**Item 1.01 Entry into a Material Definitive Agreement.**

On January 5, 2005, the Board of Directors of Quality Distribution, Inc. (the Company) approved the adoption of the Quality Distribution, Inc. 2005 Compensation Bonus Plan (the Bonus Plan), effective as of January 1, 2005. All of the Company's senior employees who are employed by the Company on the dates of the payouts under the Bonus Plan are eligible to participate in the Bonus Plan. Under the Bonus Plan, bonus payments are calculated using bonus criteria established by the Board each year. Eighty percent of each eligible employee's bonus is based upon the achievement of Company EBITDA thresholds (including bonus accrual). The remaining 20% of the bonus is based upon qualitative criteria achieved by the employee as determined by the Company's Chief Executive Officer (the CEO) and approved by the Compensation Committee of the Board of Directors. The bonus of the CEO is determined directly by the Compensation Committee.

A summary of the Bonus Plan attached hereto as Exhibit 99.1 and hereby incorporated by reference.

In addition, the Compensation Committee on January 5, 2005, increased the compensation paid to Directors who are neither (i) employees; or (ii) affiliated with the Company's majority shareholder. Specifically, the annual retainer was increased to \$30,000 from \$24,000, and an annual grant of restricted stock with a value of \$30,000 was made. The fee for each Board meeting was lowered to \$1,000 from \$1,500. No Director eligible to receive this compensation voted on the matter.

**Item 2.06 Material Impairments.**

During the fourth quarter, the Company conducted a review of its fleet requirements. As a result of such review, the Company has determined that there are a group of trailers which may be in excess of the Company's needs and which will be classified as held for sale. The Company believes this will generate cash and is in the best interests of the Company and its shareholders. The Company expects to incur a non-cash charge for impairment under the held-for-sale model of approximately \$2.5 million during the fourth quarter of 2004. As of September 30, 2004, the Company had tested for impairment under the held-and-used model and no impairment charge was deemed necessary.
