PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

APRIL 22, 2004

This proxy statement is being furnished to stockholders of OceanFirst Financial Corp. (the "Company") the holding company of OceanFirst Bank (the "Bank") in connection with the solicitation by the Board of Directors of proxies to be used at the Annual Meeting of Stockholders to be held on April 22, 2004, at 10:00 a.m. Eastern time, at the Crystal Point Yacht Club, 3900 River Road, at the intersection of State Highway 70, Point Pleasant, New Jersey, 08742 and at any adjournment or postponement of the Annual Meeting. The Annual Report to Stockholders, including the consolidated financial statements of the Company and its subsidiaries for the fiscal year ended December 31, 2003, accompanies this proxy statement which is first being mailed to record holders on or about March 19, 2004.

Voting and Proxy Procedure

Who Can Vote at the Annual Meeting

You are entitled to vote your shares of the Company's common stock if the records of the Company show that you held your shares as of the close of business on March 8, 2004. As of the close of business on that date, a total of 13,341,044 shares of OceanFirst Financial Corp. common stock were outstanding and entitled to vote. Each share of common stock has one vote. As provided in the Company's Certificate of Incorporation, no record owner of common stock that is beneficially owned, directly or indirectly, by a person beneficially owning in excess of 10% of the Company's outstanding shares as of the record date for the Annual Meeting is entitled to any vote with respect to the shares held in excess of the 10% limit.

Attending the Annual Meeting

If you are a beneficial owner of OceanFirst Financial Corp. common stock held by a broker, bank or other nominee (i.e., in "street name"), you will need proof of ownership to be admitted to the Annual Meeting. A recent brokerage statement or letter from a bank or broker are examples of proof of ownership.

Vote Required

Edgar Filing: OCEANFIRST FINANCIAL CORP - Form DEF 14A

The Annual Meeting will be held only if there is a quorum. A majority of the outstanding shares of common stock entitled to vote and represented at the Annual Meeting constitutes a quorum. If you return valid proxy instructions or attend the meeting in person, your shares will be counted for purposes of determining whether there is a quorum, even if you abstain from voting. Broker non-votes also will be counted for purposes of determining the existence of a quorum. A broker non-vote occurs when a broker, bank or other nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received voting instructions from the beneficial owner.

In voting on the election of directors, you may vote in favor of all nominees, withhold votes as to all nominees or withhold votes as to specific nominees. There is no cumulative voting for the election of directors. Directors must be elected by a plurality of the votes cast at the Annual Meeting. This means that the nominees receiving the greatest number of votes will be elected. Votes that are withheld and broker non-votes will have no effect on the outcome of the election. In voting on the ratification of the appointment of KPMG LLP as independent auditors, you may vote in favor of the proposal, vote against the proposal or abstain from voting. The ratification of independent auditors will be decided by the affirmative vote of a majority of the votes cast at the Annual Meeting, and abstentions and broker non-votes will have no effect on the voting.

Voting by Proxy

This proxy statement is being sent to you by the Board of Directors of the Company for the purpose of requesting that you allow your shares of Company common stock to be represented at the Annual Meeting by the persons named in the enclosed proxy card. All shares of Company common stock represented at the Annual Meeting by properly executed and dated proxies will be voted in accordance with the instructions indicated on the proxy card. If you sign, date and return a proxy card without giving voting instructions, your shares will be voted as recommended by the Company's Board of Directors. **The Board of Directors recommends a vote FOR each of the nominees for director and FOR ratification of KPMG LLP as independent auditors.**

If any matters not described in this proxy statement are properly presented at the Annual Meeting, the persons named in the proxy card will use their own judgment to determine how to vote your shares. This includes a motion to adjourn or postpone the Annual Meeting in order to solicit additional proxies. If the Annual Meeting is adjourned or postponed, your Company common stock may be voted by the persons named in the proxy card on the new meeting date as well, unless you have revoked your proxy. The Company does not know of any other matters to be presented at the Annual Meeting.

You may revoke your proxy at any time before the vote is taken at the Annual Meeting. To revoke your proxy you must either advise the Corporate Secretary of the Company in writing before your common stock has been voted at the Annual Meeting, deliver a later dated and signed proxy card, or attend the Annual Meeting and vote your shares in person. Attendance at the Annual Meeting will not automatically constitute revocation of your proxy.

