan, health plans and other benefits. Juniata believes that its compensation program, policies and procedures are reasonable and appropriate and compare favorably with the compensation programs, policies and procedures of its peers.

The Board recommends that shareholders, in a non-binding proposal, vote "FOR" the following resolution:

"Resolved, that the compensation paid to Juniata's Named Executive Officers, as disclosed in this proxy statement pursuant to Item 402 of SEC Regulation S-K, the Compensation Tables and any related material contained in the Proxy Statement, is hereby APPROVED."

Approval of the non-binding resolution regarding the compensation of the named Executive Officers would require that the number of votes cast in favor of the proposal exceed the number of votes cast against it. Abstentions and broker non-votes will not be counted as votes cast and therefore will not affect the determination as to whether the proposal is approved.

Because your vote is advisory, it will not be binding upon Juniata. However, Juniata's Personnel and Compensation Committee and Board will take into account the outcome of the vote when considering future executive compensation arrangements, but no determination has been made as to what action the Personnel and Compensation Committee or Board might take if shareholders do not approve this advisory proposal.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR PROPOSAL 2.

(1) Other compensation includes interest earned on deferred compensation balances.

Each non-employee director is paid an annual fee of \$16,200 for attendance of a minimum of 10 regularly scheduled meetings per year, with the Chairman receiving an additional \$500 per meeting. Additionally, all non-employee directors also received \$300 per meeting (\$500 if Audit Committee chairman or \$400 if other committee chairman) to attend committee and special meetings of the Board. These fees, whether paid in cash or deferred as part of the Director's Deferred Compensation Plan, are included in the column titled "Fees Earned or Paid in Cash" in the above table. In addition to the fees, the Company provides benefits to the directors under several other non-qualified plans described below. The amount listed in the above table in the column titled "Change in Pension Value and Nonqualified Deferred Compensation Earnings" includes the aggregate increase in carrying value during 2018 for the plans in which each director participates.

The 1999 Directors Deferred Compensation Plan. Effective January 1, 1999, the Board of Directors adopted a director's deferred compensation plan. The 1999 plan is an unfunded plan. The Company makes no contributions to the plan. This plan simply allows our directors to defer receipt of their compensation to future dates.

Prior to each calendar year, a director may elect to defer receipt of all or a part of his or her compensation for that calendar year. The Company will credit the deferred amounts to an account maintained at the Bank. Each participating director has a separate account. The deferred compensation earns interest, compounded quarterly, at the interest rate defined within the 1999 Plan.

A participating director who resigns as director before reaching age 55 will receive his or her account balance in one lump sum distribution. A participating director who resigns as director after reaching age 55 will receive his or her account balance in equal semi-annual payments over the ten years beginning on the earlier of January 1 or July 1 after the director resigns.

If a participating director dies prior to receiving all of his or her account balance, the director's remaining account balance will be paid in one lump sum to the director's designated beneficiary. In the event of a director's permanent disability, he or she will receive the balance of any deferred amount in one lump sum.

Active directors participating in the 1999 Plan during 2018 were Messrs. Gingerich, Havice and Dr. Scanlon.

Director's Retirement Plan. In January 2001, the Company established a retirement program for then-current directors. The plan provides for a target retirement benefit of \$8,500 per year for 10 years beginning at age 65, or, if later, when the director has completed 10 years of credited service (as defined in the plan) with the Board. The retirement benefit for each participating director accrues over his or her remaining projected period of service until he reaches age 65 or completes 10 years of credited service. Lesser benefits are payable in the event of the director's death, disability, or other termination (except terminations caused by the director's fraud or dishonesty). Of the directors that served during 2018, participants in the plan were Messrs. Dreibelbis, Gingerich, Havice and Dr. Scanlon.

Split Dollar Life Insurance. In 2001, the Bank purchased split-dollar life insurance policies on each of the then-current directors. Participants who remain on the Board until age 65 or later will be eligible to retain \$25,000 of life insurance coverage for the rest of their lives. The eligible directors are not required to pay premiums on the life insurance policy, but will have the imputed value of the insurance coverage included in their taxable income.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's directors and executive officers, and persons who own more than 10 percent of a registered class of the Company's equity securities, to file reports of ownership and change in ownership with the SEC. Directors, executive officers, and other 10 percent shareholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on its review of the copies of such forms or written representations from certain reporting persons that no Form 5's were required for those persons, the Company believes that during 2018 all filing requirements under Section 16(a) applicable to its directors and executive officers were met in a timely manner.

