**PROXY STATEMENT
FOR 2014 ANNUAL MEETING OF STOCKHOLDERS
QUESTIONS AND ANSWERS ABOUT THE 2014
ANNUAL MEETING AND
PROCEDURAL MATTERS**

Q: Why am I receiving these materials?

A: The Board of Directors of Fortinet, Inc. is providing these proxy materials to you in connection with the solicitation of proxies for use at Fortinet's 2014 Annual Meeting of Stockholders (the "2014 Annual Meeting") to be held on Friday, June 20, 2014 at 10:00 a.m., Pacific time, and at any adjournment or postponement thereof, for the purpose of considering and acting upon the matters set forth in this proxy statement.

We expect to mail the Notice of Internet Availability of Proxy Materials (the "Notice") on or about April 29, 2014. Copies of our proxy materials and 2013 Annual Report are available at www.envisionreports.com/FTNT.

The 2014 Annual Meeting will be held at Fortinet's principal executive offices, located at 899 Kifer Road, Sunnyvale, CA 94086. The telephone number at that location is (408) 235-7700. As a stockholder, you are invited to attend the 2014 Annual Meeting and are requested to vote on the proposals described in this proxy statement.

Q: Why did I receive a one-page notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

A: Pursuant to rules adopted by the Securities and Exchange Commission (the "SEC"), we have elected to provide access to our proxy materials over the Internet. Accordingly, we are sending the Notice to our stockholders of record and beneficial owners. All stockholders will have the ability to access the proxy materials on the website referred to in the Notice or request a printed set of the proxy materials. Instructions on how to access the proxy materials over the Internet or to request a printed copy may be found in the Notice. In addition, stockholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis.

Q: How can I get electronic access to the proxy materials?

A: The Notice will provide you with instructions regarding how to:
View our proxy materials for the 2014 Annual Meeting on the Internet; and
Have future proxy materials sent to you electronically by email.

Choosing to receive future proxy materials by email will save us the cost of printing and mailing documents to you and will reduce the impact of our annual meetings on the environment. If you choose to receive future proxy materials by email, you will receive an email next year with instructions containing a link to those materials and a link to the

proxy voting site.

Q: Can I attend the 2014 Annual Meeting?

You are invited to attend the 2014 Annual Meeting if you were a stockholder of record or a beneficial owner as of April 22, 2014 (the Record Date). You should bring proof of ownership and photo identification for entrance to the A: 2014 Annual Meeting. The meeting will begin promptly at 10:00 a.m., Pacific time and you should leave ample time for the check-in procedures. Stockholders may request directions to our principal executive offices in order to attend the 2014 Annual Meeting by calling (408) 235-7700.

1

TABLE OF CONTENTS

Q: Who is entitled to vote at the 2014 Annual Meeting?

A: You may vote your shares of Fortinet common stock if our records show that you owned your shares at the close of business on the Record Date. At the close of business on the Record Date, there were 163,070,918 shares of Fortinet common stock outstanding and entitled to vote at the 2014 Annual Meeting. You may cast one vote for each share of common stock held by you as of the Record Date on all matters presented.

Q: What is the difference between holding shares as a stockholder of record or as a beneficial owner?

A: If your shares are registered directly in your name with Fortinet's transfer agent, Computershare, you are considered, with respect to those shares, the stockholder of record, and the Notice has been sent directly to you by Fortinet. As the stockholder of record, you have the right to grant your voting proxy directly to Fortinet or to a third party, or to vote in person at the 2014 Annual Meeting.

If your shares are held by a brokerage account or by another nominee, you are considered the beneficial owner of shares held in street name, and the Notice is being forwarded to you together with voting instructions on behalf of your broker, trustee or nominee. As the beneficial owner, you have the right to direct your broker, trustee or nominee

how to vote, and you are also invited to attend the 2014 Annual Meeting. Your broker, trustee or nominee has enclosed or provided voting instructions for you to use in directing the broker, trustee or nominee how to vote your shares. Because a beneficial owner is not the stockholder of record, you may not vote these shares in person at the 2014 Annual Meeting unless you obtain a legal proxy from the broker, trustee or nominee that holds your shares, giving you the right to vote the shares at the 2014 Annual Meeting. If you hold your shares through a broker and do not provide your broker with specific voting instructions, under the rules that govern brokers in such circumstances, your broker will have the discretion to vote such shares on routine matters but not on non-routine matters. Even though we are a NASDAQ-listed company, the New York Stock Exchange (NYSE) rules govern how a broker licensed by the NYSE can vote shares it holds on behalf of stockholders of NASDAQ-listed companies. As a result:

Your broker will not have the authority to exercise discretion to vote your shares with respect to the election of directors and the advisory resolution on executive compensation.

Your broker will have the authority to exercise discretion to vote your shares with respect to the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the year ending December 31, 2014, because that matter is treated as routine under NYSE rules.

Because the proposals to be acted upon at the 2014 Annual Meeting include both routine and non-routine matters, if you do not give voting instructions to your broker, trustee or nominee, your broker, trustee or nominee may either (1) vote your shares on routine matters or (2) leave your shares unvoted.

A broker non-vote occurs when your broker, trustee or nominee does not vote on a particular proposal because the broker, trustee or nominee does not have discretionary voting power with respect to that item and has not received voting instructions from you as the beneficial owner.

Q: How can I vote my shares in person at the 2014 Annual Meeting?

A: Shares held in your name as the stockholder of record may be voted in person at the 2014 Annual Meeting. Shares held beneficially in street name may be voted in person at the 2014 Annual Meeting only if you obtain a legal proxy from the broker, trustee or nominee that holds your shares giving you the right to vote the shares. **Even if you plan to attend the 2014 Annual Meeting, we recommend that you also submit your vote as described in the Notice and as described below, so that your vote will be counted even if you later decide not to attend the meeting.**

TABLE OF CONTENTS

Q: How can I vote my shares without attending the 2014 Annual Meeting?

A: Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct how your shares are voted without attending the 2014 Annual Meeting. There are three ways to vote by proxy:

By mail If you are a stockholder of record, you may vote by submitting a proxy card please refer to the voting instructions in the Notice or below. If you hold shares beneficially in street name, you may vote by submitting voting instructions to your broker, trustee or nominee please refer to the voting instructions provided to you by your broker, trustee or nominee.

By Internet Stockholders of record of Fortinet common stock with Internet access may submit proxies by following the Vote by Internet instructions described in the Notice until 11:59 p.m., Eastern time, on June 19, 2014 or by following the instructions at www.envisionreports.com/FTNT. Most Fortinet stockholders who hold shares beneficially in street name may vote by accessing the web site specified in the voting instructions provided by their brokers, trustees or nominees. Please check the voting instructions for Internet voting availability.

By telephone Depending on how your shares are held, you may be able to vote by telephone. If this option is available to you, you will have received information with the Notice or the voting instruction card provided by your broker, trustee or nominee explaining this procedure.

Q: How many shares must be present or represented to conduct business at the 2014 Annual Meeting?

The presence of the holders of a majority of the shares entitled to vote at the 2014 Annual Meeting is necessary to constitute a quorum at the 2014 Annual Meeting. Such stockholders are counted as present at the meeting if they (1) are present in person at the 2014 Annual Meeting or (2) represented by proxy.

Under Delaware law, abstentions and broker non-votes are counted as present and entitled to vote for purposes of determining whether a quorum is present at the 2014 Annual Meeting. However, as discussed above, under What is the difference between holding shares as a stockholder of record or as a beneficial owner? brokers have limited discretionary authority to vote shares that are beneficially owned and, therefore, are not entitled to vote on non-routine matters in the absence of voting instructions from the beneficial owner of such shares.

Q: What proposals will be voted on at the 2014 Annual Meeting?

A: The proposals scheduled to be voted on at the 2014 Annual Meeting are:

The election of the two Class II directors set forth in Proposal One to serve for a term of three years or until their respective successors are duly elected and qualified;

The ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2014; and

An advisory vote to approve our named executive officer compensation.

Q: What is the voting requirement to approve each of the proposals?

We adopted a majority voting standard for uncontested elections of directors (Proposal One), which means that to A: be elected, a director nominee must receive a majority of the votes cast, i.e., the number of shares voted FOR a director nominee must exceed the votes cast AGAINST that nominee.

The affirmative vote of a majority of the shares of our common stock that are present in person or represented by proxy at the 2014 Annual Meeting and entitled to vote is required to ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm (Proposal Two) and approve the advisory resolution on executive compensation (Proposal Three).

Q: How are votes counted?

