ISRAMCO INC. AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)

NOTE 1 - BASIS OF PRESENTATION

As used in these financial statements, the terms "Company" and "Isramco" refer to Isramco, Inc. and subsidiaries.

The accompanying unaudited consolidated financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions to Form 10-Q. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of Management, all adjustments (consisting of only normal recurring adjustments) considered necessary for a fair presentation have been included. Results for the three month period ended March 31, 2007 are not necessarily indicative of the results that may be expected for the year ended December 31, 2007. For further information, refer to the consolidated financial statements and footnotes thereto included in Isramco's Annual Report on Form 10-K for the fiscal year ended December 31, 2006. Certain reclassifications of prior year amounts have

Edgar Filing: ISRAMCO INC - Form 10-Q

been made to conform to current presentation. At December 31, 2006, cash of \$17 million was restricted in connection with the swap contracts. At March 31, 2007, Isramco had \$1 million restricted cash.

NOTE 2 - CONSOLIDATION

The consolidated financial statements include the accounts of Isramco, its direct and indirect non U.S. based wholly-owned subsidiaries Isramco Oil and Gas Ltd. ("Oil and Gas") and its U.S. based wholly-owned subsidiaries: Jay Petroleum, L.L.C. ("Jay Petroleum"), Jay Management L.L.C. ("Jay Management"), IsramTec Inc. ("IsramTec") and Isramco Energy LLC. Inter company balances and transactions have been eliminated in consolidation.

NOTE 3 - OIL AND GAS PROPERTIES

Isramco follows the "successful efforts" method of accounting for its oil and gas properties. Under this method of accounting, all property acquisition costs and costs of exploratory and development wells are capitalized when incurred, pending determination of whether the well has found proved reserves. If an exploratory well has not found proved reserves, the costs of the well are charged to expense. The costs of development wells are capitalized whether successful or unsuccessful. Geological and geophysical costs and the costs of carrying and retaining undeveloped properties are expensed as incurred. Management estimates that the salvage value of lease and well equipment will approximately offset the future liability for plugging and abandonment of the related wells. Accordingly, no accrual for such costs has been recorded.

NOTE 4 - TRANSACTION WITH FIVE STATES

Isramco and Five States Energy Company, L.L.C. ("Five States") entered into a certain Purchase and Sale Agreement (the "Purchase Agreement") pursuant to which Isramco agreed to purchase from Five States, through Isramco Energy LLC, a Texas limited liability company that is wholly owned by Isramco ("Isramco Energy"), certain oil and gas properties (including 650 oil and gas wells) located in Texas and New Mexico.

The closing of the transactions contemplated in the Purchase Agreement was completed on March 2, 2007 for an aggregate purchase price of \$92 million (the "Purchase Price"). According to an engineering report prepared by an independent consulting company relating to the properties purchased under the Purchase Agreement, the estimated proved developed producing reserves are 1,447,161 net barrels of oil and 20,078,174 net MMCF's of natural gas and 1,305,705 net of liquid products. Isramco funded \$7.7 million of the Purchase Price from working capital and the balance from a combination of commercial bank loans and loans from related parties. The loans are discussed below.

Isramco obtained loans in the total principle amount of \$42 million from Naphtha Israel Petroleum Corp. Ltd., the parent company (including through its wholly owned subsidiary IOC-Israel Oil Company Ltd) ("Naphtha") with terms and conditions as below:

Pursuant to a Loan Agreement dated as of February 27, 2007 (the "Loan Agreement"), Isramco obtained a loan in the aggregate principal amount of \$18.5 million. The outstanding principal amount of the loan accrues interest at per

Edgar Filing: ISRAMCO INC - Form 10-Q

annum rate equal to the London Inter-bank Offered Rate (LIBOR) plus 5.5%, not to exceed 11% per annum. Interest is payable at the end of each loan year.

Principal plus any accrued and unpaid interest are due and payable on February 26, 2014. Interest after the maturity date accrues at the per annum rate of LIBOR plus 12% until paid in full. At any time, Isramco is entitled to prepay the outstanding amount of the loan without penalty or prepayment. To secure its obligations that may be incurred under the Loan Agreement, Isramco agreed to grant to Naphtha a security interest in certain specified properties held by Jay Petroleum, its wholly owned subsidiary. Naphtha can accelerate the loan and exercise its rights under the collateral upon the occurrence of certain events of default. Mr. Jakob Maimon, Isramco's president and director is a director of Naphtha and Mr. Haim Tsuff, Isramco's Chief Executive Officer and Chairman is a controlling shareholder of Naphtha.

