PROXY STATEMENT

FOR

ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON MAY 12, 2006

The Board of Directors (the "BOARD") of Crimson Exploration Inc. (the "COMPANY" or "CRIMSON") is furnishing this proxy statement to stockholders beginning on or about April 12, 2006 in connection with a solicitation of proxies for use at the annual meeting of stockholders to be held on Friday, May 12, 2006, at 10:00 a.m. CDT, at 480 N. Sam Houston Parkway E., Suite 300, Houston, Texas 77060, (281) 820-1919, and at all adjournments or postponements thereof (the "ANNUAL MEETING"), for the purposes set forth in the attached Notice of Annual Meeting of Stockholders.

All shares represented by a valid proxy, properly executed, duly returned to us and not revoked will be voted in accordance with the instructions contained therein. The shares represented by executed but unmarked proxies will be voted (i) FOR the nominees for election as directors named herein under "Election of Directors", and (ii) FOR the ratification of the appointment of Grant Thornton LLP as our independent auditors for the fiscal year ending December 31, 2006, and at the discretion of the person named as proxy with regard to any other matter that may properly come before the Annual Meeting.

Executing a proxy given in response to this solicitation will not affect a stockholder's right to attend the Annual Meeting and to vote in person. Presence at the Annual Meeting of a stockholder who has signed a proxy does not in itself revoke a proxy. Any stockholder giving a proxy may revoke it at any time by giving written notice thereof to Crimson Exploration Inc., 480 N. Sam Houston Parkway E., Suite 300, Houston, Texas 77060, Attention: Stephen W. Schoppe.

RECORD DATE AND VOTING SECURITIES

The record date for determining the stockholders entitled to vote at the Annual Meeting is the close of business on April 3, 2006 (the "RECORD DATE"). On that date, 33,093,832 shares of our Common Stock, par value \$.001 per share ("COMMON STOCK"), were outstanding and entitled to vote. In deciding all questions and other matters, a holder of Common Stock on the Record Date may cast one vote for each share of Common Stock registered in his or her name. Shares of our Series G Convertible Preferred Stock, par value \$.01 per share (the "SERIES G PREFERRED STOCK"), and shares of our Series H Convertible Preferred Stock, par value \$.01 per share (the "SERIES H PREFERRED STOCK"), may vote on an as converted basis with the Common Stock with respect to matters on which approval of our stockholders may be required. However, with respect to the election of directors, the Series G Preferred Stock is entitled to elect a majority of our directors, but not the remaining directors, which the holders of the Common Stock and Series H Preferred Stock are entitled to elect. On the Record Date, 81,000 shares of Series G Preferred Stock, representing the voting power of 48,909,600 shares of Common Stock, and 5,250 shares of Series H Preferred Stock, representing the voting power of 7,500,000 shares of Common Stock, were outstanding. Our Series D Preferred Stock (the "SERIES D PREFERRED STOCK") and Cumulative Convertible Preferred Stock, Series E (the "SERIES E PREFERRED STOCK"), \$.01 par value per share, of which 8,000 and 9,000 shares,

Edgar Filing: CRIMSON EXPLORATION INC. - Form DEF 14A

respectively, are outstanding, do not have voting rights unless required by law or as set forth in their respective Statements of Resolution.

A significant portion of our capital stock's voting power is held by one investor and by our management. See "Security Ownership of Certain Beneficial Owners and Management."