A: You may vote FOR or AGAINST each of the nominees for election as director (Proposal One) and on the remaining proposals to ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm (Proposal Two), and to approve an advisory resolution on executive compensation (Proposal

Three).

3

TABLE OF CONTENTS

Abstentions are deemed to be shares present or represented by proxy and entitled to vote. Abstentions have no effect on Proposal One and the same effect as a vote against Proposals Two and Three. Broker non-votes are not deemed to be shares entitled to vote on and will have no effect on Proposals One or Three. Brokers have discretionary authority to vote shares that are beneficially owned on Proposal Two. If a broker chooses not to vote shares for or against Proposal Two, it would have the same effect as an abstention.

All shares entitled to vote and represented by properly submitted proxies received prior to the 2014 Annual Meeting (and not revoked) will be voted at the 2014 Annual Meeting in accordance with the instructions indicated by such proxy. If no instructions are indicated on such proxy, the shares represented by that proxy will be voted as recommended by the Board of Directors.

Q: How does the Board of Directors recommend that I vote?

A: The Board of Directors recommends that you vote your shares:

FOR the two nominees for election as Class II directors (Proposal One);

FOR the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2014 (Proposal Two); and

FOR the advisory resolution on named executive officer compensation (Proposal Three).

Q: What happens if additional matters are presented at the 2014 Annual Meeting?

If any other matters are properly presented for consideration at the 2014 Annual Meeting, including, among other things, consideration of a motion to adjourn the 2014 Annual Meeting to another time or place (including, without A: limitation, for the purpose of soliciting additional proxies), the persons named as proxy holders, Ken Xie and John Whittle, or either of them, will have discretion to vote on those matters in accordance with their best judgment. Fortinet does not currently anticipate that any other matters will be raised at the 2014 Annual Meeting.

Q: Can I change my vote?

A: Subject to any rules your broker, trustee or nominee may have, you may change your proxy instructions at any time before your proxy is voted at the 2014 Annual Meeting.

If you are the stockholder of record, you may change your vote (1) by granting a new proxy bearing a later date (which automatically revokes the earlier proxy) using any of the methods described above (and until the applicable deadline for each method), (2) by providing a written notice of revocation to Fortinet's Corporate Secretary at Fortinet, Inc., 899 Kifer Road, Sunnyvale, CA 94086 prior to your shares being voted, or (3) by attending the 2014 Annual Meeting and voting in person. Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically so request.

If you are a beneficial owner of shares held in street name, you may change your vote (1) by submitting new voting instructions to your broker, trustee or nominee or (2) if you have obtained a legal proxy from the broker, trustee or nominee that holds your shares giving you the right to vote your shares, by attending the 2014 Annual Meeting and voting in person.

Q: What happens if I decide to attend the 2014 Annual Meeting, but I have already voted or submitted a proxy card covering my shares?

A: Subject to any rules your broker, trustee or nominee may have, you may attend the 2014 Annual Meeting and vote in person even if you have already voted or submitted a proxy card. Any previous votes that were submitted by you will be superseded by the vote you cast at the 2014 Annual Meeting. Please be aware that attendance at the 2014 Annual Meeting will not, by itself, revoke a proxy.

If a broker, trustee or nominee beneficially holds your shares in street name and you wish to attend the 2014 Annual Meeting and vote in person, you must obtain a legal proxy from the broker, trustee or nominee that holds your shares giving you the right to vote the shares. If you are a beneficial owner and you wish to attend the 2014 Annual Meeting but do not intend to vote in person or revoke your prior voting instructions, you do not need to obtain a legal proxy but

you will need to bring proof of ownership and photo identification.

TABLE OF CONTENTS

Q: What should I do if I receive more than one set of voting materials?

A: If you received more than one Notice, voting instruction card or set of proxy materials, your shares are registered in more than one name or brokerage account. Please follow the instructions on each Notice or voting instruction card that you receive to ensure that all of your shares are voted.

Q: Is my vote confidential?

A: Proxy instructions, ballots and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within Fortinet or to third parties, except: (1) as necessary to meet applicable legal requirements, (2) to allow for the tabulation of votes and certification of the vote and (3) to facilitate a successful proxy solicitation. Occasionally, stockholders provide written comments on their proxy cards, which may be forwarded to Fortinet management.

Q: Who will serve as inspector of election?

A: The inspector of election will be a representative of Computershare.

Q: Where can I find the voting results of the 2014 Annual Meeting?

A: We will announce preliminary voting results at the 2014 Annual Meeting and publish them on our web site at investor.fortinet.com/annual-proxy.cfm. We will also disclose voting results on a Form 8-K filed with the SEC within four business days after the 2014 Annual Meeting, which will also be available on our website.

Q: Who will bear the cost of soliciting votes for the 2014 Annual Meeting?

A: Fortinet will pay the entire cost of preparing, assembling, printing, mailing and distributing these proxy materials and soliciting votes. We may reimburse brokerage firms, custodians, nominees, fiduciaries and other persons representing beneficial owners for their reasonable expenses in forwarding solicitation material to such beneficial owners. Our directors, officers and employees may also solicit proxies in person or by other means of communication. Such directors, officers and employees will not be additionally compensated but may be reimbursed for reasonable out-of-pocket expenses in connection with such solicitation.

If you choose to access the proxy materials and/or vote over the Internet, you are responsible for Internet access charges you may incur. If you choose to vote by telephone, you are responsible for telephone charges you may incur.

Q: What is the deadline to propose actions for consideration at next year's annual meeting of stockholders or to nominate individuals to serve as directors?

A: You may submit proposals, including nominations of director candidates, for consideration at future stockholder meetings.

For inclusion in Fortinet's proxy materials Stockholders may present proper proposals for inclusion in Fortinet's proxy statement and for consideration at the next annual meeting of stockholders by submitting their proposals in writing to Fortinet's Corporate Secretary in a timely manner. In order to be included in the proxy statement for the 2015 Annual Meeting, stockholder proposals must be received by Fortinet's Corporate Secretary no later than December 30, 2014, and must otherwise comply with the requirements of Rule 14a-8 of the Securities Exchange Act of 1934, as amended (the "Exchange Act").

To be brought before the annual meeting In addition, Fortinet's bylaws establish an advance notice procedure for stockholders who wish to present certain matters before an annual meeting of stockholders. In general, nominations for the election of directors may be made (1) by or at the direction of the Board of Directors, or (2) by a stockholder who has delivered written notice to Fortinet's Secretary within the Notice Period (as defined below) and who was a stockholder at the time of such notice and as of the record date. The notice must contain specified information about the nominees and about the stockholder proposing such nominations.

TABLE OF CONTENTS

Fortinet's bylaws also provide that the only business that may be conducted at an annual meeting is business that is (1) properly brought before the meeting pursuant to Fortinet's proxy materials with respect to such meeting, (2) properly brought before the meeting by or at the direction of the Board of Directors, or (3) properly brought before the meeting by a stockholder who has delivered written notice to Fortinet's Corporate Secretary at its principal executive offices within the Notice Period (as defined below) and who was a stockholder at the time of such notice and as of the record date. The notice must contain specified information about the matters to be brought before such meeting and about the stockholder proposing such matters.

The Notice Period is defined as that period not less than 45 days nor more than 75 days prior to the one year anniversary of the date on which Fortinet mailed its proxy materials or the Notice (whichever is earlier) to stockholders in connection with the preceding year's annual meeting of stockholders. As a result, the Notice Period for the 2015 Annual Meeting will start on February 13, 2015 and end on March 15, 2015.

If a stockholder who has notified Fortinet of his or her intention to present a proposal at an annual meeting does not appear to present his or her proposal at such meeting, Fortinet need not present the proposal for vote at such meeting.

A copy of the full text of the bylaw provisions discussed above may be obtained by writing to Fortinet's Corporate Secretary at our principal executive offices or by accessing Fortinet's filings on the SEC's website at www.sec.gov. All notices of proposals by stockholders, whether or not included in Fortinet's proxy materials, should be sent to Fortinet's Corporate Secretary at our principal executive offices.

Q: How may I obtain a separate set of proxy materials or the 2013 Annual Report?

If you share an address with another stockholder, each stockholder may not receive a separate copy of our proxy materials and 2013 Annual Report. Stockholders who do not receive a separate copy of our proxy materials and 2013 Annual Report and want to receive a separate copy may request to receive a separate copy of, or stockholders A: may request additional copies of, our proxy materials and 2013 Annual Report by calling (408) 235-7700 or by writing to Fortinet, Inc., 899 Kifer Road, Sunnyvale, CA 94086, Attention: Investor Relations. Stockholders who share an address and receive multiple copies of our proxy materials and 2013 Annual Report can also request to receive a single copy by following the instructions above.