If your Company common stock is held in street name, you will receive instructions from your broker, bank or other nominee that you must follow in order to have your shares voted. Your broker, bank or other nominee may allow you to deliver your voting instructions via the telephone or the Internet. Please see the instruction form, provided by your broker or bank, that accompanies this proxy statement.

Participants in OceanFirst Financial Corp.'s and OceanFirst Bank's Benefit Plans

If you participate in the OceanFirst Bank Employee Stock Ownership Plan (ESOP), or the OceanFirst Bank Retirement Plan, (the 401(k) Plan), you will receive a

voting instruction form for each plan that reflects all shares you may vote under the particular plan. Under the terms of the ESOP, the trustee votes all shares held by the ESOP, but each participant in the ESOP may direct the trustee how to vote the shares of the Company common stock allocated to his or her account. The ESOP trustee, subject to the exercise of its fiduciary duties, will vote all unallocated shares of Company common stock held by the ESOP and allocated shares of Company common stock for which no voting instructions are received in the same proportion as shares for which it has received timely voting instructions. Under the terms of the 401(k) Plan, a participant is entitled to direct the trustee how to vote the shares of Company common stock in the plan credited to his or her account. The trustee will vote all shares for which no directions are given or for which timely instructions were not received in the same proportion as shares for which such trustee received timely voting instructions. The deadline for returning your voting instructions to each plan's trustee is April 16, 2004.

PROPOSALS TO BE VOTED ON AT THE ANNUAL MEETING

Proposal 1. Election of Directors

The Company's Board of Directors consists of 9 directors of which 8 are independent directors and one is a member of management. The Board is divided into three classes, with approximately one-third of the directors elected each year. Each of the members of the Board also serves as a director of the Bank. If any nominee is unable to serve or declines to serve for any reason, it is intended that proxies will be voted for the election of the balance of those nominees named and for such other persons as may be designated by the present Board of Directors. Meetings of the Board of Directors and Committees of the Board of Directors

The Board of Directors of the Company conducts business through meetings and the activities of the Board and its committees. During the fiscal year ended December 31, 2003, the Company's Board of Directors held 8 meetings. All of the Directors of the Company attended at least 75% of the total number of both the Board and committee meetings held on which such Directors served during the fiscal year ended December 31, 2003. The Board of Directors of the Company maintains an Audit Committee, a Human Resources/Compensation Committee and a Corporate Governance/Nominating Committee, the nature and composition of which are described below.

Audit Committee. The Board of Directors has a separately designated standing Audit Committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended. The Audit Committee of the Company and the Bank consists of Messrs. McLaughlin, CPA (Chairman), Schlosser and Walsh. The Audit Committee meets periodically with independent auditors and management to review accounting, auditing, internal control structure and financial reporting matters. This committee met five times during the year ended December 31, 2003. The Board has determined that the Audit Committee Chairman, Donald E. McLaughlin, is an audit committee financial expert under the Rules of the Securities and Exchange Commission. Each member of the Audit Committee is independent in accordance with the listing requirements of the Nasdaq. The Audit Committee acts under a written charter adopted by the Board of Directors, a copy of which is included as Appendix A to this proxy statement. The report of the Audit Committee required by the Rules of the Securities and Exchange Commission is included in this proxy statement. See Proposal 2-Ratification of Independent Auditors Report of Audit Committee.

Corporate Governance/Nominating Committee. Being sensitive to the recent fraud and accounting scandals in the public corporate sector, as well as the efforts by Congress to restore investor confidence in public companies through the passage of laws such as the Sarbanes-Oxley Act of 2002, the Board of Directors of the Company created a standing Corporate Governance/Nominating Committee of independent directors and combined its responsibilities with those of its former Nominating Committee in December 2002. The Committee consists of Messrs. Walsh (Chairman), Feltz and Schlosser. The Committee is charged with implementing the corporate governance standards of the Company and its affiliates. The Corporate Governance/Nominating Committee takes a leadership role in shaping governance policies and practices, including recommending to the Board of Directors the corporate governance guidelines applicable to the Company and monitoring compliance with these policies and guidelines. In addition, the Corporate Governance/Nominating Committee is responsible for identifying individuals qualified to become Board members and recommending to the Board the director nominees for election at the next annual meeting of stockholders. It leads the Board in its annual review of the Board's performance and recommends to the Board director candidates for each committee for appointment by the Board. In 2003, the Committee adopted detailed criteria and procedures relating to the nomination of individuals for Board membership. Each member of the Corporate Governance/Nominating Committee is independent in accordance with the listing standards of the Nasdaq. The Corporate Governance/Nominating Committee acts under a written charter adopted by the Board of Directors. (A copy of which is included as Appendix B to this proxy statement). The procedures of the Corporate Governance/Nominating Committee required to be disclosed by the rules of the Securities and Exchange Commission are included in this proxy statement. See Governance/Nominating Committee Procedures. The Committee met four times in 2003.

