PROXY STATEMENT

March __, 2008

Proxies in the form enclosed with this proxy statement are solicited by our Board of Directors (the "Board of Directors") at our expense for use at the Annual Meeting of Stockholders (the "Meeting") to be held at 10:00 AM on Wednesday, April 2, 2008, at 10:00 A.M. in the Youngstown Room at the Sleep Inn & Suites, 5850 Morning Star Court, Pleasant Hill, Iowa 50327.

Only stockholders of record as of February 5, 2008 will be entitled to vote at the Meeting and any adjournments thereof. As of that date, 30,880,435 shares of our Common Stock, par value \$.01 per share, were issued and outstanding. The holders of our common stock are entitled to one vote per share on any proposal presented at the Meeting. Stockholders may vote in person or by proxy.

Execution of a proxy will not in any way affect a stockholder's right to attend the Meeting and vote in person. Any stockholder giving a proxy has the right to revoke it at any time before it is exercised by attending the Meeting and voting in person or filing with our Secretary either a written instrument revoking the proxy or another executed proxy bearing a later date.

All properly executed proxies returned in time to be counted at the Meeting will be voted. With respect to the election of our Board of Directors, shares represented by proxies will be voted as stated below under "Election of Directors." Any stockholder submitting a proxy has the right to withhold authority to vote for any individual nominee to the Board of Directors by writing that nominee's name on the space provided on the proxy. In addition to the election of Directors, the stockholders will consider and vote upon proposals: (i) to approve an amendment to our Restated Certificate of Incorporation to increase the number of authorized shares of our common stock from 40,000,000 to 60,000,000, (ii) to approve an amendment to our 2005 Stock Option Plan to increase the number of shares that may be issued under the plan from 2,000,000 to 3,500,000, and (iv) to ratify the selection of Schechter, Dokken, Kanter, Andrews & Selcer, Ltd. as our independent auditors, all as further described in this proxy statement. Where a choice has been specified on the proxy with respect to such matter, the shares represented by the proxy will be voted in accordance with the specification and will be voted FOR if no specification is made.

The representation in person or by proxy of a majority of the outstanding shares of our common stock entitled to vote at the Meeting is necessary to establish a quorum for the transaction of business. Votes withheld from any nominee, abstentions and broker non-votes are counted as present or represented for purposes of determining the presence or absence of a quorum. A "non-vote" occurs when a broker holding shares for a beneficial owner votes on one proposal, but does not vote on another proposal because the broker does not have discretionary voting power and has not received instructions from the beneficial

Edgar Filing: GREENMAN TECHNOLOGIES INC - Form PRE 14A

owner. Directors are elected by a plurality of the votes cast by stockholders entitled to vote at the Meeting. The affirmative vote of the holders of a majority of the Common Stock issued and outstanding is required for approval of the proposed amendment to our Restated Certificate of Incorporation and the proposed amendment to the 2005 Stock Option Plan. The proposal to ratify the selection of Schechter, Dokken, Kanter, Andrews & Selcer, Ltd. as our independent auditors requires the affirmative vote of the majority of the shares present in person or represented by proxy at the Meeting. An automated system administered by our transfer agent tabulates the votes. The vote on each matter submitted to stockholders is tabulated separately. Abstentions are included in the number of shares present or represented and voting on each matter.

The Board of Directors knows of no other matter to be presented at the Meeting. If any other matter should be presented at the Meeting upon which a vote properly may be taken, shares represented by all proxies received by us will be voted with respect thereto in accordance with the judgment of the persons named as attorneys in the proxies.

Our Annual Report, containing financial statements for fiscal year ended September 30, 2007 is being mailed contemporaneously with this proxy statement to all stockholders entitled to vote. This proxy statement and the form of proxy were first mailed to stockholders on or about March __, 2008.

A forfeiture rate was used in the expense calculation in the

Edgar Filing: GREENMAN TECHNOLOGIES INC - Form PRE 14A

- financial statements.
- (2) Options granted have a ten-year term and vest at an annual rate of 20% over a five-year period from the date of grant with the exception of the 25,000 granted to Mr. Jensen which pursuant to the terms of his employment, vest immediately on the date of grant and have a ten year term.
 - (3) Represents payments made to or on behalf of Messrs. Jensen and Coppa for health, life and disability insurance and auto allowances.