TABLE OF CONTENTS

PROPOSAL ONE

ELECTION OF DIRECTORS

General

Our Board of Directors currently consists of seven members who are divided into three classes with staggered three-year terms. Each director holds office until that director's successor is duly elected and qualified. Our bylaws permit our Board of Directors to establish by resolution the authorized number of directors, and seven directors are currently authorized. Any increase or decrease in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of one third of the directors.

Nominees

Two candidates have been nominated for election as Class II directors at the 2014 Annual Meeting for a three-year term expiring in 2017. Upon recommendation of the Nominating and Corporate Governance Committee, the Board of Directors has nominated Michael Xie and William H. Neukom for election as Class II directors. Biographical information about each of the nominees is contained in the following section. A discussion of the qualifications, attributes and skills of each nominee that led our Board of Directors and the Nominating and Corporate Governance Committee to the conclusion that he should serve as a director has been added following each of the director and nominee biographies.

Each person nominated for election has agreed to serve if elected, and management has no reason to believe that any nominee will be unavailable to serve. In the event any nominee is unable or declines to serve as a director at the time of the 2014 Annual Meeting, the proxies will be voted for any nominee who may be proposed by the Nominating and Corporate Governance Committee and designated by the present Board of Directors to fill the vacancy.

If you sign your proxy card or voting instruction card or vote by telephone or over the Internet but do not give instructions with respect to the voting of directors, your shares will be voted for the two persons recommended by our Board of Directors. If you wish to give specific instructions with respect to the voting of directors, you may do so by indicating your instructions on your proxy or voting instruction card or when you vote by telephone or over the Internet. If you do not give voting instructions to your broker, your broker will leave your shares unvoted on this matter.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE ELECTION OF MICHAEL XIE AND WILLIAM H. NEUKOM.

PROPOSAL TWO

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

General

The Audit Committee has selected Deloitte & Touche LLP as Fortinet's independent registered public accounting firm to audit the financial statements of Fortinet for the fiscal year ending December 31, 2014, which will include an audit of the effectiveness of Fortinet's internal control over financial reporting. A representative of Deloitte & Touche LLP is expected to be present at the 2014 Annual Meeting, will have the opportunity to make a statement if he or she desires to do so, and is expected to be available to respond to appropriate questions.

If the appointment is not ratified, the Audit Committee will consider whether it should select other independent auditors. Even if the appointment is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm as Fortinet's independent auditors at any time during the year if the Audit Committee determines that such a change would be in Fortinet's and its stockholders' best interests.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE LLP AS FORTINET'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2014.

PROPOSAL THREE

ADVISORY VOTE TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION

As required by Schedule 14A of the Securities Exchange Act and the corresponding SEC rules, Fortinet is seeking stockholder approval, on an advisory or non-binding basis, of the compensation of our named executive officers as disclosed in accordance with the SEC's rules in the *Executive Compensation* section of this proxy statement. This proposal, commonly known as a say-on-pay proposal, gives our stockholders the opportunity to express their views on our named executive officers' compensation as a whole. This vote is not intended to address any specific item of compensation or any specific named executive officer but rather the overall compensation of all of our named executive officers and the compensation philosophy, policies and practices described in this proxy statement.

The say-on-pay vote is advisory, and therefore not binding on Fortinet, the Compensation Committee or our Board of Directors. The say-on-pay vote will, however, provide information to us regarding investor sentiment about our executive compensation philosophy, policies and practices, which the Compensation Committee will be able to consider when determining executive compensation for the remainder of the current fiscal year and beyond. Following the 2014 Annual Meeting, the next such non-binding advisory vote to approve our named executive officers' compensation as a whole is scheduled to occur at the 2015 Annual Meeting.

Our Board of Directors and our Compensation Committee value the opinions of our stockholders and to the extent there is any significant vote against the named executive officer compensation as disclosed in this proxy statement, we will consider our stockholders' concerns, and the Compensation Committee will evaluate whether any actions are necessary to address those concerns. We believe that the information we have provided in the *Executive Compensation* section of this proxy statement, and in particular the information discussed in *Executive Compensation Compensation Discussion and Analysis*, demonstrates that our executive compensation program was designed appropriately and is working to ensure management's interests are aligned with our stockholders' interests. Accordingly, we ask our stockholders to vote **FOR** the following resolution at the 2014 Annual Meeting:

RESOLVED, that Fortinet's stockholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in Fortinet's proxy statement for the 2014 Annual Meeting pursuant to the Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the compensation tables and narrative discussion, and the other related disclosure.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THIS PROPOSAL.

CORPORATE GOVERNANCE

Code of Business Conduct and Ethics

Our Board of Directors sets high standards for Fortinet's employees, officers and directors. Fortinet is committed to establishing an operating framework that exercises appropriate oversight of responsibilities at all levels throughout Fortinet and managing its affairs consistent with high principles of business ethics. Accordingly, Fortinet has adopted a Code of Business Conduct and Ethics, which is applicable to our and our subsidiaries' directors, officers and employees. The Code of Business Conduct and Ethics is available on Fortinet's website at investor.fortinet.com/governance.cfm. Fortinet will disclose on its website any amendment to the Code of Business Conduct and Ethics, as well as any waivers of the Code of Business Conduct and Ethics, that are required to be disclosed by the rules of the SEC or The NASDAQ Stock Market LLC ("NASDAQ ").

Corporate Governance Guidelines

We have adopted Corporate Governance Guidelines to establish the corporate governance policies which provide a structure within which our Board of Directors and management can effectively pursue Fortinet's objectives for the benefit of our stockholders. Fortinet's Corporate Governance Guidelines are available on Fortinet's website at investor.fortinet.com/governance.cfm.

Majority Voting Standard for Director Elections and Director Resignation Policy

Our Bylaws provide for a majority voting standard for uncontested elections of directors and require that stockholder director nominations include a written statement as to whether the nominee intends to tender his or her irrevocable resignation upon his or her election or re-election. The majority voting standard provides that in uncontested director elections, a director nominee will be elected only if the number of votes cast FOR the nominee exceeds the number of votes cast AGAINST the nominee. In addition our Corporate Governance Guidelines address, among other provisions, the holdover director situation under the Delaware General Corporation Law (pursuant to which a director remains on the board of directors until his or her successor is elected and qualified), by requiring each incumbent nominee to submit an irrevocable contingent resignation letter. Such resignation becomes effective only upon (x) such nominee's failure to receive the requisite number of votes for re-election at any future meeting at which such person would face re-election and (y) our Board of Directors' acceptance of such resignation. If the nominee does not receive more votes cast FOR his election than AGAINST his election, our Nominating and Corporate Governance Committee will make a recommendation to our Board of Directors as to whether to accept or reject the resignation, or whether other action should be taken. The Board will act on the Nominating and Corporate Governance Committee's recommendation and publicly disclose its decision and the rationale behind it within 90 days from the date of the certification of the election results.

Director Independence

Our Board of Directors has determined that, with the exception of Messrs. Ken Xie and Michael Xie, who are employees of Fortinet, all of the current members of the Board and nominees for director are independent directors as that term is defined in NASDAQ's listing standards.

Board Meetings and Committees

During fiscal 2013, the Board of Directors held 13 meetings. Each director attended at least 75% of the aggregate of all meetings of the Board of Directors and all meetings held by all committees of the Board of Directors on which he served during the past fiscal year. The Board of Directors has three standing committees: an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee.

Audit Committee

The Audit Committee, which has been established in accordance with Section 3(a)(58)(A) of the Exchange Act, currently consists of Messrs. Hsieh, Lu and Paisley, each of whom is independent as such term is defined for audit committee members by the listing standards of NASDAQ. Mr. Paisley was appointed as Chairman of the Audit Committee in October 2011. The Board of Directors has determined that Mr. Paisley is an audit committee financial expert as defined in the rules of the SEC.

TABLE OF CONTENTS

The Audit Committee is responsible for, among other things:

selecting and hiring our independent auditors, and approving the audit and non-audit services to be performed by our independent auditors;

preparing the Audit Committee Report that the SEC requires in our annual proxy statement.

The Audit Committee held eight meetings during fiscal 2013. The Audit Committee has adopted a written charter approved by the Board of Directors, which is available on Fortinet's website at investor.fortinet.com/governance.cfm.

The Audit Committee Report is included in this proxy statement on page 40.

Compensation Committee

reviewing and approving for our executive officers: the annual base salary, the annual incentive bonus, equity compensation, and other benefits, compensation or arrangements;

reviewing and recommending compensation goals and bonus and stock compensation criteria for our executive officers;

preparing the Compensation Committee Report that the SEC requires to be included in our annual proxy statement; and

administering our equity compensation plans.

