PROXY STATEMENT

2005 ANNUAL MEETING OF STOCKHOLDERS

Xcyte Therapies, Inc. (the Company, we or our) is furnishing this Proxy Statement and the enclosed proxy in connection with the solicitation of proxies by the Board of Directors of the Company for use at the Annual Meeting of Stockholders to be held on June 17, 2005, at 8:00 a.m. local time, at the Company's headquarters located at 1124 Columbia Street, Suite 130, Seattle, Washington 98104, and at any adjournments thereof (the Annual Meeting). These materials are being mailed to stockholders on or about May 13, 2005.

Only holders of the Company's common stock as of the close of business on April 25, 2005 (the Record Date) are entitled to vote at the Annual Meeting. Stockholders who hold shares of the Company in street name may vote at the Annual Meeting only if they hold a valid proxy from their broker. As of the Record Date, there were 19,664,897 shares of common stock outstanding. Please note that holders of the Company's 6% Convertible Exchangeable Preferred Stock are *not* entitled to vote at this meeting.

A majority of the outstanding shares of common stock entitled to vote at the Annual Meeting must be present in person or by proxy in order for there to be a quorum at the meeting. Stockholders of record who are present at the meeting in person or by proxy and who abstain from voting, including brokers holding customers' shares of record who cause abstentions to be recorded at the meeting, will be included in the number of stockholders present at the meeting for purposes of determining whether a quorum is present.

Each stockholder of record is entitled to one vote at the Annual Meeting for each share of common stock held by such stockholder on the Record Date. Stockholders do not have cumulative voting rights. Stockholders may vote their shares by using the proxy card enclosed with this Proxy Statement. All proxy cards received by the Company, which are properly signed and have not been revoked, will be voted in accordance with the instructions contained in the proxy cards. If a signed proxy card is received which does not specify a vote or an abstention, the shares represented by that proxy card will be voted for the nominees to the Board of Directors listed on the proxy card and in this Proxy Statement, for the approval of the amendment of the 2003 Stock Plan (the 2003 Plan), for the approval of the amendment of the 2003 Directors' Stock Option Plan (the Directors' Plan) and for the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2005. The Company is not aware, as of the date hereof, of any matters to be voted upon at the Annual Meeting other than those stated in this Proxy Statement and the accompanying Notice of Annual Meeting of Stockholders. If any other matters are properly brought before the Annual Meeting, the enclosed proxy card gives discretionary authority to the persons named as proxies to vote the shares represented by the proxy card in their discretion.

Under Delaware law and the Company's Amended and Restated Certificate of Incorporation and Bylaws, if a quorum exists at the meeting, the affirmative vote of a plurality of the votes cast at the meeting is required for the election of directors. A properly executed proxy marked "Withhold authority" with respect to the election of one or more directors will not be voted with respect to the director or directors indicated,

Edgar Filing: XCYTE THERAPIES INC - Form DEF 14A

although it will be counted for purposes of determining whether there is a quorum. For each other item, the affirmative vote of the holders of a majority of the shares represented in person or by proxy and entitled to vote on the item will be required for approval. A properly executed proxy marked "Abstain" with respect to any such matter will not be voted, although it will be counted for purposes of determining whether there is a quorum. Accordingly, an abstention will have the effect of a negative vote.

For shares held in street name through a broker or other nominee, the broker or nominee may not be permitted to exercise voting discretion with respect to some of the matters to be acted upon. Thus, if stockholders do not give their broker or nominee specific instructions, their shares may not be voted on those matters and will not be counted in determining the number of shares necessary for approval. Shares represented by such broker non-votes will, however, be counted in determining whether there is a quorum.

A stockholder of record may revoke a proxy at any time before it is voted at the Annual Meeting by (a) delivering a proxy revocation or another duly executed proxy bearing a later date to the Secretary of the Company at 1124 Columbia Street, Suite 130, Seattle, Washington 98104 or (b) attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not revoke a proxy unless the stockholder actually votes in person at the meeting.

The proxy card accompanying this Proxy Statement is solicited by the Board of Directors of the Company. The Company will pay all of the costs of soliciting proxies. The Company, if requested, will also pay brokers, banks and other fiduciaries who hold shares of common stock for beneficial owners for their reasonable out-of-pocket expenses of forwarding these materials to stockholders. In addition to this solicitation by mail, our directors, officers and other employees may contact you by telephone, via the Internet, in person or otherwise to obtain your proxy. These persons will not receive any additional compensation for assisting in the solicitation.

DIRECTOR NOMINATION

Criteria for Board Membership. In selecting candidates for appointment or re-election to the Board, the nominating and corporate governance committee, or the nominating committee, considers the appropriate balance of experience, skills and characteristics required of the Board of Directors, and seeks to insure that at least a majority of the directors are independent under the rules of the Nasdaq Stock Market, and that members of the Company's audit committee meet the financial literacy and sophistication requirements under the rules of the Nasdaq Stock Market and at least one of them qualifies as an audit committee financial expert under the rules of the Securities and Exchange Commission. Nominees for director are selected on the basis of their depth and breadth of experience, integrity, judgment, ability to make independent analytical inquiries, understanding of the Company's business environment, familiarity with the biotechnology industry, and willingness to devote adequate time to Board duties. In addition, the nominating committee is particularly interested in candidates with experience developing and commercializing drug candidates and candidates with special immunology expertise and/or extensive public company financial experience.

Stockholder Nominees. The nominating committee will consider written proposals from stockholders for nominees for director. Any such nominations should be submitted to the nominating committee c/o the Secretary of the Company and should include the following information: (a) all information relating to such nominee that is required to be disclosed pursuant to Regulation 14A under the Securities Exchange Act of 1934 (including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected); (b) the names and addresses of the stockholders making the nomination and the number of shares of the Company's common stock which are owned beneficially and of record by such stockholders; and (c) appropriate biographical information and a statement as to the qualification of the nominee, and should be submitted in the time frame described in the Bylaws of the Company and under the caption, "Stockholder Proposals for 2006 Annual Meeting" below.

Process for Identifying and Evaluating Nominees. The nominating committee believes the Company is well-served by its current directors. In the ordinary course, absent special circumstances or a material change in the criteria for Board membership, the nominating committee will renominate incumbent directors who continue to be qualified for Board service and are willing to continue as directors. If an incumbent director is not standing for re-election, or if a vacancy on the Board occurs between annual stockholder meetings, the nominating committee will seek out potential candidates for Board appointment who meet the criteria for selection as a nominee and have the specific qualities or skills being sought. Director candidates will be selected based on input from members of the Board, senior management of the company and, if the nominating committee deems appropriate, a third-party search firm. The nominating committee did retain a third-party search firm in 2004 to assist it with seeking appropriate director candidates. The nominating committee will evaluate each candidate's qualifications and check relevant references; in addition, such candidates will be interviewed by at least one member of the nominating committee. Candidates meriting serious consideration will meet with all members of the Board. Based on this input, the nominating committee will evaluate which of the prospective candidates is qualified to serve as a director and whether the committee should recommend to the Board that this candidate be appointed to fill a current vacancy on the Board, or presented for the approval of the stockholders, as appropriate.

The Company has never received a proposal from a stockholder to nominate a director. Although the nominating committee has not adopted a formal policy with respect to stockholder nominees, the committee expects that the evaluation process for a stockholder nominee would be similar to the process outlined above.

Board Nominees for the 2005 Annual Meeting. Each of the nominees listed in this Proxy Statement are current directors standing for re-election.

Additionally, directors serving as the chairperson of a committee of the Board, or as members of the audit committee of the Board, are granted an option to purchase 2,500 shares of Company common stock on the date of each annual meeting of our stockholders, which shares vest in equal quarterly installments over two years.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

During 2004, there has not been any transaction or series of similar transactions to which we were or are a party in which the amount involved exceeded or exceeds \$60,000 and in which any of our directors or executive officers, any holder of more than 5% of any class of our voting securities or any member of the immediate family of any of these persons had or will have a direct or indirect material interest, other than the compensation arrangements described in Executive Compensation below and the transactions described below.

We believe that we have executed all of the transactions described below on terms no less favorable to us than we could have obtained from unaffiliated third parties. It is our intention to ensure that all future transactions between us and our officers, directors and principal stockholders and their affiliates are approved by our audit committee or a majority of our Board of Directors, including a majority of the independent and disinterested members of our Board of Directors.

In October 2003, we issued and sold convertible promissory notes in an aggregate amount of approximately \$12.7 million to investors, including, but not limited to, Alta Partners, ARCH Venture Partners, MPM Capital, The Sprout Group, Vector Partners, Vulcan Ventures and W Capital Partners Ironworks. These convertible promissory notes were converted into approximately 1,357,357 shares of our common stock upon completion of our initial public offering in March 2004.

The following table summarizes the number of shares of common stock issued upon conversion of the promissory notes described in the preceding paragraph and upon exercise of warrants granted to 5% stockholders, directors, executive officers and entities affiliated with our executive officers and directors upon completion of our initial public offering in March 2004:

We maintain key person life insurance, under which we are the beneficiary, on Dr. Berenson in the amount of \$2 million.

Dr. Frohlich's employment agreement, dated August 27, 2001, provides that we will forgive over four years from the date of the agreement a \$50,000 home loan we made to him in connection with commencement of his employment. This loan bears interest at a rate of 8.24% per year and, as of December 31, 2004, \$14,000 on principal and no accrued but unpaid interest remained outstanding. The greatest amount outstanding on this loan in 2004 was \$24,000.

Pursuant to a clinical trial agreement dated November 25, 2003, as amended, James R. Berenson, M.D., a brother of our President and Chief Executive Officer, has acted as and will continue to act as a principal investigator for some of our clinical trials run by a site management organization called Oncotherapeutics.

Based solely on its review of copies of these reports and representations of such reporting persons, the Company believes that during 2004, such SEC filing requirements were satisfied, except for one late filing made by Lawrence Romel who inadvertently filed a late Form 4 reporting a stock option grant

Options Granted In Last Fiscal Year

The following table shows the options granted to the named executive officers during fiscal year 2004 and the potential realizable value of those grants (on a pre-tax basis) determined in accordance with SEC rules. The information in this table shows how much the named executive officers may eventually realize in future dollars under three hypothetical situations: if the price of the common stock increases 0%, 5% or 10% in value per year, compounded over the life of the options. These amounts represent assumed rates of appreciation, and are not intended to forecast future appreciation of the common stock. Actual gains, if any, on stock option exercises depend on the future performance of our common stock and overall stock market conditions.

- (1) These options were granted under our 1996 Stock Option Plan and vest over a four-year period.
- (2) These options were granted under our 2003 Stock Plan and vest over a four-year period.
- (3) Each option represents the right to purchase one share of our common stock. The options generally vest over four years. The percentage of options is based upon an aggregate of 777,229 options granted during fiscal year 2004 to employees, including the named executive officers.
- (4) The exercise price for options other than the grant made on January 22, 2004 is equal to the closing sale price per share on the Nasdaq National Market on the day immediately prior to the date of grant. The exercise price for the option granted on January 22, 2004 was equal to the fair market value on the date of grant as determined by our Board of Directors. The Company recognized a cheap stock compensation charge of \$732,000 in January 2004 in connection with Dr. Kirkman's January 22, 2004 option grant.

In January 2005, the Board of Directors approved additional option grants to the named executive officers in connection with their 2004 compensation review, which vest upon the meeting of certain Company milestones, provided that 100% of such options vest upon the four-year anniversary of the date of grant if such milestones are not earlier met. Each of the named executive officers received options with such vesting parameters in the following amounts: Dr. Berenson: 100,000 shares; Dr. Craig: 40,000 shares; Dr. Kirkman: 40,000 shares; Dr. Frohlich: 20,000 shares; and Ms. Cordova: 20,000 shares.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The following is a report of the compensation committee of the Board of Directors describing the compensation policies applicable to our executive officers during the fiscal year ended December 31, 2004. Our Board of Directors has determined that all members of the compensation committee are independent directors under the rules of the Nasdaq Stock Market. The compensation committee is responsible for establishing and monitoring our general compensation policies and compensation plans, as well as the specific compensation levels for executive officers. It also approves grants of options under our Amended and Restated 1996 Stock Option Plan and our 2003 Stock Plan. Executive officers who are also directors have not participated in deliberations or decisions involving their own compensation.

General Compensation Policy

Under the supervision of the Board of Directors, our compensation policy is designed to attract and retain qualified key executives critical to our growth and long-term success. It is the objective of the Board of Directors to have a portion of each executive's compensation contingent upon our performance as well as upon the individual's personal performance. Accordingly, each executive officer's compensation package is comprised of three elements: (i) base salary that reflects individual performance, expertise and industry standards, (ii) discretionary year-end bonus awards payable in cash and tied to the achievement of certain individual and corporate performance goals that the Board of Directors establishes from time to time and (iii) long-term stock-based incentive awards designed to strengthen the mutuality of interests between the executive officers and our stockholders.

The summary below describes in more detail the factors that the compensation committee considers in establishing each of the three primary components of the compensation package provided to the executive officers.

Base Salary

The level of base salary is established primarily on the basis of the individual's qualifications and relevant experience, the strategic goals for which he or she has responsibility, the compensation levels at similar companies and the incentives necessary to attract and retain qualified management. Base salary is adjusted each year to take into account the individual's performance and to maintain a competitive salary structure. In 2004, the compensation committee used publicly available compensation survey reports, which detailed average salary and bonus ranges for executive officers at similarly sized biotechnology companies, as well as salary and bonus information for executive officers available through public filings with the SEC for public biotechnology companies that were deemed comparable to us based on location in the Seattle metropolitan area and/or on similar market capitalization values. Using such comparables, the compensation committee evaluated the range of salary and bonuses for our executive officers using ranges within in the 35th to 50th percentiles as reported in the survey and filings.