Employment Agreements

On April 12, 2006, we entered into a five-year employment agreement with Mr. Jensen pursuant to which Mr. Jensen will receive a base salary of \$195,000 per year. The agreement automatically renews for one additional year upon each anniversary, unless notice of non-renewal is given by either party. We may terminate the agreement without cause on 30 days' prior notice. The agreement provides for payment of twelve months' salary and certain benefits as a severance payment for termination without cause. Any increases in Mr. Jensen's base salary will be made in the discretion of the Board of Directors upon the recommendation of the Compensation Committee. Mr. Jensen also received a relocation allowance of \$23,603 and receives a car allowance of \$600 per month. Mr. Jensen has been granted a qualified option under our 2005 Stock Option Plan to purchase 500,000 shares of our common stock with an exercise price of \$.28 per share. The options vest at an annual rate of 20% over a five-year period from date of grant and have a ten-year term.

The agreement also provides for Mr. Jensen to be eligible to receive incentive compensation based on (i) non-financial criteria which may be established by the Board of Directors and (ii) upon a calculation of our annual audited earnings before interest, taxes, depreciation and amortization ("EBITDA") as a percentage of our revenue, as follows:

	EBITDA as % of Revenue -----	Performance Incentive -----
Base:	10.0 % or Less	None
Level I:	10.1% - 12.0%	10% of EBITDA dollars above Base
Level II:	12.1% - 15.0%	12% of EBITDA dollars above Base
Level III:	> 15.0%	15% of EBITDA dollars above Base

During fiscal 2007, Mr. Jensen earned an incentive bonus of \$262,000 but agreed to receive a reduced amount of \$212,000. During fiscal 2007, Mr. Jensen used approximately \$52,000 (net of taxes) of his bonus to purchase 100,000 shares of unregistered common stock from the company. During fiscal 2006, Mr.

Jensen received an incentive bonus of \$43,000 based on our performance from his date of hire to the fiscal year-end. In addition, Mr. Jensen will be eligible to be awarded qualified options to purchase up to 100,000 additional shares of common stock annually, with the actual amounts contingent on achieving certain levels of EBITDA performance. In December 2006, Mr. Jensen was granted immediately exercisable options to purchase 25,000 shares of common stock at an exercise price of \$.36 per share based on fiscal 2006 EBITDA performance. The right to exercise all options will accelerate in full immediately prior to any transaction or series of sequenced events in which all or substantially all of our assets or common stock are sold to or merged with a third party or third parties. In addition, upon signing of his employment agreement, Mr. Jensen purchased 500,000 unregistered shares of our common stock at \$.28 which was the closing bid price of our common stock on the date the agreement was executed.

Edgar Filing: GREENMAN TECHNOLOGIES INC - Form PRE 14A

Mr. Jensen's employment agreement was amended in January 2008 to increase Mr. Jensen's base salary to \$250,000 per year, with such increase retroactive to October 1 2007. In addition, the amendment deleted the EBITDA-based incentive compensation measures described above, and provides instead for incentive compensation in respect of any fiscal year of up to the lesser of (x) 20% of our audited annual profit after tax, as reported in the financial statements included in our Annual Report on Form 10-KSB for such fiscal year and (y) \$150,000.

In April 1999, we entered into a three-year employment agreement with Robert Davis, our former Chief Executive Officer pursuant to which he received a salary of \$230,000 per annum. The agreement automatically renewed for three additional years upon each anniversary, unless notice of non-renewal is given by either party, and provided for payment of twelve months salary as a severance payment for termination without cause. The agreement also provided for incentive compensation based on the following certain financial performance measures. No bonus was payable for fiscal 2006 or 2005. On April 12, 2006, the Board of Directors accepted Mr. Davis's resignation as President, Chief Executive Officer and a member of the Board of Directors. Pursuant to the terms of his employment agreement, Mr. Davis received severance of 12 months salary plus benefits starting May 1, 2006 (valued at \$260,000) plus all accrued and unpaid vacation (valued at \$40,000). All amounts due Mr. Davis have been paid as of September 30, 2007.

In June 1999, we entered into a two-year employment agreement with Mr. Coppa pursuant to which Mr. Coppa received a salary of \$130,000 per annum. In July 2006, the Compensation Committee agreed to increase Mr. Coppa's base salary to \$150,000. The agreement automatically renews for two additional years upon each anniversary, unless notice of non-renewal is given by either party. Any increases or bonuses will be made at the discretion of our Board of Directors upon the recommendation of the Compensation Committee. During fiscal 2007 and 2006, the Compensation Committee agreed to grant Mr. Coppa discretionary bonuses of \$51,000 and \$48,000, respectively. During fiscal 2006, Mr. Coppa used \$20,000 (net of taxes) of his bonus to purchase 50,000 shares of unregistered common stock from the company. The agreement provides for payment of twelve months salary as a severance payment for termination without cause.