See *Executive Compensation*, *Compensation Discussion and Analysis* and *Executive Compensation* *Compensation of Directors* for a description of Fortinet's processes and procedures for the consideration and determination of executive officer and director compensation.

The Compensation Committee held five meetings during fiscal 2013. The Compensation Committee has adopted a written charter approved by the Board of Directors, which is available on Fortinet's website at investor.fortinet.com/governance.cfm.

Nominating and Corporate Governance Committee

Our Nominating and Corporate Governance committee is comprised of Messrs. Hu, Lu and Neukom, each of whom qualifies as an independent director under the listing standards of NASDAQ. Mr. Lu is the Chairman of the Nominating and Corporate Governance Committee.

14

overseeing the evaluation of our Board of Directors; and
recommending members for each committee of our Board of Directors.

The Nominating and Corporate Governance Committee will consider recommendations of candidates for the Board of Directors submitted by stockholders of Fortinet; see *Process for Recommending Candidates for Election to the Board of Directors* below.

The Nominating and Corporate Governance Committee held two meetings during fiscal 2013. The Nominating and Corporate Governance Committee has adopted a written charter approved by the Board of Directors, which is available on Fortinet's website at investor.fortinet.com/governance.cfm.

Compensation Committee Interlocks and Insider Participation

Messrs. Hu, Lu, Neukom and Paisley served as members of the Compensation Committee during fiscal year 2013. Mr. Neukom was appointed to our Compensation Committee in April 2013. Following Mr. Neukom's appointment, Mr. Lu ceased to serve on our Compensation Committee. None of the members of our Compensation Committee is or has in the past served as an officer or employee of our company. None of our executive officers currently serves, or in the past year has served, as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving on our Board of Directors or Compensation Committee.

Board Leadership Structure

Our Corporate Governance Guidelines provide the Board with flexibility to select the appropriate leadership structure depending on what the Board determines is in the company's best interests at a given time. In making leadership structure determinations, the Board considers many factors, including the specific needs of the business and what is in the best interests of our stockholders. A copy of our Corporate Governance Guidelines is available on our website at investor.fortinet.com/governance.cfm.

Mr. Paisley currently serves as our Lead Independent Director and Mr. Ken Xie serves as our Chairman and Chief Executive Officer. In addition to the duties of all Board members, Mr. Paisley's principal responsibilities as the Lead Independent Director of the Board are to preside over executive sessions of the Board of Directors, review and comment on the agenda for Board meetings in consultation with the Chairman and Chief Executive Officer and other members of the Board, act as principal liaison between the independent directors and the Chairman and Chief Executive Officer on sensitive issues, raise issues with management on behalf of the independent directors when appropriate and assess the quality, quantity and timeliness of the flow of information from management that is necessary for the independent directors to effectively and responsibly perform their duties.

Our Board of Directors believes that the current leadership structure provides an appropriate balance between strong leadership from our Chairman and Chief Executive Officer and oversight by independent directors. In particular, this structure capitalizes on the expertise and experience of Messrs. Ken Xie and Paisley as it permits Mr. Xie to serve as a bridge between the Board and management, helping both to act with a common purpose, and providing critical leadership for carrying out our strategy and confronting challenges, while Mr. Paisley ensures Board independence from management and as Lead Independent Director can call and chair meetings of the independent directors separate and apart from the Chairman. The Board also believes that there may be other advantages to having a Lead Independent Director for matters such as communications and relations between the Board, the Chief Executive Officer, and other senior management, and in assisting the Board in reaching consensus on particular strategies and policies. Messrs. Ken Xie and Michael Xie, as the only two management directors, do not participate in sessions of non-management directors, and non-management directors meet regularly in executive session without management.

Board's Role in Risk Oversight

The Board of Directors oversees an enterprise-wide approach to risk management, designed to support the achievement of organizational objectives, including strategic objectives, to improve long-term organizational performance and to enhance stockholder value. A fundamental part of risk management is not

TABLE OF CONTENTS

only understanding the most significant risks a company faces and what steps management is taking to manage those risks but also understanding what level of risk is appropriate for the company. The involvement of the full Board of Directors in reviewing Fortinet's business is an integral aspect of its assessment of management's tolerance for risk and also its determination of what constitutes an appropriate level of risk for Fortinet.

While the Board of Directors has the ultimate oversight responsibility for the risk management process, various committees of the Board also have responsibility for risk management. The Audit Committee Charter provides that one of the Audit Committee's responsibilities is oversight of certain compliance matters. In addition, in setting compensation, the Compensation Committee strives to create incentives that encourage a level of risk-taking consistent with Fortinet's business strategy and to encourage a focus on building long-term value at Fortinet.

At periodic meetings of the Board and its committees and in other meetings and discussions, management reports to and seeks guidance from the Board and its committees with respect to the most significant risks that could affect our business, such as legal risks and financial, tax and audit related risks. In addition, management provides the Audit Committee periodic reports on Fortinet's compliance programs and efforts, investment policy and practices.

Process for Recommending Candidates for Election to the Board of Directors

The Nominating and Corporate Governance Committee is responsible for, among other things, determining the criteria for membership to the Board of Directors and recommending candidates for election to the Board of Directors. It is the policy of the Nominating and Corporate Governance Committee to consider recommendations for candidates to the Board of Directors from stockholders. Stockholder recommendations for candidates to the Board of Directors must be directed in writing to Fortinet, Inc., 899 Kifer Road, Sunnyvale, CA 94086, Attention: Corporate Secretary, and must include the candidate's name, home and business contact information, detailed biographical data and qualifications, information regarding any relationships between the candidate and Fortinet within the last three years and evidence of the nominating person's ownership of Fortinet's common stock. Such recommendations must also include a statement from the recommending stockholder in support of the candidate, particularly within the context of the criteria for Board membership, including issues of character, judgment, diversity, including whether the person is a current or former CEO or CFO of a public company or the head of a division of a large international organization, independence, expertise, corporate experience, length of service, other commitments and the like, personal references, and an indication of the candidate's willingness to serve. There are no differences in the manner by which the Nominating and Corporate Governance Committee evaluates nominees for director based on whether the nominee is recommended by a stockholder or the Board of Directors.

The Nominating and Corporate Governance Committee's criteria and process for evaluating and identifying the candidates that it recommends to the full Board of Directors for selection as director nominees are as follows:

The Nominating and Corporate Governance Committee evaluates the current composition and organization of the Board of Directors.

The Nominating and Corporate Governance Committee recommends for approval by our Board of Directors on an annual basis desired qualifications and characteristics for Board membership.

The Nominating and Corporate Governance Committee evaluates the performance of individual members of our Board of Directors eligible for re-election and selects, or recommends for the selection of the Board, the director nominees by class for election to the Board by our stockholders at the annual meeting of stockholders.

In its evaluation of director candidates, including the members of the Board of Directors eligible for re-election, the Nominating and Corporate Governance Committee seeks to achieve a balance of

knowledge, experience and capability on the Board of Directors and considers (1) the current composition and organization of the Board of Directors and the needs of the Board of Directors and the respective committees of the Board of Directors, (2) such factors as character, judgment, diversity, expertise, business experience, length of service, independence, other commitments and the

TABLE OF CONTENTS

like, and (3) such other factors as the Nominating and Corporate Governance Committee may consider appropriate. Although the Nominating and Corporate Governance Committee does not have a written diversity policy, it considers diversity as a factor in evaluating candidates for the Board of Directors.

While the Nominating and Corporate Governance Committee has not established specific minimum qualifications for director candidates, the Nominating and Corporate Governance Committee believes that candidates and nominees must reflect a Board that is comprised of directors who (1) are predominantly independent, (2) are of high integrity, (3) have broad, business-related knowledge and experience at the policy-making level in business or technology, including their understanding of the networking security industry and Fortinet's business in particular, (4) have qualifications that will increase overall Board effectiveness and (5) meet other requirements as may be required by applicable rules, such as financial literacy or financial expertise with respect to Audit Committee members.

With regard to candidates who are properly recommended by stockholders or by other means, the Nominating and Corporate Governance Committee will review the qualifications of any such candidate, which review may, in the Nominating and Corporate Governance Committee's discretion, include interviewing references for the candidate, direct interviews with the candidate, or other actions that the Nominating and Corporate Governance Committee deems necessary or proper.

In evaluating and identifying candidates, the Nominating and Corporate Governance Committee has the authority to retain and terminate any third party search firm that is used to identify director candidates and has the authority to approve the fees and retention terms of any search firm.