Cash-Based Incentive Compensation

Discretionary year-end cash bonuses are awarded to certain executive officers on the basis of their individual performance and the Company's achievement of company-wide goals, such as product development milestones, clinical trial progress and collaboration objectives.

Long-Term Incentive Compensation

We have utilized our Amended and Restated 1996 Stock Option Plan and 2003 Stock Plan to provide executives and other employees with incentives to maximize long-term stockholder values. Awards under this plan by the Board of Directors take the form of stock options designed to give the recipient a significant equity stake and thereby closely align his or her interests with those of our stockholders. Factors considered in making such awards include the individual's position, his or her performance and responsibilities, and internal comparability considerations.

Each option grant allows the executive officer to acquire shares of common stock at a fixed price per share (the fair market value on the date of grant) over a specified period of time (up to ten years). The options typically vest in periodic installments over a four-year period, contingent upon the executive officer's continued employment with us. Accordingly, the option will provide a return to the executive officer only if he or she remains in our service, and then only if the market price of our common stock appreciates over the option term. In addition, the compensation granted additional options to the Company's executive management team which vest upon the earlier of the four-year anniversary or the achievement of certain corporate milestones

The compensation packages reviewed and approved by the compensation committee in fiscal year 2004 reflected a positive year for the Company with many achievements of important corporate objectives. Particular corporate milestones included the completion of two significant public financings, advancements in Company's clinical trials for three disease indications, material preparations towards the potential start of the Company's Phase II/III clinical trial, and substantial progress towards construction of the Company's manufacturing facility in Bothell, Washington. The Company did not fail to achieve any particular corporate milestone set forth by the Board of Directors in the previous fiscal year. In addition, the overall compensation increases reflected the Company's objective to maintain a competitive salary, bonus and equity compensation structure. Based on factors described above in Base Salaries, the compensation committee determined that compensation increases were required in order to maintain the Company's compensation packages in the 35 to 50th percentile of compensation at other comparable companies, which the committee determined was necessary to retain and attract executive officers.

Compensation of The Chief Executive Officer

Dr. Berenson, who has served as our Chief Executive Officer since the Company's inception, had a salary during fiscal 2004 of \$270,670, which reflected a 8% increase over his base salary in fiscal 2003. His bonus for the fiscal year was \$75,000, which was higher than his \$35,000 bonus for fiscal year 2003. In addition, he was granted options to purchase a total of 145,000 shares of the Company's common stock in 2004. The factors discussed above in Base Salaries, Cash-Based Incentive Compensation, and Long-Term Incentive Compensation were also used in establishing the amount of Dr. Berenson's salary and stock option grants. Significant factors in establishing Dr. Berenson's compensation were his contributions toward achievement of the Company's operating and financial goals including the completion of two significant public financings, advancements in Company's clinical trials for three disease indications, material preparations towards the potential start of the Company's Phase II/III clinical trial, and substantial progress towards construction of the Company's manufacturing facility in Bothell, Washington.

Deductibility of Executive Compensation

The compensation committee has considered the impact of Section 162(m) of the Internal Revenue Code adopted under the Omnibus Budget Reconciliation Act of 1993, which section disallows a deduction for any publicly held corporation for individual compensation exceeding \$1 million in any taxable year for the CEO and four other most highly compensated executive officers, respectively, unless such compensation meets the requirements for the performance-based exception to Section 162(m). As the cash compensation paid by the Company to each of its executive officers is expected to be below \$1 million and the committee believes that options granted under the Company's Amended and Restated 1996 Stock Option Plan and 2003 Stock Plan to such officers will meet the requirements for qualifying as performance-based, the committee believes that Section 162(m) will not affect the tax deductions available to the Company with respect to the compensation of its executive officers through the end of 2004. It is the compensation committee's policy to qualify, to the extent reasonable, its executive officers compensation for deductibility under applicable tax law. However, the Company may from time to time pay compensation to its executive officers that is not deductible.

REPORT OF THE AUDIT COMMITTEE

In this context and in connection with the audited financial statements contained in the Company's Annual Report on Form 10-K, the audit committee:

reviewed and discussed the audited financial statements as of and for the fiscal year ended 2004 with the Company's management and the independent accountants;

discussed with Ernst & Young, the Company's independent registered public accounting firm, the matters required to be discussed by Statement of Auditing Standards No. 61, Communication with Audit Committees, as amended by Statement of Auditing Standards No. 90, Audit Committee Communications;

based on the foregoing reviews and discussions, recommended to the Board of Directors that the audited financial statements be included in the Company's 2004 Annual Report on Form 10-K for the fiscal year ended December 31, 2004 filed with the Securities and Exchange Commission; and

- (1) Audit fees represent fees for professional services provided in connection with the audit of the Company's annual financial statements and reviews of the Company's quarterly reports on Form 10-Q, in addition to the review of the Company's two Form S-1 registration statements, preparation of comfort letters associated with the Company's public offerings and related services that are normally provided in connection with regulatory filings.
- (2) Tax fees represent tax compliance fees.
- (3) All other fees represent an annual online research subscription to Ernst & Young Online and a one-time consultation fee related to Sarbanes-Oxley Section 404 compliance.

Audit Committee Pre-Approval Procedures

The audit committee has delegated to the Chairman of the audit committee the authority to pre-approve audit-related and non-audit services not prohibited by law to be performed by the Company's independent registered public accounting firm and associated fees, provided that the Chairman shall report any decision to pre-approve such audit-related or non-audit services and fees to the full audit committee at its next regular meeting.

Annual Independence Determination

The audit committee considered whether the provision of nonaudit services is compatible with the principal accountants' independence and concluded that the provision of nonaudit services has been compatible with maintaining the independence of the Company's external auditors. The audit committee has authorized the Company's external auditors to provide tax services for the Company for 2005.

PERFORMANCE GRAPH

The following graph compares the cumulative total stockholder return data for the Company's common stock since March 16, 2004 (the date on which the Company's common stock was first registered under Section 12 of the Exchange Act) to the cumulative return over such period of (1) The Nasdaq Stock Market Composite Index, and (2) the RDG Microcap Biotechnology Index. The graph assumes that \$100 was invested on the date on which the Company completed the initial public offering of its common stock, in the common stock and in each of the comparative indices. The graph further assumes that such amount was initially invested in the common stock of the Company at the price to which such stock was first offered to the public by the Company on the date of its initial public offering, and reinvestment of any dividends. The stock price performance on the following graph is not necessarily indicative of future stock price performance.

PROPOSAL 1 ELECTION OF DIRECTORS

At the Annual Meeting, the stockholders will vote on the election of two Class I directors to serve for a three-year term until the annual meeting of stockholders in 2008 and until their successors are elected and qualified. The Board of Directors has unanimously nominated Dr. Robert Williams and Dr. Peter Langecker for re-election to the Board of Directors as Class I directors. The nominees have indicated that they are willing and able to serve as directors. If Dr. Williams or Dr. Langecker becomes unable or unwilling to serve, the accompanying proxy may be voted for the election of such other person as shall be designated by the Board of Directors. The proxies being solicited will be voted for no more than two nominees at the Annual Meeting. The Class I Directors will be elected by a plurality of the votes cast, in person or by proxy, at the Annual Meeting, assuming a quorum is present. Stockholders do not have cumulative voting rights in the election of directors.

The Board of Directors recommends a vote for the election of Dr. Peter Langecker and Dr. Robert Williams as Class I directors.

Unless otherwise instructed, it is the intention of the persons named in the accompanying proxy card to vote shares represented by properly executed proxy cards for the election of Dr. Peter Langecker and Dr. Robert Williams.

PROPOSAL 2 APPROVAL OF AMENDMENT OF THE 2003 STOCK PLAN

At the Annual Meeting, the stockholders of the Company will be asked to approve the amendment of the 2003 Stock Plan (the 2003 Plan) as follows:

to increase the number of shares of common stock issuable under the 2003 Plan by an additional 600,000 shares, to an aggregate of 1,345,453 shares;

for purposes of Section 162(m) (Section 162(m)) of the Internal Revenue Code of 1986, as amended (the Code); and

to expand the types of awards that the Company may grant to eligible service providers under the 2003 Plan to include restricted stock grants, restricted stock units, stock appreciation rights and other similar types of awards under which recipients are not required to pay any purchase or exercise price.

The 2003 Plan was adopted by the Board of Directors in September 2003 and it became effective on March 2004 after approval of the stockholders. In January 2005, the Board approved an amendment of the 2003 Plan, subject to stockholder approval, to increase the number of shares of common stock authorized for issuance under the 2003 Plan by 400,000 shares, to a total of 1,145,453 shares. In March 2005, the Board approved another amendment of the 2003 Plan, subject to the stockholder approval, to increase the number of shares of common stock authorized for issuance under the 2003 Plan by an additional 200,000 shares, to a total of 1,345,453 shares, and to allow for the issuance of restricted stock and stock awards under the 2003 Plan. The Board of Directors adopted this amendment because it believes that:

additional shares are necessary to attract new employees and executives;

additional shares are needed to further the goal of retaining and motivating existing personnel;

the issuance of options to our employees is an integral component of the Company's compensation policy and;

the ability of the Board to issue restricted stock and stock awards adds additional flexibility to meeting the goals set forth above.

As of April 1, 2005, awards (net of canceled awards) covering an aggregate of 1,005,723 shares of common stock had been granted under the 2003 Plan. 339,730 shares of common stock (plus any shares that might in the future be returned to the 2003 Plan as a result of cancellations or expiration of awards) remained available for

future grant under the 2003 Plan. As of April 1, 2005, 260,270 shares of common stock have been granted under the 2003 Plan subject to stockholder approval of the increase in shares of common stock authorized for issuance under the 2003 Plan and are not exercisable until such approval is obtained.

If you do not instruct your broker how to vote on this proposal, your broker will deliver a non-vote on this proposal. Background on Section 162(m) Approval

We are asking our stockholders to approve the material terms of the 2003 Plan to preserve corporate income tax deductions that may become available to us pursuant to Section 162(m). We are asking the stockholders for this approval so that we may deduct for federal income tax purposes compensation in excess of \$1.0 million that may be paid to certain executive officers in any single year. Compensation includes cash compensation and income arising from the exercise of non-statutory stock options, as a result of the grant or vesting of other types of equity awards, and from disqualifying dispositions of incentive stock options.

Pursuant to Section 162(m), we generally may not deduct for federal income tax purposes compensation paid to certain executive officers to the extent that any of these persons receive more than \$1.0 million in compensation in any single year. However, if the compensation qualifies as performance-based for Section 162(m) purposes, we may deduct it for federal income tax purposes even if it exceeds \$1.0 million in a single year. Awards under the 2003 Plan are generally designed to qualify as performance-based compensation within the meaning of Section 162(m). For these Awards to continue to qualify as performance-based compensation under Section 162(m), our stockholders must approve the material terms of the 2003 Plan at the Annual Meeting. One of the material terms of the 2003 Plan is that the maximum number of shares that may be granted subject to Awards under the 2003 Plan to any employee during any single fiscal year is 1,000,000 shares. This limit is included in the 2003 Plan specifically for purposes of Section 162(m).

Additional requirements apply to certain forms of compensation, such as stock awards in order for them to qualify as performance-based compensation, including a requirement that payment of the value of such Awards be contingent upon achievement of performance goals that are established in a manner specified in the Code. The 2003 Plan permits the Company to issue awards incorporating such performance objectives and provides that these performance objectives (Qualifying Performance Criteria) may be based upon: (1) cash flow, (2) earnings (including gross margin, earnings before interest and taxes, earnings before taxes, and net earnings), (3) earnings per share, (4) growth in earnings or earnings per share, (5) stock price, (6) return on equity or average shareholders equity, (7) total shareholder return, (8) return on capital, (9) return on assets or net assets, (10) return on investment, (11) revenue, (12) income or net income, (13) operating income or net operating income, (14) operating profit or net operating profit, (15) operating margin, (16) return on operating revenue, (17) market share, (18) contract awards or backlog, (19) overhead or other expense reduction, (20) growth in shareholder value relative to the moving average of the S&P 500 Index or the Company s peer group index, (21) credit rating, (22) strategic plan development and implementation, (23) improvement in workforce diversity, and (24) such other similar criteria as may be determined by the Administrator. To the extent that the Administrator determines that an award will be granted subject to Qualifying Performance Criteria, such criteria will be specified with respect to a particular award by our compensation committee in a manner designed to comply with Section 162(m). These criteria may be applied to the Company as a whole or to a business unit, affiliate or business segment, either individually, alternatively or in any combination, and may be measured either annually or cumulatively over a period of years, on an absolute basis, or relative to a pre-established target, to previous years results or to a designated comparison group, in each case as specified by the Administrator in the award agreement. The Company generally attempts to ensure that any Awards under the 2003 Plan meet the standards of Section 162(m) but may not do so in every instance. Stockholder approval of the 2003 Plan pursuant to this proposal will constitute stockholder approval of the share limitations for Section 162(m) purposes.

If stockholder approval of this proposal is not obtained, we will not make any further grants under the 2003 Plan to our Chief Executive Officer and our named executive officers, or their successors, until such time, if any, as stockholder approval of a subsequent similar proposal is obtained, and any 2003 Plan grants made to individuals who subsequently become named executive officers shall automatically terminate upon their becoming named executive officers.

