Item 3.01. Notice of Delisting or Failure to Satisfy a Continued Listing Rule or Standard; Transfer of Listing.

On August 15, 2011, Lee Enterprises, Incorporated (the "Company") was notified by NYSE Regulation, Inc. ("NYSE Regulation") that the Company has fallen below the continued listing standards of the New York Stock Exchange, Inc. (the "NYSE") regarding the minimum average market capitalization and stockholders' equity under Section 802.01B of the NYSE's Listed Company Manual. Section 802.01B requires that the Company maintain average market capitalization of not less than \$50 million over a 30 trading-day period and, at the same time, maintain stockholders' equity of not less than \$50 million.

The notification stated that as of August 9, 2011, the Company's 30 trading-day average market capitalization was approximately \$40.2 million and its last reported stockholders' deficit as of June 26, 2011 was approximately \$(76.1) million, and that the Company would have until February 15, 2013 to cure the deficiency relating to the average market capitalization and stockholders' equity. As previously announced, on July 1, 2011, the Company's Common Stock traded at an average 30-day closing market price of less than \$1 per share. On July 8, 2011, NYSE Regulation notified the Company that it did not meet the continued listing standards due to its failure to maintain an adequate share price, and that the Company would have until January 8, 2012 to cure the deficiency relating to the minimum market price.

As required under NYSE's rules, the Company issued a news release on August 19, 2011 announcing its receipt of NYSE Regulation's notification. A copy of this news release is attached hereto as Exhibit 99.1 and is incorporated herein by reference.
