Item 1 Reports to Stockholders [INSERT REPORT]

Semi-Annual Report

April 30, 2004

Letter to Shareholders

June 10, 2004

Dear Shareholder,

We present this Semi-Annual Report which covers the activities of Aberdeen Australia Equity Fund, Inc. (the Fund) for the six months ended April 30, 2004. The Fund's principal investment objective is long-term capital appreciation through investment primarily in equity securities of Australian companies listed on The Australian Stock Exchange. The Fund's secondary investment objective is current income.

Managed Distribution Policy

The Fund has a managed distribution policy of paying quarterly distributions at an annual rate, set once a year, that is a percentage of the rolling average of the Fund's prior four quarter-end net asset values. The Board of Directors has determined the initial rolling distribution rate to be 10%. This policy will be subject to regular review by the Fund's Board of Directors. The distributions will be made from current income, supplemented by realized capital gains and, to the extent necessary, paid-in capital.

On June 14, 2004, the Board of Directors declared a quarterly distribution of 23 cents per share, payable on July 16, 2004 to all shareholders of record as of June 30, 2004.

Results of Annual Meeting of Shareholders; Amendment of Bylaws; Election of New Director

At the Annual Meeting of Shareholders held on Tuesday April 20, 2004 (the Annual Meeting), the holders of the Fund's common stock elected Messrs. Anthony E. Aaronson and Neville J. Miles to serve as Class I Directors for three-year terms expiring at the 2007 Annual Meeting of Shareholders, and Mr. John T. Sheehy to serve as a Class III Director for the remainder of a three-year term expiring at the 2006 Annual Meeting of Shareholders, in each case, until their successors are duly elected and qualify.

At the Annual Meeting, shareholders also voted to recommend that the Board of Directors amend certain provisions of the Fund's bylaws by adopting alternative director qualifications, and an alternative vote requirement for the election of directors. In May 2004, the Board of Directors amended the Fund's bylaws to adopt the alternative director qualifications and the alternative vote requirement.

As discussed in the Fund's proxy statement with respect to the Annual Meeting, in May 2004, the Board of Directors increased the size of the Board to nine directors, and elected Moritz Sell, as a representative of Bankgesellschaft Berlin AG (BGB), to the Board of Directors for a three-year term as a Class I Director.

Net Asset Value Performance

For the six months ended April 30, 2004, the Fund's total return based on NAV was 8.0% after expenses (assuming reinvestment of distributions) compared with 8.0%, in U.S. dollar terms, for the S&P/ASX 200 Accumulation Index.

Share Price Performance

The Fund's share price declined 2.6% over the six months, from \$8.40 on October 31, 2003 to \$8.18 on April 30, 2004. The Fund's share price on April 30, 2004 represented a discount of 16.5% to the NAV per share of \$9.80 on that date. On October 31, 2003, the discount to NAV was 10.4%. At the date of this report the share price was \$8.28, representing a discount of 13.1% to the NAV per share of \$9.53.

Aberdeen Australia Equity Fund, Inc.

Letter to Shareholders (continued)

Settlement of Litigation Involving the Fund

As previously reported to shareholders, Full Value Partners, L.P. (Full Value) filed a purported class action on behalf of the Fund's shareholders, in Newark, New Jersey federal court in March 2003 against both the Fund and its Board of Directors. Full Value sought injunctive relief enjoining (i) the effectuation of a then proposed tender offer, (ii) the enforcement of certain bylaw amendments, and (iii) the overturning of any wrongful election of directors of the Fund. The Fund and its Directors believed, and continue to believe, that the claims were without merit. On March 31, 2004, as part of a settlement agreement, Full Value's claims were dismissed with prejudice. Full Value determined that, in light of various events and circumstances occurring since the filing of the lawsuit, including the submission of two corporate governance proposals at the Fund's 2004 Annual Meeting of Shareholders, Full Value would not proceed with the suit if the Fund agreed to pay Full Value's legal fees of approximately \$81,000. The Fund has so agreed, without any admission of liability, in order to avoid additional litigation expense.