Human Resources/Compensation Committee. The Human Resources/Compensation Committee of the Company and the Bank (the Compensation Committee) consists of Messrs. Curtin (Chairman) and Schlosser and Ms. Rhine. The Compensation Committee meets to establish compensation for the executive officers and to review the incentive compensation programs when necessary. The Compensation Committee is also responsible for establishing certain guidelines and limits for compensation and benefit programs for other salaried officers and employees of the Company and the Bank. Each member of the Compensation Committee is independent in accordance with the listing standards of the Nasdaq. The report of the Compensation Committee required by the Rules of the Securities and Exchange Commission is included in this proxy statement. See Executive Compensation Compensation Committee Report on Executive Compensation. The Compensation Committee met one time in 2003.

The Board of Directors encourages directors to attend the Annual Meeting of Stockholders. All directors attended the 2003 Annual Meeting of Stockholders.

Directors Compensation

Directors Fees. Currently, all outside directors of the Bank and the Company receive an annual retainer of \$15,000 for service on the Bank's Board and \$10,000 for service on the Company's Board. Commencing in 2003, the \$10,000 annual retainer for service on the Company's Board is paid in the form of Company common stock. All Bank fees are paid in cash to directors quarterly. Outside directors of the Bank also receive a fee of \$1,000 for each regular board meeting attended and \$500 for each committee meeting attended; however, committee chairmen receive \$600 per committee meeting attended. The Bank's directors are also provided with medical and dental insurance for which they contribute part of the cost of coverage.

Deferred Compensation Plan for Directors. The Bank maintains a deferred compensation plan for the benefit of outside directors. The plan is a non-qualified arrangement which offers participating directors the opportunity to defer compensation through a reduction in fees in lieu of a promise of future benefits. Such benefits are payable commencing at an age mutually agreed upon by the Bank and the participating director (the Benefit Age). The benefits equal the account balance of the director annuitized over a period of time mutually agreed upon by the Bank and the director, and then reannuitized at the beginning of each calendar year thereafter. Lump sum payouts are also available upon eligibility for distribution of benefits or in the event of the death of the director. The account balance equals deferrals and interest. Currently, the plan credits interest on deferrals at a rate equal to the sum of (i) the Stable Fund investment option in the Bank's qualified 401(k) plan plus (ii) 250 basis points. Early distribution of benefits may occur under certain circumstances which include change in control, financial hardship, termination for cause, disability or termination of the plan by authorization of the Board of Directors.

Employment Agreements. The Bank and the Company have entered into employment agreements with Messrs. Garbarino and Fitzpatrick (individually, the Executive). These employment agreements are intended to ensure that the Bank and the Company will be able to maintain a stable and competent management base. The continued success of the Bank and the Company depends to a significant degree on the skills and competence of Messrs. Garbarino and Fitzpatrick.

The employment agreements provide for a three-year term for both Executives. The Bank employment agreement provides that, upon each fiscal year-end, the Board of the Bank may extend the agreement for an additional year so that the remaining term shall be three years, unless written notice of non-renewal is given by the Board of the Bank after conducting a performance evaluation of the Executive. The term of the Company employment agreement is extended on a daily basis unless written notice of non-renewal is given by the Board of the Company. In addition to the base salary, the agreements provide for, among other things, participation in stock benefit plans and other fringe benefits applicable to executive personnel.