Mr. Coppa's employment agreement was amended in January 2008 to increase Mr. Coppa's base salary to \$165,000 per year, effective January 1, 2008. In addition, the amendment deleted the discretionary incentive compensation measures described above, and provides instead for incentive compensation in respect of any fiscal year to be based on mutually agreed performance measures as determined our Compensation Committee, with maximum potential incentive compensation in respect of any fiscal year equal to 25% of Mr. Coppa's base salary for such fiscal year.

In June 2003, we entered into a three-year employment agreement with Mr. Needham pursuant to which Mr. Needham receives a salary of \$90,000 per annum. In July 2006, Mr. Needham agreed to a 30% reduction in his base salary in recognition of on going efforts to reduce corporate overhead. The agreement automatically renews for three additional years upon each anniversary, unless notice of non-renewal is given by either party. Any increases or bonuses will be made at the discretion of our Board of Directors upon the recommendation of the Compensation Committee. The agreement provides for payment of twelve months salary as a severance payment for termination without cause.

During fiscal 2007, the Board agreed that each outside director would receive \$2,500 per quarter in recognition of the increased frequency of telephonic Board meetings. Previously, outside directors received \$2,500 per meeting attended. In addition, during fiscal 2006, the Compensation Committee agreed to discontinue future option grants made to outside directors pursuant the Non-Employee Director Stock Option Plan.

Stock Option Plans

Our 1993 Stock Option Plan (the "1993 Plan") was established to provide options to purchase shares of common stock to our employees, officers, directors and consultants. In March 2001, our stockholders approved an increase to the number of shares authorized under the 1993 Plan to 3,000,000 shares. The 1993 Plan expired on June 10, 2004.

As of September 30, 2007, there were 1,022,356 options granted and outstanding under the 1993 Plan which are exercisable at prices ranging from \$0.38 to \$1.80.

On March 18, 2005, our Board of Directors adopted the 2005 Stock Option Plan (the "2005 Plan"), which was subsequently approved by our stockholders on June 16, 2005. The 2005 Plan replaced the 1993 Plan. In April 2004, our Board adopted a replacement stock option plan (the "2004 Plan") but did not submit it for ratification by our stockholders. The 2004 Plan was terminated by our Board on March 18, 2005, and all options granted under that plan have been terminated. Options granted under the 2005 Plan may be either options intended to qualify as "incentive stock options" under Section 422 of the Internal Revenue Code of 1986, as amended; or non-qualified stock options. For a detailed description of the 2005 Plan, please see "Proposal No. 3 - Proposal to Increase the Number of Shares Reserved Under the 2005 Plan," below.

During the year ended September 30, 2007, 800,000 options were granted under the 2005 Plan at prices ranging from \$.35 to \$.55. As of September 30,

Edgar Filing: GREENMAN TECHNOLOGIES INC - Form PRE 14A

2007, there were 1,662,000 options granted and outstanding under the 2005 Plan which are exercisable at prices ranging from \$0.28 to \$0.55.

Non-Employee Director Stock Option Plan

Our 1996 Non-Employee Director Stock Option Plan is intended to promote our interests by providing an inducement to obtain and retain the services of qualified persons who are not officers or employees to serve as members of our Board of Directors. The Board of Directors has reserved 60,000 shares of common stock for issuance under Non-Employee Director Stock Option Plan.

Each person who was a member of the Board of Directors on January 24, 1996, and who was not an officer or employee, was automatically granted an option to purchase 2,000 shares of common stock. In addition, after an individual's initial election to the Board of Directors, any director who is not an officer or employee and who continues to serve as a director will automatically be granted on the date of the Annual Meeting of Stockholders an additional option to purchase 2,000 shares of common stock. The exercise price per share of options granted under the Non-Employee Director Stock Option Plan is 100% of the fair-market value of the common stock on the business day immediately prior to the date of the grant and each option is immediately exercisable for a period of ten years from the date of the grant. During fiscal 2006, the Compensation Committee agreed to discontinue future option grants made under the Non-Employee Director Stock Option Plan.

As of September 30, 2007, options to purchase 38,000 shares of our common stock have been granted under the 1996 Non-Employee Director Stock Option Plan, of which 28,000 are outstanding and exercisable at prices ranging from \$0.38 to \$1.95.