The Nominating and Corporate Governance Committee will apply these same principles when evaluating Board candidates who may be elected initially by the full Board to fill vacancies or add additional directors prior to the annual meeting of stockholders at which directors are elected.

After completing its review and evaluation of director candidates, the Nominating and Corporate Governance Committee recommends to the full Board of Directors the director nominees.

Attendance at Annual Meetings of Stockholders by the Board of Directors

Although Fortinet does not have a formal policy regarding attendance by members of the Board of Directors at Fortinet's annual meeting of stockholders, Fortinet welcomes, but does not require, directors to attend. One director attended Fortinet's 2013 annual meeting of stockholders.

Contacting the Board of Directors

Stockholders who wish to communicate with the members of our Board of Directors may do so by sending Fortinet's Corporate Secretary a letter c/o Fortinet at 899 Kifer Road, Sunnyvale, CA 94086, or by fax to (408) 235-7737. The Corporate Secretary reviews all incoming stockholder communications (except for mass mailings, product complaints or inquiries, job inquiries, business solicitations and patently offensive or otherwise inappropriate material) and, if appropriate, routes such communications to the appropriate member(s) of our Board of Directors, or if none is specified, to the Lead Independent Director.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The following discussion and analysis provides information about the 2013 compensation arrangements for each individual who served as one of our executive officers during 2013, including our former interim chief financial officer and our former chief financial officer and chief operating officer who were as follows:

Ken Xie, our Chief Executive Officer,
Michael Xie, our President and Chief Technology Officer,
John Whittle, our Vice President of Corporate Development and Strategic Alliances, General Counsel and Corporate Secretary,

Nancy Bush, our former Interim Chief Financial Officer, and
Ahmed Rubaie, our former Chief Financial Officer and Chief Operating Officer.

We refer to these individuals as named executive officers in this proxy statement. This compensation discussion and analysis should be read together with the compensation tables and related disclosures that follow it. This discussion contains forward looking statements that are based on our current plans, considerations, expectations and determinations regarding future compensation programs. Actual compensation programs that we adopt may differ materially from currently planned programs as summarized in this discussion.

From October 2012 to April 2013 and during December 2013, Ms. Bush served as our Interim Chief Financial Officer. Mr. Rubaie was appointed as our Chief Financial Officer and Chief Operating Officer in April 2013 and resigned in November 2013. Andrew Del Matto was appointed as our Chief Financial Officer in January 2014.

Overview

We compete with many other technology companies in seeking to attract and retain a skilled work force. To meet this challenge, we designed our compensation programs to attract, retain and motivate our named executive officers to enhance stockholder value by:

offering base pay to our named executive officers that is competitive compared with market and peer company data for the technology industry;

offering total compensation opportunities for our named executive officers that are competitive compared with the opportunities offered by companies similar to us within the technology industry;

linking named executive officer compensation to our operating and financial performance by making elements of each executive's compensation dependent on our overall company performance, as well as the individual's contribution to enhancing stockholder value;

emphasizing equity pay and long-term incentives for our named executive officers so they have incentives to contribute towards our growth and creating long-term value for our stockholders; and

ensuring fairness among our executive team by recognizing the contributions each executive makes to our success.

Because our compensation programs are designed to align our executives' compensation to our operating and financial performance, you should consider our executive compensation decisions in the context of our financial and operational performance during fiscal 2013, including:

Total revenue was \$615.3 million, an increase of 15% compared to \$533.6 million for fiscal 2012; and
GAAP operating income was \$72.1 million compared to \$100.5 million for fiscal 2012.

Role of the Compensation Committee in Executive Compensation Decisions

The Compensation Committee of our Board of Directors has overall responsibility for approving the compensation of our named executive officers. Members of the Compensation Committee are appointed by our Board. See *Corporate Governance Board Meetings and Committees Compensation Committee* for more detail about the responsibilities and procedures of the Compensation Committee.

Role of Compensation Consultant

In determining executive compensation, the Compensation Committee of our Board of Directors has considered at least annually analysis from an independent third party compensation consultant and reserves the right to consider analysis from more than one compensation consultant.

For fiscal 2013 the Compensation Committee engaged Compensia to provide a competitive market assessment of Fortinet's executive compensation program and to report on the results of such assessment. The compensation consultant has provided market and peer company compensation data as one consideration for the Compensation Committee as discussed in more detail below under *Determining the Amount of Elements of Executives Compensation in 2013*. Based on consideration of the various factors set forth in the SEC rules and NASDAQ listing standards, the Compensation Committee does not believe that its relationship with Compensia and the work of Compensia on behalf of the Compensation Committee has raised any conflict of interest.

Role of Executives in Executive Compensation Decisions

Our Compensation Committee generally seeks input from our Chief Executive Officer, Mr. Ken Xie, when discussing the performance of and compensation levels for named executive officers other than for himself and Mr. Michael Xie. Neither Mr. Ken Xie nor any of our other named executive officers participates in deliberations relating to their own compensation, and Messrs. Ken Xie and Michael Xie do not participate in deliberations related to each other's compensation.

Our stockholders will have the opportunity again at this year's Annual Meeting to vote on our named executive officer compensation through the stockholder advisory vote on executive compensation (commonly known as a say-on-pay vote) included as Proposal Three in this proxy statement. Last year, over 98% of the stockholder votes cast, were cast in favor of our named executive officer compensation in fiscal 2012, and at the 2012 Annual Meeting, over 96% of the stockholder votes cast, were cast in favor of our named executive officer compensation in fiscal 2011. Last year's stockholder vote on executive compensation occurred in June 2013, after the Compensation Committee's consideration of executive compensation, which occurred earlier in the year, with compensation for most elements established by April 2013. As a result, the Compensation Committee did not take into consideration last year's stockholder vote in setting 2013 executive compensation. The Compensation Committee may consider input from stockholders and the outcome of our annual say-on-pay votes when making future executive compensation decisions. We encourage you to review this *Executive Compensation* section, together with the compensation tables that follow, prior to casting your advisory vote on the say-on-pay proposal.

Elements of Our Compensation Program

The four key elements of our compensation package for named executive officers are base pay, equity-based awards, variable pay, and our benefits programs. As a total package, we design our compensation program to enable us to

attract and retain talented personnel who can add to Fortinet's long-term value. The individual elements of Fortinet's compensation program are designed to satisfy this larger goal in specific ways as described below. For a detailed discussion of the amounts awarded to our named executive officers during 2013, see *Determining the Amount of Elements of Executives' Compensation in 2013* below.

Base Pay. We establish base pay that is both reasonable and competitive in relation to the surveyed market of similar companies in the technology industry. We monitor competitive base pay levels at least annually and make adjustments to base pay as appropriate. In general, a named executive officer's base pay level should reflect his overall sustained performance and contribution over time. We design base pay to provide the ongoing reward for each named executive officer's work and contribution and to be competitive in attracting or retaining the executive. Any increases in base pay are provided generally on an annual basis.

TABLE OF CONTENTS

Equity-Based Awards. We design our equity programs to be both reasonable and competitive in relation to the market. Stock options and restricted stock units (RSUs), are designed to reflect and reward sustained performance over time, as reflected in improved overall company value. As described in more detail below, we design equity-based compensation to help retain talent over a period of time and to provide named executive officers with a long-term reward that aligns their interests with those of our stockholders. A number of factors are considered when determining the size of equity grants, including peer group data, named executive officer performance, retention value, the value of unvested equity awards already held by the named executive officer, and a review of the named executive officer's overall compensation package, which takes into account our approach in base pay and variable pay. Initial grants upon hire are generally designed to attract experienced executives with established records of success and help retain them over the long term. Subsequent grants to named executive officers are designed to help retain and incentivize named executive officers.

Historically, our named executive officers received equity-based awards in the form of stock options. In July 2012, our Compensation Committee decided to cease awarding stock options to our named executive officers, and instead grant RSUs, consistent with the Committee's goal of reducing our corporate-wide rate of dilution and because the Committee believes that RSUs can serve as an effective vehicle for addressing employee retention. Unlike stock options, RSUs allow for retention of some value even if the company's stock price subsequently drops below the price on the RSUs' date of grant. Consistent with this policy, in January 2013 the Compensation Committee granted service-based RSUs to our named executive officers.