The agreements provide for termination, at any time, by the Bank or the Company for cause as defined in the agreements. In the event the Bank or the Company chooses to terminate the Executive's employment for reasons other than for cause, or in the event of the Executive's resignation from the Bank and the Company upon: (1) failure to re-elect the Executive to his current offices; (2) a material change in the Executive's functions, duties or responsibilities; (3) a relocation of the Executive's principal place of employment by more than 25 miles; (4) liquidation or dissolution of the Bank or the Company; or (5) a breach of the agreement by the Bank or the Company, the Executive or, in the event of Executive's subsequent death, his beneficiary, beneficiaries or estate, as the case may be, would be entitled to receive an amount equal to the remaining base salary payments due to the Executive and the contributions that would have been made on the Executive's behalf to any employee benefit plans of the Bank or the Company during the remaining term of the agreement. The Bank and the Company would also continue and pay for the Executive's life, health and disability coverage for the remaining term of the employment agreement.

Under the agreements, if voluntary or involuntary termination follows a change in control of the Bank or the Company (as defined in the employment agreement), the Executive or, in the event of the Executive's death, his beneficiary, would be entitled to a severance payment equal to the greater of: (1) the payments due for the remaining term of the agreement; or (2) three times the average of the five preceding taxable years compensation. Such average compensation includes not only base salary, but also commissions, bonuses, contributions on behalf of the Executive to any pension or profit sharing plan, insurance payments, directors or committee fees and fringe benefits paid or to be paid to the Executive during the preceding five taxable years. The Bank and the Company would also continue the Executive's life, health, and disability coverage for thirty-six months. Notwithstanding that both agreements provide for a severance payment in the event of a change in control, the Executive would only be entitled to receive a severance payment under one agreement.

Payments to the Executive under the Bank's agreement will be guaranteed by the Company in the event that payments or benefits are not paid by the Bank. Payment under the Company's agreement would be made by the Company. All reasonable costs and legal fees paid or incurred by the Executive pursuant to any dispute or question of interpretation relating to the agreements shall be paid by the Bank or Company, respectively, if the Executive is successful on the merits pursuant to a legal judgment, arbitration or settlement. The employment agreements also provide that the Bank and Company shall indemnify the Executive to the fullest extent allowable under federal and Delaware law, respectively.

Columbia Equities, Ltd., the Bank's mortgage banking subsidiary (Columbia) entered into an Employment Agreement on August 18, 2000 with Robert M. Pardes for reasons and on terms similar to those upon which the Employment Agreements between the Bank and Messrs. Garbarino and Fitzpatrick were based. The Agreement had a three year term. On a yearly basis Columbia's Board reviews and may extend the Agreement for an additional year. Under the Agreement, Mr. Pardes agreed to serve as President rendering administrative and management services to Columbia. Mr. Pardes was required to devote sufficient time performing duties as Executive Vice President, Director of Residential Lending of the Bank, and except for absence occasioned by illness, reasonable vacation periods and reasonable leaves of absence, Mr. Pardes was required to devote all other of his business time, attention, skills and

efforts in the performance of his duties as President of Columbia. The termination and change in control provisions under the Agreement are similar to those in the Employment Agreement of Messrs. Garbarino and Fitzpatrick at the Bank level. In December 2003, Mr. Pardes was named as Executive Vice President, Chief Lending Officer of the Bank pursuant to a Bank reorganization in which the principal lending activities of the Bank, including commercial, residential and consumer lending activities, were brought together under the Chief Lending Officer. As a result, it is anticipated that the Bank and Company will enter into an Employment Agreement with Mr. Pardes similar to their agreements with Messrs. Garbarino and Fitzpatrick. A new Employment Agreement is also anticipated to be entered into between Columbia Equities, Ltd. and Mr. Pardes as President on substantially similar terms to the former agreement between Mr. Pardes and Columbia. Mr. Pardes will be required to devote sufficient time to perform his duties as Executive Vice President, Chief Lending Officer of the Bank and devote all other of his business time, attention, skills and efforts in the performance of his duties as President of Columbia.