10

Employee Benefit Plan

In August 1999, we implemented a Section 401(k) plan for all eligible employees. Employees are permitted to make elective deferrals of up to 15% of employee compensation and employee contributions to the 401(k) plan are fully vested at all times. We may make discretionary contributions to the 401(k) plan which become vested over a period of five years. We did not make any discretionary contributions to the 401(k) plan during the fiscal years ended September 30, 2007 and 2006.

Compliance with Section 16(a) of the Securities Exchange Act of 1934

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and executive officers, and persons who own more than 10% of our common stock, to file with the Securities and Exchange Commission initial reports of ownership of our common stock and other equity securities on Form 3 and reports of changes in such ownership on Form 4 and Form 5. Officers, directors and 10% stockholders are required by the Securities and Exchange Commission regulations to furnish us with copies of all Section 16(a) forms they file.

To the best of management's knowledge, based solely on review of the copies of such reports furnished to us during and with respect to, our most recent fiscal year, and written representation that no other reports were required, all Section 16(a) filing requirements applicable to our officers and directors have been complied with.

PROPOSAL NO. 2

Edgar Filing: GREENMAN TECHNOLOGIES INC - Form PRE 14A

PROPOSAL TO INCREASE AUTHORIZED SHARES OF COMMON STOCK

The Board of Directors has resolved to recommend to the stockholders that our company amend its Restated Certificate of Incorporation to increase the number of authorized shares of common stock from 40,000,000 to 60,000,000 shares. The text of the proposed amendment is set forth in Exhibit I to this Proxy Statement.

As of February 5, 2008, 30,880,435 shares of our common stock were issued and outstanding, and we had reserved approximately 10,545,758 additional shares for future issuance. These reserved shares relate to the following: 3,382,356 shares for issuance upon exercise of awards granted under our 1993 Stock Option Plan, 1996 Non-Employee Director Stock Option Plan, 2005 Stock Option Plan and 7,163,402 shares for issuance upon exercise of other stock options and stock purchase warrants.

The number of shares reserved by our company for future issuance exceeds the number of shares authorized for issuance. Although the Board believes that it is likely that we will have a sufficient number of authorized but unissued shares to satisfy all exercises of vested options and warrants granted to date, the Board believes that we will be prohibited from making future grants under the 2005 Stock Option Plan and that we will not have sufficient shares to issue in conjunction with potential business development opportunities or capital raising efforts.

If this proposal is approved, the Board of Directors will have the authority to issue approximately 18,574,000 additional shares of common stock as of February 5, 2008, and not including shares already reserved for issuance, as described above, without further stockholder approval. The Board of Directors believes that the increase in the number of authorized shares of common stock is in the best interests of our company and our stockholders. The Board of Directors believes that the authorized common stock should be increased to provide sufficient shares for such corporate purposes as may be determined by the Board of Directors. These purposes may include, among others, the issuance of common stock to facilitate potential mergers or acquisitions, raising capital or acquiring technology rights through the sale of stock, and/or attracting or retaining valuable employees by the issuance of stock options. Except as described above or elsewhere in this proxy statement, we have no plans, understandings, commitments, agreements or undertakings concerning the issuance of any such additional shares. The Board of Directors, however, considers the authorization of additional shares of common stock advisable to ensure prompt availability of shares for issuance should the occasion arise.

Under the Delaware General Corporation Law, the Board of Directors generally may issue authorized but unissued shares of common stock without further stockholder approval. The Board of Directors does not currently intend to seek stockholder approval prior to any future issuance of additional shares of common stock, unless stockholder action is required in a specific case by applicable law, the rules of any exchange or market on which our securities may then be listed or traded, or our Restated Certificate of Incorporation or

By-Laws then in effect. Frequently, opportunities arise that require prompt action, and we believe that delay necessitated for stockholder approval of a specific issuance could be detrimental to our company and our stockholders.

The additional shares of common stock authorized for issuance pursuant to this proposal will have the rights and privileges which the presently

Edgar Filing: GREENMAN TECHNOLOGIES INC - Form PRE 14A

outstanding shares of common stock possess under our Restated Certificate of Incorporation. Shares of our common stock, including the additional shares proposed for authorization, do not have preemptive or similar rights. The increase in authorized shares would not affect the terms or rights of holders of existing shares of common stock. The voting, dividend and liquidation rights of the holders of common stock, however, may be subordinate to the rights of the holders of the any preferred stock which may be issued from time to time. All outstanding shares of common stock would continue to have one vote per share on all matters to be voted on by the stockholders, including the election of directors.