Background on Proposal to Expand Types of Awards

Currently, the 2003 Plan provides for the granting of stock options and stock purchase rights to eligible participants. In light of the changing pressures affecting executive and employee compensation as a result of the recent stock market turbulence as well as increased focus on corporate governance matters generally and because of the anticipated effectiveness of Financial Accounting Standards 123R imposing significant changes on the way in which equity compensation paid to employees is accounted for, our Board believes it is appropriate for us to have increased flexibility as to the types of equity compensation awards the Board may grant to employees and other eligible plan participants.

Specifically, our Board has determined that the Company would be better positioned to attract and retain qualified officers, employees, consultants and directors if we had the ability, in addition to being able to grant stock options and rights to purchase shares of our common stock, to grant stock awards in the form of restricted stock, restricted stock units, stock appreciation rights, and other similar types of stock awards pursuant to which the recipient is not required to make any payment to the Company upon issuance of the shares underlying the award. These awards may or may not be granted subject to vesting or other forfeiture conditions.

General Plan Background

As of April 1, 2005, awards (net of expired or canceled awards) covering an aggregate of 1,005,723 shares of common stock had been granted under the 2003 Plan. 339,730 shares of common stock (plus any shares that might in the future be returned to the 2003 Plan as a result of cancellations or expiration of awards or as a result of being retained by the Company to pay the exercise or purchase price or withholding taxes due upon exercise or purchase of awards plus shares added to the 2003 Plan based on an annual automatic increase equal to the lesser of 109,090 shares of common stock, 4% of the shares of common stock outstanding on the last day of the immediately preceding fiscal year and a lesser number determined by the Board) remain available for future grant under the 2003 Plan.

Brokers do not have discretion to vote on this proposal without your instruction. If you do not instruct your broker how to vote on this proposal, your broker will deliver a non-vote on this proposal. Broker non-votes, if any, will have no effect on the outcome of the vote on this proposal. Abstentions will have the effect of a vote against the proposal.

The Board of Directors recommends a vote for the approval of the amendment of the 2003 Plan.

Vote Required

Approval of the 2003 Plan requires the affirmative vote of a majority of the shares of our common stock present in person or represented by proxy and entitled to be voted on the proposal at the Annual Meeting.

Summary of the 2003 Plan

A copy of the 2003 Plan has been filed with the SEC as an appendix to the electronic version of this proxy statement filed via EDGAR, and is available on the SEC's website (<http://www.sec.gov>). The following description of the 2003 Plan is a summary and so is qualified by reference to the complete text of the 2003 Plan.

General

The purpose of the 2003 Plan is to enhance the long-term stockholders' value of the Company by offering incentives to attract and retain the best available personnel for positions of substantial responsibility and by

providing additional incentive to employees and consultants to promote the success of the Company's business. Stock options, stock purchase rights and, subject to stockholder approval, restricted stock, restricted stock units, stock appreciation rights and other similar types of stock awards may be granted under the 2003 Plan (each an Award). Options granted under the 2003 Plan may be either incentive stock options, as defined in section 422 of the Code, or non-statutory stock options.

Administration. The 2003 Plan will be administered by the compensation committee of the Board of Directors. The compensation committee has delegated to the stock option committee (the compensation committee or the stock option committee, as applicable, the Administrator) the authority to grant Awards to non-executive level employees in accordance with guidelines established by the Board of Directors.

Eligibility. Non-statutory stock options and stock awards may be granted under the 2003 Plan to employees, directors and consultants of the Company, its affiliates and subsidiaries. Incentive stock options may be granted only to employees of the Company or its subsidiaries. The Administrator, in its discretion, approves options and stock awards to be granted under the 2003 Plan. The Company intends the 2003 Plan to be a broad-based employee plan. As of April 1, 2005, the Company had approximately 95 employees and consultants and seven (7) non-employee directors who would be eligible to participate in the 2003 Plan.

As of April 1, 2005, no shares had been issued upon exercise of options granted under the 2003 Plan, options to purchase 1,005,723 shares were outstanding and 339,730 shares remained available for future grant. The following table sets forth information with respect to the stock options granted to the named executive officers, all current executive officers as a group, all current directors who are not executive officers as a group, and all employees and consultants (including all current officers who are not executive officers) as a group under the 2003 Plan as of April 1, 2005.

Name	Number of shares subject to options granted under the 2003 Plan	Weighted average exercise price per share
Ronald J. Berenson, M.D.	200,000	\$ 2.22
Stewart Craig, Ph.D.	80,000	\$ 2.22
Robert Kirkman, M.D.	80,000	\$ 2.22
Mark Frohlich, M.D.	40,000	\$ 2.22
Kathi L. Cordova, C.P.A.	40,000	\$ 2.22
All current executive officers as a group (8 persons)	555,000	\$ 2.34
All directors who are not executive officers (7 persons)	200,000	\$ 1.50
All employees and consultants (including all current officers who are not executive officers) as a group (120 persons)	805,723	\$ 2.35

Nontransferability of Awards. Unless otherwise determined by the Administrator, options and stock awards granted under the 2003 Plan are not transferable other than by will or the laws of descent and distribution and may be exercised during the lifetime of the holder of the option or stock award only by the holder.

Stock Options

Exercise Price. The Administrator determines the exercise price of options at the time the options are granted. The exercise price of an incentive stock option may not be less than 100% of the fair market value of the Company's common stock on the date of grant of such option, and the

Edgar Filing: XCYTE THERAPIES INC - Form DEF 14A

exercise price of an incentive stock option to an employee who is also a 10% stockholder must have an exercise price at least equal to 110% of the fair market value of the Company's common stock on the date of grant of such option. The exercise price of a non-statutory stock option is as determined by the Administrator provided that if the optionee is, at the time of the grant of a non-statutory stock option, a Named Executive of the Company or an individual whom the Administrator reasonably believes may become a Named Executive Officer, then the exercise price may not be less than 100% of the fair market value of the Company's common stock on the date of grant of such option if

such option is intended to qualify as performance-based compensation under Section 162(m). The Company may grant options with exercise prices equal to less than 100% of the fair market value of the Company's common stock on the date of grant in connection with an acquisition by the Company of another company. The fair market value of the Company's common stock is generally the closing sales price as quoted on the Nasdaq National Market on the date immediately prior to the date of grant. As of April 25, 2005, the closing price of our common stock was \$0.93 per share.

Exercise of Option; Form of Consideration. The Administrator determines when options become exercisable. The means of payment for shares issued upon exercise of an option are specified in each option agreement. The 2003 Plan permits payment to be made by cash, check, cancellation of indebtedness, other shares of common stock of the Company (with some restrictions), broker assisted same day sale or full recourse promissory note.

Term of Option. The term of an option may be no more than ten years from the date of grant; provided that the term of an incentive stock option may not be more than five years from the date of grant for an optionee who is also a 10% stockholder. No option may be exercised after the expiration of its term.

Termination of Options. Generally, if an optionee's services to the Company as an employee, consultant or director terminate other than for death, disability or cause, vested options will remain exercisable for a period of three months following the optionee's termination. Unless otherwise provided for in the option agreement, if an optionee becomes totally and permanently disabled while an employee, consultant or director, the optionee's vested options shall be exercisable for twelve months following the optionee's termination as a result of disability, or if earlier, the expiration of the term of such option. Unless otherwise provided for in the option agreement, if an optionee dies during optionee's employment with the Company or within 30 days following termination of optionee's employment, optionee's vested options shall be exercisable for 12 months following the optionee's death, or if earlier, the expiration of the term of such option. Unless otherwise provided for in the option agreement, generally, in the event of termination of an optionee's employment for cause, all of optionee's options will immediately terminate upon optionee's receipt of notice of termination of employment. In addition, unless prohibited by law, in the event of optionee's termination of employment for cause, the Company shall have the right to purchase vested shares of common stock acquired upon exercise of an option at the lesser of optionee's original exercise price for the shares or the fair market value of the shares at the time of repurchase.

Stock Awards

Stock awards may be stock grants, stock purchase rights, stock units or stock appreciation rights. Stock grants are awards of a specific number of shares of the Company's common stock. Stock purchase rights are rights to purchase the Company's common stock. Stock units represent a promise to deliver shares of the Company's common stock, or an amount of cash or property equal to the value of the underlying shares, at a future date. Stock appreciation rights are rights to receive cash and/or shares of the Company's common stock based on a change in the fair market value of a specific number of shares of the Company's common stock. Each stock award is evidenced by a stock award agreement between the Company and the participant. The 2003 Plan allows the Administrator broad discretion to determine the terms of individual awards, including the number of shares that such participant shall be entitled to purchase and the price to be paid. Each stock award agreement will contain provisions regarding (i) the number of shares subject to such stock award or a formula for determining such number, (ii) the purchase price of the shares, if any, and the means of payment for the shares, (iii) the performance criteria, if any, and level of achievement versus these criteria that will determine the number of shares granted, issued, retainable and vested, as applicable, (iv) such terms and conditions on the grant, issuance, vesting and forfeiture of the shares, as applicable, as may be determined from time to time by the Administrator, (v) restrictions on the transferability of the stock award, and (vi) such further terms and conditions, in each case not inconsistent with the 2003 Plan, as may be determined from time to time by the Administrator. Shares may be granted under the 2003 Plan as stock awards without requiring the participant to pay the Company an amount equal to the fair market value of the Company's common stock as of the Award grant date in order to acquire the Award shares.

Adjustments on Changes in Capitalization, Merger or Change of Control

In the event of any stock dividend, stock split, reverse stock split, recapitalization, combination, reclassification or similar change to the capital structure of the Company without receipt of consideration by the Company, appropriate adjustments will be made to (i) the number of shares subject to the 2003 Plan, including the automatic annual increases, (ii) the number of shares that may be awarded to any individual under the 2003 Plan, and (iii) the exercise price and number of shares under each outstanding Award. Any such adjustments shall be made by the Administrator, and the decision of the Administrator shall be final, binding and conclusive.

If the Company sells all or substantially all of its assets or if the Company is acquired by another corporation, each outstanding Award may be assumed or an equivalent award may be substituted by the successor corporation. If the successor does assume or substitute the outstanding Awards, the lesser of 25% of the shares initially subject to the Award or the remaining unvested shares subject to an Award will vest and become exercisable immediately prior to the closing of the transaction, and any repurchase right of the Company with respect to shares issued upon exercise of an Award shall lapse as to the lesser of 25% of the shares initially subject to the Company repurchase right or the remaining shares subject to the Company repurchase right. In addition, if a holder is involuntarily terminated within one year after the closing and holds an Award that is assumed or substituted by a successor corporation in a change of control, the lesser of another 25% of the shares initially subject to the Award or the remaining unvested shares will vest and become exercisable on termination, and any repurchase right of the Company with respect to shares issued upon exercise of an Award shall lapse as to the lesser of 25% of the shares initially subject to the repurchase right or the remaining shares subject to the repurchase right. Involuntary termination includes termination by the Company without cause, or voluntary resignation within 30 days following a reduction in the participant's base salary of more than 20% (except where there is a similar reduction in the base salaries of similarly situated employees) or relocation of the participant's principal work site by more than 50 miles. If the successor corporation does not assume Awards or substitute equivalent Awards, then vesting and exercisability of all shares subject to Awards will accelerate fully, and all repurchase rights with respect to Awards will lapse immediately prior to the closing of the transaction, and all Awards will terminate as of the closing of the transaction.

In the event of a proposed dissolution or liquidation of the Company, each Award will terminate immediately prior to the consummation of the dissolution or liquidation, unless otherwise determined by the Administrator.

Amendment and Termination of the 2003 Plan

The Board may amend, alter, suspend or discontinue the 2003 Plan. However, the Company shall obtain stockholder approval for any amendment to the 2003 Plan to the extent necessary and desirable to comply with applicable laws and Nasdaq National Market listing requirements. Generally, no such action by the Board or stockholders may alter or impair any outstanding Award under the 2003 Plan without the written consent of the holder. The 2003 Plan terminates in 2013.

Federal Income Tax Consequences of Awards under the 2003 Plan

THE FOLLOWING IS A GENERAL SUMMARY OF THE TYPICAL FEDERAL INCOME TAX CONSEQUENCES OF THE ISSUANCE AND EXERCISE OF OPTIONS OR AWARDS OF RESTRICTED STOCK UNDER THE PLAN. IT DOES NOT DESCRIBE STATE OR OTHER TAX CONSEQUENCES OF THE ISSUANCE AND EXERCISE OF OPTIONS OR OF THE GRANT OF RESTRICTED STOCK.

Options. The grant of an incentive stock option has no federal income tax effect on the optionee. Upon exercise the optionee does not recognize income for regular tax purposes. However, the excess of the fair market value of the stock subject to an option over the exercise price of such

Edgar Filing: XCYTE THERAPIES INC - Form DEF 14A

option (the option spread) is includible in the optionee s alternative minimum taxable income for purposes of the alternative minimum tax. If the optionee does not dispose of the stock acquired upon exercise of an incentive stock option until more than two years after the option grant date and more than one year after exercise of the option, any gain upon sale of

the shares will be a long-term capital gain. If shares are sold or otherwise disposed of before both of these periods have expired (a disqualifying disposition), the option spread at the time of exercise of the option (but not more than the amount of the gain on the sale or other disposition) is ordinary income in the year of such sale or other disposition. If gain on a disqualifying disposition exceeds the amount treated as ordinary income, the excess is taxable as capital gain (which will be long-term capital gain if the shares have been held more than one year after the date of exercise of the option). The Company is not entitled to a federal income tax deduction in connection with incentive stock options, except to the extent that the optionee has taxable ordinary income on a disqualifying disposition unless limited by Section 162(m).