Change in Control Agreements. For similar reasons as with the employment agreements, the Bank and the Company entered into change in control agreement (CIC Agreement) with Mr. Kelly, (the Executive). The CIC Agreement provides for a two-year term. Commencing on the date of the execution of the Company s CIC Agreement, the term is extended for one day each day until such time as the Board of Directors of the Company or the Executive elects by written notice not to extend the term, at which time the CIC Agreement will end on the second anniversary of the date of notice. The Company s CIC Agreement provides that in the event voluntary or involuntary termination follows a change in control of the Bank or the Company (as defined in the agreement), the Executive would be entitled to a severance payment equal to two (2) times the Executive s average annual compensation as defined in the CIC Agreement, for the five years preceding termination. The Bank s CIC Agreement is similar to that of the Company. The Bank CIC Agreement provides that, upon each fiscal year-end, the Board of the Bank may extend the CIC Agreement for an additional year so that the remaining term shall be two years, unless written notice of non-renewal is given by the Board of the Bank after conducting a performance evaluation of the Executive. However, any payments to the Executive under the Bank s CIC Agreement, would be subtracted from any amount due simultaneously under the Company s CIC Agreement. The Company and the Bank would also continue and pay for the Executive s life, health and disability coverage for thirty-six (36) full calendar months following termination. Payments to the Executive under the Bank s CIC Agreement are guaranteed by the Company in the event that payments or benefits are not paid by the Bank.

Payments under the employment agreements and change in control agreements in the event of a change in control may constitute some portion of an excess parachute payment under Section 280G of the Code for executive officers, resulting in the imposition of an excise tax on the recipient and denial of the deduction for such excess amounts to the Company and the Bank.

Stock Option Exercises and Holdings. The following table reflects all stock option exercises by the Named Executive Officers during 2003 and includes the number of shares covered by all remaining unexercised stock options as of December 31, 2003. Also reported are the values for the in the money options that represent the difference between the exercise price of any such remaining unexercised options and the year-end market price of the common stock.

Supplemental Executive Retirement Plan. The Bank maintains a non-qualified Supplemental Executive Retirement Plan (SERP) to provide executive officers with additional retirement benefits. The benefits provided under the SERP make up the difference between an amount up to 70% of final base compensation and the benefits provided from the Bank s 401(k) Retirement Plan plus the benefits which would have been provided from the Bank s Retirement Plan (Pension Plan) which was frozen in 1996 and terminated in 1998. In addition, the SERP provides a benefit equal to the benefits lost from the ESOP due to the application of limitations imposed by the Code, as amended, on compensation and maximum benefits under the ESOP.

The Bank established an irrevocable trust in connection with the SERP. This trust is funded with contributions from the Bank for the purpose of providing the benefits promised under the terms of the SERP. The assets of the trust are beneficially owned by the SERP participants, who recognize income as contributions are made to the trust. Earnings on the trust's assets are taxable to the participants. The amounts contributed in 2003 under the SERP (exclusive of the ESOP benefits) for Messrs. Garbarino, Fitzpatrick, Pardes, Reinheimer and Kelly were \$203,948, \$34,527, \$23,936, \$27,897, and \$23,357.

Report of the Human Resources/Compensation Committee on Executive Compensation

The following is a report of the Human Resources/Compensation Committee of the Board of Directors regarding executive compensation. For a description of the Human Resources/Compensation Committee's membership and duties see Meetings of the Board of Directors and Committees of the Board of Directors.

Compensation Policies. The Human Resources/Compensation Committee is responsible for administering the compensation and benefit program for the Company's and the Bank's employees, including the executive officers. The Committee annually reviews and evaluates base salary and annual bonus recommendations made for executive officers by the Chief Executive Officer along with the rationale for such recommendations. The Committee also recommends to the Board for approval the compensation for the CEO and Named Executive Officers. The CEO does not participate in the Committee's decision as to his compensation package. In establishing compensation levels, the Committee considers the Company's overall objectives and performance, peer group comparisons and individual performance.

The Committee has adopted the following goals in establishing executive compensation: (1) attracting, retaining and rewarding highly qualified and productive executives; (2) relating compensation to both Company and individual performance; (3) establishing compensation levels that are internally equitable and externally competitive; and (4) providing motivation for the executive officers to enhance shareholder value by linking their compensation to the performance of the Company's Common Stock.