The issuance of any additional shares of common stock by our company may, depending on the circumstances under which those shares are issued, reduce stockholders' equity per share and, unless additional shares are issued to all stockholders on a pro rata basis, will reduce the percentage ownership of common stock of existing stockholders. We expect, however, to receive consideration for any additional shares of common stock issued, thereby reducing or eliminating any adverse economic effect to each stockholder of such dilution.

The authorized but unissued shares of common stock could be used to make more difficult a change in control of our company. For example, such shares could be sold to purchasers who might side with the Board of Directors in opposing a takeover bid that the Board determines not to be in the best interests of our company and our stockholders. Such a sale could have the effect of discouraging an attempt by another person or entity, through the acquisition of a substantial number of shares of our common stock, to acquire control of our company since the issuance of new shares could be used to dilute the stock ownership of the acquirer. Our Restated Certificate of Incorporation and By-Laws contain certain provisions, including the grant of authority to the Board of Directors to issue up to 1,000,000 shares of preferred stock in one or more series (with such rights and preferences as the Board may determined), without the approval of stockholders, and certain provisions relating to the calling of stockholder meetings and the conduct of such meetings, that may be considered to have an anti-takeover effect. We are not aware of any pending or threatened efforts to obtain control of our company, and the Board of Directors has no current intention to use the additional shares of common stock to impede a takeover attempt or to propose any additional anti-takeover measures in future proxy solicitations.

Approval of the amendment to increase the number of authorized shares of common stock will require the affirmative vote of the holders of a majority of the common stock issued and outstanding as of the record date. Abstentions will have the same effect as a vote against the proposal; broker non-votes will have no outcome on the vote.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE APPROVAL OF THE AMENDMENT TO OUR RESTATED CERTIFICATE OF INCORPORATION TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK FROM 40,000,000 TO 60,000,000 SHARES.

PROPOSAL NO. 3

PROPOSAL TO INCREASE THE NUMBER OF SHARES RESERVED UNDER THE 2005 PLAN

The 2005 Plan was adopted by our Board of Directors on March 18, 2005 and approved by our stockholders on June 16, 2005. A maximum of 2,000,000 shares of common stock were originally reserved for issuance under the 2005 Plan upon the exercise of options. On January 18, 2008, the Board of Directors approved an increase to the number of shares authorized under the Plan to 3,500,000 shares, subject to shareholder approval.

Management believes that providing key employees with long-term incentive compensation with the opportunity to build an ownership interest in our company

Edgar Filing: GREENMAN TECHNOLOGIES INC - Form PRE 14A

through the granting of stock options. Our emphasis on long-term incentive compensation through the granting of stock options is designed to align individuals' interests with those of our shareholders, retain key employees through the term of the awards, and motivate our employees to strive for outstanding performance. Management relies on stock options as an essential part of the compensation packages necessary for our company to attract and retain experienced officers and employees.

12

The Board of Directors believes that the proposed increase in the number of shares available under the 2005 Plan is essential to permit management to continue to provide long-term, equity-based incentives to present and future employees.

During the fiscal year ended September 30, 2007 we granted 800,000 options under the 2005 Plan with fair market value exercise prices.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE APPROVAL OF THE PROPOSAL TO AMEND THE 2005 PLAN TO INCREASE THE NUMBER OF SHARES AUTHORIZED FOR ISSUANCE UNDER THE PLAN FROM 2,000,000 TO 3,500,000.

Summary of the 2005 Plan

Administration. Our Board of Directors and/or the Compensation Committee of the Board of Directors administers the 2005 Plan, which includes determining:

- o the individuals to receive options;
- o whether the options will be "incentive stock options" or "non-qualified options," as further described below;
- o the terms and conditions of each option, including the number of shares and exercise price of the options;
- o whether restrictions such as repurchase options are to be imposed on shares subject to options, and the nature of such restrictions; and
- o the time when the options become exercisable.

The Compensation Committee has full authority to interpret the terms of the 2005 Plan and awards granted under the Plan, to adopt, amend and rescind rules and guidelines for the administration of the Plan and for its own acts and proceedings and to decide all questions and settle all controversies and disputes which may arise in connection with the Plan. The Compensation Committee or the Board may, in its discretion, determine to accelerate the vesting of any option; provided, however, that neither the Compensation Committee nor the Board may, without the consent of the option holder, accelerate the vesting of an any incentive stock option if such acceleration would violate the annual vesting limitation contained in Section 422(d) of the Internal Revenue Code, as amended (the "Code").