As part of the mid-year, refresh grants approved in July 2013, the Compensation Committee decided that for purposes of such refresh grants, executives should receive equity-based awards comprised solely of relative total stockholder return market stock units (PSUs). The Committee introduced PSUs to create a stronger and more visible link between executive pay and the company's performance; to further align our executives' interests with those of our stockholders; to mitigate the impact of the volatility of the stock market on our equity programs; to better incentivize and retain our senior executives; and to move to a long-term incentive program that is more consistent with practices at peer companies. The PSUs vest up to 50% at the end of a two-year service period ending in July 2014, and up to the remaining 50%, plus any unvested from the two-year period, at the end of a three-year service period ending in July 2015, based on the company's relative stock price performance over those respective periods compared to the performance of the NASDAQ Composite Index, with the Award Multiplier below representing the amount of the original grant to vest:

Relative Stock Price Performance	Award Multiplier
+25% points or greater	150 %
+12.5% points	125 %
0% points	100 %
-16.7% points	50 %
-33.3% points or less	0 %

Stock price performance is measured using the average share price of the applicable stock during the final 90 trading days of the two- or three-year performance period divided by the average share price during the 90 trading days ending on the trading day prior to the first day of the two- or three-year performance period, including the value attributable to reinvestment of dividends, if any. The Compensation Committee believes that RSUs and PSUs serve to align executive pay with stockholder value because the compensation opportunity correlates with the company's stock price over an extended period of time.

Although the Compensation Committee has decided to grant RSUs, PSUs and stock options based on the structure above, it retains the ability to change its approach to equity grants as a form of long-term equity incentive in its

discretion.

Variable Pay. Rewarding performance through variable pay is an important element of named executive officer compensation. We design our variable pay programs to be both reasonable and competitive in relation to the market.

We consider adjusting our variable pay programs as appropriate for our named executive officers. Our senior management incentive bonus program is designed to motivate our named executive officers to achieve goals and to align payouts with actual results. The variable pay incentives are based on a

TABLE OF CONTENTS

formulaic assessment of our financial performance and an assessment of each individual's performance. The Compensation Committee has the discretion to increase or decrease a payout under the variable pay programs at any time in the event that it determines that circumstances warrant adjustment. A key factor in this process is executive peer review where our broader executive team reviews the performance of certain other executives, including certain named executive officers, on a quarterly basis, and their confidential feedback is reviewed by our Compensation Committee when considering the individual variable pay incentives. We believe the executive peer review motivates executive officers to work together in a productive fashion.

Benefits Programs. We provide our named executive officers the following benefits: employee retirement, health and welfare benefits, such as our 401(k) retirement plan, group health insurance plans, and life, disability and accidental death insurance plans. Our named executive officers generally receive the same benefits as those provided to our other U.S. employees and do not receive additional perquisites. Our employee benefits programs are typically established and adjusted by our human resources department with approval, as necessary, from senior management.

Determining the Amount of Elements of Executives Compensation in 2013

Overview. In analyzing elements of our compensation program in 2013, the Compensation Committee engaged Compensia to provide an assessment of the compensation we offer to our named executive officers. Fortinet also engaged Compensia for the limited purpose of gaining access to the compensation data that Compensia compiles for use in setting compensation for employees other than named executive officers. With respect to Compensia's engagement in 2013, Compensia considered the compensation practices of the technology companies listed below, each of which had annual revenues ranging from approximately \$288 million to \$847 million, market capitalization generally ranging from \$2.0 billion to \$6.5 billion, and between 669 and 5,735 employees.

Base Pay. As part of our annual performance review process and review of named executive officers' compensation, early each year the Compensation Committee assesses the performance levels of the named executive officers, based on factors such as company performance, department performance and individual performance, and, in 2013, in the case of Mr. Whittle and Ms. Bush, input from Mr. Ken Xie. Largely as a result of this assessment and taking into account reasonable annual increases in base pay, the Compensation Committee considers whether to increase the base pay of the named executive officers and, if so, by how much.

The Compensation Committee makes decisions regarding base pay by taking into consideration the named executive officer's expertise, position, past contributions to Fortinet and potential future contributions to Fortinet. Taking into consideration performance and reasonable merit increases, in January 2013, the Compensation Committee raised the annual base pay of Mr. Ken Xie by 3% to \$359,375, Mr. Michael Xie by 3% to \$318,800 and Mr. Whittle by 5% to \$297,601 and for Mr. Whittle, in April 2013, by an additional 5% to \$312,500. Ms. Bush's annual base pay had increased by 16% to \$260,000 in October 2012 in connection with her promotion to Interim Chief Financial Officer

and was not increased again during 2013. After these increases, the base pay of Mr. Ken Xie and Ms. Bush was below Compensation's 50th percentile of market data, Mr. Whittle's was near Compensation's 50th percentile of market data and Mr. Michael Xie's was above the 50th percentile of market data. Mr. Rubaie was hired as Chief Financial Officer and Chief Operating Officer in April 2013 with annual base pay of \$400,000.

Equity-Based Awards. In allocating RSUs to our named executive officers in 2013, the Compensation Committee exercised its judgment and considered, among other things, the role and contribution of the named executive officer and the value of unvested stock options and RSUs already held by the executive.

TABLE OF CONTENTS

In January 2013, the Compensation Committee approved a refresh award of 25,000 RSUs for Mr. Ken Xie, a refresh award of 40,000 RSUs for Mr. Michael Xie, a refresh award of 35,000 RSUs for Mr. Whittle and a refresh award of 20,000 RSUs for Ms. Bush. Each of these RSUs was granted in accordance with Fortinet's Equity Award Grant Policy discussed in *Timing of Equity Awards* below, and vests over four years with 25% vesting approximately one year from the date of grant and the remainder vesting quarterly thereafter. In April 2013, the Compensation Committee approved a new hire grant of 125,000 RSUs for Mr. Rubaie to vest over four years, with 25% to vest in May 2014, and the remainder vesting quarterly thereafter, subject to Mr. Rubaie's continued services to Fortinet through each quarterly vesting date.

In July 2013, the Compensation Committee approved, as part of a broader mid-year, refresh grant program for certain employees of the company, a refresh award of 65,000 PSUs for Mr. Ken Xie, 50,000 PSUs for Mr. Rubaie, 35,000 PSUs for Mr. Michael Xie and 30,000 PSUs for Mr. Whittle. Each of these PSUs vests 50% at the end of a two-year service period and up to the remaining 50%, plus any unvested from the two-year period, at the end of a three-year service period based on the Company's relative stock price performance over those respective periods compared to the performance of the NASDAQ Composite Index, as described in more detail under *Elements of Our Compensation Program - Equity Based Awards* above.

Variable Pay. We determine the executive's actual level of variable compensation in accordance with the terms of the variable pay programs. In developing the framework, we seek to set total cash compensation (base salary plus variable pay) to meet our goal of ensuring that our cash compensation levels are competitive and to enable us to retain and incentivize our named executive officers.

In 2013, our variable pay programs for named executive officers fall under the Fortinet, Inc. Bonus Plan (the "Bonus Program"), with the Compensation Committee establishing, each year, a more detailed incentive bonus program within the parameters described in our overall Bonus Program. In 2013, the Compensation Committee based the Bonus Program funding on achievement of revenue and operating income targets, as set forth in more detail below. We weight the Bonus Program funding more heavily toward achieving revenue over operating income targets because we believe that, at this stage, a focus on growing revenues will help drive our long-term success and result in greater opportunity for profit in the future and enhance stockholder value. We believe it is important for our executives to monitor expenses as well, so we also base a portion of the bonus pool funding on operating income targets. Revenue achievement was weighted at 75% and operating income achievement was weighted at 25% in determining the Bonus Program pool size.

	Revenue Target	Operating Income Target ⁽¹⁾
Achievement Level Required for Funding	86 % ⁽²⁾	100 %
Maximum Award Level	150 % ⁽²⁾	100 %

(1) Operating income is defined as net income plus income taxes, stock-based compensation, interest income and foreign exchange currency gains or losses.

Because revenue achievement is the primary source of funding for the Bonus Program pool, a minimum revenue threshold must be met before funding can occur. If revenue performance is at or below 85% then funding for the revenue portion of the Bonus Program pool will not occur. However, once revenue achievement of 85% is realized, the funding increases on a graduated basis, as follows:

Revenue Performance		Funding Amount
85%	90%	8% funding for every additional 1% of performance over 85%
90%	100%	6% funding for every additional 1% of performance between 90% and 100
100%	150%	0.8% funding for every additional 1% of performance between 100% and 150%

For example:

at 85% achievement of the revenue target, the revenue portion of the Bonus Program would be funded at 0%,
 at 90% achievement of the revenue bonus target, the revenue portion of the Bonus Program would be funded at 40%,
 23

TABLE OF CONTENTS

at 95% achievement of the revenue target, the revenue portion of the Bonus Program would be funded at 70%, and at 100% achievement of the revenue target, the revenue portion of the Bonus Program would be funded at 100%. Awards and performance are subject to quarterly performance targets, and bonuses were funded on a quarterly basis upon successful or outstanding performance in a given quarter based on satisfaction of target objectives.