The Company's compensation program for executive officers consists of (1) a base salary; (2) a performance-based annual bonus; and (3) periodic grants of stock options. In addition, executive officers may participate in other benefit plans available to all employees, including the Employee Stock Ownership Plan and the 401(k) Plan. To the extent that benefits under these plans are limited by Internal Revenue Code restrictions, the Bank maintains a Supplemental Executive Retirement Plan for executive officers. See Supplemental Executive Retirement Plan .

During 2002, the Committee engaged William M. Mercer, Inc. (Mercer), a nationally recognized consulting firm specializing in compensation and employee benefits to perform an update of their independent 1999 review of executive officers' and directors' compensation. The objectives of the independent review were to (1) assess the competitiveness of the Company's total compensation program for executive officers and non-employee directors; and (2) review performance based cash and stock compensation practices among peer banks and develop preliminary features for a new stock option program. The consultant compared base

salary, annual incentive and long term compensation for each executive officer to a Mid-Atlantic peer group of banking institutions having similar characteristics as the Company. The final report of Mercer indicated that (1) the Company's total cash compensation was generally positioned between the median and 75th percentile for the peer group; and (2) long-term stock-based incentives granted in February 2002 generally exceed peer group norms, aligning more closely with general industry grant practices. The Committee adjusted the 2002 Mercer report in 2003 to reflect the base salary levels for the same peer group.

Base Salaries. Salary levels are intended to be consistent and competitive with the practices of comparable financial institutions and to correlate with each executive's level of responsibility. The Human Resources/Compensation Committee's base salary determinations are generally aimed at reflecting the overall performance of the Company, the performance of the individual executive officer, as well as their responsibilities and experience and the Committee's view of the competitive marketplace conditions.

Annual Incentive. Under the Performance Achievement Award Program (the Award Program), a significant portion of each executive officer's annual cash compensation is contingent on the performance of the Company, the Bank and the individual. The Award Program compares actual performance against targets that are approved by the Human Resources/Compensation Committee at the beginning of each year. The targets are weighted between individual objectives (which may be subjective in nature) and the Company's success in achieving its financial goals. The weighting of the performance and individual goals depends on the position of the executive. During 2003, no bonuses were paid to any executive officers as the Company failed to meet predetermined 2003 Award Program performance goals for the Bank. This program is discussed further below under Chief Executive Officer.

Long Term Incentive Compensation. Executive officers were granted stock options in February 2002 and May 2003, under the OceanFirst Financial Corp. 2000 Stock Option Plan as amended by shareholder approval on April 24, 2003, (the 2000 Stock Option Plan). The Committee believes that stock ownership by executive officers is a significant incentive in building shareholder value and aligning the interests of executives with those of shareholders. The Committee takes into account the outstanding stock incentives when determining overall compensation.

Chief Executive Officer. The Chief Executive Officer was evaluated for the level of the Company's and the Bank's operational and administrative changes during 2003, taking into account both subjective performance criteria and certain objective performance measures. Based on Mr. Garbarino's performance and that of the Company and the Bank, Mr. Garbarino's base salary was increased to \$449,000 for 2003. Performance measures normally evaluated by the Committee in determining the compensation of the CEO include the successful execution of capital management strategies, the achievement of targets of the Company's Business Plan, and the continued operation of the Bank in a safe and sound manner.

Consistent with the Company's policy of linking compensation and performance, Mr. Garbarino also participated in the annual Award Program. Awards made to Mr. Garbarino under the Award Program are normally based upon achievement of a targeted annual return on average equity, supplemented by the achievement of certain individual goals determined by the Committee at the beginning of the year. These goals are normally structured with a target level determined by the Committee, a threshold level which must be attained to fund any award and a superior level that is above the target level and tied to a maximum award opportunity. As noted, in 2003, no bonuses were paid to executive officers because the Company failed to meet the predetermined 2003 Award Program performance goals for return on average equity.

The goal of the above referenced compensation policies, as implemented by the Committee, is to be certain that all executives are compensated consistent with the above guidelines. Compensation levels will be reviewed as frequently as necessary to ensure this result.

The Report of the Human Resources/Compensation Committee, the Report of the Audit Committee and the stock performance graph shall not be deemed incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933, as amended (the Securities Act), or the Securities Exchange Act of 1934, as amended (the Exchange Act), except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under such Acts.

