Item 1.01. Entry Into a Material Definitive Agreement.

On September 8, 2008, East Fork Biodiesel, LLC (the Company) entered into a Management Services Agreement (the Management Agreement) with Renewable Fuels Management, LLC (Renewable Fuels), based in Huxley, Iowa. The Company and Renewable Fuels have no previous material relationship.

Under the terms of the Management Agreement, Renewable Fuels employee, Chris Daniel, will, upon appointment of the Company s Board of Directors, serve as the Company s Chief Executive Officer and provide strategic business direction as well as implementation of the Company s business plan and oversight of its business and facility operations, including personnel matters. Renewable Fuels will be responsible for all of Mr. Daniels compensation and benefits. He will report to the Company s Chairman of the Board of Directors as well as to Renewable Fuels Chief Executive Officer. Other senior managers of Renewable Fuels will assist the Company by providing management consulting. The Management Agreement, which will be for an initial period of two years, contains customary confidentiality provisions.

The Company will pay Renewable Fuels a flat fee of \$20,000.00 per month (prorated for the first month of the Management Agreement) to be paid regardless of the gallons of biodiesel produced for the first 12 months of the Management Agreement. (The Company is currently unable to operate its plant because it has been unable to obtain the necessary working capital financing required to purchase soybean oil. The Company continues to explore the availability of working capital.) The fee structure of the Management Agreement will be reviewed in 12 months to determine if adjustments are necessary. Subject to meeting certain performance measurements, the Company will offer, over the course of the Management Agreement, up to 2,500 of its membership units to Renewable Fuels through unit purchase options. The purchase price of units to be granted upon achievement of the performance measurements will be \$600 per unit.

The foregoing description of the Management Agreement does not purport to be complete and is qualified in its entirety by reference to the Management Agreement, which is filed as Exhibit 10.1 to this Current Report on Form 8-K.