QUORUM AND VOTING

To be validly approved by the stockholders, two of the director nominees (as indicated in Proposal No. 1) must be elected by a plurality of votes cast by holders of the Common Stock and Series H Preferred Stock entitled to vote at the Annual Meeting; the remaining three director nominees (as indicated in Proposal No. 1) must be elected by a majority of votes cast by holders of the Series G Preferred Stock entitled to vote at the Annual Meeting. The proposal to ratify our appointment of Grant Thornton LLP for the fiscal year ended December 31, 2006 must be approved by the affirmative vote of a majority of votes that are actually voted at the Annual Meeting in respect of the shares of Common Stock, Series G Preferred Stock and Series H Preferred Stock. Each share of Common Stock is entitled to one vote per share. Each share of Series G Preferred Stock votes on an as converted basis with the Common Stock on the second proposal, the ratification of Grant Thornton LLP as our independent auditors for the fiscal year ending December 31, 2006. With respect to the first proposal regarding the election of directors, each share of Series G Preferred Stock is not entitled to vote except as a separate class for the three Series G Preferred Stock director nominees (as indicated in Proposal No. 1), in which case each share is entitled to one vote. The Series G Preferred Stock currently has a conversion price of \$.90 a share; on a fully converted basis the 81,000 shares of Series G Preferred Stock (including accrued and unpaid dividends to April 1) would convert into 48,909,600 shares of Common Stock. Each share of Series H Preferred Stock votes on an as converted basis with the Common Stock on the proposals described in this statement. The Series H Preferred Stock currently has a conversion price of \$.35 a share; on a fully converted basis the 5,250 shares of Series H Preferred Stock would convert into 7,500,000 shares of Common Stock.

2

Only votes cast "for" a matter constitute affirmative votes. A majority of the issued and outstanding shares of Common Stock and Series G Preferred Stock and Series H Preferred Stock (on an as converted basis) are necessary to constitute a quorum to transact business. Each share represented at the Annual Meeting in person or by Proxy will be counted towards a quorum. Votes "withheld" or abstaining from voting are counted for quorum purposes.

PROPOSAL 1 ELECTION OF DIRECTORS

The Board consists of five directors, a majority of which the Series G Preferred Stock, voting as a class, is entitled to elect. The two director nominees indicated below which the holders of the Common Stock and Series H Preferred Stock are entitled to vote on as a single class (the "COMMON/SERIES H NOMINEES") have been nominated by the Board for re-election to serve until the next Annual Meeting of Stockholders and until their successors have been elected and qualified. The three director nominees indicated below which the holders of

Edgar Filing: CRIMSON EXPLORATION INC. - Form DEF 14A

the Series G Preferred Stock are entitled to vote on as a class (the "SERIES G NOMINEES"; cumulatively, the "NOMINEES") have been nominated by the Board members elected by holders of the Series G Preferred Stock at our last annual meeting for re-election to serve until the next Annual Meeting of Stockholders and until their successors have been elected and qualified.

It is expected that the five Nominees named below will be able to accept such nominations. If any Nominee for any reason is unable or is unwilling to serve at the time of the Annual Meeting, the Proxy holder may vote the Proxy for a substitute nominee or nominees to the extent such holder is entitled to vote on such nominee. The following sets forth information as to the five Nominees for election at the Annual Meeting, including their ages, present principal occupations, other business experience during the last five years, and directorships in other publicly-held companies.

THE BOARD RECOMMENDS THE STOCKHOLDERS VOTE "FOR" THE ELECTION OF EACH OF THE NOMINEES LISTED BELOW.

CODE OF ETHICS

The Board has adopted a "code of ethics" as defined by the applicable rules of the SEC, and has been posted on our Internet website, <http://www.crimsonexploration.com>.

BOARD MEETINGS AND COMMITTEES

Our Board has established an audit committee and a compensation committee. Although our board has not made a formal determination on the matter, under current Nasdaq listing standards (which we are not currently subject to), we believe that Skardon F. Baker, Lee B. Backsen and Lon McCain would be considered independent directors.

The audit committee was established to review and appraise the audit efforts of our independent auditors, and monitor our accounts, procedures and internal controls. Our audit committee consists of Mr. McCain and Mr. Baker. The committee met four times in 2005. The Board has determined that Mr. McCain is an "audit committee financial expert" as defined under applicable SEC rules and regulations.

The function of the compensation committee is to fix the annual salaries and other compensation for our officers and key employees. Our compensation committee consists of Mr. Ford and Mr. Backsen. The committee met once in 2005.

Edgar Filing: CRIMSON EXPLORATION INC. - Form DEF 14A

The Board does not have a nominating committee. We believe that the entire board is able to fulfill the functions of a nominating committee. In any event, the directors elected solely by the Series G Preferred Stock, constituting a majority of directors, are entitled to nominate the directors to be elected by the holders of the Series G Preferred Stock or, if there are no such directors, holders of a majority of the Series G Preferred Stock may nominate the nominees for election as such directors, and the following discussion is so qualified by the rights of the holders of the Series G Preferred Stock and their elected directors. We do not have a charter addressing director nominations.