Compliance with Section 16(a) of the Exchange Act

Section 16(a) of the Securities Exchange Act of 1934 requires OceanFirst's executive officers and directors, and persons who own more than 10% of a registered class of the Company's equity securities, to file reports of ownership and changes in ownership with the

SEC. Executive officers, directors and greater than 10% stockholders are required by Securities and Exchange Commission regulation to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on a review of copies of such reports it has received and written representations provided to the Company from the individuals required to file the reports, the Company believes that each of the Company's executive officers and directors, and greater than 10% beneficial owners have complied with all applicable reporting requirements for transactions in OceanFirst Common Stock during the fiscal year ended December 31, 2003 with one exception: Director Donald E. McLaughlin experienced one late filing for a trade on February 10, 2003 which was reported to the Securities and Exchange Commission on February 14, 2003.

Transactions with Management

The Bank's policies require that all transactions between the Bank and its executive officers, directors, holders of 10% or more of the shares of any class of its common stock, and affiliates thereof, contain terms no less favorable to the Bank than could have been obtained by it in arm's length negotiations with unaffiliated persons and will be approved by a majority of independent outside directors of the Bank not having any interest in the transaction. All loans made by the Bank to its directors are made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons and do not involve more than the normal risk of collectibility or present other unfavorable features. Notwithstanding the above, the Bank offers to executive officers residential loans secured by their primary residence on terms not available to the public but available to all other full-time employees, as permitted under federal regulations.

Corporate Governance/Nominating Committee Procedures

General

It is the policy of the Corporate Governance/Nominating Committee of the Board of Directors of Company to consider director candidates recommended by shareholders who appear to be qualified to serve on the Company's Board of Directors. The Corporate Governance/Nominating Committee may choose not to consider an unsolicited recommendation if no vacancy exists on the Board of Directors and the Corporate Governance/Nominating Committee does not perceive a need to increase the size of the Board of Directors. In order to avoid the unnecessary use of the Corporate Governance/Nominating Committee's resources, the Corporate Governance/Nominating Committee will consider only those director candidates recommended in accordance with the procedures set forth below:

Procedures to be Followed by Stockholders

To submit a recommendation of a director candidate to the Corporate Governance/Nominating Committee, a shareholder should submit the following information in writing, addressed to the Chairman of the Corporate Governance/Nominating Committee, care of the Corporate Secretary, at the main office of the Company:

- (1) The name of the person recommended as a director candidate;

- (2) All information relating to such person that is required to be disclosed in solicitations of proxies for election of directors pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended;
- (3) The written consent of the person being recommended as a director candidate to being named in the proxy statement as a nominee and to serving as a director if elected;
- (4) As to the shareholder making the recommendation, the name and address, as they appear on the Company's books, of such shareholder; provided, however, that if the shareholder is not a registered holder of the Company's common stock, the shareholder should submit his or her name and address along with a current written statement from the record holder of the shares that reflects ownership of the Company's common stock; and
- (5) A statement disclosing whether such shareholder is acting with or on behalf of any other person and, if applicable, the identity of such person.

In order for a director candidate to be considered for nomination at the Company's annual meeting of shareholders, the recommendation must be received by the Corporate Governance/Nominating Committee at least 120 calendar days prior to the date the Company's proxy statement was released to shareholders in connection with the previous year's annual meeting, advanced by one year.

Minimum Qualifications

The Corporate Governance/Nominating Committee has adopted a set of criteria that it considers when it selects individuals to be nominated for election to the Board of Directors. First a candidate must meet the eligibility requirements set forth in the Company's bylaws, which include an age limitation. A candidate also must meet any qualification requirements set forth in any Board or committee governing documents.

The Corporate Governance/Nominating Committee will consider the following criteria in selecting nominees: financial, regulatory and business experience; familiarity with and participation in the local community; integrity, honesty and reputation; dedication to the Company and its stockholders; independence; and any other factors the Corporate Governance/Nominating Committee deems relevant, including age, diversity, size of the Board of Directors and regulatory disclosure obligations.

In addition, prior to nominating an existing director for re-election to the Board of Directors, the Corporate Governance/Nominating Committee will consider and review an existing director's Board and committee attendance and performance; length of Board service; experience, skills and contributions that the existing director brings to the Board; and independence.

