ACR Group, Inc. 401(k) Plan

We have audited the accompanying statements of net assets available for benefits of the ACR Group, Inc. 401(k) Plan (the Plan ) as of December 31, 2003 and 2002, and the related statement of changes in net assets available for benefits for the year ended December 31, 2003. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion of these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An

audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2003 and 2002, and changes in net assets available for benefits for the year ended December 31, 2003, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion of the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

## NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2003 AND 2002

### 1. DESCRIPTION OF PLAN

General The ACR Group, Inc. 401(k) Plan (the Plan) is a defined contribution profit sharing plan covering all eligible employees of ACR Group, Inc. and its participating employers (collectively, the Company). The Plan was adopted effective March 1, 1991 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The following description of the Plan provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions, a copy of which is available from the Company.

The Plan's record keepers are Hartford Life Insurance Company and Texas Pension Consultants.

Effective May 8, 2001, the ACR Stock Fund was frozen. No new contributions may be invested in this fund option by participants, and participants are currently restricted from transferring their prior investment out of this fund.

Effective August 13, 2001, an officer of the Company became trustee of the Plan.

Eligibility Each salaried or hourly employee of the Company who has completed at least six months of service and is at least 19 years of age is eligible to participate in the Plan.

Contributions Participants may contribute, with certain limitation, up to 100% of their eligible annual compensation on a pretax basis. Qualified rollover contributions are also accepted by the Plan at the discretion of the Company.

The Company may determine annually what percent of the first 6% of a participant's pretax contributions will be matched. For the 2003 plan year, the Company elected to match 50% of the first 6% of a participant's contribution. Also, at its sole discretion, the Company may elect to make an additional contribution to the Plan from time to time. No additional contribution was made for 2003.

All participant contributions and employer matching contribution accounts are participant-directed.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2003 AND 2002

1. DESCRIPTION OF PLAN (continued)

Administrative Expenses Certain administrative expenses of the Plan are paid by the Company. In 2003 the Company paid \$18,644 of administrative expenses related to the Plan.

Vesting Participants are immediately 100% vested in their contributions plus earnings thereon.

Vesting in the Company contributions portion of their account plus actual earnings thereon is based on years of credited service at 25% per year with 100% vesting after four years. Participants also become 100% vested upon death, disability, or the attainment of normal retirement age of 65. Forfeitures of account balances by participants not fully vested are used to reduce future employer contributions.

Benefit Payments To meet certain financial hardships as defined by the Internal Revenue Service ( IRS ), participants may make withdrawals from the portion of their accounts attributable to employee pretax contributions and the vested employer contributions. Distributions of a participant's accrued benefits are also made upon termination of employment, total and permanent disability, or death. Participants may elect to receive distributions in a lump-sum payment or rolled over to an IRA or a qualified plan.

Plan Termination Although there is no current intention to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants will become 100% vested in their accounts.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2003 AND 2002

2. SUMMARY OF ACCOUNTING POLICIES

## Edgar Filing: ACR GROUP INC - Form 11-K

**Basis of Accounting** The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Benefits are recorded when paid.

**Use of Estimates** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

**Investment Valuation and Income Recognition** The Company's common stock is stated at fair value based on quoted market prices. The investments in the pooled separate accounts are stated at fair value as determined by the issuer based on quoted market values of the underlying investments.

Short-term investments are stated at cost which approximates fair value. The fixed income account is stated at contract value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

**Risk and Uncertainties** The Plan provides for various investments in common stock, short-term investments, pooled separate accounts, and an investment contract. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participant account balances.