The Board believes that candidates for director should have certain minimum qualifications, including being able to read and understand financial statements and having the highest personal integrity and ethics. The Board also considers such factors as relevant expertise and experience, ability to devote sufficient time to the affairs of the Company, demonstrated excellence in his or her field, the ability to exercise sound business judgment and the commitment to rigorously represent the long-term interests of the Company's stockholders. Candidates for director will be reviewed in the context of the current composition of the Board, the operating requirements of the Company and the long-term interests of stockholders.

The Board does not have a formal process for identifying and evaluating nominees for directors. Instead, it uses its network of contacts to identify potential candidates. The Board will conduct any appropriate and necessary inquiries into the backgrounds and qualifications of possible candidates after considering the function and needs of the board. The Board will meet to discuss and consider such candidates' qualifications and then select a nominee for recommendation to the Board by majority vote, subject to the rights of the holders of the Series G Preferred Stock and their elected directors to nominate and elect a majority of directors.

6

The Board has not established procedures for considering nominees recommended by stockholders.

COMPENSATION OF DIRECTORS

The stockholders approved an amended and restated Employee Stock Option Plan on May 28, 1998, which was further amended and restated effective April 1, 2001 to increase the number of authorized shares to 2 million (and terminated on February 11, 2004), which included a provision for the payment of reasonable fees in cash or stock to directors. Effective July 15, 2004 the Board established a 2004 Stock Option and Compensation Plan in which directors were eligible to participate. The Board approved a 2005 Stock Incentive Plan effective February 28, 2005, which includes directors as eligible participants under the plan. On June 1, 2005, the Board approved a compensation plan for non-employee directors providing for a \$10,000 annual retainer, with a \$2,000 (\$1,000 if by telephone) meeting attendance fee, for a maximum of \$8,000 per director per year, with an additional fee payable for attendance of committee meetings held on days other than those on which the board meets. The chairman of the audit and compensation committee is entitled to receive an annual retainer of \$5,000 and \$2,500, respectively. Under the Plan, effective June 1, 2005, each non-employee director was entitled to receive \$15,000 of restricted stock, with a two year vesting schedule, and upon re-election is entitled to receive \$10,000 in restricted stock, with a one year vesting schedule. The number of shares are determined based on the fair market value of the Company's common stock on the date of grant. In addition, the Plan provides for reimbursement of expenses for all directors in the performance of their duties, including reasonable travel expenses incurred attending meetings. At the June 1, 2005 meeting, each

Edgar Filing: CRIMSON EXPLORATION INC. - Form DEF 14A

non-employee director, B. James Ford, Skardon F. Baker, Lee B. Backsen and Lon McCain, in accordance with the Plan, was granted a restricted stock award representing 17,045 shares of the Company's common stock. The shares of common stock underlying the awards will become transferable and non-forfeitable two years from the date of grant, and are forfeitable in the event a director resigns before the end of the two year period. However, B. James Ford and Skardon F. Baker elected not to receive such awards and they were subsequently rescinded by the board of directors.

- (1) Present value for this option was estimated at the date of grant using a Black-Scholes option pricing model with the following assumptions: (1) risk free interest rate 2005- 3.0%; (2) weighted average expected life 2005- 6.0; (3) expected volatility of 2005- 92.75%; and (4) no expected dividends. The present value of stock options granted is based on a theoretical option-pricing model. In actuality, because the company's employee stock options are not traded on an exchange, optionees can receive no value nor derive any benefit from holding stock options under these plans without an increase in the market price of the company's stock. Such an increase in stock price would benefit all stockholders commensurately.