Authorized Shares. We currently have reserved 2,000,000 shares of our common stock for issuance under the 2005 Plan. On January 18, 2008, the Board of Directors approved an increase to the number of shares authorized under the Plan to 3,500,000 shares, subject to shareholder approval. As described below, the shares authorized under the Plan are subject to adjustment in the event of a stock dividend, stock split or other change in corporate structure or capitalization affecting our common stock. The number of shares delivered upon exercise of an option will be determined net of any shares actually or constructively transferred by the option holder to our company in payment of the exercise price or tax withholding.

Eligibility. All directors, officers and employees of, or consultants to,

Edgar Filing: GREENMAN TECHNOLOGIES INC - Form PRE 14A

our company or any of its subsidiaries are eligible to participate in the 2005 Plan.

Types of Options. Options under the 2005 Plan may be in the form of "incentive stock options" or "non-qualified options." Incentive stock options are stock options that meet certain conditions imposed by Section 422A of the Code. All other options are non-qualified options. The exercise price of an incentive stock option may be not less than 100% (110% for an incentive stock option granted to a 10% or more stockholder) of the fair market value of our common stock on the date of grant. The aggregate fair market value, determined on the date the option is granted, of the stock for which any person may be granted incentive stock options which become exercisable for the first time by such person in any calendar year cannot exceed the sum of \$100,000 (determined on the date such option is granted). No incentive stock option may be granted to a person who is not an "employee" as defined in the applicable provisions of the Code and regulations issued thereunder. An incentive stock option must expire in ten years (five years in the case of an incentive stock option granted to a 10% or more stockholder) after the date of grant. No incentive stock options can be granted under the 2005 Plan after March 18, 2015, but options granted before that date may be exercised thereafter.

13

Transferability. Options granted under the 2005 Plan are generally non-transferable other than by will or by the laws of descent and distribution. Non-qualified options may be transferred pursuant to qualified domestic relations orders as defined in the Code or Title I of the Employee Retirement Security Act of 1974. Options may be exercised by a person other than the person to whom they were granted only in the circumstances outlined below.

Termination of Service. Under the 2005 Plan, all previously unexercised incentive stock options terminate and are forfeited automatically upon the 90th day after the termination of the option holder's service relationship with our company and our subsidiaries, unless the Compensation Committee expressly specifies otherwise. While not required to do so by the terms of the 2005 Plan, the Board currently expects to impose similar conditions on non-qualified stock options. In either case, however, if an option holder's service relationship is terminated by reason of death or disability (as defined in the Plan), the vesting of the options will cease upon the date of the termination of service and the options may be exercised by the holder, the holder's executor or administrator, or by the person to whom the option is transferred under the applicable laws of descent or distribution, as the case may be, within 180 days after the date of such termination of service. Notwithstanding the foregoing, in no event may (i) any option be exercised beyond the date on which such option would otherwise expire pursuant to its terms or (ii) any incentive stock option be exercised after the expiration of ten years (five years in the case of an incentive stock option granted to a 10% or more stockholder) from the date the incentive stock option was granted. Shares of common stock which are not delivered because of termination of awards may be reused for other awards.

Amendments. The Compensation Committee may at any time discontinue granting awards under the 2005 Plan. The Board may terminate or amend the Plan at any time, except that no amendment may adversely affect the rights of any option holder without his or her consent and no amendment may, without the approval of our stockholders obtained within 12 months after the Board adopts a resolution authorizing such amendment: (i) materially increase the number of shares of common stock available under the Plan (other than pursuant to a stock dividend, stock split or other change in corporate structure or capitalization affecting our common stock), (ii) change the group of persons eligible to receive incentive stock options, (iii) change the exercise price at which shares

Edgar Filing: GREENMAN TECHNOLOGIES INC - Form PRE 14A

may be offered pursuant to incentive stock options (other than pursuant to a stock dividend, stock split or other change in corporate structure or capitalization affecting our common stock), or (iv) extend the expiration date of the 2005 Plan.