Pursuant to a Loan Agreement dated as of February 27, 2007 (the "Second Loan Agreement") Isramco obtained a loan from Naphtha, in the principal amount of \$11.5 million, repayable at the end of seven years. Interest accrues at a per annum rate of LIBOR plus 6%. The Second Loan is not secured. The other terms of the Second Loan Agreement are identical to the terms of the Loan Agreement.

Pursuant to a Loan Agreement dated as of February 27, 2007 (the "Third Loan Agreement ") Isramco obtained a loan from Naphtha, in the principal amount of \$12 million, repayable at the end of five years. Interest accrues at a per annum rate of LIBOR plus 6%. The Third Loan is not secured. The other terms of the Third Loan Agreement are identical to the terms of the Loan Agreement.

Pursuant to a Loan Agreement dated as of February 26, 2007 Isramco obtained a loan from J.O.E.L Jerusalem Oil Exploration Ltd, a related party ("JOEL"), in the principal amount of \$7 million, repayable at the end of three months. Interest accrues at a per annum rate of 5.36%. Mr. Jakob Maimon, Isramco's president and director is a director of JOEL and Mr. Haim Tsuff, Isramco's Chief Executive Officer and Chairman is a controlling shareholder of JOEL.

On March 2, 2007, Isramco obtained a \$35.3 million credit line from Wells Fargo Bank. Amounts outstanding under the credit line are payable by March 1, 2011. Interest on amounts outstanding accrue at a per annum rate equal to LIBOR plus 2%. Isramco is required to maintain several financial covenants in connection with this credit line. Amounts outstanding under the credit line are secured by a guarantee from Isramco and a pledge by Isramco of the shares of Isramco Energy. Additionally, pursuant to an agreement between Sigma Energy Corporation ("Sigma"), an unrelated party that originated the transaction with Five States, Isramco and Isramco Energy, Isramco Energy paid to Sigma on March 2, 2007, the amount of \$300,000 and after Payout (as defined in the agreement with Sigma), Isramco Energy will assign to Sigma a direct ownership interests equal to 3.75% of the interests acquired by Isramco Energy under the Purchase Agreement.

The following table summarizes the allocation of the purchase price, net of approximately \$2.8 million of net activity for the properties from the effective date of the Purchase Agreement to the closing date, to assets that Isramco acquired and the liabilities assumed in connection with the acquisition of the Five States properties:

NOTE 5 - SWAP TRANSACTIONS

In connection with the Five States transaction, Isramco entered into the following swap contracts:

1. As of December 31, 2006 Isramco had 24 swap contracts to sell 264,084 barrels of crude oil during 24 months commencing January 2007 for a total consideration of \$17.7 million, and 24 swap contracts to sell 2,853,156 MMBTU of natural gas during 24 months commencing January 2007 for a total consideration of \$23.1 million.

In January 2007, Isramco executed reverse contracts for most of the abovementioned contracts and remained with open swap contracts for 23,000 barrels of crude oil for a total consideration of \$1.5 million and 376,000 MMBTU of natural gas for a total consideration of \$3 million.

The above mentioned reverse of swap contracts generated to Isramco a profit of \$2.1 million.

Edgar Filing: ISRAMCO INC - Form 10-Q

2. Following the closing of Five States transaction as stated above, Isramco signed additional swap agreements with Wells Fargo Bank to secure its future oil and gas prices as follows:

Swap contracts to sell 443,577 barrels of crude oil during 46 months commencing March 2007 for a total consideration of \$28.5 million.

Swap contracts to sell 4,618,395 MMBTU of natural gas during 46 months commencing March 2007 for a total consideration of \$36.7 million.

NOTE 6 - DISCONTINUED OPERATION

In March 2004, Isramco purchased a luxury cruise liner for aggregate consideration of \$8,050,000. The vessel, a Bahamas registered ship, contains 270 passenger cabins on nine decks. Isramco leased the vessel to a tour operator for the period from April 4, 2005 through October 31, 2005 and from April 6 2006

Edgar Filing: ISRAMCO INC - Form 10-Q

through November 5 2006 at a daily rate of \$8,000. Under the lease all maintenance and operating costs associated with the vessel were borne by the operator.