The following table shows the Company's stockholder approved and non-stockholder approved equity compensation plans as of December 31, 2005:

PLAN CATEGORY	NUMBER OF SECURITIES TO BE ISSUED UPON EXERCISE OF OUTSTANDING OPTIONS, WARRANTS AND RIGHTS	WEIGHTED-AVERAGE EXERCISE PRICE OF OUTSTANDING OPTIONS, WARRANTS AND RIGHTS

Edgar Filing: CRIMSON EXPLORATION INC. - Form DEF 14A

Our three equity compensation plans with outstanding options that have been approved by security holders to date is our amended and restated 1994 Employee Stock Option Plan, which terminated in February 2004, our 2004 Stock Option and Compensation Plan and our 2005 Stock Incentive Plan. Although we sought and obtained stockholder approval of the 2004 Stock Option and Compensation Plan, neither the plan itself nor the outstanding grants were contingent on stockholder approval. We have issued 22,400,000 options at a weighted-average exercise price of \$1.42 under the 2005 Stock Incentive Plan ("2005 Plan") (see "Executive Compensation"). The aggregate number of shares of our Common Stock that may be issued and outstanding pursuant to the exercise of awards under the 2005 Plan may not exceed 28,525,000 shares, reduced by 1,525,000, the number of shares of underlying options and awards granted under the 2004 Plan, of which 1,362,000 are currently outstanding.

Since 1996 we have occasionally issued warrants to employees, consultants and directors as additional compensation. These warrants have exercise prices at \$.75 per share and entitle the warrant holders to purchase up to 690,000 shares of Common Stock. The warrants exercisable for Common Stock contain certain anti-dilution provisions and have expiration dates from May 1, 2006 to December 1, 2006.

Additionally, warrants have occasionally been issued to lenders or guarantors on loans to us as additional consideration for entering into the loans or guaranties. These warrants have an exercise price ranging from \$.01 to \$.75 per warrant and entitle the warrant holders to purchase up to 930,000 shares of Common Stock. The warrants having an exercise price of \$.01 per share are applicable to 30,000 shares only. A former director of the Company has 625,000 of these warrants. The warrants contain certain anti-dilution provisions and have expiration dates ranging from May 1, 2006 to January 10, 2008.

The weighted-average exercise price of our outstanding warrants and outstanding options under the amended and restated 1994 Employee Stock Option Plan and 2004 Stock Option and Compensation Plan is \$.74 and \$.56, respectively.

EMPLOYMENT AGREEMENTS

Effective February 28, 2005, we entered into employment agreements with two officers, Allan D. Keel (President and Chief Executive Officer) and E. Joseph Grady (Senior Vice President and Chief Financial Officer). Each agreement has a term of three years with automatic yearly extensions unless we or the officer elects not to extend the agreement. Each agreement provides for a base salary and, starting in calendar year 2006 and thereafter, an annual discretionary bonus of 0% to 100% of each officer's base salary to be established by our Board or a duly authorized committee. Mr. Keel received a base salary of \$240,000 per year and a first year bonus of \$120,000 for the year ending December 31, 2005. Mr. Grady received a base salary of \$220,000 per year and a first year bonus of \$110,000 for the year ending December 31, 2005.

Effective April 1, 2005, we entered into employment agreements with three newly appointed officers: Tracy Price (Senior Vice President - Land/Business Development); Thomas H. Atkins (Senior Vice President - Exploration); and Jay S. Mengle (Senior Vice President - Engineering). In addition, on April 1, 2005 the Company entered into an Employment Agreement with Thomas R. Kaezter as Senior Vice President of Operations. Each agreement has a term of two years with automatic yearly extensions unless we or the officer elects not to extend the agreement. Each agreement provides for a base salary and, starting in calendar year 2006 and thereafter, an annual discretionary bonus of 0% to 70% of each officer's base salary to be established by our Board

Edgar Filing: CRIMSON EXPLORATION INC. - Form DEF 14A

or a duly authorized committee. Mr. Price will receive a base salary of \$185,000 per year and Mr. Kaetzer, Mr. Atkins and Mr. Mengle will each receive a base salary of \$180,000 per year.