Change in Corporate Structure or Capitalization; Change in Control. In the event of a stock dividend, stock split or other change in corporate structure or capitalization affecting our common stock, the number and kind of shares of stock of our company then subject to the 2005 Plan and the options then outstanding or to be granted thereunder, and the exercise price, if applicable, will be appropriately adjusted. In the event our company is to be consolidated with or acquired by another entity in a merger, sale of substantially all of our assets or otherwise, then the Compensation Committee or the board of directors of any entity assuming the obligations of our company under the 2005 Plan shall either (i) make appropriate provision for the continuation of such options by substituting on an equitable basis for the shares then subject to such options the consideration payable with respect to the outstanding shares of our common stock in connection with the acquisition; (ii) make appropriate provisions for the continuation of such options by substituting on an equitable basis for the shares then subject to such options any equity securities of the successor corporation; (iii) upon written notice to the option holders, provide that all options must be exercised, to the extent then exercisable, within a specified number of days of the date of such notice, at the end of which period the options shall terminate; (iv) terminate all options in exchange for a cash payment equal to the excess of the fair market value of the shares subject to such options (to the extent then exercisable) over the exercise price thereof; (v) accelerate the date of exercise of such options or of any installment of such options; or (vi) terminate all options in exchange for the right to participate in any stock option or other employee benefit plan of any successor corporation.

In the event of the proposed dissolution or liquidation of our company, each option will terminate immediately prior to the consummation of such proposed action or at such other time and subject to such other conditions as shall be determined by the Compensation Committee.

Term. The 2005 Plan, unless sooner terminated by the Board of Directors, will remain in effect until March 18, 2015.

Federal Income Tax Consequences

The following is a summary of certain U.S. federal income tax aspects of the 2005 Plan. This summary is not a complete description of such consequences. Moreover, this summary relates only to federal income taxes; there may also be federal estate and gift tax consequences associated with the 2005 Plan, as well as foreign, state and local tax consequences. The 2005 Plan is not qualified under Section 401(a) of the Code.

Incentive Stock Options. In general, neither the grant nor the exercise of an incentive stock option granted under the 2005 Plan will result in taxable income to the option holder or a deduction to our company. If the option holder does not dispose of stock received upon exercise of an incentive stock option within two years after the date the option is granted and within one year after the date of exercise, any later sale of such stock will result in a capital gain or loss.

If stock received upon the exercise of an incentive stock option is disposed of before the holding period requirements described above have been

Edgar Filing: GREENMAN TECHNOLOGIES INC - Form PRE 14A

satisfied, the option holder will generally realize ordinary income at the time of disposition. The amount of such ordinary income will generally be equal to the difference between the fair market value of the common stock on the date of exercise and the option price. In the case of a disqualifying disposition in which a loss (if sustained) would be recognized, then the amount of ordinary income will not exceed the excess of the amount realized on the sale over the adjusted basis of the stock, that is, in general, the price paid for the stock. We will generally be entitled to a deduction for federal income tax purposes equal to the amount of ordinary income realized by the option holder, subject to any necessary withholding and reporting requirements.

Certain option holders exercising incentive stock options may become subject to the alternative minimum tax, under which the difference between (i) the fair market value of stock purchased under incentive stock options, determined on the date of exercise, and (ii) the exercise price, will be an item of tax preference in the year of exercise for purposes of the alternative minimum tax.

Non-Qualified Options. No income results upon the grant of a non-qualified option with an exercise price that is not less than 100% of the fair market value of our common stock on the date of grant. When an option holder exercises a non-qualified option, he or she will realize ordinary income subject to withholding. Generally, such income will be realized at the time of exercise and in an amount equal to the excess, measured at the time of exercise, of the then fair market value of our common stock over the option price. We will generally be entitled to a deduction for federal income tax purposes equal to the amount of ordinary income realized by the option holder, subject to certain withholding and reporting requirements.

Under Section 409A of the Code, a recipient of a stock option granted with an exercise price that is less than 100% of the fair market value of the underlying common stock on the date of grant will realize ordinary income, subject to withholding, in an amount equal to the excess of the fair market value of the common stock on the date of grant over the option price. In addition, the recipient will be subject to an additional excise tax equal to 20% of such amount. Under such circumstances, we will generally be entitled to a deduction for federal income tax purposes equal to the amount of ordinary income (including the 20% excise tax) realized by the option holder.

New Incentive Plan Benefits

The future benefits or amounts that would be received under the 2005 Plan by executive officers and other employees are discretionary and are therefore not determinable at this time. In addition, the benefits or amounts which would have been received by or allocated to such persons for the last completed fiscal year if the 2005 Plan had been in effect cannot be determined.