Individual target bonuses under the Bonus Program are expressed as a percentage of the named executive officer's base salary for 100% goal achievement. During 2013, our chief executive officer made bonus recommendations to the Compensation Committee for Messrs. Rubaie and Whittle and Ms. Bush, taking into consideration company achievement versus the financial targets discussed below and peer review data. The Compensation Committee in turn gave final approval after discussing the recommendations. The Compensation Committee approved bonuses for Messrs. Ken Xie and Michael Xie based upon the same criteria under the Bonus Program. The peer review data consisted of the Compensation peer group discussed above and survey data and our compensation framework of variable pay for our executives was based on a 50th percentile target.

For 2013, the Compensation Committee approved bonus targets of 100% of base salary for Mr. Ken Xie, 75% of base salary for Mr. Rubaie, 50% of base salary for Messrs. Xie and Whittle and 30% of base salary for Ms. Bush for the first half of 2013 and 20% of base salary for the second half of fiscal 2013. In addition, for 2013, Mr. Whittle was eligible for up to an additional 10% bonus for his strategic alliances and corporate development responsibilities and Ms. Bush received an additional \$10,000 during December 2013 for serving as Interim CFO. See *2013 Summary Compensation Table* below.

The Bonus Program is an internal incentive program based on internal revenue and operating income performance targets set at the beginning of the year. The targets were set at levels determined to be challenging and requiring substantial effort on the part of senior management. For 2013, we did not meet our operating income targets for the year and we achieved between 90% and 92% of our quarterly and annual revenue targets. We paid bonuses to our senior management for 2013 based on achievement of these corporate goals and the peer reviews as discussed above. The charts below set forth our internal revenue and operating income performance targets compared to the revenue and operating income actually achieved, and indicates the percentages of target revenue actually achieved.

TABLE OF CONTENTS

Note: Bonus calculations are based on unaudited/preliminary revenue and operating income results.

Benefits Programs. Our named executive officers receive the same employee benefits as our other U.S.-based employees. We design our employee benefits programs to be both cost-effective and competitive in relation to the market as well as compliant with applicable laws and practices. We adjust our benefits programs as needed based upon regular monitoring of applicable laws and practices and the overall market.

Severance and Change of Control Agreements

In August 2009, we entered into severance agreements with Messrs. Ken Xie, Michael Xie and Whittle. These arrangements provide for payments and benefits upon termination of their employment in specified circumstances, including following a change of control. These arrangements (including potential payments and terms) are discussed in more detail in the *Potential Payments Upon Termination or Change of Control* section below. We believe that these severance agreements help us from a retention standpoint, and they are particularly necessary in an industry such as ours, where there has been market consolidation. We believe that entering into these agreements helps the named executive officers maintain continued focus and dedication to their assigned duties to maximize stockholder value. The terms of these agreements were determined after review by the Compensation Committee of our retention goals for each named executive officer, as well as analysis of market data, similar agreements established by our peer group, and applicable law.

In April 2013, we entered into a severance agreement with Mr. Rubaie that provided for payments and benefits upon termination of employment in specified circumstances. Mr. Rubaie subsequently resigned effective December 5, 2013 and we entered into a separation agreement with him in November 2013 in connection with his resignation. The payments made to Mr. Rubaie pursuant to the separation agreement are summarized in the *Summary Compensation Table* below.

Timing of Equity Awards

During 2013, the Compensation Committee granted refresh RSUs to executives in January and refresh PSUs to executives in July. The Board of Directors and Compensation Committee reserve the right, however, to grant refresh RSUs, or other equity awards at other times during the year, and to grant more or fewer than two refresh grants per year. With respect to newly hired employees, our practice is typically to make stock grants at the first quarterly meeting of the Compensation Committee following such employee's hire date.

Pursuant to our Equity Award Grant Policy, equity awards are granted effective as of the date that is the tenth trading day on the NASDAQ Global Market following the date of our next quarterly earnings announcement following the Compensation Committee or Board meeting when such equity awards were approved.

TABLE OF CONTENTS

Performance-Based Compensation Recovery Policy

In April 2014, the Compensation Committee adopted a compensation recovery policy that allows us to recover or clawback performance-based cash compensation from participants in the Bonus Program in the event of a material restatement of our financial results. Under the policy, if the material restatement would result in any performance-based cash compensation paid under the Bonus Program during the three years preceding the restatement to have been lower had it been calculated based on such restated results, we may recover the amounts in excess of what would have been paid under the restatement, from any employee who received such performance-based cash compensation who is determined to have engaged in intentional or unlawful misconduct that materially contributed to the need for such restatement. Our board (or a committee designated by the board) has the sole authority to enforce this policy, and it is limited by applicable law.

Effect of Accounting and Tax Treatment on Compensation Decisions

In the review and establishment of our compensation programs, we consider the anticipated accounting and tax implications to us and our executives. In this regard, beginning in 2012, we started using RSUs and in 2013, we started using PSUs, and reserve the right to use other forms of equity, as additional forms of equity compensation incentives in response to changes in the accounting treatment of equity awards and taking into consideration potential impact on dilution. While we consider the applicable accounting and tax treatment, these factors alone are not determinative, and we also consider the cash and non-cash impact of the programs and whether a program is consistent with our overall compensation philosophy and objectives.

Section 162(m) of the Internal Revenue Code imposes limits on the amount of compensation that a public company may deduct in any one year for the compensation of the chief executive officer and other highly compensated executive officers, unless specific and detailed criteria are satisfied. Performance-based compensation (including stock options), as defined in the Internal Revenue Code, is fully deductible if the programs are approved by stockholders and meet other requirements. We have determined that we will not seek to limit executive compensation so that it is deductible under Section 162(m). However, from time to time, we may choose to structure our compensation programs to satisfy the requirements of Section 162(m). We seek to maintain flexibility in designing a comprehensive plan for our executives that promotes our corporate goals and therefore our Compensation Committee has not adopted a policy requiring all compensation to be deductible. To that end, in April 2012 our Board of Directors adopted, and at our 2013 Annual Meeting our stockholders approved, the Fortinet, Inc. Cash and Equity Incentive Plan to permit cash bonuses and certain equity compensation to be considered performance-based compensation within the meaning of Section 162(m) of the Code and therefore fully deductible by us for federal income tax purposes starting in fiscal 2014.

Compensation Committee Report

The Compensation Committee oversees our compensation policies, plans and benefit programs. The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management. Based on such review and discussions, the Compensation Committee has recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement.

The amounts shown represent the aggregate grant date fair value of equity awards granted in the years shown, computed in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718 (Compensation – Stock Compensation) (FASB ASC Topic 718). The assumptions used in the valuation of these

(1) awards are set forth in note 11 to our consolidated financial statements, which are included in our Annual Report on Form 10-K for the year ended December 31, 2013, filed with the SEC on March 3, 2014. Grant date fair value is determined for financial statement reporting purposes and does not correspond to the actual value that the named executive officers will receive from the awards.

The amounts shown for fiscal 2013 represent the aggregate grant date fair value of RSUs and PSUs granted to the named executive officers. The fair value of the PSUs was calculated using the Monte Carlo simulation model on the date of grant and based on the market price of our common stock on the date of grant modified to reflect the impact of the market-based vesting condition, including the estimated payout level based on that condition. See (2) *Grants of Plan-Based Awards in 2013* and *Elements of Our Compensation Program – Equity Based Awards* for additional details regarding the RSUs and PSUs granted to named executive officers in fiscal 2013.

Potential Payments Upon Termination or Change of Control

Termination or Change of Control Arrangements

Ken Xie. We have entered into a Change of Control Severance Agreement, dated August 7, 2009, with Ken Xie, our President and Chief Executive Officer under which he may receive certain benefits upon certain terminations of employment, provided that he has provided us with an executed release of claims and subject to non-solicitation and non-competition for a period of twelve months. This agreement provides that, if Mr. Ken Xie's employment is terminated without Cause (as defined below), or if he terminates his employment with us for Good Reason (as defined below), prior to, or absent, a Change of Control (as defined below) or after twelve months following a Change of Control, he will be entitled to a severance payment in an amount equal to twelve months of his then-current base salary and twelve months of medical, dental, and/or vision benefits for him and/or his eligible dependents. If Mr. Ken Xie is terminated without Cause, or if he terminates his employment with us for Good Reason, within one year following a Change of Control, in addition to receiving twelve months of base salary (as in effect immediately prior to the Change of Control or his termination, whichever is greater) and twelve months of medical, dental, and/or vision

benefits for him and/or his eligible dependents, Mr. Ken Xie's unvested equity awards will immediately vest and become exercisable in full, and our right of repurchase or reacquisition with respect to such awards will lapse. The awards will remain exercisable, to the extent applicable, following the termination for the period prescribed in the respective stock plan and agreement for each award. In the event any payment to Mr. Xie is subject to the excise tax imposed by Section 4999 of the Internal Revenue Code (as a result of a payment being classified as a parachute payment under Section 280G of the Internal Revenue Code), he will be entitled to receive such payment as would entitle him to receive the greatest after-tax benefit of either the full payment or a lesser payment which would result in no portion of such severance benefits being subject to excise tax.