Title to the Vessel was in Magic 1 Cruise Line Corp., a British Virgin Islands corporation and a wholly owned subsidiary of Isramco ("Magic"). Isramco expended approximately \$1.4 million and \$1 million in the years 2006 and 2005, respectively, for the maintenance, repairs, renovation and upkeep of the vessel. In addition, following management's assessment conducted in April and May 2006 as part of the preparation of the financial statements for the first quarter of 2006, management determined that there has been a decrease in the fair market value of Isramco's investment in the Magic 1 cruise vessel and, that as a consequence thereof, Isramco believed the investment had been impaired. Accordingly, Isramco recorded as impairment charge in March 2006 in the amount of \$2,200,000.

On December 31, 2006, Isramco and Chesny Estates Ltd., a British Virgin Islands corporation, entered into a Share Purchase and Sale Agreement, dated as of December 31, 2006, pursuant to which Isramco sold to Chesny all of the outstanding share capital of Magic for a purchase price of \$2.15 million. The purchase included the assumption by Chesny of a loan in the principal amount of \$3.3 million incurred by Isramco in connection with the purchase of Magic.

7

Isramco's decision to sell its holdings in Magic was primarily attributable to Isramco's decision to focus principally on the oil and gas business. Following the sale of Magic, Isramco is no longer engaged in the cruise line business.

NOTE 6 - EARNINGS PER SHARE COMPUTATION

SFAS No. 128 requires a reconciliation of the numerator (income) and denominator (shares) of the basic earnings per share ("EPS") computation to the numerator and denominator of the diluted EPS computation. The reconciliation is as follows (dollars in thousands):

	FOR THE THREE MONTHS ENDED MARCH 31,			
	2007		2006

Effect of dilutive securities of stock options	-	-	-	-
Diluted	\$ (1,766)	2,717,691	\$ 393	2,717,691

NOTE 7 - GEOGRAPHICAL SEGMENT INFORMATION

Isramco's operations for 2007 involve one industry segment - the exploration, development production and transportation of oil and natural gas. Prior to 2007

Edgar Filing: ISRAMCO INC - Form 10-Q

Isramco operated in two operating segment - oil and gas activities and holding and leasing its cruise line vessel. Its current oil and gas activities are concentrated in the United States and Israel. Operating outside the United States subjects the company to inherent risks such as a loss of revenues, property and equipment from such hazards as exploration. Nationalization, war and other political risks, risks of increase of takes and governmental royalties, renegotiation of contracts with governmental royalties, renegotiation of contracts with government entities and change in laws and policies governing operations of foreign-based companies.

Isramco's oil and gas business is subject to operating risks associated with the exploration, and production of oil and gas, including blowouts, pollution and acts of nature that could result in damage to oil and gas wells, production facilities of formations. In addition, oil and gas prices have fluctuated substantially in recent years as a result of events outside of Isramco's control. Isramco does not directly operator the operators. This segment of Isramco's business is subject to many risks all of which cannot be presently anticipated, including losses resulting from unexpected repairs and maintenance and competition.

	=====	=====

NOTE 9 - CONTINGENCIES

Isramco is involved in various other legal proceedings arising in the normal course of business. In the opinion of management, Isramco's ultimate liability, if any, in these pending actions would not have a material adverse effect on the financial position, operating results or liquidity of Isramco.

NOTE 10 - SUBSEQUENT EVENT

In April 2007, IsramTec Inc. a wholly owned subsidiary of the Company, sold part of its equity interests in a high-tech company, for aggregate consideration of approximately \$2.3 million. As a result of the transaction, the Company

Edgar Filing: ISRAMCO INC - Form 10-Q

anticipates to record a net gain of approximately \$1.65 million (after payment of a commission) during the second quarter of 2007.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

THE FOLLOWING COMMENTARY SHOULD BE READ IN CONJUNCTION WITH THE CONSOLIDATED FINANCIAL STATEMENTS AND RELATED NOTES CONTAINED ELSEWHERE IN THIS REPORT ON FORM 10-Q. THE DISCUSSION CONTAINS FORWARD-LOOKING STATEMENTS THAT INVOLVE RISKS AND UNCERTAINTIES. THESE STATEMENTS RELATE TO FUTURE EVENTS OR OUR FUTURE FINANCIAL PERFORMANCE. IN SOME CASES, YOU CAN IDENTIFY THESE FORWARD-LOOKING STATEMENTS BY TERMINOLOGY SUCH AS "MAY," "WILL," "SHOULD," "EXPECT," "PLAN," "ANTICIPATE," "BELIEVE," "ESTIMATE," "PREDICT," "POTENTIAL," "INTEND," OR "CONTINUE," AND SIMILAR EXPRESSIONS. THESE STATEMENTS ARE ONLY PREDICTIONS. OUR ACTUAL RESULTS MAY DIFFER MATERIALLY FROM THOSE ANTICIPATED IN THESE FORWARD-LOOKING STATEMENTS AS A RESULT OF A VARIETY OF FACTORS, INCLUDING, BUT NOT LIMITED TO, THOSE SET FORTH UNDER "RISK FACTORS" AND ELSEWHERE IN THIS REPORT ON FORM 10-Q.

