SPIRENT PLC

PROPOSED DIVESTMENT OF INTERESTS IN THE WAGO COMPANIES

Introduction

Spirent announces that members of the Spirent Group have entered into agreements with members of the Hohorst family and companies controlled by them for the sale of Spirent's 51 per cent interests in WAGO, its interconnection joint venture, for a total consideration of GBP60.7 million (comprising EUR83.0 million and CHF7.4 million) payable in cash, in full, on completion (the 'Divestment').

The Hohorst family is Spirent's joint venture partner in WAGO. Members of and companies controlled by the Hohorst family own the remaining 49 per cent interests in WAGO and have joint management control rights with Spirent over the WAGO business. Established in 1974 between members of the Hohorst family and Spirent, WAGO manufactures and markets a range of innovative electrical wire interconnection and termination systems. These products are marketed and sold globally under the WAGO brand name.

In view of the size of the Divestment and since Spirent's interests in WAGO are to be sold to members of the Hohorst family and companies controlled by them, including Wolfgang Hohorst and Sven-Michael Hohorst, both of whom are directors of certain of the companies comprised in the WAGO group (and are therefore deemed to be related parties under the Listing Rules of the UK Listing Authority), the Divestment is conditional, inter alia, on the approval of Spirent's shareholders. This will be sought at an Extraordinary General Meeting of the Company to be held on 31 March 2003.

Information on the WAGO Companies

The WAGO companies comprise WAGO Kontakttechnik GmbH and WAGO-Verwaltungs GmbH, both based in Germany (together with their respective subsidiaries, 'WAGO

Edgar Filing: SPIRENT PLC - Form 6-K

Germany'), and WAGO Contact S.A., based in Switzerland, together with a number of directly or indirectly owned subsidiary companies in Western and Eastern Europe, North America, India and the Far East. At 31 December 2002, WAGO had operations in 16 countries and employed approximately 2,800 people worldwide.

Since 1974, WAGO has grown organically through international expansion and the development of its product range. WAGO's core business is the design, manufacture and marketing of a wide range of innovative electrical wire interconnection and termination systems featuring WAGO's spring or screwless pressure technology. WAGO's products are used in a broad range of applications and industries, including ventilation and heating systems, machine tool manufacture, building installations, automotive engineering, power supply, the steel industry and the food industry. The products are marketed globally under the WAGO brand name and are sold either directly or through independent sales agencies.

Members of the Hohorst family and Spirent have joint management control rights over the WAGO companies. Accordingly, and due to the requirements of Financial Reporting Standard 9 in relation to associates and joint ventures, Spirent's interests in WAGO are accounted for as a joint venture under the gross equity method of accounting in the consolidated accounts of Spirent.

For the year to 31 December 2002, Spirent's attributable 51 per cent share of WAGO's turnover was GBP75.6 million and Spirent's attributable 51 per cent share of WAGO's profit after taxation was GBP4.0 million. At 31 December 2002, Spirent's attributable 51 per cent share of the net assets of the WAGO companies amounted to GBP50.1 million.

Terms of the Divestment

Spirent has entered into a series of agreements for the sale of its interests in the WAGO companies to members of the Hohorst family and companies controlled by them for a total cash consideration of GBP60.7 million (comprising EUR83.0 million for WAGO Germany and Spirent's nominal holdings in certain other companies owned by the Hohorst family and CHF7.4 million for WAGO Contact S.A.) payable in cash, in full, on completion.

Financial Effects of the Divestment and use of Proceeds

From completion of the Divestment, the income derived from Spirent's attributable share of WAGO will no longer be included in Spirent's consolidated financial statements. The only contribution to Spirent's cashflow from WAGO for the year to 31 December 2002 was a dividend of GBP0.2 million (2001 GBP1.6 million; 2000 GBP1.1 million). Accordingly, apart from the proceeds of the Divestment, the Divestment will not have a material effect on Spirent's cashflow on an ongoing basis.

The Divestment requires the consent of the holders of Spirent's US dollar denominated loan notes (the 'Loan Notes') and the lenders under Spirent's syndicated multi-currency credit facility (the 'Syndicated Bank Facility'). In addition, to provide the Spirent Group with an increase in the level of headroom available in relation to certain of the financial covenants, amendments to the terms of the Loan Notes and the Syndicated Bank Facility have been agreed. These consents and amendments are conditional on completion of the Divestment and the application of the proceeds, net of any tax and expenses, to pre-pay approximately GBP45.8 million of the Loan Notes and pay an associated contractual make-whole amount of approximately GBP12.4 million.

Extraordinary General Meeting

A circular convening the Extraordinary General Meeting to approve the Divestment and giving further information on the Divestment will be posted to shareholders

The Extraordinary General Meeting will be held at Spirent House, Crawley Business Quarter, Fleming Way, Crawley, West Sussex, RH10 9QL at 11.00 am on 31 March 2003.