The grant of a non-statutory option has no federal income tax effect on the optionee. Upon the exercise of a non-statutory option, the optionee has taxable ordinary income (and unless limited by Section 162(m) the Company is entitled to a corresponding deduction) equal to the option spread on the date of exercise. Upon the disposition of stock acquired upon exercise of a non-statutory option, the optionee recognizes either long-term or short-term capital gain or loss, depending on how long such stock was held, on any difference between the sale price and the exercise price, to the extent not recognized as taxable income on the date of exercise. The Company may allow non-statutory options to be transferred subject to conditions and restrictions imposed by the Administrator; special tax rules may apply on such a transfer.

In the case of both incentive stock options and non-statutory options, special federal income tax rules apply if Company common stock is used to pay all or part of the option price.

Stock Awards. Stock awards will generally be taxed in the same manner as non-statutory stock options. However, a restricted stock award is subject to a substantial risk of forfeiture within the meaning of Section 83 of the Code to the extent the Award will be forfeited in the event that the participant ceases to provide services to the Company. As a result of this substantial risk of forfeiture, the participant will not recognize ordinary income at the time of award. Instead, the participant will recognize ordinary income on the dates when the stock is no longer subject to a substantial risk of forfeiture, or when the stock becomes transferable, if earlier. The participant's ordinary income is measured as the difference between the amount paid for the stock, if any, and the fair market value of the stock on the date the stock is no longer subject to forfeiture.

The employee may accelerate his or her recognition of ordinary income, if any, and begin his or her capital gains holding period by timely filing (i.e., within thirty days of the Award) an election pursuant to Section 83(b) of the Code. In such event, the ordinary income recognized, if any, is measured as the difference between the amount paid for the stock, if any, and the fair market value of the stock on the date of Award, and the capital gain holding period commences on such date. The ordinary income recognized by an employee will be subject to tax withholding by the Company. Unless limited by Section 162(m), the Company is entitled to a deduction in the same amount as and at the time the employee recognizes ordinary income.

Accounting Treatment

Prior to 2006, options granted or issued to employees under the 2003 Plan that have fixed exercise prices that are equal to or greater than the fair market value per share on the date of grant or issue date and that have a fixed number of shares associated with the option will generally not result in any direct charge to the Company's reported earnings under current accounting rules. However, the fair value of those options is required to be disclosed in the notes to the Company's financial statements, and the Company also must disclose, in the notes to its financial statements, the pro forma impact those options would have upon the Company's reported earnings and earnings per share were the fair value of those options at the time of grant treated as a compensation expense over the life of the options.

Beginning in 2006, assuming effectiveness of FAS 123(R), the Company will generally be required to recognize compensation expense in an amount equal to the fair market value on the date of grant of all stock options that are unvested as of or after such period. The fair value of an option will be based on the number of

shares subject to the option that are expected to vest. The Company will use either Black-Scholes or a binomial valuation model to measure fair value of option grants. In addition, the Company will be required to recognize compensation expense for options as they vest, as adjusted for actual forfeitures that occur before vesting but not adjusted for any previously recognized compensation cost if an option lapses unexercised.

PROPOSAL 3 APPROVAL OF AMENDMENT OF THE 2003 DIRECTORS STOCK OPTION PLAN

At the Annual Meeting, the stockholders of the Company will be asked to approve the amendment of the 2003 Directors Stock Option Plan (the Directors Plan) to (a) increase the number of shares of common stock issuable under the Directors Plan by an additional 350,000 shares, to an aggregate of 440,909 shares and (b) increase the number of option shares issued to non-employee directors for services rendered. The Directors Plan was adopted by the Board of Directors in September 2003 and it became effective on March 2004 after approval of the stockholders.

In June 2004, the Board approved an amendment of the Directors Plan, subject to stockholder approval, to increase the number of option shares issued to each non-employee director who first becomes a director after June 2, 2004 to 10,000 shares of common stock (from 4,545 shares), to increase the number of options shares issued on the date of each annual meeting of stockholders to each of our non-employee directors to 10,000 shares of common stock (from 1,818 shares) provided, such director has served on the board for at least six months, and to grant directors serving as the chairperson of a committee of the board, or as members of the audit committee of the board, an option to purchase 2,500 shares of common stock on the date of each annual meeting of stockholders. In January 2005, the Board approved of the Directors Plan, subject to stockholder approval, to increase the number of shares of common stock authorized for issuance under the Directors Plan by 350,000 shares, to a total of 440,909 shares and (b) The exercise price of all stock options granted under this plan will be equal to the fair market value of the common stock on the date of grant of the option. This plan provides that the total number of shares subject to each option granted under this plan will vest in equal monthly installments over two years so that the option will be fully vested after two years. The Board of Directors adopted this amendment because it believes that:

additional shares are necessary to attract new directors; and

additional shares are needed to further the goal of retaining and motivating existing directors.

As of April 1, 2005, awards (net of canceled awards) covering an aggregate of 20,000 shares of common stock had been granted under the Directors Plan. 420,909 shares of common stock (plus any shares that might in the future be returned to the 2003 Plan as a result of cancellations or expiration of awards) remained available for future grant under the Directors Plan. As of April 1, 2005, options to purchase 10,910 shares of common stock have been granted under the Directors Plan subject to stockholder approval of the amendment of the terms of the Directors Plan and are not exercisable until such approval is obtained.

Brokers do not have discretion to vote on this proposal without your instruction. If you do not instruct your broker how to vote on this proposal, your broker will deliver a non-vote on this proposal. Broker non-votes, if any, will have no effect on the outcome of the vote on this proposal. Abstentions will have the effect of a vote against the proposal.

The Board of Directors recommends a vote for the approval of the amendment of the Directors Plan.

Vote Required

Edgar Filing: XCYTE THERAPIES INC - Form DEF 14A

Approval of the Directors Plan requires the affirmative vote of a majority of the shares of our common stock present in person or represented by proxy and entitled to be voted on the proposal at the Annual Meeting.

Summary of the Directors' Plan

A copy of the Directors' Plan has been filed with the SEC as an exhibit to the electronic version of this proxy statement filed via EDGAR, and is available on the SEC's website (<http://www.sec.gov>). The following description of the Directors' Plan is a summary and so is qualified by reference to the complete text of the Directors' Plan.

General

The purpose of the Directors' Plan is to enhance the long-term stockholders' value of the Company by attracting and retaining the best available personnel for service as directors of the Company, providing additional incentive to the outside directors of the Company to serve as directors, and encouraging their continued service on the Board. Stock options granted under the Directors' Plan will be non-statutory stock options which are options that are not intended to qualify as incentive stock options under Section 422 of the Code.

Administration. The Directors' Plan will be administered by the Board of Directors.

Eligibility. Non-statutory stock options may be granted under the Directors' Plan to non-employee directors of the Company, its affiliates and subsidiaries. All grants under the Directors' Plan are automatic and nondiscretionary. As of April 1, 2005, the Company had seven non-employee directors who would be eligible to participate in the Directors' Plan.

As of April 1, 2005, no shares had been issued upon exercise of options granted under the Directors' Plan, options to purchase 20,000 shares were outstanding and 420,909 shares remained available for future grant. The following table sets forth information with respect to the stock options granted to all current directors who are not executive officers as a group under the 2003 Directors' Plan as of April 1, 2005.

Name	Number of shares subject to options granted under the directors' plan	Weighted average exercise price per share
Daniel K. Spiegelman	10,000	\$ 4.53
Christopher S. Henney	10,000	\$ 1.50
All directors who are not executive officers (7 persons)	20,000	\$ 3.02

Automatic Option Grants. Under the Directors' Plan as proposed to be amended, each person who becomes an outside director is automatically granted an option (the "First Option") to purchase 10,000 shares of our common stock (as adjusted for stock splits, stock dividends, reclassifications and like transactions) on the date on which such person first becomes an outside director. Each outside director (including an outside director who did not receive a First Option) is automatically granted an option (the "Annual Option") to purchase 10,000 shares of our common stock (as adjusted for stock splits, stock dividends, reclassifications and like transactions) on the date of each annual meeting of the stockholders of the Company, provided that the outside director shall have served on the Board for at least six months prior to the date of such annual meeting of stockholders. Each outside director who serves as the chairperson of a committee of the Board or as a member of the audit committee of the Board is automatically granted an option (the "Committee Option") to purchase 2,500 shares of our common stock (as adjusted for stock splits, stock dividends, reclassifications and like transactions) on the date of each annual meeting of stockholders of the Company. In the event that a grant would cause the number of shares subject to outstanding options plus the number of shares previously purchased upon

Edgar Filing: XCYTE THERAPIES INC - Form DEF 14A

exercise of options to exceed the number of shares available for issuance under the Directors' Plan, then each such automatic grant shall be for that number of shares determined by dividing the total number of shares remaining available for grant by the number of outside directors receiving an option on the automatic grant date. Any further grants shall then be deferred until such time, if any, as additional shares become available for grant under the Directors' Plan through action of the stockholders to increase the number of shares which may be issued under the Directors' Plan or through cancellation or expiration of options previously granted under the Directors' Plan.

Exercise Price. The exercise price of all stock options granted under the Directors' Plan will be equal to the fair market value of our common stock on the date of grant of the option. The fair market value of our common stock is generally the closing sales price as reported in the Wall Street Journal on the date immediately prior to the date of grant.

Vesting. Each First Option, Annual Option and Committee Option shall vest and become exercisable as to one twenty-fourth of the shares underlying the option on the one month anniversary of its date of grant and as to one twenty-fourth of the shares underlying the option each month thereafter so that the option shall be fully vested and exercisable on the second anniversary of its date of grant.

Form of Consideration. The means of payment for shares issued on exercise of an option are specified in each option agreement. The Directors' Plan permits payment to be made by cash, check, other shares of common stock of the Company (with some restrictions) or broker assisted same day sale.

Term of Option. The term of an option may be no more than ten years from the date of grant. No option may be exercised after the expiration of its term.

Termination of Options. Generally, if an optionee's services to the Company as a director terminate other than for death or disability, vested options as of the last day of service will remain exercisable for a period of ninety days following the optionee's termination or if earlier, the expiration of the term of such option. Unless otherwise provided for in the option agreement, if an optionee becomes totally and permanently disabled while a director, the optionee's vested options as of the last day of service shall be exercisable for twelve months following the optionee's termination as a result of disability, or if earlier, the expiration of the term of such option. Unless otherwise provided for in the option agreement, if an optionee dies during optionee's service to the Company as a director or within three months after termination of service as a director, optionee's vested options shall be exercisable for 12 months following the optionee's death, or if earlier, the expiration of the term of such option.

If the Chief Executive Officer or his or her designee reasonably believes that an optionee has committed an act of misconduct, the Chief Executive Officer may suspend the optionee's right to exercise any option pending a determination by the Board (excluding the director accused of such misconduct). If the Board (excluding the director accused of such misconduct) determines that an optionee has committed an act of embezzlement, fraud, dishonesty, nonpayment of an obligation owed to the Company, breach of fiduciary duty or deliberate disregard of the Company rules resulting in loss, damage or injury to the Company, or if an optionee makes an unauthorized disclosure of any Company trade secret or confidential information, engages in any conduct constituting unfair competition, induces any Company customer to breach a contract with the Company or induces any principal for whom the Company acts as agent to terminate such agency relationship, neither the optionee nor his or her estate shall be entitled to exercise any option. In making such determination, the Board of Directors (excluding the director accused of such misconduct) shall act fairly and shall give the optionee an opportunity to appear and present evidence on optionee's behalf at a hearing before the Board or a committee of the Board.

Nontransferability of Options. Unless otherwise determined by the Board, options granted under the Directors' Plan are not transferable other than (a) by will or by the laws of descent or distribution; (b) pursuant to a qualified domestic relations order (as defined by the Code or the rules thereunder); (c) by gift to the optionee's family; or (d) by gift or in exchange for an interest in such entity to (i) a trust in which optionee and/or optionee's family have more than fifty percent of the beneficial interest, (ii) a foundation in which optionee and/or optionee's family control the management of assets, or (iii) any other entity in which optionee and/or optionee's family own more than fifty percent of the voting interests, and may be exercised during the optionee's lifetime only by the optionee or its permitted transferee.

Adjustments on Changes in Capitalization, Merger or Change of Control

In the event of any stock dividend, stock split, reverse stock split, combination, reclassification or similar change to the capital structure of the Company without receipt of consideration by the Company, appropriate adjustments will be made to (i) the number of shares of common stock subject to the Directors' Plan, (ii) the number of shares of common stock that may be granted pursuant to the automatic option grants to any individual under the Directors' Plan, and (iii) the exercise price and number of shares of common stock under each outstanding option. Any such adjustments shall be made by the Board of Directors in its absolute discretion, and the decision of the Board shall be final, binding and conclusive.

In the event of a sale of all or substantially all of the Company's assets or a merger of the Company with or into another company, all outstanding options shall accelerate, vest in full and be fully exercisable immediately prior to the consummation of the transaction.

Amendment and Termination of the Directors' Plan

The Board may amend or terminate the Directors' Plan at any time and for any reason the Board deems advisable. However, the Company shall obtain stockholder approval for any amendment to the Directors' Plan to the extent necessary and desirable to comply with applicable laws and Nasdaq National Market listing requirements. In addition, the provisions determining the number of shares subject to automatic grants will not be amended more than once every six months other than to comport with the Code or the Employee Retirement Income Security Act of 1974, as amended, or the rules thereunder. Generally, no such action by the Board or stockholders may alter or impair any option previously granted under the Directors' Plan without the written consent of the optionee. The Directors' Plan terminates in 2013.