Each of these agreements provides for severance and change-in-control payments in the event we terminate an officer's employment "without Cause" or if the officer terminates for "Good Reason." "Cause" and "Good Reason" are narrowly defined. "Change of Control" is deemed to occur when less than 10% of our Common Stock is beneficially owned by Oaktree Capital Management, LLC and its affiliates. If an officer is terminated by us "without Cause" or the officer resigns for "Good Reason" then that officer will receive (A) a cash amount equal to the greater of (i) two times the sum of the calendar year's base salary and the prior year's discretionary bonus and (ii) \$600,000 (or \$500,000, in the case of Mr. Price, Mr. Mengle, Mr. Atkins and Mr. Kaetzer) and (B) health insurance benefits for two years from the termination date. If an officer is terminated by us "without Cause" or the officer resigns for "Good Reason" within 90 days before or 12 months after a Change of Control, payment of the entire cash severance amount will be made in a lump sum on the earlier of the date on which the Change of Control occurs and the officer's effective date of termination. Otherwise, upon termination by us "without Cause" or by the officer for "Good Reason", the officer will receive half of the cash severance amount in a lump sum within 15 days of termination. The remainder of the cash severance payment will be made when the officer gives 30 days' notice to us prior to the conclusion of the 12 month period following the termination date agreeing to comply with non-compete and non-solicitation provisions for an additional 12 months.

On February 28, 2005, the Company entered into Stock Option Agreements with Mr. Keel and Mr. Grady. Mr. Grady received options to purchase 900,000 shares of the Company's Common Stock at an exercise price of \$0.97 per share, options to purchase 1,350,000 shares of the Company's Common Stock at an exercise price of \$1.25 per share, and options to purchase 1,800,000 shares of the Company's Common Stock at an exercise price of \$1.70 per share. Mr. Keel received options to purchase 2,700,000 shares of the Company's Common Stock at an exercise price of \$0.97 per share, options to purchase 4,050,000 shares of the Company's Common Stock at an exercise price of \$1.25 per share, and options to purchase 5,400,000 shares of the Company's Common Stock at an exercise price of \$1.70 per share.

Mr. Atkins received options to purchase 383,000 shares of the Company's Common Stock at an exercise price of \$1.16 per share and options to purchase 767,000 shares of the Company's Common Stock at an exercise price of \$1.70 per share. Mr. Kaetzer received options to purchase 333,333 shares of the Company's Common Stock at an exercise price of \$1.16 per share and options to purchase 666,667 shares of the Company's Common Stock at an exercise price of \$1.70 per share.

Each set of options granted will become vested and exercisable with respect to 15% of the shares on the first anniversary of the date granted and thereafter at the end of each full succeeding year from the date granted according to the following: 25% on the second anniversary, an additional 25% on the third anniversary and 35% on the fourth anniversary at which time each set

of granted options will be vested and exercisable.

REPORT OF THE BOARD ON EXECUTIVE COMPENSATION

In June 2005, the Board established a Compensation Committee and authorized it to develop and administer an executive compensation system, which should enable us to attract and retain qualified executives. Compensation for the President and Chief Executive Officer, and other executive officers for 2005, to the extent not preapproved by the Board prior to the appointment of the Compensation Committee in June 2005, was determined by the Compensation Committee which functions under the philosophy that compensation of executive officers, specifically including that of the President and Chief Executive Officer, should be directly and materially linked to the Company's performance. From February 2005 until June 2005 when Mr. Ford and Mr. Backsen were appointed to the Compensation Committee, the Board performed the functions of the Compensation Committee, although B. James Ford and Skardon F. Baker acted as the interim Compensation Committee from time to time as necessary to comply with requirements for action by a committee of two or more outside directors with respect to compensation matters pertaining to our named executive officers (prior to that time, two directors who did not stand for reelection at our 2005 Annual Meeting of Stockholders served on the Compensation Committee).