Stock Ownership by Management and Beneficial Owners

No individual, group or business owns of record more than five percent of the Company's stock. The following table shows the number of shares of common stock beneficially owned by each of the Company's Directors and Named Executive Officers and of all the Directors and Officers as a group as of February 22, 2019. Other Matters

Shareholder Proposals for the 2020 Annual Meeting of Shareholders

Under the Company's Bylaws, no business may be brought before the 2020 Annual Meeting unless it is specified in the notice of the meeting or is otherwise brought before the meeting by the Board of Directors or by a shareholder entitled to vote who has delivered notice to the Company (containing information specified in the Bylaws) by December 8, 2019, in the case of a shareholder proposal, or January 16, 2020, in the case of a shareholder submission of a nominee for director. These requirements are separate from and in addition to the SEC's requirements that a shareholder must meet in order to have a shareholder proposal included in the Company's proxy statement. A shareholder wishing to submit a proposal for consideration at the 2020 Annual Meeting of the Shareholders for inclusion in the proxy statement under SEC Rule 14a-8 should do so not later than December 8, 2019. A shareholder wishing to submit a proposal for consideration at the 2020 Annual Meeting of Shareholders, outside of SEC Rule 14a-8, should do so no later than February 21, 2019. A proposal submitted after that date will be considered untimely.

If the corporate secretary of the Company receives notice of a shareholder proposal that complies with the governing Bylaw provision and SEC rules for submission of the matter outside of Rule 14a-8 after February 21, 2019, and if such proposal is properly presented at the 2020 Annual Meeting of shareholders, the proxy-holders appointed by the Company may exercise discretionary authority in voting on such proposal as permitted by applicable SEC rules.

The presiding officer of the Annual Meeting may refuse to permit any proposal to be made at an Annual Meeting by a shareholder who has not complied with all of the governing Bylaw procedures and SEC requirements, including receipt of the required notice by the corporate secretary for the Company by the date specified. If a shareholder proposal is received by the Company after the required notice date but the presiding officer of the meeting nevertheless permits such proposal to be made at the 2020 Annual Meeting of shareholders, the proxies appointed by the Company may exercise discretionary authority when voting on such proposal.

If the date of our next Annual Meeting is advanced or delayed more than 30 days from the anniversary of the 2019 Annual Meeting, we will promptly inform you of the change of the Annual Meeting and the date by which shareholder proposals must be received.

Other Business

At the date of this proxy statement, we are not aware of any business to be presented at the Annual Meeting other than as set forth in the notice of the meeting. If other proposals are properly brought before the Annual Meeting but fail to meet requirements to be included in the proxy statement, the proxy holders named in the enclosed proxy card will vote your shares in accordance with their best judgment.

Independent Registered Public Accounting Firm

The Audit Committee engaged BDO as the Company's independent registered public accounting firm for 2018. BDO does not have a material relationship with the Company or the Bank and is considered to be well qualified. A representative of BDO is expected to be at the Annual Meeting. That representative will have the opportunity to make a statement if he or she so desires, and will be available to respond to appropriate questions.

It is the policy of the Company that the Audit Committee pre-approve all audit and non-audit services performed by the independent auditors. Before any services are provided, the Committee is informed that such services are necessary and is advised of the estimated costs of such services. In 2018 and 2017, all audit and non-audit services, if any, performed by BDO were approved in advance pursuant to this policy. The Audit Committee has determined that the performance by BDO of benefit plan audits, the preparation of tax returns and advice on SEC accounting issues is compatible with maintaining that firm's independence. The Company has paid the following fees to BDO in the last two years:

Year	Audit Fees ⁽¹⁾	Audit-Related Fees ⁽²⁾	Tax Fees ⁽³⁾	All Other Fees
2018	\$ 234,802	\$ 22,425	\$ 14,026	\$ -

Includes professional services rendered for the audit of the Company's annual consolidated financial statements and review of financial statements included in Quarterly Reports on Form 10-Q, the audit of internal control in
(1) accordance with Section 404 of the Sarbanes-Oxley Act, the issuance of a consent, and the review of documents filed with the SEC, including out-of-pocket expenses.

(2) Assurance and related services related to the performance of employee benefit plan audits.

(3) Tax fees include the following: preparation of state and federal tax returns, tax consulting, tax advice and tax planning.
