For the year as a whole, the US business executed its space growth plan and achieved a 4.1% increase in total sales on a 52 week basis. The UK division’s like for like sales increased by 2.0%, a good performance given the very challenging fourth quarter.”

Note 1 - Impact of constant exchange rates on a 13 and 52 week basis

Edgar Filing: SIGNET GROUP PLC - Form 6-K

The Group has historically used constant exchange rates and adjusted for changes in the reporting calendar to compare period-to-period changes in certain financial data. This is referred to as 'at constant exchange rates on a 52 or 13 week basis' or '52 or 13 weeks at constant exchange rates' throughout this release. The Group considers this to be a useful measure for analysing and explaining changes and trends in the Group's results.