Quarterly Reports to Shareholders

In an effort to reduce Fund expenses, quarterly reports to shareholders for the three-month periods ending July 31 and January 31 will no longer be printed and mailed to shareholders, but instead will be posted on the Fund's website at www.aberdeen-asset.us. Semi-annual and annual reports to shareholders will continue to be printed and mailed to shareholders.

Aberdeen Australia Equity Fund, Inc.

Your Board's policy is to provide investors with a stable distribution rate. Each quarterly distribution will be paid out of current income, supplemented by realized capital gains and, to the extent necessary, paid-in capital.

The Fund is subject to U.S. corporate, tax and securities laws. Under U.S. tax accounting rules, the amount of distributable income for each fiscal period depends on the actual exchange rates during the entire year between the U.S. dollar and the currencies in which Fund assets are denominated and on the aggregate gains and losses realized by the Fund during the entire year.

Therefore, the exact amount of distributable income for each fiscal year can only be determined as of the end of the Fund's fiscal year, October 31. However, under the U.S. Investment Company Act of 1940, the Fund is required to indicate the source of each distribution to shareholders.

The Fund estimates that distributions for the fiscal year commencing November 1, 2003, including the distribution paid on April 16, 2004, are comprised of 32% net investment income, 18% realized capital gains and 50% return of paid-in capital.

This estimated distribution composition may vary from quarter to quarter because it may be materially impacted by future realized gains and losses on securities and fluctuations in the value of the currencies in which Fund assets are denominated.

In January 2005, a Form 1099 DIV will be sent to shareholders, which will state the amount and composition of distributions and provide information with respect to their appropriate tax treatment.

Aberdeen Australia Equity Fund, Inc.

Dividend Reinvestment and Cash Purchase Plan

We invite you to participate in the Fund's Dividend Reinvestment and Cash Purchase Plan (the Plan), which allows you to automatically reinvest your distributions in shares of the Fund's common stock at favorable commission rates. Distributions made under the Plan are taxable to the same extent as are cash distributions. The Plan also enables you to make additional cash investments in shares of at least \$100 per month. Under this arrangement the Plan Agent will purchase shares for you on the stock exchange or otherwise on the open market on or about the 15th of each month. EquiServe Trust Company, N.A. is currently the Plan Agent. Effective July 26, 2004, The Bank of New York will become the Plan Agent.

As a Participant in the Plan, you will have the convenience of:

Automatic reinvestment - the Plan Agent will automatically reinvest your distributions, allowing you to gradually grow your holdings in the Fund;

Notes to Financial Statements (unaudited)

Aberdeen Australia Equity Fund, Inc. (the Fund) is a closed-end, non-diversified management investment company incorporated in Maryland on September 30, 1985. The Fund's principal investment objective is long-term capital appreciation through investment primarily in equity securities of Australian companies listed on The Australian Stock Exchange. The Fund's secondary investment objective is current income. In order to comply with a rule adopted by the Securities and Exchange Commission under the Investment Company Act of 1940 regarding fund names, the Board of Directors has adopted an investment policy that, for as long as the name of the Fund remains Aberdeen Australia Equity Fund, Inc., it shall be the policy of the Fund normally to invest at least 80% of its net assets plus the amount of any borrowings for investment purposes, in equity securities, consisting of common stock, preferred stock and convertible stock, listed on The Australian Stock Exchange. This 80% investment policy is a non-fundamental policy of the Fund and may be changed by the Board of Directors upon 60 days prior written notice to shareholders.

The ability of issuers of debt securities held by the Fund to meet their obligations may be affected by economic or political developments in a specific industry or region.

Note 1. Accounting Policies

The following is a summary of significant accounting policies followed by the Fund in the preparation of its financial statements.

Basis of Presentation:

The financial statements of the Fund are prepared in accordance with accounting principles generally accepted in the United States of America using the United States dollar as both the functional and reporting currency.

Securities Valuation:

The Fund's Board of Directors has adopted Pricing and Valuation Procedures (the Procedures) to be used in determining the value of the assets held by the Fund. In accordance with the Procedures, investments are stated at value. Investments for which market quotations are readily available are valued at the last trade price on the date of determination as obtained from a pricing source. If no such trade price is available, such investments are valued at the quoted bid price or the mean between the quoted bid and asked price on the date of determination as obtained from a pricing source.