The overall compensation policy of the Company is to maximize stockholder return by combining annual and long-term compensation to executives based upon corporate and individual performance. Annual compensation was generally paid in the form of base salary, which during fiscal year 2005 was based upon the Compensation Committee's (or Board's, prior to June 2005) recommendations and taking into account competitive factors and the historic salary structure for various levels of responsibility within the Company, as well as level and scope of responsibility, salaries paid for comparable positions at similarly situated companies and individual and corporate performance, and also taking into account senior management's recommendation as to appropriate compensation for members of management reporting to them. Long-term compensation to executives is built around the Company's stock option programs. In 2005 the Board determined to enter into employment agreements with our president and Chief Executive Officer and other key executive officers providing for a set base salary with an annual discretionary bonus component to award and encourage corporate and individual performance based on the factors described above. Except for mandatory first year bonuses of \$120,000 and \$110,000 paid to Messrs. Keel and Grady, respectively, for 2005, half of which they voluntarily elected to receive in restricted stock with terms consistent with those described below with respect to restricted stock awarded as bonus compensation to our other executive officers, bonus compensation is determined at the discretion of the Board or the compensation committee and will not be considered "performance based compensation" under Section 162(m) of the Internal Revenue Code. Based on our officer's current compensation levels it is unlikely that deduction of such compensation will be limited under Section 162(m) and, thus, the Board determined that it was appropriate to retain discretion to determine compensation within the contractual parameters. Annual bonuses were paid to other executive officers for services rendered in 2005. Mr. Price was paid \$55,500 and Messrs. Mengle and Atkins were each paid \$54,000. These bonuses were paid one-half in cash and one-half in restricted shares of common stock of the Company valued as of the date of grant (i.e. March 1, 2006). The restricted stock will vest one year following the date of grant and continuous employment must be maintained during this period or the stock awards will be forfeited. The individual bonuses paid for 2005 were determined by the Compensation Committee in recognition of individual performance in satisfying corporate goals and objectives.

Edgar Filing: CRIMSON EXPLORATION INC. - Form DEF 14A

The Company effects stock option grants from time-to-time as a mechanism for providing long-term, non-cash compensation to executives. The Board believes that stock options are an effective incentive for executives and managers to create value for the Company and its stockholders since the value of an option bears a direct relationship to appreciation in the Company's stock price. By using stock-based compensation, the Company can focus much-needed cash flow, which would otherwise be paid out as compensation, back into the daily operations of the business. Individual stock option grants are subjectively determined based upon a number of factors, including individual and Company performance and prior year's grants. During 2005 there were options issued to purchase 22,400,000 shares of our Common Stock, all of which were issued to executive officers. Grants under our 2005 Stock Incentive Plan are intended to qualify as "performance based compensation" and thus not subject to the limits of Section 162(m).

All option grants were made at an exercise price equal to or greater than the fair market value of the underlying stock on the date of grant. Currently, approximately 22,400,000 outstanding options have an exercise price greater than \$0.90, the closing price of the underlying Common Stock on December 30, 2005.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

In June 2005, B. James Ford and Lee B. Backsen were appointed to the Compensation Committee; from February 2005 until June 2005 the Board performed the functions of the Compensation Committee, although B. James Ford and Skardon F. Baker acted as the interim Compensation Committee from time to time as necessary. Prior to that time, two directors who did not stand for reelection at our 2005 Annual Meeting of Stockholders served on the Compensation Committee until February of that year. During fiscal year 2005 no interlocking relationship existed between any member of the Board or Compensation Committee and any member of the Board or Compensation Committee of any other company. Allan D. Keel, a board member, is also our President and Chief Executive Officer and, as described under "Certain Relationships and Related Transactions," lent the Company approximately \$120,000 in exchange for warrants to purchase common stock prior to joining us (which was repaid in February 2005) and, concurrent with the closing of our February 2005 recapitalization in which a subsidiary of Oaktree Capital Management, LLC gained a controlling interest in us, received \$300,000, which was used to invest in the Company. Further, as described under "Certain Relationships and Related Transactions," B. James Ford and Skardon F. Baker are associated with Oaktree Capital Management, LLC, the parent of our controlling stockholder as a result of the February 2005 transactions, which entity was also a lender of \$1 million dollars (subsequently repaid). Further, one of our former directors and current beneficial owner of more than 5% of our Common Stock who served on the Compensation Committee prior to the Oaktree transaction was a partial owner of a company that received payments from us pursuant to the exercise of a redemption option to purchase oil and gas leases, also described under "Certain Relationships and Related Transactions".

17

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

TRANSACTIONS WITH MANAGEMENT AND OTHERS

On February 28, 2005, OCM GW Holdings, LLC purchased 81,000 shares of our Series G Preferred Stock and 2,000 shares of our subsidiary's, GulfWest Oil & Gas Company's, Series A Preferred Stock for \$42 million. In addition, on May 17, 2005, we executed a promissory note for the benefit of OCM GW Holdings, in the principal amount of \$1 million, payable on the earlier of July 17, 2005 and the day on which we are able to make draws under a credit facility under which greater than \$1 million may be borrowed. Interest on the unpaid principal accrued at 4.59% per annum. We repaid the note in full on July 19, 2005 from borrowings under our new \$100 million senior secured revolving credit facility. Skardon F. Baker, a director, is a senior vice president of, and B. James Ford, also a director, is a managing director of, Oaktree Capital Management, LLC, the ultimate parent of OCM GW Holdings, LLC.