Process for Identifying and Evaluating Nominees

The Corporate Governance/Nominating Committee process that it follows when it identifies and evaluates individuals to be nominated for election to the Board of Directors is as follows:

Identification. For purposes of identifying nominees for the Board of Directors, the Corporate Governance/Nominating Committee relies on personal contacts of the committee and other members of the Board of Directors as well as its knowledge of members of the Company's local communities. The Corporate Governance/Nominating Committee will also consider director candidates recommended by shareholders in accordance with the policy and procedures set forth above. The Corporate Governance/Nominating Committee has not previously used an independent search firm in identifying nominees.

Evaluation. In evaluating potential clients, the Corporate Governance/Nominating Committee determines whether the candidate is eligible and qualified for service on the Board of Directors by evaluating the candidate under the selection criteria set forth above. In addition, the Corporate Governance/Nominating Committee will conduct a check of the individual's background and interview the candidate.

Proposal 2. Ratification of Appointment of Independent Auditors

OceanFirst Financial Corp.'s independent auditors for the fiscal year ended December 31, 2003 were KPMG LLP. The Audit Committee reappointed KPMG LLP to continue as independent auditors for the Company for the fiscal year ending December 31, 2004, subject to ratification of such appointment by the stockholders. If stockholders do not ratify the appointment of KPMG LLP as independent auditors, the Audit Committee may consider other independent auditors.

Representatives of KPMG LLP will be present at the Annual Meeting. They will be given an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions from stockholders present at the Annual Meeting.

The Board of Directors recommends that you vote FOR ratification of the appointment of KPMG LLP as the independent auditors of the Company.

Audit Fees

The following table sets forth the fees billed to the Company for the fiscal years ended December 31, 2003 and December 31, 2002 by KPMG LLP:

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditor

The Audit Committee is responsible for appointing, setting compensation, and overseeing the work of the independent auditor. In accordance with its charter, the Audit Committee approves, in advance, all audit and permissible non-audit services to be performed by the independent auditor. Such approval process ensures that the external auditor does not provide any non-audit services to the Company that are prohibited by law or regulation.

Report of the Audit Committee

The Audit Committee of the Board of Directors is responsible for assisting the Board in fulfilling its responsibility to the shareholders relating to corporate accounting, reporting practices and the quality and integrity of the financial reports of the Company. Additionally, the Audit Committee recommends selection of the external auditors and reviews their independence and their annual audit. The Audit Committee is comprised of three directors, each of whom is independent as required by the Nasdaq listing standards. The Audit Committee acts under a written Charter adopted by the Board of Directors. The Charter was most recently amended on January 28, 2004 to comply with the most recently effective listing requirements of the Nasdaq, and requirements of securities laws and regulations. The Board of Directors and Audit Committee members are sensitive to, and will continually monitor, ongoing developments in these areas and will make additional amendments to the Charter as required. A copy of the Charter, as amended, is attached to this Proxy Statement as Appendix A.

Sensitive to the growth and change in recent years of the Company's business during 2001, the Audit Committee commissioned an independent quality assurance review of the Company's entire internal audit program. The review indicated several recommendations to enhance the program. After considerable analysis and consultation, the Board of Directors, on the recommendation of the Audit Committee, decided it to be in the Company's best interest to outsource the internal audit function to an independent accounting firm. Therefore, late in 2002 the Bank's Internal Audit Department was eliminated and the firm of Deloitte & Touche LLP was retained to perform the internal audit function under the direct oversight of the Audit Committee and Chief Risk Officer of the Company. The recently amended Audit Committee Charter attached as Appendix A reflects this development. Deloitte & Touche LLP has conducted a risk assessment of the organization and submitted and implemented internal audit plans for 2003 and for 2004.

The Audit Committee reviewed and discussed the annual financial statements with management and the Company's independent external auditors. As part of this process, management represented to the Audit Committee that the financial statements were prepared in accordance with generally accepted accounting principles. The Audit Committee also received and reviewed written disclosures and a letter from the external auditors regarding their independence as required under applicable standards for auditors of public companies. The Audit Committee discussed with the external auditors the contents of such materials, their independence and additional matters required under Statement on Auditing Standards No. 61. Based on such review and discussions, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2003 for filing with the Securities and Exchange Commission.