Federal Income Tax Consequences of Options under the Directors' Plan

THE FOLLOWING IS A GENERAL SUMMARY OF THE TYPICAL FEDERAL INCOME TAX CONSEQUENCES OF THE ISSUANCE AND EXERCISE OF OPTIONS OR STOCK AWARDS UNDER THE DIRECTORS' PLAN. IT DOES NOT DESCRIBE STATE OR OTHER TAX CONSEQUENCES OF THE ISSUANCE AND EXERCISE OF OPTIONS OR STOCK AWARDS.

The grant of a non-statutory option has no federal income tax effect on the optionee. Upon the exercise of a non-statutory option, the optionee has taxable ordinary income (and unless limited by Section 162(m), the Company is entitled to a corresponding deduction) equal to the option spread on the date of exercise. Upon the disposition of stock acquired upon exercise of a non-statutory option, the optionee recognizes either long-term or short-term capital gain or loss, depending on how long such stock was held, on any difference between the sale price and the exercise price, to the extent not recognized as taxable income on the date of exercise. The Company may allow non-statutory options to be transferred subject to conditions and restrictions imposed by the Administrator; special tax rules may apply on such a transfer.

Equity Compensation Plan Information

The following table provides information as of April 1, 2005, with respect to the shares of the Company's common stock that may be issued under all of the Company's existing equity compensation plans including the Amended and Restated 1996 Stock Option Plan, 2003 Stock Plan, 2003 Employee Stock Purchase Plan and 2003 Directors' Stock Option Plan.

<u>Plan Category</u>	<u>Number of securities to be issued upon exercise of outstanding options</u>	<u>Weighted average exercise price of outstanding options</u>	<u>Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column(a))</u>

- (1) The 2003 Stock Plan contains an evergreen provision that automatically increases on the first business day of each fiscal year beginning January 1, the lesser of an additional (i) 109,090 shares of common stock, (ii) 4% of the outstanding shares of capital stock on such date, or (iii) an amount determined by the Board. The 2003 Employee Stock Purchase Plan contains an evergreen provision that automatically increases on the first business day of each fiscal year beginning January 1, the lesser of an additional (i) 54,545 shares of common stock, (ii) 1% of the outstanding shares of capital stock on such date, or (iii) an amount determined by the Board. None of the Company's other plans has an evergreen provision.

PROPOSAL 4 RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

At the Annual Meeting, the stockholders will be asked to ratify the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2005. Representatives of Ernst & Young are expected to be present at the Annual Meeting and will have the opportunity to make statements if they desire to do so. Such representatives are also expected to be available to respond to appropriate questions.

The Board of Directors recommends a vote for the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2005.

OTHER MATTERS

As of the time of preparation of this Proxy Statement, neither the Board of Directors nor management intends to bring before the meeting any business other than the matters referred to in the Notice of Annual Meeting and this Proxy Statement. If any other business should properly come before the meeting, or any adjournment thereof, the persons named in the proxy will vote on such matters according to their best judgment.

STOCKHOLDERS SHARING THE SAME ADDRESS

In accordance with notices previously sent to many stockholders who hold their shares through a bank, broker or other holder of record (a street-name stockholder) and share a single address, only one annual report and proxy statement is being delivered to that address unless contrary instructions from any stockholder at that address were received. This practice, known as householding, is intended to reduce the Company's printing and postage costs. However, any such street-name stockholder residing at the same address who wishes to receive a separate copy of this Proxy Statement or accompanying Annual Report to Stockholders may request a copy by contacting the bank, broker or other holder of record, or the Corporate Secretary of the Company by telephone at (206) 262-6200. The voting instruction sent to a street-name stockholder should provide information on how to request (1) householding of future Company materials or (2) separate materials if only one set of documents is being sent to a household. If it does not, a stockholder who would like to make one of these requests should contact the Company as indicated above.

STOCKHOLDER PROPOSALS FOR 2006 ANNUAL MEETING

The Company's Bylaws provide that advance notice of a stockholder's proposal must be delivered to the Secretary of the Company at the Company's principal executive offices not less than 90 days and not more than 120 days prior to the anniversary of the previous year's annual meeting. However, the Bylaws also provide that in the event that no annual meeting was held in the previous year or the date of the annual

Edgar Filing: XCYTE THERAPIES INC - Form DEF 14A

meeting is advanced by more than 30 days or delayed by more than 60 days from the date contemplated at the time of the previous year's proxy statement, and notice of the meeting is received later than sixty (60) days prior to such annual

meeting, then the advance notice of the stockholder's proposal must be delivered not later than the 10th day following the day on which public announcement of the date of such meeting is first made or the date on which notice of the date of the meeting was mailed. Each stockholder's notice must contain the following information as to each matter the stockholder proposes to bring before the annual meeting: (a) as to each person whom the stockholder proposes to nominate for election or reelection as a director all information relating to such person that is required to be disclosed pursuant to Regulation 14A under the Exchange Act (including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected) and appropriate biographical information and a statement as to the qualification of the nominee; (b) as to any other business that the stockholder proposes to bring before the meeting, a brief description of the business desired to be brought before the meeting, the reasons for conducting such business at the meeting and any material interest in such business of such stockholder and the beneficial owner, if any, on whose behalf the proposal is made; and (c) as to the stockholder giving the notice and the beneficial owner, if any, on whose behalf the nomination or proposal is made (i) the name and address of such stockholder, as they appear on the Company's books, and of such beneficial owner and (ii) the number of shares of the Company's common stock which are owned beneficially and of record by such stockholder and such beneficial owner.

A copy of the full text of the provisions of the Company's Bylaws dealing with stockholder nominations and proposals is available to stockholders from the Secretary of the Company upon written request.

Under the rules of the Securities and Exchange Commission, stockholders who wish to submit proposals for inclusion in the Proxy Statement of the Board of Directors for the 2006 Annual Meeting of Stockholders must submit such proposals so as to be received by the Company at 1124 Columbia Street, Suite 130, Seattle, Washington 98104, on or before March 19, 2006, but no earlier than February 17, 2006. In addition, if the Company is not notified by March 13, 2006 of a proposal to be brought before the 2006 Annual Meeting by a stockholder, then proxies held by management may provide the discretion to vote against such proposal even though it is not discussed in the proxy statement for such meeting.

(b) **Type of Option.** Each Option shall be designated in the Option Agreement as either an Incentive Stock Option or a Nonstatutory Stock Option.

(c) **ISO \$100,000 Limitation.** Notwithstanding any designation under Section 5(b), to the extent that the aggregate Fair Market Value of Shares with respect to which Options designated as Incentive Stock Options are exercisable for the first time by any Optionee during any calendar year (under all plans of the Company or any Parent or Subsidiary) exceeds \$100,000, such excess Options shall be treated as Nonstatutory Stock Options. For purposes of this Section 5(c), Incentive Stock Options shall be taken into account in the order in which they were granted, and the Fair Market Value of the Shares subject to an Incentive Stock Option shall be determined as of the date of the grant of such Option.

(d) **No Employment Rights.** The Plan shall not confer upon any Participant any right with respect to continuation of an employment or consulting relationship with the Company, nor shall it interfere in any way with such Participant's right or the Company's right to terminate the employment or consulting relationship at any time for any reason.

6. **Term of Plan.** The Plan shall become effective upon its adoption by the Board of Directors. It shall continue in effect for a term of ten (10) years unless sooner terminated under Section 19 of the Plan.

7. **Term of Option.** The term of each Option shall be the term stated in the Option Agreement; provided that the term shall be no more than ten years from the date of grant thereof or such shorter term as may be provided in the Option Agreement and provided further that, in the case of an Incentive Stock Option granted to a person who at the time of such grant is a Ten Percent Holder, the term of the Option shall be five years from the date of grant thereof or such shorter term as may be provided in the Option Agreement.

8. **Limitation on Grants to Employees.** Subject to adjustment as provided in Section 17 below, the maximum number of Shares that may be subject to Options and Stock Awards granted to any one Employee under this Plan for any fiscal year of the Company shall be 1,000,000, provided that this Section 8 shall apply only after such time, if any, as the Common Stock becomes a Listed Security.

9. **Option Exercise Price and Consideration.**

(a) **Exercise Price.** The per Share exercise price for the Shares to be issued pursuant to exercise of an Option shall be such price as is determined by the Administrator and set forth in the Option Agreement, but shall be subject to the following:

(i) In the case of an Incentive Stock Option

(A) granted to an Employee who at the time of grant is a Ten Percent Holder, the per Share exercise price shall be no less than 110% of the Fair Market Value per Share on the date of grant; or

(B) granted to any other Employee, the per Share exercise price shall be no less than 100% of the Fair Market Value per Share on the date of grant.

(ii) In the case of a Nonstatutory Stock Option, the per share Exercise Price shall be such price as determined by the Administrator provided that if such eligible person is, at the time of the grant of such Option, a Named Executive of the Company or an individual whom the Administrator reasonably believes may become a Named Executive of the Company, the per share Exercise Price shall be no less than 100% of the Fair Market Value on the date of grant if such Option is intended to qualify as performance-based compensation under Section 162(m) of the Code.

(iii) Notwithstanding the foregoing, Options may be granted with a per Share exercise price other than as required above pursuant to a Corporate Transaction.

(b) **Permissible Consideration.** The consideration to be paid for the Shares to be issued upon exercise of an Option, including the method of payment, shall be determined by the Administrator (and, in the case of an Incentive Stock Option, shall be determined at the time of grant) and may consist entirely of (i) cash; (ii) check; (iii) subject to any requirements of the Applicable Laws (including without limitation Section 153 of the Delaware General Corporation Law), delivery of Optionee's promissory note having such recourse, interest, security and redemption provisions as the Administrator determines to be appropriate after taking into account the potential accounting consequences of permitting an Optionee to deliver a promissory note; (iv) cancellation of indebtedness; (v) other Shares that have a Fair Market Value on the date of surrender equal to the aggregate exercise price of the Shares as to which the Option is exercised, provided that in the case of Shares acquired, directly or indirectly, from the Company, such Shares must have been owned by the Optionee for more than six months on the date of surrender (or such other period as may be required to avoid the Company's incurring an adverse accounting charge); (vi) if, as of the date of exercise of an Option the Company then is permitting employees to engage in a same-day sale cashless brokered exercise program involving one or more brokers, through such a program that complies with the Applicable Laws (including without limitation the requirements of Regulation T and other applicable regulations promulgated by the Federal Reserve Board) and that ensures prompt delivery to the Company of the amount required to pay the exercise price and any applicable withholding taxes; or (vii) any combination of the foregoing methods of payment. In making its determination as to the type of

consideration to accept, the Administrator shall consider if acceptance of such consideration may be reasonably expected to benefit the Company and the Administrator may, in its sole discretion, refuse to accept a particular form of consideration at the time of any Option exercise.

10. **Exercise of Option.**

(a) **General.**

(i) **Exercisability.** Any Option granted hereunder shall be exercisable at such times and under such conditions as determined by the Administrator, consistent with the term of the Plan and reflected in the Option Agreement, including vesting requirements and/or performance criteria with respect to the Company and/or the Optionee.

(ii) **Leave of Absence.** In the absence of determination by the Administrator at the time of grant of the Option, vesting of an Option shall be tolled during any unpaid leave of absence, except to the extent otherwise provided by Applicable Laws. In the event of a military leave, to the extent required by Applicable Laws, vesting shall toll during any unpaid portion of such leave, provided that upon a Participant's return from military leave he or she shall be given vesting credit with respect to Options to the same extent as would have applied had the Participant continued to provide services to the Company throughout the leave on the same terms as he or she was providing services immediately prior to such leave.

(iii) **Minimum Exercise Requirements.** An Option may not be exercised for a fraction of a Share. The Administrator may require that an Option be exercised as to a minimum number of Shares, provided that such requirement shall not prevent an Optionee from exercising the full number of Shares as to which the Option is then exercisable.

(iv) **Procedures for and Results of Exercise.** An Option shall be deemed exercised when written notice of such exercise has been given to the Company in accordance with the terms of the Option by the person entitled to exercise the Option and the Company has received full payment for the Shares with respect to which the Option is exercised. Full payment may, as authorized by the Administrator, consist of any consideration and method of payment allowable under Section 9(b) of the Plan, provided that the Administrator may, in its sole discretion, refuse to accept any form of consideration at the time of any Option exercise.

Exercise of an Option in any manner shall result in a decrease in the number of Shares that thereafter may be available, both for purposes of the Plan and for sale under the Option, by the number of Shares as to which the Option is exercised.

(v) **Rights as Stockholder.** Until the issuance of the Shares (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), no right to vote or receive dividends or any other rights as a stockholder shall exist with respect to the Optioned Stock, notwithstanding the exercise of the Option. No adjustment will be made for a dividend or other right for which the record date is prior to the date the stock certificate is issued, except as provided in Section 17 of the Plan.

(b) **Termination of Employment or Consulting Relationship.** Except as otherwise set forth in this Section 10(b), the Administrator shall establish and set forth in the applicable Option Agreement the terms and conditions upon which an Option shall remain exercisable, if at all, following termination of an Optionee's Continuous Service Status, which provisions may be waived or modified by the Administrator at any time. Unless the Administrator otherwise provides in the Option Agreement, to the extent that the Optionee is not vested in Optioned Stock at the date of termination of his or her Continuous Service Status, or if the Optionee (or other person entitled to exercise the Option) does not exercise the Option to the extent so entitled within the time specified in the Option Agreement or below (as applicable), the Option shall terminate and the Optioned Stock underlying the unexercised portion of the Option shall revert to the Plan. In no event may any Option be exercised after the expiration of the Option term as set forth in the Option Agreement (and subject to Section 7).