We exercised a redemption option to purchase certain oil and gas leases from an entity partially controlled by J. Virgil Wagonner, a beneficial owner of greater than 5% of our Common Stock and a former director, for \$1,275,353 at the closing of the February 2005 offering described above.

As part of the closing of the February 2005 offering, the investor and the Company agreed to pay certain legal, accounting and other due diligence costs and, also certain closing fees which totaled approximately \$3.75 million. Of this amount, OCM GW Holdings, LLC received \$1,000,000 and Mr. Keel received \$300,000 (used to invest in the Series G Preferred Stock). In January 2005, Allan D. Keel and another individual lent an aggregate of \$200,000, \$120,000 of which is attributable to Mr. Keel, to the Company, which was repaid in full out of the proceeds of the sale of the Series G Preferred Stock described above. Mr. Keel received warrants to purchase 30,000 shares of Common Stock at \$0.01 share in connection with this transaction.

Edgar Filing: CRIMSON EXPLORATION INC. - Form DEF 14A

With authority granted by our Board of Directors, the Audit Committee of our Board of Directors has appointed Grant Thornton LLP as our independent auditors to audit our consolidated financial statements for the fiscal year ending December 31, 2006, and our Board of Directors recommends that our stockholders vote "FOR" ratification of such appointment. Grant Thornton LLP was originally appointed as our independent public accountants on July 19, 2005, when we retained the firm to perform the annual audit of our financial statements for the fiscal years ending December 31, 2005 and December 31, 2004.

The Audit Committee of the Board of Directors recommended and approved the selection of Grant Thornton LLP to replace the firm of Weaver and Tidwell, L.L.P. as the Company's independent accountants. Weaver and Tidwell did not resign or decline to stand for reelection, but was dismissed effective July 19, 2005, to allow the appointment of Grant Thornton LLP as the Company's principal accountants as of the same date. Weaver and Tidwell's opinion regarding the financial statements of the Company for the last two fiscal years did not contain an adverse opinion or disclaimer of opinion, nor was qualified or modified as to uncertainty, audit scope or accounting principles, except its report dated March 19, 2004, included in the Company's Annual Report on Form 10-K for the year ended December 31, 2003, raised substantial doubt regarding the Company's ability to continue as a going concern. The Company is not aware of any disagreements with the Company's former accountant during the past two most recent fiscal years and the subsequent interim period up to the date of dismissal on any matter of accounting principals or practices, financial statement disclosure or auditing scope or procedure which disagreements, if not resolved to the satisfaction of Weaver and Tidwell, would have caused it to make reference to the subject matter of the disagreements in connection with its report. Additionally, there were no reportable events pursuant to Item 304(a)(v) of Regulation S-K under the Securities Act of 1933.

During the Company's last two fiscal years and the subsequent interim period up to the date of engagement, the Company did not consult with Grant Thornton regarding (i) the application of accounting principles to a specific transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's financial statements, in each case where written or oral advice was provided, that Grant Thornton concluded was an important factor considered by the Company in reaching a decision as to the accounting, auditing or financial reporting issue or (ii) any matter that was either the subject of a disagreement or reportable event, as those terms are described in Item 304(a)(iv) and Item 304(a)(v), respectively, of Regulation S-K under the Securities Act of 1933.

The Company has provided Weaver and Tidwell with a copy of the disclosures the Company is making, which was previously included in a Form 8-K filed on July 21, 2005 in response to the disclosures required by Regulation S-K, Item 304(a), under the Securities Act of 1933. The former accountant was provided an opportunity to furnish the Company with a letter addressed to the Securities and Exchange Commission stating its agreement and absence of any disagreement with the statements made by the Company in response to the disclosure in such Form 8-K, which was attached as an exhibit thereto.

19

A representative of Grant Thornton LLP is expected to be present at the Annual Meeting, will have an opportunity to make a statement if he or she so desires and is expected to be available to respond to appropriate questions from our stockholders.