PROPOSAL NO. 4

RATIFICATION OF SELECTION OF AUDITORS

Upon the recommendation of the Audit Committee, the Board of Directors has reappointed Schechter, Dokken, Kanter, Andrews & Selcer, Ltd. ("SDKAS") to audit our consolidated financial statements for the fiscal year ending September 30, 2008. SDKAS has served as our independent registered public accounting firm since fiscal 2007.

Effective February 12, 2007, our Board of Directors dismissed Wolf and Company, P.C. as our auditors and selected Schechter, Dokken, Kanter, Andrews & Selcer, Ltd., certified public accountants based in Minneapolis, Minnesota, to serve as auditors for the fiscal year ending September 30, 2007. SDKAS had assisted our former auditor, Wolf & Company, P.C., in our annual audit during

Edgar Filing: GREENMAN TECHNOLOGIES INC - Form PRE 14A

the past eight years. Given the relocation of our corporate headquarters from Massachusetts to Minnesota during fiscal 2006, our Board deemed it appropriate to select a local firm to serve as our auditor commencing in fiscal 2007.

15

Wolf & Company, P.C.'s reports with respect to fiscal 2006 did not contain any adverse opinion or a disclaimer of opinion and was not qualified or modified as to uncertainty, audit scope or accounting principles. During fiscal 2006 and the subsequent interim period we had no disagreements with Wolf & Company, P.C. on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure which, if not resolved to the satisfaction of Wolf & Company, P.C. would have caused Wolf & Company, P.C. to make reference to the matter in its report.

Stockholder ratification of our independent auditors is not required under Delaware law or under our Restated Certificate of Incorporation or By-Laws. A representative of SDKAS is expected to be present at the Meeting, with the opportunity to make a statement if the representative desires to do so, and is expected to be available to respond to appropriate questions.

If the stockholders do not ratify the selection of Schechter, Dokken, Kanter, Andrews & Selcer, Ltd. as our independent auditors for the fiscal year ending September 30, 2008, our Board of Directors will evaluate what would be in the best interests of our company and our stockholders and consider whether to select new independent auditors for the current fiscal year or whether to wait until the completion of the audit for the current fiscal year before changing independent auditors.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR RATIFICATION OF ITS SELECTION OF SCHECHTER, DOKKEN, KANTER, ANDREWS & SELCER, LTD. AS INDEPENDENT AUDITORS FOR THE FISCAL YEAR ENDING SEPTEMBER 30, 2008.

INDEPENDENT PUBLIC ACCOUNTANTS

In February 2007 we selected the firm of Schechter, Dokken, Kanter, Andrews & Selcer, Ltd. as our independent auditors for the fiscal year ending September 30, 2007 and they commenced providing services in conjunction with the quarter ended March 31, 2007. Our former auditors, Wolf and Company, P.C., only provided services in conjunction with the quarter ended December 31, 2006.

In addition to audit services, SDKAS also provided certain non-audit services to us during the fiscal year ended September 30, 2007. The Audit Committee has considered whether the provision of these additional services is compatible with maintaining the independence of SDKAS.

Audit Fees. The aggregate fees billed for professional services rendered by SDKAS for (i) the audit of our financial statements as of and for the fiscal year ended September 30, 2007 and (ii) the review of the financial statements included in our company's Form 10-QSB filings for fiscal 2007 were \$120,712. Pre-Approval Policies and Procedures. The Audit Committee has adopted policies which provide that our independent auditors may only provide those audit and non-audit services that have been pre-approved by the Audit Committee, subject, with respect to non-audit services, to a de minimis exception (discussed below) and to the following additional requirements: (i) such services must not be prohibited under applicable federal securities rules and regulations, and (ii) the Audit Committee must make a determination that such services would be consistent with the principles that the independent auditor should not audit its own work, function as part of management, act as an advocate of our company, or be a promoter of our company's stock or other financial interests. The chairman of the Audit Committee has the authority to grant pre-approvals of permitted non-audit services between meetings, provided that any such pre-approval must be presented to the full Audit Committee at its next scheduled meeting.

During fiscal 2007, all of the non-audit services provided by SDKAS were pre-approved by the Audit Committee. Accordingly, the Audit Committee did not rely on the de minimis exception noted above. This exception waives the pre-approval requirements for non-audit services if certain conditions are satisfied, including, among others, that such services are promptly brought to the attention of and approved by the Audit Committee prior to the completion of the audit.