The following provisions (1) shall apply to the extent an Option Agreement does not specify the terms and conditions upon which an Option shall terminate upon termination of an Optionee's Continuous Service Status, and (2) establish the minimum post-termination exercise periods that may be set forth in an Option Agreement:

(i) **Termination other than Upon Disability or Death or for Cause.** In the event of termination of Optionee's Continuous Service Status other than under the circumstances set forth in subsections (ii) through (iv) below, such Optionee may exercise an Option for three months following such termination to the extent the Optionee was vested in the Optioned Stock as of the date of such termination. No termination shall be deemed to occur and this Section 10(b)(i) shall not apply if (A) the Optionee is a Consultant who becomes an Employee or Director, (B) the Optionee is an Employee who becomes a Consultant or Director or (C) the Optionee is a Director who becomes an Employee or a Consultant.

(ii) **Disability of Optionee.** In the event of termination of an Optionee's Continuous Service Status as a result of his or her disability (including a disability within the meaning of Section 22(e)(3) of the Code), such Optionee may exercise an Option at any time within 12 months following such termination to the extent the Optionee was vested in the Optioned Stock as of the date of such termination.

(iii) **Death of Optionee.** In the event of the death of an Optionee during the period of Continuous Service Status since the date of grant of the Option, or within 30 days following termination of Optionee's Continuous Service Status, the Option may be exercised by Optionee's estate or by a person who acquired the right to exercise the Option by bequest or inheritance at any time within 12 months following the date of death, but only to the extent the Optionee was vested in the Optioned Stock as of the date of death or, if earlier, the date the Optionee's Continuous Service Status terminated.

(iv) **Termination for Cause.** In the event of termination of an Optionee's Continuous Service Status for Cause, any Option (including any exercisable portion thereof) held by such Optionee shall immediately terminate in its entirety upon first notification to the Optionee of termination of the Optionee's Continuous Service Status. If an Optionee's employment or consulting relationship with the Company is suspended pending an investigation

of whether the Optionee shall be terminated for Cause, all the Optionee's rights under any Option likewise shall be suspended during the investigation period and the Optionee shall have no right to exercise any Option. Unless prohibited by Applicable Laws, this Section 10(b)(iv) shall apply with equal effect to vested Shares acquired upon exercise of an Option, in that the Company shall have the right to repurchase such Shares from the Participant at the lesser of Participant's original cost for the Shares or the Fair Market Value of the Share at the time of repurchase. Such repurchase shall be effected pursuant to such terms and conditions, and at such time, as the Administrator shall determine. Nothing in this Section 10(b)(iv) shall in any way limit the Company's right to purchase unvested Shares issued upon exercise of an Option as set forth in the applicable Option Agreement.

(c) **Buyout Provisions.** The Administrator may at any time offer to buy out for a payment in cash or Shares an Option previously granted under the Plan based on such terms and conditions as the Administrator shall establish and communicate to the Optionee at the time that such offer is made.

11. **Stock Grants and Stock Unit Awards.** Each Stock Award Agreement reflecting the issuance of a Stock Grant or Stock Unit shall be in such form and shall contain such terms and conditions as the Board shall deem appropriate. The terms and conditions of such agreements may change from time to time, and the terms and conditions of separate agreements need not be identical, but each such agreement shall include (through incorporation of provisions hereof by reference in the agreement or otherwise) the substance of each of the following provisions:

(a) **Consideration.** A Stock Grant or Stock Unit may be awarded in consideration for such property or services as is permitted under Applicable Law, including for past services actually rendered to the Company or an Affiliate for its benefit.

(b) **Vesting.** Shares of Common Stock awarded under an agreement reflecting a Stock Grant and a Stock Unit award may, but need not, be subject to a share repurchase option, forfeiture restriction or other conditions in favor of the Company in accordance with a vesting or lapse schedule to be determined by the Board.

(c) **Termination of Participant's Continuous Service.** In the event a Participant's Continuous Service terminates, the Company may reacquire any or all of the Shares held by the Participant which have not vested or which are otherwise subject to forfeiture or other conditions as of the date of termination under the terms of the agreement.

(d) **Transferability.** Rights to acquire Shares under a Stock Grant or a Stock Unit agreement shall be transferable by the Participant only by will or by the laws of descent and distribution.

12. **Stock Purchase Rights.**

(a) **Rights to Purchase.** When the Administrator determines that it will offer Stock Purchase Rights under the Plan, it shall advise the offeree in writing of the terms,

conditions and restrictions related to the offer, including the number of Shares that such person shall be entitled to purchase, the price to be paid, and the time within which such person must accept such offer. The offer to purchase Shares subject to Stock Purchase Rights shall be accepted by execution of a Stock Award Agreement in the form determined by the Administrator.

(b) **Repurchase Option.**

(i) **General.** Unless the Administrator determines otherwise, the Stock Award Agreement shall grant the Company a repurchase option exercisable upon the voluntary or involuntary termination of the purchaser's employment with the Company for any reason (including death or disability). The purchase price for Shares repurchased pursuant to the Stock Award Agreement shall be the lesser of the original purchase price paid by the purchaser or the Fair Market Value of the Shares on the date of repurchase, and may be paid by cancellation of any indebtedness of the purchaser to the Company. The repurchase option shall lapse at such rate as the Administrator may determine. In the absence of determination by the Administrator at the time of grant of the Stock Purchase Right, lapse of the repurchase option shall be tolled during any unpaid leave of absence, except to the extent otherwise provided by Applicable Laws. In the event of a military leave, to the extent required by Applicable Laws, lapse of the repurchase option shall toll during any unpaid portion of such leave, provided that upon a Participant's return from military leave the repurchase option shall be deemed to have lapsed to the same extent as would have applied had the Participant continued to provide services to the Company throughout the leave on the same terms as he or she was providing services immediately prior to such leave.

(ii) **Termination of Continuous Service Status for Cause.** Unless prohibited by Applicable Laws, in the event of termination of a Participant's Continuous Service Status for Cause, the Company shall have the right to repurchase from the Participant vested Shares issued upon exercise of a Stock Purchase Right at the lesser of Participant's original cost for the Shares or the Fair Market Value of the Share at the time of repurchase or such other terms as determined by the Administrator. Such repurchase shall be effected pursuant to such terms and conditions, and at such time, as the Administrator shall determine. Nothing in this Section 12(b)(ii) shall in any way limit the Company's right to purchase unvested Shares as set forth in the applicable Stock Award Agreement.

(c) **Other Provisions.** The Stock Award Agreement shall contain such other terms, provisions and conditions not inconsistent with the Plan as may be determined by the Administrator in its sole discretion. In addition, the provisions of Stock Award Agreements need not be the same with respect to each purchaser.

(d) **Rights as a Stockholder.** Once the Stock Purchase Right is exercised, the purchaser shall have the rights equivalent to those of a stockholder, and shall be a stockholder when his or her purchase is entered upon the records of the duly authorized transfer agent of the Company. No adjustment will be made for a dividend or other right for which the record date is prior to the date the Stock Purchase Right is exercised, except as provided in Section 17 of the Plan.

13. **Stock Appreciation Rights.**

(a) **General.** Stock Appreciation Rights may be granted either alone, in addition to, or in tandem with other Awards granted under the Plan. The Board may grant Stock Appreciation Rights to eligible Participants subject to terms and conditions not inconsistent with this Plan and determined by the Board. The specific terms and conditions applicable to the Participant shall be provided for in the Stock Award Agreement. Stock Appreciation Rights shall be exercisable, in whole or in part, at such times as the Board shall specify in the Stock Award Agreement.

(b) **Exercise of Stock Appreciation Right.** Upon the exercise of a Stock Appreciation Right, in whole or in part, the Participant shall be entitled to a payment in an amount equal to the excess of the Fair Market Value on the date of exercise of a fixed number of Shares covered by the exercised portion of the Stock Appreciation Right, over the Fair Market Value on the grant date of the Shares covered by the exercised portion of the Stock Appreciation Right (or such other amount calculated with respect to Shares subject to the award as the Board may determine). The amount due to the Participant upon the exercise of a Stock Appreciation Right shall be paid in such form of consideration as determined by the Board and may be in cash, Shares or a combination thereof, over the period or periods specified in the Stock Award Agreement. A Stock Award Agreement may place limits on the amount that may be paid over any specified period or periods upon the exercise of a Stock Appreciation Right, on an aggregate basis or as to any Participant. A Stock Appreciation Right shall be considered exercised when the Company receives written notice of exercise in accordance with the terms of the Stock Award Agreement from the person entitled to exercise the Stock Appreciation Right.

(c) **Nonassignability of Stock Appreciation Rights.** Except as determined by the Board, no Stock Appreciation Right shall be assignable or otherwise transferable by the Participant except by will or by the laws of descent and distribution.

14. **Section 162(m) Compliance.** Any Stock Award (other than an Option or any other Stock Award having a purchase price equal to 100% of the Fair Market Value on the date such award is made) that is intended as qualified performance-based compensation within the meaning of Section 162(m) of the Code must vest or become exercisable contingent on the achievement of one or more Qualifying Performance Criteria. Notwithstanding anything to the contrary herein, the Committee shall have the discretion to determine the time and manner of compliance with Section 162(m) of the Code as required under applicable regulations and to conform the procedures related to the Award to the requirements of Section 162(m).

15. **Taxes.**

(a) As a condition of the grant, vesting or exercise of an Option or Stock Award granted under the Plan, the Participant (or in the case of the Participant's death, the person exercising the Option or Stock Award) shall make such arrangements as the Administrator may require for the satisfaction of any applicable federal, state, local or foreign withholding tax obligations that may arise in connection with such grant, vesting or exercise of the Option or Stock Award or the issuance of Shares. The Company shall not be required to

issue any Shares under the Plan until such obligations are satisfied. If the Administrator allows the withholding or surrender of Shares to satisfy a Participant's tax withholding obligations under this Section 15 (whether pursuant to Section 15(c), (d) or (e), or otherwise), the Administrator shall not allow Shares to be withheld in an amount that exceeds the minimum statutory withholding rates for federal and state tax purposes, including payroll taxes.

(b) In the case of an Employee and in the absence of any other arrangement, the Employee shall be deemed to have directed the Company to withhold or collect from his or her compensation an amount sufficient to satisfy such tax obligations from the next payroll payment otherwise payable after the date of an exercise of the Option or Stock Award.

(c) This Section 15(c) shall apply only after the date, if any, upon which the Common Stock becomes a Listed Security. In the case of Participant other than an Employee (or in the case of an Employee where the next payroll payment is not sufficient to satisfy such tax obligations, with respect to any remaining tax obligations), in the absence of any other arrangement and to the extent permitted under the Applicable Laws, the Participant shall be deemed to have elected to have the Company withhold from the Shares to be issued upon exercise of the Option or Stock Award that number of Shares having a Fair Market Value determined as of the applicable Tax Date (as defined below) equal to the amount required to be withheld. For purposes of this Section 15, the Fair Market Value of the Shares to be withheld shall be determined on the date that the amount of tax to be withheld is to be determined under the Applicable Laws (the Tax Date).

(d) If permitted by the Administrator, in its discretion, a Participant may satisfy his or her tax withholding obligations upon exercise of an Option or Stock Award by surrendering to the Company Shares that have a Fair Market Value determined as of the applicable Tax Date equal to the amount required to be withheld. In the case of Shares previously acquired from the Company that are surrendered under this Section 15(d), such Shares must have been owned by the Participant for more than six (6) months on the date of surrender (or such other period of time as is required for the Company to avoid adverse accounting charges).

(e) Any election or deemed election by a Participant to have Shares withheld to satisfy tax withholding obligations under Section 15(c) or (d) above shall be irrevocable as to the particular Shares as to which the election is made and shall be subject to the consent or disapproval of the Administrator. Any election by a Participant under Section 5(d) above must be made on or prior to the applicable Tax Date.

(f) In the event an election to have Shares withheld is made by a Participant and the Tax Date is deferred under Section 83 of the Code because no election is filed under Section 83(b) of the Code, the Participant shall receive the full number of Shares with respect to which the Option or Stock Award is exercised but such Participant shall be unconditionally obligated to tender back to the Company the proper number of Shares on the Tax Date.

16. **Non-Transferability of Options and Stock Awards.**

(a) **General.** Except as set forth in this Section 16, Options and Stock Awards may not be sold, pledged, assigned, hypothecated, transferred or disposed of in any manner other than by will or by the laws of descent or distribution. The designation of a beneficiary by an Optionee will not constitute a transfer. An Option or Stock Award may be exercised, during the lifetime of the holder of an Option or Stock Award, only by such holder or a transferee permitted by this Section 16.

(b) **Limited Transferability Rights.** Notwithstanding anything else in this Section 16, prior to the date, if any, on which the Common Stock becomes a Listed Security, the Administrator may in its discretion grant Nonstatutory Stock Options that may be transferred by instrument to an inter vivos or testamentary trust in which the Options are to be passed to beneficiaries upon the death of the trustor (settlor) or by gift to Immediate Family (as defined below), on such terms and conditions as the Administrator deems appropriate. Following the date, if any, on which the Common Stock becomes a Listed Security, the Administrator may in its discretion grant transferable Nonstatutory Stock Options pursuant to Option Agreements specifying the manner in which such Nonstatutory Stock Options are transferable. **Immediate Family** means any child, stepchild, grandchild, parent, stepparent, grandparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law, and shall include adoptive relationships.