Michael Xie. We have entered into a Change of Control Severance Agreement, dated August 7, 2009, with Michael Xie, our President and Chief Technology Officer under which he may receive certain benefits

upon certain terminations of employment, provided that he has provided us with an executed release of claims and subject to non-solicitation and non-competition for a period of twelve months. This agreement provides that, if Mr. Michael Xie's employment is terminated without Cause, or if the executive terminates his employment with us for Good Reason, prior to, or absent, a Change of Control or after twelve months following a Change of Control, he will be entitled to a severance payment and/or benefits as determined by us in our sole discretion. If he is terminated without Cause, or if he terminates his employment with us for Good Reason, within one year following a Change of Control, he will receive a severance payment equal to six months of his base salary (as in effect immediately prior to the Change of Control or his termination, whichever is greater), twelve months of medical, dental, and/or vision benefits for him and/or his eligible dependents, and the unvested portion of his equity awards will immediately vest and become exercisable in full and our right of repurchase or reacquisition with respect to such awards will lapse. The awards will remain exercisable, to the extent applicable, following the termination for the period prescribed in the respective stock plan and agreement for each award. In the event any payment to him is subject to the excise tax imposed by Section 4999 of the Internal Revenue Code (as a result of a payment being classified as a parachute payment under Section 280G of the Internal Revenue Code), he will be entitled to receive such payment as would entitle him to receive the greatest after-tax benefit of either the full payment or a lesser payment which would result in no portion of such severance benefits being subject to excise tax.

John Whittle. We have entered into a Change of Control Severance Agreement, dated August 7, 2009 with John Whittle, our Vice President of Corporate Development and Strategic Alliances, General Counsel and Corporate Secretary, under which he may receive certain benefits upon certain terminations of employment, provided that he has provided us with an executed release of claims and subject to non-solicitation and non-competition for a period of twelve months. This agreement provides that, if Mr. Whittle's employment is terminated without Cause, or if he terminates his employment with us for Good Reason, prior to, or absent, a Change of Control or after twelve months following a Change of Control, he will be entitled to a severance payment equal to twelve months of base salary (as in effect immediately prior to the Change of Control or his termination, whichever is greater), twelve months of medical, dental and/or vision benefits for him and/or his eligible dependents and his unvested equity awards will immediately vest as to the awards that would have vested over the next twelve months and such accelerated awards become exercisable in full, and our right of repurchase or reacquisition with respect to such awards will lapse. If Mr. Whittle is terminated without Cause, or if he terminates his employment with us for Good Reason, within one year following a Change of Control, then in addition to receiving twelve months base salary, all of his unvested equity awards will fully vest and such accelerated awards become exercisable in full, and our right of repurchase or reacquisition with respect to such awards will lapse. The awards will remain exercisable, to the extent applicable, following the termination for the period prescribed in the respective stock plan and agreement for each award. In the event any payment to Mr. Whittle is subject to the excise tax imposed by Section 4999 of the Internal Revenue Code (as a result of a payment being classified as a parachute payment under Section 280G of the Internal Revenue Code), he will be entitled to receive such payment as would entitle him to receive the greatest after-tax benefit of either the full payment or a lesser payment which would result in no portion of such severance benefits being subject to excise tax.

For the purpose of our Change of Control Severance Agreements with the above-mentioned executives:

- (a) the acquisition by one person or group of persons of Fortinet securities representing 50% or more of total voting power at the time of acquisition;
 - (b) a change in the composition of the Board occurring within a 12 month period, which results in fewer than a majority of the directors on the Board being incumbent directors;
 - (c) the date of the consummation of a merger or consolidation between Fortinet and any other corporation that has been approved by our stockholders, other than a merger or consolidation that would result in our voting securities representing 50% or more of the total voting power immediately after such merger or consolidation, or if our

stockholders approve a plan of Fortinet's complete liquidation; or

31

TABLE OF CONTENTS

- (d) a change in the ownership of a substantial portion of Fortinet's assets, having a total gross fair market value equal to or more than 50% of the total fair market value of all of Fortinet's assets immediately prior to such acquisition.

Notwithstanding the foregoing, a transaction that does not constitute a change of control event under Treasury Regulation 1.409A-3(i)(5)(v) or (vii) shall not be considered a Change of Control.

(2)

Cause generally means:

- (a) an act of dishonesty by the executive in connection with the executive's responsibilities as an employee that materially and adversely affects the company;
- (b) the executive's conviction of, or plea of nolo contendere to, a felony or any crime involving fraud, embezzlement or any other act of moral turpitude;
- (c) the executive's gross misconduct that materially and adversely affects the company's reputation or business; or the executive's continued intentional refusal to perform employment duties in a material fashion that materially and adversely affects the company's reputation or business, after the executive has received a written demand of performance from the company that specifically sets forth the factual basis for the company's belief that the executive has not substantially performed his duties and the executive continues to refuse to cure such non-performance within thirty days after receiving such notice.

- (3) Good Reason generally means the occurrence of one of more of the following events without the executive's express written consent:

- (a) a material diminution in the executive's position or responsibilities with the company;
- (b) a material reduction in the base salary of the executive;

- (e) the company's failure to obtain the assumption of the Change of Control Severance Agreement by any successor to substantially all of the company's business and/or assets.

The executive may not resign for Good Reason without first providing us with written notice of the acts or omissions constituting the grounds for Good Reason within 90 days of the initial existence of the ground for Good Reason and a reasonable cure period of not less than 30 days following the date of such notice.

Estimated Payments Upon Termination or Change in Control

The following table provides information concerning the estimated payments and benefits that would be provided in the circumstances described above for each of the named executive officers. Except where otherwise noted, payments and benefits are estimated assuming that the triggering event took place on the last business day of fiscal 2013 (December 31, 2013), and the price per share of Fortinet's common stock is the closing price on the NASDAQ Global Market as of that date (\$19.13). There can be no assurance that a triggering event would produce the same or similar results as those estimated below if such event occurs on any other date or at any other price, or if any other assumption used to estimate potential payments and benefits is not correct. Due to the number of factors that affect the nature and amount of any potential payments or benefits, any actual payments and benefits may be different.

The named executive officer is also eligible to receive reimbursement for insurance premium expenses incurred for group health insurance continuation coverage under Title X of the Consolidated Omnibus Budget Reconciliation Act of 1985, as amended (COBRA) for a period of up to 12 months after his Qualifying Termination prior to or absent a Change of Control, after 12 months following a Change of Control, or within one year after a Change of Control. See *Potential Payments Upon Termination or Change of Control* and *Termination or Change of Control Arrangements*.

Other Arrangements

While non-employee directors are not typically paid or reimbursed for travel, lodging and related expenses associated with attending Board or Committee meetings and for participating in Board-related activities, we have from time-to-time paid or reimbursed our non-employee directors for reasonable expenses associated with attendance at Board or Committee meetings.

TABLE OF CONTENTS**Equity Compensation Plan Information**

We currently maintain the following two equity compensation plans that provide for the issuance of shares of common stock to our officers and other employees, directors and consultants: the 2009 Equity Incentive Plan, as amended (the 2009 Plan), and the 2011 Employee Stock Purchase Plan, each of which have been approved by stockholders. We previously maintained the Amended and Restated 2000 Stock Plan (the 2000 Plan) and 2008 Stock Plan (the 2008 Plan), both of which we terminated in connection with our initial public offering in 2009. The termination of the 2000 Plan and 2008 Plan did not affect awards outstanding under the plans, which continue to be governed by the terms and conditions of the respective plans.

The following table summarizes the number of outstanding options and rights and number of securities remaining available for future issuance under our equity compensation plans as of December 31, 2013.

Plan category	(a) Number of securities to be issued upon exercise of outstanding options, warrants and rights (#)	(b) Weighted-average exercise price per share of outstanding options, warrants and rights (\$)	(c) Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a)) (#)
