FOR IMMEDIATE RELEASE

### CAMTEK ANNOUNCES THIRD QUARTER 2015 RESULTS

Q3 revenues of \$26.3 million: 17% year-over-year growth and highest quarterly revenue level in four years

MIGDAL HAEMEK, Israel – October 29, 2015 – Camtek Ltd. (NASDAQ: CAMT, TASE: CAMT), today announced its financial results for the quarter ended September 30, 2015.

#### Highlights of the third quarter 2015

- Revenues of \$26.3 million, up 4% sequentially and 17% year-over-year driven by increased sales to the advanced packaging semiconductor market;
  - Non-GAAP operating income of \$1.9 million; GAAP operating income of \$1.8 million;
  - Non-GAAP net income of \$1.2 million; GAAP net income of \$1.0 million;
  - Positive operating cash flow of \$5.4 million; and
  - Q4 revenue guidance of \$25 to 26.5 million.

#### Management Comment

Rafi Amit, Camtek's Chairman and CEO, commented, "Our four-year high in quarterly revenue has been driven by robust sales of Automatic Optical Inspection and Metrology systems to the semiconductor market. These sales reflect growth in the advanced packaging market segment as well as other leading segments such as CMOS Image Sensors and MEMS. Since the introduction of the Eagle product line in the second half of 2014, it has been successful in the marketplace for both new and existing customers. In the third quarter of 2015, a large portion of our semiconductor business came from Eagle sales with particularly strong demand from customers in Taiwan and China. We differentiate ourselves by working closely with industry leaders to provide tailor-made solutions for cutting edge technologies, like advanced packaging."

Continued Mr. Amit, "With respect to the PCB market, the inspection business remains stable, and the Gryphon is in evaluation with four customers, three in the US and one in Asia. As the Gryphon progresses in its marketing phases, we have decided to integrate the two product lines serving the PCB market (inspection and digital printing) under one business unit. This move will improve the synergies between the sales force and the R&D team, as a result it will allow us to efficiently focus on improving the performances of the Gryphon based on the customers' feedback. Following implementation of market feedback, we will accelerate the process of broader market sales."

Concluded Mr. Amit, “Looking ahead, we expect our fourth quarter revenue to remain around the same level as seen over the past two quarters. We continue to experience strong order flow, part of which we expect to ship in the first quarter of 2016. We look forward to another solid quarter, bringing our annual revenue to around the \$100 million level, representing a significant step-up over that of the past years.”

This press release is available at [www.camtek.co.il](http://www.camtek.co.il).

This press release may contain projections or other forward-looking statements regarding future events or the future performance of the Company. These statements are only predictions and may change as time passes. We do not assume any obligation to update that information. Actual events or results may differ materially from those projected, including as a result of changing industry and market trends, reduced demand for our products, the timely development of our new products and their adoption by the market, increased competition in the industry, intellectual property litigation, price reductions as well as due to risks identified in the documents filed by the Company with the SEC.

### Use of non-GAAP Measures

This press release provides financial measures that exclude certain items such as: (i) amortization of acquired intangible assets and revaluation of liabilities with respect to the acquisitions of Sela and Printar; and (ii) share based compensation expenses, and are therefore not calculated in accordance with generally accepted accounting principles (GAAP). Management believes that these Non-GAAP financial measures provide meaningful supplemental information regarding our performance. The presentation of this non-GAAP financial information is not intended to be considered in isolation or as a substitute for the financial information prepared and presented in accordance with GAAP. Management uses both GAAP and non-GAAP measures when evaluating the business internally and therefore felt it is important to make these non-GAAP adjustments available to investors. A reconciliation between the GAAP and non-GAAP results appears in the tables at the end of this press release.