Short-term securities which mature in more than 60 days are valued at current market quotations. Short-term securities which mature in 60 days or less are valued at amortized cost, which approximates market value. Securities for which market quotations are not readily available are valued at fair value in good faith using methods set forth in the Procedures.

Aberdeen Australia Equity Fund, Inc.

Notes to Financial Statements (unaudited) (continued)

Foreign Currency Translation:

Australian dollar (A\$) amounts are translated into United States dollars (US\$) on the following basis:

(i) market value of investment securities, other assets and liabilities at the exchange rates at the end of the reporting period; and

(ii) purchases and sales of investment securities, income and expenses at the rate of exchange prevailing on the respective dates of such transactions.

The Fund isolates that portion of the results of operations arising as a result of changes in the foreign exchange rates from the fluctuations arising from changes in the market prices of securities held at April 30, 2004. Similarly, the Fund isolates the effect of changes in foreign exchange rates from the fluctuations arising from changes in the market prices of portfolio securities sold during the reporting period.

Net realized and unrealized foreign exchange gains or losses include realized foreign exchange gains or losses from sales and maturities of portfolio securities, sales of foreign currencies, currency gains or losses realized between the trade and settlement dates on securities transactions, the difference between the amounts of dividends, interest and foreign withholding taxes recorded on the Fund's books and the United States dollar equivalent amounts actually received or paid and changes in unrealized foreign exchange gains or losses in the value of portfolio securities and other assets and liabilities arising as a result of changes in the exchange rate. Accumulated net realized and unrealized foreign exchange gains or losses shown in the composition of net assets at April 30, 2004 represent foreign exchange gains or losses for book purposes that have not yet been recognized for tax purposes.

Foreign security and currency transactions may involve certain considerations and risks not typically associated with those of domestic origin, including unanticipated movements in the value of the foreign currency relative to the United States dollar.

The exchange rate at April 30, 2004 was US\$0.72 to A\$1.00.

Securities Transactions and Net Investment Income:

Securities transactions are recorded on the trade date. Realized and unrealized gains or losses from security and currency transactions are calculated on the identified cost basis. Dividend income is recorded on the ex-dividend date and interest income is recorded on an accrual basis. Expenses are recorded on the accrual basis.

Withholding Taxes:

Withholding taxes on foreign dividends are recorded net of reclaimable amounts, at the time the related income is earned.

Notes to Financial Statements (unaudited) (continued)

Estimates:

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Dividends and Distributions:

The Fund has a managed distribution policy of paying quarterly distributions at an annual rate, set once a year, that is a percentage of the rolling average of the Fund's prior four quarter-end net asset values. The Board of Directors has determined the initial rolling distribution rate to be 10%. This policy will be subject to regular review by the Fund's Board of Directors. The distributions will be made from current income, supplemented by realized capital gains and, to the extent necessary, paid-in capital.

On an annual basis, the Fund intends to distribute its net realized capital gains, if any, by way of a final distribution to be declared during the calendar quarter ending December 31. Dividends and distributions to shareholders are recorded on the ex-dividend date.

Income distributions and capital and currency gains distributions are determined in accordance with income tax regulations which may differ from accounting principles generally accepted in the United States of America. These differences are primarily due to differing treatments for foreign currencies.

Taxes:

For federal income and excise tax purposes, substantially all of the Fund's transactions are accounted for using the Australian dollar as the functional currency. Accordingly, only realized currency gains or losses resulting from the repatriation of Australian dollars into United States dollars are recognized for U.S. tax purposes.

It is the Fund's policy to continue to meet the requirements of the United States Internal Revenue Code applicable to regulated investment companies and to distribute all of its taxable net income and capital gains, if any, to shareholders. Therefore, no provision for United States income taxes is required. Australia imposes a withholding tax of 15% on certain dividends and 10% on certain interest.