17. **Adjustments Upon Changes in Capitalization, Merger or Certain Other Transactions.**

(a) **Changes in Capitalization.** Subject to any action required under Applicable Laws by the stockholders of the Company, the number of Shares of Common Stock covered by each outstanding Award, the numbers of Shares set forth in Sections 3 and 8 above, and the number of Shares of Common Stock that have been authorized for issuance under the Plan but as to which no Awards have yet been granted or that have been returned to the Plan upon cancellation or expiration of an Award, as well as the price per Share of Common Stock covered by each such outstanding Award, shall be proportionately adjusted for any increase or decrease in the number of issued Shares of Common Stock resulting from a stock split, reverse stock split, stock dividend, combination, recapitalization or reclassification of the Common Stock, or any other increase or decrease in the number of issued Shares of Common Stock effected without receipt of consideration by the Company; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been effected without receipt of consideration. Such adjustment shall be made by the Administrator, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of Shares of Common Stock subject to an Award.

(b) **Dissolution or Liquidation.** In the event of the dissolution or liquidation of the Company, each Option and Stock Award will terminate immediately prior to the consummation of such action, unless otherwise determined by the Administrator.

(c) **Corporate Transaction.**

(i) In the event of a Corporate Transaction, each outstanding Option and Stock Award shall be assumed or an equivalent option or right shall be substituted by the successor corporation or a Parent or Subsidiary of such successor corporation, unless such successor corporation does not agree to assume the outstanding Options or Stock Awards or to substitute equivalent options or rights, in which case such Options or Stock Awards shall terminate upon the consummation of the transaction.

(ii) In the event of a Change of Control, if the successor corporation or a Parent or Subsidiary of such successor corporation agrees to assume outstanding Options or Stock Awards or to substitute them with equivalent options or stock awards, the vesting and exercisability of each outstanding Option and Stock Award shall accelerate such that the Options and Stock Awards shall become vested and exercisable as to the lesser of 25% of the Shares subject to the Option or Stock Award or the remaining unvested Shares, and any repurchase right of the Company with respect to Shares issued upon exercise of an Option or Stock Award shall lapse as to the lesser of 25% of the Shares initially subject to the Company repurchase right or the remaining Shares subject to the Company repurchase right. The acceleration of vesting and lapse of repurchase rights provided for in this Section 17(c)(ii) shall occur immediately prior to consummation of the Change of Control and shall apply to Shares that would have vested last under the vesting schedule applicable to the Option or Stock Award or the Shares subject to Company repurchase right.

(iii) In addition to the acceleration of vesting and lapse of repurchase rights provided for in Section 17(c)(ii), in the event of the Involuntary Termination within 12 months of the Change of Control of a Participant holding an Option or Stock Award that is assumed or substituted by the successor corporation in the Change of Control, or holding Common Stock issued upon exercise of an Option or Stock Award with respect to which the successor corporation has succeeded to a repurchase right as a result of the Change of Control, then any assumed or substituted Option or Stock Award held by such Participant at the time of the Involuntary Termination shall accelerate and become exercisable as to the lesser of 25% of the Shares subject to the Option or Stock Award or the remaining unvested Shares, and any repurchase right of the Company with respect to Shares issued upon exercise of an Option or Stock Award shall lapse as to the lesser of 25% of the Shares initially subject to the Company repurchase right or the remaining Shares subject to the Company repurchase right. The acceleration of vesting and lapse of repurchase rights provided for in this Section 17(c)(iii) shall occur as of the Participant's last day of Continuous Service Status and shall apply to Shares that would have vested first under the vesting schedule applicable to the Options or Stock Awards or the Shares subject to Company repurchase right had the Participant's employment continued.

(iv) In the event the successor corporation does not agree to assume outstanding Options or Stock Awards, or to substitute them with equivalent options or stock awards, the vesting and exercisability of each outstanding Option and Stock Award shall accelerate such that the Options and Stock Awards shall become vested and exercisable as to 100% of the remaining unvested Shares, and any repurchase right of the Company with respect to Shares issued upon exercise of an Option or Stock Award shall lapse as to 100% of the remaining Shares subject to the Company repurchase right. The acceleration of vesting and lapse

of repurchase rights provided for in this Section 17(c)(iv) shall occur immediately prior to consummation of the Change of Control.

(v) For purposes of this Section 17(c), an Option or a Stock Award shall be considered assumed, without limitation, if, at the time of issuance of the stock or other consideration upon a Corporate Transaction or a Change of Control, as the case may be, each holder of an Option or Stock Award would be entitled to receive upon exercise of the Option or Stock Award the same number and kind of shares of stock or the same amount of property, cash or securities as such holder would have been entitled to receive upon the occurrence of the transaction if the holder had been, immediately prior to such transaction, the holder of the number of Shares of Common Stock covered by the Option or the Stock Award at such time (after giving effect to any adjustments in the number of Shares covered by the Option or Stock Award as provided for in this Section 17); provided however that if such consideration received in the transaction is not solely common stock of the successor corporation or its Parent, the Administrator may, with the consent of the successor corporation, provide for the consideration to be received upon exercise of the Option or Stock Award to be solely common stock of the successor corporation or its Parent equal to the Fair Market Value of the per Share consideration received by holders of Common Stock in the transaction.

(d) **Certain Distributions.** In the event of any distribution to the Company's stockholders of securities of any other entity or other assets (other than dividends payable in cash or stock of the Company) without receipt of consideration by the Company, the Administrator may, in its discretion, appropriately adjust the price per Share of Common Stock covered by each outstanding Option or Stock Award to reflect the effect of such distribution.

18. **Time of Granting Options and Stock Awards.** The date of grant of an Option or Stock Award shall, for all purposes, be the date on which the Administrator makes the determination granting such Option or Stock Award, or such other date as is determined by the Administrator, provided that in the case of any Incentive Stock Option, the grant date shall be the later of the date on which the Administrator makes the determination granting such Incentive Stock Option or the date of commencement of the Optionee's employment relationship with the Company. Notice of the determination shall be given to each Employee, Consultant or Director to whom an Option or Stock Award is so granted within a reasonable time after the date of such grant.

19. **Amendment and Termination of the Plan.**

(a) **Authority to Amend or Terminate.** The Board may at any time amend, alter, suspend or discontinue the Plan, but no amendment, alteration, suspension or discontinuation (other than an adjustment pursuant to Section 17 above) shall be made that would materially and adversely affect the rights of any Optionee or holder of Stock Awards under any outstanding grant, without his or her consent. In addition, to the extent necessary and desirable to comply with the Applicable Laws, the Company shall obtain stockholder approval of any Plan amendment in such a manner and to such a degree as required.

(b) **Effect of Amendment or Termination.** Except as to amendments which the Administrator has the authority under the Plan to make unilaterally, no amendment or termination of the Plan shall materially and adversely affect Options or Stock Awards already granted, unless mutually agreed otherwise between the Optionee or holder of the Stock Awards and the Administrator, which agreement must be in writing and signed by the Optionee or holder of Stock Awards and the Company.

20. **Conditions Upon Issuance of Shares.** Notwithstanding any other provision of the Plan or any agreement entered into by the Company pursuant to the Plan, the Company shall not be obligated, and shall have no liability for failure, to issue or deliver any Shares under the Plan unless such issuance or delivery would comply with the Applicable Laws, with such compliance determined by the Company in consultation with its legal counsel. As a condition to the exercise of an Option or Stock Award, the Company may require the person exercising the Award to represent and warrant at the time of any such exercise that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares if, in the opinion of counsel for the Company, such a representation is required by law. Shares issued upon exercise of Awards granted prior to the date on which the Common Stock becomes a Listed Security shall be subject to a right of first refusal in favor of the Company pursuant to which the Participant will be required to offer Shares to the Company before selling or transferring them to any third party on such terms and subject to such conditions as is reflected in the applicable Option Agreement or Stock Award Agreement.

21. **Reservation of Shares.** The Company, during the term of this Plan, will at all times reserve and keep available such number of Shares as shall be sufficient to satisfy the requirements of the Plan.

22. **Agreements.** Options and Stock Awards shall be evidenced by Option Agreements and Stock Award Agreements, respectively, in such form(s) as the Administrator shall from time to time approve.

23. **Stockholder Approval.** If required by the Applicable Laws, continuance of the Plan shall be subject to approval by the stockholders of the Company within twelve (12) months before or after the date the Plan is adopted. Such stockholder approval shall be obtained in the manner and to the degree required under the Applicable Laws.

24. **Information and Documents to Optionees and Purchasers.** Prior to the date, if any, upon which the Common Stock becomes a Listed Security and if required by the Applicable Laws, the Company shall provide financial statements at least annually to each Optionee and to each individual who acquired Shares pursuant to the Plan, during the period such Optionee or purchaser has one or more Options or Stock Awards outstanding, and in the case of an individual who acquired Shares pursuant to the Plan, during the period such individual owns such Shares. The Company shall not be required to provide such information if the issuance of Options or Stock Awards under the Plan is limited to key employees whose duties in connection with the Company assure their access to equivalent information.

If an Option should expire or become unexercisable for any reason without having been exercised in full, the unpurchased Shares which were subject thereto shall, unless the Plan shall have been terminated, become available for future grant under the Plan. In addition, any Shares that are retained by the Company upon exercise of an Option in order to satisfy the exercise price of such Option, or any withholding taxes due with respect to such exercise, shall be treated as not issued and shall continue to be available for issuance under the Plan. If Shares which were acquired upon exercise of an Option are subsequently repurchased by the Company, such Shares shall not in any event be returned to the Plan and shall not become available for future grant under the Plan.

4. **Administration of and Grants of Options under the Plan.**

(a) **Administrator.** Except as otherwise required herein, the Plan shall be administered by the Board.

(b) **Procedure for Grants.** All grants of Options hereunder shall be automatic and nondiscretionary and shall be made strictly in accordance with the following provisions:

(i) No person shall have any discretion to select which Outside Directors shall be granted Options or to determine the number of Shares to be covered by Options granted to Outside Directors.

(ii) Each person who becomes an Outside Director (after June 2, 2004 and subject to approval of the Plan by the stockholders of the Company) shall be automatically granted an Option (the First Option) to purchase 10,000 (as adjusted for stock splits, stock dividends, reclassifications and like transactions) Shares on the date on which such person first becomes an Outside Director, whether through election by the stockholders of the Company or appointment by the Board of Directors to fill a vacancy; provided that any options granted pursuant to this Section 4(b)(ii) after June 2, 2004 and prior to obtaining stockholder approval of this Section 4(b)(ii) shall be granted subject to stockholder approval.

(iii) Commencing with the annual meeting of stockholders of the Company for 2005, each Outside Director (including an Outside Director who did not receive a First Option) shall be automatically granted an Option (the Annual Option) to purchase 10,000 Shares (as adjusted for stock splits, stock dividends, reclassifications and like transactions) on the date of each annual meeting of the stockholders of the Company, provided that he or she shall have served on the Board for at least six (6) months prior to the date of such annual meeting of stockholders.

(iv) Each Outside Director who is serving as a chairperson of a committee of the Board as of the date of each annual meeting of the stockholders of the Company (commencing with the annual meeting of stockholders of the Company for 2005) shall be automatically granted an Option (the Annual Committee Chairperson Option) to purchase 2,500 Shares (as adjusted for stock splits, stock dividends, reclassifications and like transactions) on the date of such annual meeting of the stockholders of the Company.

(v) Each Outside Director who is serving as a member of the audit committee of the Board (including the chairperson) as of the date of each annual meeting of the stockholders of the Company (commencing with the annual meeting of stockholders of the Company for 2005) shall be automatically granted an Option (the Annual Audit Committee Option) to purchase 2,500 Shares (as adjusted for stock splits, stock dividends, reclassifications and like transactions) on the date of such annual meeting of the stockholders of the Company.

(vi) Notwithstanding the provisions of subsections (ii), (iii), (iv), and (v) hereof, in the event that a grant would cause the number of Shares subject to outstanding Options plus the number of Shares previously purchased upon exercise of Options to exceed the

Pool, then each such automatic grant shall be for that number of Shares determined by dividing the total number of Shares remaining available for grant by the number of Outside Directors receiving an Option on such date on the automatic grant date. Any further grants shall then be deferred until such time, if any, as additional Shares become available for grant under the Plan through action of the stockholders to increase the number of Shares which may be issued under the Plan or through cancellation or expiration of Options previously granted hereunder.

(vii) Notwithstanding the provisions of subsections (ii) and (iii) hereof, any grant of an Option made before the Company has obtained stockholder approval of the Plan in accordance with Section 17 hereof shall be conditioned upon obtaining such stockholder approval of the Plan in accordance with Section 17 hereof.

(viii) The terms of each Option granted hereunder shall be as follows:

(1) each Option shall be exercisable only while the Outside Director remains a Director of the Company, except as set forth in Section 9 hereof;

(2) the exercise price per Share of the Option shall be 100% of the Fair Market Value per Share on the date of grant of the Option, determined in accordance with Section 8 hereof; and

(3) the First Option, each Annual Option, each Annual Committee Chairperson Option and each Annual Audit Committee Option shall become vested and exercisable as to 1/24th of the Shares underlying the Option on the one month anniversary of its date of grant and as to 1/24thth of the Shares underlying the Option each month thereafter so that, subject to Section 11 below, the Option shall be fully vested and exercisable on the second anniversary of its date of grant.

