Gilat Announces Settlement Agreement with the Income Tax Authorities for the Years 1998-2003

Company also announces appointment of Ms. Tal Payne as its Chief Financial Officer

Petah Tikva, Israel, May 30, 2005 Gilat Satellite Networks Ltd. (Nasdaq: GILTF), a worldwide leader in satellite networking technology, announced today the execution of a settlement agreement with the Israeli Tax Authorities for closing the Company's tax assessment for the years 1998-2003.

As reported in Gilat's financial statements for the year ended December 31, 2004 filed on Form 20F, the Company had received initial tax assessments for the tax years 1998-2001, for approximately US\$45 million plus US\$7 million in penalties, based on various claims of the Israeli Tax Authorities. In 2005, this tax audit was extended to include tax assessments for 2002 and 2003.

According to the settlement agreement, Gilat's tax assessments for the above mentioned years (1998-2003) were closed for a current amount of approximately US\$6 million, including interest and indexation. In addition, carry forward tax losses as of December 31, 2003, were set at US\$68 million. Since Gilat recorded US \$5.75 million in provisions in previous quarters, the Company expects to record expenses of approximately US\$ 0.25 million in the second quarter of 2005 relating to this agreement.

Shlomo Rodav, Chief Executive Officer of Gilat said, "I am very pleased with the settlement with Israel's tax authorities. The burden of these past claims is now behind us."

Gilat also announced today that Ms. Tal Payne, formerly the Company's Vice President of Finance, has been appointed Chief Financial Officer.

Ms. Tal Payne joined Gilat in 1999 as the Company's Financial Director. In 2003, Ms. Payne was appointed to the position of VP of Finance. Prior to joining Gilat, she served as a CPA and Manager for Kesselman & Kesselman, PriceWaterhouseCooper's Israel office. Ms. Payne holds a B.A. in Economics and Accounting as well as advanced studies in accounting, from Tel Aviv University.