OVERVIEW

Isramco, Inc., a Delaware company, is active in the exploration of oil and gas in Israel and the United States. The Company acts as an operator of certain leases and licenses and also holds participation interests in certain other interests. The Company also holds certain non-oil and gas properties.

CRITICAL ACCOUNTING POLICIES

In response to the Release No. 33-8040 of the Securities and Exchange Commission, "Cautionary Advice Regarding Disclosure and Critical Accounting Policies", the Company identified the accounting principles which it believes are most critical to the reported financial status by considering accounting policies that involve the most complex of subjective decisions or assessments.

The Company maintains allowances for doubtful accounts for estimated losses resulting from the inability of customers to make required payments. If the financial condition of customers were to deteriorate, resulting in an impairment of their ability to make payments, additional allowances may be required.

The Company records an investment impairment charge when it believes an investment has experienced a decline in value that is other than is temporary. Future adverse changes in market conditions or poor operating results of underlying investments could result in losses or an inability to recover the carrying value of the investment that may not be reflected in an investment's current carrying value, thereby possibly requiring an impairment charge in the future.

The Company records a valuation allowance to reduce its deferred tax assets to the amount that is more likely than not to be realized. While the Company has considered future taxable income and ongoing prudent and feasible tax planning strategies in assessing the need for the valuation allowance, in the event that the Company were to determine that it would be able to realize its deferred tax assets in the future in excess of its net recorded amount, an adjustment to the deferred tax asset would increase net income in the period

Edgar Filing: ISRAMCO INC - Form 10-Q

such determination was made.

The Company does not participate in, nor has it created, any off-balance sheet special purpose entities or other off-balance sheet financing. In addition, the Company does not enter into any derivative financial instruments, other than the swap contracts.

The Company records a liability for asset retirement obligation at fair value in the period in which it is incurred and a corresponding increase in the carrying amount of the related long live assets.

LIQUIDITY AND CAPITAL RESOURCES

Until acquisition of oil and gas properties in the frame of the Five States transaction, the Company had financed its operations primarily from cash generated by operations.

During the three months ended March 31, 2007, the Company's consolidated cash and cash equivalents decreased by \$14,781,000 from \$17,573,000 at December 31, 2006 to \$2,792,000 at March 31, 2007. The decrease in the Company's consolidated cash and cash equivalents is

11

primarily attributable to the usage of cash reserves to the acquisition of oil and gas properties in the frame of the Five States transaction.

Net cash used in investing activities for the three-month period ended March 31, 2007 was \$89,946,000 as compared to \$494,000 provided during the three-month period ended March 31, 2006. The net cash used during the three month period ended March 31, 2007 is primarily attributable to investment in oil and gas properties in connection with the Five States transaction.

The Company believes that existing cash balances and cash flows from activities will be sufficient to meet its financing needs. The Company intends to finance its ongoing oil and gas exploration activities form working capital.

RESULTS OF OPERATIONS

THREE MONTHS ENDED MARCH 31, 2007 COMPARED TO THE THREE MONTHS ENDED MARCH 31, 2006.

The Company reported net loss of \$1,766,000 (\$0.65 per share) for the three-month period ended March 31, 2007 compared to net income of \$394,000 (\$0.15 per share) for the corresponding three-month period in 2006. The decrease in net income during the three month period ended March 31, 2007 is primarily attributable to recording of losses from swap transactions of approximately \$3.4 million versus an income of \$0.6 million in the three month period ended March 31, 2006, offset by increase of earnings from oil and gas operation due to the acquisitions of oil and gas wells in the Five States transaction and the new drillings of wells. Furthermore, the net income of the three months ended in March 31, 2006 included a non-recurring one time receipt of \$2,565,000 for the settlement of certain lawsuits that were initiated by the Company.

Set forth below is a break-down of these results.