(c) **Powers of the Board.** Subject to the provisions and restrictions of the Plan, the Board shall have the authority, in its discretion: (i) to determine, upon review of relevant information and in accordance with Section 8(b) of the Plan, the Fair Market Value of the Common Stock; (ii) to determine the exercise price per Share of Options to be granted, which exercise price shall be determined in accordance with Section 8 of the Plan; (iii) to interpret the Plan; (iv) to prescribe, amend and rescind rules and regulations relating to the Plan; (v) to authorize any person to execute on behalf of the Company any instrument required to effectuate the grant of an Option previously granted hereunder; and (vi) to make all other determinations deemed necessary or advisable for the administration of the Plan.

(d) **Effect of Board's Decision.** All decisions, determinations and interpretations of the Board shall be final and binding on all Optionees and any other holders of any Options granted under the Plan.

(e) **Suspension or Termination of Option.** If the Chief Executive Officer or his or her designee reasonably believes that an Optionee has committed an act of misconduct, such officer may suspend the Optionee's right to exercise any option pending a determination by the Board (excluding the Outside Director accused of such misconduct). If the Board (excluding the Outside Director accused of such misconduct) determines an Optionee has committed an act

of embezzlement, fraud, dishonesty, nonpayment of an obligation owed to the Company, breach of fiduciary duty or deliberate disregard of the Company rules resulting in loss, damage or injury to the Company, or if an Optionee makes an unauthorized disclosure of any Company trade secret or confidential information, engages in any conduct constituting unfair competition, induces any Company customer to breach a contract with the Company or induces any principal for whom the Company acts as agent to terminate such agency relationship, neither the Optionee nor his or her estate shall be entitled to exercise any Option whatsoever. In making such determination, the Board of Directors (excluding the Outside Director accused of such misconduct) shall act fairly and shall give the Optionee an opportunity to appear and present evidence on Optionee's behalf at a hearing before the Board or a committee of the Board.

5. **Eligibility.** Options may be granted only to Outside Directors. All Options shall be automatically granted in accordance with the terms set forth in Section 4(b) above. An Outside Director who has been granted an Option may, if he or she is otherwise eligible, be granted an additional Option or Options in accordance with such provisions.

The Plan shall not confer upon any Optionee any right with respect to continuation of service as a Director or nomination to serve as a Director, nor shall it interfere in any way with any rights which the Director or the Company may have to terminate his or her directorship at any time.

6. **Term of Plan; Effective Date.** The Plan shall become effective on the effectiveness of the registration statement under the Securities Act of 1933, as amended, relating to the Company's initial public offering of securities. It shall continue in effect for a term of ten (10) years unless sooner terminated under Section 13 of the Plan.

7. **Term of Options.** The term of each Option shall be ten (10) years from the date of grant thereof, unless an Option terminates sooner pursuant to Section 9 below.

8. **Exercise Price and Consideration.**

(a) **Exercise Price.** The per Share exercise price for the Shares to be issued pursuant to exercise of an Option shall be 100% of the Fair Market Value per Share on the date of grant of the Option.

(b) **Form of Consideration.** The consideration to be paid for the Shares to be issued upon exercise of an Option shall consist entirely of cash, check, other Shares of Common Stock having a Fair Market Value on the date of surrender equal to the aggregate exercise price of the Shares as to which the Option shall be exercised (which, if acquired from the Company, shall have been held more than six months), delivery of a properly executed exercise notice together with such other documentation as the Administrator and the broker, if applicable, shall require to effect exercise of the Option and prompt delivery to the Company of the sale or loan proceeds required to pay the exercise price, or any combination of such methods of payment and/or any other consideration or method of payment as shall be permitted under applicable corporate law.

9. **Exercise of Option.**

(a) **Procedure for Exercise; Rights as a Stockholder.** Any Option granted hereunder shall be exercisable at such times as are set forth in Section 4(b) above; provided, however, that no Options shall be exercisable prior to stockholder approval of the Plan in accordance with Section 17 below has been obtained.

An Option may not be exercised for a fraction of a Share.

An Option shall be deemed to be exercised when written notice of such exercise has been given to the Company in accordance with the terms of the Option by the person entitled to exercise the Option and full payment for the Shares with respect to which the Option is exercised has been received by the Company. Full payment may consist of any consideration and method of payment allowable under Section 8(b) of the Plan. Until the issuance (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company) of the stock certificate evidencing such Shares, no right to vote or receive dividends or any other rights as a stockholder shall exist with respect to the Optioned Stock, notwithstanding the exercise of the Option. A share certificate for the number of Shares so acquired shall be issued to the Optionee as soon as practicable after exercise of the Option. No adjustment will be made for a dividend or other right for which the record date is prior to the date the stock certificate is issued, except as provided in Section 11 of the Plan.

Exercise of an Option in any manner shall result in a decrease in the number of Shares which thereafter may be available, both for purposes of the Plan and for sale under the Option, by the number of Shares as to which the Option is exercised.

(b) **Termination of Status as a Director.** If an Outside Director ceases to serve as a Director, he or she may, but only within ninety (90) days after the date he or she ceases to be a Director of the Company, exercise his or her Option to the extent that he or she was entitled to exercise it at the date of such termination. Notwithstanding the foregoing, in no event may the Option be exercised after its term set forth in Section 7 has expired. To the extent that such Outside Director was not entitled to exercise an Option at the date of such termination, or does not exercise such Option (to the extent he or she was entitled to exercise) within the time specified herein, the Option shall terminate and the Shares underlying the unexercised portion of the Option shall revert to the Pool.

(c) **Disability of Optionee.** Notwithstanding Section 9(b) above, in the event a Director is unable to continue his or her service as a Director with the Company as a result of his or her total and permanent disability (as defined in Section 22(e)(3) of the Code), he or she may, but only within twelve (12) months from the date of such termination, exercise his or her Option to the extent he or she was entitled to exercise it at the date of such termination. Notwithstanding the foregoing, in no event may the Option be exercised after its term set forth in Section 7 has expired. To the extent that he or she was not entitled to exercise the Option at the date of termination, or if he or she does not exercise such Option (to the extent he or she was entitled to exercise) within the time specified above, the Option shall terminate and the Shares underlying the unexercised portion of the Option shall revert to the Pool.

(d) **Death of Optionee.** In the event of the death of an Optionee (i) during the term of the Option who is, at the time of his or her death, a Director of the Company and who shall have been in Continuous Status as a Director since the date of grant of the Option, or (ii) three (3) months after the termination of Continuous Status as a Director, the Option may be exercised, at any time within twelve (12) months following the date of death, by the Optionee's estate or by a person who acquired the right to exercise the Option by bequest or inheritance, but only to the extent of the right to exercise that had accrued at the date of death or the date of termination, as applicable. Notwithstanding the foregoing, in no event may the Option be exercised after its term set forth in Section 7 has expired. To the extent that an Optionee was not entitled to exercise the Option at the date of death or termination or if he or she does not exercise such Option (to the extent he or she was entitled to exercise) within the time specified above, the Option shall terminate and the Shares underlying the unexercised portion of the Option shall revert to the Plan.

10. **Nontransferability of Options.** The Option may not be sold, pledged, assigned, hypothecated, transferred or disposed of in any manner other than (a) by will or by the laws of descent or distribution; (b) pursuant to a qualified domestic relations order (as defined by the Code or the rules thereunder); (c) by gift to the Optionee's Family; or (d) by gift or in exchange for an interest in such entity to (i) a trust in which Optionee and/or Optionee's Family have more than fifty percent of the beneficial interest, (ii) a foundation in which Optionee and/or Optionee's Family control the management of assets, or (iii) any other entity in which Optionee and/or Optionee's Family own more than fifty percent of the voting interests. For purposes of this Section 10, Optionee's Family shall include any child, stepchild, grandchild, parent, stepparent, grandparent, spouse, former spouse, sibling, niece, nephew, mother-in-law, father-in-law, son-in-law; daughter-in-law, brother-in-law or sister-in-law, including adoptive relationships, and any person sharing the employee's household (other than a tenant or employee). The designation of a beneficiary by an Optionee does not constitute a transfer. An Option may be exercised during the lifetime of an Optionee only by the Optionee or a transferee permitted by this Section.

11. **Adjustments Upon Changes in Capitalization; Corporate Transactions.**

(a) **Adjustment.** Subject to any required action by the stockholders of the Company, the number of Shares of Common Stock covered by each outstanding Option, each of the numbers of Shares of Common Stock set forth in Section 4(b) above, and the number of shares of Common Stock which have been authorized for issuance under the Plan but as to which no Options have yet been granted or which have been returned to the Plan upon cancellation or expiration of an Option, as well as the price per share of Common Stock covered by each such outstanding Option, shall be proportionately adjusted for any increase or decrease in the number of issued shares of Common Stock resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Common Stock, or any other increase or decrease in the number of issued shares of Common Stock effected without receipt of consideration by the Company; **provided, however,** that conversion of any convertible securities of the Company shall not be deemed to have been effected without receipt of consideration. Such adjustment shall be made by the Board, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issuance by the Company of shares of stock of any class,

or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares of Common Stock subject to an Option.

(b) **Corporate Transactions.** In the event of a Corporate Transaction, each outstanding Option shall be assumed or an equivalent option shall be substituted by the successor corporation or a Parent or Subsidiary of such successor corporation, unless the successor corporation does not agree to assume the outstanding Options or to substitute equivalent options, in which case the Options shall terminate upon the consummation of the transaction; provided, however, that in the event of any transaction that qualifies as a Change of Control and notwithstanding whether or not outstanding Options are assumed, substituted for or terminated in connection with the transaction, the vesting of each outstanding Option shall accelerate in full such that each Optionee shall have the right to exercise his or her Option as to all of the Optioned Stock, including Shares as to which the Option would not otherwise be exercisable, immediately prior to consummation of the transaction.

For purposes of this Section 11(b), an Option shall be considered assumed, without limitation, if, at the time of issuance of the stock or other consideration upon such Corporate Transaction, each Optionee would be entitled to receive upon exercise of an Option the same number and kind of shares of stock or the same amount of property, cash or securities as the Optionee would have been entitled to receive upon the occurrence of such transaction if the Optionee had been, immediately prior to such transaction, the holder of the number of Shares of Common Stock covered by the Option at such time (after giving effect to any adjustments in the number of Shares covered by the Option as provided for in this Section 11); provided however that if such consideration received in the transaction was not solely common stock of the successor corporation or its Parent, the Administrator may, with the consent of the successor corporation, provide for the consideration to be received upon exercise of the Option to be solely common stock of the successor corporation or its Parent equal to the Fair Market Value of the per Share consideration received by holders of Common Stock in the transaction.

(c) **Certain Distributions.** In the event of any distribution to the Company's stockholders of securities of any other entity or other assets (other than dividends payable in cash or stock of the Company) without receipt of consideration by the Company, the Administrator may, in its discretion, appropriately adjust the price per Share of Common Stock covered by each outstanding Option to reflect the effect of such distribution.

12. **Time of Granting Options.** The date of grant of an Option shall, for all purposes, be the date determined in accordance with Section 4(b) hereof. Notice of the determination shall be given to each Outside Director to whom an Option is so granted within a reasonable time after the date of such grant.

13. **Amendment and Termination of the Plan.**

(a) **Amendment and Termination.** The Board may amend or terminate the Plan from time to time in such respects as the Board may deem advisable; provided that, to the extent necessary and desirable to comply with Rule 16b-3 under the Exchange Act (or any other applicable law or regulation), the Company shall obtain approval of the stockholders of the

Company to Plan amendments to the extent and in the manner required by such law or regulation. Notwithstanding the foregoing, the provisions set forth in Section 4 of this Plan (and any other Sections of this Plan that affect the formula award terms required to be specified in this Plan by Rule 16b-3) shall not be amended more than once every six (6) months, other than to comport with changes in the Code, the Employee Retirement Income Security Act of 1974, as amended, or the rules thereunder.

(b) **Effect of Amendment or Termination.** Any such amendment or termination of the Plan that would impair the rights of any Optionee shall not affect Options already granted to such Optionee and such Options shall remain in full force and effect as if this Plan had not been amended or terminated, unless mutually agreed otherwise between the Optionee and the Board, which agreement must be in writing and signed by the Optionee and the Company.

14. **Conditions Upon Issuance of Shares.** Notwithstanding any other provision of the Plan or any agreement entered into by the Company pursuant to the Plan, the Company shall not be obligated, and shall have no liability for failure, to issue or deliver any Shares under the Plan unless such issuance or delivery would comply with the legal requirements relating to the administration of stock option plans under applicable U.S. state corporate laws, U.S. federal and applicable state securities laws, the Code, any stock exchange or Nasdaq rules or regulations to which the Company may be subject and the applicable laws of any other country or jurisdiction where Options are granted under the Plan, as such laws, rules, regulations and requirements shall be in place from time to time (the Applicable Laws). Such compliance shall be determined by the Company in consultation with its legal counsel.

As a condition to the exercise of an Option, the Company may require the person exercising such Option to represent and warrant at the time of any such exercise that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares if, in the opinion of counsel for the Company, such a representation is required by law.

15. **Reservation of Shares.** The Company, during the term of this Plan, will at all times reserve and keep available such number of Shares as shall be sufficient to satisfy the requirements of the Plan.

16. **Option Agreement.** Options shall be evidenced by written option agreements in such form as the Board shall approve.

17. **Stockholder Approval.** If required by the Applicable Laws, continuance of the Plan shall be subject to approval by the stockholders of the Company. Such stockholder approval shall be obtained in the manner and to the degree required under the Applicable Laws.