Weaver and Tidwell's fees for professional services totaled \$32,026 for 2005 and \$66,080 in 2004. Weaver and Tidwell's fees for professional services

Edgar Filing: CRIMSON EXPLORATION INC. - Form DEF 14A

included the following:

- o AUDIT SERVICES - fees for audit services, which relate to the fiscal year consolidated audit, quarterly reviews, registration statements, comfort letters, statutory and regulatory audits, accounting consultations, and Sarbanes-Oxley Section 404 attest services, were \$8,200 in 2005. The aggregate fees billed by Weaver & Tidwell for professional services rendered for audit of our annual financial statements and reviews of the financial statements included in our quarterly reports on Form 10-Q for the fiscal year 2004 were \$61,280.
- o AUDIT-RELATED SERVICES - fees for audit-related services, consisting of reviews of registration statements, audits in connection with proposed or consummated dispositions, benefit plan audits, other subsidiary audits, special reports, and accounting consultations, were \$23,826 in 2005. The aggregate fees billed by Weaver & Tidwell for professional services rendered for audit related fees were \$4,800 for 2004. These fees were incurred in connection with their review of our Registration Statement on Form S-1 filed for the benefit of certain selling stockholders, initially filed in June 2004.
- o TAX SERVICES - there were no tax services or other fees billed by Weaver & Tidwell in the fiscal year 2005 or 2004.

Grant Thornton LLP's fees for professional services totaled \$257,456 for 2005. As Grant Thornton LLP was retained in 2005, no fees were incurred during 2004. Grant Thornton LLP's fees for professional services included the following:

- o AUDIT SERVICES - fees for audit services, which relate to the fiscal year consolidated audit, quarterly reviews, registration statements, comfort letters, statutory and regulatory audits, accounting consultations, and Sarbanes-Oxley Section 404 attest services, were \$257,456 in 2005. These fees include audit fees for the performance of annual audits of our financial statements for both the fiscal years ending December 31, 2005 and December 31, 2004.
- o AUDIT-RELATED SERVICES - no fees for audit-related services were incurred in 2005.
- o TAX SERVICES - no fees for tax services were incurred in 2005.

The Audit Committee has considered whether the non-audit services provided to the Company by Grant Thornton LLP impaired the independence of Grant Thornton LLP and concluded that they did not.

All of Grant Thornton LLP's and Weaver & Tidwell's fees for 2005 and 2004 were pre-approved by the Audit Committee through formal engagement letters with those entities. The audit committee's or the board's, as applicable, policy is to pre-approve all services by the Company's independent accountants. The Audit Committee has adopted a pre-approval policy that provides guidelines for the audit, audit-related, tax and other non-audit services that may be provided by Grant Thornton LLP to the Company. The policy (a) identifies the guiding principles that must be considered by the Audit Committee in approving services to ensure that Grant Thornton LLP's independence is not impaired; (b) describes the audit, audit-related, tax and other services that may be provided and the non-audit services that are prohibited; and (c) sets forth pre-approval requirements for all permitted services. Under the policy, all services to be provided by Grant Thornton LLP must be pre-approved by the Audit Committee.

VOTE REQUIRED AND BOARD RECOMMENDATION

Stockholder ratification of the appointment of our independent auditors is not required by the Company's bylaws or otherwise. However, we are submitting this proposal to the stockholders as a matter of good corporate practice. If the appointment of Grant Thornton LLP is not ratified, the Audit Committee will reconsider the appointment. Even if the appointment is ratified, the Audit Committee in its discretion may direct the appointment of a different independent audit firm at any time during the year if it is determined that such change would be in best interests of the Company and its stockholders.

MISCELLANEOUS

We will bear all costs incurred in the solicitation of Proxies. We have not engaged a proxy solicitor.

The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as "householding," potentially provides extra convenience for stockholders and cost savings for companies. The Company and some brokers may household proxy materials, delivering a single proxy statement to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker or the Company that they or the Company will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement, please notify your broker if your shares are held in a brokerage account or the Company if you hold registered shares. You can notify the Company by sending a written request to Jim C. Bigham, secretary of the Company, 480 N.