Securities Lending:

The Fund's investment policies permit the Fund to lend to banks and broker-dealers, portfolio securities with an aggregate market value of up to one-third of the Fund's total assets when it deems advisable. Pursuant to a securities lending agreement (Agreement) between the Fund and State Street Bank and Trust Company (State Street), any loans made under the Agreement must be secured by collateral (consisting of any combination of U.S. currency and securities issued or guaranteed by the U.S. government or its agencies, or high quality irrevocable bank letters of credit) in an amount at least equal (on a daily marked-to-market basis) to 100% of the current market value of the securities loaned.

Notes to Financial Statements (unaudited) (continued)

The Agreement also provides that the Fund may terminate the loans at any time and obtain the return of the securities, and that the Fund will continue to receive all interest, dividends and other distributions obtained on any of the loaned securities and will continue to have voting rights with respect to the securities.

In the event the Fund lends its portfolio securities, the Fund may be exposed to counterparty risk, which may result in the delay in recovery of the loaned securities or possible loss of right in the collateral should the borrower become insolvent.

Note 2. Agreements

In December 2003, the Fund's Board of Directors approved the transfer by Aberdeen Asset Managers (C.I.) Limited (AAMCIL) to Aberdeen Asset Management Asia Limited (AAMAL), of the rights and obligations of AAMCIL under the management agreement and the advisory agreement with the Fund. Effective March 8, 2004, AAMAL became the investment manager of the Fund (the Investment Manager). Aberdeen Asset Management Limited (the Investment Adviser) serves as the investment adviser to the Fund pursuant to an advisory agreement. The Investment Manager and the Investment Adviser are direct or indirect wholly-owned subsidiaries, respectively, of Aberdeen Asset Management PLC.

The Investment Manager makes investment decisions on behalf of the Fund on the basis of recommendations and information furnished to it by the Investment Adviser, including the selection of and the placement of orders with brokers and dealers to execute portfolio transactions on behalf of the Fund.

The management agreement provides the Investment Manager with a fee, computed weekly and payable monthly, at the following annual rates: 1.10% of the Fund's average weekly Managed Assets up to \$50 million, 0.90% of Managed Assets between \$50 million and \$100 million and 0.70% of Managed Assets in excess of \$100 million. Managed Assets are defined in the management agreement as net assets plus the amount of any borrowings for investment purposes.

The Investment Manager pays fees to the Investment Adviser for its services rendered. The Investment Manager informed the Fund that it paid \$188,899 to the Investment Adviser during the six months ended April 30, 2004.

Prudential Investments LLC (the Administrator) serves as administrator to the Fund pursuant to an agreement which provides the Administrator with a fee at the annual rate of the greater of \$25,000 or 0.05% of the Fund's average weekly net assets.

Under terms of an Investor Relations Services Agreement, Aberdeen Asset Management, Inc. (Aberdeen), an affiliate of the Fund's Investment Manager and Investment Adviser, serves as the Fund's investor relations services provider. This agreement provides Aberdeen with a monthly retainer fee of \$5,000 plus out-of-pocket expenses. During the six months ended April 30, 2004, the Fund incurred fees of approximately \$30,000 for the services of

Notes to Financial Statements (Unaudited) (continued)

Aberdeen. As of April 30, 2004, \$5,000 was due to Aberdeen. Investor relations fees and expenses in the Statement of Operations include certain out-of-pocket expenses.

Note 7. Litigation

As previously reported to shareholders, Full Value Partners, L.P. (Full Value) filed a purported class action on behalf of the Fund's shareholders, in Newark, New Jersey federal court in March 2003 against both the Fund and its Board of Directors. Full Value sought injunctive relief enjoining (i) the effectuation of a then proposed tender offer, (ii) the enforcement of certain bylaw amendments, and (iii) the overturning of any wrongful election of directors of the Fund. The Fund and its Directors believed, and continue to believe, that the claims were without merit. On March 31, 2004, as part of a settlement agreement, Full Value's claims were dismissed with prejudice. Full Value determined that, in light of various events and circumstances occurring since the filing of the lawsuit, including the submission of two corporate governance proposals at the Fund's 2004 Annual Meeting of Shareholders, Full Value would not proceed with the suit if the Fund agreed to pay Full Value's legal fees of approximately \$81,000. The Fund has so agreed, without any admission of liability, in order to avoid additional litigation expense.
